DEPARTMENT OF DEFENCE.

The following Government Notices are published for general information:—

* No. 191.] [6 February 1940.
His Excellency the Governor-General has been pleased, under the provisions of section eighty-five of the South Africa Defence Act, 1912, to issue the following orders and instructions for the control of the public traffic of the Port of Capetown during the present state of war:—

NOTICE TO MARINERS.

PORT OF CAPE TOWN.

PUBLIC TRAFFIC ORDERS AND INSTRUCTIONS.

ORDERS AND INSTRUCTIONS FOR THE CONTROL OF THE INTERNAL TRAFFIC OF THE PORT OF CAPE-TOWN IN TIME OF WAR OR EMERGENCY.

1. Until further notice the following orders and instructions are to be observed by all merchant vessels (see definition in paragraph 6) approaching or moving within the limits of the port of Capetown.

2. For the purpose of these orders and instructions the limits of the port of Capetown are as follows:—

The area bounded by a line joining Green Point lighthouse and Robben Island lighthouse on the west and a line drawn 90 deg. from Robben Island lighthouse to the mainland. These limits do not in any way alter the limits of the port as defined for Customs purposes.

3. The ordinary regulations of the port are to be adhered to except where varied by these orders and instructions.

4. All former orders and instructions for the control of public traffic for the port of Capetown are hereby cancelled.

5. Gebruik van draadloostelegrafie, draadloostelefonie en geluidseine.—Die gebruik van bogemelde verbindingsmiddels, vir watter doel ook al, in die territoriale waters van die Unie van Suid-Afrika, word verbied. Al uitsondering op hierdie reël is die geluidseine wat kragtens die regulasies ter voorkoming van aanvarings op see magtig is.

Ter behoorlike uitvoering van bostaande moet die draadloostelegrafiekantoor of kantore van sodanige skepe solank hulle in die hawe is deur die doeanebeampte verseël word. Gedurende die tyd wat die skip in die hawe vertoeft, sal toegang tot die draadloostelegrafiese kantoor of kantore slegs op die volgende voorwaardes verleen word:—

As die vaartuig 'n tyd lank in die hawe vertoeft sodat die radiopersoneel toegang tot die kantoor (kantore) moet verkry ten einde die batterye, ens., te versorg, moet die gesagvoerder van die koopvaartschip die doeanebeamptes daarvan verwittig. Laasgenoemdes kan dan reëlings tref om die seëls oop te breek. Solank die kantoor (kantore) oop is, moet die gesagvoerder instaan dat geen berigte versend word nie. Hy moet ook meld hoeklank toegang verlang word sodat die doeanebeamptes later weer aan boord kan gaan om die kantoor (kantore) te verseël.

Skending van hierdie orders en instruksies stel die gesagvoerder van die betrekke skip bloot aan boete en kan die inbeslagname van die skip se radio-apparaat tot gevolg hê.

6. Woordbepalings.—Vir sover dit hierdie orders en instruksies betref—

- (a) bestaan daar mis wanneer die uitsig in so'n mate deur weers- en ander omstandighede belemmer word, dat dit vir die visenteerstoomskip en die visenteerdienstsbattery onmoontlik is om met optiese seine met mekaar in verband te tree;
- (b) beteken „koopvaartschip“ alle skepe behalwe visenteerstoomskepe en Britse en vreemde oorlogskepe;
- (c) beteken „kleinvartaartuig“ alle vissersvaartuie, sleepbote, jagte, vragskuite, barkasse, skuite en alle ander kleinvartaartuie met 'n vlak waterdiepte, behalwe die wat die „White Ensign“ of 'n vreemde marinevlag voer;
- (d) beteken „visenteerstoomskip“ elke vaartuig wat in die visenteerdienst is en die seine uiteengesit in artikel 18 voer;
- (e) beteken „visenteerbeampte“ die beampte van die visenteerdienst wat hom gewoonlik op die visenteerstoomskip bevind en koopvaartskepe wat die hawe wil binne vaar, visenteer;
- (f) word die duur van 'n „offisiële nag“ in deel VI hiervan aangedui.

DEEL I.

TOEGANG TOT DIE Hawe.

7. Raad aan reders en ekspediteurs.—Dit is reders en ekspediteurs gerade om, wanneer omstandighede dit toelaat, in hul eie belang en ten einde vertraging van hul vaartuie in die erkenning en deurlating daarvan deur die visenteerdienst te voorkom—

- (a) vooraf aan die verantwoordelike offisier van die Verdedigingsmag ter See te Kaapstad kennis te gee van die verwagte aankoms van hul vaartuie in die hawe, met vermelding van die volgende besonderhede:—
 - (1) Naam van vaartuig;
 - (2) dag en uur waarop dit volgens die vaarplan in die hawe moet aankom;
 - (3) uiterlik en onderskeidingsmerke, soos bv. skoorsteenmerke, ens.;
 - (4) soort lading;
 - (5) hawes van laai en los van lading;
 - (6) aantal passasiers, as daar is;
- (b) toe te sien dat hul vaartuie voorsien is van 'n volledige stel internationale onderskeidingswimpels, asook van vier lanterns, twee rondom wit en twee rondom rooi, gereed en beskikbaar vir gebruik—benewens die reglementêre nawigasielinge;
- (c) dit so te reël dat hul vaartuie gewoonlik oordag by die hawe aankom.

8. Instruksies aan koopvaartskepe wat toegang tot die hawe verlang.—Koopvaartskepe wat van die see af inkom moet nie verder as die hawegrens, waar hulle vir die visenteerstoomskip moet wag, vaar nie. Koopvaartskepe word toegelaat om nadat hulle deur die visenteerdienst ondersoek is, die hawe bedags of snags binne te vaar (kyk artikel 19—„Hawe gesluit“).

9. Koopvaartskepe wat die hawe nader, word veral gewaarsku teen die gebruik van private seine, van watter aard ook, bedags of snags. Die gebruik daarvan sal tot gevolg hê dat hulle beskiet kan word.

10. Voordat koopvaartskepe toegelaat word om die hawe binne te kom, moet hulle eers deur die visenteerdienst ondersoek word.

11. Sodra koopvaartskepe die hawe tot op optiese seinafstand genader het, moet hulle hul seinletters hys en nie wag op die sein „Wat is die naam van u vaartuig?“ nie.

5. Use of Wireless Telegraphy, Wireless Telephony and Sound Signalling.—The use of any of the above methods of communicating or signalling, for any purpose whatsoever, is forbidden in the Territorial Waters of the Union of South Africa; the only exception to this rule is such sound signals as are authorised to be made by the regulations for preventing collisions at sea.

