N.B.—The amounts of purchase price, the amounts to be paid on allotment, and the amounts of balance of purchase price are approximate only, and so soon as survey is completed and the exact survey fees are known, these amounts, together with the half-yearly instalments of purchase price, will be increased or decreased accordingly.

N.B.—Die bedrae van koopprys, bedrae wat by toekenning betaal moet word, en bedrae van balans van koopprys, is slegs by benadering opgegee, en sodra die opmeting voltooi is en die juiste opmetingskoste bekend is, sal hierdie bedrae, saam met die halfjaarlikse paaiemente van die koopprys, dienooreenkomstig verhoog of verminder word.

Particulars of Holdings—

The holdings are portions of the original farms Kleinfontein No 261 and Klipkop No. 327, and are situate about 12 miles from Brits, which is the nearest township and railway station. The land is suitable for fruit trees and for the growing of tobacco, wheat, oats, etc., and the veld is suitable for all classes of large and small stock. Climate healthy; the average rainfall is approximately 20 inches per annum.

SPECIAL REMARKS.

The water supply for irrigation purposes is derived from the Hartebeestpoort Irrigation Scheme, and the successful applicants shall conform to, and the allotments will be made subject to, the provisions of Act No. 32 of 1914, any amendments thereof, and any regulations published thereunder; and shall pay such water rates, maintenance and other charges as may from time to time be levied in terms of the above Act, any amendments thereof, and any regulations published thereunder.

No guarantee is given by the Government that a sufficient supply of water will be available for the irrigation of any portion of the holding, and no responsibility is or will be accepted by the Government for any loss or damage that may be sustained by the lessee at any time owing to the diminution in the volume of the water available for the irrigation of the land, or that may be due to flooding or diversion.

Servitudes—

All necessary servitudes will be imposed against each holding in respect of any irrigation works, main or distributary furrow, or furrows which may exist on or pass through such holding for the purpose of supplying water to any other holding or holdings, and all the holdings will be further subject to such servitudes and rights to water as are mentioned or referred to in the Government deeds of transfer or which may hereafter be imposed by the Minister of Lands.

The right will be reserved to the Government to take and lead water from the irrigation works and from and over all or any of the holdings by furrows or any other means for the benefit of other holdings or Government or private land or for public or any other purposes, without compensation to the lessees concerned, as also the necessary rights of ingress and egress to and from such rights-of-way over any holdings as may be necessary for these or any other purposes and as may be deemed advisable and expedient by the Minister of Lands.

An area of 10 morgen on each of the holdings advertised in this notice has been scheduled under the Hartebeestpoort Irrigation Scheme, and the Government reserves the right to schedule a further 15 morgen in respect of each holding after the expiration of a period of five years from the dates of allotment of the holdings, at the rate of 5 morgen per year.

The Government may, however, on application from the lessees concerned, and if such is deemed advisable and expedient, schedule a further area on the holdings prior to the expiration of a period of five years from the date of allotment, or may schedule an area in excess of the further 15 morgen referred to above.

GENERAL CONDITIONS.

All roads on the settlement, not being public roads under the administration of the Provincial authorities, shall be kept in good order by the lessees jointly and severally at their own expense.

No growing trees on the grazing areas shall be felled or damaged by the lessees, and no shooting or snaring of or coursing for game and birds will be permitted.

Apart from the rights-of-way shown on the plans of the settlements or specially referred to in this notice, a right of access by a convenient route to and from a public road shall be given over each holding to the lessees of other holdings.

The lease shall contain the following condition for insertion in the Crown grant when issued:—

> "The land hereby granted or any portion or share thereof shall not be sold, assigned, donated, transferred, leased, mortgaged, or otherwise alienated or encumbered by the grantee or his successor or successors in title, or his or their executors, administrators, or assigns, unless the consent in writing of the Minister of Lands be first obtained.

GENERAL REMARKS.

Issue of Crown Grants—

Crown grants of holdings may in special cases, with the approval of the Governor-General, be issued before the expiry of a period of ten (10) years from the date of allotment. When a lessee after five (5) years' tenancy can satisfy the Land Board that the value of his holding with permanent and substantial improvements exceeds by one-fourth (but not in any case by less than £400) the total indebtedness of the lessee to the Government, section *eight* of Act No. 21 of 1922 enables the Minister to issue a Crown grant and accept a mortgage bond for the total amount of the then remaining indebtedness.

Fencing.

In the event of the Government being required, in terms of the Fencing Act, No. 17 of 1912, or any amendment thereof, to contribute towards the cost of fencing the boundaries, or any part thereof, of any of the holdings advertised in this notice, or to accept liability for the payment of such contribution prior to the registration of the lease, the successful applicant shall, on allotment being made to him, assume liability for the payment of such contribution. The amount of such contribution shall be paid by the allottee to the Government in cash, or at the option of the

Besonderhede van Hoewes—

Die hoewes is gedeeltes van die oorspronklike plase Kleinfontein No. 261 en Klipkop No. 327 en is omtrent 12 myl geleë van Brits, wat die naaste dorp en spoorwegstasie is. Die grond is geskik vir vrugtebome en vir tabak, koring, hawer, ens., en die veld is geskik vir alle soorte groot- en kleinvee. Klimaat gesond; die gemiddelde reënval is omtrent 20 duim per jaar.

SPESIALE OPMERKINGS.

Die watervoorraad vir besproeiingsdoeleindes word verkry van die Hartebeestpoort Besproeiingsskema en die suksesvolle applikante moet voldoen aan, en die toekennings sal onderhewig wees aan, die voorsienings van Wet No. 32 van 1914, enige wysigings daarvan, en enige regulasies daaronder gepubliseer, en moet sulke waterbelastinge, onderhouds- en ander koste betaal as van tyd tot tyd opgelê mag word in terme van bogenoemde Wet, enige wysigings daarvan, of enige regulasies daaronder gepubliseer.

Van Goewerment word geen waarborg gegee dat daar vir die besproeiing van enige gedeelte van die hoewe water beskikbaar sal wees en geen verantwoordelikheid word of sal deur die Goewerment aanvaar word vir verlies of skade, wat 'n huurder te eniger tyd mag hê tengevolge van verminder van die hoeveelheid water beskikbaar om die grond te besproei of wat 'n gevolg mag wees van oorstroming of afleiding van water.

Serwitute—

Elke hoewe sal beswaar word met alle nodige serwitute ten aansien van besproeiingswerke, hoof- of leidingsvore, wat mag bestaan of op of oor sulke hoewes loop vir die doel om water te lewer aan enig ander hoewe of hoewes, en al die hoewes sal verder onderhewig wees aan sodanige serwitute en waterregte as vermeld of bedoel is in die Goewermentstransportaktes of wat hierna deur die Minister van Lande sou kan opgelê word.

Die Goewerment behou die reg om water te neem en te lei van die besproeiingswerke en van en oor almal of enige van die hoewes deur middel van vore of op enig ander manier, tot nut van ander hoewes of Goewerments of privaat grond of vir publieke of ander doeleindes, sonder skadeloosstelling van die betrokke huurders, asook die nodige regte van ingang en uitgang van en tot, en sulke regte van deurgang oor hoewes as nodig mag wees vir hierdie of enige andere doeleindes en soos raadsaam en geskik geag mag word deur die Minister van Lande.

'n Area van 10 morge op elke hoewe in hierdie kennisgewing geadverteer is op die skedule geplaas onder die Hartebeestpoort Besproeiingskema, en die Goewerment behou die reg om na die afloop van 'n periode van vyf jaar vanaf die datums van toekennings van dié hoewes, 'n verdere area van 15 morge ten aansien van elke hoewe op die skedule te plaas teen 5 morge per jaar.

Die Goewerment kan egter, op applikasie van die betrokke huurders, en indien sulks raadsaam en geskik geag mag word, vóór die afloop van 'n periode van vyf jaar vanaf die datum van toekenning, 'n verdere area ten aansien van die hoewes op die skedule plaas, of kan 'n groter area as die 15 morge hierbo aangehaal op die skedule plaas.

ALGEMENE VOORWAARDES.

Alle paaie op die neersettings, apart van publieke paaie onder die beheer van die prowinsiale outoriteite, moet deur die huurders gesamentlik of afsonderlik op eie koste in goeie orde gehou word.
Geen groeiende bome op die weivelde mag deur die huurders omgekap of beskadig word nie, en huurders sal nie toegelaat word om wild en voëls te vang of te skiet nie.

Apart van die regte van weg aangewys op die kaarte van die neersettings of spesiaal vermeld in hierdie kennisgewing, moet oor elke hoewe aan die huurders van ander hoewes 'n reg van toegang verleen word met 'n gerieflike weg na en van 'n publieke pad.

Die huurkontrak sal die volgende voorwaarde bevat vir invoeging in die Kroongrondbrief wanneer die uitgereik word:—

> "Die grond hierdeur toegeken of enige gedeelte of aandeel daarvan sal nie verkoop, oorgemaak, geskenk, oorgedra, verhuur, verbind, of op 'n ander manier vervreem of beswaar word nie deur die persoon aan wie dit toegestaan is of sy erfgenaam of erfgename, of sy of hulle eksekuteurs, administrateurs of oornemers, tensy die skriftelike toestemming van die Minister van Lande eers verkry is."

