His Excellency the Officer Administering the Government has been pleased, under the provisions of section eighty-five of the *South Africa Defence Act*, 1912, to amend the orders and instructions for the control of the traffic of Port Elizabeth Harbour during the present state of War, published under Government Notice No. 1027 of the 27th June, 1940, as outlined, in English and Afrikaans, in the Annexure hereto:—

ANNEXURE.

PUBLIC TRAFFIC ORDERS AND INSTRUCTIONS.—PORT ELIZABETH HARBOUR.

The orders and instructions for the control of the traffic of Port Elizabeth Harbour during the present state of war, are hereby amended by the deletion in sub-paragraph (b) of paragraph 23 of the words "they are to pass as close as possible to the Port Captain's Office at the Eastern extremity of the Northern arm of the inner harbour (Charl Malan Quay) in order that they can be readily identified" and the substitution therefor of the following words:—

"they are to remain at sea to the Eastward of the line of the two light beacons at Humewood. Continuous flashing by signal lamp from the Signal Station, situated at the Port Captain's Office, indicates that the craft may approach the Battery Look-out Tower at a slow speed to be identified but on no account are they to enter the Inner Harbour unless they receive definite instructions to do so."

BYLAE.

ORDERS EN INSTRUKSIES OP OPENBARE HAWEVERKEER.—DIE HAUWE PORT ELIZABETH.

Die orders en instruksies op die reëling van die verkeer in die hawe Port Elizabeth gedurende die huidige oorlogstoestand word hierby gewysig deur in artikel 23 (b) die woorde „moet hulle so na as moontlik by die hawekaptein se kantoor aan die oostelike uiteinde van die noordelike kaai van die binnehawe (die kaai Charl Malan) verby vaar, sodat hulle maklik geïdentifiseer kan word“, deur die volgende te vervang:—

„moet hulle ten ooste van 'n denkbeeldige lyn oor die twee ligbakens by Humewood op see bly. 'n Aanhoudende gesflits met 'n seinlamp vanaf die scinstasie by die hawekaptein se kantoor, du aan dat hulle die batteryuitkykting teen 'n lae snelheid mag nader om geïdentifiseer te word, maar, tensy hulle bepaalde instruksies daartoe ontvang, mag hulle in geen geval die binnehawe invaar nie.“

Dit het Sy Eksellensie die Amptenaar Belas met die Uitoefening van die Uitvoerende Gesag behaag om, kragtens die bepalings van artikel vyf-en-tigtyg van die *Zuid-Afrika Verdedigings Wet*, 1912, die Hawe Durban Orders en Instruksies op die Reëling van Openbare Haweverkeer in Tyd van Oorlog, gepubliseer by Goewermentskennisgiving No. 1111, bevat in *Buitengewone Staatskoerant* No. 2788 van 10 Julie 1940, te wysig, soos in die Bylae hiervan, in Engels en Afrikaans, uiteengesit is.

AANHANGSEL.

DIE HAUWE DURBAN.—WYSIGING VAN DIE ORDERS EN INSTRUKSIES OP DIE REËLING VAN OPENBARE HAWEVERKEER IN TYD VAN OORLOG.

1. Vervang artikel 5 deur die volgende artikel:—

5. Omskrywings:—

(a) Vir sover dit hierdie orders en instruksies betref, word „die hawe Durban“ omskryf as die gebied wat begrens word deur 'n denkbeeldige lyn wat—

(i) aan die noordkant vanaf 'n punt „A“, breedtegr. 29° 39' 00" S. (Umhlotiriviermond), lengtegr. 31° 07' 48" O., vir 4.55 myl in die rigting 090° loop na 'n punt „B“, breedtegr. 29° 39' 00" S., lengtegr. 31° 13' 00" O.;

- (ii) on the east by a line from position "B" above in a 180° direction for 11 miles to position;
"C" Lat. $29^{\circ} 50' 00''$ S.,
Long. $31^{\circ} 13' 00''$ E.,
thence in a 226° direction for 8.55 miles to position;
"D" Lat. $29^{\circ} 56' 00''$ S.,
Long. $31^{\circ} 06' 00''$ E.;
- (iii) on the south by a line from position "D" above in a 270° direction to the shore;
- (iv) on the west from position "A" southward along the high water line following the foreshore and along the shores of the inner harbour including all Wharves, Docks, Basins, Jetties, Piers and Harbour Works and all Harbour and Dock lands vested in the Government of the Union to where the line from position "D" strikes the shore.

These limits do not in any way alter the limits of the Harbour as defined for Customs purposes.

