December, 1918. M.M. 1995/19.

NATIVE TRADING ON MINES.

To the Honourable the Minister of Mines and Industries.
Sir,

1. We have the honour to submit our report upon the matters referred to us. The first meeting was held on 4th February, 1919, and in all we have held eight committee meetings and seven public sittings, and have examined twenty-five witnesses. A list of the individuals, firms, associations, and chambers which have assisted us in our deliberations will be found in Annexure A to this report. We made an inspection of a large number of representative stores along the reef.

2. We obtained information relating to notarial and general bonds, transfers of reef stores, and abandoned businesses. The results of these investigations are set out in Annexures B to I.

3. At the outset of our investigations we were confronted with the somewhat loose use of the term "concession store," which was variously applied by witnesses to all stores having their origin in Government action, i.e. stores situate upon trading stands and trading sites, or to all stores situate in favourable positions in relation to the mining compounds which they serve. The term "concession store" is purely colloquial and finds no place in any of the statutes. It is, however, so widely used that it is thought advisable to explain its origin. Some time prior to the South African war of 1899-1902 a number of stores had become established along the reef contrary to law on land held under mining title through lax administration or a misreading of the existing laws. The position was further aggravated immediately after the South African war through the action of some of the groups controlling the Witwatersrand mines who, either in contravention or again through a misreading of the existing laws, granted to certain favoured individuals special trading facilities or concessions on land held under mining title and in very close proximity to the gates of certain mining compounds. This position led to legislation (Ordinance No. 35 of 1905 and Act No. 35 of 1907) by which these unlawfully created stores were validated.

36. Alle inkomsten afkomstig uit door het Delverskomitee, krachtens deze regulaties opgelegde belastingen, zullen ten behoeve van het komitee in de Nationale Bank worden gedeponeerd, en zullen alleen worden teruggetrokken na machtiging van het komitee door een cheque, door de sekretaris getekend, en geëndosseerd door de voorzitter. Mits dat in het Mijndistrikt Pretoria zulke gelden zullen worden inbetaald aan het Gekonsolideerde Inkomstefonds, en mits verder dat enig saldo van inkomsten, dat mocht in handen zijn bij opheffing van enig Delverskomitee, zal worden inbetaald aan het Gekonsolideerde Inkomstefonds van de Unie van Zuid-Afrika.

37. Het Delverskomitee, of waar geen Delverskomitee is, de Mijnkommissaris, zal de uitsluitende kontrole hebben over alle Lovengrondwaters in enige pan, vlei, of verlaten claim of claims op enige geproklameerde delverij op Kroonland.

38. Geen venter op Kroonland, noch op privaat land, zal zonder vergunning van de eigenaar worden toegestaan zijn goederen te venten op enige claim die wordt bewerkt, of handel te drijven met de daar werkende arbeiders gedurende werkuren.

39. Enig persoon, die een van de bepalingen van Regulaties Nos. 14 tot en met 39 overtreedt, zal na schuldigbevinding kunnen worden gestraft met een boete £15 niet te boven gaande.

✱ No. 1349.] [10 Oktober 1919.

Hiermede wordt voor algemene informatie bekendgemaakt dat Arthur Kenneth Le Rai Harvey aangesteld is als Mijnkommissaris voor het Mijndistrikt Heidelberg, van af 1 Oktober 1919, in plaats van George Harold Trevelyan, Mijnkommissaris, verplaatst naar Pietersburg.

✱ No. 1351.] [13 Oktober 1919.

Mits deze wordt ter algemene informatie bekendgemaakt dat Howard Eustace Stevens aangesteld is als Verantwoordelike Klerk voor het Mijndistrikt Pelgrimsrust van af 1 Mei 1919.

Desember 1919.

NATURELLEHANDEL OP DE MIJNEN.

Aan Zijn Edele de Minister van Mijnwezen en Nijverheid,
Weledele Heer,

1. Wij hebben de eer ons rapport uit te brengen over de zaken naar ons verwezen. De eerste vergadering werd gehouden op de 4de Februarie 1919 en alles te zamen hebben wij acht komiteevergaderingen gehouden en zeven publieke vergaderingen en hebben 25 getuigen gehoord. Een lijst van de personen, firma's, verenigingen en kamers die ons bijgestaan hebben zal gevonden worden in bijlage A tot dit rapport. Wij hebben een groot aantal vertegenwoordigende winkels langs het Rif geïnspekteerd.

2. Wij wonnen informatie in aangaande notariële en algemene verbanden, transporteringen van Rifwinkels en verlaten bezigheden. De resultaten van deze onderzoeken worden uiteengezet in bijlagen B tot I.

3. Bij het begin van onze onderzoekingen kwamen wij te staan voor het enigszins losse gebruik van de term "koncessiewinkel" die op verscheidene manieren gebruikt werd door getuigen als betrekking hebbende op alle winkels die hun bestaan hebben door Goevernements handeling, i.e. winkels gelegen op bezigheidstands en handelstands, of tot alle winkels gelegen in voordelige posities ten aanzien van de mijncompounds die zij bedienen. De term "koncessiewinkel" is slechts bij wijze van spreken en wordt niet in een van de wetten genoemd. De term wordt echter zoveel gebruikt dat het nodig geacht wordt haar ontstaan uit te leggen. Voor de zuidafrikaanse oorlog, 1899-1902, waren er een aantal winkels op het Rif opgezet tegen de wet op land onder mijntransport staande wegens niet strenge administratie of een verkeerd lezen van de bestaande wet. De toestand werd nog verergerd onmiddellik na het beëindigen van de zuidafrikaanse oorlog door de handelwijze van sommige van de groepen die de Witwatersrandmijnen kontroleerden, die of door overtreding of door een verkeerde uitlegging van de bestaande wetten aan zekere begunstigde individuen handelsvoorrechten of koncessies toestonden op land onder mijn transport gehouden en in de onmiddellike nabijheid van de hekken van sommige van de mijncompounds. Deze toestand leidde tot wetgeving (Ordonantie No. 35 van 1905 en Wet No. 35 van 1907) waardoor deze onwettig opgezette winkels wettig verklaard werden.

4. Inquiries into the existing system of trading with natives on the mines of the Witwatersrand have satisfied us that one of the principal defects of the present system is to be found in the high prices frequently agreed to be paid for the goodwills of businesses when transfers take place. It is open to grave doubt whether these amounts are more than book entries, but it is certain that through them a large amount of control is exercised by wholesale firms who, in most cases, finance such transfers. Usually the amount of cash paid in respect of goodwill is a comparatively small sum, and the actual payment is spread over a long period entailing heavy charges for interest. Although it has been shown that high prices for goodwill in individual cases do not immediately affect the retail prices of goods to the detriment of the purchaser we are satisfied that in the aggregate the charges in respect of the goodwill must ultimately be met by the native consumer.

5. Whilst recognizing that the defects mentioned are inherent to the system, we feel warranted in drawing attention to certain objectionable methods adopted in the conduct of trade on the Witwatersrand. Certain correspondence was placed before us which clearly showed that wholesale dealers have not scrupled to bring pressure to bear on prominent manufacturers and induced them to refuse to supply a co-operative society with staple articles of commerce commonly supplied to wholesale merchants. Our attention was also drawn to dishonest practices by retailers in connection with the sale of bread to natives, and we have embodied in our report a recommendation the adoption of which it is hoped will have a remedial effect. Other abuses were also mentioned in evidence, but they appeared to us as being in the nature of occasional cases of unfair treatment of native customers. A simple and direct method of laying complaints before the authorities would doubtless help to minimize grievances. On the other hand, we have received authoritative and convincing evidence that amongst reef traders as a class there has for many years been an almost complete absence of convictions for more serious crimes such as illicit liquor or illicit gold dealing.

6. We find ourselves unable to agree with the statement made in the minority report of the Cost of Living Commission that the present system is based upon monopoly in view of the fact that the needs of the native labourers on the Witwatersrand are catered for by about 790 stores, exclusive of the large number of stores in reef towns which also cater solely or partly for native trade.

7. None of the evidence led has shown that, prior to the boycott which occurred in 1918, there was any widespread dissatisfaction on the part of the natives with the existing system, whilst it is clear to us that the boycott was in the main due to the increase in retail prices caused by war conditions. The witnesses most likely to be conversant with native grievances stated that prior to the boycott no complaints regarding the existing system of trading had been received by them.

8. In its report on investigations of accounts of mine storekeepers, dated 30th March, 1918, the Cost of Living Commission attributed the native unrest partly to "the natives' dislike of the section of this community by whom these stores are practically monopolized," but this statement, it is only fair to record, was denied in evidence given before us by native witnesses.

9. The Cost of Living Commission's Report of 30th March, 1918, already mentioned, shows that the retail prices charged to native consumers on the Witwatersrand compare favourably with those ruling in Basutoland and are very much below the rates prevailing in the Transkei. It is to be remembered, however, that the essential factor that distinguishes trade with natives from European trade is the limitation of the former's earning capacity, and therefore of his spending power. For this reason, if for no other, it appears desirable that the native mine worker should be enabled to purchase such necessities as are not supplied by his employer at the lowest prices consistent with a reasonable trade profit for the seller.

10. Various methods intended to bring about this result have been suggested. The Cost of Living Commission, in paragraph 96 of its Profits Report, suggests the following alternative methods:—

(*a*) That the Government establish a central buying agency with subsidiary stores along the reef selling goods at prices based upon actual cost, etc.

(*b*) That co-operative stores established for and by white workers open native departments subject to inspection by the Department of Native Affairs.

As the latter method is mentioned in (*a*) of the terms of reference it will be convenient to deal with this subject first. The witnesses who confessed themselves advocates of the principles and methods of co-operation agreed that it was not possible to apply co-operation in practice to native trade. The reasons for that opinion may best be summarized in the evidence given by the Chairman of the Cost of Living Commission himself. Mr. Pim said:—

> "I do not think the native is educated enough to be able to be a co-operator himself. The white population still requires education. I do not think the native could be a co-operator to-day in the proper sense of the word. I go further and say I do not see how the present co-operative movement could really run a concern like this. That is the white co-operative movement."

We are of opinion that whatever success may have attended productive co-operation in the Union in recent years, the system of distributive co-operation has not nearly reached the state of efficiency and usefulness which it has attained in other countries, and its application to native trading is impracticable.

4. Onderzoek naar het bestaande sisteem van handel met naturellen op de mijnen van de Witwatersrand heeft ons overtuigd dat een van de hoofdtekortkomingen van het tegenwoordige sisteem gevonden moet worden in de hoge prijzen die dikwels worden betaald volgens overeenkomst voor de "goodwill" van bezigheden wanneer overnemingen plaats vinden. Er bestaat grote twijfel of deze bedragen iets anders menen dan aantekeningen in boeken, maar zeker is het dat door hen een grote kontrole uitgeoefend wordt door groothandelaars, die in de meeste gevallen de geldzijde van zulke overnemingen bewerken. Gewoonlik is het bedrag in kontant betaald van de "goodwill" een betrekkelike kleine som en de afrekeningen lopen over een lang termijn met zich brengende hoge kosten van rente. Niettegenstaande aangetoond werd dat hoge prijzen voor "goodwill" in individuele gevallen niet onmiddellik de kleinhandelprijzen affekteren ten nadele van de koper zijn wij overtuigd dat over het algemeen genomen de kosten ten aanzien van de "goodwill" uiteindelik toch betaald moet worden door de naturelleverbruiker.