ALGEMENE OPMERKINGS.

Uitreiking van Kroongrondbriewe—

Kroongrondbriewe van hoewes kan in spesiale gevalle met die toestemming van die Goewerneur-Generaal uitgereik word voor die afloop van 'n periode van tien (10) jaar na die datum van toekenning. As 'n huurder, nadat hy 'n plaas vir vyf (5) jaar gehuur het, die Landraad kan oortuig dat die waarde van sy hoewe met permanente verbeterings van 'n degelike aard een-vierde (maar in geen geval minder dan £400) meer bedra as die totale skuld van die huurder aan die Goewerment, stel seksie *ag* van Wet No. 21 van 1922 die Minister in staat om 'n Kroongrondbrief uit te reik en vir die totaalbedrag van die skuld wat daar oorbly 'n verband aan te neem.

Omheinings—

Ingeval die Goewerment, ooreenkomstig die Omheiningswet, No. 17 van 1912, of enige wysiging daarvan, genoodsaak is om by te dra tot die koste van omheining van die grenslyne of enige gedeelte daarvan, van die hoewes in hierdie kennisgewing geadverteer, of om verantwoordelikheid vir die betaling van sodanige bydrae te aanvaar voor die registrasie van die huurkontrak, dan sal die suksesvolle applikant by die toekenning van 'n hoewe aan hom die verantwoordelikheid vir die betaling van sodanige bydrae op hom moet neem. Die bedrag van sodanige bydrae moet deur die persoon aan wie die plaas toegeken word in kontant aan die Goewerment betaal word, of kan as die persoon aan wie die hoewe toegeken word sulks verkies, by die koopprys van die hoewe

allottee it may be added to the valuation of the holding, in which case the rental payments and instalments of purchase price shall be increased accordingly. The successful applicants for any of the holdings on which the boundaries or part thereof are fenced shall accept liability under the Fencing Act, 1912, or any amendment thereof, for any amounts which may be claimed by adjoining owners in terms of the said Act.

Boreholes.

A clause will be inserted in the leases which it is proposed to issue in respect of those holdings on which boreholes have been or may be sunk, giving the Government access to and the right to take water from the boreholes for drilling purposes for a period of five years from the dates of the leases.

It will be a condition of lease that the successful applicant for any of the above holdings on which boreholes exist or may be sunk previous to or after allotment will be held responsible as from the date of allotment or of completion of the work for the proper care and maintenance of the borehole or boreholes on his holding, and shall be liable for any damage caused thereto. He must, therefore, on no account raise water without proper pumping machinery. Inquiries as to the most suitable machinery to be utilized in connexion with any borehole should be made to the Director of Irrigation, Pretoria, by the successful applicant before proceeding to erect pumping machinery.

Special Conditions—

The following special clauses will be inserted in the lease which it is proposed to issue and in the Crown grant to be issued later in connexion with these holdings:—

(*a*) Giving the Government the right to resume the whole or a portion of any holding, required for public purposes or outspan purposes, on payment of compensation therefor;
(*b*) stipulating that roads and thoroughfares, whether they are described in the diagram or not, existing on the land shall remain free and uninterrupted, and requiring the lessee of any holding to grant to any adjacent or neighbouring proprietor a way or road of necessity to or from the land of such adjacent or neighbouring proprietor;
(*c*) governing the exploitation of minerals.

Occupation—

The leases to be issued will contain conditions to the effect that lessees of all holdings shall personally and beneficially occupy the holdings allotted within three (3) months from the date of allotment, and thereafter for ten (10) months during each calendar year.

Miscellaneous—

In the case of accidents to persons or cattle consequent on the existence of shafts, tunnels, and other conditions arising out of prospecting and mining operations undertaken prior to the date of the commencement of the lease, the lessee shall not be entitled to compensation from the Government or the prospector or claimholder.

All rights to minerals, mineral products, mineral oils, metals, and precious stones are reserved to the Crown.

The Department has made every effort to render as accurate as possible the information given to this notice, but does not hold itself responsible for any inaccuracies which may be contained in this notice.

Applicants are recommended personally to inspect the holdings before formally applying therefor. In considering applications for holdings, Land Boards decline, as a rule, to recommend allotments to applicants who have failed to inspect personally or to have had inspected on their behalf the holding applied for. No railway or transport concessions are given by the Government in connexion with the inspection of holdings.

Occupation can be granted immediately upon allotment, unless other provision be made in the letter of allotment.

All applications must be submitted on the prescribed form, which can be obtained from the Magistrates of the districts in which the holdings are situate; the Secretary for Lands, Pretoria; the Secretary to the Land Board, Supreme Court Buildings, Queen Victoria Street, Capetown; the Secretary to the Land Board, P.O. Box 396, Pietermaritzburg; and the Secretary to the Land Board, Bloemfontein.

The Department has a staff dealing specially with applications and inquiries for land, and prospective settlers desirous of obtaining information with regard to land settlement are advised to apply for such information direct to the Department of Lands, Union Buildings, Pretoria.

✱ No. 1475.] [26th August, 1927.

Boorgate—

In die huurkontrakte wat dit die plan is om uit te gee ten aansien van die hoewes waarop boorgate reeds gemaak is of later gemaak mag word sal 'n klousule ingesluit word wat die Goewerment die reg van toegang verleen en die reg om water te neem uit die boorgate vir boordoeleindes, gedurende 'n termyn van vyf jaar vanaf die datums van die huurkontrakte.

'n Voorwaarde van die huurkontrak sal wees, dat die suksesvolle applikant vir enige van die bogenoemde hoewes waarop boorgate bestaan of voor of na toekenning gemaak mag word, met ingang van die datum van toekenning of van voltooiing van die werk verantwoordelik gehou sal word vir die behoorlike oppas en die onderhou van die boorgat of die boorgate op sy hoewe en aanspreeklik sal wees vir enige skade daaraan veroorsaak. Hy moet derhalwe in geen geval sonder behoorlike pompmasjiene water daaruit neem nie. Navraag, betreffende die masjienerie wat die meeste geskik is om gebruik te word in verband met enige van die boorgate, behoort deur die suksesvolle applikant by die Direkteur van Besproeiing in Pretoria gedoen te word alvorens met die oprigting van enige pompmasjienerie te begin.

Spesiale Voorwaardes—

In die voorgestelde huurkontrak en die daaropvolgende Kroongrondbrief in verband met hierdie hoewes sal spesiale voorsiening gemaak word waardeur—

(*a*) die Regering die reg sal hê om teen betaling van skadevergoeding die hoewe of enige gedeelte daarvan terug te neem, as dit vir publieke doeleindes of vir 'n uitspanning benodig is;
(*b*) aanwesige paaie en deurgange vry en onbelemmer sal bly, of hulle op die kaart aangegee word of nie, en die huurder van die hoewe verplig sal wees aan enige aangrensende of naby wonende eienaar 'n noodsaaklike deurgang of pad te gee na of van die grond van sodanige aangrensende of naby wonende eienaar;
(*c*) die eksploitasie van minerale gereël sal word.

Alle regte op minerale, minerale produkte, minerale olieë, metale en edelgesteentes word deur die Goewerment behou.

Die Departement het alle pogings aangewen om die informasie wat in hierdie kennisgewing vervat word so korrek moontlik te maak, maar sal nie verantwoordelik wees vir onjuisthede wat mag voorkom nie.

Applikante word aangeraai om die hoewes persoonlik te inspekteer alvorens applikasie daarvoor te maak. Geen spoorweg- of ander transportkonsessies word deur die Regering in verband met die inspeksie van hoewes toegestaan nie.

(*b*) Ingeval van ongelukke aan persone of vee tengevolge van skagte, tonnels en andere omstandighede wat onstaan het uit prospekteer- en mynwerksaamhede onderneem voor die datum van aanvang van die huurkontrak, sal die huurder nie geregtig wees tot vergoeding van die Goewerment of die prospektor of claimhouer nie.

(*c*) Die prospektor of claimhouer sal die reg hê om van die huurder vergoeding te eis ingeval van enige skade aan of vernieling van sy bakens of andere geboue en eiendomme wat die prospektor of claimhouer volgens wet geregtig is op die plaas op te rig of te besit.

Algemene Voorwaardes—

Ingeval die Minister dit moontlik mag ag om binne die termyn van die huurkontrak die bepalings daarvan te verander deur die eiendom uit te gee onder huurkontrak vir 'n seker aantal jare met die opsie van aankoop te eniger tyd gedurende die loop van die huurkontrak of by afloop daarvan, en ingeval voor die vernietiging van die huurkontrak eers die toestemming van die huurder is verkry kan die grond in die *Unie Staatskoerant* geadverteer word as beskikbaar om uitgegee te word onder sodanige nuwe bepalings as vermeld met inbegrip van 'n bepaling dat die suksesvolle applikant vir die genoemde eiendom, as hy nie die huurder onder die huurkontrak is, aan die huurder vergoeding moet betaal vir alle werkelike verbeterings wat deur die huurder op die grond mag aangebring wees teen 'n waardering wat deur die Minister van Lande vasgestel sal word.