- (b) *Prohibited Anchorage.*—No Vessel is permitted to anchor, trawl, dredge, line fish, or discharge rubbish within the limits of the area above with the following exceptions:—

Vessels may anchor after having received instructions from the appropriate Authority within the following areas:—

- (i) *Inner Anchorage.*—Certain inner berths allocated by the Harbour Authorities within Durban Harbour.

- (ii) *Outer Anchorage.*—(Natal Road).

Northern Limit:—

Parallel of Lat. $29^{\circ} 49' 24''$ S.

Southern Limit:—

Parallel of Lat. $29^{\circ} 50' 34''$ S.

Eastern Limit:—

Line of bearing 037° (true) from centre of Harbour entrance (i.e., line of leading lights, Chart 577).

Western Limit:—

The Shore.

NOTE.—This area is divided into anchor berths. Except in cases of emergency, ships are to anchor only after receiving instructions.

- (iii) *Overflow Anchorage.*—(North of Natal Road).

Northern Limit:—

Parallel of Lat. $29^{\circ} 45' 35''$ S.

Southern Limit:—

Line of Bearing 060° (true) from centre of Umgeni River Mouth (Lat. $29^{\circ} 48' 40''$ S.).

Eastern Limit:—

Meridian of Long. $31^{\circ} 06' 20''$ E.

Western Limit:—

The Shore.

NOTE.—It is of particular importance that ships anchored in (ii) and (iii) should not encroach on the area between these anchorages. Anchor bearings must, therefore, be carefully watched and ships must weigh at once if they appear to be dragging over the Northern or Southern Limits of (ii) or (iii) respectively.

- (c) "Harbour" means the water area inside the Lights of the extremities of the North Pier and South Breakwater up to High Water mark and the Islands of the Bay, together with the foreshore, wharves, docks, basins, jetties, piers and harbour works and all harbour and dock lands vested in the Government of the Union.
- (d) "Merchant vessels" means and includes all vessels other than examination vessels, war vessels, small craft and pleasure craft.
- (e) "Small craft" means and includes all fishing craft (except steam and motor fishing trawlers), tugs, barges, yachts, launches, dredgers, hoppers, boats and all other small craft except those flying a recognised naval flag or the flag of the South African Air Forces.
- (f) "Pleasure craft" means and includes all yachts and other small craft not used for official or commercial purposes.
- (g) "Examination vessel" includes any vessel employed in the Examination Service, which displays the signals prescribed in these orders and instructions.
- (h) "Examining officer" means the officer of the Examination Service, normally in the examination vessel, whose duty is to examine merchant vessels and small craft desirous of entering the port.
- (i) "Official night" means that period of the day set out in Part VIII.
- (j) "Fog" is considered to exist when it is impossible, owing to meteorological or other conditions affecting visibility, to communicate between the examination vessel and the examination batteries by visual signals.

2. Delete the words "Senior Officer" in line seven of paragraph 7 and substitute therefor the words "South African Naval Officer-in-Charge".

- (ii) aan die oostekant vanaf punt „B“ hierbo vir 11 myl in die rigting 180° loop na 'n punt „C“, breedtegr. $29^{\circ} 50' 00''$ S., lengtegr. $31^{\circ} 13' 00''$ O., en vandaar vir 8.55 myl in die rigting 226° na 'n punt „D“, breedtegr. $29^{\circ} 56' 00''$ S., lengtegr. $31^{\circ} 06' 00''$ O.;
- (iii) aan die suidekant vanaf punt „D“ hierbo in die rigting 270° loop tot aan die strand; en
- (iv) aan die westekant vanaf punt „A“ suidwaarts loop al langs die hoogwatermerk op die strand en al langs die binnehawestrand, met insluiting van die kaaie, dokke, bassins, seehoofde, piere en hawewerke en alle hawe- en dokgrond wat die eiendom van die Unie-Regering is, tot waar die gedeelte van hierdie lyn vanaf punt „D“, die strand tref.

Hierdie grense vervang geensins die grense van die hawe soos bepaal vir die doeane nie.

- (b) *Die verbode-ankerplek.*—Geen vaartuig word toegelaat om binne die grense van bogenoemde gebied anker te gooi, te bagger, met 'n sleepnet of lyn vis te vang of hom van aaval te ontlas nie; met dien verstande dat vaartuie, nadat hulle instruksies van die betrokke autoriteite daartoe ontvang het, in die volgende gebiede mag ankergooi:—

- (i) *Die binne-ankerplek.*—Sekere binnelêplekke wat in die hawe Durban deur die hawe-autoriteite aangewys word.