Terwijl wij erkennen dat de genoemde defekten eigen zijn aan het sisteem, gevoelen wij ons gerechtvaardigd de aandacht te vestigen op zekere stuitende methoden waarvan gebruik gemaakt wordt in de handel op de Witwatersrand. Zekere korrespondentie werd ons voorgelegd die duidelik aan het licht brachten dat groothandelaars niet teruggedeinsd hebben om druk uit te oefenen op prominente manufakturiers en hen overgehaald hebben te weigeren zekere koöperatieve verenigingen te voorzien van voorname handelsartikelen waarvan de groothandelaar gewoonlik wordt voorzien. Onze aandacht werd ook gevestigd op oneerlikheid gepleegd door kleinhandelaars in verband met de verkoop van brood aan naturellen, en wij hebben in ons rapport een aanbeveling opgenomen, de aanname waarvan wordt gehoopt dat die een verbetering zal teweegbrengen. Van andere misbruiken werd in de getuigenis ook gewag gemaakt doch zij schenen ons toe in enkele gevallen voor te komen van onrechtvaardige behandeling van naturelleklanten. Een gemakkelike en direkte manier om klachten voor de autoriteiten te leggen zou ongetwijfeld helpen om de grieven te verminderen. Aan de andere kant weer hebben wij geloofwaardige en overtuigende getuigenis gekregen dat onder Rifhandelaars als een klasse er voor vele jaren bijna geen veroordelingen wegens meer ernstige misdaden zoals onwettige drankhandel en onwettige goudhandel voorkwamen.

6. Wij zijn niet in staat saam in te stemmen met de verklaring die gemaakt is in het minderheidsrapport van de Levenskosten-kommissie, dat het tegenwoordige sisteem gebaseerd is op monopolie, aangezien in de behoeften van de naturellearbeiders op de Witwatersrand voorzien wordt door ongeveer 790 winkels, uitgesloten het groot aantal winkels in Rifsteden die gedeeltelik of geheel in de behoeften van de naturellen voorzien.

7. Niets in de voortgebrachte getuigenis heeft aangetoond dat voor de boycot, die plaats vond in 1918, er enige ontevredenheid bestond van de kant van de naturellen met het bestaande sisteem, terwijl het ons duidelik is dat de bestaande boycot hoofdzakelik te wijten was aan de vermeerdering van kleinhandelprijzen veroorzaakt door oorlogstoestanden. De getuigen die het meest op de hoogte kunnen zijn van de naturellegrieven verklaarden dat voor de boycot er geen klachten betreffende het bestaande sisteem van handel door hen ontvangen werden.

8. De Levenskosten-kommissie in haar rapport over de onderzoekeningen van rekeningen van mijnwinkeliers, gedateerd 30 Maart 1918, schreef de naturelleonrust gedeeltelik toe aan "het niet houden door de naturellen van het deel der gemeenschap door wien deze winkels feitelik in monopolie gehouden worden," doch deze verklaring werd ontkend in de getuigenis door ons gehoord van naturellegetuigen. Het is slechts billik om dit te melden.

9. Het rapport van de Levenskosten-kommissie, gedateerd 30 Maart 1918, waarvan alreeds melding gemaakt is, toont aan dat de kleinhandelprijzen gevraagd van de naturelleverbruikers aan de Witwatersrand voordelig zijn vergeleken met de bestaande prijzen in Basoetoland en veel lager zijn dan die in de Transkei. Men moet echter niet uit het oog verliezen dat de essentiële faktor die handel met naturellen kenmerkt van die met blanken de beperking van het verdienstvermogen van eerstgenoemde is, en daarom van zijn uitgevingskracht. Om deze reden, indien dan voor geen andere, schijnt het wenselik dat de naturellemijnwerker in staat behoort gesteld te worden om zulke benodigdheden die niet door zijn werkgever verstrekt worden tegen de laagste prijzen te kunnen kopen met een redelike handelsverdienste voor de verkoper.

10. Verschillende methodes om dit resultaat te verkrijgen werden voorgesteld. De Levenskosten-kommissie in paragraaf 96 van haar rapport stelt de volgende alternatieve methoden voor:—

(*a*) Dat het Goevernement een centraal inkoopsagentschap opricht met gesubsidieerde winkels langs het Rif, goederen verkopende tegen prijzen gebaseerd op werkelike kosten, enz.;

(*b*) dat koöperatieve winkels, opgericht voor en door blanke werkers, naturelle-departementen-afdelingen openen, onderworpen aan inspektie door het Naturelledepartement.

Daar laatstgenoemde methode genoemd wordt in (*a*) van de instrukties aan het komitee zal het gemakkelik zijn eerst met dit onderwerp te handelen. De getuigen die opkwamen voor de principes en methoden van koöperatie stemden overeen dat het niet doenlik was koöperatie in praktijk toe te passen op de naturellehandel. De reden voor deze mening kunnen het best weergegeven worden in de getuigenis van de Voorzitter van het Levenskosten-kommissie. Mnr. Pim zeide:—

> "Ik denk niet dat de naturel hoog genoeg staat om zelf een koöperateur te zijn. De blanke bevolking vereist nog opvoeding. Ik denk niet dat de naturel vandaag een koöperateur zou kunnen zijn in de werkelike zin van het woord. Ik ga verder en zeg dat ik niet zie hoe de tegenwoordige koöperatieve beweging een bezigheid zoals deze zou kunnen drijven. Dat is de blanke koöperatieve beweging."

Wij menen dat welke mate van sukses ook al gepaard mocht gegaan zijn met produktieve koöperatie in de Unie in voorgaande jaren, heeft het sisteem van distributieve koöperatie nog bij verre niet het stadium van volmaaktheid en nuttigheid bereikt, dat dat sisteem in andere landen bereikt heeft en dat zijn toepassing op naturellehandel onprakties is.

An examination of the suggestion (*a*) of the Cost of Living Commisison, the establishment of a central buying agency and subsidiary stores along the reef, shows that in order to produce the desired result, namely, a reduction in the cost of commodities to the native consumer, the creation of an extensive organization would become necessary, entailing the expropriation or elimination of a considerable number of existing stores, a proceeding which we are unable to recommend. Apart, however, from that aspect of the question, it has not been shown to our satisfaction that a large trading organization conducted by a Government Department would bring about any material reduction in the prices of commodities. It is unlikely that such an organization could be carried on more efficiently or more economically than businesses run by individuals for their own benefit, and we are not prepared to recommend State enterprise in this direction.

11. Other suggestions made to us were—
(*c*) unrestricted free trade;
(*d*) the establishment of bazaars;
(*e*) removal of the restrictions against mine owners themselves establishing stores for the convenience of their native employees.

As regards suggestion (*c*) unrestricted free trade, the appended brief résumé of the history of legislation on this subject sufficiently discloses the reasons which in the past have dictated the policy of placing certain restrictions upon trading with natives employed in the mining industry. We are satisfied that unrestricted free trade would necessarily result in seriously hampering mining development and more especially surface equipment, and would also conduce to the commission of illicit and criminal acts which it would be beyond the powers of the authorities to keep in check.

BRIEF HISTORY OF LEGISLATION CONCERNING TRADING ON MINING GROUND.

1. The first legislation regarding trading on proclaimed gold fields appears in Law No. 6 of 1875, *clause eight* of which provided that the Gold Commissioner should keep a register of all trading licences. Clause *seventeen* of this Law imposed a penalty on persons carrying on trade without a licence.

2. By Law No. 1 of 1883, clause *seven*, it was provided that persons wishing to erect a shop should take out a stand licence, which licence conferred the right to beacon off a piece of land in extent 50 feet by 50 feet in a locality approved by the Gold Commissioner, with the proviso that it should not be in obstruction of the digging (ter belemmering der delverij).

3. The essential provisions of this clause remained unaltered, except in minor details, until the year 1898, when for the first time it was provided by article *ninety-two* of Law No. 15 of 1898 that a stand could not be granted on mining ground held under mynpacht brief or claim licence.

4. The next change in legislation took place in the year 1905 when by Ordinance No. 35 of 1905 provision was made to regulate trading upon ground held under mining title in the Mining Districts of Boksburg, Johannesburg, and Krugersdorp. Under this Act a board was created which had the power to set aside stands for trading purposes on ground held under mining title and to grant certificates entitling the holders thereof to obtain licences to carry on the trade of a general dealer upon any stands so set apart.

5. Section *fourteen* of Ordinance No. 35 of 1905 validated until the 31st December, 1906, certain theretofore unlawful trading.

6. Act No. 35 of 1907, repealed section *fourteen* of Ordinance No. 35 of 1905, and by section *three*, extended the protection afforded by the repealed section to certain additional persons formerly trading unlawfully, and in effect extended the period of protection indefinitely.

7. Ordinance No. 35 of 1905 and Act No. 35 of 1907 were repealed by the Precious and Base Metals Act of 1908 (Act No. 35 of 1908, Transvaal), but their essential provisions were re-enacted by sections *eighty-two* and *eighty-seven*.

8. These sections of Act No. 35 of 1908 were repealed by the Trading on Mining Ground Regulation Act (Act No. 13 of 1910) which established an entirely new principle. This Act, whilst protecting existing trading stands, abolished the method of creating such stands and also the Trading Board. It made provision for the creation by mining commissioners of trading sites and for the sale of the right to trade on these sites for a limited period by public auction to the approved bidder of the highest annual sum. This Act is in force at the present time.

RESTRICTIONS IN RESPECT OF TRADING BY PERSONS CONNECTED WITH GOLD MINING COMPANIES.

Law No. 18 of 1896 prohibited directors, secretaries, and mine officials from having or acquiring any direct or indirect interest in shops or businesses on mining ground. It also made it unlawful to pay the wages of workmen in any other manner than by currency (gangbare klinkende munt), and it imposed very severe penalties for contraventions of these provisions.

This Law also provided that any person convicted of illegal dealings in unwrought precious metals or precious stones, or of being concerned in such dealing, should not again be allowed to carry on trade on any mine property.

Law No. 18 of 1896 was repealed by the Precious and Base Metals Act (Act No. 35 of 1908), but its provisions were re-enacted in somewhat more elaborate form by sections *ninety-seven* and *ninety-eight* of that Act.

12. The idea in the mind of the witness who put forward suggestion (*d*), the establishment of bazaars, was that areas be selected in suitable positions upon which any persons irrespective of colour, creed, or race should be permitted to occupy stalls for trading purposes on lines similar to those followed in municipal markets. Residence within such bazaars was not to be permitted. The difficulty of finding areas in positions suitable for serving a group

Een beschouwing van het voorstel (*a*) van de Levenskostenkommissie, de oprichting van een centraal inkoopsagentschap, en gesubsideerde winkels langs het Rif, toont aan dat om het gewenste resultaat te verkrijgen, namelik een vermindering in de kosten van benodigdheden van de naturelleverbruiker, de oprichting van een uitgebreide organisatie nodig zou zijn, wat met zich zou brengen de verwijdering of onteigening van een aanzienlik aantal van de bestaande winkels. Wij zijn niet in staat zulk een handelwijze aan te bevelen. Afgescheiden echter van die kant van de zaak werd aan ons niet ter onzer bevrediging getoond dat een grote handelsorganisatie, beheerd door een Goevernementsdepartement, enige kenbare vermindering in de prijzen van benodigdheden teweeg zou brengen. Het is onwaarschijnlik dat zulk een organisatie meer bevredigend zou werken of meer ekonomies dan bezigheden die gedreven worden door personen voor hun eigen voordeel en wij zijn niet bereid Staatsonderneming in deze richting aan te bevelen.

