A special condition will be inserted in the lease to be issued in respect of holding No. 4 relative to the use and leading of water by Government.

In the event of the Government being required, in terms of the Fencing Act, No. 17 of 1912, or any amendment thereof, to contribute towards the cost of fencing the boundaries, or any part thereof, of any of the holdings advertised in this notice, or to accept liability for the payment of such contribution prior to the allotment of the holding, the successful applicant shall, on allotment being made to him, assume liability for the payment of such contribution. The amount of such contribution shall be paid by the allottee to the Government in cash, or at the option of the allottee it may be added to the valuation of the holding, in which case the rental payments and instalments of purchase price shall be increased accordingly. The successful applicants for any of the holdings on which the boundaries or part thereof are fenced shall accept liability under the Fencing Act, 1912, for any amounts which may be claimed by adjoining owners in terms of the said Act.

A clause will be inserted in the leases which it is proposed to issue in respect of those holdings on which boreholes have been or may be sunk, giving the Government access to and the right to take water from the boreholes for drilling purposes for a period of five years from the dates of the leases.

In the event of an allottee making an application for a borehole to be sunk on his holding, and of such application being approved by the Minister of Lands, the cost of such borehole (exclusive of transport, fuel, and water, which must be borne by the allottee) will be added to the valuation of the holding and the half-yearly rentals and instalments of purchase price increased accordingly as from the date of the completion of the work.

In the event of boring operations being undertaken on any of the holdings contained in this notice before the date of allotment thereof, the cost of the boring operations will be added to the valuations of the holdings on which boreholes have been or may be completed, and the rentals and instalments of purchase price increased accordingly, from the date of completion of the borehole.

It will be a condition of lease that the successful applicant for any of the above holdings on which boreholes exist or may have been sunk previous to or after allotment will be held responsible as from the date of allotment or of completion of the work for the proper care and maintenance of the borehole or boreholes on his holding, and shall be liable for any damage caused thereto. He must, therefore, on no account raise water without proper pumping machinery. Inquiries as to the most suitable machinery to be utilized in connection with any borehole should be made to the Director of Irrigation, Pretoria, by the successful applicant before proceeding to erect pumping machinery.

No rights to minerals, mineral products, mineral oils, precious stones, precious and base metals will be granted, and the lease will be subject to such rights as the public or the Government may now or hereafter have or be entitled to obtain under, or by virtue of, and any law relating to mining stands, or to prospecting, digging, mining for, or exploiting of minerals, mineral products, mineral oils, precious stones, precious and base metals on the land or water thereon, for a lease of which land applications are hereby invited. No compensation shall be claimable or payable for any damage or disturbance whatever caused by the exercise of such mining rights.

General Remarks—

The lease to be issued will contain conditions relative to residence, improvements, fencing, minerals, outspans, roads, and such other conditions as are usually inserted in agricultural leases granted under the Crown Lands Disposal Ordinance, 1903 (Transvaal).

The rent paid during the lease period of five years is not deducted from the purchase price in the event of the option to purchase being exercised.

All rights to minerals, mineral products, mineral oils, metals, and precious stones are reserved to the Crown.

The Department has made every effort to render as accurate as possible the information given in this notice, but will not be responsible for any inaccuracies should such exist.

Applicants are recommended personally to inspect farms before formally applying therefor. In considering applications for holding, Land Boards decline, as a rule, to recommend allotments to applicants who have failed to inspect personally or to have had inspected on their behalf, the holdings applied for. No railway or transport concessions are given by the Government in connection with the inspection of holdings.

After the expiry of this notice intending applicants should ascertain from the Department of Lands which holdings are still available before proceeding to inspect any of them.

Occupation can be granted immediately on allotment, unless other provision be made in the letter of allotment.

All applications must be submitted on the prescribed form, which, with copies of the regulations framed under the Act, in which appears a specimen copy of the lease to be issued, can be obtained from the magistrates of the districts in which the farms are situate, or from the Secretary for Lands, Pretoria.