For the enforcement of the above, the W/T office or offices of such ships will be sealed up while in harbour by the Customs officer. During the stay of the vessel in harbour access to the W/T office(s) will only be allowed under the following condition:—

If the vessel is remaining in harbour for some time so that it is necessary for the wireless staff to have access to the office(s) in order to attend to the batteries, etc., the master of the merchant vessels will be responsible for warning the Customs officers, who may arrange for the breaking of the seals.

The master will be held responsible that no messages are transmitted while the office(s) is (are) open, and should state for how long access is required in order that the Customs officers may afterwards go on board and reseal the office(s).

Any breach of these orders and instructions renders the masters of offending ships liable to penalties, and to confiscation of the wireless apparatus of their ships.

6. Definitions.—For the purpose of these orders and instructions:—

- (a) Fog is considered to exist when it is impossible, owing to meteorological or other conditions affecting visibility, to communicate between the examination steamers and the examination battery by visual signals.

14. In die reël sal koopvaartskepe deur die visenteerbeampte in die volgorde waarin hulle in die visenteerankerplek aankom, gevisenteer word.

15. 'n Koopvaartskip wat sonder die toestemming van die visenteerbeampte die visenteerankerplek verlaat, sal beskiet word.

16. As slegte weer of 'n ander oorsaak 'n koopvaartskip verhinder om in die visenteerankerplek te anker, word hy deur die visenteerbeampte gelas om op die visenteerankerplek varend te bly of die see in te steek, en word hy nie toegelaat om die hawe binne te kom tensy hy, terwyl hy varend is, geïdentifiseer kan word nie.

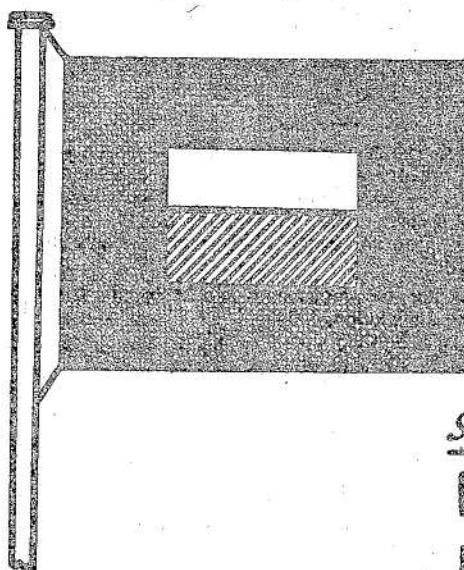

17. *Die visenteerankerplek.*—Die visenteerbeampte van die visenteerstoomskip sal elke koopvaartskip aanwys waar hy in die visenteerankerplek moet anker.

13. All orders and instructions necessary to enable a merchant vessel to enter the port will be given by the examining officer whose orders and instructions are to be implicitly obeyed. Disobedience will render merchant vessels liable to be fired on.

14. As a general rule, merchant vessels will be examined by the examining officer in order of their arrival in the examination anchorage.

15. Any merchant vessel attempting to leave the examination anchorage without permission from the examining officer will be fired on.

This applies to all merchant vessels whether under way, at anchor or secured. It is imperative that masters and others in charge of merchant vessels should see that this order, which is made for their own protection, is carried out.

PART III.

LEAVING THE PORT.

36. *Steps necessary on the part of Masters before vessels may leave the port.*—No vessel will be allowed to leave the limits of the port without permission. Masters must obtain their clearance from the Customs Officer and take it to the Examining Officer on duty at the Examination Office, and to the Naval Control Service Office, which will supply necessary sailing orders.

37. *Signal prohibiting sailing.*—A blue flag hoisted on the grain elevator flagstaff indicates that no merchant vessel is to leave the port whilst the signal is flying.

38. *Routes to be followed.*—These are to be obtained by all ships before leaving port from the Naval Control Service, Union Castle Buildings, in the docks.

PART IV.

PILOTAGE.

39. Pilotage is unnecessary into the examination anchorage. It is compulsory between the examination anchorage and inner anchorage and port. Pilots will be arranged by the Port Captain.

PART V.

BOOM DEFENCES.

40. In the event of boom defences being placed in position a supplementary notice to mariners will be issued.

PART VI.

* No. 192.]

[6 Februarie 1940.

Dit het Sy Eksellensie die Goewerneur-generaal behaag om, kragtens die bepalings van artikel *vijf-en-tig* van die „Suid-Afrika Verdedigings Wet, 1912”, die volgende orders en instruksies vir die beheer van die openbare verkeer in die hawe Oos-Londen en op die toegangswee daartoe gedurende die huidige oorlogstoestand, uit te vaardig.

BERIG AAN SEEVARENDES.

ORDERS AND INSTRUCTIONS FOR THE CONTROL OF TRAFFIC OF THE PORT AND APPROACHES OF EAST LONDON IN TIME OF WAR.

1. Until further notice the following orders and instructions are to be observed by all merchant vessels (see definition in paragraph 6) approaching or moving within the limits of the Port of East London.

2. For the purpose of these orders and instructions the limits of the Port are as follows:

The area enclosed within a radius of one sea mile from the South Breakwater lighthouse.

These limits do not in any way alter the limits of the port as defined in the regulations for the Harbours of the Union of South Africa.

3. The regulations of the Harbours of the Union of South Africa are to be adhered to, except where varied by these orders and instructions.

4. All former public traffic regulations for the port of East London are hereby cancelled.

5. *Use of Wireless Telegraphy, Wireless Telephony, and Sound Signalling.*—The use of any of the above methods of communication or signalling, for any purpose whatsoever, is forbidden in the Territorial Waters of the Union of South Africa; the only exception to this rule is such sound signals as are authorised to be made by the regulations for the preventing of collisions at sea.

For the enforcement of the above, all access to transmitting sets shall be prevented, and if this object cannot be attained otherwise, the W/T office or offices of such ships will be sealed up while in harbour by the Customs officer. During the stay of the vessel in harbour access to the W/T office(s) will only be allowed under the following conditions:

If the vessel is remaining in harbour for some time so that it is necessary for the wireless staff to have access to the office(s) in order to attend to the batteries, etc., the master of the vessel will be responsible for warning the Customs officers, who may arrange for breaking the seals. The master will be held responsible that no messages are transmitted while the office(s) is (are) open, and should state for how long access is required.

A Naval Seaward Defence Force or Customs officer is to be in attendance for the period during which seals are broken.

