CHAPTER I

BASIS OF REGULATIONS

1. Objective of Regulations and completeness of information

(1) The objective of these Regulations is to provide for the establishment of basic principles relating to the maintenance of effective risk management by banks, with due allowance for the ancillary objective that the benefits derived by banks from compliance with these Regulations exceed the costs entailed by such compliance.

(2) All information required to be reported in the forms prescribed in these Regulations shall be reflected against the appropriate items and in the columns as specified in the forms, for example, all liabilities consisting of claims relating to, and all assets arising from, the business of the reporting bank shall, subject to the provisions of regulation 2, be included against the appropriate liability or asset items in the columns provided.

(3) An analysis of any information or item furnished or appearing in any of the forms referred to in subregulation (2) shall upon his request be made available to the Registrar within a reasonable period of time.

2. Management accounts as basis for the completion of risk-based returns

(1) All the prescribed risk-based returns shall reflect the management accounts as presented to the management and board of a bank.

(2) In the event of a conflict between the instructions, directives and interpretations relating to the completion of the risk-based returns, as prescribed in these Regulations, and the manner in which the management accounts of the bank concerned are completed, the format of such management accounts shall, subject to prior consultation with, and the written approval of, the Registrar, prevail.

3. Generally accepted accounting practice

(1) Unless expressly otherwise provided in the Act or these Regulations, all the prescribed risk-based returns shall, in conformity with generally accepted accounting practice, fairly present the financial position and the results of the operations of a bank.

(2) The same accounting practice applied by a bank in the compilation of its annual financial statements shall be applied by such bank in the compilation of the risk-based returns required to be furnished by it to the Registrar in terms of the Act and these Regulations unless -

- (a) it is specifically otherwise provided by these Regulations; or
- (b) on prior application to him, the Registrar has authorized a deviation from such practice.

(3) Unsettled transactions which comply with the recognition criteria laid down in the Accounting Statement titled "Framework for the Preparation and Presentation of Financial Statements", issued by the International Accounting Standards Committee, shall be reflected in the balance sheet.

4. Annual financial statements

(1) Unless departures therefrom are specifically authorized by the Act or by the Registrar, the annual financial statements of a bank and of a controlling company shall be compiled in accordance with generally accepted accounting practice as required by section 286(3) of the Companies Act, 1973.

(2) Annual financial statements in respect of all subsidiary companies of a bank or of a controlling company shall be held available by such a bank or company for submission to the Registrar when required by him, and the information reported on form DI 702 shall *inter alia* reflect such financial statements.

(3) Interim reports, where applicable, in respect of a bank or a controlling company shall be submitted to the Registrar as soon as they become available.

5. Consolidated financial statements

(1) A bank or, in the case of a group of banks, the controlling company in that group shall within 120 days of the end of the financial year of such bank or company, as the case may be, furnish the Registrar with consolidated annual financial statements as prescribed in subregulations (2), (3) and (4), whether or not such bank or controlling company in the preparation of its annual financial statements avails itself of any exemption granted under section 15A(1) of the Companies Act.

(2) Consolidated annual financial statements referred to in subregulation (1) shall present the state of affairs, and the results of operations, in respect of the banking business and all other business activities conducted by -

- (a) the reporting bank and all its subsidiaries, or the reporting controlling company and all its subsidiaries, as the case may be;
- (b) where applicable, the following associates of such reporting bank and its subsidiaries or of such reporting controlling company and its subsidiaries, as the case may be, namely -
 - a company or other incorporated business undertaking in respect of the issued share capital of which the reporting bank and its subsidiaries or the reporting controlling company and its subsidiaries jointly hold more than 20 per cent but not more than 50 per cent;
 - (ii) a trust or other unincorporated business undertaking in which the reporting bank and its subsidiaries or the reporting controlling company and its subsidiaries jointly hold an interest of more than 20 per cent, whether as beneficiary or ultimate beneficiary in the case of a trust, or as a partner in the case where such other unincorporated business undertaking is a partnership; and

(c) associates referred to in paragraph (b), the business activities and financial affairs of which the reporting bank and its subsidiaries or the reporting controlling company and its subsidiaries are able to influence materially.

(3) The consolidated annual financial statements shall be prepared in accordance with generally accepted accounting practice and so as to reflect rand amounts in units of thousands.

(4) The equity method of accounting shall be applied in the preparation of the consolidated annual financial statements in so far as they relate to associates referred to in subregulation (2)(b) and (c).

6. Audit report

(1) The auditor of a bank shall annually, in addition to any report that a bank is statutorily required to obtain from him, report on the bank's financial position and the results of its operations as reflected in all the returns referred to in subregulation (5) that had been submitted to the Registrar as at the financial year-end of the reporting bank.

- (2)(a) Notwithstanding the provision of subregulation (1), the auditor shall also report whether, in his opinion, the information contained in the returns at year-end in all material respects :
 - (i) reasonably reflects the information of the management accounts;
 - (ii) is complete in so far as all relevant information contained in the accounting and other records at the reporting date has been extracted therefrom and recorded in the returns;
 - (iii) is accurate in so far as it correctly reflects the information contained in, and extracted from, the accounting and other records at the reporting date; and
 - (iv) is prepared using the same accounting policies as those applied in the management and statutory accounts.
 - (b) The auditor shall also report whether, in his opinion, the information contained in the returns other than at year-end in all material respects:
 - (i) reasonably reflects the information of the management accounts; and
 - (ii) is prepared using the same accounting policies as those applied in the management and statutory accounts.

(3) In arriving at the opinion required by subregulation (2), the auditor shall annually report the extent of reliance placed on the internal controls of the bank, as established and maintained by directors, relating to financial and regulatory reporting, and compliance with the Act and the Regulations.

(4) In the case of amendments having been effected by a reporting bank to returns submitted by it during the course of the financial year, the auditor shall, when required to do so in terms of a written request addressed by the Registrar to both the reporting bank and the auditor, in writing confirm that he has verified such of the amendments as have been specified by the Registrar in his written request.

(5) The audit report contemplated in subregulation (1) shall be rendered in accordance with the wording and practices recommended from time to time by the South African Institute

15382—**5**

of Chartered Accountants, and shall be in respect of forms DI 100, DI 110, DI 200, DI 300, DI 310, DI 400, DI 401, DI 402, DI 403, DI 410, DI 420, DI 430, DI 500, DI 510, DI 520, DI 600, DI 700, DI 701, DI 702, DI 703 and DI 704 submitted in respect of the reporting bank's and bank controlling company's banking operations in the Republic and the self-governing territories, in the independent states and elsewhere in the world.

(6) Form DI 900 shall be reconcilable with form DI 100, and the auditor shall within 90 days of the financial year-end of the reporting bank furnish the Registrar with a written report in which it is stated whether or not all forms DI 100 and DI 900 submitted by the reporting bank during the financial year under review were in fact reconcilable with each other. The report shall also state whether there were any instances of non-compliance with the requirements of regulation 22(4) of these Regulations.

(7) For the purposes of the performance of his duties in terms of this regulation, the auditor shall obtain from the Registrar, free of charge, copies of the relevant returns submitted to the Registrar by the reporting bank during the financial year under review.

7. Certification and rendition of returns

(1) The chief executive officer and the chief accounting officer of a reporting bank shall sign and certify the prescribed form DI 099 in respect of each return indicated on the said form, whether such return is rendered on a prescribed form or by means of an electronic facility.

(2) Every set of returns rendered simultaneously, as mentioned in regulation 7(1), shall be accompanied by a duly completed, signed and certified form DI 099.

(3) If the chief executive officer or the chief accounting officer is not available to sign a completed form DI 099, the officer performing the relevant function shall sign the said form in an acting capacity and not on behalf of the absent officer, and the normal office of the officer so acting shall be clearly indicated on form DI 099.

(4) The furnishing of the returns referred to in these Regulations, whether by way of the completion of the prescribed forms or by electronic means, shall be done at the intervals indicated in Chapter II and Chapter V of these Regulations, and such returns shall be forwarded to the Registrar at the address set out in regulation 8(1).

(5) A reporting bank or controlling company shall submit every appropriate, duly completed form prescribed in Chapter II and Chapter V of these Regulations, reflecting the required particulars relating to the business conducted by it in the Republic and in the self-governing territories, as well as the business conducted by it through the medium of an agency or a branch in an independent state.

(6) A reporting bank or controlling company shall, apart from the forms referred to in subregulation (5), submit every appropriate, duly completed form prescribed in Chapter II and Chapter V of these Regulations, reflecting the required particulars relating to the business of a bank conducted by it, other than the business referred to in subregulation (5), through the medium of an agency or in respect of a branch, a subsidiary company or an associate contemplated in regulation 5(2)(b) in each country elsewhere in the world, as well as the business conducted by it through the medium of a subsidiary company or an associate as contemplated in regulation 5(2)(b) in each of the independent states.

(7) Unless otherwise indicated all returns shall be completed in the currency of the country in which the banking business is being conducted.

61812-**6**

15382—**6**

(8) In completing the returns in respect of banking business conducted within the independent states, the definitions and interpretation of items used in these Regulations shall be applied as if such business was being conducted within the Republic.

(9) In completing the returns in respect of banking business conducted outside the Republic, the self-governing territories and the independent states, the definitions and interpretation of items used in these Regulations shall be applied to the circumstances prevailing in each country and any difficulties experienced in this regard, shall be referred to the Registrar.

8. General

(1) Forms to be completed in terms of these Regulations can be obtained from the South African Reserve Bank, Office for Banks, P.O. Box 8432, Pretoria, 0001, and shall be completed and submitted in accordance with the instructions, directives and interpretations contained in the applicable chapters of these Regulations.

(2) Banks are not obliged to use the forms provided by the Office for Banks, but reproductions used by banks shall in all respects correspond to the prescribed forms.

(3) Additional facilities are provided by the Office for Banks for the rendition of information, required to be contained in the prescribed statements and returns, by electronic means, and further details in this regard can be obtained from the said Office.

Means a bank conducting business as such in the Republic, in any of the independent states, namely Transkei, Bophuthatswana, Venda and Ciskei, and the self-governing territories.