The Department has a staff dealing specially with applications and inquiries for land, and prospective settlers desirous of obtaining information with regard to land settlement are advised to apply for such information direct to the Department of Lands, Union Buildings, Pretoria.

In het huurkontrakt ten aanzien van hoeve No. 4 te worden uitgegeven, zal een speciale voorwaarde worden opgenomen betrekking hebbende op het gebruik en leiden van water door het Goevernement.

Ingeval het Goevernement, overeenkomstig de Omheiningwet, No. 17 van 1912, of enige wijziging daarvan, tot de kosten van de omheining van de grenslijnen, of enig deel daarvan, van de hoeven in deze kennisgeving geadverteerd, zou moeten bijdragen of voor de betaling van zodanige bijdragen de aansprakelijkheid op zich zou moeten nemen vóór de uitgifte van de hoeve, dan zal de succesvolle applikant bij de toekenning van een hoeve aan hem de aansprakelijkheid voor de betaling van zodanige bijdragen aanvaarden. Het bedrag van zodanige bijdrage moet door de persoon aan wie de plaats wordt toegekend in kontanten aan het Goevernement worden betaald, of kan naar verkiezing van de persoon aan wie het eigendom is toegekend, worden gevoegd bij de waardering van de hoeve, in welk geval de bedragen van de huur en paaiementen van de koopprijs dienovereenkomstig zullen worden verhoogd.

Geslaagde applikanten voor enige van de hoeven, waarvan de grenslijnen of gedeelten daarvan omheind zijn, zullen aansprakelijkheid moeten aanvaarden, overeenkomstig de Omheiningwet van 1912, voor enige bedragen welke door de eigenaren van aanliggende eigendommen, krachtens die wet, geëist mogen worden.

In de huurkontrakten te worden uitgereikt in verband met hoeven waarop boorgaten zijn of mochten worden gezonken zal voorziening gemaakt worden waardoor de Regering het recht hebben zal van toegang tot en het recht om voor boordoeleinden water te nemen uit de boorgaten voor een tijdperk van vijf jaren van af de datums van de huurkontrakten.

Indien de persoon aan wie een hoeve is toegewezen verzoekt, dat op zijn hoeve een boorgat moge worden gezonken en zodanige applikatie door de Minister van Landen wordt goedgekeurd, dan zullen de kosten van zodanig boorgat (behalve van transport, brandstof en water, welke door die persoon moeten worden betaald) gevoegd worden bij de koopprijs van de hoeve, en de halfjaarlijkse huurprijs en paaiementen op de koopprijs zullen diensgevolge verhoogd worden van af de datum van de voltooiing van het werk.

Ingeval boorwerkzaamheden ondernomen mochten worden op enige van de hoeven, in deze kennisgeving geadverteerd, vóór de datum van toekenning daarvan, dan zullen de kosten daarvan gevoegd worden bij de koopprijzen van de hoeven, waarop boorgaten zijn of mochten worden voltooid, en de huurprijzen en paaiementen op de koopprijzen zullen diensgevolge verhoogd worden van af datum van de voltooiing van de boorgaten.

Een voorwaarde van het huurkontrakt zal zijn, dat de succesvolle applikant voor enige van de bovengenoemde hoeven waarop boorgaten bestaan of voor of na toekenning mochten gezonken zijn, met ingang van de datum van toekenning of voltooiing van het werk verantwoordelijk zal worden gehouden voor de behoorlijke oppassing en het onderhoud van het boorgat of de boorgaten op zijn hoeve en aansprakelijk zal zijn voor enige schade daaraan veroorzaakt. Hij moet derhalve in geen geval zonder behoorlijke pompmachines daaruit water nemen. Navraag, betreffende machinerie welke het meest geschikt is om te worden gebruikt in verband met enige van de boorgaten, behoort door de succesvolle applikant bij de Directeur van Irrigatie te Pretoria te worden gedaan alvorens tot de oprichting van enige pompmachinerie over te gaan.