Any breach of these orders and instructions renders the masters of offending ships liable to penalties, and to the confiscation of the wireless apparatus of their ships.

As die vaartuig 'n tyd lank in die hawe vertoeft sodat die radiopersonele toegang tot die kantoor (kantore) moet verkry ten einde die batterye, ens., te versorg, moet die gesagvoerder van die vaartuig die doeanebeamptes daarvan verwittig. Laasgenoemdes kan dan reëlings tref om die seëls oop te breek. Solank die kantoor (kantore) oop is, moet die gesagvoerder daarvoor instaan dat geen berigte versend word nie. Hy moet ook meld hoe lank toegang verlang word.

'n Marine-offisier van die Verdedigingsmag te See of 'n doeanebeampte moet teenwoordig wees solank die seëls oopgebreek is.

Skending van hierdie orders en instruksies stel die gesagvoerder van die betrokke skip bloot aan boete en kan die inbeslagname van die skip se radio-apparaat tot gevolg hê.

6. *Woordbepalings.*—Vir sover dit hierdie orders en instruk-sies betref, bestaan daar—

- (a) mis, en
- (b) dik weer wanneer die uitsig in so 'n mate deur weers-en ander toestande belemmer word, dat dit vir die visenteervaartuig en die seinstasie onmoontlik is om met optiese seine met mekaar in verbinding te tree;
- (c) beteken „koopvaartskepe“ alle skepe behalwe visenteer-vaartuie en Britse en vreemde oorlogskepe;
- (d) beteken „kleinvlaartuig“ alle vaartuie wat in besit is van loodsdiens-vrystellingserifikate, uitgereik deur die Administrasie van die S.A.S. en H., asook bagger- en vissersvaartuie, sleepbote, jagte, vragskuite, barkasse en ander klein vaartuie met 'n vlak waterdiepte, behalwe dié wat die „White Ensign“ voer;
- (e) duur 'n offisiële nag te Oos-Londen van 'n halfuur na sonsondergang tot 'n halfuur voor sonsopgang;
- (f) beteken „visenteervaartuig“ elke vaartuig wat in die visenteerdienis is en die seine uiteengesit in artikel 17 voer;
- (g) is die „visenteerbeampte“ 'n beampte van die visen-teerdienis wat koopvaartskepe of ander vaartuie wat die hawe wil binnevaar, kan visenteer. Daarvolgens ver-leen of weier hy vergunning aan 'n koopvaartskepe om die verdedigde hawe binne te kom.

DEEL I.

TOEGANG TOT DIE HAWE.

7. *Raad aan reders en ekspediteurs.*—Dit is reders en eks-pediteurs gerade om, wanneer omstandighede dit toelaat, in hul eie belang en ten einde vertraging van hul vaartuie in die erkenning en deurlating daarvan deur die visenteerdienis te voorkom—

- (a) dit so te reël dat hul vaartuie gewoonlik oordag by die hawe aankom;
- (b) vooraf aan die verantwoordelike offisier van die Ver-dedigingsmag ter See te Oos-Londen kennis te gee van verwagte aankoms van hul vaartuie in die hawe, met vermelding van die volgende besonderhede:—
 - (1) Naam van vaartuig;
 - (2) dag en uur waarop dit volgens die vaarplan in die hawe moet aankom;
 - (3) uiterlik en onderskeidingsmerke, soos bv. skoor-steenmerke, ens.;
 - (4) soort lading;
 - (5) hawes van laai en los van die lading;
 - (6) aantal passasiers, as daar is;
- (c) toe te sien dat hul vaartuie voorsien is van 'n volledige stel internasionale onderskeidingswimpels, asook van twee wit en twee rooi lanterns—gereed en beskikbaar vir gebruik—benewens die reglementêre nawigasieligte.

8. Instrukties aan koopvaartskepe wat die hawe nader en toegang daartoe verlang.

- (a) Koopvaartskepe wat van die see af aankom, moet nie nader dan een seemyl aan die vuurtoring op die suide-like breekwater kom nie en moet hulle seinletters op optiese seinafstand van die seinstasie af hys.
- (b) Die visenteervaartuig sal koopvaartskepe buitekant die hawe tegemoet gaan en laasgenoemdes moet die instruk-sies van die visenteerbeampte uitvoer.

9. Koopvaartskepe wat die hawe nader, word veral gewaar-sku teen die gebruik van private seine, van watter aard ook, bedags of snags. Die gebruik daarvan sal tot gevolg hê dat hulle beskiet kan word.

Seine in die morskode wat bedags of snags deur middel van 'n soeklig of ander lamp gegee word, kan egter van die visenteervaartuig of die seinstasie verwag word.

10. Voordat koopvaartskepe toegelaat word om die hawe binne te kom, moet hulle eers deur die visenteerdienis onder-soek word.

11. In die reël sal koopvaartskepe deur die visenteer-beampte in die volgorde waarin hulle in die visenteergebied aankom, gevisenteer word.

12. 'n Koopvaartskepe wat sonder toestemming van die visenteerbeampte die visenteergebied verlaat, kan beskiet word.

13. As slegte weer of 'n ander oorsaak die visenteerbeampte of die loods verhinder om aan boord te gaan, kan die koop-vaartskepe beveel word om te anker of varend te bly of die see in te steek.

14. Hawegelde moet nie van koopvaartskepe wat die visen-teervaartuig slegs nader om inligting te verkry, gevorder word nie.

15. *Die visenteergebied.*—As 'n koopvaartskepe versoek word om te anker, sal die visenteerbeampte hom meegeel waar hy moet anker werp.

16. Met die oog op die ongunstige toestande wat dikwels in die oop ankerplek van die hawe heers, moet visenteer-beamptes, voordat hulle die gesagvoerde van 'n vaartuig beveel om te anker, eers van hom verneem of dit na sy mening doenlik is (kyk artikels 13 en 15).

6. *Definitions.*—For the purpose of these orders and instructions:—

- (a) Fog; and
- (b) Thick Weather is considered to exist when it is impos-sible, owing to meteorological or other conditions affecting visibility, to communicate between the examination vessel and the signal station by visual signals.
- (c) The term "merchant vessel" includes all vessels other than examination vessels and British and Foreign war vessels.
- (d) The term "small craft" includes all vessels holding pilotage exemption certificates issued by the S.A.R. & H. Administration and dredgers, fishing vessels, tugs, yachts, barges, launches and other small vessels of light draft other than those flying the White Ensign.

PART I.

ENTRANCE TO THE PORT.