Means a bank or controlling company conducting business as such outside the Republic, the self-governing territories and independent states, through the medium or in respect of a branch office or a subsidiary company or an associate as contemplated in regulation 5(2)(b).

Means a controlling company as defined in the Act.

Forms DI 099 and DI 099(A) are not prescribed financial returns, but shall be used as a control sheet and to furnish the required declarations regarding the maintenance of prescribed minimum balances.

The prescribed statements and returns shall be submitted within the periods indicated below, as follows:

a. Within 15 business days immediately following on the month- or quarter-end to which it relates.

b. Within 20 business days immediately following on the quarter-end to which it relates.

c. Within 30 days of 31 December of each year.

d. Within 120 days immediately following on the date to which the annual financial statements relate.

e. Within 45 days immediately following on the sixth month of the financial year and within 90 days immediately following on the date to which the annual financial statements relate.

f. Within 90 days immediately following on the date to which the annual financial statements relate.

			19								

Α. DECLARATION

We, the undersigned, hereby declare as follows in respect of each of the statutory statements and returns (identified and rendered in the manner indicated in the space provided for such purposes in part B of this form) submitted herewith in respect of the period indicated above:

GENERAL 1

- The information contained in the statements and returns is to the best of our knowledge and belief correct; and (i)
- the statements and returns have been compiled in accordance with the provisions of the Regulations relating to (ii) Banks: and
- (iiii) the statements and returns reflect the management accounts as presented to the management and board of the bank.

2. FORM DI 100

The issued primary and secondary share capital and primary and secondary unimpaired reserve funds of the abovementioned bank have on (date) been reduced with the amounts of the items mentioned in paragraphs (i) to (vii) of section 70(5)(a) of the Act.

FORM DI 310 3

- None of the liquid assets included in items 20 to 26 of this form have been pledged or otherwise encumbered as (i) envisaged in section 72(3) of the Act, without the consent of the Registrar;
- all securities included under the liquid assets mentioned in paragraph (i) have been valued in accordance with the (ii) provisions of section 72(4) of the Act; and
- (iii) this bank has from the fifteenth business day of the month following the month for which the preceding return of form DI 310 had been submitted to date maintained, and will continue to maintain, for every day until the fourteenth business day of the month following the month to which this return relates, the prescribed minimum reserve balance with the Reserve Bank as required in terms of section 10A of the South African Reserve Bank Act, 1989, and the prescribed average daily minimum amount of liquid assets as prescribed in regulation 22(2), and complies/will comply, as from the fifteenth business day of the month following the month to which this return relates, with the aforesaid prescribed minimum requirements on the basis of its total liabilities at the end of the reporting month. (If the bank failed to comply with the prescribed requirements, the declaration shall be qualified, and a statement showing the relevant deficiency(ies), for every day on which a deficiency existed, shall accompany this return.)

FORM DI 400 4.

This bank has from the fifteenth business day of the month following the quarter for which the preceding return of form DI 400 had been submitted to date maintained, and will continue to maintain, for every day until the fourteenth business day of the month following the quarter to which this return relates, the prescribed minimum amount of issued primary and secondary share capital and primary and secondary unimpaired reserve funds as prescribed in regulation 23(4), and complies/will comply, as from the fifteenth business day of the month following the quarter to which this return relates, with the aforesaid requirement relating to the maintenance of the prescribed minimum amount of issued primary and secondary share capital and primary and secondary unimpaired reserve funds. (If the bank failed to comply with the prescribed requirement, the declaration shall be qualified, and a statement showing the relevant deficiency(ies), for every day on which a deficiency existed, shall accompany this return.)

5. FORM DI 600

This bank has not exceeded on any day during the reporting month the limits on its effective net open position(s) in foreign currency as prescribed by regulation 31(6). (If the bank has exceeded the prescribed limits, the declaration shall be qualified, and a statement showing the relevant excess(es), for every day on which an excess existed, shall accompany this return.)

FORM DI 700 6.

This bank has at all times during the reporting period complied with the provisions of sections 76 and 77 of the Act.

INVESTMENTS BY CONTROLLING COMPANIES 7.

The above-mentioned controlling company has at all times during the reporting period complied with the provisions of section 50 of the Act.

INSTRUCTIONS RELATING TO RISK-BASED RETURNS

10. Calculation of averages

(1) The average daily balance for the month in respect of each liability or asset item, or any other balance or prescribed magnitude, identified in the prescribed forms, shall be calculated by totalling the amounts thereof for each day of all the days in the month and by dividing such total by the number of calendar days in the particular month to which the statement relates.

(2) The balance to be used in respect of a day on which the reporting bank is not open for business shall be the total of the relevant liability or asset item, balance or magnitude as at the close of business on the preceding business day.

(3) If a reporting bank is unable to calculate an average daily balance for a month as envisaged in subregulation (1), it may apply to the Registrar for approval to use, in respect of a particular item, the month-end figure for the reporting month and the relevant figures for the preceding two month-ends to calculate an average balance.

11. Gross balances

(1) Unless otherwise provided in these Regulations, including the prescribed forms, all information required to be reported in the forms shall be reported on the basis of gross balances.

(2) The reduction of balances shall be effected only as a result of the application of set-off in terms of regulation 15 or cash-management schemes in terms of regulation 18.

(3) Assets pledged as security for liabilities of a reporting bank, and such liabilities, shall be reported respectively on the basis of gross balances.

12. Maturity classification

The maturity classification of a liability or an asset (which classification shall, for the purpose of the determination of any average amount, be effected on a daily basis) shall be determined with reference to the remaining period to maturity of the liability or asset in question and not with reference to the date on which the liability was incurred or the asset was acquired.

13. Reference to line item numbers

Arabic numerals appearing under the heading "Line item" and used to number individual paragraphs of the regulations containing directives and interpretations for the completion of returns, correspond to the relevant line item numbers appearing on the applicable forms.

14. Revaluation surplus ranking as secondary unimpaired reserve funds

A surplus resulting from a revaluation of assets shall rank as secondary unimpaired reserve funds only to the extent permitted in paragraph (a) of the definition of "secondary unimpaired reserve funds" in section 70(1) of the Act, if the revaluation in question complies with the following conditions, namely -

18 No. 15382

- the revaluation must be a revaluation of strategic long-term investments or fixed assets that have been formally identified as strategic long-term investments by the board of directors of the bank;
- (b) the revaluation must be made by an independent valuer or associated valuer registered as such under the Valuers' Act, 1982, or, with the approval of the Registrar, by another suitably qualified person, at intervals of not more than once every financial year and in accordance with the accounting policy of the reporting bank and generally accepted accounting practice;
- (c) the assets being revalued shall be similar in nature, for example, investments in premises of a bank, and the revaluation of all such assets shall be undertaken at the same time;
- (d) a reduction in the value of any asset revalued shall also be taken into account; and
- (e) details of all revaluations of assets shall be clearly disclosed in the annual financial statements of the reporting bank.

15. Set-off

(1) Where a client maintains both debit and credit balances with a bank, it may be permissible in certain circumstances to set such balances off against one another for the purposes of completing the prescribed forms, thus reporting net balances only.

(2) Unless otherwise provided in these Regulations, set-off shall be allowed only if all of the following circumstances apply, namely -

- a legal right of set-off must exist and the reporting institution should have obtained a legal opinion to the effect that its right to apply set-off is legally well-founded and would be enforceable in the liquidation or bankruptcy of the client(s) or of the institution;
- (b) the debit and credit balances must relate to the same person;
- (c) both the debit and the credit balances must be denominated in the same currency; and
- (d) the debit and credit balances must have identical maturities.

(3) No set-off shall be allowed in respect of balances relating to clients, other than foreign banks, outside the Republic, the self-governing territories and the independent states.

16. Valuation of items comprising the trading portfolio

All items comprising the domestic or foreign-exchange trading portfolio of the reporting bank must be marked to market.

17. Accrued interest and amounts

(1) All liabilities and assets shall include interest accrued up to the end of the period to which the statement relates. If this is not possible, accrued interest should be reflected under other assets and other liabilities.

(2) Amounts shall be shown to the nearest thousand units of currency, for example, R4 107 498 and R4 107 540 shall be reported as R4 107 and R4 108, respectively.

18. Cash-management schemes

Unless otherwise prescribed in these Regulations, the reduction of balances resulting from the application of a cash-management scheme shall be taken into account in completing the prescribed forms only where all of the following circumstances apply, namely -

- (a) a cash-management scheme shall be conducted only for those companies that are subsidiaries of the same holding company and that are included in the consolidated audited annual financial statements of such holding company, as well as for such holding company;
- (b) transfers of debit or credit balances from individual accounts to a central group account must be shown as actual transactions on individual accounts, as well as in the accounting records of the individual account holders, in order to ensure that the accounting system of a bank reflects the true debtor/creditor and legal relationships;
- (c) a bank must provide its clients with statements of account evidencing the effect of transfers, whenever such transfers are made between their accounts and a central group account, to enable its clients to make the necessary entries to ensure that their accounting records reflect their true debtor/creditor and legal relationships vis-à-vis the bank (except for uncleared items, balances in the books of clients should therefore correspond to balances on client accounts in the accounting system of the bank);
- (d) a group account, or any other account to which transfers are made, must be in the name of a legal entity in order to protect the legal position of the bank;
- (e) transfers between client accounts and a central group account must be supported by legal authorization granted to the bank by its clients, including resolutions of clients' boards of directors, to effect such transfers;
- (f) agreements whereby authorization is granted as contemplated in paragraph (d) must legally limit the bank's risk to the debtor/creditor relationship that exists after transfers have been effected;
- (g) statutory returns must reflect the true debtor/creditor and legal relationships of the bank vis-à-vis its clients;
- (h) a bank entering into agreements relating to cash-management schemes with its clients must ensure that the clients are fully aware that after the transfer of balances on their accounts, they have no claim against or obligation to the bank in respect of the amounts so transferred;
- a bank must ensure that all agreements relating to cash-management schemes entered into by it with clients are legal and binding; and
- (j) all cash-management schemes involving the transfer of balances among different legal entities, as well as a standardized agreement, providing for the conduct of such a scheme, entered into between a bank and its clients, must be submitted to the Registrar for his approval.