11. Andere voorstellen aan ons gedaan waren—
(*c*) onbeperkte vrijhandel;
(*d*) het oprichten van bazaars;
(*e*) verwijdering van beperkingen tegen mijneigenaars dat zij zelf winkels op kunnen richten voor het gemak van hun naturelleëmployees.

Wat betreft voorstel (*e*), onbeperkte vrijhandel, toont aangehecht kort resumé van de geschiedenis van wetgeving op dit onderwerp genoegzaam de redenen aan, die in het verleden de richting gegeven hebben van het plaatsen van zekere beperkingen op handeldrijven met naturellen geëmployeerd in de mijnindustrie. Wij zijn er van overtuigd dat onbeperkte vrijhandel noodzakelikerwijze hinderingen in het mijnwerk tot resultaat zou hebben en meer in het biezonder bovengrondse uitrusting en ook zou bijdragen tot onwettige- en kriminele-daden waarover de autoriteiten geen macht zouden hebben die in bedwang te houden.

KORTE GESCHIEDENIS VAN WETGEVING BETREFFENDE HANDEL OP MIJNGROND.

1. De eerste wetgeving betreffende handeldrijven op geproklameerde goudvelden verschijnt in Wet No. 6 van 1875, klausule *acht*, waarvan voorziening maakte dat de Goudkommissaris een register moest houden van alle handelslicenties. Klausule *zeventien* van deze wet legde een straf op personen die handel dreven zonder een licentie.

2. Door Wet No. 1 van 1883, klausule *zeven*, werd voorziening gemaakt dat personen die wensten een winkel op te zetten een standlicentie uit moesten nemen; die licentie verstrekte het recht een stuk grond 50 voet bij 50 voet af te bakenen van een door de Goudkommissaris goedgekeurd terrein, met het voorbehoud dat het niet ter belemmering van de delverij zou zijn.

3. De essentiële bepalingen van deze klausule bleven onveranderd, uitgezonderd kleine biezonderheden, tot het jaar 1898, toen het voor de eerste maal in artikel *twee en negentig* van Wet No. 15 van 1898 neergelegd werd dat een stand niet toegestaan kon worden op mijngrond onder mijnpachtbrief of claimlicentie.

4. De volgende verandering in wetgeving vond plaats in het jaar 1905 toen bij Ordonantie No. 35 van 1905 voorziening gemaakt werd om de handeldrijving op grond onder mijntransport in de Mijndistrikten Boksburg, Johannesburg en Krugersdorp te regelen. Onder deze wet werd een Raad gesticht die de macht had stands voor handelsdoeleinden uit te houden op grond onder mijntransport en certifikaten uit te reiken, de houders daarvan het recht gevende het beroep van algemene handelaar uit te oefenen op enige stands alzo uitgehouden.

5. Artikel *veertien* van Ordonantie No. 35 van 1905 bekrachtigde tot 31 Desember 1906 zekere tot op dat tijdstip onwettige handel.

6. Wet No. 35 van 1907 herriep artikel *veertien* van Ordonantie No. 35 van 1905 en verlengde door artikel *drie* de bescherming verstrekt door het herroepen artikel tot zekere additionele personen die te voren onwettig handel dreven, en verlengde in effekt het tijdperk van bescherming voor 'n onbepaalde tijd.

7. Ordonantie No. 35 van 1905 en Wet No. 35 van 1907 werden herroepen door de Edele en Onedele Metalen Wet van 1908 (Wet No. 35 van 1908, Transvaal), doch hun essentiële bepalingen werden weder opgenomen in artikels *twee en tachtig* en *zeven en tachtig*.

8. Deze artikels van Wet No. 35 van 1908 werden herroepen door de Handel op Mijngronden Regelings Wet (Wet No. 13 van 1910) die een geheel nieuw principe neerlegde. Deze wet, terwijl zij bestaande handelstands bschermde, schafte de methode van het oprichten van zulke stands af alsook de Handelsraad. Zij maakte voorziening voor de aanstelling van Mijnkommissarissen voor Handelsgronden en voor de verkoop van het recht om handel te drijven op deze gronden voor een beperkte tijd door publieke opveiling aan de goedgekeurde bieder van de hoogst jaarlikse som. Deze wet is thans van kracht.

BEPERKINGEN TEN AANZIEN VAN HANDELDRIJVEN DOOR PERSONEN VERBONDEN AAN GOUDMIJNMAATSCHAPPIJ.

Wet No. 18 van 1896 verbood direkteuren, sekretarissen en mijnbeambten enig belang te hebben of te verkrijgen, direkt of indirekt, in winkels of bezigheden op mijngronden. Deze wet maakt het ook onwettig de lonen van werkmensen anders te betalen dan met gangbare klinkende munt en legde zeer zware straffen op voor overtredingen van deze bepalingen.

Deze wet maakte ook voorziening dat enig persoon, veroordeeld wegens onwettige handel in ruw grond, edele metalen of edelgesteenten, of die betrokken was in zulke handel, niet weer handel zou mogen drijven op enig mijneigendom.

Wet No. 18 van 1896 werd herroepen door de Edele en Onedele Metalen Wet, No. 36 van 1908, doch de bepalingen vervat in die wet werden weder opgenomen in een ruimere vorm door artikels *zeven en negentig* en *acht en negentig* van die wet.

12. Wat de getuige bedoelde, die voorstel (*d*) deed, het oprichten van bazaars, was dat grond uitgezocht wordt in geschikte posities gelegen, waarop enige persoon, afgezien van kleur, geloof of ras, toegestaan kon worden kramen voor handelsdoeleinden te verkrijgen op dezelfde manier waarop die verkrijgbaar zijn op de municipale markten. Het wonen in zulke bazaars moet niet toegestaan worden. De moeilikheid om geschikte grond te

of mines is almost insurmountable, and we are of opinion that all the objections to unrestricted free trade apply equally, if not with even greater force, to the establishment of bazaars.

13. We have considered the further suggestion (*e*), the removal of the restrictions against mine owners themselves establishing stores for the convenience of their native employees. Hitherto public opinion has been against trading by mine owners, but the objections have generally been based on the assumption that such trading would imply the adoption of closed compounds, usually referred to as the "Kimberley system." The committee can see no reason why mine owners should not cater for the needs of their native employees or that their doing so should necessarily involve the adoption of the closed compound system.

14. Our attention has been drawn to section *two* of Act No. 18 of 1913, the effect of which is to vest in local authorities the discretion to grant or refuse to natives the right to trade within areas set apart for their occupation on proclaimed land or on land held under mining title.

There is a divergence of policy on this matter among local authorities of the Witwatersrand, some of which deny the privilege of trading to natives. In certain instances the latter have appealed unsuccessfully to the Government.

In June, 1917, the Administrator of the Transvaal appointed a departmental committee to inquire into and report upon the control and administration of the Randfontein municipal location. This committee reported, *inter alia*, "We believe, however, that the issue of trading licences to natives in the Randfontein location would be an advantage. It would remove a well-founded grievance, and the elimination of causes of complaint always means the increase of contentment which in time facilitates the maintenance of good order among the people."

It is felt that there can be little justification for refusing natives the right to trade within areas set aside exclusively for their occupation and that final authority in the matter should be reserved to the Minister.

Summary of Conclusions.

15. We have arrived at the conclusion that with the exception of the suggestion dealt with in paragraph 13 none of the proposals submitted can be applied to the advantage of the native consumer. It is further of the opinion that the recommendations made hereafter, if adopted, can be put into practice only where and when trading facilities need to be provided on new mines and, in some cases to be specified later, where additional facilities on existing mines are shown to be necessary.

The present method of disposing of the right to trade on trading sites at public auction was introduced in 1910 in supersession of the method first introduced in 1905 of allotting such trading rights free of payment to selected applicants. That method proved itself to be a failure, and the existing system of disposal appears to us the only practical alternative. Its chief defect, however, in our view, is the provision that the right to trade shall be sold to the bidder of the highest annual sum, a provision which in practice has tempted purchasers to offer absurdly inflated sums, in the hope that a modification of the terms of purchase might by some means be brought about at a future date, and that the Mining Commissioner would not exercise his power of creating additional trading sites.

We recommend:—

(*a*) The creation of a Board, consisting of the Mining Commissioner of the District, the Director of Native Labour, or other official of the Native Affairs Department, and a representative of the Treasury, which shall be charged with the general supervision of trading with natives on the mines, with receiving, investigating, and adjudicating upon complaints and grievances of natives in connection with such trade. The Board should have powers to order structural alterations and the removal of causes of complaint under penalties for non-compliance with such orders. It should also be the duty of the Board to determine where trading facilities or additional facilities should be established in the interest of the natives and of enforcing compliance with all regulations governing trading with natives on the mines.

(*b*) The establishment of not less than two or as many more trading sites on new mines as may be necessary in the opinion of the Board. The right to trade on one of these sites should be offered to the owners of the mine who shall have the option within a period to be determined by the Board of establishing a store on such site. No consideration should be payable by the mine owner in respect of the acquisition of the right to trade, but he should pay the rent provided in recommendation (*c*).

Any such store established by the mine owner should be carried on on purely business lines as an undertaking entirely separate from the owner's mining business and subject to the supervision of the Board. The net profits of such business should be paid into a fund to be applied for the benefit of the mine owner's native employees in such a manner as the Board may from time to time determine.

The right to trade on the other site or sites should be put up to sale at public auction in the manner proposed in the next recommendation.

(*c*) The right to trade for a period of not less than ten years on trading sites, other than those allotted to the mine owners, should be sold at public auction to the bidder of the highest sum to be paid in cash on the day of sale. The purchaser shall further pay to the Mining Commissioner a rent to be assessed as provided by regulation.

vinden voor een groep mijnen is bijna onoverkomelik en wij menen dat alle bezwaren tegen onbeperkte vrijhandel evenzo van toepassing zijn, indien niet nog in een grotere mate tegen het oprichten van bazaars.

13. Wij hebben het verdere voorstel (*e*) overwogen, het verwijderen van de beperkingen tegen mijneigenaars die zelf winkels op wensten te richten voor het gemak van hun naturelle-employees. Tot heden is publiek gevoel er tegen geweest dat mijneigenaars handel dreven, doch de bezwaren werden over het algemeen gebaseerd op de veronderstelling dat zulke handel met zich zou brengen het daarstellen van gesloten compounds, gewoonlik genoemd het Kimberley sisteem. Het komitee kan geen redenen vinden waarom mijneigenaars niet toegelaten zouden worden in de behoeften van hun naturelleëmployees te voorzien, door verkoop of dat wanneer zij dit deden dat met zich zou brengen het gesloten compoundsisteem.

