- 6.5 The agreement should as far as possible provide a flexible time framework, allowing the person or body to whom the land is made available the discretion to determine the phases, if any, in which the development will take place.

7. BESKIKKING

7.1 Dit moet duidelik uit die ooreenkoms blyk watter erwe of watter getal of kategorie erwe, indien daar is, die persoon of liggaam aan wie die grond beskikbaar gestel word, verplig of geregtig is om oor te beskik.

7.2 Die ooreenkoms behoort die wyse te omskryf waarop die partye beoog om aan sekere regsvereistes te voldoen, byvoorbeeld—

7.2.1 die hoedanigheid van die persoon of liggaam aan wie die grond beskikbaar gestel is by die verlening van 'n reg van huurpag of by die oordrag van enige van die grond aan kopers;

7.2.2 die wyse waarop die partye beoog om te handel met die omskepping van huurpag in eiendomsreg soos in artikel 57A van die Wet bedoel.

7.3 Die partye kan die wyse waarop dorpsontwikkelaars (met inbegrip van werkgewers wat behuising aan hulle werknemers wil verskaf), uitgesonderd die persoon of liggaam aan wie die grond beskikbaar gestel is, betrokke kan raak in die ontwikkeling, byvoorbeeld, die toepaslike persoon of liggaam kan toegelaat word om sy regte en verpligte te sedeer of te delegeren ten opsigte van die grondbeskikbaarheidsooreenkoms aan sodanige sessionarisse of kategorieë sessionarisse as wat in die ooreenkoms beskryf word. Indien sodanige sessie of delegasie of 'n soortgelyke transaksie gaan plaasvind, behoort die ooreenkoms egter duidelik te bepaal dat die persoon of liggaam aan wie die grond beskikbaar gestel is, self ten minste die eersvolgende stap in die ontwikkeling van die grond behoort te neem, afhangende van die stadium van ontwikkeling waarop die grond beskikbaar gestel is, byvoorbeeld—

7.3.1 die dorpsbeplanning en opmetingswerk is voltooi;

7.3.2 die aansoek om dorpstigting het 'n goedgekeurde aansoek geword;

7.3.3 die voorgenome dorp het 'n goedgekeurde dorp geword;

7.3.4 die installering en voorsiening van dienste is afgehandel;

7.3.5 verbeterings in die vorm van wonings is opgerig.

7.4 Bepalings met betrekking tot verskeie kategorieë kopers aan wie erwe van die hand gesit sal word, kan ingesluit word, byvoorbeeld—

7.4.1 persone wat hulle wonings wil laat oprig deur die persoon of liggaam aan wie die grond beskikbaar gestel is;

7.4.2 persone wat hulle erwe van die toepaslike persoon of liggaam sal verkry, maar wat hulle wonings deur ander kontrakteurs sal laat oprig;

7.4.3 persone wat hulle wonings ingevolge 'n selfhelpbehuisingskema of enige ander skema, bedryf deur die betrokke persoon of liggaam, sal oprig.

7.5 Waar toepaslik, kan die ooreenkoms handel oor die vraag of voorrang aan kopers wat op 'n amptelike behuisingswaglys geregistreer is, verleen sal word, asook die wyse waarop die voorrang gereël sal word.

7.6 Die ooreenkoms behoort so duidelik as moontlik 'n datum te bepaal waarop die persoon of liggaam aan wie die grond beskikbaar gestel is, die erwe waarna in paragraaf 7.1 verwys word, van die hand gesit sal hê, en behoort die regte van die partye te reël in die geval waar sodanige persoon of liggaam nie in staat is om betyds sodanige erwe van die hand te sit nie, soos om byvoorbeeld te bepaal dat so 'n persoon of liggaam die reg sal hê om sodanige erwe te verhuur.

7. DISPOSAL

7.1 It must be clear from the agreement which erven or what number or categories of erven, if any, the person or body to whom the land is made available, is obliged or entitled to dispose.

7.2 The agreement should define the manner in which the parties propose to deal with certain legal requirements, for example—

7.2.1 the capacity of the person or body to whom the land is made available in granting a right of leasehold or transferring any of the land to purchasers;

7.2.2 the manner in which the parties propose to deal with the conversion of rights of leasehold to ownership as contemplated in section 57A of the Act.

7.3 The parties may describe the manner in which township developers (including employers who wish to house their staff) other than the person or body to whom the land is made available may become involved in the development, for example the relevant person or body may be allowed to cede or delegate its rights and obligations in terms of the land availability agreement to such cessionaries or categories of cessionaries as are described in the agreement. However, if such a cession or delegation or a similar transaction is to take place, the agreement should clearly provide that the person or body to whom the land is made available should itself take at least the next succeeding step in the development of the land, depending on the stage of development at which the land is made available to it, e.g.—

7.3.1 the town planning and land survey work have been completed;

7.3.2 the application for township establishment has become an approved application;

7.3.3 the proposed township has become an approved township;

7.3.4 the installation and provision of services have been completed;

7.3.5 improvements in the form of dwellings have been constructed.

