Unless otherwise stated or inconsistent with the context, distances referred to in this Annexure must be calculated by taking the mileage of the shortest railway route from the railway station named from which the goods referred to are usually obtained to the railway station or siding, to which such goods are generally consigned, nearest the place of sale, plus the mileage of the shortest distance by road from such receiving railway station or siding to the place of sale; provided that where goods are normally transported by pont and are subject to a charge for such service, the distance from the nearest railway station or siding to the place of sale may be increased by 50 miles.
4. The term "nearest railway station or siding" referred to in the provisos to various sections of Parts II, III and IV of this Annexure, means the receiving stations or sidings other than Road Motor Service stations or halts.

8. Unless otherwise stated, the prices set forth in, or determined in accordance with the provisions of Parts II, III and IV of this Annexure, are maximum prices at which the goods specified may be sold either for cash or for credit not exceeding 60 days calculated from the date of the monthly statement in which the purchase of such goods is reflected. In the case of credit sales, for a term exceeding that laid down above, 6 per cent. per annum to the nearest half-penny may be added to the overdue account in respect of the goods for which prices are specified in this Annexure.

- LET WEL.— (i) As gevolg van die skaarste aan blikke en kiste word handelaars sterk aangeraai om hul voorraad in kanne wat teruggestuur kan word, aan te koop en die paraffien los per gelling of per bottel, na gelang van die geval, te verkoop. Dit sal nie alleen tot verligting van die toestand wat deur die skaarste van blikke en kiste veroorsaak is, bydra nie, maar die koopvoorwaardes sal gunstiger wees en bestellings sal spoediger uitgevoer kan word.
- (ii) Aangesien die een gelling-blikke voortaan nie meer aan die handel gelewer sal word nie, is bogenoemde pryse vir hierdie verpakking nie verhoog nie, daar hierdie pryse voorrade verteenwoordig wat reeds voor 28 Oktober 1942 in voorraad geneem is, d.w.s., die datum waarop die pryse van paraffien vir die handel verhoog is.
- (iii) Kleinhandelaars mag blikke met skroefproppe alleen aan iemand verkoop as dit vol paraffien is, en dan teen hoogstens onderstaande pryse wat nie die pryse insluit wat vir die paraffien gevorder mag word nie:—

Provided that—

- (i) at places which are more than 50 miles from the nearest railway station or siding in any of the areas mentioned in (11) above, one halfpenny per bottle may be added to the price fixed for that particular area;
- (ii) at places which are more than five miles from the nearest railway station or siding in any of the areas mentioned in (11) above, one halfpenny per gallon loose or per gallon tin, twopence per four-gallon tin and fourpence per case of 2 4-gallon tins may be added for every 25 miles or part thereof beyond the first five miles to the prices fixed for that particular area.

NOTE.—(i) Owing to the scarcity of tins and cases traders are strongly advised to purchase their requirements in returnable drums where possible and sell the paraffin loose per gallon or per bottle as the case may be. Not only will this tend to relieve the position created by the stringency in supplies of tins and cases, but the terms of purchase will be more favourable and the execution of orders more prompt.

(ii) As one-gallon tins will no longer be supplied to the trade, the prices enumerated above for this packing have not been advanced, since they represent supplies already taken into stock prior to the 26th October, 1942, the date on which the prices of paraffin to the trade were increased.

(iii) Retail dealers may sell screw topped tins to any person only when filled with paraffin, and at prices not exceeding those specified below, which prices are exclusive of the price chargeable for the paraffin:—

1-gallon tin with screw top.....	1s. 6d. each.
4-gallon tin with screw top.....	1s. 9d. each.

(Attention is directed to Government Notice No. 2020 of the 2nd October, 1942.)