Geen rechten op mineralen, minerale produkten, minerale olieën, edelgesteenten, edele en onedele metalen zullen worden toegekend, en het huurkontrakt zal onderworpen zijn aan zulke rechten als het publiek of het Goevernement nu of later mag hebben of toe gerechtigd zal zijn, onder en uit kracht van enige wet met betrekking tot mijngronden of het prospekteren, delven, mijnen naar, of het exploiteren van mineralen, minerale produkten, minerale olieën, edelgesteenten, edele en onedele metalen, op de grond of het water daarop, voor de huur van welke grond hiermede applikaties gevraagd worden. Geen kompensatie zal geëist kunnen worden of betaalbaar zijn voor enige schade of storing van welke aard ook veroorzaakt door de uitoefening van zulke mijnrechten.

Algemene Opmerkingen—

Het uit te reiken huurkontrakt zal voorwaarden bevatten met betrekking tot de okkupatie, verbeteringen, omheining, mineralen, uitspanningen, wegen en zulke andere voorwaarden als gewoonlijk gesteld worden in landbouwhuurkontrakten uitgereikt onder de Kroonlanden Beschikkings Ordonantie, 1903 (Transvaal).

De huur, betaald gedurende het tijdperk van het huurkontrakt van vijf jaren, wordt niet van de koopprijs afgetrokken ingeval gebruik gemaakt wordt van de optie tot aankoop.

Alle rechten op mineralen, minerale produkten, minerale olieën, metalen en edelgesteenten zijn gereserveerd voor het Goevernement.

Het Departement heeft alle pogingen gedaan om de informatie in deze kennisgeving vervat zo juist mogelijk te geven, maar zal niet verantwoordelijk zijn voor onjuistheden, welke mochten voorkomen.

Applikanten worden aanbevolen plaatsen persoonlijk te inspecteren alvorens formele applikatie daarvoor in te dienen. Bij de overweging van applikaties voor hoeven, zijn Landraden niet geneigd toekenningen aan te bevelen aan applikanten die verzuimd hebben persoonlijk of door iemand anders ten hun behoeve, de hoeven waarvoor zij applikatie hebben gemaakt te inspecteren. Geen spoorweg- of ander transportkoncessies worden door de Regering in verband met de inspectie van hoeven toegestaan.

Onmiddellijk na toekenning kan okkupatie worden toegestaan, tenzij in de brief van toekenning anders wordt bepaald.

• Na de datum, waarop deze kennisgeving afgelopen is, behoren applikanten eerst van het Departement van Landen te vernemen welke hoeven nog beschikbaar zijn, alvorens enige daarvan te gaan inspecteren.

Alle applikaties moeten worden ingediend op de voorgeschreven vorm, welke te zamen met kopieën van de regulaties volgens de wet opgetrokken, waarin voorkomt een proefeksemplaar van het huurkontrakt dat zal worden uitgereikt, van de Landdrosten van de distrikten waarin de plaatsen gelegen zijn, of van de Sekretaris voor Landen, Pretoria, kunnen worden verkregen.

Het Departement heeft een staf die speciaal applikaties en navragen betreffende grond behandelt en aanstaande settlers die met betrekking tot landmederzetting informatie verlangen, worden aangeraden om zich met het verzoek om die informatie rechtstreeks te wenden tot het Departement van Landen, Uniegebouwen, Pretoria.

Particulars of Holdings—

The farms are situate in the area known as the Rooiwater Blok to the north of Leydsdorp and Gravelotte Station. The Selati railway line from Komatipoort to Messina traverses the farm Gravelotte, and Gravelotte Station is about 3 miles from the southern boundary of that farm.

The land is suitable for agricultural and stock farming; well wooded with timber and a variety of bush; a great deal of the land is arable if cleared, and open arable land exists on most of the farms; natives live on parts of the block and in the vicinity thereof; usual low country climate.

Water Supply.

Holding No. 1 borders on Groot Letaba River.