19. Balance sheet - Directives and interpretations for completion of monthly balance sheet (Form DI 100)

(1) The cost of funds in respect of a liability item identified in the statement shall be calculated on an annualised basis. (This implies expressing the applicable expense item appearing on the income statement as a percentage of the average daily balance for the month of the corresponding liability item and multiplying the result with the number of days in a calendar year divided by the number of calendar days in the month to which the statement relates.)

(2) The gross yield in respect of an asset item identified in the statement shall be calculated on an annualised basis and before taxation on such income is taken into consideration.* (This implies expressing the applicable income item appearing on the income statement as a percentage of the average daily balance for the month of the corresponding asset item and multiplying the result with the number of days in a calendar year divided by the number of calendar days in the month to which the statement relates.)

Refer in this regard to the directives and interpretations for the completion of line item
 56 of the income statement - form DI 200.

(3) The income-statement item comparable to a particular balance-sheet item appears in the directives and interpretations relating to the income statement (regulation 20).

(4) Assets sold under repurchase agreements

- (a) A bank shall continue to reflect an asset sold in terms of a repurchase agreement as such an asset in its monthly balance sheet (form DI 100), at the value at which that asset appeared in the accounting records of the bank prior to the sale thereof.
- (b) An asset referred to in subregulation (4)(a) and which is a liquid asset as defined in section 1 of the Act shall for the purposes of section 72(1) of the Act rank as a liquid asset in the hands of the bank having possession thereof, but shall not be included by that bank in its monthly balance sheet (form DI 100).
- (c) All repurchase agreements concluded by banks shall comply with the following requirements:
 - no repurchase agreement shall be concluded by a bank with a client thereof without such client's prior consent;
 - (ii) a bank shall advise its client in writing of every repurchase agreement concluded between them;
 - (iii) all documentation relating to repurchase agreements furnished by a bank to its clients, including letters of confirmation, statements of account and audit certificates, shall clearly identify the relevant transactions as repurchase agreements;
 - (iv) each transaction must be recorded in the accounting records of the bank, including the client's account in the books of the bank, and the client must

be advised in writing of each transaction on his account with the bank concerned; and

(v) the underlying asset of each repurchase agreement must at all times be separately identified physically and in the accounting records of the bank.

(5) Instructions relating to the completion of the monthly balance sheet are furnished with reference to the headings and item descriptions of certain line item numbers appearing on form DI 100, as follows:

Line item number

12

12. Loans received under repurchase agreements

The liability of a bank, by virtue of a repurchase agreement entered into by the bank with any other person, shall constitute a loan to the bank, and the bank shall bring the loan liability into account at the amount of the consideration received for the asset so sold.

22. Other liabilities and trade creditors, including impairments and tax liabilities

The following liabilities shall be included:

- 22.1 Balances due to head office and branches in the Republic, that is, where the net interbranch and head-office balances resulting from entries that originate or require response outside the head office or outside any particular branch are credit balances. A net debit balance shall be reported under asset item 74.
- 22.2 A balance representing deferred income that cannot be deducted from the asset in question. (This item shall include suspense accounts arising from credit balances resulting from the revaluation of forward exchange contracts or other trading assets, but shall exclude unearned finance charges, accrued interest and rebates.)
- 22.3 The gross amount of credit items on a deferred tax account. (Also refer to the directives concerning asset item 75.)
- 22.4 The amounts reported as impairments under capital and reserves (item 23), firstly, in respect of the capital deficit of a foreign subsidiary and, secondly, in respect of all assets included in this statement representing impairments in terms of section 70(5)(a) of the Act.
- 22.5 All provisions not included elsewhere in this statement.

37. Gold coin and bullion and non-RSA currency (cash) holdings

Gold coin and bullion shall be valued at the month-end rand price for gold established at the afternoon gold-price fixing on the London Gold Market and the closing middle rand/US dollar exchange rate on that day.

42. Instalment debtors, suspensive sales and leases

- 42.1 The total of future instalments or rentals due and payable under instalment sale transactions and leasing transactions shall be included under this item.
- 42.2 The amounts reported shall be the full amount of the future rentals or instalments due and payable, less related unearned finance charges.
- 42.3 If goods have been repossessed, their estimated net realisable value shall be included under the item 'other assets' (item 74).
- 42.4 If retentions have been withheld from suppliers of goods that are the subject of agreements, such retentions shall be deducted from the amounts reported under this item only if a legal right so to withhold is embodied in the agreement. Where no such right exists, the amount withheld shall be included under the liability item 'other funding liabilities' (liability item 15).
- 42.5 Under this item shall also be included the amount of future rentals and instalments that are overdue as defined on form DI 500 (credit risk), less related unearned finance charges.

49. Loans granted under resale agreements

An asset purchased by a bank from any other person subject to a resale agreement shall be shown under this item as a loan granted by the bank in an amount equal to the consideration paid for the asset so purchased. The asset so purchased shall not be included in the balance sheet of the reporting bank.

53. Specific provisions

This item shall include specific provisions, as defined in regulation 45, in respect of discounts, loans and advances relating to asset items 40 to 49, inclusive, and interest receivable credited to an interest suspense account in respect of non-performing discounts, overdrafts and loans.

60. Listed equities and bank-related investments

60.1 Shares in domestic and foreign subsidiary companies, joint ventures and associates

All investments in the shares of subsidiary companies and associates referred to in regulation 5(2)(b)(i) undertaking banking or other business shall be included under this item. Shares in subsidiary companies whose main object is the holding of immovable property shall not be included under this item. Such investments shall be reported under 'premises of bank' (asset item 65) or under 'other fixed property' (asset item 66). Preference shares, where the substance of the underlying transaction is to provide credit facilities, shall be included under asset item 46. 60.2 Investments and interests of the reporting bank in the capital of a foreign branch or unincorporated undertaking

The funding of a foreign branch or unincorporated undertaking referred to in regulation 5(2)(b)(ii) by the reporting bank shall be divided into a capital account and a current account in respect of such branch or undertaking. The amount allocated to the capital account is that amount which can be regarded as being permanent funding of the foreign branch or unincorporated undertaking and shall represent the capital of such branch or undertaking as envisaged in section 70(5)(a)(vii) of the Act. Such capital shall be included under this item and the balance, representing the current account, under asset item 48 (if a debit balance) or under liability item 10 (if a credit balance).

65. Premises of bank

65.1 All land and buildings owned by the reporting bank and used or intended to be used by it mainly for the purpose of the conduct of its business as a bank, including official residences, shall be included under this item.

the provent makes and the statistical contraction of the state

na ann in séa dha a la shiria nateara a nan mari an a mis

- 65.2 Amounts relating to the capital cost of leasehold premises shall be included under this item.
- 65.3 The amounts of shares in, or loans and advances to, subsidiary companies whose main object is the holding of fixed property that is used or intended to be used by the reporting bank mainly for the purpose of the conduct of its business as a bank shall also be included under this item.
- 65.4 Amounts shall be stated at net book values.

66. Other fixed property

4

1.12

uena Bia e e o

 \mathbf{F}_{i}

- 66.1 All investments in fixed property not used or intended to be used by the reporting bank mainly for the purpose of the conduct of its business as a bank shall be included in this item, including, *inter alia* -
 - 66.1.1 shares in companies of which the main object is the acquisition and holding or development of immovable property other than business premises of the reporting bank;
 - 66.1.2 amounts owing to the reporting bank in respect of immovable property sold by it under deed of sale.
- 66.2 The amounts of the investments referred to in paragraph 66.1 shall be stated at net book values.

66.3 Assets bought in to protect an advance or investment and not yet disposed of, such as immovable property or companies of which the main object is the acquisition and holding or development of immovable property shall be included under line item number 74. Assets so bought in shall be valued at the lower of either cost or estimated net realisable value. After a lapse of five years, the asset bought in shall no longer be regarded as protecting an investment and must be reclassified as an investment.

69. Clients' liabilities for acknowledgement of debt, per contra

The liabilities of clients in respect of all the outstanding instruments specified in line item numbers 18 to 21, which instruments have not been included under line item number 45 as having been discounted by the reporting bank, but which have been discounted or rediscounted by another bank or have been sold, shall be reported as *contra* items under line item numbers 70 to 73 respectively.

74. Other assets (including remittances in transit and properties in possession)

74.1 Balances due by head office and branches in the Republic

The net interbranch and head-office debit balances resulting from entries that originate or require response outside the head office or outside any particular branch shall be included under this item. A net credit balance shall be reported under liability item 22.

74.2 Assets other than the foregoing

Postal and money orders, tax overpaid, services deposits and stamps, as well as all assets not specifically required to be shown elsewhere in form DI 100, shall be included under this item.

74.3 Remittances in transit

The amounts of cheques or other orders to pay, drawn on one of a bank's branches in the Republic or on another bank in the Republic or on the Reserve Bank, and with which another such branch or bank in the Republic has credited a client or which it has paid out but with which the first-mentioned branch or bank or the Reserve Bank has not yet debited a client, as well as the amount of a warrant voucher that the reporting bank has paid out but for which it has not yet received repayment from the Secretary to the Treasury, shall be included under this item.

74.4 Assets bought in to protect an investment

Investments in shares of companies of which the main object is not the holding of fixed property, and which shares were bought in to protect an advance or an investment, shall be included under this item. After a lapse of five years, the asset bought in shall no longer be regarded as protecting an investment and must be reclassified as an investment.

75. Deferred tax

- 75.1 This item shall include the gross amount of debit items on a deferred tax account.
- 75.2 A bank shall provide the Registrar at the time of compiling interim and annual financial statements with an analysis containing full details of each debit and credit item on a deferred tax account, separately.

20. Income statement - directives and interpretations for completion of monthly income statement (Form DI 200)

(1) Instructions relating to the completion of the monthly income statement are furnished with reference to the item descriptions and line item numbers appearing on form DI 200, as follows (where appropriate, the corresponding balance-sheet item number(s) is/are indicated):

Line item number

1. Interest income from loans and advances

The items listed in the income statement under this heading shall reflect interest income in respect of the corresponding asset items listed in the balance sheet, excluding unearned finance charges (that is, finance charges due but not yet accrued), as follows :

Income statement line item	Corresponding balance-sheet asset line item		
2	40 plus 41

37. Transaction-based banking-related fee income

This item shall include all non-interest income earned as a direct result of any service rendered by the reporting bank at a fee that is levied on the basis of a standardized tariff. Typically, this includes fees levied in respect of services relating to money transmission. (This item shall include fees levied in respect of off-balance-sheet transactions, but excludes interest income.)