As hy nie die suksesvolle applikant is sal die huurder die reg hê om al die gesaaides te oes wat ten tyde van die toekenning op die grond is.

No rights to minerals, mineral products, mineral oils, precious stones, precious and base metals will be granted, and the lease will be subject to such rights as the public or the Government may now, or hereafter, have or be entitled to obtain under, or by virtue of, any law relating to stands outside of townships, or to prospecting, digging, mining for, or exploiting of minerals, mineral products, mineral oils, precious stones, precious and base metals on the land or water thereon, for which land applications are hereby invited. The Government reserves the right to enter upon any holding to bring about such improvements, and to take material therefrom for that purpose. All such improvements shall be kept in good order by the lessees during the currency of their leases.

General Remarks—

The lease to be issued will contain conditions relative to residence, improvements, fencing, minerals, outspans, roads, and such other conditions as are usually inserted in the agricultural leases granted under the Crown Land Disposal Ordinance, 1903 (Transvaal).

The Department has made every effort to render as accurate as possible the information given in this notice, but will not be responsible for any inaccuracies should such exist.

Applicants are recommended personally to inspect farms before formally applying therefor.

In considering applications for holdings, Land Boards decline, as a rule, to recommend allotments to applicants who have failed to inspect personally, or to have had inspected on their behalf, the holdings applied for. No railway or transport concessions are given by the Government in connexion with the inspection of holdings.

Occupation can be granted immediately on allotment, unless other provision be made in the letter of allotment.

In event of there being a caretaker on any of the above holdings, it will be a condition of allotment that the caretaker shall be given the necessary facilities to tend and reap at maturity any crops belonging to him on the holding at the date of allotment.

All applications must be submitted on the prescribed form, which can be obtained from the magistrates of the districts in which the holdings are situate; the Secretary for Lands, Pretoria; the Secretary to the Land Board, New Law Court Buildings, Capetown; the Secretary to the Land Board, P.O. Box 396, Pietermaritzburg; and the Secretary to the Land Board, Bloemfontein.

The Department has a staff dealing specially with applications and inquiries for land, and prospective settlers desirous of obtaining information with regard to land settlement are advised to apply for such information direct to the Department of Lands, Union Buildings, Pretoria.

G'n regte op minerale, minerale produkte, minerale olieë, edelgesteentes en edele en onedele metale sal toegeken word, en die huurkontrak sal onderworpe wees aan sulke regte wat die publiek of die Goewerment nou of later mag hê of geregtig sal wees te verkry, onder en uit krag van enige wet met betrekking tot standplase buitekant dorpe of die prospekteer, delf, myn na of die eksploiteer van minerale, minerale produkte, minerale olieë, edelgesteentes, edele en onedele metale op die grond, of tot die water daarop. G'n kompensasie sal geëis kan word of betaalbaar wees nie vir enige skade of storing van watter aard ook, veroorsaak deur die uitoefening van sulke myn- en andere regte.

Ingeval daar op enige hoewe deur die Regering omheinings of dipbakke of andere geboue opgerig of boorgate gesink mag word, nadat hulle geadverteer of toegeken is sal daar addisionele huurgeld in rekening gebring word, bereken op die koste van sodanige verbeteringe. Die Regering het die reg om sig op enige hoewe te begewe ten einde sulke verbeteringe aan te bring en om vir die doeleinde materiaal daarvan te neem. Alle sodanige verbeteringe moet deur die huurder gedurende die geldigheidstermyn van sy huurkontrak in goeie orde onderhou word.

Algemene Opmerkings—

Die huurkontrak wat uitgereik sal word sal voorwaardes bevat met betrekking tot die okkupasie, verbeteringe, omheining, minerale, uitspanninge, weë en sulke andere voorwaardes as gewoonlik gestel word in landbouhuurkontrakte, uitgereik onder die Kroonlande Beskikkings Ordonnansie, 1903 (Transvaal).

Die Departement het alle pogings gedoen om die informasie in hierdie kennisgewing vervat so juis moontlik te gee, maar sal nie verantwoordelik wees vir onjuisthede wat mag voorkom nie.

Applikante word aanbeveel die plase persoonlik te inspekteer alvorens formele applikasie daarvoor in te dien.

By die oorweging van applikasies vir hoewes is die Landrade nie geneig toekennings aan te beveel aan applikante wat versuim het om persoonlik of deur iemand anders ten hul behoewe die hoewes waarvoor hulle applikasie gemaak het te inspekteer. G'n spoorweg- of ander transportkonsessies word deur die Regering in verband met die inspeksie van hoewes toegestaan nie.

Onmiddellik na toekenning kan okkupasie toegestaan word tensy in die brief van toekenning anders bepaal word.

Ingeval daar 'n oppasser op enige van die bogemelde hoewes is, sal dit 'n voorwaarde van toekenning wees dat die oppasser die nodige fasiliteite gegee word om enige gesaaides wat aan hom behoort op die hoewe, op te pas en te oes wanneer dit ryp word.

Alle applikasies moet gemaak word op die voorgeskrewe vorm, wat van die magistrate van die distrikte waarin die plase geleë is; die Sekretaris van Lande, Pretoria; die Sekretaris van die Landraad, Nieuwe Geregshof Geboue, Koningin Victoriastraat, Kaapstad; die Sekretaris van die Landraad, Posbus 396, Pietermaritzburg; of die Sekretaris van die Landraad, Bloemfontein, verkry kan word.

Die Departement het 'n staf wat spesiaal applikasies en navrae betreffende grond behandel en aanstaande setteläars wat met betrekking tot landneersetting informasie verlang word aangeraai om hulle met die versoek om die informasie regstreeks te wend tot die Departement van Lande, Unie-gebou, Pretoria

G. N. WILLIAMS,
Sekretaris van Landbou.

Landboudepartement, Pretoria.

* No. 1455.] [26 Augustus 1927,

HERSIENE MELKBEESTEVERBETERING EN ALGEMENE MELKAANTEKENINGSKEMA.

Teneinde nog meer fasiliteite te verskaf vir die offisiële melkaantekening en die toets van volbloed geregistreerde koeie en in die algemeen vir die doel om verbetering te bevorder ten opsigte van die produksie van nie-geregistreerde of graad en gewoon gemengde (minderwaardige) beeste deur middel van melkaantekening en die aanneming van verbeterde metodes, het die Minister van Landbou die aanneming van die skema in die bylae hiertoe, met in werking treding van 1 September 1927, goedgekeur.

Goewermentskennisgewing No. 1206 van 23 Julie 1923, word hierby ingetrek.

BYLAE.

VOLBLOED GEREGISTREERDE KOEIE.

1. Die eienaars van volbloed geregistreerde koeie—waaronder alle diere val wat geregistreer is in die Suid-Afrikaanse Stamboek of 'n ander erkende Suid-Afrikaanse of oorsese Kuddeboek (Herd Book)—wat koeie vir die offisiële toets wil laat inskrywe, moet al sulke koeie eens elke dertig dae onderwerp aan 'n offisiële ag-en-veertig uur kontroletoets deur die departement se offisiële inskrywer.

2. Die volgende verminderde skaal van fooie moet betaal word deur telers, wat toestem om hul gehele trop te laat inskrywe vir die offisiële toets en wat onderneem om die voorwaardes neergelê in artiekel 3, na te kom, t.w.:—

(*a*) Die mienimum berekening om 'n teler te besoek sal 10s. per besoek bedra, wat hom reg gee om tot vyf koeie op dieselfde tyd en op dieselfde eiendom te laat toets.

(*b*) Wanneer meer as vyf maar nie meer as tien koeie nie op dieselfde tyd en op dieselfde eiendom getoets word, dan sal die berekening vir die toets van die eerste vyf koeie wees soos bepaal onder (*a*) en vir elke volgende koei 1s. per besoek.

(*c*) Wanneer meer as tien, maar nie meer as vyftien koeie nie op dieselfde tyd en op dieselfde eiendom getoets word, dan sal die berekening vir die toets van die eerste tien koeie wees soos bepaal onder (*a*) en (*b*) en vir elke volgende koei 6d. per besoek.

(*d*) Wanneer meer as vyftien koeie op dieselfde tyd en op dieselfde eiendom getoets word, dan sal die berekening vir die toets van die eerste vyftien wees soos bepaal onder (*a*), (*b*) en (*c*) en vir elke volgende koei 3d. per besoek.

(*c*) Breeders who have entered their pure-bred herd for official test and are desirous of having also unregistered or grade cows tested at the same time and on the same premises will be charged at the rate of 3d. per cow per visit for up to twenty cows and one penny per cow per visit for each additional cow. Only a twenty-four hours' check test will, however, be taken of such unregistered or grade cows.