14. Onze aandacht werd gevestigd op artikel *twee* van Wet No. 18 van 1913, dat plaatselike autoriteiten de keuze laat om aan naturellen het recht te geven of te weigeren handel te drijven binnen areas apart gezet ter hunner okkupatie op geproklameerde grond of op grond onder mijntransport. Er bestaat een verschillende manier van handelwijze hierin tussen plaatselike autoriteiten op de Witwatersrand. Sommige onthouden het voorrecht handel te drijven door naturellen. In sommige gevallen hebben laatstgenoemde zonder sukses zich op het Goevernement beroepen. In Junie 1917 stelde de Administrateur van de Transvaal een Departementaal Komitee aan om onderzoek te doen naar en rapport uit te brengen over de kontrole en administratie van de Randfontein Municipale Lokatie. Dit komitee rapporteerde onder andere: "Wij geloven, echter, dat de uitreiking van handelslicenties aan naturellen in de Randfontein Lokatie voordelig zou zijn. Het zou een gegronde grief uit de weg ruimen en de uitwissing van oorzaken van klachten meent altijd een vermeerdering van tevredenheid dat in verloop van tijd de handhaving van goede orde onder de bevolking bevordert."

Het wordt gevoeld dat er weinig rechtvaardiging kan bestaan door naturellen het recht te weigeren handel te drijven binnen areas uitgehouden voor hun eksklusieve okkupatie en de finale beslissing in de zaak behoort voor de Minister uitgehouden te worden.

Opsomming van Besluiten.

15. Wij zijn tot het besluit gekomen dat uitgezonderd het voorstel vervat in paragraaf 13 kunnen geen van de voorstellen die gemaakt werden tot nut van de naturelleverbruiker worden toegepast. Wij menen verder dat de aanbeveling hierna gedaan, indien die aangenomen wordt, alleen van toepassing gemaakt kan worden waar en wanneer er in handelsgelegenheid voorzien moet worden op nieuwe mijnen en in sommige gevallen, later uiteen te worden gezet, waar meerdere gelegenheid op bestaande mijnen aangetoond wordt nodig te zijn.

De tegenwoordige manier van het behandelen van het recht handel te drijven op handelsgrond, door publieke veiling, werd in zwang gebracht in 1910 in navolging van de methode zoals die voor de eerste maal ingevoerd werd in 1905 door zulke handelrechten vrij aan gekozen applikanten te geven. Die methode is gebleken niet goed te werken en het bestaande sisteem schijnt ons het enige praktiese alternatief toe. Het enige daarin wat ons echter niet goed toeschijnt is de bepaling dat het recht om te handelen verkocht moet worden aan de bieder van de hoogste jaarlikse som. Dit is een bepaling die kopers in de verzoeking gebracht heeft om ongehoorde sommen aan de bieden, in de hoop dat een verandering in de verkoopsvoorwaarden door een of ander middel later zou teweeggebracht worden, en dat de Mijnkommissaris geen gebruik zou maken van zijn machten om meerdere handelsgronden ter zijde te stellen.

Wij bevelen aan:—

(*a*) De aanstelling van een Raad bestaande uit de Mijnkommissaris van het distrikt, de Direkteur van Naturellearbeid of andere beambte van het Naturelledepartement en een vertegenwoordiger van de Thesaurie, die toezicht zal moeten houden over de handel met naturellen op de mijnen, die klachten en grieven van naturellen in verband met zulke handel zal moeten ontvangen, onderzoeken en beslechten. De Raad behoort macht te hebben bouwkundige veranderingen te bevelen en de verwijdering van oorzaken van klachten onder straffen voor het niet-nakomen van zulke bevelen. Het behoort ook de plicht te zijn van de Raad te beslissen waar handelsgelegenheid of meerdere handelsgelegenheid opgericht moet worden in het belang van de naturellen en nakomen verplichtend te maken van alle regulaties, handeldrijving met naturellen op de Raad beherende.

(*b*) Het daarstellen van niet minder dan twee of zoveel nieuwe handelsgronden op nieuwe mijnen als nodig geacht mochten worden volgens de Raad. Het recht van handeldrijven op zulke grond behoort aan de eigenaars van de mijn aangeboden te worden die de optie binnen een zeker tijdperk door de Raad te worden vastgesteld zullen hebben om een winkel op zulk een stuk grond op te richten.

Door de mijneigenaar behoort niets betaald te worden ten aanzien van de verkrijging van het recht om handel te drijven, doch hij behoort de huur, vastgesteld in (*a*), te betalen. Zulk een winkel door de mijneigenaar opgezet behoort op een bezigheidsmanier gedreven te worden, als een onderneming geheel afzonderlik van de mijnbezigheid van de mijneigenaar en onderhevig zijn aan het toezicht van de Raad. De netto profijt van zulk een bezigheid behoort te worden betaald in een fonds te worden gebruikt ten voordele van de employees van de mijneigenaar op zulk een wijze als door de Raad van tijd tot tijd mocht worden besloten.

Het recht om handel te drijven op de andere grond of grond of gronden behoort verkocht te worden bij publieke veiling op de manier hierna aanbevolen.

(*c*) Het recht handel te drijven voor een tijdperk voor niet minder dan tien jaren op handelsgrond en die niet aan de mijneigenaars aangewezen zijn behoort bij publieke veiling te worden verkocht aan de bieder van de hoogste som in kontanten betaald op de dag van verkoop. De koper moet verder aan de Mijnkommissaris een huur betalen te worden vastgesteld bij regulatie.

The purchaser or mine owner should not be permitted to sell or otherwise dispose of his right to trade.

At the termination of the period of ten years, or if the holder of the trading rights ceases trading within such period, the right to trade should revert to the Government, and may in the discretion of the Board again be disposed of in the manner indicated, provided that the purchaser shall take over for the benefit of the previous owner such of the existing buildings as the Board may determine at a valuation to be based solely upon the value of the material and labour. This method should also be applied to the disposal of existing trading rights on the expiry of the period for which they were sold.

(*d*) Where prior to the proclamation of a farm business has been carried on in a native store for a consecutive period of three years the Board may, in its discretion, establish a trading site on or near the site occupied by such store, and the owner of such store may carry on trade on such site upon payment of the rent mentioned in recommendation (*c*) above, and subject to all laws or regulations governing trading with natives. In such a case the Board shall in addition create a trading site upon which the right to trade shall be allotted to the mine owner, and may create additional sites the right to trade on which shall be disposed of in the manner mentioned in recommendation (*c*) above.

(*e*) Whenever the mine owner does not avail himself of the option of establishing a store within the period determined by the Board the trading rights of the site concerned shall be disposed of in the manner indicated in recommendation (*c*).

(*f*) The amendment of section *two* of Act No. 18 of 1913 to admit of the Minister directing a local authority to reserve in any location or bazaar as is referred to so many sites for trading by coloured persons as he may consider necessary or expedient, and to lease the same to approved coloured persons of the same type as those occupying the location or bazaar.

(*g*) The introduction of the necessary legislation to give effect to the foregoing recommendations.

(*h*) The committee further recommends that the municipal by-laws be amended in such a manner as to permit storekeepers to sell bread to natives by weight.

16. We wish to express our appreciation of the great assistance rendered by the various bodies and persons who came forward with evidence and for the interest evinced and time they so willingly placed at the services of the committee. We also desire to place on record our appreciation of the services rendered by the secretary, Mr. F. C. Freeman, whose painstaking research work, more particularly, has been of the greatest value.

We have the honour to be,

Sir,

Your obedient Servants,

Under the provisions of sub-section (1) of section *twenty-eight* of the Industrial Disputes Prevention Act, 1909, of the Transvaal (Act No. 20 of 1909), the Report of the Conciliation and Investigation Board appointed under the provisions of the said Act to investigate the dispute between the Innesdale Village Council and certain of its employees is hereby published by direction of the Honourable the Minister of Mines and Industries for general information.
M.M. 1915/19.

REPORT OF BOARD OF CONCILIATION APPOINTED UNDER THE INDUSTRIAL DISPUTES PREVENTION ACT, 1909, TO CONSIDER AND REPORT UPON DISPUTE BETWEEN EMPLOYEES OF THE INNESDALE VILLAGE COUNCIL AND THE INNESDALE VILLAGE COUNCIL.

To the Honourable the Minister of Mines and Industries,
Pretoria.

Sir,

The Board, which was appointed to deal with the above-mentioned dispute, has the honour to report as follows:—

Meetings of Board.

The Board held meetings in public in the Municipal Offices, Innesdale, on the evenings of the 8th, 12th, 15th, and 21st August, 1919, and heard evidence and arguments on behalf of both parties. The record of the evidence is attached. The members of the Board subsequently met on 17th September, 1919, to consider their findings.

Representation of Parties.

The employees were represented through the Transvaal Municipal Employees Federation by Messrs. V. E. Lewis, R. J. Strickland, and B. C. Barrett. The Council were represented by Councillors G. H. Brink, J. C. Crots, and W. A. Silbereisen.

The Demands.

The terms of the demands are contained in Statement No. 1, consisting of ten items. A further statement (No. 2) narrating the history of the dispute was placed before the Board by the employees, and as the same was not seriously challenged by the Council the statement was taken as being in the main correct.

De koper of mijneigenaar behoort niet toegelaten te worden zijn handelsrecht te verkopen of anderszins van de hand te zetten.

Bij het beëindigen van het tijdperk van tien jaren of indien de houder van het handelsrecht ophoudt te handelen binnen zulk een tijdperk behoort het handelsrecht aan het Goevernement terug te vallen en kan volgens goeddunken van de Raad wederom van de hand gezet worden volgens de aangegeven manier, met dien verstande, dat de koper ten genoegen van de vorige eigenaar zulke bestaande gebouwen over zal nemen als de Raad mocht besluiten, tegen een waarde geheel gebaseerd op de waarde van het materiaal en de arbeid. Deze methode moet ook toegepast worden ten aanzien van het van de hand zetten van bestaande handelsrechten bij verloop van het tijdperk waarvoor zij verkocht werden.

(*d*) Waar vóór de proklamatie van een plaats bezigheid gedreven werd in een naturellewinkel voor drie achtereenvolgende jaren kan de Raad, volgens goeddunken, een handelstukgrond bepalen op of in de nabijheid van het stuk grond waarop zulk een winkel staat en de eigenaar van zulk een winkel kan toegelaten worden handel te drijven op zulk een stuk grond bij betaling van de huur genoemd in aanbeveling (*c*) en onderhevig aan alle wetten of regulaties handel met naturellen beherende. In zulk een geval stelt de Raad nog een handelstukgrond vast, waarop het recht van handeldrijven toegewezen wordt aan de mijneigenaar en kan de Raad additionele stukken grond vaststellen waarop het recht van handeldrijven van de hand gezet zal worden volgens aanbeveling (*c*).

(*e*) Maakt de mijneigenaar geen gebruik van de optie van oprichting van een winkel binnen het door de Raad vastgestelde tijdperk, dan worden de handelsrechten van het betrokken stuk grond van de hand gezet volgens aanbeveling (*c*).

(*f*) De wijziging van artikel *twee* van Wet No. 18 van 1913, om de Minister de macht te geven een plaatselike autoriteit te bevelen in een lokatie of bazaar, waarnaar verwezen wordt zoveel stukken grond te reserveren voor handelsdoeleinden door gekleurde personen als hij nodig of wenselik mocht achten en dezelve te verhuren aan goedgekeurde gekleurde personen van hetzelfde slag als die die in de lokatie of de bazaar wonen.

(*g*) De nodige wetgeving om effekt te geven aan voorgaande aanbeveling.