7. *Advice to Ship Owners and Shipping Agents.*—Ship owners and shipping agents are advised that, in their own interests, and in order to avoid delays to their vessels in their recognition by and passage through the examination service, they should when circumstances permit:—

- (a) As a general rule arrange for their vessels to arrive at the port during daylight.
- (b) Give previous notice of the expected arrival of their vessels at the port to the Seaward Defence Force Officer in Charge at East London; stating the following par-ticulars:—

9. Merchant vessels approaching the port are especially cautioned against making use of private signals of any description, either by day or night; the use of such signals will render them liable to be fired on.

Morse signalling by searchlight or other lamps during day or night may however be expected from the examination vessel or the signal station.

10. All merchant vessels must pass through the examination service before they will be permitted to enter the port.

11. As a general rule, merchant vessels will be examined by the examination officer in the order of their arrival in the examination area.

12. Any merchant vessel attempting to leave the examina-tion area without permission from the examination officer may be fired on.

13. Should bad weather or other causes prevent a merchant vessel being boarded by the examination officer or pilot, she may be ordered either to anchor or remain under weigh or to proceed to sea.

14. Port dues will not be collected from merchant vessels which close the examination vessel solely for the purpose of obtaining information.

15. *Examination Area.*—Should a merchant vessel be required to anchor, her berth will be notified to her by the examination officer.

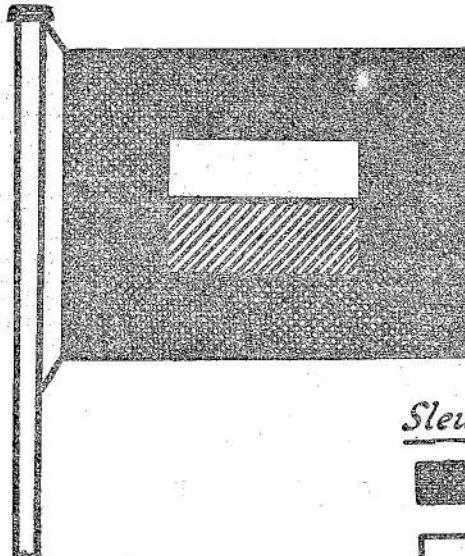

16. Observing the conditions which frequently occur in the exposed anchorage of the port, examination officers should ascertain from the master of a vessel that he considers it feasible to anchor before giving him an order to do so (see paragraphs 13 and 15).

17. Die visenteervaartuig.—

(a) Die visenteervaartuig kan in die omstreke van die hawe gevind word.

(b) Onderskeidingsmerke:—

- (2) Snags voor dit, benewens die gewone nawigasieligte, drie ligte vertikaal en 6 ft. van mekaar af op 'n plek waar hulle rondom die horison duidelik sigbaar is. Hierdie drie ligte is wit wanneer die hawe oop is en rooi wanneer dit gesluit is. (Kyk artikel 18.)

18. Hawe gesluit.—„Hawe gesluit“ beteken dat vaartuie nie toegelaat is om die hawe verder as die visenteergebied binne te vaar nie. Normaalweg sal die hawe snags en in mistige of dik weer gesluit wees. Boonop dat die hawe op enige ander tyd op bevel van die verantwoordelike offisier van die Verdedigingsmag ter See of van die hawe-owerheid gesluit word.

Wat koopvaartskepe moet doen wanneer die hawe gesluit is.—Wanneer die seine in artikel 19 aangedui, vertoon word, is die hawe gesluit en moet alle skepe handel volgens die bevele van die visenteerbeampte. Geen koopvaartskip word toegelaat om van die visenteergebied af die see in te stek sonder toestemming van die visenteerbeampte nie.

21. Bepalings wat in die visenteergebied nagekom moet word.—Behalwe om 'n lewe of lewens te red om 'n ongeluk te voorkom, of met die toestemming vooraf van die visenteerbeampte verkry, mag koopvaartskepe nie—

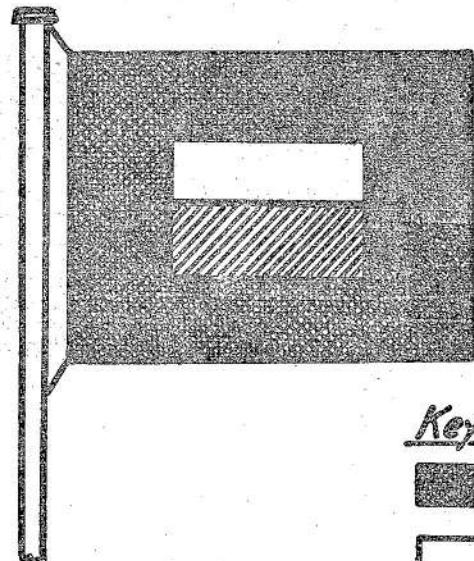

- (1) vaar nadat hulle deur die visenteervaartuig gelas is om by te draai nie;

As dit nodig blyk om sonder toestemming van die visenteerbeampte of van die seinstasie van oogemelde dinge te doen ten einde 'n lewe of lewens te red of 'n ongeluk te voorkom, moet hierdie beampte so gou as moontlik daarvan verwittig word.

17. Examination Vessel.—(a) The examination vessel may be found in the vicinity of the port.

(b) Distinguishing Marks:—

18. Port Closed. Meaning of the term.—The term "Port Closed" means that vessels are not permitted to proceed further inward than the examination area. The port will be normally closed at night, in a fog, or thick weather. In addition, the port may be closed at any other time by order of the Seaward Defence Force Officer in Charge or the Port Authorities.

BINNEHAWEBEWEGINGS.

23. Die plaaslike owerheid oor binnehawebewegings van vaartuie is die hawekaptein.

24. *Patrolleer van die hawe en sy toegangsweë.*—Die hawe en sy toegangsweë kan deur die patrouilleerbote van die Verdedigingsmag ter See (en/of staatsvaartuie) gepatrouilleer word. Gesagvoerders van koopvaartskepe word hierby aangesê om alle bevele deur hierdie patrollies gegee, te gehoorsaam. Alle koopvaartskepe kan deur hierdie patrollies ondersoek en geviseert word.

'n Koopvaartskip wat bevele deur hierdie patrollies gegee, nie gehoorsaam nie, loop gevhaar om beskiet te word.

25. Die volgende instruksies aangaande ligte wat snags deur alle koopvaartskepe wat in die hawe of in die visenteergebied is, gevoer word, kan op las van die vestingbevelvoerder te Oos-Londen in werking gestel word:—

Alle koopvaartskepe moet—

- (a) wanneer hulle varend is reglementêre ligte voer;
- (b) wanneer hulle geanker of gemeer is normaalweg geen ligte wat buiteboords sigbaar is, voer nie (maar kyk artikel 26).

