DIE DIREKTEUR-GENERAAL VAN VOORRADE.

KONTROLEUR VAN WEEFSTOWWE.

INVOER VAN KATOEN- EN RAYON-GOEDERE EN KRAMERY.

1. Hiermee word bekendgemaak dat aansoeke om Noodsaaklikheidsertifikaat vir die invoer van katoen- en rayon-goedere en kramery van die Verenigde Koninkryk en Indië, vir die derde kwartaal van 1943, d.w.s., die kwartaal eindigende 30 September 1943, op of voor 25 Junie 1943, aan die Kontroleur van Weefstowwe, 137 Maritime-gebou, Lovedaystraat, Johannesburg, gepos moet word. Aansoeke wat na daardie datum gepos word, kan nie oorweeg word nie en sal teruggestuur word.

2. Aansoeke om Noodsaaklikheidsertifikaat moet nie 'n kwart van 'n firma se invoer vir 1939 te bowe gaan nie; hulle moet in tweevoud ingedien word op die voorgeskrewe vorm C.I. 126 en op die oorspronklike kopie daarvan moet 'n halfkrooninkomteseël geplak wees. Alle aansoeke moet gedoen word in terme van hoeveelhede en nie van waardes nie. Vorms waarop slegs waardes voorkom, sal teruggestuur word.

3. *Cotton Quota Goods.*—(a) Separate applications for piece goods should be submitted in respect of the United Kingdom and India, accompanied by a copy of Annexure "A" indicating particulars of the types of piece goods it is desired to import. Only one item, i.e., the total in square yards of Annexure "A" should be inserted on the application forms against the description "Cotton Piece Goods".

(b) In the case of the United Kingdom only, the following additional items are chargeable against the Cotton Quota and may be included on the application form for piece goods in the units indicated.

Handkerchiefs	dozens.

Infants' cot blankets	quantity and weight in pounds.
(not exceeding 30 in. by 40 in.)

(c) Drills, jeans, ducks, denims, cotton cashmere and towelling are not available for export from the United Kingdom and applications for these items cannot be considered.

(d) It will be observed that the headings shown on Annexure "A" differ from those used in previous quarters. The new headings have been prescribed by the United Kingdom authorities and must be adhered to as far as possible. Cloths not specifically mentioned should be included under headings for cloths of the most similar types. The heading "Other" should only be used in very exceptional cases.

(e) In regard to India, importers are advised to verify whether the types of piece goods it is desired to import are available.

(f) Where special arrangements have been made for the bulking of orders applications should be submitted through the prescribed bodies and not direct to the Controller of Textiles.

4. *Rayon Piece Goods.*—(a) Applications for rayon piece goods must be accompanied by a copy of Annexure "B" indicating the types of goods it is desired to import. Only the totals of Annexure "B" in square yards should be shown on the application form against the description "Rayon Woven Piece Goods" or "Rayon Knitted Fabrics".

(b) The types of fabrics shown in Annexure "B" have been prescribed by the British Authorities and should be adhered to as far as possible.

Every importer must nominate a shipper or confirming house to act for him in the United Kingdom, otherwise great difficulty is likely to be experienced in placing Certificates of Essentiality against British trade allocations. A register of importers and their shippers is being prepared for the information of the Union High Commissioner in London and it should be understood that when a shipper has once been nominated, no other shipper should be used. If, for some unavoidable reason, the shipper has to be changed, the Controller of Textiles must be notified and the importer must defray the cost of a cable informing the High Commissioner of the change. A special circular is being sent to all textile importers in this connection.

7. Applications for woollen goods should be submitted at a later date to be announced in the *Government Gazette* and will be refused if submitted now. It should be noted that piece goods containing 15 per cent. or more of wool are classified as woollen goods.

8. Letters dealing with matters other than applications should not be enclosed in the same envelopes as applications.

(c) Dril, gekeperde katoenstof, seil, „denims”, katoen-kasmier en handoekmateriaal is nie vir uitvoer uit die Verenigde Koninkryk beskikbaar nie en aansoeke om hierdie items kan nie oorweeg word nie.

(d) Daar sal opgemerk word dat die opskrifte op Aanhangsel „A” verskil van dié wat in vorige kwartale gebruik is. Die nuwe opskrifte is voorgeskryf deur die owerheid van die Verenigde Koninkryk en hulle moet sover moontlik gevolg word. Kledingstowwe wat nie spesifiek genoem word nie, moet ingesluit word onder die opskrifte vir kledingstowwe van die mees soortgelyke tipes. Die opskrif „Ander” moet slegs in uiters buitengewone gevalle gebruik word.