(*h*) Het komitee beveelt verder aan dat de municipale bijwetten zover gewijzigd worden winkeliers in staat te stellen brood aan naturellen bij gewicht te verkopen.

16. Wij wensen onze waardering uit te spreken voor de grote hulp ons verleend door de verschillende lichamen en personen die getuigenis gaven en voor het belang aan de dag gelegd en de tijd die zij zo gewillig waren ter beschikking van het komitee te plaatsen. Wij wensen ook onzen dank uit te spreken voor de diensten bewezen door de Sekretaris, Mnr. F. C. Freeman, wiens onvermoeid onderzoekingswerk, meer in het biezonder, van de grootste waarde was.

Wij hebben de eer te zijn,
Uw dw. dienaren,

✱ No. 1356.] [14 Oktober 1919.

Krachtens subartikel (1) van artikel *acht en twintig* van de Wet ter voorkoming van Industriële Geschillen, 1909, van de Transvaal (Wet No. 20 van 1909), wordt het rapport van de Konsiliatie- en Onderzoekingsraad, aangesteld krachtens genoemde wet, ter onderzoeking van het geschil tussen de Innesdale Dorpsraad en zekere van de werklieden daarvan, op last van Zijn Edele de Minister van Mijnwezen en Nijverheid ter algemene informatie gepubliceerd:—

RAPPORT VAN RAAD VAN ONDERZOEK AANGESTELD OVEREENKOMSTIG WET No. 20 VAN 1909, IN ZAKE HET VOORKOMEN VAN INDUSTRIËLE GESCHILLEN, OM ONDERZOEK IN TE STELLEN IN VERBAND MET EN RAPPORT TE MAKEN OVER HET GESCHIL TUSSEN DE EMPLOYEES VAN EN DE INNESDALE DORPSRAAD.

Aan Z.Ed.Gestrenge de Minister van Mijnwezen en Nijverheid,
Pretoria.

WelEd.Gestr. Heer,

De Raad die aangesteld werd om onderzoek in bovengemeld geschil in te stellen heeft de eer als volgt te rapporteren:—

Vergaderingen van Raad.

De Raad hield vergaderingen in publiek in de kantoren van de Innesdale Municipaliteit gedurende de avonden van 8, 12, 15 en 21 Augustus 1919, wanneer getuigenis en argumenten van beide partijen werden gehoord. De notulen van de getuigenis zijn hier aangehecht. De leden van de Raad kwamen vervolgens op 17 September bijeen om besluit te nemen.

Vertegenwoordiging van Partijen.

De employees waren vertegenwoordigd door de heren V. E. Lewis, R. J. Strickland en B. C. Barrett van de "Transvaal Municipal Employees' Federation," en de municipaliteit door Raadsleden G. H. Brink, J. C. Crots en W. A. Silbereisen.

De Eisen.

De termen der eisen zijn begrepen in staat No. 1, bestaande uit 10 delen. Staat No. 2, die breedvoerig de geschiedenis van het geschil bevat, werd ook ter tafel gelegd door de employees, en daar deze niet ernstiglik bestreden werd door de municipaliteit, werd de staat in het geheel als korrekt beschouwd.

No reply to the application for appointment of the Board or to the Statement of Demands was made by the Council, as required by section *nine* (2) of the Act, but the Board proceeded with the investigation as if such reply had been made.

Procedure.

At the outset an endeavour was made on the part of the employees' representatives to limit the work of the Board as much as possible, by requesting the Council to agree to certain of the minor demands and to accept, as constituting sufficient evidence on the subject of the increased cost of living, the statements and statistics embodied in the reports of the Cost of Living Commission and the Public Service Commission. The Council's representatives at the first meetings stated they had no authority to bind the Council in the manner indicated or to come to any agreement on any of the points raised. At a subsequent date, certain demands were in part conceded by the Council, but no agreement was come to on the main issues, nor did such ever in the course of the proceedings appear likely.

Both parties, however, agreed to be bound by the recommendations of the Board, in accordance with section *twenty-five* of the Act.

The following report sets forth the findings of the Board, which it may be stated were adopted unanimously.

We shall deal seriatim with the demands contained in the statement (No. 1).

First Demand.

1. The first and principal demand reads as follows:—

> "An increase is required to be given retrospectively from the 1st July, 1918, to all the employees of the Innesdale Municipal Council commensurate with the decreased purchasing power of the sovereign as demonstrated by the increased cost of living compared with the year 1914, such increase to be in accordance with scale laid down by the Public Service Commission in its First Report, excepting only that there shall be a minimum increase of £4 (four pounds) per mensem."

2. It appears that requests were put forward on 15th and 18th July, 1918, by a number of the Council's employees for increases of pay on the ground of the increased cost of living. (The only increase which had been given by the Council during the war was a bonus of £1 per month granted in December, 1916, to men in receipt of less than £20 per month.) The Council made no reply to these requests until a reminder was sent in January, 1919. Negotiations then ensued, and on 22nd April, 1919, the Council advised that it would grant bonuses as from 1st January, 1919, on the following scale:—

Annual Salary.	*Bonus per Month.*
£120 to £240	£2 10 0
241 to 300	2 0 0
301 to 360	1 10 0
361 to 450	1 0 0
451 to 500	0 15 0

This proposal was refused by the employees on the grounds—

(*a*) of inadequacy;
(*b*) of curtailment of retrospective date; and
(*c*) that one portion only of the demands had been dealt with.

The Council, nevertheless, posted cheques to the employees for the bonuses granted. The cheques were refused and returned *en bloc* to the Council.

3. The Board is of opinion that the Council should have dealt more expeditiously with the requests put forward by their employees, and that from six weeks to two months should have been sufficient time for the purpose. The increases which they ultimately granted should in fairness have been made retrospective from 1st September, 1918, at the latest, and the Board adopts that date as the date from which the abnormal conditions allowances herein after recommended should be paid.

4. The Board recommends and the Council has agreed that its findings should apply to all European employees of the Council, with the exception of skilled artisans, who receive the standard rates of pay.

5. (*a*) The Council informed the Board that they were still prepared to adhere to the offer of bonuses made, as above mentioned, on 22nd April, 1919. This offer appears to us to be inadequate, in view of the fact that the increase in the cost of necessaries of life is *at least* 30 per cent. The reports of the Cost of Living Commission must be accepted on that point; indeed all the evidence led before the Board was to the effect that the figures adopted by that Commission in respect of the increased cost of living were if anything on the low side. It was stated also that since the Commission reported, rents, cost of clothing, and living expenses generally had increased.

(*b*) The increased cost of living undoubtedly bears most heavily upon the lower-paid man whose whole income is needed to buy the mere necessaries of life. He has no margin for savings or luxuries such as the higher-paid man has; and as we are now dealing with abnormal conditions the man hit hardest by such conditions should receive first consideration. There are, however, many men occupying what may be called a superior working-class or middle-class position who are now unable to make ends meet on their pre-war incomes. The evidence of the lower paid employees of the Council showed a pitiful, if not desperate, state of affairs, while others, although better off, also proved conclusively that they had a very hard struggle to live decently. The higher-paid official on the other hand while undoubtedly affected by the decreased purchasing power of the sovereign is better able to meet the burdens involved in the abnormal conditions now existing and is not in pressing need of assistance.

(*c*) The Council's main pleas was that while they desired to pay higher wages and allowances, the great majority of the ratepayers were poor and could not afford to pay one penny more in taxation. Further, they stated that the European drivers of the rubbish removal carts, etc., at present employed could be replaced by natives at a much reduced cost to the community. With the

Geen antwoord op de applikatie voor de aanstelling van een Raad, nog op de staat van eisen werd door de municipaliteit gegeven, zoals voorgeschreven in sektie *negen* (2) van de wet, doch de Raad ging voort met het onderzoek alsof zulk antwoord gegeven werd.

Handelwijze.

Aan het begin werd door de employeesvertegenwoordigers een poging gemaakt het werk van de Raad zoveel mogelik te beperken door een verzoek aan de municipaliteit om in zekere geringe eisen toe te stemmen en de staten en statistieken in de Rapporten van de Levensonderhoud-kommissie en Publieke Dienstkommissie bevat te erkennen en aan te nemen als voldoende getuigenis in verband met de verhoging van levensonderhoud. Op de eerste vergadering verklaarden de vertegenwoordigers van de municipaliteit dat zij geen macht hadden de municipaliteit te binden zoals gevraagd, nog tot enige andere overeenkomst te komen. Op een latere vergadering werden in zekere eisen door de municipaliteit gedeeltelik toegegeven, doch hoofdzakelik werd geen overeenkomst getroffen, nog scheen het waarschijnlik gedurende de vervolging.

Beide partijen nochtans stemden toe zich te zullen houden aan de aanbevelingen van de Raad, overeenkomstig sektie *vijf en twintig* van de wet.

Het volgende rapport geeft de besluiten aan van de Raad, die eenparig aangenomen worden.

Wij zullen de eisen in staat No. 1 *seriatim* behandelen:—

Eerste Eis.

De eerste en voornaamste eis is als volgt:—

> "Een verhoging wordt verlangd, te worden gerekend vanaf 1 Julie 1918, voor alle employees van de Innesdale Municipaliteit, gelijkstaande met de verminderde koopmacht van het pond (£1), zoals bewezen door de verhoging in de kosten van levensonderhoud in vergelijking met het jaar 1914; zulke verhoging in overeenstemming te zijn met de schaal door de Publieke Dienstkommissie neergelegd in haar eerste rapport, met de uitzondering dat er een minimum verhoging van £4 (vier pond) per maand zal zijn."

Het blijkt dat op 15 en 18 Julie 1918 aanvraag gemaakt werd door verscheidene employees van de municipaliteit voor verhoging van salaris op grond van de verhoging in de kosten van levensonderhoud (de enigste verhoging van salaris door de Innesdale Municipaliteit gedurende de oorlog gegeven was een bonus van £1 per maand in Desember 1916 aan hen die minder dan £20 per maand ontvingen).

De municipaliteit gaf geen antwoord op dit verzoek tot er in Januarie 1919 een tweede kwam. Onderhandelingen vonden plaats en op 22 April 1919, deelde de municipaliteit mede dat zij bonussen zou toestaan als beginnend van 1 Januarie 1919, op de volgende schaal:—

Jaarliks Salaris.	*Bonus per Maand.*
£120-240	£2 10 0
241-300	2 0 0
301-360	1 10 0
361-450	1 0 0
451-500	0 15 0

Dit voorstel werd door de employees geweigerd als zijnde—

(*a*) onvoldoende;
(*b*) verkorting van retrospektieve datum; en
(*c*) dat alleen een deel van de eisen behandeld werd.

Niettegenstaande werden wissels voor de bonussen aan de employees gezonden. Deze wissels werden geweigerd en *en bloc* teruggezonden aan de municipaliteit.

De Raad is van mening dat de municipaliteit met meer spoed had moeten handelen met de eisen van haar employees en dat van zes weken tot twee maanden voldoende tijd voor dat doel zou zijn. De verhogingen die zij uiteindelik toestonden behoorden in alle billikheid betaalbaar gemaakt te zijn van af 1 September 1918, en deze Raad erkent dat als de datum van wanneer de "abnormale toestanden toelagen," hierin later aanbevolen, betaald moeten worden.