7.4 Provisions may be included relating to various categories of purchasers to whom erven will be disposed of, for example—

7.4.1 person who will have their dwellings constructed by the person or body to whom the land is made available;

7.4.2 persons who will acquire erven from the relevant person or body but will have their dwellings constructed by other contractors;

7.4.3 persons who will erect their dwellings under a self-help housing scheme or any other scheme conducted by the relevant person or body.

7.5 Where appropriate, the agreement can deal with the question whether preference will be given to purchasers who are registered on any official housing waiting-list and the manner in which such preference will be regulated.

7.6 The agreement should as clearly as possible provide a date by which the person or body to whom the land is made available shall have disposed of the erven referred to in paragraph 7.1 and should regulate the rights of the parties in the event of such person or body being unable to dispose of such erven in time, such as providing that such person or body shall have the right to let such erven.

8. AANSPREEKLIKHEID VIR PLAASLIKE OWERHEIDS- EN DIENSTEGLDELDE

Voorsiening behoort gemaak te word vir die betaling aan die betrokke plaaslike owerheid van plaaslike owerheidsgelde, dienstegelede en ander belastings, deur kopers of deur die persoon of liggaaam aan wie die grond beskikbaar gestel is, indien toepaslik.

9.2 Daar behoort voorsiening vir 'n verkoopprys gemaak te word in die verkoopakte in paragraaf 9.1 bedoel.

9.3 Dit behoort duidelik te wees op watter gedeelte van die verkoopprys in paragraaf 9.2 bedoel, die persoon of liggaaam aan wie die grond beskikbaar gestel is, geregtig is om vir sy eie rekening te behou of op welke wyse sodanige gedeelte vasgestel moet word.

9.4 Dit behoort duidelik te wees welke gedeelte van die verkoopprys in paragraaf 9.2 bedoel deur die persoon of liggaaam aan wie die grond beskikbaar gestel is, betaalbaar sal wees aan die persoon of liggaaam wat die grond aldus beskikbaar gestel het, hoe so 'n gedeelte bepaal moet word, en op welke wyse en wanneer die balans betaal moet word. So 'n gedeelte mag nie minder wees nie as die gedeelte in regulasie 3(1) van die Openbare Grond: Prysregulasies, 1986, bedoel, tesame met die onkoste, indien enige, aangegaan deur die persoon of liggaaam wat die grond beskikbaar stel ten opsigte van onder andere dorpsstigting en die voorstiening van dienste aan die betrokke perseel.

9.5 Voorsiening kan gemaak word vir die insluiting van 'n klousule in elke verkoopakte wat die aandag van elke persoon wat 'n erf uit hoofde van daardie ooreenkoms verky, vestig op die feit dat hy aanspreeklik sal wees vir plaaslike owerheidsgelde, gemeterde en ongemeterde dienstegelede en diensinspeksiegeld, vasgestel in ooreenstemming met die toepaslike verordeninge en/of regulasies wat van tyd tot tyd geld.

9. TERMS OF DEEDS OF DISPOSAL

(All sites other than sites intended for business or industrial purposes)

9.1 Provision should be made for the person or body to whom the land is made available to enter into a written deed of disposal complying with any relevant law with any person to whom it alienates a site (other than a business or industrial site) pursuant to the land availability agreement, prior to or upon the allocation to that person of a provisional grant of leasehold in respect of the erf, or prior to the registration of transfer of that erf into the name of such person.

9.2 Provision should be made for a disposal price in any deed of disposal referred to in paragraph 9.1.

9.3 It should be clear what portion of the disposal price referred to in paragraph 9.2 the person or body to whom the land is made available shall be entitled to retain for its own account, or how such portion is to be determined.

9.4 It should be clear what portion of the disposal price referred to in paragraph 9.2 shall be payable by the person or body to whom the land is made available to the person or body making the land available to it, or how such portion is to be determined, and it shall also be stated in what manner and when such balance shall be payable. Such portion shall not be less than the portion contemplated in regulation 3 (1) of the Public Land Price Regulations, 1986, together with the costs incurred by the person or body making the land available, if any, in respect of *inter alia* township establishment and the provision of services relating to the site in question.