38. Knowledge-based fee income

This item shall include all income earned as a result of any service rendered by the reporting bank at a fee that is negotiated in the case with a client. (For example, the bulk of the income from a corporate finance department of a bank undertaking merchant-type banking business will fall under this item.)

40. Staff

This item shall include all salaries, wages, fringe benefits (the amount of which is computed either in accordance with the provisions of the Income Tax Act, 1962, or on the basis of opportunity cost), company contributions to pension and provident funds, and medical schemes, and all other costs directly related to the staff complement.

승규가 가지 않는지 않는 승규가 안전 전 전력이 있는 것이 같다.

56. Gross-up adjustment

Where a reporting bank has reported a tax-exempt amount against any of the aforegoing items at a notional pre-tax value, the relevant contra entry shall be reflected under this item.

61. Reserves - Transfers to

This item shall include all transfers to reserves, including the creation or increase of a taxation equalisation reserve.

62. Reserves - Transfers from

This item shall include all transfers from reserves, including the utilisation of a taxation equalisation reserve.

15382-7

42 No. 15382

22. Minimum reserve balance and liquid assets - Directives and interpretations for completion of monthly return concerning minimum reserve balance and liquid assets (Form DI 310)

(1) The provisions of any Notice issued by the Governor of the Reserve Bank under section 10A of the South African Reserve Bank Act, 1989 (Act No. 90 of 1989), regarding the determination of the minimum reserve balance to be held with the Reserve Bank, and the provisions of regulation 10(1) and (2) regarding the average daily amount of Reserve Bank notes and subsidiary coin and liquid assets held during the reporting month, shall be complied with.

(2) Minimum liquid assets

- (a) For the purposes of complying with the provisions of section 72(1) of the Act, a bank shall, during the period prescribed in subregulation (3), hold an average daily amount of liquid assets that shall not be less than an amount equal to 5 per cent of its adjusted total liabilities to the public as shown in line item number 3 of the latest monthly return of form DI 310 furnished to the Registrar in terms of section 75(1)(a) of the Act: Provided that the minimum amount of liquid assets held on any day during the period prescribed in subregulation (3) shall not be less than an amount equal to 75 per cent of the average daily amount of liquid assets required to be held by the bank in terms of this subregulation; and
- (b) no foreign-currency assets, except gold coin and bullion, shall qualify as liquid assets.

(3) Period of maintenance of prescribed minimum reserve balance and liquid assets

A bank shall maintain the minimum amounts during the period from the fifteenth business day of the month following the month or calendar quarter to which a particular return relates up to and including the fourteenth business day of the month following the month or calendar quarter in respect of which the next monthly or quarterly return, as the case may be, is to be furnished by the reporting bank.

(4) Assets pledged or otherwise encumbered

- (a) Unless an exemption has been granted by the Registrar in terms of the proviso to section 72(3) of the Act, only assets not pledged or otherwise encumbered may be utilized as liquid assets.
- (b) Securities lodged with the Reserve Bank to secure facilities shall not be regarded as pledged except to the extent that they are required to secure facilities actually utilised.

(5) Instructions relating to the completion of the return are furnished with reference to certain item descriptions and line item numbers appearing on form DI 310, as follows :

Line item

16

Additional interest-bearing reserve balance requirement

Interest earned on the aforementioned special deposit account must be recorded in line item number 34 of form DI 200, while the corresponding asset must be recorded in line item number 38 of form DI 100 and in line item number 104 of form DI 900.

en de la companya de la déserva a avair en sual para établicador en se

20 to 26 Average daily amount of liquid assets held

The reporting bank shall record, in items 20 to 26, the average daily amounts of its holdings during the prescribed period of the individual categories of liquid assets, valued in accordance with the requirements of section 72(4) of the Act.

The individual liquid asset items identified shall include the average daily amounts during the prescribed period of liquid assets acquired under resale agreements, but shall not include the average daily amounts of such assets sold under repurchase agreements.

27 to 33 Memorandum items

The total of the average daily amounts of all liquid assets acquired under resale agreements and physically held, or sold under repurchase agreements, during the prescribed period, and included in items 20 to 26, shall be recorded in items 29 and 30, respectively.

(a) Not to include any balance on the income statement not yet transferred to a reserve by formal resolution by the board of directors.

- No. 15382 47
- 23. Capital adequacy Directives and interpretations for completion of quarterly return concerning capital adequacy (Form DI 400)
- (1) Risk profile of assets and off-balance-sheet activities as set out on forms DI 100 and DI 110
 - (a) For purposes of calculating the minimum share capital and unimpaired reserve funds that a bank is required to maintain, the assets and off-balance-sheet activities are categorized according to their risk profiles and accorded applicable risk weights.
 - (b) For the purposes referred to in paragraph (a), the amounts recorded in the columns "Month-end balance" on forms DI 100 and DI 110 shall be categorized monthly.
 - (c) The quarterly average (average for the three month-ends comprising the quarter to which the return relates) of the totals of the risk-weighting columns on forms DI 100 and DI 110 shall be recorded against line items 1 and 2 in Division I of form DI 400.
 - (d) The directives and interpretations contained in subregulations (6) and (7) shall apply in respect of the completion of the applicable items on forms DI 100 and DI 110.
 - (e) The value of assets representing impairments of capital and reserves, which, in terms of section 70(5)(a) of the Act, must be deducted from the total amount of primary and secondary issued share capital and primary and secondary unimpaired reserve funds, shall be included in the impairment column on form DI 100. The quarterly average of such amounts shall be recorded against line item 38 in Division II of form DI 400.
- (2) OECD countries

For the purposes of this regulation, "OECD countries" means those countries which are full members of the Organisation for Economic Co-operation and Development or countries which have concluded special lending arrangements with the International Monetary Fund in terms of the said Fund's General Arrangements to Borrow.

The following countries fall into this category:

Australia Austria Belgium Canada Denmark Finland France Germany Greece Iceland Ireland Italy Japan Luxembourg Netherlands New Zealand Norway Portugal Saudi Arabia Spain Sweden Switzerland Turkey United Kingdom United States of America

(3) Specific provisions

Where a specific provision has been raised against an asset, the amount of the provision shall be recorded in the risk-weighting column in which the asset concerned is reported, against the applicable "specific provision" line item (asset line item 53 or 62, as the case may be) on form DI 100.

(4) Minimum share capital and unimpaired reserve funds

- (a) For the purposes of the determination, in form DI 400, of the minimum amount of primary and secondary share capital and primary and secondary unimpaired reserve funds required to be maintained by a bank in terms of section 70(2)(b) of the Act, the quarterly average amount referred to in line item numbers 1 and 2, respectively, in form DI 400 shall be the average, as determined in subregulations (1)(b) and 1(c) hereinbefore, of the book values of assets and off-balance-sheet activities in respect of each of the three months comprising the relevant calendar quarter, and shall be used in conjunction with the applicable risk-weight percentage as hereinbefore in this regulation prescribed, so as to determine the said minimum amount of primary and secondary share capital and primary and secondary unimpaired reserve funds.
- (b) The percentage, contemplated in section 70(2)(b) of the Act, of the amount of a bank's assets and other risk exposures (as adjusted through the application of the prescribed risk weights), and which is to be used, as contemplated in that section, to calculate the minimum share capital and unimpaired reserve funds that the bank is required to maintain in terms of that section shall, during the respective periods specified in the first column of the subjoined Table, be the percentage specified opposite the relevant period in the second column of the said Table, and the percentage so specified is the percentage required to be inserted in line item 12 in Division I of form DI 400 for the purpose of the calculation of the minimum amount of share capital and unimpaired reserve funds that the reporting bank is required to maintain.

PHASE-IN REQUIREMENTS	REGARDING	CAPITAL ADEQUACY
Periods		Percentages
1 January 1991 to 31 December 1991	• • • • • • • •	4,5
1 January 1992 to 21 January 1993		5
22 January 1993 to 20 January 1994		6
21 January 1994 to 19 January 1995		7
20 January 1995 and thereafter		8

(c) The Registrar may, with the consent of the Minister, determine risk-weight percentages in respect of assets and other risk exposures (including assets and other risk exposures identified to exist in a country other than the Republic) that are not specifically referred to in these Regulations. (5) Conditions for issue of debt instruments of which the proceeds rank as secondary share capital

The issue of debt instruments contemplated in section 70(1) of the Act shall be subject to the following conditions, namely -

- (a) prior written approval of the Registrar is required before debt investments can be issued;
- (b) the debt instruments shall not be payable to bearer;
- (c) no asset of the bank issuing the debt instruments may be pledged or otherwise encumbered as security for any liability by virtue of the debt instruments;
- (d) the debt instruments shall be issued for a minimum period of five years;
- (e) the debt instruments may be redeemed before maturity only at the option of the bank concerned and with the prior written approval of the Registrar;
- (f) notwithstanding the provisions of any other Act, in the event of the winding-up of the bank concerned, the capital amount of the debt instruments shall not be repaid until the claims of other creditors have been fully satisfied; and
- (g) the amount obtained by way of the issue, after the date of commencement of this Act, of debt instruments and which may in terms of this section rank as secondary share capital shall (except in the case of such debt instruments that are to be converted into shares representing capital that may in terms of this section rank as primary or secondary share capital) during the fifth year preceding the maturity of such debt instruments be reduced by an amount equal to 20 per cent of the amount so obtained and, annually thereafter, by an amount that in each successive year is increased by 20 per cent of the amount so obtained.
- (6) The following directives and interpretations shall be followed when completing the risk-weighting columns on form DI 100 and DI 110:
 - (a) In completing line item 49 of form DI 100, where applicable, subregulation (7)(b) shall apply, provided the asset received in terms of a resale agreement and in the possession of the reporting bank has not been on-sold or pledged in any way whatsoever.
 - (b) Investments in securities issued by a special-purpose vehicle in terms of a securitisation scheme shall attract the risk weighting applicable to the underlying asset securitised.
 - (c) Loans secured by mortgage on urban residential dwellings and where the monthly instalments on such loans are overdue will attract a risk weighting of 100 per cent.
 - (d) Debits on a deferred tax account arising from a general provision shall be deducted from general provisions in order to establish the amount that qualifies as secondary unimpaired reserve funds in terms of section 70(1) of the Act.