3. All breeders wishing to avail themselves of the reduced scale of fees provided in the foregoing regulation will be required to sign a statement, when applying to have their herd tested, undertaking to comply with the following conditions, viz.:—

(*a*) Every cow in the herd must be officially tested and recorded as she calves down and every time each calves so long as the herd is under official test; provided that exemption may be obtained from the Superintendent of Dairying or Senior Provincial Dairy Officer in respect of cows suffering from sickness or accident or for other special reasons which, in the opinion of such officer, constitute sound and valid grounds for granting exemption, but no such exemption shall be granted on account of adverse climatic conditions except in very exceptional and abnormal circumstances.

(*b*) No cow shall be withdrawn from the official test before she has completed 300 days from the commencement of her record or has ceased to yield milk before the expiration of that period except in cases of sickness or accident, when permission to withdraw may be granted by the visiting Official Milk Recorder, who shall report the circumstances to the Senior Provincial Dairy Officer, and this officer may, if in his opinion there is no justification for withdrawal, require the cow to complete her test.

(*c*) The Government shall have the right to make use of the data obtained in respect of the testing and recording of such herds for propaganda or other purposes, provided that the names of the owners or breeders and the names of their animals shall not be published without the consent in writing of the owners or breeders concerned.

(*d*) Brief particulars of the feeding of each cow tested must be entered by the owner or his representative each month on the weights sheet. The quantity of concentrates or roughage fed daily and condition of the veld, if running on same, must at least be stated.

(*e*) The keeping of daily weights will be optional, and owners preferring not to keep such will be allowed to record the weight of milk yielded by each cow at each milking on two days each week; the days on which the weights are to be taken must be stated by the owner when making application to have his herd tested, and shall be rigidly adhered to unless permission to alter them is obtained from the Senior Provincial Dairy Officer. In cases where daily weights are not taken, the total weight of milk for the month (30 days' period) shall be arrived at by multiplying the average daily weight of milk yielded on the days the milk has been weighed by 30; the weights of milk recorded by the Official Recorder during his forty-eight hours' test also being reckoned for this purpose.

(*f*) Official certificates of performance shall be issued in respect of all cows which complete a minimum of 180 days under test, and, at the discretion of the Superintendent of Dairying, in respect of such cows which may have died during test or been withdrawn owing to sickness or accident before the expiration of that period. All such certificates shall be endorsed stating whether the record has been based on daily or bi-weekly weighings, and brief particulars of feeding during the test shall be entered on the back of the certificate. No certificate, however, shall be issued for a cow until she has recalved after completing her test or has failed to recalve at the expiration of eighteen months from the commencement of her test, whichever is the earlier date. Date of recalving shall be entered on the certificate, or, in the event of failure to recalve within eighteen months, a note shall be made to that effect.

All such official certificates must bear a 1s. (one shilling) revenue stamp affixed before being issued, as required by Government Notice No. 1315 of 17th August, 1921, the cost of which must be borne by the owner of the cow.

Owners not requiring certificates for any particular animals must notify the Superintendent of Dairying to that effect as soon as the cow concerned has completed her test; otherwise certificates will be issued for each animal recorded in accordance with regulation 3 (*f*).

(*g*) The completed records of *all* cows will be published, together with the names of the owners, and, whenever possible, brief particulars of feeding, in separate monthly lists for each breed in the Department's journal, *Farming in South Africa*, and, similarly, herd averages will be worked out annually and published in the same journal, notwithstanding what is laid down in regulation 3 (*c*).

4. (1) Breeders who are unwilling to submit their whole herd for the test, but who wish to have only a few selected animals tested annually, shall be allowed to have such officially tested, but the charge therefor shall continue to be made as provided in the scale of fees prescribed for the testing of pure-bred registered cows in Government Notice No. 1206 of 1923, viz.:—

(*a*) The minimum charge to visit a breeder shall be £2 per visit, which shall entitle him to have up to five cows tested at the same time on the same premises.

(*b*) When more than five but not more than ten cows are being tested at the same time and on the same premises, the charge for testing the first five cows shall be as provided under (*a*), and the charge for every additional cow 4s. per visit.

(*c*) When more than ten but not more than fifteen cows are being tested at the same time and on the same premises, the charge for testing the first ten cows shall be as provided under (*a*) and (*b*), and the charge for every additional cow 2s. per visit.

(*e*) Telers, wat hul volbloed trop vir die offisiële toets laat inskryf het en begerig is om eweneens nie-geregistreerde of graadkoeie te laat toets op dieselfde tyd en eiendom, moet 3d. per koei per besoek betaal tot 20 koeie en een pennie per koei per besoek vir elke volgende koei. 'n Kontroletoets van slegs 24 uur sal egter geneem word van sulke nie-geregistreerde of graadkoeie.

3. Alle telers, wat verlang om gebruik te maak van die verminderde skaal van fooie soos bepaal in die voorafgaande regulasie, moet 'n verklaring onderteken wanneer hulle aansoek doen om hul trop te laat toets, waarin hulle onderneem om aan die volgende voorwaardes te voldoen:—

(*a*) Elke koei onder die trop moet offisieel getoets word en aantekening moet gehou word van dat een kalwe en van elkeen wat kalwe solank die trop onder offisiële toets is; met dien verstande dat vrystelling verkry kan word van die Superintendent van Suiwelbereiding of Senior Prowinsiale Suiwelbeampte ten aansien van koeie wat aan siekte of as gevolg van 'n ongeluk ly of weens ander spesiale redes wat, volgens die oordeel van so'n amptenaar, op grondslae vir die toestaan van vrystelling rus, maar so'n vrystelling word nie weens slegte klimaatstoestande toegestaan nie, behalwe onder baie buitengewone en abnormale omstandighede.

(*b*) 'n Koei mag nie van die offisiële toets teruggetrek word nie alvorens sy 300 dae voltooi het vanaf die aanvangs van haar aantekening of as sy opdroë vóór die beëindiging van daardie tydperk, behalwe in gevalle van siekte of ongelukke wanneer verlof om haar (hulle) terug te trek toegestaan sal word deur die besoekende offisiële melkinskrywer wat die omstandighede sal rapporteer aan die Senior Prowinsiale Suiwelbeampte, en hierdie beampte kan, as daar volgens sy oordeel geen grond vir terugtrekking bestaan nie, eis dat die koei haar toets moet voltooi.

(*c*) Die Regering behou die reg om gebruik te maak van die gegewens verkry ten opsigte van die toets en aantekening van sulke troppe vir propaganda of ander doeleindes, met dien verstande dat die name van die eienaars of telers en die name van hul diere nie sonder skriftelike toestemming van die betrokke eienaars of telers publiseer sal word nie.

(*d*) Beknopte besonderhede omtrent die voeding van elke koei, wat getoets word, moet deur die eienaar of sy verteenwoordiger elke maand op die gewigskaart opgeteken word. Die hoeveelheid kragvoer of ruvoer, wat daeliks gevoer word, en die toestand van die veld, as die koeie daarop loop, moet minstens vermeld word.

(*e*) Die hou van daelikse gewigte is opsioneel en eienaars, wat verkies om dit nie te hou nie, is toegelaat om die gewig van elke koei se melk, elke maal as sy gemelk word, twee dae per week aan te teken; die dae waarop die gewigte geneem word, moet deur die eienaar vermeld word wanneer hy aansoek doen om sy trop te laat toets en moet streng gehandhaaf word, tensy verlof tot verandering daartoe verleen word deur die Senior Prowinsiale Suiwelbeampte. In gevalle waar daelikse gewigte nie geneem word nie, sal die totale gewig van melk vir die maand (30 dae tydperk) verkry word deur die vermenigvuldiging van die gemiddelde daelikse gewig van melk opgebring op die dae wat die melk geweë is met 30: die gewigte van melk aangeteken deur die offisiële inskrywer gedurende sy 48 uur toets word eweneens vir hierdie doel bereken.

(*f*) Offisiële sertifikate van produksie word uitgereik ten opsigte van alle koeie wat 'n mienimum van 180 dae onder die toets voltooi, en, na oordeel van die Superintendent van Suiwelbereiding, ten opsigte van sulke koeie wat gedurende die toets doodgegaan het of weens siekte of ongeval teruggetrek is voor die beëindiging van daardie tydperk. Al sulke sertifikate moet vermeld of die aantekening gebaseer is op die weë van die melk per dag of tweemaal per week en beknopte besonderhede omtrent voeding gedurende die toets moet op die agterkant van die sertifikaat vermeld word. Daar word egter geen sertifikaat vir 'n koei uitgereik nie tot sy weer gekalwe het na die toets of as sy by die beëindiging van agtien maande vanaf die aanvangs van die toets, wat ook al die eerste datum is, nie weer gekalwe het nie. Die datum wanneer sy weer kalwe moet op die sertifikaat vermeld word of, ingeval sy nie weer binne 18 maande kalwe nie, dan moet te dien effekte 'n aantekening gemaak word.

Op al sulke offisiële sertifikate moet 'n 1s. (een sjieling) inkomsteseël opgeplak word alvorens dit uitgereik word, soos vereis by Goewermentskennisgewing No. 1315 van 17 Augustus 1921, die koste waarvan deur die eienaar van die koei gedra moet word.