9.5 Provision may be made for inclusion of a clause in every deed of disposal drawing the attention of any person acquiring an erf in terms of that deed to the fact that he shall be liable for the local authority charges, metered and unmetered service charges and service inspection fees determined in accordance with the relevant by-laws and/or regulations in force from time to time.

9.6 Provisions may be included in the land availability agreement regarding the terms of any deed of disposal that should be used in respect of any special housing scheme to be conducted by the person or body to whom the land is made available (including a self-help housing scheme) dealing *inter alia* with the following:

- 9.6.1 The preparation and submission to the relevant local authority of building plans.
- 9.6.2 The financing of the building works.
- 9.6.3 The appointment of architects, quantity surveyors, engineers, building contractors and subcontractors.
- 9.6.4 The supervision and administration by the person or body to whom the land is made available of building works.
- 9.6.5 Measures to ensure that the building works are completed in good time.
- 9.6.6 The erection of temporary structures while construction is in progress.

10. VERVREEMDING VAN BESIGHEIDS- EN INDUSTRIËLE PERSELE

Voorsiening behoort gemaak te word vir die wyse en bedinge waarop enige van die partye, ewe bedoel vir besigheids- of industriële doeleindes, kan vervreem. Die volgende moet in gedagte gehou word:

- 10.1 Daar behoort 'n skriftelike verkoopakte soos in paragraaf 9.1 bedoel, te wees, en die riglyne in paragrawe 9.2 en 9.3 behoort ook gevvolg te word. Die minister sou egter nie 'n grondprys ten opsigte van 'n besigheids- of industriële perseel soos in regulasie 3 van die Openbare Grond: Prysregulasiës, 1986, bedoel, bepaal het nie.
- 10.2 Dit is nie nodig dat oor die grond by wyse van openbare tender, soos in die Openbare Grond: Prysregulasiës, 1986, beoog, beskik word nie. Die metode van openbare tender is egter nie uitgesluit nie en kan gebruik word.

11. KONTRAKBREUK

Die ooreenkoms kan sodanige bedinge en voorwaardes met betrekking tot kontrakbreuk of -beëindiging bevat as waaroor die partye mag ooreenkom en wat nie onbestaanbaar met die bepalings van artikel 34 (9) van die Wet is nie: Met dien verstande dat die ooreenkoms uitdruklik moet bepaal dat versuim deur enige persoon om dorpsbeplanning en opmetingswerk binne die tydperk in paragraaf 4.1 bedoel, te voltooi, die installering en voorsiening van dienste binne die tydperk in paragraaf 5.1 bedoel, te voltooi, en die oprigting van verbeteringe binne die tydperk in paragraaf 6.4 bedoel, te voltooi, geag sal word 'n verbreking te wees van die voorwaardes waarop die grond beskikbaar gestel is, soos in artikel 34 (9) (c) (i) van die Wet bedoel, en dat die grond wat aldus beskikbaar gestel is, daarop teruggeneem kan word en daarmee gehandel kan word volgens daardie artikel.

12. ALGEMEEN

Daar kan sodanige ander bedinge en voorwaardes wees wat nie met hierdie riglyne onbestaanbaar is nie, waarop die partye mag ooreenkom.

10. DISPOSAL OF BUSINESS AND INDUSTRIAL SITES

Provision should be made for the manner and terms of disposal by any of the parties of any erven intended for business or industrial purposes. The following should be borne in mind:

- 10.1 There should be a written deed of disposal as contemplated in paragraph 9.1, and the guide-lines in paragraphs 9.2 and 9.3 should also be followed. However, the Minister would not have determined a land price in respect of a business or industrial site, as contemplated in regulation 3 of the Public Land Price Regulations, 1986.
- 10.2 It is not necessary for the land to be disposed of by way of public tender as contemplated in the Public Land Price Regulations, 1986. However, the method of public tender is not excluded, and may be used.

11. BREACH OF CONTRACT

The agreement may contain such terms and conditions relating to breach of contract or termination as the parties may agree and as are not inconsistent with the provisions of section 34 (9) of the Act: Provided that the agreement shall expressly provide that a failure by any person to complete town planning and land survey work within the time period contemplated in paragraph 4.1, the installation and provision of services within the time period contemplated in paragraph 5.1, and the erection of improvements within the period contemplated in paragraph 6.4 shall be regarded as a breach of the terms on which the land was made available as contemplated in section 34 (9) (c) (i) of the Act and that thereupon the land thus made available may be withdrawn and dealt with in terms of that section.

12. GENERAL

There may be such other terms and conditions not inconsistent with these guide-lines as the parties may agree.

AANHANGSEL E

*RIGLYNE VIR DIENSTEOOREENKOMS

(*Hierdie ooreenkoms kan ook deel vorm van die grondbeskikbaarheidsooreenkoms waarvan toepassing—kyk paragraaf 5 van Aanhangsel A.)