- (ii) *Die buitenste ankerplek.*—(Natalpad).

Noordelike grens:—

Breedtegr. $29^{\circ} 49' 24''$ S.

Suidelike grens:—

Breedtegr. $29^{\circ} 50' 34''$ S.

Oostelike grens:—

Peil 037° (geogr.) vanaf die middel van die hawe-ingang (d.w.s., die denkbeeldige lyn oor die geleilige, kaart 577).

Westelike grens:—

Die strand.

Ler op.—Hierdie gebied is in ankerplekke verdeel waar skepe, behalwe in geval van nood, slegs na instruksies daartoe mag ankergooi.

- (iii) *Die ekstra ankerplek.*—(Noord van Natalpad).

Noordelike grens:—

Breedtegr. $29^{\circ} 45' 35''$ S.

Suidelike grens:—

Peil 060° (geogr.) vanaf die middel van die Umgeniriviermond (breedtegr. $29^{\circ} 48' 40''$ S.).

Oostelike grens:—

Die meridiaan van lengtegr. $31^{\circ} 06' 20''$ O.

Westelike grens:—

Die strand.

Ler op.—Dit is veral van belang dat 'n skip wat in die buitenste of die ekstra ankerplek geanker is, nie die grense van die gebied tussen hierdie ankerplekke oorskry nie. Die peiling van die geankerde skip moet dus noukeurig dopgehou word, terwyl die skip onmiddellik anker moet lig as daar blyk dat dit oor die noordelike grens van die buitenste of die suidelike grens van die ekstra ankerplek dryf.

- (c) „(die) hawe“ is die watergebied binne die ligte van die verste punte van die noordelike pier en die suidelike seemuur tot by die hoogwatermerk en die eilande van die baai, asook die strand, kaaie, dokke, bassins, seehoofde, piere en hawewerke en alle hawe- en dokgrond wat die eiendom van die Unie-Regering is.

- (d) „Koopvaartskepe“ is alle skepe behalwe visenteervaartuie, oorlogsskepe, kleinvaartuie en plesierbootjies.

- (e) „Kleinvaartuie“ is alle vissersvaartuie (behalwe stoom-en motorvistreilers), sleepbote, vragskuite, jagte, bar-kasse, baggerbote, onderlossers, skuite en alle ander kleinvaartuie buiten dié wat 'n erkende marinevlag of die vlag van die Suid-Afrikaanse Lugmag voer.

- (f) „Plesiervaartuie“ is alle jagte en ander kleinvaartuie wat nie vir offisiële of kommersiële doeleindes gebruik word nie.

- (g) „Visenteervaartuig“ is elke vaartuig wat in die visenteerdienis is en die seine by hierdie orders en instruksies voorgeskryf, voor

- (h) „Visenteerbeampte“ is die beampete van die visenteerdienis wat hom gewoonlik op die visenteervaartuig bevind en daarmee belas is om koopvaartskepe en kleinvaartuie wat die hawe wil binnevaar, te ondersoek.

- (i) Die duur van die „offisiële nag“ word in deel VIII hiervan aangedui.

- (j) Daar is „mis“ wanneer die nitsig in so'n mate deur weers- en ander omstandighede belemmer word dat dit vir die visenteervaartuig en die visenteerdienstsbattery onmoontlik is om met optiese seine met mekaar in verbinding te tree.

2. Vervang die woorde „Senior Offisier“ in reël vyf van artikel 7 deur die woorde „Verantwoordelike Offisier, S.A. Seemag.“

3. Delete the words "or outer anchorage" in lines five and six of paragraph 8 and substitute therefor the words "Outer or Overflow Anchorages".

4. Delete the words "anchorage [to North and West of bearing 045° (true) from the Bluff Signal Station]" in lines four and five of paragraph 13 and substitute therefor the words "or overflow anchorages".

5. Delete the word "anchorage" in line four of paragraph 14 and substitute therefor the words "or overflow anchorages".

6. Delete the figure "10" in line four of paragraph 18 and substitute therefor the figure "15".

7. Delete the words "paragraph 5" in line three of paragraph 31 (b) and substitute therefor the words "paragraph 5 (a)".

8. Delete the word "anchorage" after the word "outer" where it appears for the first time in line two of paragraph 36 and substitute therefor the words "or overflow anchorages".

Delete the word "anchorage" after the word "outer" where it appears for the second time in line two of paragraph 36 and substitute therefor the words "and overflow anchorages".