Deze Raad beveelt aan, en de municipaliteit stemde ermede in, dat haar uitspraak toepasselik zal zijn aan alle blanke employees met de uitzondering van ervaren werkmannen die standaard lonen ontvangen.

5. (*a*) De municipaliteit gaf de Raad te kennen dat zij nog genegen was haar aanbod, dat zij op 22 April 1919 maakte van bonussen en hierboven omschreven, uit te voeren. Dit aanbod schijnt ons onvoldoende te zijn in aanmerking nemende dat de kosten van levensonderhoud minstens 30 persent gestegen is. De rapporten van de Kosten van Onderhoud-kommissie moeten hier aangenomen worden; inderdaad de getuigenis voor de Raad gebracht bevestigde dat de cijfers door die kommissie aangegeven in verband met de vermeerderde kosten van onderhoud, laag waren, en dat sedert het rapport uitgebracht werd de kosten van huishuur, kleren en levensonderhoud in het algemeen gestegen zijn.

(*b*) Het toenemen in de kosten van levensonderhoud drukt ongetwijfeld het meest op de minder betaalde employee, wiens gehele inkomste besteed word aan gewone benodigdheden. Hij heeft geen ruimte voor sparen of weelde, zoals b.v. de hoger betaalde employee, en daar wij nu met abnormale omstandigheden handelen; moet de man die het meest door zulke omstandigheden gedrukt wordt eerste konsideratie ontvangen. Er zijn echter velen die zogenaamde hogere werkende- of middelklas posities bekleden, die nu niet in staat zijn met hun inkomsten, die zij vóór de oorlog ontvingen, uit te komen. De getuigenis van de laagbetaalde employees van de municipaliteit toont aan een bejammerlike indien niet wanhopige toestand, terwijl de toestand van anderen, alhoewel op een betere voet gesteld, beslist getuigt dat zij een moeilike taak hebben behoorlik te bestaan. De hoger betaalde beambten aan de andere kant, hoewel zij ongetwijfeld ook getroffen zijn door de vermeerderde kosten van onderhoud, kunnen de tegenwoordige abnormale toestanden beter bestrijden en zijn tenminste niet in noodhulp.

(*c*) Het pleidooi van de municipaliteit was dat terwijl zij begerig waren hogere salarissen en toelagen te betalen, de grote meerderheid van de belastingbetalers arm zijn en geen pennie meer in belasting kunnen betalen. Verder dat kleurlingen de plaatsen der blanke askardrijvers nu geëmployeerd konden innemen tegen zeer verminderde kosten jegens het publiek.

policy of the Council in this respect the Board is not now concerned, although we think it would be lamentable if the white men employed were retrenched and replaced by natives. But it is universally accepted that no employer of labour, and more especially no public body such as a municipal council, should take men's services without giving in return the wherewithal to enable them to obtain for themselves and their families at least sufficient good good, clothing, and housing, as well as opportunities for the education of their children. It is false economy on the part of the community to have any of its servants living below the level of decency, with the children growing up badly nourished, in squalid surroundings and without education or prospect in life. In any case, however, we think the Council will be able to meet increased allowances, etc., without very much difficulty, as herein after explained.

(*d*) The allowances being intended to be temporary to meet the abnormal conditions prevailing and to be subject to adjustment, say, every six months, as the cost of living increases or diminishes in the future, should, was suggested during the investigation, be called "abnormal conditions allowances."

(*e*) After careful consideration of all the factors the Board recommends that abnormal conditions allowances should be granted by the Council as from 1st September, 1918, to all European employees of the Council according to the following scale :—

Annual salary.	*Allowance per mon'h.*	*Average percentage.*
£120 to £240	£4 10 0	33·7
241 to 300	4 0 0	18.0
301 to 360	3 10 0	12.8
361 to 450	3 0 0	9.0
451 to 500	2 10 0	6.3
Over 500	2 0 0	5.0

These allowances will, of course, require adjustment here and there so that employees in a lower grade will not draw more in the aggregate than those in the next higher grade.

Further, any bonuses already paid since 1st September, 1918, will be deducted.

Second Demand.

This reads as follows :—

"That there shall be paid for all overtime performed after a maximum working week of forty-eight hours, remuneration at the rate of one and one-half times the ordinary rate of pay of the employee performing such overtime."

The Council agreed to this proposal so far as artizans paid by the hour are concerned. It was stated that it is difficult to apply such a rule to the clerical staff, but we think that overtime should be discouraged as much as possible. In a properly staffed and organized service evening work should be unnecessary, except on special occasions or when Council or committee meetings are held at night.

We recommend that where the clerical staff are required by the Council to perform evening work an allowance of from 10s. to 15s. per night should be granted.

Third Demand.

"That there shall be fixed a scale for remuneration to be given to employees for the use of conveyances of whatsoever kind, the property of such employees, for the service and benefit of the Council."

The Council agreed to the principle contained in this demand, but disputed the scale of remuneration claimed. It appears to the Board that the system whereby employees own and use conveyances for their own use, but which they are also required to use for the Council's benefit, is not a good one and is liable to abuse and constant misunderstanding. That point, however, is not before us. The evidence goes to show that where conveyances are used in the service of the Council as stated in the demands, the following scale of remuneration, allowing for depreciation, feed of horse, etc., and also allowing for the private use of the vehicle, etc., made by the employee during his own time, would be fair and reasonable, and we recommend accordingly :—

For cart, harness, and horse ... £5 10s. per month or £66 p.a.
For horse only ... ... £4 10s. per month or £54 p.a.
For cart and harness ... ... £1 0s. per month or £12 p.a.
For cart only ... ... £0 15s. per month or £9 p.a.

For bicycle allowance for the junior clerk we recommend that 12s. 6d. per month should be granted, and for the collector 20s. per month.

Fourth Demand.

"That the Council shall at its expense supply macintoshes to those of its employees whose work is performed in the open."

The Council agreed to supply macintoshes for the sanitary overseers, road overseers, rubbishmen, mason, handyman, and junior clerk, but not for the sanitary superintendent, sanitary inspector, collector, or compound foreman. We recommend that as all these officials are required to perform their work in the open and in all weathers the Council should supply them with macintoshes.

Fifth Demand.

"That the present scale basis or grade for payment of employees shall be adequately increased."

Evidence was led as to the duties performed by the respective officials and employees of the Council, and it was argued that the salaries and wages paid were inadequate in normal times, and that considering the work and responsibility involved, the Council's standard of remuneration was low as compared with that of other municipal bodies and private employers. The Innesdale Municipality, it was stated, is increasing in population and in importance, and that consequently the amount of work involved and the responsibility of officials were constantly increasing. As an example, the total assessment rates collected in 1916 amounted to £1842, in 1917 to £1844, in 1918 to £2079, in 1919 to £6496, while for 1919-20 the estimated revenue from rates amounts to £9300. Practically all the officials require to be bilingual, and, generally, a high state of efficiency is required, With the proximity of Pretoria to Innesdale, it is essential, if

Met de gedragslijn van de municipaliteit in dit opzicht gaat het de Raad nu niet aan, ofschoon wij menen dat het betreurenswaardig zou zijn indien de geëmployeerde blanken, ontslagen en door naturellen vervangen zouden worden. Doch over het algemeen wordt het erkend dat geen werkgever, en voornaamlik geen publiek lichaam, zoals b.v. een municipaliteit, behoort gebruik te maken van de diensten van mannen zonder daarvoor behoorlike vergoeding te geven en hun zodoende in staat te stellen zichzelven en familie te voorzien van tenminste voldoende goede kost, kleren en huisvesting, alsmede een gelegenheid voor de behoorlike opvoeding van hun kinderen. Het is valse bezuiniging, publiekshalve, om dienaren te hebben die niet fatsoenlik kunnen leven, kinderen onvoldoende gevoed, in ongezonde omgevingen en zonder onderwijs of vooruitzicht in leven opgroeiende. In elk geval denken wij dat de municipaliteit in staat zal zijn, zonder veel moeite, de verhoging van toelagen tegemoet te komen, zoals hierin later uiteengezet.

(*d*) De toelagen zijnde voorlopig bestemd ten einde de abnormale toestanden tegemoet te komen, en onderhevig aan zesmaandelikse verandering met het stijgen of dalen van de kosten van bestaan, behoren, zoals gedurende het onderzoek aan de hand gegeven. "abnormale toestanden toelagen" genoemd te worden.

(*e*) Na voorzichtige overweging van alle faktoren beveelt de Raad aan dat "abnormale toestanden toelagen" aan alle blanke employees van de municipaliteit betaald moeten worden vanaf 1 September 1918, volgens de onderstaande schaal.

Jaarliks Salaris.	*Toelage per Maand.*	*Gemiddelde Percentage.*
£120-240	£4 10 0	33·7
241-300	4 0 0	18.
301-360	3 10 0	12.8
361-450	3 0 0	9.
451-500	2 10 0	6.3
Over 500	2 0 0	5.

Deze toelagen behoren natuurlik alzo geregeld te worden dat employees in een lagere graad niet meer in totaal ontvangen dan degenen in de volgende hogere graad. Verder dat bonussen betaald sedert 1 September 1918 afgetrokken zullen worden.

Tweede Eis.

Als volgt :—

"Dat er voor alle overtijd gewerkt boven een maximum week van 48 uur betaling zal geschieden tegen tijd en een half van de gewone standaard van betaling van de employee die zulke overtijd werkt."

De Innesdale Raad stemde met dit voorstel in alleen wat betreft ambachtsmannen die per uur betaald worden. Het werd gezegd dat het moeilik zou zijn zo 'n regel toepasselik te maken op de klerkelike staf, doch wij denken dat overtijd zoveel mogelik tegengewerkt behoort te worden. In een kantoor met voldoende personeel en behoorlik georganiseerd is overtijdwerk niet nodig, behalve in biezondere gevallen of wanneer 's avonds Raads- of Kommissievergaderingen gehouden worden.

Wij bevelen aan dat ingeval het nodig is dat de klerkelike staf 's avonds werkt een toelage van 10s. tot 15s. per avond betaald wordt.

Derde Eis.

"Dat er 'n schaal van vergoeding vastgesteld wordt voor gebruik van middelen van vervoer behorende aan employees, welke voor de dienst en het voordeel van de municipaliteit gebruikt worden."

De municipaliteit stemde in met het beginsel in deze eis begrepen doch betwiste de schaal van vergoeding geëist.

Het schijnt ons dat het stelsel waardoor employees vervoermiddelen bezitten en die voor eigen zowel als voor 's Raads doeleinden gebruiken alles behalve goed is en dat het onderworpen is aan misbruik en aanhoudend misverstand. Dit onderwerp is echter niet onder bespreking. De getuigenis toont aan dat waar vervoermiddelen gebruikt worden in de dienst van de municipaliteit, zoals in de eisen voorgegeven, de volgende schaal, voorziening makende voor vermindering van waarde, onderhoud en ook voor het privaat gebruik door de employee durende zijn eigen tijd, billik zal zijn en bevelen wij die tengevolge aan :—

Voor kar, tuig en paard... £5. 10s. per maand of £66 per jaar.
Voor paard alleen ... ... £4. 10s. per maand of £54 per jaar.
Voor kar en tuig ... ... £1. 0s. per maand of £12 per jaar.
Voor kar alleen ... ... £0. 15s. per maand of £9 per jaar.