- (e) Performance-related guarantee means an undertaking by a bank on behalf of one person to another where the potential obligation of the bank as to the value or time of performance cannot be determined at the time of issue of the guarantee but only in the event and at the time of default by the first-named person, and includes foreign financing in the form of trade financing, other than drawdowns under usance letters of credit, and term borrowings, where in both cases the financing or borrowing is self-liquidating and linked directly with and is immediately preceded by a specific transaction relating to merchandise, capital equipment or services, raised by a bank or by a client in the client's own name and guaranteed by the reporting bank.
- (f) Letters of credit comprise all unutilized letters of credit facilities granted for domestic and foreign transactions, confirmed letters of credit in respect of banks and letters of authority, and include the following:
 - (i) documentary credits outwards for domestic and foreign transactions (sight and usance); and
 - (ii) documentary credits inwards (sight and usance) confirmed and/or accepted.
- (g) A letter of credit shall be considered irrevocable if the bank commits itself to honouring the obligation. The credit may not be cancelled or amended without the prior agreement of all parties.
- (h) Letters of credit serving as financial guarantees shall be regarded as lendingrelated guarantees.
- (i) Unutilized facilities shall include loans and other credit facilities granted (whether for fixed or varying amounts) but not paid out to or used by clients, and include unutilized overdraft facilities on current account, unutilized acceptance facilities and unutilized revolving credit facilities to which the reporting bank has been irrevocably committed.
- (j) Irrevocable loans and other credit facilities are those that cannot be unconditionally cancelled at any time.
- (k) Irrevocable, unutilized draw-down facilities are those, regardless of the original maturity thereof, granted in terms of an agreement whereby such facilities will be drawn down in agreed amounts during prearranged periods. Capital shall be required to be held only against those amounts that the bank is committed to advancing during the quarter following on the reporting date of the form DI 400.
- (I) Underwriting exposures include all underwriting commitments, whether in writing or given verbally, including all note-issuance facilities and revolving underwriting facilities where the contingent risk arises from the bank's role as underwriter of such issues, guaranteeing to provide funds when other parties have refused to do so.
- (m) The effective net open position in foreign currencies shall be as calculated in line item 8 of column 8 on form DI 600 (Currency risk), converted into rand.
- (n) Portfolios managed by others on behalf of the reporting bank shall include assets not reported on form DI 100, and the applicable risk weighting shall be the same as in respect of the relevant asset.

(o) Portfolios managed for others and for which financing is provided shall include financing provided for the purpose of acquiring a portfolio of investments managed by the reporting bank, which financing has not been reported on form DI 100, and the applicable risk weighting shall be the same as in respect of the relevant financing.

(p) TABLE OF RISK WEIGHTINGS

Risk weighting %	Transactions with the following counterparties (including contingent liabilities)
0	Central government of RSA and OECD countries
	Explicit guarantees by central government
	Central banks of RSA and OECD countries
*	Intragroup advances to banks (including NCDs)
	Bank notes, subsidiary coin, gold coin and bullion
	Corporation for Public Deposits
	Deferred tax debits not arising from an assessed loss
-	Postal and money orders, service deposits and stamps
10 E	Performance-related guarantees on behalf of RSA and public-sector bodies and governments in common monetary area
	Irrevocable letters of credit with an original maturity of up to three months
49	Irrevocable letters of credit and unutilized facilities to the central government of RSA and OECD countries, regardless of the original maturity thereof
е. -	All irrevocable, unutilized facilities with an original maturity of less than one year
-	Irrevocable, unutilized draw-down facilities to the central government of RSA and OECD countries
5	Irrevocable letters of credit with an original maturity of more than three months on beha of public-sector bodies
	Irrevocable, unutilized facilities with an original maturity of one year and over to public- sector bodies
	Irrevocable, unutilized draw-down facilities to public-sector bodies
10	RSA public-sector bodies
es - 2	Central governments of countries in common monetary area
1 e 8 e	Performance-related guarantees on behalf of domestic banks and banks in OECD countries
e d ^a a	Irrevocable letters of credit with an original maturity of longer than three months on behalf of banks in RSA and OECD countries
	Irrevocable, unutilized facilities with an original maturity of one year and over to banks i RSA and OECD countries
8 -	Irrevocable, unutilized draw-down facilities to banks in RSA and OECD countries

STAATSKOERANT, 28 DESEMBER 1993

Risk weighting %	Transactions with the following counterparties (including contingent liabilities)
20.	Public-sector bodies in countries in common monetary area Banks in RSA and OECD countries
-	Banks in other countries where residual maturity is less than or equal to 12 months Irrevocable letters of credit for a period of longer than three months to all other parties
и. 	Irrevocable, unutilized draw-down facilities to banks in non-OECD countries
	Irrevocable, unutilized facilities with an original maturity of one year and over to banks in non-OECD countries.
	Committed capital expenditure
50	Banks in non-OECD countries where the residual maturity is greater than 12 months
	Loans fully secured by mortgages on urban residential dwellings or individual sectional title dwellings, which loans are repayable in equal monthly instalments, where the monthly instalments are not overdue and where the capital amount outstanding does not exceed the market valuation of the property
	Performance-related guarantees on behalf of non-banks, excluding central banks and public-sector bodies in the common monetary area
	Remittances in transit
	All other irrevocable facilities, including all other unutilized draw-down facilities Underwriting exposures
100	All other counterparties and assets not covered above Effective net open position in foreign currencies
See subregu- lations (6)(n) and (o) above	Portfolios managed by others on behalf of the bank Portfolios managed for others, where financing is provided
Impairments	Primary or secondary capital instruments of any bank Other debt instruments issued by banks (for example, non-qualifying capital) and acknowledgements of debt related, either directly or indirectly, to the funding of capital and unimpaired reserve funds Acknowledgements of debt issued to fund, either directly or indirectly, debt instruments that rank as qualifying capital and unimpaired reserve funds shall be an impairment of the issuer's capital and unimpaired reserve funds to the outstanding extent of such acknowledgements of debt Deferred tax debits arising from an assessed loss

(7) Reduction of capital requirement in respect of loans (including loans made through the taking up of preference shares), advances, leasing transactions, suspensive sale transactions and off-balance-sheet lending transactions (including performance-related guarantees) guaranteed or secured

Where loans, advances, leasing transactions, suspensive sale transactions and off-balance-sheet lending transactions are:

(a) guaranteed, the risk weightings applicable to the transactions in question may be reduced to the risk weightings applicable to the guarantor. The lower weightings shall apply only to the outstanding amounts of the transactions covered by the guarantee; GOVERNMENT GAZETTE, 28 DECEMBER 1993

No. 15382 53

(b)	secured by the pledge of assets that attract a lower risk weightin transactions themselves, the risk weightings applicable to the assets pl apply. The lower weightings shall apply only to the outstanding amo transactions covered by the pledge of assets; and	g than the ledged shall unts of the
	secured by the pledge of deposits, such transactions shall be real	located risk

27. Interest-rate risk - Directives and interpretations for completion of monthly return concerning interest-rate risk (Form DI 410)

(1) The risk in question relates to the impact on income resulting from the repricing of assets, liabilities and derivatives at different points in time.

Note: The risk of changes in the capital value of investments resulting from changes in interest rates shall, for the purpose of these Regulations, be deemed to be market risk (position risk) and shall be reported in form DI 420.

(2) Three elements primarily encompass the risk associated with interest rates, namely, the margin between the rates earned on assets and paid on liabilities, the repricing potential of assets and liabilities at different points in time, resulting in mismatches in various time bands between assets, liabilities and derivatives and, lastly, the period over which these mismatches persist.

(3) The "flow" approach shall be used in completing form DI 410, that is, to reflect, per time band, the total amounts of assets and liabilities and derivatives that can be expected to reprice.

(4) All balance-sheet items and derivative market activities identified on form DI 410 that have a bearing on the interest-rate exposure of a bank shall be included in this return.

(5) All on-balance-sheet items shall be reported at book value, while derivative market items shall be reflected on an equivalent basis.

(6) All relevant foreign-exchange items shall also be included in this return.

28. Market risk (position risk) - Directives and interpretations for completion of monthly return concerning market risk (position risk) (Form DI 420)

(1) The purpose of this return is to measure the extent of the market risk (position risk) to which the reporting bank is exposed.

(2) Under market risk is understood the risk that the market price of an asset could change, which will result in a loss to the reporting bank on realisation of that asset.

(3) Examples of the market-price movements referred to in subregulation (2) are changes in interest rates, share prices and prices of commodities.

- (4) (a) The financial instruments, assets and related derivatives to be included in the return are those that can be readily disposed of in established or acknowledged markets for financial instruments, derivatives and commodities.
 - (b) The instruments and assets referred to in paragraph (a) shall be those that have been reported in form DI 100, against the line items identified on form DI 420, in the column headings under the markets indicated.

(5) Hereinafter in this subregulation, detailed instructions relating to the completion of the return are furnished with reference to the item descriptions and line item numbers appearing on form DI 420, as follows:

Line item number

8. Position determined at market value

This item shall reflect the market values in respect of line item number 7 under the markets indicated.

Note:

In view of the unresolved issues concerning the measurement of a net effective position, banks may use the methodology best suited to their circumstances in computing the net effective position.

This return has been designed to facilitate the reporting of a net effective position under the market indicated, but it is incumbent on the reporting bank to calculate the said position in an acceptable manner.

11. Position at market value in terms of a common denominator

This item shall reflect the market values of individual financial instruments and assets in terms of the market value of a common denominator or standard asset according to which the position has been calculated, in respect of each of the markets indicated. (This item essentially relates to a trading environment and as such may not be applicable to all reporting banks.)

Where the position at market value in terms of a common denominator cannot be provided, the figures reported against line item number 8 (position determined at market value) must be repeated in the appropriate columns of line item number 11.