9. Insert a comma after the word "examination" wherever it appears in the first column of paragraph 37.

Delete the words "or outer anchorage" wherever they appear in the first column of paragraph 37 and substitute therefor the words "outer or overflow anchorages".

10. Delete the words "(see paragraph 5)" below the heading "Hours of Official Night at the Port of Durban, Natal, for Each Day of the Year" in paragraph 39 and substitute therefor the words "[see paragraph 5 (i)]".

* No. 645.] [2 April 1943.

Attention is directed to the publication of Proclamation No. 66 of 1943 (War Measure No. 23 of 1943), in terms whereof persons in the Union and South West Africa will, inter alia, now again be permitted to trade and carry on business transactions with the Island of Madagascar and its Dependencies, and with the Island of Reunion.

In this connection it is desired to bring to the notice of all concerned that it is likely that the Governments of the United Nations may, as a matter of expediency and for the better prosecution of the war, arrange for official or semi-official purchases only of certain Madagascar and Reunion products which are of strategic importance and/or which are in short supply. In such instances it is unlikely that private importers in the Union will be able to receive supplies direct from Madagascar and Reunion producers and exporters, as their individual requirements will be included in the global purchases made through the official channel. Moreover, shipping facilities from these Islands to the Union will be strictly limited.

It is, accordingly, recommended that persons in the Union who may desire to import goods from Madagascar and Reunion should, before they approach suppliers in these Islands or enter into final commitments to purchase goods from them, approach the Director-General of Supplies, Imports Control Section, 216 Central Street, Pretoria, regarding the possibilities of obtaining import permits for any direct purchases which they may wish to make, and should ascertain

10. Voeg in deel VIII die syfer „(i)” in agter die woorde en syfer „artikel 5” na die opskrif „Die duur van die offisiële nag in die hawe Durban, Natal, vir elke dag van die jaar”.

[2 April 1943.

Die aandag word gevvestig op die publikasie van Proklamasie No. 66 van 1943 (Oorlogsmaatreel No. 23 van 1943), waarlangs persone in die Unie en Suidwes-Afrika, onder andere, nou weer toegelaat sal word om besigheidstransaksies met die eiland Madagascar en die afhanklike gebiede daarvan, asook met die eiland Reunion, aan te gaan.

In hierdie verband is dit die begeerde om die aandag van alle belanghebbendes daarop te vestig dat dit waarskynlik is dat die Regerings van die Verenigde Volke gerieflikheidshalwe, en vir die beter voortsetting van die oorlog, reëlings mag tref om die aankoop van sekere produkte van Madagascar en van Reunion, wat van strategiese belang en/of skaars is, slegs deur amptelike of halfamptelike kanale te laat geskied. In sodanige gevalle is dit onwaarskynlik dat private invloeders in die Unie instaat sal wees om voorrade direk van produente en uitvoerders in Madagascar en Reunion te kry, aangesien hul afsonderlike benodigdheide ingesluit sal word in die globale aankope wat deur middel van die amptelike kanaal gedoen word. Bowendien sal skeepsfasilitete vanaf hierdie eilande na die Unie streng beperk wees.

Derhalwe word aanbevele dat persone in die Unie wat begerig mag wees om goedere vanaf Madagascar en Reunion in te voer, eers die Direkteur-generaal van Voorrade, Invoerbeheerafdeling, Sentraalstraat 216, Pretoria, raadpleeg omtrent die moontlikheid om 'nvoerpermitte te kry vir enige direkte aankope wat hul begerig mag wees om te doen, en eers van die Verteenwoordiger in die Unie van die Britse Ministerie van Oorlogstransport verneem of daar 'n moont-

from the Representative in the Union of the British Ministry of War Transport whether they are likely to obtain shipping space from Madagascar or Reunion for goods so to be purchased.

As regards exports to Madagascar and Reunion from this country, it will be generally realised that the Union's own supply position is such that it will not be possible to send to Madagascar and Reunion large quantities of goods which are not freely available in the Union. Prospective exporters should, therefore, to avoid disappointment for themselves as well as for importers in Madagascar and Reunion, enquire from the Director-General of Supplies, Exports Control Section, 216 Central Street, Pretoria, regarding the possibilities of obtaining export permits, and from the Representative in the Union of the British Ministry of War Transport regarding shipping space, before they approach Madagascar and Reunion importers with offers to supply goods from the Union. The Exports Control Section, Pretoria, will issue export permits to private exporters only against the production of import permits issued by the competent authorities in Madagascar and Reunion and Union exporters should ensure that such permits will be available for any transactions to which they may commit themselves.