Eienaars, wat nie sertifikate vir enige besondere diere nodig het nie, moet daaromtrent die Superintendent van Suiwelbereiding in kennis stel sodra die betrokke koei haar toets voltooi het; anders word sertifikate vir elke dier, waarvan aantekening gehou is ooreenkomstig regulasie (3) (*f*), uitgereik.

(*g*) Die voltooide aantekenings van *al* die koeie tesame met die name van die eienaars en wanneer moontlik, beknopte besonderhede omtrent die voeding van elke ras sal in aparte lyste gepubliseer word in die Joernaal van die Departement, n.l. *Boerdery in Suid-Afrika*, en gemiddeldes van die trop sal uitgewerk en jaarliks in dieselfde Joernaal gepubliseer word nieteenstaande wat in regulasie (3) (*c*) neergelê is.

4. (1) Telers, wat nie hul hele trop aan die toets wil onderwerp nie maar wat net 'n paar uitgesoekte diere jaarliks wil laat toets, sal toegelaat word om sulke diere offisieël te laat toets, maar die berekening daarvoor sal wees soos bepaal in die skaal van fooie neergelê vir die toets van volbloed geregistreerde koeie in Goewermentskennisgewing No. 1206 van 1923, naamlik:—

(*a*) Die mienimum berekening om 'n teler te besoek, sal £2 per besoek bedra, wat hom reg gee om tot vyf koeie op dieselfde tyd en op dieselfde eiendom te laat toets.

(*b*) Wanneer meer as vyf, maar nie meer as tien koeie nie op dieselfde tyd en op dieselfde eiendom getoets word, dan sal die berekening vir die toets van die eerste vyf koeie wees soos bepaal onder (*a*) en die fooi vir elke volgende koei 4s. per besoek.

(*c*) Wanneer meer as tien, maar nie meer as vyftien koeie nie op dieselfde tyd en op dieselfde eiendom getoets word, dan sal die fooi vir die toets van die eerste tien koeie wees soos bepaal onder (*a*) en (*b*) en die fooi vir elke volgende koei 2s. per besoek.

(*d*) When more than fifteen cows are being tested at the same time and on the same premises, the charge for testing the first fifteen cows will be as provided under (*a*), (*b*), and (*c*), and for each additional cow 1s. per visit.

(2) Breeders who enter cows under this regulation must record the weight of milk yielded by each cow under test at every milking; they will also be required to furnish brief particulars of the feeding of each cow in test on the monthly weight sheets, and the conditions relative to the issue of certificates laid down in regulation 3 (*f*) of this notice shall also apply to them. The completed records of such cows will also be published monthly in *Farming in South Africa*, but not in the same lists as are referred to in regulation 3 (*g*) of this notice.

5. If at any time more applications for the official recording and testing of pure-bred cows are received than can at the time be undertaken by the Department, preference shall then be given to applications for the testing of whole herds under regulations 2 and 3 of this notice.

6. (1) Applications for the official testing and recording of pure-bred registered cows under this scheme must be made on the form issued for the purpose and obtainable from the Superintendent of Dairying, Department of Agriculture, Pretoria. After completion, the form must be forwarded to the Superintendent of Dairying, Pretoria, accompanied by a deposit of £1 in the case of applicants wishing to test under the provisions of regulations 2 and 3 and £2 if under regulation 4.

(2) Accounts for the fees due will be rendered monthly, and must be paid within thirty days of the date on which they are sent out. In the event of such accounts being unpaid at the expiration of this period, the Superintendent of Dairying shall have the right to refuse further service and to cancel the Official Recorder's visits.

(3) No certificates shall be issued and no records published for cows tested, the fees for which have not been fully paid.

7. All members of a recognized Breed Society or Association shall, however, enter their cows for the official test under this scheme through the Society or Association of which they are members. The Society or Association shall forward all approved entries received from its members to the Superintendent of Dairying, Pretoria, accompanied by the deposit required under regulation 6 (1), and thereafter the Society or Association shall be responsible to the Department for the due payment of all fees which become subsequently due in respect of testing cows for such members.

Certificates in respect of cows owned by breeders entering cows through a Breed Society or Association shall be forwarded to the Society or Association concerned, and not direct to the owner.

8. All entries of cows for the official test under this scheme must be made before calving, and entries cannot be accepted in the case of herds in which cows are not already being tested unless completed application forms are sent in not later than fourteen days prior to the date on which the first cow to be tested is expected to calve.

9. All owners entering cows for the official test under this scheme will be supplied free of charge with the necessary official weighing books in which to enter the weight of milk yielded by each cow.

10. (1) All official records shall be for a lactation period of 300 days, commencing not earlier than the fourth day after calving. Owners may, however, continue cows in test up to 365 days, and a certificate covering the period completed up to that number of days will be issued by the Department.

(2) No test for butter-fat will be taken by the Recorder until eight days have elapsed since the cow calved, or until such time as her milk, when boiled, does not coagulate.

(3) There shall not be less than two or more than three milkings in the twenty-four hours, provided that the Superintendent of Dairying may grant permission for a cow yielding over eight gallons per diem to be milked four times daily.

UNREGISTERED OR GRADE COWS.

11. In order to encourage farmers and dairymen to record and test their herds of grade cattle, the fees for the services of the Official Recorder will, subject to compliance with the conditions set forth in regulation 12, be reduced to—

5s. per visit for up to 20 cows tested at the same time on the same premises, and one penny per cow per visit for all over that number. The minimum fee shall, however, be paid for a six months period in advance.

12. The following conditions shall operate:—

(*a*) Every cow in the herd must be recorded and tested every lactation, and if the owner refuses to agree to this stipulation the Department shall refuse the service. Cows suffering from sickness or accident and such as are over ten years old or for any other valid reason may be exempted at the discretion of the Official Recorder.

(*b*) The official testing and recording of a herd of less than ten cows will only be undertaken if circumstances permit.

(*c*) Each cow shall be submitted to a twenty-four hours' check test by the Official Recorder once every thirty days.

(*d*) The taking of daily weights shall be optional, but the weighing and recording of the milk of each cow at each milking is strongly advocated, and, in order to encourage this, owners will be supplied free of charge with pads of milk-recording sheets for use in the cowshed.

Farmers and dairymen, however, who are not prepared to record daily weights may either—

(1) record the weights of milk on one fixed day in each week and have the months' yield worked out from the average of such weights and those obtained by the Recorder during his twenty-four hours' official test; or

(2) may have the month's yield based on the Recorder's weights only, and not record any weights themselves at all.

(*d*) Wanneer meer as vyftien koeie op dieselfde tyd en op dieselfde eiendom getoets word, dan sal die fooi vir die toets van die eerste vyftien koeie wees soos bepaal onder (*a*), (*b*) en (*c*) en vir elke volgende koei 1s. per besoek.

(2) Telers, wat koeie onder hierdie regulasie laat inskrywe, moet die gewig aanteken van die melk wat elke koei onder die toets produseer elke maal as sy gemelk word; hulle moet eweneens beknopte besonderhede omtrent die voeding van elke koei onder die toets op die maandelikse gewigskaarte verstrek en die voorwaardes betreffende die uitreiking van sertifikate neergelê in regulasie (3) (*f*) van hierdie kennisgewing sal ook op hulle van toepassing wees. Die voltooide aantekenings van sulke koeie sal eweneens maandeliks in *Boerdery in Suid-Afrika* gepubliseer word, maar nie in dieselfde lyste soos vermeld in regulasie 3 (*g*) van hierdie kennisgewing nie.

5. As daar te enigertyd meer applikasies vir die offisiële aantekening en toets van volbloed koeie ontvang word as wat die Departement dadelik kan behandel, dan sal voorkeur gegee word aan applikasies vir die toets van gehele kuddes onder regulasies 2 en 3 van hierdie kennisgewing.

6. (1) Applikasies vir die offisiële toets en aantekening van volbloed geregistreerde koeie onder hierdie skema, moet gemaak word op die vorm wat vir die doel uitgereik en verkrygbaar is van die Superintendent van Suiwelbereiding, Landboudepartement, Pretoria. Na dit ingevul is, moet die vorm tesame met 'n bedrag van £1, in die geval van applikante wat verlang om te laat toets ingevolge die bepalings van regulasies 2 en 3 en £2 indien ingevolge regulasie 4, gestuur word aan die Superintendent van Suiwelbereiding, Pretoria.

(2) Rekenings vir die verskuldigde fooie word maandeliks uitgestuur en moet betaal word binne 30 dae vanaf die datum wat hulle uitgestuur word. Ingeval sulke rekenings onbetaald bly by die beëindiging van hierdie tydperk, dan sal die Superintendent van Suiwelbereiding die reg hê om verder dienste te weier en die offisiële inskrywer se besoeke te kanseleer.

(3) Geen sertifikate mag uitgereik en aantekenings gepubliseer word nie ten aansien van koeie waarvan die fooie nie ten volle betaal is nie.