Enige dienstoeoreenkoms soos in regulasie 26 bedoel, moet onder andere aan die volgende riglyne voldoen:

1. PARTYE

Die name van die partye by die kontrak en hulle besigheidsadresse moet vermeld word.

2. DIE GROND

Daar behoort 'n voldoende beskrywing te wees van die grond waarop die ooreenkoms betrekking het, met verwysing na byvoorbeeld enige titelakte waaronder die grond gehou word, 'n diagram deur 'n geregistreerde landmeter voorberei en enige algemene plan wat ten opsigte van die grond voorberei is. Daarby behoort daar aangedui te word of die dorpstigter die eienaar of agent van die eienaar van die grond is, of hy in sy eie naam optree met die toestemming van die eienaar, alternatiewelik, of die grond aan hom beskikbaar gestel is ingevolge artikel 34 (9) van die Wet.

3. VOORWAARDES

3.1 Indien die ooreenkoms onderworpe is aan die nakoming van enige voorwaardes, moet hierdie voorwaardes duidelik gemeld word. Hulle kan byvoorbeeld voorwaardes insluit met betrekking tot—

3.1.1 die insluiting van die grond wat ontwikkel moet word by 'n plaaslike owerheidsgebied deur 'n Administrateur handelende kragtens die Wet op Swart Plaaslike Owerheide, 1982 (Wet 102 van 1982), gelees met die Wet op die Bevordering van Plaaslike Owerheidsaangeleenthede, 1983 (Wet 91 van 1983); of

3.1.2 die oorgaan van die aansoek om dorpstigting tot 'n goedgekeurde aansoek.

3.2 Indien enige van die voorwaardes in 3.1 bedoel, opgelê is, moet die ooreenoms duidelik meld wat die gevolg sou wees indien sodanige voorwaardes nie nagekom sou word nie.

4. KLASIFIKASIE VAN INGENIEURSDIENSTE

Die ingenieursdienste wat vir die dorp voorsien moet word, behoort geklassifiseer te word as interne of eksterne ingenieursdienste soos in regulasie 27 beoog op die grondslag dat—

4.1 "eksterne ingenieursdienste" uit beide "grootmaatdienste" en "koppeldienste" bestaan;

4.2 "grootmaatdienste" al die primêre water-, riool-, elektrisiteit- en stormwaterdienste, asook die padnetwerk in die stelsel waaraan die interne dienste gekoppel moet word, beteken;

4.3 "koppeldienste" alle nuwe dienste wat nodig is om die interne dienste te koppel met die grootmaatdienste, beteken;

4.4 "interne dienste" alle dienste binne die grense van die nuwe dorp wat nodig is vir die daarstelling van gesag in ooreenstemming met die vlak van dienste waarop ooreengerek is tussen die dorpstigter en die betrokke gesag in regulasie 26 (1) bedoel, beteken;

4.5 indien 'n diens binne die grense van 'n nuwe dorp ook 'n ander dorp binne die jurisdiksiegebied van die betrokke gesag in regulasie 26 (1) bedoel, bedien, sodanige diens en die koste van die voorsiening daarvan as 'n interne ingenieursdiens hanteer moet word in die mate wat dit die nuwe dorp dien, en as 'n eksterne ingenieursdiens in die mate wat dit enige sodanige ander dorp of ontwikkeling dien.

5. ONTWIKKELINGSVERANTWOORDELIGHED

5.1 Dorpsbeplanning en Opmeting

As 'n algemene reël behoort die dorpstigter verantwoordelik te wees vir alle opmetingswerk, dorpsbeplanning en aanverwante werk wat nodig is vir die doeleindes van registrasie van die algemene plan wat op die nuwe dorp betrekking het, en behoort hy alle koste aldus aangegaan, te verhaal deur die verkoop van gesag.

5.2 Verantwoordelikheid vir Ingenieursdienste

Daar moet duidelike bepalings wees wat die verantwoordelikhede vir die installering en voorsiening van interne en eksterne ingenieursdienste soos in regulasie 28 (1) beoog, van die onderskeie partye by die dienstoeoreenkoms bepaal: Met dien verstaande dat indien enige van die partye 'n ingenieursdiens moet voorsien en installeer op versoek en koste van die ander, soos in regulasie 28 (2) bedoel, die dienste wat aldus geïnstalleer en verskaf moet word, duidelik geïdentifiseer word en die bedrag, of die wyse van vasstelling van die bedrag, van enige uitgawe waarna in daardie subregulasie verwys word, duidelik uiteengesit moet word.