Holding No. 2.—Waterholes in Miragoma River.

The other holdings have no permanent surface water.

Mining claims are held on the farms Malati No. 274, Solomon's Mine No. 280, and Mon Désir No. 289.

Rondavels and other improvements erected on these farms by the holders of the mining claims are the property of such holders.

The attention of applicants is invited to the fact that there are several open disused prospector's shafts and mine workings on the area known as the Rooiwater Blok, which may prove dangerous to stock. It is not definitely known on which holdings these shafts or workings are, but allottees should take such steps as they think necessary to safeguard their stock in case any of such shafts or workings should exist on the holdings hereby advertised.

A special condition will be inserted in the leases to be issued in respect of these holdings relative to the use and leading of water by the Government.

In connection with the timber on the farms, the following special clause will be inserted in the leases to be issued in regard to those farms on or through which a river, stream, or spruit flows:—

"The Minister will not at any time during the currency of this lease grant authority to the lessee to cut down, destroy, or otherwise interfere with any trees growing within a distance of 25 yards on either side of the Groot Letaba River and of any tributaries thereof."

N.B.—Successful applicants will only be required to reside on their holdings for six months in each year.

In the event of the Government being required, in terms of the Fencing Act, No. 17 of 1912, or any amendment thereof, to contribute towards the cost of fencing the boundaries, or any part thereof, of any of the holdings advertised in this notice, or to accept liability for the payment of such contribution prior to the allotment of the holding, the successful applicant shall, on allotment being made to him, assume liability for the payment of such contribution. The amount of such contribution shall be paid by the allottee to the Government in cash, or at the option of the allottee it may be added to the valuation of the holding, in which case the rental payments and instalments of purchase price shall be increased accordingly. The successful applicants for any of the holdings on which the boundaries or part thereof are fenced, shall accept liability under the Fencing Act, 1912, for any amounts which may be claimed by adjoining owners in terms of the said Act.

A clause will be inserted in the leases which it is proposed to issue in respect of those holdings on which boreholes have been or may be sunk, giving the Government access to and the right to take water from the boreholes for drilling purposes for a period of five years from the dates of the leases.

Biezonderheden van Hoeven—

De plaatsen liggen in de landstreek bekend als het Rooiwater Blok ter noorden van Leydsdorp en Gravelotte Statie. De Selati spoorlijn van Komatipoort naar Messina loopt over de plaats Gravelotte en is Gravelotte Statie ongeveer 3 mijl afstand van de zuidelijke grenslijn van die plaats gelegen.

De grond is geschikt voor landbouw en veeboerderij; veel timmerhout en verschillende soorten bos; indien schoongemaakt kan een groot deel van de grond worden bebouwd, en op de meeste plaatsen is open bouwland; op zekere gedeelte van het blok en in de buurt daarvan wonen naturellen; gewone lageveld klimaat.

Watervoorziening.

Hoeve No. 1 grenst aan Groot Letabarivier.

Hoeve No. 2.—Watergaten in Miragomarivier.

De andere hoeven hebben geen standhoudend oppervlaktewater. Op de plaatsen Malati No. 274, Solomon's Mine No. 280 en Mon Désir No. 289 worden mijnclaims gehouden.

Rondavels en andere verbeteringen door de houders van de mijnclaims op deze plaatsen opgericht en aangebracht zijn het eigendom van die claimhouders.

De aandacht van applikanten wordt gevestigd op het feit dat er op de grond bekend als het Rooiwater Blok verscheidene open niet meer gebruikte prospekterschachten en mijn groeven zijn, welke mogelijk gevaar opleveren voor vee. Het is niet met zekerheid bekend op welke hoeven zulke schachten of mijn groeven bestaan, maar de huurders behoren alle stappen te nemen welke zij ter beveiliging van hun vee noodzakelijk mochten achten, ingeval en op de hierbij geadverteerde hoeven zulke schachten of mijn groeven mochten bestaan.