(e) Wat betref Indië, word invoerders aangeraai om seker te maak of die tipes stukgoedere wat hulle wil invoer, beskikbaar is.

(b) Die tipes weefstowwe wat op Aanhangsel „B” aange-toon word, is voorgeskryf deur die Britse Owerheid en daar moet sover moontlik by gebly word.

6. Elke invoerder moet 'n verskeper of 'n agent nomineer om namens hom op te tree in die Verenigde Koninkryk, anders kan daar dalk groot moeilikheid ondervind word met die plasing van Noodsaaklikheidsertifikaat teen Britse handelstoewysings. 'n Register van invoerders en hul verskepers word tans opgestel vir die informasie van die Hoë Kommissaris van die Unie in Londen en dit moet verstaan word dat wanneer 'n verskeper eenkeer genomineer is, geen ander verskeper gebruik moet word nie. As die verskeper om een of ander onvermydelike rede verander moet word, moet die Kontroleur van Weefstowwe in kennis gestel word en die invoerder moet die koste van 'n kabel waardeur die Hoë Kommissaris van die verandering in kennis gestel word, betaal. 'n Spesiale omsendbrief word in hierdie verband aan alle invoerders gestuur.

7. Aansoeke om wolgoedere moet ingedien word op 'n later datum wat in die *Staatskoerant* aangekondig sal word en sal afgewys word as hulle nou ingedien word. Dit dien daarop gelet word dat stukgoedere wat 15 persent of meer wol bevat as wolgoedere geklassifiseer word.

8. Briewe wat oor ander sake as aansoeke handel, moet nie saam met aansoeke in dieselfde koevert ingesluit word nie.

9. Aansoeke sal nie oorweeg word nie tensy die applikant reeds 'n Weefstofopnamevorm ingevul het of sodanige vorm vir die eerstemaal saam met sy aansoek instuur. Opnamevorms kan van die Kontroleur van Weefstowwe verkry word.

It is not possible to lay down non-technical specifications which could be applied in all cases in determining types of Rayon Piece Goods, but the following brief descriptions may be of assistance.

- (a) *Continuous Filament* Fabrics are woven from Yarns spun from Filaments of indefinite length in the same manner as pure silk. These fabrics generally resemble silk and are usually referred to as Artificial Silk.
- (b) *Staple Fibre or Spun* Fabrics are woven from Yarns spun from Filaments which have been guillotined into short staples similar to cotton or woollen fibres. These fabrics often resemble cotton, linen or woollen piece goods.
- (c) *Cotton Rayon Mixture* Fabrics. As invoices have to specify whether piece goods contain rayon or cotton no difficulty should be experienced in regard to this classification.

**CONTROL OF TIMBER.—IMPORT PRICES FOR
AFRICAN TIMBERS.**

1. It is hereby notified that from the date of publication hereof, no application for a permit or certificate of essentiality for the importation of any African species of timber will until further notice be recommended, if the price for such timber exceeds the maximum C.I.F. or F.O.B. price for timber of that species specified in the Schedule hereto, or as further stipulated herein.

2. C.I.F. prices are based on freight at 76s. per 40 cubic feet, and will be adjusted in accordance with ruling freight charges, but may not exceed such figures as are arrived at when adjusted on basis of freight charged by Railway Administration for similar services at time of shipment.

Prices for F.O.B. contracts shall not exceed the equivalent C.I.F. prices, calculated on freight at 76s. per 40 cubic feet plus Marine Insurance at 1½ per cent.; nor shall goods so purchased exceed in C.I.F. cost those specified in the Schedule hereto, and when adjusted in accordance with the ruling rate of freight quoted by South African Railways and Harbours Administration for similar services, at time of shipment. When submitting applications for permits for F.O.B. contracts, detailed figures should be given showing comparative costs on the foregoing basis.

3. Unless otherwise indicated in the Schedule the prices specified are the maximum prices, all export duties paid, for 1st class or prime quality machine sawn, square edged timber or lumber in dimensions up to four (4) inches in thickness

Let Wel.—Bogenoemde klassifikasie is deur die Britse Owerheid vasgestel en invoerders moet alle pogings doen om hulle benodigdhede onder die regte opskrifte in te vul. Dit is onmoontlik om nie-tegniese spesifikasies neer te lê wat in alle gevalle by die bepaling van tipes rayonstukgoedere toegepas kan word dog onderstaande kort beskrywings mag van hulp wees.