5.3 Aanvullende Grootmaatdienste

Dit moet duidelik wees of aanvullende grootmaatdienste deur die betrokke gesag soos in regulasie 26 (1) bedoel, geïnstalleer en voorsien moet word, en indien wel, moet sodanige dienste geïdentifiseer word.

5.4 Bydrae tot Koste van Dienste

Die ooreenkoms behoort nie voorsiening te maak dat die dorpstigter bydra tot die koste van die installering en voorsiening van eksterne ingenieursdienste nie, en omgekeerd, behoort die ooreenkoms ook nie voorsiening te maak dat die betrokke gesag in regulasie 26 (1) bedoel, bydra tot die installering en voorsiening van interne ingenieursdienste nie. Die enigste uitsondering op hierdie riglyn sal 'n gevval wees waar die dorpstigter eksterne ingenieursdienste installeer en voorsien waarvan die betrokke owerheid nie die verskaffer is nie, en verkies om sy eie koste in hierdie verband te dra, soos in regulasie 28 (2) (c) bedoel.

5.5 Dienskoppelings

Daar moet bepaal word welke party verantwoordelik sal wees vir die installasie en voorsiening van dienskoppelings aan woon-, besigheids-, industriële, gemeenskapsfasilitet- en munisipale erwe, of aan enige sodanige erwe soos bedoel in die Grondgebruiksvoorwaardes wat Aanhangsel F van hierdie regulasies uitmaak, asook hoe die koste van sodanige dienskoppelings verhaal sal word. Die dienskoppelings wat gemaak word, moet voldoende beskryf word in die dienstoeoreenkoms, en kan alle koppelings insluit tussen die betrokke interne dienste en die betrokke erf, wat byvoorbeeld bestaan uit—

5.5.1 'n waterrioolpyp wat by 'n roolaansluiting eindig;

5.5.2 'n waterpyp wat by 'n watermeter eindig;

ANNEXURE E***GUIDE-LINES FOR SERVICES AGREEMENT**

(*This agreement can also form part of the land availability agreement, where appropriate—see paragraph 5 of Annexure A.)

Any services agreement as contemplated in regulation 26 shall comply *inter alia* with the following guide-lines:

1. PARTIES

The names of the parties to the agreement and their business addresses must be stated.

2. THE LAND

There should be an adequate definition of the land to which the agreement relates, with reference to, for example, any title deed under which the land is held, a diagram prepared by a registered land surveyor and any general plan that has been prepared in respect of the land. In addition, it should be recorded whether the township applicant is the owner or the agent of the owner of the land or acting in his own name with the consent of such owner or whether the land has been made available to him in terms of section 34 (9) of the Act.

3. CONDITIONS

3.1 If the agreement is made subject to the fulfilment of any conditions, these conditions must be clearly stated. They may include, for instance, conditions relating to—

3.1.1 the inclusion of the land to be developed in a local authority area by an Administrator acting under the Black Local Authorities Act, 1982 (Act 102 of 1982), as read with the Promotion of Local Government Affairs Act, 1983 (Act 91 of 1983); or

3.1.2 the application for township establishment becoming an approved application.

3.2 If any conditions as contemplated in paragraph 3.1 are imposed, the agreement must state clearly what the effect would be if any such conditions were not fulfilled.

4. CLASSIFICATION OF ENGINEERING SERVICES

The engineering services to be provided for the township should be classified as internal or external engineering services, as contemplated in regulation 27, on the basis that—

4.1 "external engineering services" consist of both "bulk services" and "link services";

4.2 "bulk services" means all the primary water, sewerage, electricity and stormwater services, as well as the road network in the system to which the internal services are to be linked;

4.3 "link services" means all new services necessary to link the internal services to the bulk services;

4.4 "internal services" means all services within the boundaries of the new township that are necessary for the establishment of serviced erven in accordance with the level of services agreed between the township applicant and the relevant authority contemplated in regulation 26 (1);

4.5 if a service within the boundaries of the new township also serves any other township within the area of jurisdiction of the relevant authority referred to in regulation 26 (1), such service and the costs of its provision shall be treated as an internal engineering service to the extent that it serves the new township and as an external engineering service to the extent that it serves any such other township or development.

5. DEVELOPMENT RESPONSIBILITIES**5.1 Town planning and land surveying**

As a general rule, the township applicant should be responsible for all land surveying, town planning and related work required for the purposes of registering the general plan relating to the new township, and he should recover all costs so incurred through the sale of serviced erven.