In de huurkontrakten ten aanzien van deze hoeven te worden uitgegeven zal een bijzondere bepaling worden opgenomen betreffende het gebruik en het leiden van water door het Goevernement.

In verband met het hout op de plaatsen zal in de huurkontrakten ten aanzien van die plaatsen waarop of door welke een rivier, stroom of spruit loopt, de volgende speciale klausule worden opgenomen:—

"De Minister zal gedurende de geldigheidstermijn van dit huurkontrakt aan de huurder geen machtiging verlenen om bomen, binnen een afstand van 25 yards aan weerskanten van de Groot Letabarivier en zijtakken daarvan groeiende, om te hakken, te vernietigen of op andere wijze daarop inbreuk te maken."

N.B.—De geslaagde applikanten zullen slechts gedurende zes maanden van elk jaar op hun hoeven moeten wonen.

Ingeval het Goevernement overeenkomstig de Omheiningwet, No. 17 van 1912, of enige wijziging daarvan, tot de kosten van de omheining van de grenslijnen, of enig deel daarvan, van de hoeven in deze kennisgeving geadverteerd, zou moeten bijdragen of voor de betaling van zodanige bijdragen de aansprakelijkheid op zich zou moeten nemen vóór de uitgifte van de hoeven, dan zal de succesvolle applikant bij de toekenning van een hoeven aan hem de aansprakelijkheid voor de betaling van zodanige bijdragen aanvaarden. Het bedrag van zodanige bijdrage moet door de persoon aan wie de plaats wordt toegekend in kontanten aan het Goevernement worden betaald, of kan naar verkiezing van de persoon aan wie het eigendom is toegekend, worden gevoegd bij de waardering van de hoeven, in welk geval de bedragen van de huur en paaielementen van de koopprijs dienovereenkomstig zullen worden verhoogd. Geslaagde applikanten voor enige van de hoeven, waarvan de grenslijnen of gedeelten daarvan omheind zijn, zullen aansprakelijkheid moeten aanvaarden, overeenkomstig de Omheiningwet van 1912, voor enige bedragen welke door de eigenaren van aanliggende eigendommen, krachtens die wet, geëist mogen worden.

In de huurkontrakten te worden uitgereikt in verband met hoeven waarop boorgaten zijn of mochten worden gezonken zal voorziening gemaakt worden waardoor de Regering het recht hebben zal van toegang tot en het recht om voor boordoeleinden water te nemen uit de boorgaten voor een tijdperk van vijf jaren van af de datums van de huurkontrakten.

In the event of boring operations being undertaken on any of the holdings contained in this notice before the date of allotment thereof, the cost of the boring operations will be added to the valuations of the holdings on which boreholes have been or may be completed, and the rentals and instalments of purchase price increased accordingly, from the date of completion of the borehole.

In the event of an allottee making an application for a borehole to be sunk on his holding, and of such application being approved by the Minister of Lands, the cost of such borehole (exclusive of transport, fuel, and water, which must be borne by the allottee) will be added to the valuation of the holding and the half-yearly rentals and instalments of purchase price increased accordingly, as from the date of the completion of the work.

It will be a condition of lease that the successful applicant for any of the above holdings on which boreholes exist or may be sunk previous to or after allotment will be held responsible as from the date of allotment or of completion of the work for the proper care and maintenance of the borehole or boreholes on his holding, and shall be liable for any damage caused thereto. He must, therefore, on no account raise water without proper pumping machinery. Inquiries as to the most suitable machinery to be utilized in connection with any borehole should be made to the Director of Irrigation, Pretoria, by the successful applicant before proceeding to erect pumping machinery.

No rights to minerals, mineral products, mineral oils, precious stones, precious and base metals will be granted, and the lease will be subject to such rights as the public or the Government may now or hereafter have or be entitled to obtain under, or by virtue of, any law relating to mining stands, or to prospecting, digging, mining for, or exploiting of minerals, mineral products, mineral oils, precious stones, precious and base metals on the land or water thereon, for a lease of which land applications are hereby invited. No compensation shall be claimable or payable for any damage or disturbance whatever caused by the exercise of such mining rights.