- (a) *Onafgebroke filament-weefstowwe* word gewef van draad wat gespin is van filamente van onbepaalde lengte op dieselfde manier as sulver sy. Hierdie weefstowwe lyk oor die algemeen na sy en word gewoonlik kunssy genoem.
- (b) *Stapelvesel- of gespinde weefstowwe* word gewef van draad wat gespin word van filamente wat in kort stapels, net soos katoen- of wolstapels, gespin is. Hierdie weefstowwe lyk dikwels na katoen-, linne- of wolstukgoedere.
- (c) *Katoenrayonmengsel-weefstowwe*. Aangesien in fakture gespesifiseer moet word of stukgoedere rayon of katoen bevat, behoort daar gaan moeilikhed in verband met hierdie klassifikasie te wees nie.

*** KENNISGEWING No. 443 VAN 1943.**

BEHEER VAN HOUT.

INVOERPRYSE VAN AFRIKAANSE HOUTSOORTE.

1. Hierby word bekendgemaak dat vanaf die datum van publikasie hiervan tot nader kennisgewing, geen aansoek om 'n permit of noodsaaklikheidsertifikaat vir die invoer van enige Afrikaanse houtsoort aanbeveel sal word nie, as die prys van sodanige houtsoort die maksimum k.a.v.- of v.a.b.-prys vir hout van daardie soort soos gespesifiseer in die Bylae hiervan of soos verder hierin bepaal, oorskry.

2. K.a.v.-pryse is gebaseer op vraag teen 76s. per 40 kubieke voet en sal gereël word volgens die heersende vraagpryse, maar mag nie die syfers oorskry wat verkry word wanneer gereël volgens die basis van die vraagprys wat deur die Spoorwegadministrasie vir soortgelyke dienste ten tyde van verskeping gevra word nie.

Pryse vir v.a.b.-kontrakte mag nie die ekwivalente k.a.v.-pryse, bereken volgens vraag teen 76s. per 40 kubieke voet plus seerverskering teen 1½ persent, oorskry nie; ook mag goedere wat aldus gekoop word ten opsigte van k.a.v.-koste nie dié wat in die Bylae hiervan vermeld is, oorskry nie en wanneer gereël ooreenkomstig die heersende vragtarief wat deur die Suid-Afrikaanse Spoorweg- en Hawensadministrasie vir soortgelyke dienste gekwoteer word, ten tyde van verskeping. Wanneer aansoek om permitte vir v.a.b.-kontrakte gedoen word, moet uitvoerige syfers gegee word wat die vergelykende koste op voornoemde basis aantoon.

3. Tensy anders in die Bylae aangegee, is die vermelde pryse die maksimum pryse, alle uitvoerrechte betaal, vir eerste-klas- of prima kwaliteit masjiën-gesaaide, gekantregte timmerhout met afmetings van hoogstens vier (4) duim dik

by six (6) inches and over in width by six (6) feet and over in length (or specifications considered of equal value), thoroughly air dried, except that the prices for "limba" and "lokako" shall be for timber kiln seasoned to a moisture content, at date of entry, of not exceeding 14 per cent. in respect of timber up to two inches thick and 20 per cent. in respect of timber over two inches thick; and the price for "agba" (N'tola) shall be for timber free from sap.

4. Other factors being equal, preference in granting import permits will be given in cases where the prices to be paid are lower than the maxima indicated in this notice.

5. The price for timber known in the trade as "shorts" and "narrows" (including strip and parquet flooring stock), being of dimensions less than those mentioned in paragraph 3, shall be three-quarters ($\frac{3}{4}$) of the scheduled prices.

6. The price for sawn and/or hewn square logs not less than 6 feet in length shall, unless where specified, be one-half ($\frac{1}{2}$) of the scheduled prices.

7. The price for barked round logs, except veneer logs, shall be one-third ($\frac{1}{3}$) of the listed prices for logs not less than 6 feet in length and 12 inches in diameter with maximum sap of 1 inch.

8. The prices given are to include all agents' and/or brokers' commissions and any other such charges, and will be the basis of any subsequent maximum selling prices.

9. The importation of timber of grades below 1st quality or prime will be permitted in exceptional instances only on consideration of all factors involved, which should be stated clearly when applications are submitted. Every consignment of Belgian Congo timber must be accompanied by an inspection certificate issued by the Belgian Congo Government.

10. Appeals will be allowed for prices higher than those scheduled in respect of any timber required for a special purpose, or for timber of a species not scheduled which is procurable in good quantity, the identity of which has been established and the intrinsic or end-use value of which has been proven satisfactorily.

11. The prices given are for true solid volume. No allowance will be permitted in measurements or volume. The expression "cubes", in relation to the volume of timber, will not be permitted.