29. Trading risk - Directives and interpretations for completion of monthly return concerning trading risk (Form DI 430)

In this regulation, detailed instructions relating to the completion of the return concerning trading risk are furnished with reference to the headings and columns appearing on form DI 430, as follows:

number

Line item a service a service service of the s

1. INTEREST-RATE SWAPS

Column 1 Current month - Turnover

This column shall reflect the (notional) capital amounts underlying all interest-rate swap transactions concluded during the current month where the reporting bank acted as a principal. For example, if the bank has concluded a swap on the basis of agreeing to pay interest on R1 million nominal at fixed rate of 15 per cent, in exchange for the right to receive interest on R1 million nominal at a floating rate of 16 per cent, then a figure of R2 million must be reflected.

Column 4 Total unexpired contracts at month-end

This column shall reflect the (notional) capital amount(s) underlying all swap transactions that had not yet terminated at the month-end.

2. **OTHER INTEREST-RATE INSTRUMENTS**

Column 1 Current month - Turnover

This column shall reflect the (notional) capital amounts underlying all such agreements concluded during the current month.

Column 2 Current month - Cash Flows - Amounts received

This column shall reflect the gross amount(s) received as compensatory payment(s).

Column 3 Current month - Cash Flows - Amounts paid

This column shall reflect the gross amount(s) paid as compensatory payment(s).

Column 4 Total unexpired contracts at month-end

This column shall reflect the (notional) capital amount(s) underlying all such agreements that had not yet terminated at the month end.

3. **OPTIONS**

Column 8 Total unexpired contracts at month-end

This column shall reflect the (notional) capital amount(s) underlying all option contracts that had not yet terminated at the month end.

4. FUTURES

The information relating to futures contracts shall be furnished in accordance with the instructions given above in respect of option contracts.

5. OTHER

The information relating to other similar contracts shall be furnished in accordance with the instructions given above in respect of option contracts.

NOTES: (a) Details of all investments in companies bought in and reflected under asset items 60, 61 and 74 are to be listed separately.

(b) The date on which the Registrar's approval for the acquisition of a company was obtained and the nature of the business of each such company shall be indicated under its name.

(c) Details of investments in immovable property bought in, where the historic cost to date of each such property exceeds two per cent of the net qualifying capital and unimpaired reserve funds of the bank,

are to be listed separately.

30. Credit risk - Prescribed percentages relating to large exposures, and directives and interpretations for completion of quarterly or annual returns concerning credit risk (Forms DI 500, 510 and 520) and Form DI 505 for the reporting of a large exposure

(1) The prescribed percentage contemplated in -

(a) section 73(1) of the Act shall be 10 per cent of the net qualifying capital and reserves of the reporting bank, foreign branch, foreign subsidiary or foreign associate referred to in regulation 5(2)(b), as the case may be, as shown in line item number 31 on form DI 100, at the latest date for which the relevant statement was submitted; and

(b) section 73(2) of the Act shall be 25 per cent of the net qualifying capital and reserves of the reporting bank, foreign branch, foreign subsidiary or foreign associate referred to in regulation 5(2)(b), as the case may be, as shown in line item number 31 on form DI 100, at the latest date for which the relevant statement was submitted.

Aller av

(2) Hereinafter in this subregulation, detailed instructions relating to the completion of the returns concerning credit risk are furnished with reference to the paragraph numbers, column headings and line item numbers appearing on forms DI 500, DI 505, DI 510 and DI 520, as follows :

Form DI 500 Paragraph number

3. ASSET QUALITY

an an far a far

an a state of the second s

Assets bought in or repossessed and unsold - Companies acquired (line item no. 18)

The reporting bank shall furnish on form DI 520 details of each individual company acquired or bought in to protect an investment (including loans and advances) during the preceding five years, and which has not been disposed of at the end of its financial year.

Assets bought in or repossessed and unsold - Fixed property (line item no. 19 and 20)

The reporting bank furnish on form DI 520 details of each immovable asset bought in during the preceding five years to protect an investment (including loans and advances) representing an exposure of more than two per cent of its net qualifying capital and reserves as at its financial year-end, and which asset has not been disposed of at the end of its financial year.

Note: All amounts reported under the columns hereinafter referred to in this paragraph shall be so reported net of specific provisions.

PERCENTAGE DISTRIBUTION OF ASSETS BASED ON PROFITABILITY

Column: Reasonable return

This column shall include the assets mentioned above that would contribute to the continued profitable operations of the reporting bank. In the absence of more accurate methods, all relevant assets on which a return in excess of the average cost of funds plus (operating expenses x 100) is being earned must be included.

total assets

Column: Some return

This column shall include the assets mentioned above on which the profit margins are so low that they would not allow the continued profitable operation of the reporting bank. In the absence of more accurate methods, all relevant assets on which a return in excess of the average cost of funds is being earned must be included.

Column: No return

This column shall include the assets on which no income is earned and those discounts, as well as loans and advances, that are non-performing debts, as defined and net of specific provisions, including when the return being earned is less than the average cost of funds.

Column: Earning

This column shall include those investments of the reporting bank in respect of which dividends were received during the 12-month period prior to the date of the return.

Column: Non-earning

This column shall include those investments of the reporting bank that are non-earning assets, as defined and net of specific provisions.

5. DISTRIBUTION OF LOANS AND ADVANCES

The classification of loans and advances that appear under asset items 40 to 51 of the balance sheet shall be made in accordance with the directives contained in, and be based on the sectors identified in, the Standard Industrial Classification of all Economic Activities.

Note: The classification of loans and advances is to be furnished in respect of the end of June and December of each year.

Form DI 505

This form shall be used to inform the Registrar, as required by section 73(2) of the Act, of any transaction in the form of an investment with, or a loan, advance or other credit facility granted to, a person, as defined in regulation 45, which transaction results in the reporting bank being exposed to that person to an amount exceeding an amount representing the percentage of its capital and reserves prescribed in regulation 30(1)(b).

Form DI 510

This return shall be completed on the basis of exposure to a legal entity and not on the basis of exposure per account.

The relevant exposure relates to the aggregate exposure of the reporting bank to an individual client in respect of the deposits, loans and advances and the investments included in asset items 40 to 51 and 63 respectively, and the said client's liabilities in respect of outstanding acknowledgements of debt included in line item numbers 70 to 73 on form DI 100 and all contingent liabilities included in line item numbers 1, 2, 3, 4 and 5 on form DI 110 and 10 per cent of gross outstanding forward exchange contracts.

All exposures in excess of 10 per cent of the net qualifying capital and reserves of the reporting bank, as shown in line item number 31 on form DI 100 at the latest date for which the relevant statement was submitted, shall be reflected in this return.

The exposure granted shall be expressed as a percentage of capital and reserves in column 6.

(2) The information to be furnished in form DI 600 shall comprise the reporting bank's -

- (a) foreign-currency assets (except infrastructural investments) and liabilities;
 - (b) commitments to purchase or sell foreign currency; and
 - (c) net long or short position in options and futures contracts in foreign currency and gold,

as on the day of the return, after all book entries for that day have been effected.

(3) The valuation of all foreign-currency assets and liabilities included in this return shall be in accordance with generally accepted accounting practice.

(4) Commitments of the reporting bank to purchase or sell foreign currency under forward contracts shall not be recorded at book values, but shall be shown at their market values at the close of business on the reporting date.

(5) All amounts required to be furnished in terms of subregulation (2) shall be converted to US\$ and be rounded off to the nearest one thousand dollars.

(6) The effective net open position, calculated in the manner prescribed in form DI 600, in any one foreign currency and in all foreign currencies taken together, shall not at the close of business on any one day exceed an amount equal to 10 per cent of the net qualifying capital and reserves of the reporting bank, as shown in line item number 31 on form DI 100 as at the latest date for which the relevant statement was submitted.

(7) Hereinafter in this subregulation, detailed instructions relating to the completion of the return concerning currency risk are furnished with reference to the headings, item descriptions and line item numbers appearing on form DI 600, as follows:

DI 600 Line item number FOREIGN-CUBBE

FOREIGN-CURRENCY EXPOSURES

5. Net long/short(-) position in options and futures contracts in foreign currency and gold

This item shall be calculated as follows:

The sum of the gross value of potential purchases of foreign currency and gold in terms of put options granted, call options held and futures contracts, <u>minus</u> the sum of the gross value of potential sales of foreign currency and gold in terms of put options held, call options granted and futures contracts.

- An amount equal to 10 per cent of the net qualifying capital and reserves, as shown 9. in line item number 31 on form DI 100 as at the latest date for which the relevant statement was submitted, converted to US\$, shall be reflected under this item.
- Maximum effective net open foreign currency position(s), per each currency and in 10. total, during month

The maximum effective net open foreign-currency position(s), per each currency and in total, as at the close of business on a particular day, recorded during the month, inclusive of foreign branches and subsidiaries, should be reflected under this item. (It follows from the foregoing instructions that a summation of columns 1 to 7 will not equal column 8.)

MATURITY LADDER OF ASSETS, LIABILITIES AND COMMITMENTS IN RESPECT OF FORWARD CONTRACTS DENOMINATED IN US\$; and

MATURITY LADDER OF ASSETS, LIABILITIES AND COMMITMENTS IN RESPECT OF FORWARD CONTRACTS DENOMINATED IN CURRENCIES OTHER THAN US\$

13 to

20. all the Brief Law 1

\$ j

a say ya baya ya nyawa a cha n

The information used to determine the effective net open position shall be classified 24. in accordance with the different maturities indicated on form DI 600 and be applied, as indicated in the form, to determine the maturity mismatches in respect of US dollars and other foreign currencies, separately.

The same formula as used in item 5 for the calculation of items 17 and 23 shall be applied.

#### DIRECTIVES REGARDING THE COMPLETION OF THIS RETURN

Details of investments and interests held in all companies and associates, with the exception of companies bought in, reflected under asset items 57 to 59 and items 63 and 64 on form DI 100, shall be included in the return. 1. 2.

Details concerning companies bought in during a period of 5 years prior to the date of this return shall be shown in form DI 520.

This form is to be accompanied by a detailed organogram reflecting all investments and interests held in subsidiary companies, including companies bought in, and associates as envisaged in regulation 10(2)(b). 3. 4.