5.2 Responsibility for engineering services

There must be clear provisions recording the responsibilities of the relative parties to the services agreement for the installation and provision of internal and external engineering services as contemplated in regulation 28 (1). Provided that if any one of the parties is to provide and install an engineering service at the request and at the expense of the other, as contemplated in regulation 28 (2), the services to be so installed and provided shall be clearly identified and the amount or the manner of determining the amount of any expense referred to in that subregulation shall be clearly set out.

5.3 Additional bulk services

It must be clear whether additional bulk services are to be installed and provided by the relevant authority contemplated in regulation 26 (1), and if so, such services should be identified.

5.4 Contribution to costs of services

The agreement should not provide for the township applicant to contribute to the costs of the installation and provision of external engineering services and conversely the agreement should also not provide for the relevant authority referred to in regulation 26 (1) to contribute to the costs of the installation and provision of internal engineering services. The only exception to this guideline will be a case where the township applicant installs and provides external engineering services of which the relevant authority is not the supplier and elects to bear his own costs in this regard as contemplated in regulation 28 (2) (c).

5.5 Service connections

It must be stated which party shall be responsible for the instalation and provision of service connections to residential, business, industrial, community facility and municipal erven, or to any of such erven, as contemplated in the Land Use Conditions which form Annexure F to these regulations, and how the costs of such service connections shall be recovered. The service connections to be made shall be adequately defined in the services agreement, and may include all connections between the internal services concerned and the individual erf concerned, consisting of, for example—

5.5.1 a water-borne sewerage pipe terminating at a sewer connection;

5.5.2 a water pipe terminating at a water meter;

5.5.3 an electricity house connection cable terminating on the relevant erf.

5.6 Level and standard of internal services

The level and standard of the internal services to be installed and provided by the township applicant should be clearly identified with reference to *inter alia*—

5.6.1 water reticulation;

5.6.2 sewerage reticulation;

5.6.3 roads and stormwater drainage;

5.6.4 electricity reticulation (high and low tension); and

5.6.5 street lighting, subject to the considerations referred to in regulation 27 (2),

5.7 Completion of services

5.7.1 It must be clear or determinable when the township applicant and the relevant authority referred to in regulation 26 (1) shall have commenced construction of internal and external engineering services, at what rate the construction of such services should proceed and when such services shall have been completed.

5.7.2 Provision must be made for the inspection and handing over of internal engineering services to the relevant authority and for the date on which all risk and ownership in respect of such services shall pass to such relevant authority.

5.8 Maintenance of services

Provision should be made for the following responsibilities after the internal services have been handed over to the relevant authority contemplated in regulation 26 (1):

5.8.1 When normal maintenance by that relevant authority shall commence.

5.8.2 The responsibility of the township applicant for the rectification of defects in material and workmanship, other than normal wear and tear.

5.8.3 The rights of such relevant authority where the township applicant has failed to rectify any defects within a reasonable period after having been requested to do so.

6. INSURANCE

Provision should be made for each of the parties to take out adequate insurance cover in respect of such risks as are insurable for the duration of the development of the new township.

7. GUARANTEES

If it is contemplated that the township applicant will enter into contracts for the disposal of erven in the new township prior to the land in the township becoming registrable in a deeds registry as contemplated in regulation 25 (2) and also before the completion of either external or internal engineering services as contemplated in regulation 24 (4) (b), provision should be made to regulate the relationship between the parties and their responsibilities for the provision of guarantees and undertakings as intended in regulation 24 (4) (b) (i) and (ii), and such provisions may, in addition to the requirements set out in that subregulation, also state that any such guarantee or undertaking shall—

7.1 be irrevocable during its period of validity by the institution or body that issued the guarantee or undertaking;

7.2 be transferable by the person or body to whom such guarantee or undertaking is expressed to be payable.

8. SOURCES OF FINANCING

Provision may be made for the manner in which the parties undertake to finance their relative responsibilities in terms of the services agreement, and, where appropriate, the township applicant may undertake to provide any bridging finance to the relevant authority contemplated in regulation 26 (1), on such terms and conditions as may be agreed between the parties and as may be normal and usual in commercial practice.

9. BREACH OF CONTRACT AND ARBITRATION

The agreement should clearly provide the manner in which any of the parties may terminate the services agreement (as a general rule, on adequate notice by the aggrieved party to the defaulting party) and the agreement may specifically record such terms as the parties may agree relating to *inter alia*—

9.1 the expenditure, finance and interest charges and other loss or damage that any one party shall be entitled to recover from the other in the event of a breach of the agreement by any party or the termination of the agreement for any other reason;

9.2 matters that may be referred to arbitration in the event of any dispute between the parties, and the details of the referral to arbitration as contemplated in the Arbitration Act, 1965 (Act 42 of 1965).

10. GENERAL

There may be such other terms and conditions not inconsistent with these guide-lines as the parties may agree.