7. Alle lede van 'n erkende teelvereniging of genootskap kan egter hul koeie vir die offisiële toets onder hierdie skema laat inskrywe deur die vereniging of genootskap waarvan hulle lede is. Die vereniging of genootskap sal alle goedgekeurde inskrywings van hul lede tesame met die bedrag vereis ingevolge regulasies 6 (1) stuur aan die Superintendent van Suiwelbereiding, Pretoria, en daarna sal die vereniging of genootskap aan die Departement verantwoordelik wees vir die betaling van alle fooie wat daarna verskuldig sal wees ten opsigte van die toets van koeie vir sulke lede.

Sertifikate ten opsigte van koeie in besit van telers, wat koeie laat inskrywe deur 'n teelvereniging of genootskap, sal aan die betrokke vereniging of genootskap gestuur word en nie direk aan die eienaar nie.

8. Alle inskrywings van koeie vir die offisiële toets onder hierdie skema moet, voordat die koeie kalwe, geskied, en inskrywings kan nie aangeneem word nie in die geval van troppe waaronder koeie is wat nie reeds getoets is nie, tensy volledige applikasievorms ingestuur word, nie later as 14 dae voor die datum waarop die eerste koei, wat getoets word, volgens verwagting sal kalwe.

9. Aan alle eienaars, wat koeie laat inskrywe vir die offisiële toets onder hierdie skema, sal die nodige offisiële gewigboeke, waarin die gewig van melk geproduseer deur elke koei aangeteken word, gratis verskaf word.

10. (1) Alle offisiële aantekenings word gehou vir 'n melkperiode van 300 dae wat nie vroeër begin nie as die vierde dag na die koei gekalwe het. Eienaars kan egter koeie onder die toets hou tot 365 dae en 'n sertifikaat, wat oor daardie tydperk loop, sal deur die Departement uitgereik word.

(2) Die toets vir bottervet sal deur die inskrywer geneem word totdat 8 dae verlope is sedert die koei gekalwe het of tot so'n tyd dat haar melk, as dit gekook word, nie meer dik word nie.

(3) 'n Koei word nie minder as tweemaal of meer as driemaal binne 24 uur gemelk nie, met dien verstande dat die Superintendent van Suiwelbereiding verlof kan verleen om 'n koei, wat meer as 8 gellings melk per dag produseer, viermaal per dag gemelk kan word.

NIE-GEREGISTREERDE OF GRAADKOEIE.

11. Ten einde boere en melkboere te bemoedig om melkaantekenings te hou en hul troppe graadbeeste te laat toets, sal die fooie vir die dienste van die Offisiële Inskrywer onderhewig aan die nakom van die voorwaardes neergelê in Regulasie 12, verminder word tot—

5s. per besoek vir die toets van enige aantal tot 20 koeie op dieselfde tyd en op dieselfde eiendom en een pennie per besoek per koei vir almal oor daardie getal. Die mienimum fooi moet egter vooruit betaal word vir 'n tydperk van ses maande.

12. Die volgende voorwaardes is van toepassing:—

(*a*) Elke koei in die trop moet elke melktyd aantekening van gehou en getoets word, en as die eienaar weier om aan hierdie stipulasie te voldoen, sal die Departement die diens weier. Koeie wat aan siekte of tengevolge van 'n ongeluk ly en sulke koeie wat ouer as 10 jaar is, of weens enig ander gegronde rede, kan na die oordeel van die offisiële inskrywer vrygestel word.

(*b*) Die offisiële toets en aantekening van minder as tien koeie word alleen onderneem as omstandighede sulks toelaat.

(*c*) Elke koei moet eens elke 30 dae aan 'n 24-uur kontroletoets deur die offisiële inskrywer onderwerp word.

(*d*) Die neem van daelikse gewigte is opsioneel maar die weë en aanteken van die melk van elke koei, elke maal as sy gemelk word, word baie sterk aangeraai en, teneinde dit aan te moedig, sal aan eienaars melkaantekeningskaarte vir gebruik in die koeistal gratis verskaf word.

Boere en melkboere, wat nie bereid is om daelikse gewigte aan te teken nie, kan of—

(1) die gewigte van melk op een vasgestelde dag in elke week aanteken en die maand se opbrings van die gemiddelde van sulke gewigte en die wat verkry is deur die inskrywer gedurende sy 24 uur se offisiële toets uitwerk; of

(2) kan die maand se opbrings baseer op die inskrywer se gewigte alleen sonder om self aantekening van gewigte te hou.

(*e*) Farmers and dairymen who are at present not hand-rearing their calves may enter their herd for testing and recording under this section, provided that they agree to start hand-rearing a proportion of their calves, either by undertaking—

(1) to hand-rear the calves from their heifers calving for the first time; that is to say, all such heifers must be milked without the calf sucking; or

(2) to milk at least 20 per cent. of all the cows in their herd without their calves sucking during the first year, and increase the percentage by milking a further 20 per cent. without calves each subsequent year until they are milking their whole herd without the calves sucking and until all calves reared are reared by hand.

13. (1) Official statements of performance will be issued in respect of each cow completing at least 150 days in the test, but only in respect of cows which have been milked without a calf sucking. Such statements of performance will not, however, be issued until the cow concerned has calved again after completing her test, or notification has been received that she will not recalve within fifteen months of her previous calving. Brief particulars of feeding and whether the record is based on daily, weekly, or the Recorder's weights will be included in the statement of performance.

(2) Farmers requiring official certificates in respect of grade cows must notify the Superintendent of Dairying accordingly and forward a 1s. revenue stamp for each certificate applied for, on receipt of which an official certificate will be issued in accordance with the conditions laid down in the preceding section in respect of official statements of performance.

14. Application for the official testing and recording of unregistered and grade herds shall be made on the form supplied for the purpose and obtainable from the Superintendent of Dairying, Pretoria, or from the Senior Dairy Officer for each Province, and, after completion, must be forwarded together with a remittance of 30s. (thirty shillings) to cover the minimum fee for the testing of the herd for a period of six months.

15. Accounts for any balance due for the testing of a herd will be sent out at the expiration of the six months covered by the first payment, and must be paid, together with a further sum of 30s., being the minimum fee to cover the continuance of the test for a further period of six months, within thirty days of the account being rendered, otherwise the Superintendent of Dairying shall have the right to discontinue the service.

16. In order that the Official Recorder may be in a position to identify each cow tested, the owner must distinctly brand every cow in his herd with a letter and number either on one horn or on one fore-hoof, and must renew such brand from time to time as may be necessary, except in the case of broken colour animals, which can be identified by means of the colour-diagram on the back of the application form.

17. Farmers and dairymen testing their herds under this scheme will be encouraged to cull and dispose of all clearly unprofitable producers to the butcher. In order to further the objects of the scheme, it has been decided to fix a standard of production for grade cows, and every cow producing a minimum of 200 lbs. butterfat during one lactation period under official supervision, as provided under these regulations, shall be known as a "*Standard Grade Cow*," and shall, at the option of the owner, be branded by a Government officer with a *Mark of Merit* placed by means of a brand on either the left cheek or side of the neck of the animal, depicting the year placed over a star, thus—

27

Cows producing the required standard during more than one lactation period shall be entitled to receive the *Mark of Merit* in respect of each period during which it is earned.

It is hoped that farmers who are engaged in building up high producing grade herds of dairy cows will aim at only retaining Standard Grade cows in their herds, and thereby assist in promoting a steady improvement in the production of the cattle of the Union.

Lists of grade cows which have secured the Mark of Merit will from time to time be published in the Department's journal, *Farming in South Africa*, and also production averages of the grade herds under test, together with the names of the owners, unless the Superintendent of Dairying has been notified that such is not desired. Brief particulars of feeding will also be published in respect of the herds concerned.

18. Farmers and dairymen who are not pedigree stock breeders, but who maintain their cattle solely for the purpose of milk production, shall, at the discretion of the Superintendent of Dairying, be allowed to have any foundation stock or appendix cows in their herds tested at the same rate as the grade cows. This may also apply to up to five fully registered cows, but, in the case of the latter, no certificates will be issued unless they are entered for the full forty-eight hours' test required in respect of pure-bred registered cows.

Ordinary Nondescript Herds.

19. Efforts to improve nondescript herds will at first be necessarily mainly of an educational nature, but it is of paramount importance that this type of herd, which plays such an important part in supplying milk and cream to the Butter and Cheese Factories, should be improved if this scheme is to achieve any results of consequence and value to the dairy industry.

Officers specially selected on account of their practical knowledge and appreciation of the difficulties with which farmers have to contend will be sent to visit farmers who desire to improve their herds, and will demonstrate or explain the advantages of adopting better methods and culling out the obvious scrubs, so reducing the numbers to the limit of what their farms can satisfactorily carry, and which they can properly care for and provide for during the winter as well as the summer. Such farmers will by this means,

(*e*) Boere en melkboere, wat op die oomblik nie kalwers hans grootmaak nie, kan hul trop laat inskrywe vir die toets en aantekening onder hierdie artiekel; met dien verstande, dat hulle daarin toestem om 'n aantal van hul kalwers hans groot te maak ditsy deur te onderneem—

(1) om die kalwers van die verse, wat vir die eerste maal kalwe, hans groot te maak, d.w.s. al sulke verse moet gemelk word sonder dat kalwers aan hulle drink; of

(2) om minstens 20 persent van al die koeie in hul klomp te melk sonder dat hul kalwers die eerste jaar aan hulle drink en die persentasie te vermeerder deur nog 20 persent te melk sonder kalwers elke volgende jaar totdat hulle hul hele trop melk sonder dat die kalwers aan die moeders drink en totdat alle kalwers hans grootgemaak word.