In the case of a subsidiary company, or an associate as envisaged in regulation 10(2)(b) that conducts business outside the Republic, the date on which the Registrar's approval for the investment or interest was acquired, the nature of the business of such subsidiary company or associate and, in the latter instance, the country in which the associate is operating shall be indicated under its name.

In the absence of market values, the valuation placed on an investment or interest by the directors shall be indicated in column 5. 5. ..

The attributable share of profits (or losses) of associates shall be those i.r.o. the latest financial year-end and shall be calculated in accordance with paragraph 11 of the Statement of General Accepted Accounting Practice, number AC 110. 6.

#### Appeal procedure 34.

Any person desiring to appeal, in terms of section 9(1) of the Act, to the board of (1)appeal against a decision of the Registrar shall, within 30 days after the pronouncement of the decision in question, lodge with the chairman of the board of appeal a notice of appeal on form DI 001.

the tenter of the second Upon receipt of the notice of appeal referred to in subregulation (1), the chairman of (2)the board of appeal shall cause a copy of such notice to be served on the Registrar who shall, within a period determined by the said chairman, furnish the chairman with a statement of the reasons for the decision in question.

Upon receipt of the statement referred to in subregulation (2), the chairman of the (3) board of appeal shall cause a copy thereof to be dispatched to the appellant by registered post and call upon the appellant to declare within 21 days of the date of dispatch of such statement, or within such further period as the said chairman may at the request of the appellant allow, whether or not he intends to proceed with the appeal.

If the appellant declares that he does not intend to proceed with the appeal, or if he (4)fails to declare his intention within the period of 21 days or the extended period contemplated in subregulation (3), the appeal shall lapse automatically.

If the appellant in terms of subregulation (3) declares his intention to proceed with the (5) appeal, he shall in addition to such declaration lodge with the chairman of the board of appeal a reply to the statement contemplated in subregulation (2).

The declaration and reply referred to in subregulation (5) shall be accompanied by the (6) fee prescribed in item 1 of the Table to regulation 40.

An appeal that is to be proceeded with as contemplated in subregulation (5) shall be (7)heard at such a time and at such a place as the chairman of the board of appeal may determine.

#### APPLICATION FOR REGISTRATION AS A CONTROLLING COMPANY

#### The Registrar of Banks PRETORIA

1.	l, the undersigned, chairman/chief executive officer* of
	····· , duly empowered thereto,
	hereby apply for the registration of the above-mentioned public company as a controlling company in respect of
	an institution registered as a bank.

- 2. The application is accompanied, except in so far as it has been otherwise directed by you, by each of the following documents, duly signed by me:
  - 2.1 two copies of the Memorandum and Articles of Association of the applicant;
  - 2.2 a copy of the certificate of incorporation, Companies Act form CM 1, in respect of the applicant;
  - 2.3 a copy of the registered office and postal address, Companies Act form CM 22, in respect of the applicant;
  - 2.4 a statement containing the name and the address and the *curriculum vitae* of the chairman, every director and every executive officer of the applicant;
  - 2.5 full particulars of the business that the applicant carries on or proposes to carry on, of the manner in which such business is or is to be carried on and of the extent of each type of business carried on or to be carried on;
  - 2.6 a copy of the applicant's latest audited group and company financial statements or, in the case of an applicant whose first financial year has not yet expired, of an audited balance sheet or a *pro forma* balance sheet of the applicant, as at a date not more than 30 days prior to the date of application;
  - 2.7 a return, in the format of form DI 703, duly completed in respect of the applicant;
  - 2.8 a statement furnishing, as at a date not more than 30 days prior to the date of the application -
    - (i) the amount of the issued share capital and reserves of the applicant;
    - (ii) the amounts of the applicant's investments in, respectively -
      - (aa) fixed property used mainly for the purpose of conducting the business of a bank;
      - (bb) fixed property not used mainly for the purpose of conducting the business of a bank;
    - (iii) the name of the undertaking concerned and the amount invested or proposed to be invested, set out separately under the headings "Shares" and "Loans", in -
      - (aa) banks;
      - (bb) controlling companies;
      - (cc) property companies of which the property is used mainly for the purpose of conducting the business of a bank;
      - (dd) property companies of which the property is not used mainly for the purpose of conducting the business of a bank; and
      - (ee) other undertakings (to be specified in the statement);
  - 2.9 a diagrammatic representation of the structure of the group of companies consisting of associates, as defined in section 36(10)(b)(i) of the Act, of the applicant, showing also the percentage shareholding of members of that group in the other members;
  - 2.10 a return in the format of form DI 703, duly completed in respect of every bank in respect of which the applicant is, or is to be, registered as a controlling company.
- 3. A controlling company shall, within 30 days after the date of a special resolution whereby a change of its name was effected as contemplated in section 44 of the Companies Act, in writing furnish the Registrar with full particulars of such change.

No. 15382 107

## 35. Application for permission to acquire shares in a bank or controlling company

(1) An application under section 37(2)(b) of the Act for the permission, in terms of section 37(2)(a) of the Act, of the Registrar or the Minister, as the case may be, for the acquisition of shares in a bank or a controlling company, shall be submitted to the Registrar in duplicate on form DI 007 as prescribed by regulation 33.

(2) An application under subregulation (1) shall be accompanied by a written statement containing the following information, namely -

- (a) full particulars of the applicant's shareholding in any associate, as defined in section 36(10)(b)(i) of the Act, of the bank or controlling company to which the application relates, specifying the name of each such associate and the percentage that the total nominal value of the applicant's shareholding in such associate constitutes of the total nominal value of all the issued shares of such associate;
  - full particulars of the applicant's shareholding in any bank or controlling company other than the bank or controlling company to which the application relates, specifying the name of each such other bank or controlling company and the percentage that the total nominal value of the applicant's shareholding in such other bank or controlling company constitutes of the total nominal value of all the issued shares of such other bank or controlling company;
- (c) in the case where the applicant is a company, the names of its directors;
- (d) particulars of all other corporate undertakings in which the applicant holds a shareholders' interest of 25 per cent or more; and

(e)

(b)

the reason for the applicant's desire to acquire the shares in question in the bank or controlling company concerned.

#### Guidelines relating to conduct of directors 37.

(1) Every director of a bank and of a controlling company shall acquire a basic knowledge and understanding of the conduct of the business of a bank and of the laws and customs that govern the activities of such institutions. While it is not required of every member of the board of directors of a bank and of a controlling company to be fully conversant with all aspects of the conduct of the business of a bank, the competence of every director of a bank shall be commensurable with the nature and scale of the business conducted by that bank and, in the case of a director of a controlling company, shall be commensurable with the nature and scale of the business conducted by those banks in the group.

(2) A director and executive officer of a bank and of a controlling company shall perform his functions with diligence and care and with such a degree of competence as can reasonably be expected from a person with his knowledge and experience.

In view of the fact that the primary source of funds administered and utilized by a bank in the conduct of its business is deposits loaned to it by the general public, (3)it shall be the duty of every director and executive officer of a bank to ensure that risks that are of necessity to be taken by such bank in the conduct of its business are managed in a prudent manner.

The conduct of the business of a bank entails the management of risks, (4)which may include the following types of risk, namely -

solvency risk; (i) (ii) liquidity risk; credit risk; (iii) currency risk; market risk (position risk); · (v) interest-rate risk; (vi) counterparty risk; (vii) technological risk; or (viii) operational risk. (ix)

The directors of the bank shall annually report to the Registrar on the (5)effectiveness of the system of internal controls of the bank relating to financial and regulatory reporting and compliance with the Act and the Regulations.

For the purposes of this regulation, "director" includes an alternate director. (6)

(b)

## 38. Composition of board of directors of a bank

Except where the Registrar, in view of special circumstances pertaining to a particular bank, grants his consent to a deviation from the provisions of this regulation in respect of that particular bank, at least two of the members of the board of directors of a bank shall be persons who are employees of that bank.

39. Statement relating to attributes of serving or prospective directors or executive officers

(1) A duly completed statement and declaration in the form of a form DI 020 as prescribed by regulation 33 shall be submitted to the Registrar by the chairman of the board, or his duly appointed representative, or, in the case of a new bank, by the auditor, in respect of -

- (a) every person who for the first time accepts an appointment as a director or an executive officer of a bank or a controlling company at least 30 days prior to the appointment becoming effective; and
  - any serving director or executive officer of a bank or a controlling company at the request of the Registrar in terms of section 1(1A)(c) of the Act.

(2) For the purposes of this regulation, "related party" means any person (whether natural or juristic) over whose business the director or executive officer can exercise a significant influence and which business undertakes business with the bank/controlling company to an extent that could materially influence the asset base, profitability or risk profile of the bank/controlling company.

#### DECLARATION

公司 化外运动设备

I, ....., hereby declare the following: This statement consists of .......pages, each signed by me. The content of this declaration is true to the best of my knowledge and belief. I am aware that should it be submitted as evidence and I know that something appears therein that I know to be false or believe not to be true, I may be liable to prosecution.

I undertake that, as long as I continue to be a director or executive officer of the institution, I will notify the Registrar of any material changes to, or affecting the completeness or accuracy of, the information supplied by me in items 1-39 as soon as possible, but in no event later than 21 days from the day that the changes come to my attention.

I know and understand the content of this declaration. I have */do not have * objections to taking the prescribed oath.

I consider the prescribed oath to be binding*/not binding* on my conscience.

. . SIGNATURE OF DEPONENT

1. 1. K. 1.

### 41. Manner of payment of fees

(1) Any fees payable in terms of regulation 40 shall be paid by cheque made out in favour of the South African Reserve Bank.

(2) Subject to the provisions of section 9(13) of the Act, and except in the case of a refusal of an application under section 16(1), 19(1) or 43(1) of the Act, fees paid in terms of regulation 40 shall not be repayable.

#### 42. Annual licence

(1) The licence fee contemplated in section 35 of the Act shall be calculated in accordance with the formula:

 $\frac{\text{R1 million}}{\text{R270 billion}} \times \text{total liabilities per line item 34 of form DI 100,}$ 

with a minimum of R1 000 and a maximum of R50 000 per annum.