General Remarks—

The lease to be issued will contain conditions relative to residence, improvements, fencing, minerals, outspans, roads, and such other conditions as are usually inserted in agricultural leases granted under the Crown Lands Disposal Ordinance, 1903 (Transvaal). A copy of the lease to be issued may be obtained on application to the Secretary for Lands, Pretoria, and it is recommended that applicants will make themselves acquainted with the conditions of the lease before submitting applications.

The rent paid during the lease period of five years is not deducted from the purchase price in the event of the option to purchase being exercised.

All rights to minerals, mineral products, mineral oils, metals, and precious stones are reserved to the Crown.

The Department has made every effort to render as accurate as possible the information given in this notice, but will not be responsible for any inaccuracies should such exist.

Applicants are recommended personally to inspect farms before formally applying therefor. In considering applications for holdings, Land Boards decline, as a rule, to recommend allotments to applicants who have failed to inspect personally or to have had inspected on their behalf the holdings applied for. No railway or transport concessions are given by the Government in connection with the inspection of holdings.

After the expiry of this notice intending applicants should ascertain from the Department of Lands which holdings are still available before proceeding to inspect any of them.

Occupation can be granted immediately on allotment, unless other provision be made in the letter of allotment.

All applications must be submitted on the prescribed form, which can be obtained from the Magistrate, Pietersburg, or from the Secretary for Lands, Pretoria.

The Department has a staff dealing specially with applications and inquiries for land, and prospective settlers desirous of obtaining information with regard to land settlement are advised to apply for such information direct to the Department of Lands, Union Buildings, Pretoria.

★ No. 921.]

[15th July, 1919.

It is hereby notified that Lots Nos. T70 to T86, inclusive, situated at Illovo Beach, Division of Durban, Province of Natal, will, in terms of Proclamation No. 105 of 1913 (Natal), be offered for sale by public auction by Messrs. Hugh Thompson & Co.

Ingeval boorwerkzaamheden ondernomen mochten worden op enige van de hoeven, in deze kennisgeving geadverteerd, vóór de datum van toekenning daarvan, dan zullen de kosten daarvan gevoegd worden bij de koopprijzen van de hoeven, waarop boorgaten zijn of mochten worden voltooid, en de huurprijzen en paalementen op de koopprijzen zullen diensgevolge verhoogd worden van af datum van de voltooiing van de boorgaten.

Indien de persoon, aan wie een hoeve is toegewezen, verzoekt, dat op zijn hoeve een boorgat moge worden gezonken, en zodanige applikatie door de Minister van Landen wordt goedgekeurd, dan zullen de kosten van zodanig boorgat (behalve van transport, brandstof en water, welke door die persoon moeten worden betaald) gevoegd worden bij de koopprijs van de hoeve, en de halfjaarlijkse huurprijs en paalementen op de koopprijs zullen diensgevolge vermeerderd worden van af de datum van de voltooiing van het werk.

Een voorwaarde van het huurkontrak zal zijn, dat de suksessvolle applikant voor enige van de bovengenoemde hoeven waarop boorgaten bestaan of vóór of na toekenning mochten gezonken zijn, met ingang van de datum van toekenning of van voltooiing van het werk verantwoordelijk zal worden gehouden voor de behoorlijke oppassing en het onderhoud van het boorgat of de boorgaten op zijn hoeve en aansprakelijk zal zijn voor enige schade daaraan veroorzaakt. Hij moet derhalve in geen geval zonder behoorlijke pompmachines daaruit water nemen. Navraag, betreffende machinerie welke het meest geschikt is om te worden gebruikt in verband met enige van de boorgaten, behoort door de suksessvolle applikant bij de Direkteur van Irrigatie te Pretoria te worden gedaan alvorens tot de oprichting van enige pomp-machinerie over te gaan.