13. (1) Amptelike opgawes van produksie sal uitgereik word ten opsigte van elke koei wat minstens 150 dae onder die toets bly, maar alleen ten aansien van koeie wat gemelk word sonder dat 'n kalf aan hulle drink. Sulke opgawes van produksie word egter nie uitgereik nie totdat die betrokke koei weer gekalwe het na die voltooiing van haar toets, of kennis gegee word dat sy nie weer binne 15 maande vanaf die vorige maal, wat sy gekalwe het, sal kalwe nie. Beknopte besonderhede omtrent voeding en of die aantekening gebaseer is op die daelikse of weeklikse gewigte van die inskrywer, sal in die opgawe van produksie vermeld word.

(2) Boere, wat offisiële sertifikate nodig het ten opsigte van graadkoeie, moet die Superintendent van Suiwelbereiding dienooreenkomstig in kennis stel en 'n 1s. inkomsteseël stuur vir elke sertifikaat, wat aangevraag word, op ontvangs waarvan 'n offisiële sertifikaat uitgereik sal word ooreenkomstig die voorwaardes neergelê in die voorafgaande artiekel ten opsigte van amptelike opgawes van produksie.

14. Applikasie vir die offisiële toets en aantekening van niegeregistreerde en graadkoeie moet op die vorm gemaak word wat verstrek word deur en verkrygbaar is van die Superintendent van Suiwelbereiding, Pretoria, of die Senior Suiwelbeampte vir elke Provinsie, en na dit ingevul is moet dit tesame met 'n bedrag van 30s. (dertig sjielings), synde die mienimum fooi vir die toets van die trop vir 'n tydperk van 6 maande, teruggestuur word.

15. Rekenings vir enige verskuldigde balans vir die toets van 'n trop word uitgestuur na verloop van die 6 maande wat gedek is deur die eerste betaling en moet tesame met nog 'n som van 30s., synde die mienimum fooi vir die voortsetting van die toets vir nog 6 maande, binne 30 dae vanaf die uitstuur van die rekening betaal word, by gebreke waarvan die Superintendent van Suiwelbereiding die reg het om verdere dienste te weier.

16. Teneinde die offisiële inskrywer in staat te stel om elke koei, wat getoets is te ken, moet die eienaar elke koei onder sy trop duidelik brandmerk met 'n letter en nommer op een horing of een voorklou, en hy moet so'n brandmerk van tyd tot tyd, indien nodig, vernuut, behalwe in die geval van bont diere wat kenbaar is deur middel van die kleurkaart op die agterkant van die applikasievorm.

17. Boere en melkboere, wat hul troppe onder hierdie skema laat toets, sal aangemoedig word om alle onvoordelige koeie aan die slagter te verkoop. Tot verdere bevordering van die doeleindes van die skema is besluit om 'n standaard van produksie vir graadkoeie vas te stel en elke koei wat 'n mienimum van 200 lb. bottervet produseer gedurende een melkperiode onder amptelike toesig, soos bepaal ingevolge hierdie regulasies, sal bekend staan as 'n *standaard graadkoei*, en kan na verkiesing van die eienaar gebrandmerk word deur 'n Regeringsbeampte met 'n *merk van verdienste*, geplaas deur middel van 'n brandmerk op die linker wang of langs die nek van die dier met die jaar oor 'n ster, aldus—

27

Koeie wat volgens die vereiste standaard produseer gedurende meer as een melkperiode sal in aanmerking kom vir die *merk van verdienste* ten opsigte van elke periode gedurende welke dit verdien word.

Die hoop word gekoester dat boere wat besig is om graadkoeie met 'n hoë melk produksie op te bou, daarna sal streef om alleen graadkoeie onder hul troppe te laat bly en sodoende sal help om steeds verbetering in die produksie van die beeste van die Unie te bevorder.

Lyste van graadkoeie, wat die merk van verdienste behaal het, sal van tyd tot tyd in die joernaal van die Departement, n.l. *Boerdery in Suid-Afrika* gepubliseer word, asook produksiegemiddeldes van die graad troppe onder die toets, tesame met die name van die eienaars, tensy die Superintendent van Suiwelbereiding in kennis gestel is dat sulks nie verlang word nie. Beknopte besonderhede omtrent voeding sal ook ten aansien van die betreffende troppe gepubliseer word.

18. Boere en melkboere, wat nie volbloedvee teel nie maar hul beeste net vir melkproduksie aanhou, sal, na oordeel van die Superintendent van Suiwelbereiding, toegelaat word om enige kernkudde of koeie, wat in die bylae van die Stamboek vermeld is, onder hulle troppe te laat toets teen dieselfde tarief as die graadkoeie. Dit kan ook van toepassing wees op vyf ten volle geregistreerde koeie, maar, ingeval van laasgenoemde, sal geen sertifikate uitgereik word nie tensy hulle ingeskryf word vir die volle 48-uur-toets vereis ten opsigte van volbloed geregistreerde koeie.

Gewone Gemengde Troppe.

19. Pogings om gemengde troppe te verbeter sal vereers natuurlik hoofsaaklik van 'n opvoedkundige aard wees, maar dis van die allergrootste belang dat hierdie tiepe kudde, wat so'n belangrike rol speel by die verskaffing van melk en room aan die botter- en kaasfabrieke verbeter moet word as hierdie skema enige resultate van belang vir die suiwelnywerheid wil lewer.

Amptenare, wat spesiaal aangewys is weens hul praktiese kennis en bekendheid met die moeilikhede waarmee boere te kampe het, sal uitgestuur word om boere te besoek wat hul troppe wil verbeter; hulle sal die voordele duidelik maak betreffende beter metodes en wegdoen met minderwaardige diere, en sodoende die aantalle beperk tot die bevredigende drakrag van hul plase en tot wat hulle behoorlik kan versorg gedurende die winter sowel as die somer. Sulke boere sal deur middel hiervan, na vertrou word,

it is trusted, be gradually brought to realize the importance of feeding and purchasing a pure-bred bull with milk backing, and of starting to hand-rear their calves and so reach the stage at which they will be prepared to record and enter their herds for the official test under the conditions provided for grade herds.

20. For the purpose of this work, the Union will be divided into twenty circles, and it is proposed to concentrate on those in which the possibilities of successful dairy farming are considered to be most promising.

21. Farmers who are desirous of receiving periodical visits from an officer of the Division of Dairying at regular intervals, and are prepared to place their herd under the supervision of such officer for the purposes of improvement, should apply to the Senior Dairy Officer for their area to have their names placed on a list which such officer will keep of farmers whose herds are under supervision; such application must be accompanied by a fee of £1, which will be the nominal annual fee for the service described.

22. All farmers whose names are on the list referred to in the foregoing section will be supplied free of charge with pads of milk-recording sheets on which they can record weekly the weight of milk yielded by each cow in their herd, although such cows may be suckling their calves, as this is likely to stimulate interest in the work in hand, and may serve as a rough guide in the preliminary culling of the herd.

23. In order still further to encourage farmers to commence keeping weights of the milk yielded by their cows, it has been decided to supply on loan up to 100 (60 lb.) Chatillon milk scales to owners of nondescript herds who are not at present hand-rearing their calves, but who will undertake to start hand-rearing a minimum of 10 per cent. of the calves reared.

These scales will be loaned at the discretion of the Superintendent of Dairying for a period not exceeding two years on condition that, if the farmer ceases to record the weight of milk yielded by all his cows at least once a week, the scale must be returned forthwith to the Department, and, if either not returned or not returned in good order, he will be charged £2 for it. Applications for scales should be made direct to the Superintendent of Dairying, Department of Agriculture, Pretoria.

24. Particulars of the circles into which the Union has been divided for the purposes of this scheme, the objects which it is hoped to achieve, and the names and addresses of the Senior Dairy Officers for each area will be given in the article on the Dairy Cattle Improvement and Milk Recording Scheme to be published in the Department's journal, *Farming in South Africa*, copies of which article will be procurable on application from all Milk Recorders, Dairy Officers, Principals of Schools of Agriculture, and the Superintendent of Dairying, Pretoria.

Recorders' Keep and Transport.

25. All breeders, farmers, and dairymen entering cows, whether registered or unregistered, for the test under this scheme, or availing themselves of the services of the Department's Dairy Officers under this scheme, will be required to provide the Official Recorder or Dairy Officer, as the case may be, with suitable board and lodging, free of charge, during the whole of the period it is necessary for him to remain on their property.