26. Solank 'n koopvaartskip varend is, moet ander koopvaartskepe wat geanker of gemeer lê ankerligte voer (kyk artikel 28) totdat die skip geanker of gemeer is, of totdat hy, ingeval hy afvaar, uit die hawe uit is. Vaartuie wat in die visenteergebied geanker lê, moet wanneer die skip wat varend is, uit die visenteergebied uit is, hul ligte afskerm.

27. *Vaar-en boegligte.*—Koopvaartskepe wat toegelaat word om in die donker binne die hawe en in die visenteergebied te vaar, mag nie elektriese lanterns vir vaar- en boegligte gebruik nie.

28. *Ankerligte.*—Elektriese lanterns mag nie gebruik word nie. Die gewone ligskerpe van lanterns wat gebruik word, moet met die helfte verminder word. Alle lanterns wat gebruik word, moet van 'n kopskerm voorsien wees wat die lig met 'n hoek van 20 tot 25 grade bokant die horisontale vlak kan afsny.

29. *Ander ligte.*—Geen ligte bo, op dek of ander buiten dié in artikels 25 tot 28 vermeld en die wat nodig is in gemagtigde seinverbinding mag buiteboords sigbaar wees nie. Dit geld in elke koopvaartskip, afgesien daarvan of dit varend, geanker of gemeer is.

Die gebiedend noodsakklik dat gesagvoerders van koopvaartskepe toesien dat hierdie bepaling wat vir hul eie beskerming opgestel is, nagekom word.

DEEL III.

DIE HAWE VERLAAT.

30. *Nodige stappe wat deur gesagvoerders gedoen moet word voordat vaartuie die hawe mag verlaat.*—Die „Haweregulasies van die Unie van Suid-Afrika“ moet voor die afvaart nagekom word. Gesagvoerders moet boonop die toestemming van die verantwoordelike offisier van die Verdedigingsmag ter See verkry. Laasgenoemde sal ook inligting aangaande waarskuwings omtrent myne, roetes, ens., aan hulle verskaaf.

31. *Roetes wat gevolg moet word.*—Die roetes deur die aangewese autoriteit van die marine of van die Verdedigingsmag ter See aangedui.

DEEL IV.

Captains, masters and others in charge of merchant vessels are hereby warned to observe any orders given by these patrols. All merchant vessels are subject to inspection and search by these patrols.

Disobedience of orders given by these patrols renders a merchant vessel liable to be fired on.

By all Merchant Vessels:—

- (a) When under-way the regulation lights are to be displayed.

26. When a merchant vessel is under-way, merchant vessels at anchor or secured are to show anchor lights (see para. 28) until such vessel is anchored or secured or, in the case of a merchant vessel leaving, until such vessel is clear of the port. Vessels at anchor in the examination anchorage are to obscure their lights when the vessel under-way is clear of the examination anchorage.

1. Alle koopvaartskepe (kyk woordbepaling by artikel 6) wat die hawegrens van Durban nader of daarbinne beweeg, moet tot nadere kennisgewing onderstaande orders en instruksies nakom.

2. Met die hawegrens van Durban word die volgende bedoel:

- (a) Die Kaap genoem die "Bluff" en van sy noordelike punt af tot by 'n lyn wat van die binnehawe af aan die noordekant van die Erwe Nos. 35, 31, 29 en 27, Fynlands, loop tot by die Indiese Oseaan, en vandaar tot by die strand wat bekend staan as die „Admiralty Reserve” en rondom die „Bluff” lê, en dan van die „Bluff” af al langs die strand tot by die Umgenirivier en daarvandaan so ver die see in as wat die regsgebied van die Unie-regering strek.

Ter behoorlike uitvoering van bestaande moet die draadloostelefrafiese kantoor of kantore van sodanige skepe solank hulle in die hawe is, verséél word deur die doeane- of ander beampete wat met hierdie verantwoordelikheid belas is. Gedurende die tyd wat die skip in die hawe vertoeft, sal toegang tot die draadloostelefrafiese kantoor of kantore op die volgende voorwaardes verleen word:

As die vaartuig 'n tyd lank in die hawe vertoeft sodat die radiopersoneel toegang tot die kantoor (kantore) moet verkry ten einde die batterye, ens., te versorg, moet die gesagvoerder van die koopvaartskip die doeanebeampetes daarvan verwittig. Laagenoemdes kan dan reëlings tref om die seëls oop te breek. Solank die kantoor (kantore) oop is, moet die gesagvoerder daarvoor instaan dat geen berigte versend word nie en moet hy ook meld hoelank toegang verlang word, sodat die doeanebeampetes later weer aan boord kan gaan om die kantoor (kantore) te verséél.

Skending van hierdie bepaling stel die gesagvoerder van die betrokke skip bloot aan boete en kan die inbeslagname van die skip se radio-apparaat tot gevolg hé.

Hierdie bepaling is nie van toepassing op kleinvaartuie wat, kragtens magtiging van die regering van die Unie van Suid-Afrika, in bedryf is nie.

6. *Woordbepalings.*—Vir sover dit hierdie orders en instruksies betref—

- (a) bestaan daar mis en dik weer wannek die uitsig in so'n mate deur weers- en ander toestande belemmer word dat dit vir die visenteerstoomskip en die visenteerdienstbattery onmoontlik is om met optiese seine met mekaar in verbinding te tree.
- (b) beteken „koopvaartskip” alle skepe behalwe visenteerstomskepe en Britse en vreemde oorlogskepe;
- (c) beteken „kleinvaartuig” plaaslike kus- en walvisvaarders en treilers, asook alle motor- en oop bootjies deur die plaaslike overheid gelisensieer en private sail- en motorplezierbootjies;
- (d) word die duur van 'n „offisiële nag” in die aanhangsel hiervan aangedui;
- (e) beteken „visenteerstoomskip” elke vaartuig wat in die visenteerdienst is en die seine uiteengesit in artikel 16 (a) voer;
- (f) beteken „visenteerbeampte” die beampete van die visenteerdienst wat hom gewoonlik op die visenteerstoomskip bevind en koopvaartskepe wat 'n verdedigde hawe wil binne vaar, buitekant die hawe visenteer. Daarvolgens verleen of weier hy vergunning aan 'n koopvaartskip om 'n verdedigde hawe binne te kom.

* No. 193.]

[6 February 1940.]

His Excellency the Governor-General has been pleased, under the provisions of section *eighty-five* of the South Africa Defence Act, 1912, to issue the following orders and instructions for the control of the public traffic of the Port of Durban during the present state of war:—

NOTICE TO MARINERS.