Voor gebruik van een rijwiel door de junior klerk, bevelen wij aan 12s. 6d. per maand en voor de kollekteur 20s. per maand.

Vierde Eis.

"Dat de municipaliteit op eigen kosten regenjassen verschaft aan die employees die hun werk buiten verrichten."

De municipaliteit stemde in jassen te verschaffen aan gezondheidsopzichters, padopzichters, askardrijvers, metselaar, handlanger en jongere klerk, doch niet aan de gezondheidsuperintendent gezondheidsinspekteur, kollekteur of "compound" voorman. Wij bevelen aan dat daar deze allen hun werk buiten verrichten in gunstig of ongunstig weer, zij allen dus voorzien worden van regenjassen.

Vijfde Eis.

"Dat de tegenwoordige schaal, basis of graad van betaling van employees toereikend verhoogd wordt."

Getuigenis werd gehoord betreffende de diensten verricht door de verschillende beambten en employees van de municipaliteit en het werd geredeneerd dat de salarissen en lonen in normale tijden onvoldoende waren en in aanmerking nemende het werk en de verantwoordelikheid er aan verbonden is de schaal van betaling van de Innesdale Municipale Raad laag, in vergelijking met die van andere municipaliteiten en private werkgevers. Het werd gezegd dat de bevolking en belangrijkheid van de Innesdale Municipaliteit steeds vermeerdert en dat gevolgelik het werk meer en verantwoordelikheid der beambten met de tijd groter wordt. Bijvoorbeeld de som gekollekteerd voor 1916 als eigendomsbelasting bedroeg £1842, terwijl in 1917 het bedrag £1844 was, in 1918 £2079, in 1919 £6496 en voor 1919-20 is de schatting £9300. Tweetaligheid wordt van al de ambtenaren geëist, en een hoge status van bekwaamheid is in het geheel nodig. Zijnde in de onmiddellike nabijheid van Pretoria, is het noodzakelik dat de Innesdale Municipaliteit salarissen en lonen betaalt welke min

the latter is to attract a good type of official, that salaries approximating to those of the Capital should be paid. It is, of course, difficult without making lengthy investigations into the duties of each official to fix grades to which no exception might be taken, but it appears to the Board that the salaries and wages paid are, on the whole, too low for the work and responsibility imposed on the Council's employees. We think, however, that the scale put before us by the latter is too high. The scale submitted to the Council by the town clerk in 1918 appears to be a fairer one.

The Board recommends that the following scales or grades should be adopted by the Council as from 1st October, 1919:—

Position.	*Minimum of scale.*	*Annual increment.*	*Maximum of scale.*	*Period.*
	£	£	£	
Town Clerk and Treasurer ...	420	25	570	6 years.
Senior Clerk and Book-keeper ...	300	20	420	5 "
Second Clerk	240	12	300	5 "
Junior Clerk	180	12	240	5 "
Typist	144	12	204	5 "
Collector	300	15	375	5 "
Sanitary Superintendent, Roads Superintendent, and Compound Manager	400	20	500	5 " with free house.
Sanitary Inspector	300	20	400	5 years.
Compound Overseer...	240	12	300	5 "
Sanitary Overseers	204	12	264	5 "
Road Overseers	204	12	264	5 "
Blacksmith	Standard rates of wages and hours.			
Handy-man	15s. per day.			
Rubbishmen	£15 per month.			
Mason (presently employed) ...	£1 per day. Standard rate of wages not insisted on on account of physical disability of occupant of position, but in ordinary course standard rates should be recognized.			

Sixth Demand.

"That there shall be no differentiation made in payment for work performed and services rendered by reason of the employee being married or single."

Differentiation as between married and single employees appears to the Board to be a wrong principle. Adequate payment should be made for the work done irrespective of whether the employee is married or single, and the married man should certainly not be placed at a disadvantage as compared with the single man in obtaining employment, which would undoubtedly follow were it cheaper to employ single men than married men. The principle holds good equally in regard to the allowances as to salaries. We recommend that this claim be granted.

Seventh Demand.

"That there shall be a Joint Board composed of equal numbers of Councillors and employees to deal with all matters affecting employees subject only to the jurisdiction of the Council."

We recommend the adoption of this suggestion. We think the time has come when employees should be consulted in arrangements concerning their conditions of life and service, and especially before proposed changes therein are given effect to. The Joint Board would be an advisory one only, and its recommendations would be subject to the final decision of the Council. We see no reason why such a Joint Board consisting of, say, three Councillors and three employees, with a chairman mutually agreed upon, should not work well. Both sides will get to know the point of view of the other, and misunderstandings and difficulties are more likely to be avoided. Indeed, if both sides are animated by the desire to be fair and just and to be of service to the community, nothing but good should result from the establishment of such a Board. In the event of a dispute arising which ends in a deadlock, the court of appeal referred to in the next paragraph would be called in to settle the matter.

Eighth Demand.

"That steps be taken for the establishment of a final court of appeal, the members of such court to be individuals not connected with a local authority."

While agreeing with the objects sought to be attained by this suggestion, we have difficulty in making any practical recommendation for the constitution of such a court of appeal which would have legal status and authority, apart from some procedure such as that laid down in the Industrial Disputes Act, 1909. If necessary, however, provision should be made in the Act for the appointment of a permanent Board to deal with appeals from the Joint Board referred to under item seven above. A permanent Board appointed on the lines laid down, and with the powers prescribed in that Act, and constituted of one member nominated by the Council, one by the employees, and the chairman an independent person not connected with the local authority who, failing agreement between the parties, would be appointed by the Minister of Industries, appears to us to be the only satisfactory and authoritative solution of the difficulty. If a permanent Board cannot be appointed, the procedure under the existing Act might be speeded up to deal promptly with disputes as they arise. We recommend accordingly.

Ninth Demand.

"That some definite course be recommended to prevent the procrastinatory and dilatory methods adopted by the Council in dealing with the representations of employees."

The establishment of the Joint Board referred to in Item No. 7 and the Board of Appeal referred to in Item No. 8 will *ipso facto* remove the difficulties referred to in this demand, provided that all representations be dealt with promptly by the respective bodies concerned. We think that in these matters the usual course of waiting for ordinary meetings of the Committees

of meer gelijk staan aan die van de hoofdstad. Het is natuurlik zeer moeilik schalen van betaling neer te leggen waarop niets te zeggen valt, zonder langdurig onderzoek in te stellen in de diensten van iedere beambte, toch blijkt het dat de salarissen in het geheel onvoldoende zijn voor het werk en de verantwoordelikheid op de employees gelegd. Wij denken echter dat de schaal door de employees geëist wat hoog is. De schaal door de stadsklerk aan de municipaliteit in 1918 voorgelegd schijnt meer billik.

De Raad beveelt aan dat de volgende schalen of graden door de municipaliteit aangenomen worden, beginnende vanaf 1 Oktober 1919:—

Positie.	*Minimum van Schaal.*	*Jaarlikse Verhoging.*	*Maximum van Schaal.*	*Tijdperk.*
	£	£	£	
Stadsklerk en thesaurier	420	25	570	6 jaren.
Hoofdklerk en boekhouder... ...	300	20	420	5 "
Tweede klerk	240	12	300	5 "
Jongere klerk	180	12	240	5 "
Machineschrijfster	144	12	204	5 "
Kollekteur	300	15	375	5 "
Gezondheidsuperintendent, Superintendent van Wegen en "Compound" bestuurder	400	20	500	5 " met vrij huis.
Gezondheidsinspekteur	300	20	400	5 jaren.
"Compound" opzichter	240	12	300	5 "
Gezondheidsopzichters	204	12	264	5 "
Wegopzichters	204	12	264	5 "
Smid	Standaard loon en uren.			
Handlanger (Handyman)	15s. per dag.			
Askardrijvers	£15 per maand.			
Metselaar (nu geëmployeerd) ...	£1 per dag. Standaard loon wordt niet op aangedrongen wegens de lichamelike onbekwaamheid van de tegenwoordige werkman, doch onder gewone omstandigheden behoren standaard lonen erkend te worden.			

Zesde Eis.

"Dat er geen verschil gemaakt wordt in betaling voor werk gedaan en diensten verricht, om reden dat de employee gehuwd of ongehuwd is."

Verschil te maken tussen gehuwde en ongehuwde employees schijnt ons een verkeerd beginsel te zijn. Voldoende betaling behoort gegeven te worden voor het werk dat gedaan wordt afgezien van het feit of de employee gehuwd of ongehuwd is; de gehuwde man behoort ook niet ten nadeel geplaatst te worden tegenover de ongehuwde in het verkrijgen van werk, welk ongetwijfeld het geval zou zijn wanneer het goedkoper zou zijn ongehuwde personen te employeren. Dit beginsel geldt toelagen zowel als salarissen. Wij bevelen aan dat deze eis toegestaan wordt.

Zevende Eis.

"Dat er een gezamenlike Raad zal zijn bestaande uit een evenredig getal Raadsleden en employees, om alle zaken betreffende de employees te behandelen, onderworpen alleenlik aan de jurisdiktie van de municipaliteit."

Wij beveleh aan dat dit voorstel aangenomen wordt. Wij denken dat de tijd aangebroken is dat employees geraadpleegd worden in het regelen van toestanden aangaande hun diensten en bestaan en in het biezonder alvorens voorgenomen veranderingen erin worden uitgevoerd. De gezamenlike Raad zal alleen adviserend optreden en haar aanbevelingen zullen onderhevig zijn aan de finale beslissing van de Municipale Raad. Wij zijn overtuigd dat zulk een Raad bestaande uit drie municipale raadsleden en drie employees met een voorzitter, wederzijdig gekozen, de volste tevredenheid zal geven. Onderlinge verstandhouding zal aldus bestaan en zal misverstand en ontevredenheid minder voorkomen. Inderdaad indien beide partijen bezield zijn met de begeerte billik en oprecht op te treden en van dienst tot het publiek te zijn, kan niets dan goed het gevolg van zo 'n Raad zijn. Ingeval er een verschil heerst en de partijen niet verder met hun punt kunnen komen, kan gebruik gemaakt worden van de Raad van appèl in de volgende paragraaf genoemd, om de zaak op te lossen.

Achtste Eis.

"Dat stappen genomen worden een Raad van Appèl te stichten; de leden van zulk een Raad mogen niet in verbinding staan met plaatselik gezag."

Terwijl wij met het te behalen doel van dit voorstel instemmen, hebben wij bezwaar enige praktiese aanbeveling te maken voor het stichten van een Raad van Appèl, die wettelike status en macht zal hebben, behalve enige procedure, zoals voorgeschreven in de Wet van 1909 voor het Voorkomen van Industriële Geschillen. Indien nodig, behoort in deze wet voorziening gemaakt te worden voor de aanstelling van een permanente Raad om met appèls te handelen, komende van de Gezamenlike Raad in eis No. 7 hierboven aangehaald. Een permanente Raad op deze wijze aangesteld, en bezittende de macht zoals voorgeschreven in de wet, bestaande uit een lid door de Municipale Raad en een door de employees genomineerd, en een onafhankelik persoon niet in verbinding staande met plaatselik gezag, als voorzitter, die, indien de beide partijen niet overeen kunnen komen, aangesteld zal worden door de Minister van Mijnwezen en Nijverheid, schijnt ons de enigste bevredigende en gezaghebbende oplossing. Indien een permanente Raad niet aangesteld kan worden, moge de handelwijze van de tegenwoordige wet bespoedigd worden, zodat onmiddellik met verschillen gehandeld kan worden. Wij bevelen dienovereenkomstig aan.