Geen rechten op mineralen, minerale produkten, minerale olieën, edelgesteenten, edele en onedele metalen zullen worden toegekend, en het huurkontrak zal onderworpen zijn aan zulke rechten als het publiek of het Goevernement nu of later mag hebben of toe gerechtigd zal zijn, onder en uit kracht van enige wet met betrekking tot mijngronden of het prospekteren, delven, mijnen naar, of het eksploiteren van mineralen, minerale produkten, minerale olieën, edelgesteenten, edele en onedele metalen, op de grond of het water daarop, voor de huur van welke grond hiermede applikaties gevraagd worden. Geen kompensatie zal geëist kunnen worden of betaalbaar zijn, voor enige schade of storing van welke aard ook veroorzaakt door de uitoefening van zulke mijnrechten.

Algemene Opmerkingen—

Het uit te reiken huurkontrak zal voorwaarden bevatten met betrekking tot de okkupatie, verbeteringen, omheining, mineralen, uitspanningen, wegen en zulke andere voorwaarden als gewoonlijk gesteld worden in landbouwhuurkontrakten uitgereikt onder de Kroonlanden Beschikkings Ordonantie, 1903 (Transvaal). Een kopie van het huurkontrak dat zal worden uitgereikt is verkrijgbaar op aanvraag bij de Sekretaris voor Landen, Pretoria, en het verdient aanbeveling dat applikanten zich eerst op de hoogte stellen van de huurvoorwaarden alvorens hun applikaties in te zenden.

De huur, betaald gedurende het tijdperk van het huurkontrak van vijf jaren, wordt niet van de koopprijs afgetrokken ingeval gebruik gemaakt wordt van de optie tot aankoop.

Alle rechten op mineralen, minerale produkten, minerale olieën, metalen en edelgesteenten zijn gereserveerd voor het Goevernement.

Het Departement heeft alle pogingen gedaan om de informatie in deze kennisgeving vervat, zo juist mogelijk te geven, maar zal niet verantwoordelijk zijn voor onjuistheden, welke mochten voorkomen.

Applikanten worden aanbevolen plaatsen persoonlijk te inspekteren, alvorens formele applikatie daarvoor in te dienen. Bij de overweging van applikaties voor hoeven, zijn Landraden niet geneigd toekenningen aan te bevelen aan applikanten die verzuimd hebben persoonlijk of door iemand anders ten hun behoeve, de hoeven waarvoor zij applikatie hebben gemaakt te inspekteren. Geen spoorweg- of andere transportkoncessies worden door de Regering in verband met de inspektie van hoeven toegestaan.

Na de datum, waarop deze kennisgeving afgelopen is, behoren applikanten eerst van het Departement van Landen te vernemen welke hoeven nog beschikbaar zijn, alvorens enigen daarvan te gaan inspekteren.

Onmiddellijk na toekenning kan okkupatie worden toegestaan, tenzij in het schrijven van toekenning anders bepaald wordt.

Alle applikaties moeten worden ingediend op de voorgeschreven vorm, welke van de Landdrost van Pietersburg, of van de Sekretaris voor Landen, Pretoria, kunnen worden verkregen.

Het Departement heeft een staf die speciaal applikaties en navragen betreffende grond behandelt en aanstaande settlers, die met betrekking tot landnederzetting informatie verlangen, worden aangeraden om zich met het verzoek om die informatie rechtstreeks te wenden tot het Departement van Landen, Uniegebouw, Pretoria.

KENNISGEVING No. 450 VAN 1919.

KENNISGEVING AAN MAATSCHAPPIJEN.—BOEDEL-RECHTEN WET VAN 1909.

1. Alle maatschappijen geregistreerd, ingelijfd of handel-drijvende in de Transvaal, worden in termen van sekte dertien van bovengenoemde wet vereist een opgave te doen, vóór de

names and addresses of all persons who, by reason of death, have ceased to be shareholders since the 30th June, 1918. No company is excepted from this obligation unless it has been granted and holds a special certificate of exemption from the operation of the Act as provided in section *eleven* (2) of the Act.

