## TOELATINGSFAKTORE

*Toelatingsfaktor 1*

(a) Waar 'n hotel nie ten volle voldoen aan die vereistes vir slaapkamers met badkamers of ten opsigte van slaapkamergrottes nie, kan die raad, in die geval van hotelle wat voor 1 Oktober 1980 opgerig is, toestem om die minimum vereistes te verlaag.

(b) Om die verhouding van slaapkamers met badkamers of slaapkamers met storte te bepaal, word twee slaapkamers met badkamers of met storte maar sonder toiletfaciliteite beskou as een slaapkamer met badkamer of een slaapkamer met 'n stort, na gelang van die geval.

*Toelatingsfaktor 2*

(a) Indien 'n hotel wat voor 1 Oktober 1980 opgerig is, uitgesonderd 'n een-sterhotel ten opsigte waarvan 'n hoteldranklisensie ingevolge die Drankwet nie gehou word nie, nie aan die minimum verhouding van baddens in gemeenskaplike badkamers tot beddens voldoen nie maar daar, benewens gemeenskaplike baddens, ook aparte storte verskaf word, kan die raad daardie storte reken in die verhouding van een stort gelykstaande aan een bad: Met dien verstande dat die getal baddens in gemeenskaplike badkamers nooit minder mag wees as 80 persent van die totale getal wat volgens die minimum verhouding vereis word nie.

(b) Indien 'n een-sterhotel ten opsigte waarvan 'n hoteldranklisensie ingevolge die Drankwet nie gehou word nie en wat vóór 1 Januarie 1967 opgerig is of in aanbou was, nie aan die minimum verhouding van baddens in gemeenskaplike badkamers tot beddens voldoen nie maar daar, benewens gemeenskaplike baddens, ook aparte storte verskaf word, kan die raad daardie storte reken in die verhouding van een stort gelykstaande aan een bad: Met dien verstande dat die getal baddens in gemeenskaplike badkamers nooit minder mag wees as 50 persent van die totale getal wat volgens die minimum verhouding vereis word nie.

*Toelatingsfaktor 3*

Indien die raad daarvan oortuig is dat die nie-nakoming van hierdie vereiste nie aan die standaard van die betrokke hotel afbreuk sal doen nie, kan hy, onderworpe aan sulke vereistes as wat hy stel, gedeeltelike of algehele vrystelling van hierdie vereiste verleen.

*Toelatingsfaktor 4*

Indien die raad daarvan oortuig is dat die nie-nakoming van hierdie vereiste te wye is aan omstandighede buiten die beheer van die applikant, kan hy, onderworpe aan sodanige vereistes as wat hy stel, vrystelling van hierdie vereiste verleen.

*Toelatingsfaktor 5*

Indien die raad daarvan oortuig is dat, in die gebied waarin die hotel geleë is, die televisie-ontvangs sodanig is dat 'n doel treffende diens nie gelewer kan word nie kan hy vrystelling van hierdie vereiste verleen.

*Toelatingsfaktor 6*

Indien die raad daarvan oortuig is dat die aard van die vloere van die hotel sodanig is dat die nie-nakoming van hierdie vereiste geen afbreuk aan die standaard van daardie hotel sal doen nie, kan hy gedeeltelike of algehele vrystelling van hierdie vereiste verleen.

*Toelatingsfaktor 7*

Die raad kan vrystelling van hierdie vereiste verleen indien hy daarvan oortuig is dat daar 'n haarkappery, soos vereis, geriflik vir gaste in die onmiddellike nabijheid van die hotel geleë is.

*Algemene toelatingsfaktore*

(a) Indien 'n hotel voldoen aan die minimum differensiële graderingsvereistes van 'n bepaalde graad en daarbenewens oor bykomende faciliteite beskik en bykomende dienste lewer wat nie as minimum differensiële vereistes vir daardie bepaalde graad voorgeskryf is nie, kan die raad, met inagneming van daardie faciliteite en dienste, en ondanks die bepalings van paragraaf 1 (b) van hierdie vasstelling, sodanige hotel een graad hoër plaas as dié waarvoor dit ingevolge die minimum differensiële vereistes kwalificeer.

(b) Indien 'n hotel voor 1 Oktober 1980 by die raad geregister was en die registrasie is daarna ingetrok kan die raad daaropvolgende registrasie verdere toelatings ten opsigte van enige van die minimum differensiële graderingsvereistes toestaan indien hy tevreden is dat die nie-nakoming van sulke vereistes nie aan die standaard van die betrokke hotel afbreuk sal doen nie.

## TOLERANCE FACTORS

*Tolerance factor 1*

(a) Where a hotel does not fully comply with the requirements in respect of bedrooms with bathrooms or in respect of bedroom sizes the board may, in the case of hotels established before 1 October 1980, agree to lower minimum requirements.

(b) For purposes of determining the required proportion of bedrooms with bathrooms or bedrooms with showers, two bedrooms with bathrooms or with showers but without toilet facilities shall be regarded as one bedroom with bathroom or one bedroom with shower, as the case may be.

*Tolerance factor 2*

(a) If the minimum ratio of baths in communal bathrooms to beds is not complied with by a hotel established before 1 October 1980, except a one-star hotel in respect of which a hotel liquor licence in terms of the Liquor Act is not held, but apart from communal baths separate showers are also provided, the board may take such showers into account in the proportion of one shower being equal to one bath: Provided that the number of baths in communal bathrooms may never be less than 80 per cent of the total number which is required under the minimum ratio.

(b) If the minimum ratio of baths in communal bathrooms to beds is not complied with by a one-star hotel in respect of which a hotel liquor licence in terms of the Liquor Act is not held and which was erected or in the course of construction prior to 1 January 1967, but apart from communal baths separate showers are also provided, the board may take such showers into account in the proportion of one shower being equal to one bath: Provided that the number of baths in communal bathrooms may never be less than 50 per cent of the total number required under the minimum ratio.

*Tolerance factor 3*

If the board is satisfied that non-compliance with this requirement will not detract from the standard of the hotel concerned, it may grant partial or total exemption from this requirement subject to such conditions as it may determine.

*Tolerance factor 4*

If the board is satisfied that non-compliance with this requirement is due to circumstances beyond the applicant's control, it may grant exemption from this requirement subject to such conditions as it may determine.

*Tolerance factor 5*

If the board is satisfied that in the area in which the hotel is situated the television reception is such that an effective service cannot be provided, it may grant exemption from this requirement.

*Tolerance factor 6*

If the board is satisfied that the nature of the floors of a hotel is such that non-compliance with this requirement will not detract from the standard of the hotel, it may grant partial or total exemption from this requirement.

*Tolerance factor 7*

If the board is satisfied that a hairdressing salon as required is conveniently situated for guests in the immediate vicinity of the hotel, it may grant exemption from this requirement.

*General tolerances*

(a) If a hotel complies with the minimum differential grading requirements of a particular grade and also has additional facilities available and renders additional services which are not prescribed as minimum differential requirements for that particular grade, the board may, with due regard to such facilities and services and notwithstanding the provisions of paragraph 1 (b) of this determination, place such hotel in a grade one higher than the grade for which it qualifies in terms of the minimum differential requirements; and

(b) if a hotel was registered by the board before 1 October 1980 and the registration of such hotel is subsequently cancelled, the board may upon subsequent registration grant further tolerances in respect of any of the minimum differential grading requirements if it is satisfied that non-compliance with such requirements will not detract from the standards as determined for any particular grade.