Negende Eis.

"Dat een bepaalde weg aanbevolen wordt om de aarzelende en vertragende wijze waarop de municipaliteit de voorstellen van de employees behandelt te voorkomen."

De stichting van de Gezamenlike Raad in No. 7 aangehaald alsook de Raad van Appèl in No. 8 zullen *ipso facto* de bezwaren in deze eis wegruimen, mits alle voorstellen dadelik behandeld worden door de betrokken lichamen. Wij denken ook dat in zaken als deze de gewone wijze van handelen, om te wachten op de gewone Komitee- en Raadsvergaderingen te veel tijd verloren gaat. Speciale vergaderingen van de Raad en indien nodig van

and Council is much too slow. Special meetings of the Board and, if necessary, of the Council should be called to deal with important representations by employees. We recommend that all representations made by employees should be dealt with by the Council, by the Joint Board, and by the Board of Appeal within twenty-one days after receipt thereof in each case respectively.

Tenth Demand.

"The Federation, on behalf of the employees of the Innesdale Council, will agree to section *twenty-five* of Act No. 20, 1909, applying to this dispute, provided the Innesdale Council agree in like manner."

As already stated, both parties agreed to be bound by the award of the Board.

GENERAL REMARKS.

In conclusion, we should like to add that our recommendations represent what we consider are the minimum allowances and conditions which should be granted to the employees. The Municipality of Innesdale is in a sound financial position. They have accumulated out of revenue considerable assets; every year some thousands of pounds are spent out of revenue on shaping and constructing roads and drains; the rateable value of land is £446,400 and of improvements is £470,366; and the rates for the current year (5d. in the £1 on site values) are estimated to bring in £9300. That amount is not the maximum rate which the Council has the power to impose. Last year a surplus of over £3000 was shown, chiefly it must be admitted through a road programme not being proceeded with. Other municipalities are in debt in respect of the construction of roads and bridges and other works and the purchase of assets, which in Innesdale have been provided out of revenue. Innesdale is in the fortunate position of having no debt. In the estimates for the current year "contingencies" (amounting to £1150) and "war bonuses" (£516) are allowed for; while the purchase of machinery such as steam road roller, engine, and two crushers (£2898), purchase of erven (£560), erection of storeroom at compound (£750), and the making of roads (£4000 or £5000) are charged against revenue. This is all a sound enough financial policy, but it is unfair to adopt such a policy and at the same time contend that the community cannot afford to pay its employees fair and reasonable remuneration for their services or adequate allowances to meet the increased cost of living. These should constitute the first charges against the revenues of the Council. We believe it will be the soundest economy for the Council to have a contented staff, which is clearly not the case at present. We have no doubt that Innesdale can give effect to our recommendations without much difficulty and without increasing taxation, but even if a small increase of taxation were required, which it may be stated would affect the poorer property owners to a very slight extent, such would be justified in order to accord some measure of justice and relief to employees in accordance with the abnormal decrease in the purchasing power of the sovereign. The relief granted will naturally be subject to revision as a marked increase or decrease in the cost of living becomes manifest.

Finally, we wish to draw attention to the services rendered to the Board by the secretary (Mr. J. H. Smit) and the typist (Miss Van Ginkel), who were required to attend four evening meetings of the Board, lasting from about 7 o'clock until after 11 o'clock. We highly appreciate the constant helpfulness, tact, and courtesy of the secretary.

We have the honour to be,
Sir
Your obedient Servants,
M. G. NICOLSON,
Chairman.

Representative of the Innesdale Municipal Council.

Representative of the Transvaal Municipal Employees' Federation.

de Municipale Raad behoren gehouden te worden, ten einde belangrijke voorstellen van employees te behandelen. Wij bevelen aan dat alle voorstellen door employees gemaakt binnen een en twintig dagen van af ontvangst ervan door de Municipale Raad, Gezamenlike Raad en de Raad van Appèl respektievelik behandeld worden.

Tiende Eis.

"De Federatie, ten behoeve van de employees van de Innesdale Municipaliteit, onderwerpt zich aan sektie *vijf en twintig* van Wet No. 20, 1909, wat dit geschil betreft, mits de Innesdale Municipale Raad hetzelfde doet."

Zoals alreeds vermeld hebben beide partijen toegestemd zich te onderwerpen aan de uitspraak van deze Raad.

ALGEMENE AANMERKINGEN.

Ten slotte wensen wij hierbij te voegen dat onze aanbevelingen voorstellen wat wij denken de minimum toelagen en kondities te zijn die aan de employees gegeven behoren te worden.

De Municipaliteit van Innesdale verkeert in een gezonde financiële toestand. Zij heeft uit inkomsten verscheidene bezittingen verkregen. Elk jaar worden duizende ponden uit de inkomsten aan het maken van wegen en rioleren uitgegeven, de belastbare waarde van grond is £446,400 en verbeteringen £470,366, en de belasting voor dit jaar (5d. in het £1, "site value") wordt geschat op £9300. Dit is niet het maximum bedrag welke de Raad bemachtigd is op te leggen. Laatste jaar was er een overschot van over £3000, vermoedelik omdat het programma van wegen niet uitgevoerd werd. Andere municipaliteiten hebben schuld wat het maken van wegen, bruggen en andere werken en het aankopen van eigendommen betreft, waar in dit geval uit inkomsten voorziening voor gemaakt word. De Innesdale Municipaliteit is in de gelukkige toestand geen schuld te hebben. Op de begroting voor dit jaar werd voorziening gemaakt voor toevallige gebeurtenissen (£1150), oorlogstoelagen (£516), terwijl de aankoping van machinerie, zoals een stoom-padroller, twee gruisers (£2898), erven (£560), het bouwen van een stoor (£750) en het maken van wegen (£4000 of £5000) tegen inkomsten gedebiteerd werd. Dit alles getuigt een goede gezonde financiële toestand, doch het is onbillik zulk een beginsel aan te nemen en terzelfder tijd voor te geven dat het publiek niet in staat is de employees billike beloning te betalen voor hun diensten of voldoende toelagen te geven voor de verhoogde kosten van levensonderhoud. Dit behoort een eerste eis of aanspraak te vormen op de inkomsten van de municipaliteit. Wij geloven dat het de beste bezuiniging voor de Raad zou zijn om te zorgen een tevreden staf te hebben, welk nu niet het geval schijnt te zijn. Wij twijfelen er niet aan dat de Innesdale Municipaliteit zonder veel bezwaar onze aanbevelingen kan uitvoeren, alsook zonder de belasting te verhogen, doch indien zulke verhoging nodig geacht wordt, welk de arme eigenaar zeer gering treft, is zulks gerechtvaardigd, ten einde een zekere mate van recht en ondersteuning aan de employees te geven, overeenkomstig met de abnormale vermindering in de koopmacht van het pond.

Zulke ondersteuning zal natuurlik onderhevig zijn aan verandering naarmate een merkwaardige verhoging of vermindering in de kosten van levensonderhoud zich openbaart.

Ten laatste wensen wij aandacht te vestigen op de diensten aan de Raad van de sekretaris (de heer J. H. Smit) en snelschrijfster (mej. M. C. van Ginkel), die vier avondvergaderingen van de Raad van 7 tot 11 uur bijwoonden. Wij stellen de voortdurende hulpvaardigheid, takt en beleefdheid van de sekretaris hoog op prijs.

Wij hebben de eer te zijn,
Hoogachtend,
Uw dw. Dienaar,
M. G. NICOLSON,
Voorzitter.

Vertegenwoordiger van de "Transvaal Municipal Employees' Federation."

Article I.

The provisions of this Convention relate only to parcels of mail matter to be exchanged directly by the system herein provided for, and do not affect the arrangements now existing under the Universal Postal Union Convention, which will continue as heretofore; and all the agreements herein after contained apply exclusively to mails exchanged under these articles.

Article II.

1. There shall be admitted to the mails exchanged under this Convention, articles of merchandise and mail matter—except letters, post cards, and written matter— of all kinds that are admitted under any conditions to the domestic mails of the country of origin, excepting only those articles admission of which in this manner is forbidden by the laws of the country of origin or destination, due notice whereof shall be mutually given by the postal authorities of the United States and Union of South Africa respectively, but no parcel may exceed eleven pounds in weight nor the following dimensions: Greatest length in any direction, three feet six inches; greatest length and girth combined, six feet; and parcels must be so wrapped or enclosed as to permit their contents to be easily examined by postmasters and customs officers.

2. All admissible articles of merchandise mailed in one country for the other, or received in one country from the other, shall be free from any detention or inspection whatever, except such as is required for collection of customs duties; and shall be forwarded by the most speedy means to their destination, being subject in their transmission to the laws and regulations of each country respectively.

Article III.

1. A letter or communication of the nature of personal correspondence must not accompany, be written on, or enclosed with any parcel.

2. If such be found, the letter will be placed in the mails if separable, and if the communication be inseparably attached, the whole package will be rejected. If, however, any such should inadvertently be forwarded, the country of destination will collect on the letter or letters double rates of postage according to the Universal Postal Union Convention.

3. No parcel may contain packages intended for delivery at an address other than that borne by the parcel itself. If such enclosed packages be detected they must be sent forward singly, charged with new and distinct Parcel-Post rates.

Article IV.

1. The following rates of postage shall in all cases be required to be *fully prepaid* with postage stamps of the country of origin, viz.:—

2. In the United States, for a parcel not exceeding one pound in weight, twelve cents; and for each additional pound, or fraction of a pound, twelve cents.

3. In the Union of South Africa, for a parcel not exceeding one pound in weight, ninepence; and for each additional pound, or fraction of a pound, ninepence.

4. The parcels shall be promptly delivered to addressees at the post offices of address in the country of destination, free of charge for postage; but the country of destination may, at its option, levy and collect from the addressee for interior service and delivery a charge the amount of which is to be fixed according to its own regulations.

Article V.

Subject to the regulations of the country of origin, the sender shall at the time of mailing a parcel receive from the post office where the package is mailed a certificate of mailing, but registration is inadmissible.

Article VI.

1. The sender of each parcel shall make a Customs Declaration, pasted upon or attached to the package, upon a special form provided for the purpose giving a general description of the parcel, an accurate statement of its contents and value, date of mailing and the sender's signature and place of residence, and place of address.

2. The parcels in question shall be subject in the country of destination to all customs duties, and all customs regulations in force in that country for the protection of its customs revenues: and the customs duties properly chargeable thereon shall be collected on delivery in accordance with the customs regulations of the country of destination.

Article VII.

The Post Office Department of the United States shall pay to the Post Office Department of the Union of South Africa two and one-half cents per pound; that is to say, twenty-five dollars for each thousand pounds in weight of the parcels forwarded from its offices to the Union of South Africa, and the Post Office Department of the Union of South Africa shall pay a similar amount to the Post Office Department of the United States for parcels forwarded from its offices to the United States. The accounts shall be balanced every quarter and a general balance of such quarterly settlements struck yearly, which amount shall be paid by the Post Office Department of the debtor country. The necessary accounts will be rendered by the Post Office of the Union of South Africa.

Article VIII.

1.