2. The annual return in question is the means provided by law for ascertaining that the duty imposed on shares and debentures of Transvaal companies belonging to the estates of deceased persons has in every case been paid to the Transvaal revenue. The making of the return by every company is consequently indispensable, and it is desired to notify that compliance will be required without fail.

3. The law imposes a daily penalty on directors, managers, or other responsible representatives of companies for failure to make the return, and also renders companies liable to make good to the revenue any duty (with 12 per cent. interest added) lost or unpaid through any default of the company.

4. Companies are therefore invited to make the return at an early date, but in any case not later than the 31st July, and to note that the return must be rendered to the Commissioner for Inland Revenue and not the Registrar of Companies.

5. If no persons have ceased to be shareholders as specified above, a "nil" return must be rendered.

* NOTICE No. 542 OF 1919.

PUBLIC SERVICE COMMISSION OF INQUIRY.

LOCAL ALLOWANCES.

In dealing with the question of Local Allowances the Commission has had placed before it for consideration two methods by which such differentiation in pay as may be found desirable in certain districts shall be provided for—

- (1) by a continuance of the existing system of pay and local allowances;
- (2) by a system of district rates of pay.

There is little difference between the two methods, as in the one case the remuneration would, for example, be paid in the form of a salary of £240 plus local allowance of, say, £60, total £300, and in the other district salary of £300 would apply.

Contributions to the pension funds would be based on £240 under both schemes.

A large number of Government servants appear to have a distinct preference for the district rate basis of remuneration as opposed to pay and local allowances, and the Commission has called upon associations of public and railway servants to arrange for the point at issue to be considered and subsequently for representatives to be prepared to give evidence on the subject.

Any public or railway servant desirous of making representations on the above subject is invited to do so in writing through the secretary on or before the 28th July.

As the Commission has already taken very voluminous evidence on the question of the costs of living no further information on this point is desired.

H. HAMMOND,
for Secretary,
Public Service Commission of Inquiry.

Room 25, Union Buildings,
Pretoria, 16th July, 1919.

* KENNISGEWING No. 542 VAN 1919.

STAATSDIENSKOMMISSIE VAN ONDERSOEK.

PLASELIKE TOELAE.

In verband met die behandeling van die kwessie van Plaselike Toelae is daar voor die Kommissie ter oorweging gelê twee metodes waarby voorsiening kan gemaak word vir die trek van sodanig 'n verskil in besoldiging in seker distrikte als wenselik mag geag word—

- (1) deur die voorsetting van die bestaande stelsel van besoldiging en plaselike toelae;
- (2) deur 'n stelsel van distrikskale van besoldiging.

Daar is maar min verskil tussen die twee metodes aangesien in die een geval die besoldiging sal geskied b.v. in die vorm van 'n salaris van £240 plus 'n plaselike toelaag van seg £60, totaal £300, en in die ander geval 'n distriksalaris van £300 sal toegepas word.

Bidrae tot die pensioenfonds word in albei gevalle bereken op £240.

Dit lyk alsof een groot aantal Goevernementsambtenare beslis die distrikskaal van besoldiging als basis verkies en die Kommissie het assosiasies van Staats- en Spoorwegbeambtes opgeroep om 'n oorweging van die saak te reël sodat verteenwoordigers van sodanige assosiasies later bereid kan wees om getuieis oor die saak af te lê.

Enig Staats- of Spoorwegbeambte wat begerig is om representasies oor bogemelde saak voor te lê word uitgenodig om sulks skriftelik te doen deur middel van die Sekretaris, nie later als 28 Julie nie.

Aangesien die Kommissie reeds baie getuieis afgeneem het oor die kwessie van die koste van die bestaan word geen verder inligting omtrent daardie punt verlang nie.

H. HAMMOND,
vir Sekretaris van Staatsdienskommissie van Onderzoek.
Kamer 25, Uniegebouw,