17A. (1) The agreement contemplated in section 57A (1)(a) of the Act entitling the leasehold grantor to register in the certificate of registered grant of leasehold a special condition that the leasehold applicant waives his right to obtain conversion of leasehold to ownership without the consent of the leasehold grantor and without payment of a conversion price shall be contained in a provision in the agreement contemplated in regulation 10 (3) (b).

(2) Indien die huurpaggewer die Staat, 'n administrateur of 'n plaaslike owerheid is, mag die ooreenkoms in subregulasie (1) vermeld, nie bepaal dat die geregistreerde eienaar geregtig is om die huurpagapplicant te verplig om die huurpag in eiendomsreg te omskep nie, en enige sodanige bepaling is van nul en gener waarde.

(3) 'n Ooreenkoms en 'n spesiale voorwaarde bedoel in subregulasie (1) moet uitdruklik—

- (a) die identiteit van die eienaar van die betrokke grond soos in artikel 57A van die Wet beoog, of die identiteit van die persoon van wie die eienaar se toestemming verkry moet word, vermeld; en
- (b) die identiteit van die begunstigde vermeld indien die omskeppingsprys nie aan die eienaar bedoel in paraaf (a) betaal word nie.

OMSKEPPINGSPRYS

17B. (1) Behoudens die bepalinge van subregulasie (2) kan 'n ooreenkoms en spesiale voorwaarde bedoel in regulasie 17A bepaal dat die omskeppingsprys in paaiememente afbetaal word.

(2) Geen paaiemement bedoel in subregulasie (1) is betaalbaar—

- (a) alvorens die huurpaghouer sy keuse om sy reg om 'n omskepping te verkry, uitgeoefen het nie; of
- (b) in 'n geval waar die eienaar van die betrokke grond nie 'n huurpaggewer soos bedoel in regulasie 17A (2) is nie, alvorens die eienaar 'n reg om die huurpaghouer te verplig om daardie reg van huurpag in eiendomsreg te omskep, afgedwing het nie.

(3) Geen rente op enige omskeppingsprys of paaiement in subregulasies (1) en (2) bedoel, is deur die huurpaghouer aan die eienaar verskuldig of betaalbaar voor die datum waarop die omskeppingsprys, of die eerste paaiement ten opsigte van die omskeppingsprys, na gelang van die geval, betaalbaar geword het nie.

(4) Ten einde te bepaal of die prys van vervreemding met betrekking tot 'n reg van huurpag, tesame met die omskeppingsprys aangedui in 'n ooreenkoms of spesiale voorwaarde bedoel in regulasie 17A, op die datum waarop die betrokke ooreenkoms gesluit is, die prys van vervreemding wat betaalbaar sou gewees het indien die eienaar die grond in eiendom oorgedra het soos beoog in artikel 57A (1) (b) van die Wet, oorskry, moet sodanige prys van vervreemding ten opsigte van die grond—

- (a) in die geval waar die huurpaggewer die Staat, 'n plaaslike owerheid of 'n administrateur is, die bedrag wees van die prys van vervreemding aangebied deur sodanige huurpaggewer vir die oordrag van daardie perseel in eiendomsreg, met inagneming van die huurpagapplicant se reg om te kies of hy huurpag of eiendomsreg wil verkry, soos beoog in artikel 57D van die Wet;
- (b) in die geval waar die huurpaggewer 'n dorpsontwikkelaar is, die bedrag wees van die prys van vervreemding aangebied deur sodanige dorpsontwikkelaar, vir die oordrag van daardie perseel in eiendomsreg of, in geval sodanige dorpsontwikkelaar nie bereid is om die perseel aldus aan die huurpagapplicant oor te dra nie, die bedrag bepaal deur sodanige dorpsontwikkelaar.

(5) 'n Ooreenkoms en spesiale voorwaarde bedoel in regulasie 17A, kan bepaal dat die ooreengekome omskeppingsprys van tyd tot tyd mag verander na die sluiting van sodanige ooreenkoms: Met dien verstande dat—

- (a) die bedrag van sodanige omskeppingsprys duidelik vasstelbaar moet wees op enige stadium na die sluiting van sodanige ooreenkoms;

(2) If the leasehold grantor is the State, an administrator or a local authority, the agreement referred to in subregulation (1) may not provide that the registered owner is entitled to compel the leasehold applicant to convert the leasehold to ownership, and any such provision shall be null and void.

- (a) state the identity of the owner of the relevant land as contemplated in section 57A of the Act, or the identity of the person from whom the owner's consent shall be obtained; and
- (b) state the identity of the payee, if the conversion price is not to be paid to the owner referred to in paragraph (a).