(2) A bank that exists on 1 January of a particular year shall pay the licence fee, prescribed in subregulation (1), before the end of that month, and a bank that is registered on a later date in such year shall in respect of such year, and before the end of the month in which it is so registered, pay a licence fee calculated in accordance with the formula:

 $R \frac{(X)}{(12)} \times per formula in (1),$ 

in which formula "X" represents the number of full months remaining in such year after the month in which the bank is so registered.

(3) A bank that fails to pay the full amount of the applicable licence fee within the period allowed in terms of subregulation (2) for payment thereof shall, in addition to such licence fee, pay for each month or part of a month during which the licence fee remains so unpaid a penalty calculated at the rate of 10 per cent of the amount of the licence fee that it has failed to pay as aforesaid, and reckoned from the final date allowed in terms of subregulation (2) for the payment of such licence fee: Provided that the amount of the penalty so payable shall not be more than the amount of the licence fee due.

(4) All moneys payable in terms of this regulation shall be a debt due to the Government of the Republic and shall be recoverable by action in any competent court by the Commissioner for Inland Revenue.

(5) The licence fee and any penalty collected under this regulation shall accrue for the benefit of the State Revenue Fund.

(6) Representative offices of foreign institutions established in the Republic of South Africa shall annually, not later than 31 January of each year, pay to the South African Reserve Bank a fee of R1 000.

#### CHAPTER V

## INFORMATION REQUIRED FOR THE ECONOMICS DEPARTMENT OF THE S A RESERVE BANK

43. List of forms prescribed in respect of returns to be submitted to the Registrar, with indication of institution by whom, intervals at which and period within which returns are to be submitted

Form number	Heading of form	Bank in Republic ¹	Bank in independent states ²				
DI 099	Declaration in respect of statutory returns submitted ³ (see chapter II)		ired as control sheet and for aking required declarations				
DI 900	Institutional and maturity breakdown of liabilities and assets	Monthly*	Monthly*				
DI 910	Institutional breakdown of issuers of and transactions in selected assets	Monthly ^b	Monthly⁵				
DI 920	Analysis of instalment sale and leasing transactions	Quarterly ^b	Quarterly ^b				
DI 930	Interest rates on deposits, loans and advances at month-end	Monthly⁵	/ N/A				

Means a bank conducting business as such in the Republic and the self-governing territories and the business conducted by it through the medium of an agency or a branch in an independent state.

- Means a bank or controlling company conducting business as such in any of the independent states, namely Transkei, Bophuthatswana, Venda and Ciskei, through the medium of a subsidiary company or an associate as contemplated in regulation 5(2)(b).
- ³ Form DI 099 is not a prescribed financial return, but shall be used as a control sheet and to furnish the required declarations regarding the maintenance of prescribed minimum balances.
- 4 The prescribed statements and returns shall be submitted within the periods indicated below, as follows:

NOTE: Columns 4 and 6 should include:

(a) Expenditure by this organisation on capital works-in-progress during each quarter;

(b) progress payments by this organisation to outside contractors, and

(c) interest and other costs capitalised, and consist of:

 Total expenditure on the construction (erection) of new buildings and additions to existing buildings and works (excluding purchases of land and of existing buildings and works) – lines 31 to 34;

 total expenditure on the acquisition of new vehicles (excluding purchases of used vehicles) before trade-in allowances, for the purpose of leasing as well as for own use – lines 35 and 36;

(iii) total expenditure on the acquisition, construction and installation of **new** machinery and equipment (excluding purchases of used machinery and equipment) before trade-in allowances, for the purpose of leasing as well as for own use – lines 37 to 39.

SELECTED TRANSACTIONS: Institutional sector breakdown of the issuers of, and transactions, etc., in bills and securities.

The following information is required for three purposes, namely (1) the institutional sectoral breakdown of the borrower or issuer of the relevant financial instruments, and (2) of the capital market turnover in these securities, and (3) ultimately to arrive at the actual transactions value of the changes in each institution's balance sheet items arising from these transactions. However, where, because of accounting practices, full details of gross purchases (and new issues, etc.) and gross sales (and redemption receipts, etc.) are not available, ensure that the net purchases or net sales amount is reported. All activity pertaining to all these financial instruments and giving rise to financial gains or losses which are of a capital nature, (that is, not current investment income and which would therefore not appear in the profit and loss account) must be reflected below.

#### 44. Institutional and maturity breakdown of liabilities and assets - Directives and interpretations for completion of institutional and maturity breakdown of liabilities and assets (Form DI 900)

(1) The relevant statement is a public document and is available for inspection by the public.

(2) The detailed directives and interpretations for the completion of the monthly balance sheet on form DI 100 and the statement of off-balance-sheet activities on form DI 110 contained in regulations 19 and 23(6), respectively, shall, unless hereunder in this regulation otherwise indicated, be applicable *mutatis mutandis* in the completion of this statement.

(3) The institutional breakdown of liabilities and assets shall be made in accordance with the information contained in the Institutional Sector Classification Guide for South Africa.*

(4) Hereinafter in this subregulation, instructions relating to the completion of form DI 900 are furnished with reference to the corresponding liability and asset items appearing in the balance sheet on form DI 100, and, in respect of the contingent liabilities and other risk exposures, with reference to the corresponding items appearing in the statement of off-balance-sheet activities on form DI 110, as follows:

 Copies of this guide can be obtained from the Economics Department, S.A. Reserve Bank, P.O. Box 7433, Pretoria, 0001.

issued to acquire working capital; and

debentures or any interest-bearing written acknowledgement of debt issued for a fixed (d) term in accordance with the provisions of the Companies Act, 1973,

an en a sector a la contra la contra la contra de la contra but does not include bankers' acceptances;

 Construction and the second sec "demand deposit" means any amount repayable on demand, and includes -

all balances due on current account, without deduction of debits in transit or addition (a) of credits in transit;

for the second second

any first tan also 160 that and a 2005 split contract for of their figures of the contraction of the second sec (b) call monies; and 

## (c) any other amounts due that are immediately withdrawable;

"financial rand" means -

- the local sale proceeds of South African assets owned by a person resident outside the Republic; and
- (b) funds designated as financial rand by the Treasury or a person authorized thereto by the Treasury;

"foreign asset" means any asset (excluding a claim) situated outside the Republic, and any asset consisting of a claim by the reporting bank on a non-resident;

"foreign currency" means a currency other than the reporting currency of a bank;

"general provision for doubtful debts" means any provision created to absorb future losses on debts that may prove to be wholly or partly irrecoverable and which losses have not been separately identified but which can reasonably be expected to exist or develop;

"independent state" means any country the territory of which formerly formed part of the Republic;

"instalment sale transaction" means a transaction in terms of which -

- (a) movable goods are sold by the seller to the purchaser against payment by the purchaser to the seller of a stated or determinable sum of money at a stated or determinable future date or, in whole or in part, in instalments over a period in the future; and
- (b) the purchaser does not become the owner of those goods merely by virtue of the delivery to or the use, possession or enjoyment by him thereof; or
- (c) the seller is entitled to the return of those goods if the purchaser fails to comply with any term of that transaction;

"Institutional Sector Classification Guide" means the Institutional Sector Classification Guide for South Africa, issued from time to time by the Economics Department of the South African Reserve Bank;

"leasing transaction" means a transaction in terms of which a lessor leases movable goods to a lessee against payment by the lessee to the lessor of a stated or determinable sum of money at a stated or determinable future date or in whole or in part in instalments over a period in the future, but does not include a transaction by which it is agreed at the time of the conclusion thereof that the debtor or any person on his behalf shall at any stage during or after the expiry of the lease or after the termination of that transaction become the owner of those goods or after such expiry or termination retain the possession or use or enjoyment of those goods;

"liability to non-resident" means any claim of a non-resident on a South African bank;

"liabilities to the public" means all liabilities of a reporting bank, whether domestic or foreign, arising from the operations of the reporting bank in connection with its banking business in the Republic, as set out in more detail in form DI 100;

#### STAATSKOERANT, 28 DESEMBER 1993

"long-term liability", in relation to any date, means a liability (including a loan from or a deposit by another bank) that is payable after the expiration of more than six calendar months as from that date or that on that date is subject to notice that makes it payable after the expiration of more than six calendar months as from that date;

"medium-term liability", in relation to any date, means a liability (including a loan from or a deposit by another bank) that is payable on or after the thirty-second day as from that date but not later than the day on which a period of six calendar months as from that date expires, or that on that date is subject to notice that makes it payable on or after the thirty-second day as from that date but not later than the day on which a period of six calendar months as from that date expires;

"mutual bank" means a juristic person that is provisionally or finally registered as a mutual bank in terms of the Mutual Banks Act, 1993, Act No. 124 of 1993. The second second second

2007270.0

"non-earning assets" means investments in shares in respect of which no dividends have been received during the twelve months preceding the date of a return that is to be submitted in accordance with these Regulations;

"non-performing debt" means discounts, loans or advances in respect of which it is no longer prudent to credit interest receivable to the income statement; enter de la companya da

"non-resident" means a person who is not a resident;

"other public-sector bodies" means all local authorities, regional services councils, regional water service corporations, public enterprises, public sector institutions and agricultural control boards, as contemplated in the Institutional Sector Classification Guide;

na na stati i manakan mutan na sina na sina kata kata mara da a "person" includes -

(a) 現代¹⁴11日本 1月1日 two or more persons, whether natural or juristic, who, unless proven to the contrary, constitute a single risk because of the fact that one of them has directly or indirectly control over the other or others; or

(b) two or more persons, whether natural or juristic, between whom there is no relationship or control as referred to in (a) above, but who are to be regarded as constituting a single risk, because of the fact that they are so interconnected that should one of them experience financial difficulties, the other or all of them would be likely to encounter repayment difficulties;

"public sector" means the central government and other public-sector bodies, as hereinbefore in this regulation defined;

"repurchase agreement" means the obtaining of money (which money shall for the purposes of these Regulations be deemed to have been so obtained by way of a loan) through the sale of an asset to any other person subject to an agreement in terms of which the seller undertakes to purchase from the buyer at a future date the asset so sold or any other asset issued by the issuer of, and which has been so issued subject to the same conditions regarding term, interest rate and price as, the asset so sold;

The second s