PORT OF DURBAN.

ORDERS AND INSTRUCTIONS FOR THE CONTROL OF PUBLIC TRAFFIC.

1. Until further notice the following orders and instructions are to be observed by all merchant vessels (see definition para. 6) approaching or moving within the limits of the Port of Durban.

2. The limits of the Port of Durban are:—

- (a) The promontory called the Bluff from its northern extremity to a line drawn from the inner harbour to the Indian Ocean, northward of Lots Nos. 35, 31, 29 and 27 Fynlands, and to the foreshore known as the Admiralty Reserve on either side of the Bluff and along the shore from the Bluff to the Umgeni River and as far seaward as the jurisdiction of the Union Government extends.
- (b) The Bay of Natal up to high water mark and the islands of the bay; together with the foreshore, wharves, docks, basins, jetties, piers and harbour works and all harbour and dock lands vested in the Government of the Union of South Africa, but such area shall not include any portion of the promontory of the bluff set apart for defence purposes.

3. The ordinary regulations of the port are to be adhered to, except where varied by these orders and instructions.

4. All former public traffic regulations are hereby cancelled.

5. The use of wireless telegraphy, wireless telephony, and sound signalling for any purpose whatsoever is forbidden; the only exception to this rule is such sound signals as are authorised to be made by the regulations for the prevention of collisions at sea.

For the proper enforcement of the above the wireless telegraph office or offices of such ships will be sealed up while in harbour by the Customs or other officer to whom this responsibility has been assigned. During the stay of the vessel in harbour, access to the wireless telegraph office(s) will be allowed under the following condition:—

If the vessel is remaining in harbour for some time so that it is necessary for wireless staff to have access to the office(s) in order to attend to the batteries, etc., the master of the merchant vessel will be responsible for warning the Customs officers, who may arrange for the breaking of the seals. The master will be held responsible that no messages are transmitted while the office(s) are open, and should state for how long access is required in order that the Customs officers may afterwards go on board and reseal the office(s).

Any breach of these regulations renders the masters of the offending ships liable to penalties, and to the confiscation of the wireless apparatus of their ships.

This regulation shall not apply to small craft operating under the authority of the Government of the Union of South Africa.

6. *Definitions.*—For the purpose of these orders and instructions:—

- (a) Fog and thick weather is considered to exist when it is impossible, owing to meteorological or other conditions affecting visibility, to communicate between the examination steamer and the examination battery by visual signals.
- (b) The term merchant vessels includes all vessels other than the examination steamers and British and Foreign war vessels.
- (c) The term "small craft" refers to local coasters, local whalers, and trawlers, all motor boats and open boats which are licensed by local authority, privately owned pleasure boats, sail and motor.
- (d) Official night is as given in appendix.
- (e) Examination steamer.—This term includes any vessel employed in the examination service which displays the signals specified in paragraph 16 (a).
- (f) The examining officer is the officer of the examination service, normally in the examination steamer, who examines merchant vessels wishing to enter a Defended Port prior to their entry. As a result of this, he permits, or does not permit, a merchant vessel to enter a Defended Port.

7. Raad aan reders en ekspediteurs.—Dit is reders en ekspediteurs gerade om, wanneer omstandighede dit toelaat, in hul eie belang en ten einde vertraging van hul vaartuie in die erkenning en deurlating daarvan deur die visenteerdiens te voorkom.—

- (a) dit so te reël dat hulle vaartuie gewoonlik oordag by die hawe aankom;
- (b) vooraf aan die marineowerheid kennis te gee van die verwagte aankoms van hul vaartuie in die hawe, met vermelding van die volgende besonderhede:—

- (1) Naam van vaartuig.
 - (2) Dag en uur waarop dit volgens die vaarplan in die hawe moet aankom.
 - (3) Uiterlik en onderskeidingsmerke, soos bv. skoorsteenmerke, ens.
 - (4) Soort lading.
 - (5) Hawes van laai en los van die lading.
 - (6) Aantal passasiers, as daar is;
- (c) toe te sien dat hul vaartuie voorsien is van 'n volledige stel internationale onderskeidingswimpels asook van twee wit en twee rooi lanterns—gereed en beskikbaar vir gebruik—benewens die reglementêre nawigasieligte.

8. Instruksies aan koopvaartskepe wat toegang tot die hawe verlang of die hawe aandoen om bevele te ontvang.—Koopvaartskepe (buitenkleinvaartuie) wat van die see af inkom, moet varend bly totdat hulle deur die visenteerbeampte beveel word om in die visenteerankerplek te anker, of die hawe binne te vaar.

9. Koopvaartskepe wat die hawe nader, word veral gewaarsku teen die gebruik van private seine, van watter aard ook, bedags of snags. Die gebruik daarvan kan tot gevolg hê dat hulle beskiet word.

10. Voordat koopvaartskepe toegelaat word om die hawe binne te kom, moet hulle eers deur die visenteerdiens ondersoek word. Kyk Berig aan Seevarendes, No. 1 van 1939.

11. Sodra koopvaartskepe die hawe Durban tot op optiese seinafstand genader het, moet hulle hul seinletters hys en nie wag op die sein „Wat is die naam van u vaartuig?“ wat deur die visenteerstoomskip of die seinstasie gegee word nie.

12. 'n Koopvaartskip wat sonder toestemming van die visenteerbeampte die visenteerankerplek verlaat, loop gevare om beskiet te word.

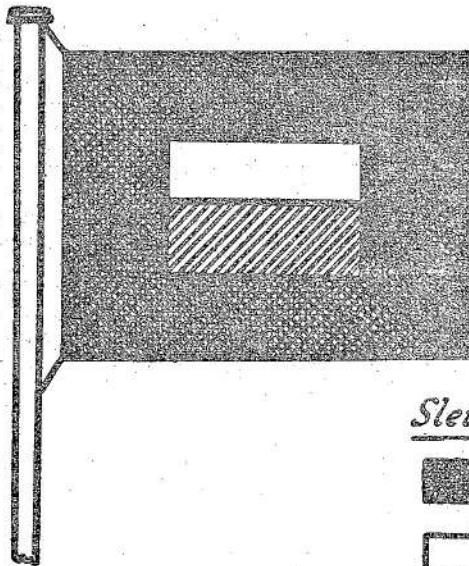

13. As slechte weer of 'n ander oorsaak 'n koopvaartskip verhinder om in die visenteerankerplek te anker, moet die visenteerbeampte hom gelas om op die visenteerankerplek varend te bly of die see in te steek, en hom nie toelaat om die hawe binne te kom nie, tensy hy, terwyl hy varend is, deur die visenteerbeampte geïdentifiseer kan word.