CONVERSION PRICE

17B. (1) Subject to the provisions of subregulation (2), and agreement and special condition referred to in regulation 17A may provide that the conversion price is to be paid in instalments.

(2) No instalments referred to in subregulation (1) shall be payable—

- (a) before the leaseholder has elected to exercise his right to obtain a conversion; or
- (b) in a case where the owner of the relevant land is not a leasehold grantor referred to in regulation 17A (2), before the owner has enforced any right to compel the leaseholder to convert that right of leaseholder into ownership.

(3) No interest on any conversion price or instalment referred to in subregulations (1) and (2) shall be owing or payable by the leaseholder to the owner before the date on which the conversion price or the first instalment in respect of the conversion price, as the case may be, has become payable.

(4) For the purposes of determining whether the disposal price in respect of a right of leasehold, together with the conversion price stipulated in an agreement or special condition referred to in regulation 17A, on the date on which the relevant agreement is concluded exceeds the disposal price that would have been payable in respect of the land had the owner transferred ownership of the land and contemplated in section 57A (1) (b) of the Act, such disposal price in respect of the land shall—

- (a) in the case where the leasehold grantor is the State, a local authority or an administrator, be the amount of the disposal price offered by such leasehold grantor for the transfer of that site in ownership, pursuant to the leasehold applicant's right to elect whether it wishes to be acquired leasehold or ownership as contemplated in section 57D of the Act;
- (b) in the case where the leasehold grantor is a township developer, be the amount of the disposal price offered by such township developer for the transfer in ownership of that site or, in the event of such township developer not being prepared so to transfer the site to the leasehold applicant, be an amount determined by such township developer.

(5) An agreement and special condition referred to in regulation 17A may provide that the agreed conversion price may vary from time to time after the conclusion of such agreement: Provided that—

- (a) the amount of such conversion price shall be clearly determinable at any stage after the conclusion of such agreement;

(b) die bedrag waarmee die omskeppingsprys verander, gemeet aan die bedrag van die omskeppingsprys wat betaalbaar sou gewees het indien die omskeppingsprys betaalbaar was op die datum waarop die ooreenkoms bedoel in regulasie 17A gesluit is (in hierdie paragraaf "die oorspronklike omskeppingsprys" genoem), nie 'n vermeerdering van die oorspronklike omskeppingsprys verteenwoordig wat meer is as die bedrag rente wat op sodanige oorspronklike omskeppingsprys sou aangewas het, indien die oorspronklike omskeppingsprys rente teen die jaarlikse rentekoers, soos van tyd tot tyd kragtens die Wet op die Voorgeskrewe Rentekoers, 1975 (Wet 55 van 1975), voorgeskryf, sou gedra het, bereken vanaf die datum waarop sodanige ooreenkoms gesluit is, tot die datum wanneer die toestemming in regulasie 17C beoog, beide datums ingesluit, verleen word: Met dien verstande voorts dat—

- (i) die bedrag rente bereken vir die doel in hierdie paragraaf beoog, die hoofsum van die oorspronklike omskeppingsprys kan oorskry; en
- (ii) indien die bedrag van die verandering van die omskeppingsprys die bedrag rente wat sou aangewas het op sodanige oorspronklike omskeppingsprys soos in hierdie paragraaf bedoel, oorskry, die bedrag van die omskeppingsprys betaalbaar deur die huurpaghouer beperk is tot die bedrag van sodanige rente.

TOESTEMMING

17C. Indien 'n reg van huurpag onderworpe is aan 'n voorwaarde dat die huurpaghouer afstand gedoen het van sy reg om 'n omskepping te verkry sonder die toestemming van die eienaar en sonder betaling van 'n omskeppingsprys, soos beoog in artikel 57A (1) van die Wet, moet die eienaar, op versoek van die huurpaghouer en by voldoening aan die vereistes van sodanige voorwaarde, 'n toestemming aan die huurpaghouer uitrek wesenlik in die vorm van Aanhangaal D wat die toestemming van die eienaar tot omskepping deur die huurpaghouer van die betrokke reg van huurpag in eiendomsreg, bevestig."

(b) the amount of the variation in the conversion price measured against the amount of the conversion price that would have been payable had the conversion price been payable on the date on which the agreement referred to in regulation 17A was concluded (in this paragraph referred to as "the original conversion price") shall not represent an increase in the original conversion price that is more than the amount of interest that would have accrued on such original conversion price had the original conversion price borne interest at the annual interest rate prescribed from time to time under the Prescribed Rate of Interest Act, 1975 (Act 55 of 1975), calculated from the date on which such agreement was concluded until the date on which the consent contemplated in regulation 17C is issued, both days inclusive: Provided further that—