It shall also be their duty to convey the Recorder, free of charge, from the railway station to the farm, if it is necessary for him to travel to the farm by rail, and likewise convey him back to the railway station or to the next farm he has to visit, as may be required. In the event of a breeder, farmer, or dairyman being unable to provide the Recorder with accommodation, or to convey him from and to the railway station or next farm, as the case may be, the Recorder shall be at liberty to obtain such accommodation as may be available in the vicinity by payment and to hire necessary transport, and the cost incurred in this connection will be recovered by the Department from the breeder, farmer, or dairyman concerned, or, if he has entered his cows through a Breed Society or Association, from such organization.

In the event of a breeder, farmer, or dairyman being unable to provide suitable accommodation, and such being also unobtainable in the near vicinity of the farm, the Department will refuse to send a Recorder to visit such breeder, farmer, or dairyman.

General.

26. Whenever possible, the Official Milk Recorder will be present at the milking previous to the first milking taken for the monthly check test in order to see that the cows are all milked dry.

27. Notwithstanding anything to the contrary which may appear to be indicated in these regulations, no person shall have the right to demand the services described in this scheme, if for any reason whatsoever the Department is not in a position to provide such services.

28. In the event of any difference of opinion in regard to the interpretation of any of these regulations, or in the event of any question arising for which no provision is made in these regulations, the Superintendent of Dairying shall be the sole arbiter in such cases, and his decision in the matter shall be final.

29. The Superintendent of Dairying shall have the right to refuse to issue a certificate in respect of any cow in regard to the accuracy of whose record he is not satisfied.

30. (*a*) The feeding of whole milk, cream, or eggs to cows under test is prohibited, as is also the dosing of them with stimulants, medicines, or concoctions calculated in the opinion of the Superintendent of Dairying to temporarily and abnormally affect their production and certificates will not be issued or records published in respect of cows so fed or treated.

(*b*) Owners may be required to furnish to the Superintendent of Dairying a declaration as to the foods and quantities of each comprising the rations fed to their cows during the period they are under test, and, if deemed necessary, must permit samples of the different foods to be taken for analysis.

31. Reprints of these regulations can be obtained from all Milk Recorders, Dairy Officers, Principals of Schools of Agriculture, and the Superintendent of Dairying, Union Buildings, Pretoria.

langsamerhand die belangrikheid insien omtrent die voer en aankoop van 'n volbloed bul van 'n goeie melkras en omtrent die hans grootmaak van hul kalwers, en sodoende die stadium bereik waarby hulle bereid sal wees om hul troppe vir die offisiële toets onder die voorwaardes bepaal vir graadbeeste te laat inskrywe.

20. Vir die doel van hierdie werk word die Unie in 20 kringe verdeel, en dit word aan die hand gegee om op daardie kringe te konsentreer waarin die moontlikhede omtrent suksesvolle melkboerdery die mees belowende beskou word.

21. Boere, wat verlang om periodieke besoeke te kry van 'n amptenaar van die Afdeling op gereelde tye en bereid is om hul trop onder toesig van so'n offisier te plaas vir die doel van verbetering, moet by die Senior Suiwelbeampte vir hul streek aansoek doen om hul name te plaas op 'n lys wat so'n amptenaar sal hou van boere van wie die troppe onder toesig staan; sulke applikasies moet vergeseld gaan van 'n fooi van £1, wat die nominale jaarlikse fooi is vir die vermelde diens.

22. Alle boere, wie se name op die lys vermeld is wat in die voorafgaande artiekel voorkom, sal gratis melkaantekeningskaarte ontvang waarop hulle weekliks die gewig van melk, geproduseer deur elke koei in die trop, kan aanteken, alhoewel sulke koeie hul kalwers laat drink, daar dit sekerlik belangstelling sal opwek in hierdie werk, en dit kan dien as 'n leidraad by die voorlopige uitdun van die trop.

23. Teneinde boere nog meer aan te moedig om te begin met die hou van gewigte van die melk geproduseer deur hul koeie, is besluit om tot 100 (60 lb.) Chatillon melkskale te leen aan eienaars van gemengde troppe, wat nie op die oomblik kalwers hans grootmaak nie, maar wat onderneem om 'n mienimum van 10 persent van hul kalwers hans groot te maak.

Hierdie skale word uitgeleen na oordeel van die Superintendent van Suiwelbereiding vir 'n tydperk van hoogstens twee jaar op voorwaarde dat, as die boer ophou om die gewig aan te teken van die melk geproduseer deur al sy koeie minstens eenmaal per week, die skaal sonder versuim aan die Departement teruggestuur moet word en, as die skaal nie teruggestuur of nie in goeie order teruggestuur word nie, hy daarvoor £2 moet betaal. Applikasies vir skale moet direk aan die Superintendent van Suiwelbereiding, Landboudepartement, Pretoria, gemaak word.

24. Besonderhede omtrent die kringe waarin die Unie verdeel is vir die doeleindes van hierdie skema, die doelwit waarvan na vertroue behaal sal word, en die name en adresse van die senior suiwelbeamptes vir elke streek word aangegee in die artiekel oor die Melkbeesteverbetering en aantekeningskema wat gepubliseer word in die joernaal van die Departement, n.l. *Boerdery in Suid-Afrika.*" Kopieë van genoemde artiekel is op aanvraag verkrygbaar van alle Melkinskrywers, Suiwelbeamptes, Prinsipale van Landbouskole en die Superintendent van Suiwelbereiding, Pretoria.

Onderhoud en Vervoer van Inskrywers.

25. Alle telers, boere en melkboere, wat koeie laat inskrywe, ditsy geregistreerde of nie-geregistreerde, vir die toets onder hierdie skema, of wat gebruik maak van die dienste van die Departement se suiwelbeamptes onder hierdie skema, moet die offisiële inskrywer of suiwelbeampte, na die geval mag wees, gratis voorsien met goeie kos en inwoning gedurende die hele tydperk wat dit vir hom nodig is om op hul eiendom te bly.

Hulle moet ook die inskrywer gratis van die spoorwegstasie na die plaas vervoer, indien dit vir hom nodig is om met die trein te reis, en hom eweneens terugbring na die spoorwegstasie, of na die volgende plaas wat hy moet besoek soos nodig mag wees. Ingeval 'n teler, boer of melkboer nie in staat is om 'n inskrywer die nodige huisvesting te verskaf of hom te vervoer van en na die spoorwegstasie of volgende plaas, na die geval mag wees, nie dan sal die inskrywer vry wees om sodanige huisvesting te verkry as wat in die buurt by betaling beskikbaar mag wees en om die nodige vervoer te huur, en die koste daarvoor sal ingevorder word deur die Departement van die betrokke teler, boer of melkboer, of, as hy sy koeie laat inskrywe deur 'n teelvereniging of genootskap, dan van so'n organisasie.

Ingeval van 'n teler, boer of melkboer, wat nie in staat is om geskikte huisvesting te verskaf nie en sulks nie in die buurt van die plaas verkry kan word nie, sal die Departement weier om 'n inskrywer op besoek na so'n teler, boer of melkboer uit te stuur.

Algemeen.

26. Wanneer dit moontlik is sal die offisiële melkinskrywer teenwoordig wees as die koeie gemelk word net voor die eerste maal wat hulle gemelk word vir die maandelikse kontroletoets om toe te sien dat hulle almal goed uitgemelk word.

27. Nieteenstaande teenstrydige bepalings in hierdie regulasies, het niemand die reg om die dienste, omskrywe in hierdie skema, te eis nie indien die Departement, om welke rede ook, nie in staat is om sulke dienste te verskaf nie.

28. Ingeval van 'n verskil van mening ten opsigte van die uitlegging van een van hierdie regulasies of ingeval van 'n kwessie wat hom voordoen waarvoor geen voorsiening in hierdie regulasies gemaak is nie, is die Superintendent van Suiwelbereiding die enigste arbieter in sulke sake en sy beslissing is finaal.

29. Die Superintendent van Suiwelbereiding het die reg om die uitreiking te weier van 'n sertifikaat ten opsigte van 'n koei waarvan hy nie oortuig is dat die aantekening juis is nie.

30. (*a*) Die voer van koeie onder die toets met volle melk, room of eiers is verbied, asook om hulle opwekkende middels, medisyne of konkoksies in te gee wat na die mening van die Superintendent van Suiwelbereiding hul produksie tydelik en abnormaal beïnvloed en sertifikate word nie uitgereik of aantekenings gepubliseer nie ten opsigte van koeie wat also gevoer of behandel word.

(*b*) Van eienaars kan gevorder word om aan die Superintendent van Suiwelbereiding 'n deklarasie voor te lê wat betref die voersoorte en hoeveelhede van elk waaruit die rantsoene bestaan waarmee hul koeie gevoer word gedurende die tydperk wat hulle onder die toets is en desverlangd moet hulle toelaat dat monsters van die verskillende voersoorte vir analiese geneem word.

31. Herdrukke van hierdie regulasies is verkrygbaar van alle Melkinskrywers, Suiwelbeamptes, Prinsipale van Landbouskole en die Superintendent van Suiwelbereiding, Uniegebou, Pretoria.