14. Hawegelde moet nie van koopvaartskepe wat die visenteerstoomskip slegs nader om inligting te verkry, gevorder word nie.

15. Skepe wat die hawe in mis of dik weer wat in artikel 6 bepaal is, nader, moet uiters versigtig navigeer.

16. Die visenteerstoomskip sal in die visenteerankerplek of in die omgewing daarvan gevind word en sal aan die volgende onderskeidingsmerke geken word:—

- (a) *Bedags* voor dit 'n spesiale vlag—wit en rooi horisontaal, met 'n blou rand daaromheen—aan die kop van die booramsteng, en die „Blue Ensign“.

As die hawe gesluit is (kyk artikel 17), moet die visenteerstoomskip benewens bogaande, drie rooi balle vertikaal en 6 ft. van mekaar af hys op 'n plek waar hulle rondom die horizon duidelik sigbaar is.

- (b) *Snags* moet die visenteerstoomskip benewens die gewone nawigasieligte, drie lige vertikaal en 6 ft. van mekaar af voer op 'n plek waar hulle rondom die horizon duidelik sigbaar is. Hierdie drie lige moet wanneer die hawe oop is wit en wanneer dit gesluit is rooi wees. (Kyk artikel 17.)

7. Advice to shipowners and shipping agents.—Shipowners and shipping agents are advised that, in their own interests, and in order to avoid delays to their vessels in their recognition by and passage through the examination service, they should when circumstances permit:—

- (a) As a general rule arrange for their vessels to arrive at the port during daylight.
- (b) Give previous notice of the expected arrival of their vessels at the port to the Naval Authority, stating the following particulars:—

- (1) Name of vessel.
- (2) Date and time due at the port.
- (3) Appearance and distinguishing features such as funnel marks, etc.
- (4) Nature of cargo.
- (5) Ports of lading and ports of discharge of cargo.
- (6) Number of passengers, if any.

- (c) See that their vessels are provided with a complete set of International Code Flags, also with two white and two red lanterns—ready and available for use—in addition to the regulation navigation lights.

8. Instructions for merchant vessels wishing to enter the port or calling for orders.—Merchant vessels (other than small craft) arriving from seaward shall remain under way until directed by the examination officer to anchor in the examination anchorage or to proceed into harbour.

9. Merchant vessels approaching the port are especially cautioned against making use of private signals of any description, either by day or night; the use of such signals will render merchant vessels liable to be fired on.

10. All merchant vessels must pass through the examination service before they will be permitted to enter the port.

Attention is called to Notice to Mariners No. 1 of 1939.

11. All merchant vessels approaching the Port of Durban must hoist their signal letters on arriving within visual signal distance of the port and are not to wait for the signal "What is the name of your vessel?" to be made from the examination steamer or signal station.

12. An merchant vessel attempting to leave the examination anchorage without permission from the examination officer will be liable to be fired on.

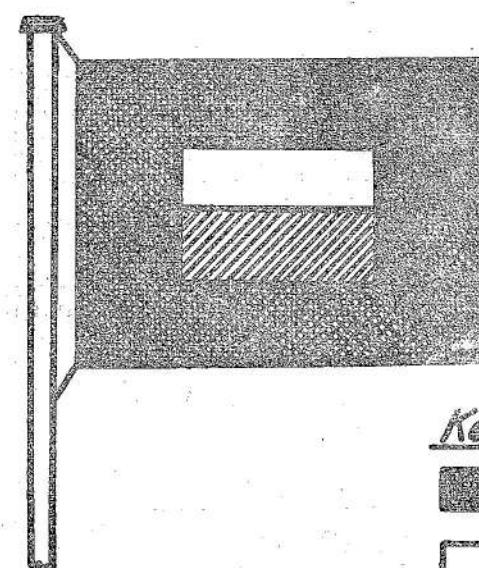

13. Should bad weather or other cause prevent a merchant vessel from anchoring in the examination anchorage, she will be ordered by the examination officer to remain under way in the examination anchorage or to proceed to sea, and will not be permitted to enter the port unless she can be identified while under-way by the examination officer.

14. Port dues will not be collected from merchant vessels which close the examination steamer solely for the purpose of obtaining information.

15. In fog and thick weather as defined in paragraph 6 ships approaching the port shall navigate with the utmost caution.

16. The examination steamer will be found in the examination anchorage or in the vicinity thereof and will be known by the following distinguishing marks:—

Should the port be closed (see para. 17) they will hoist in addition to the above 3 red balls vertical, 6 ft apart, in a position where they are clearly visible all round the horizon.

- (b) By night.—They will carry in addition to the ordinary navigation lights, 3 lights vertical, 6 ft. apart, in a position where they are clearly visible all round the horizon. These 3 lights will be white when the port is open, and red when the port is closed (see para. 17).

17. "Hawe gesluit" en sein om dit aan te dui.—, Hawe gesluit," beteken dat vaartuie nie toegelaat word om verder as die visenterankerplek die hawe binne te vaar nie. Die hawe kan te eniger tyd op bevel van die verantwoordelike offisier van die Verdedigingsmag ter See gesluit word. Solank dit donker is, word die hawe gesluit tensy spesiale reëlings getref word om dit oop te hou. Die visenterdiens bly in werking.

18. Die sein wat aandui dat die hawe gesluit is:—

- (a) Bedags word drie rooi balle vertikaal en 6 ft. van mekaar op 'n plek op die visenterstoomskip gehys waar hulle rondom die horison duidelik sigbaar is. (Kyk artikel 16.) 'n Soortgelyke sein word ook by die seinstasie op die „Bluff“ gehys.
- (b) Snags word in die plek van die drie wit ligte wat gehys word wanneer die hawe oop is (kyk artikel 16) drie rooi ligte vertikaal en 6 ft. van mekaar af op 'n plek op die visenterstoomskip gehys waar hulle rondom die horison duidelik sigbaar is. 'n Soortgelyke sein word by die seinstasie op die „Bluff“ gehys.

19. Die hawe kan ooreenkomsdig die bepalings van die plaaslike hawereglement weens die weer gesluit word. Hiervoor is die sein:—

- (a) Bedags 'n kegel met die punt na onder wat aan die nok van die ra van die seinstasie op die „Bluff“ gehys word.
- (b) 'n Rooi lig wat op 'n soortgelyke plek gehys word. (Kyk „Africa Pilot“, punt III.)

20. Wanneer die seine wat in artikels 18 en/of 19 aangedui, vertoon word, is die hawe gesluit en moet alle koopvaartskepe of in die visenterankerplek bly of die see insteek. Geen koopvaartskip word toegelaat om van die visenterankerplek af die see in te steek sonder toestemming van die visenterbeampte nie. (Kyk artikel 12.)

21. Bepalings wat by die visenterankerplek nagekom moet word.—Behalwe om 'n lewe of lewens te red of 'n ongeluk te voorkom, of met die toestemming vooraf van die visenterbeampte verkry, mag koopvaartskepe nie—

- (1) beweeg nie. (Kyk artikel 12);
- (2) op watter wyse ook al met die land of met 'n ander vaartuig in verbinding tree nie;
- (3) skuite stryk nie;
- (4) kabels bedien nie;
- (5) toelaat dat iemand die vaartuig verlaat of dat 'n deel daarvan, of van die vrag, voorrade, ens., verwyder word nie.

As dit nodig blyk om sonder toestemming van die visenterbeampte van bogemelde dinge te doen ten einde 'n lewe of lewens te red of 'n ongeluk te voorkom, moet onmiddellik met hierdie beampte in verbinding getree word.

22. Hoe om met die visenterbeampte vanuit die visenterankerplek in verbinding te tree.—

- (a) Bedags moet koopvaartskepe die vlag JG van die Internasionale Seinboek hys.
- (b) Snags moet koopvaartskepe twee ligte, 3 ft. van mekaar af, rooi oor wit, aan die kop van die voorbooramsteng hys.

23. Kleinvaartuie moet die visenterstoomskip nader om geïdentifiseer te word en toestemming te verkry om die hawe binne te vaar.

24. Geen private plesiervaartuie sal toegelaat word om buitekant die hawe te vaar of van die ingang tot die hawe gebruik te maak nie.

25. Sonder magtiging van die hawekaptein mag geen bewegings in die hawe plaasvind nie.

26. Bepalings wat koopvaartskepe en kleinvaartuie wat sekere hawegebiede binne gaan beperkings ople, sal van tyd tot tyd deur die plaaslike overheid uitgereik word.

27. Vaartuie moet stadig in die hawe vaar.

28. Ligte in die hawe en in die visenterankerplek.—Instructions aangaande die vertoning of afskerming van ligte in die nag sal na behoefte deur die verantwoordelike offisier van die Verdedigingsmag ter See uitgereik word.

29. Patrouille van binnewaters en die toegangsweë tot die hawe.—Die binnewaters van die hawe en die toegangsweë daartoe word deur marinepatrouilleerbote en/of ander staatsvaartuie gepatrouilleer. Kapteins en alle gesagvoerders van koopvaartskepe word hierby aangesê om alle bevele deur die marinepatrollies gegee, te gehoorsaam. Alle koopvaartskepe en kleiner vaartuie kan deur hierdie patrollies ondersoek en gevisenter word. 'n Koopvaartskip wat bevele deur hierdie patrollies gegee, nie gehoorsaam nie, loop gevaar om beskiet te word.

30. Skepe kan op gesag van die verantwoordelike offisier van die Verdedigingsmag ter See verhinder word om die hawe te verlaat.

31. Alle skepe, buiten plaaslike kleinvaartuie wat reeds vrystelling verkry het, moet van die loodsiens gebruik maak.

17. "Port closed" and signal to indicate this.—The term "port closed" means that the vessels are not permitted to proceed inward further than the examination anchorage. The port may be closed at any time, by order of the Seaward Defence Officer in Charge. During the hours of darkness the port is closed except by special arrangements. The examination service remains in force.

18. The signal to indicate that the port is closed is:—

- (a) By day.—3 red balls hoisted vertically 6 ft. apart in a position in the examination steamer (see para. 16) where they are clearly visible all round the horizon. A similar signal is hoisted at the bluff signal station.
- (b) By night.—3 red lights hoisted vertically 6 ft. apart in a position in the examination steamer where they are clearly visible all round the horizon in lieu of the 3 white lights hoisted when the port is open (see para. 16). A similar signal is hoisted at the bluff signal station.

19. The port may be closed on account of weather in accordance with local harbour regulations for which the signal is:—

- (a) By day.—A cone point down hoisted at the yardarm of the bluff signal station.
- (b) By night.—A red light hoisted in a similar position. (See Africa Pilot Pt. III.)

20. When the signals specified in para. 18 and/or 19 are displayed, the port is closed, and all merchant vessels must either remain in the examination anchorage or proceed to sea. No merchant vessel is permitted to proceed to sea from the examination anchorage without the permission of the examination officer (see para. 12).

21. Regulations to be observed in the examination anchorage.—Except to save life or to avoid accident, or with previous permission from the examining officer, merchant vessels are forbidden to:—

- (1) Move the vessel (see para. 12).
- (2) Communicate in any way with the shore or with other vessels.
- (3) Lower any boats.
- (4) Work cables.
- (5) Allow any person to leave the vessel, or any part of the vessel, cargo, stores, etc., to be removed.

Should it be necessary, in order to save life, or to avoid accident, to do any of these things without permission of the examination officer, this officer is to be communicated with at once.

22. To get into communication with the examination officer when in the examination anchorage:—

- (a) By Day.—Merchant vessels are to hoist flags JG International Code.
- (b) By Night.—Merchant vessels are to hoist 2 lights, red over white, 3 ft. apart, at the fore masthead.

23. Small craft shall close the examination steamer for identification and permission to enter harbour.

24. No privately owned pleasure craft will be permitted to proceed outside the entrance or use the entrance channel.

25. No movement in the port is to take place without the authority of the port captain.

26. Restrictions on merchant vessels and small craft entering certain areas in the port will be issued by the local authority from time to time.

27. The speed limit in harbour is slow.

28. Lights at night in the port and in the examination anchorage: Instructions will be issued regarding the showing or obscuring of lights as required by the Seaward Defence Officer in Charge.

29. Patrol of internal waterways and approaches to the port.—The internal waterways of the port and the approaches thereto will be patrolled by naval patrol boats and/or other Government vessels. Captains, masters and others in charge of merchant vessels are hereby warned to observe any orders given by the patrols. All merchant vessels and small craft are subject to inspection and search by these patrols. Disobedience of orders given by these patrols renders a merchant vessel liable to be fired on.

30. Ships may be prohibited from leaving the port on authority of the Seaward Defence Officer in Charge.

31. Pilotage is compulsory except for local small craft which have already received exemption.
