ELECTRICITY CONTROL BOARD.

NOTICE OF APPLICATION BY THE ELECTRICITY SUPPLY COMMISSION FOR AMENDMENT OF THE CAPE WESTERN LICENCE, 1925 IN TERMS OF THE ELECTRICITY ACT, 1922.

Notice is hereby given that the Electricity Supply Commission, whose Head Office is at Escom House, Rissik Street, Johannesburg, has made application to the Board in terms of section *thirty* of the Electricity Act, 1922, for amendment of the Cape Western Licence (1925) by the deletion of the existing First Schedule to that Licence and the substitution therefor of the following First Schedule:—

FIRST SCHEDULE.

SCHEDULE OF STANDARD PRICES.

(This Schedule, which takes the place of the previous First Schedule, shall be introduced for all accounts based on meter readings on or after the 26th October, 1953.)

1. *Definitions.*—For the purposes of this Schedule the following words and phrases shall have the meanings herein assigned to them:—

" Cost of coal " shall mean the sums expended for the purchase of coal consumed plus the costs of any transport, handling, preparation and treatment thereof incurred up to and including delivery of the coal at or into the power station bunkers.

" H.P. installed " shall mean the aggregate of the rated H.P. of motors installed or the equivalent thereof; provided that any fraction of a H.P. in the aggregate number shall count as a complete H.P. Welding and heating apparatus shall be assessed on the basis that each kilovolt ampere of the rating of such appliances shall be regarded as equivalent to 1 (one) Horse Power.

" Maximum demand " shall mean the highest load in kilovolt amperes supplied by the Licensee to the consumer during any period of thirty consecutive minutes in the month.

" Month " shall mean the period between monthly meter readings, irrespective of whether such readings are taken on the last day of the calendar month or not.

" Notified maximum demand " shall mean—

(i) the maximum demand notified in writing by the consumer and accepted by the Licensee as the maximum demand which the consumer requires the Licensee to be in a position to supply on demand; plus

(ii) any increase in the notified maximum demand referred to in (i) above, notified in writing from time to time by the consumer giving reasonable notice thereof, and accepted by the Licensee; provided that such increase shall not form part of the notified maximum demand in respect of which a charge may be made in terms of this Schedule until the date on which the Licensee is in a position to meet the requirements of the consumer in this respect or the date on which the Licensee is required in terms of the notification to meet such increased maximum demand, whichever is the later date; plus

(iii) any increase in the maximum demand taken by and supplied to the consumer above the notified maximum demand for the time being in force; provided that in each instance where notice of any increase in the notified maximum demand is not given and the Licensee notifies the sonsumer that such increase or any portion thereof cannot be regarded as available to the sonsumer on demand until a future date, such increase or portion shall not, until such future date, form part of the notified maximum demand in respect of which a charge may be made in terms of this Schedule.

" Room " shall, subject to the proviso to this definition, have the following meanings:—

(*a*) In the case of a private residence, and in the case of a boarding-house or hotel having less than ten bedrooms, every room in such residence, boarding-house or hotel and any detached room on such premises which may be used as a living room and is connected to the supply but excluding kitchens, pantries, bathrooms, open verandahs, passages, lavatories and cloakrooms;

(*b*) in the case of a boarding-house or hotel having ten or more bedrooms—

(i) every 200 (two hundred) square feet or part thereof of the total floor area other than the area referred to in (ii), and

(ii) every 300 (three hundred) square feet or part thereof of the floor area of any verandahs, balconies, courtyards, cellars, garages, stables and outhouses on the premises and wired for the use of electricity;

(*c*) in the case of an office, shop, store, school, hall, or the like premises, every 150 (one hundred and fifty) square feet or part thereof of the total floor area of the premises;

(*d*) in the case of business garages, workshops, warehouses and the like business premises, a floor area to be determined by the Licensee, which shall not be less than 150 (one hundred and fifty) square feet;

(*e*) in the case of—

(i) premises (e.g. farms and estates) having outbuildings such as sheds, stables, barns, byres, dairies, garages and the like,

(ii) premises having extensive external lighting requirements,

(iii) supplies required for advertising signs, and

(iv) any special applications,

such assessment for the purposes of the " room " charge as the Licensee may make in the circumstances.

For the purpose of determining the floor area of any premises referred to in paragraph (*b*), (*c*) or (*d*) hereof the Licensee may calculate the floor area with reference to the external measurements of the premises, in which case the floor area shall, for the purposes of this Schedule, be the area so calculated less 10% (ten per centum) thereof.

Provided that the Licensee may calculate the charges to be made in terms of this Schedule on the basis of any assessment of the number of " rooms " on the premises, previously made and in force at the date of the introduction of this Schedule, until a period of three months has elapsed after written notice to the Licensee by a consumer that he requires a re-assessment of " rooms " in terms of this Schedule, and in each such case " room " shall be deemed to have the meaning previously assigned to it.

" Unit " shall mean a kilowatt-hour.

2. (1) *Standard Prices.*—The standard prices chargeable by the Licensee for the supply of electricity shall, subject to the provisions of the Act and of this licence, be as follows:—

Tariff (A): Large Power Users.

For a supply to a consumer whose notified maximum demand is 25 (twenty-five) kilovolt amperes or over of three phase alternating current at a frequency of 50 (fifty) cycles per second and a nominal voltage of either 11,000 volts or 6,600 volts, whichever voltage may be available in the vicinity, there shall be:—

(*a*) A service charge of £3. 6s. (three pounds six shillings) per month, which charge shall be payable whether any electricity is taken or not;

(*b*) a demand charge at the rate of 16s. (sixteen shillings) per month for each kilovolt ampere of the maximum demand supplied in the month; provided that, if the consumer should fail during the month to take any supply or if the maximum demand taken by the consumer in the month should be less than 70% (seventy per centum) of the notified maximum demand for the time being in force, the Licensee shall be entitled to charge, under paragraph (*b*) of this Tariff, for 70% (seventy per centum) of the said notified maximum demand;

(*c*) an energy charge at the rate of 0·396d. (decimal three nine six of a penny) for each unit supplied in the month; provided that the said unit rate having been based upon the cost of coal consumed at the power stations of the Licensee and the Cape Town City Council, which supply the Cape Western Undertaking, being 1d. (one penny) per 51,000 (fifty-one thousand) British Thermal Units, shall be adjusted from time to time in the following manner:—

The cost of coal consumed at the said power stations shall be ascertained by the Licensee for each three-monthly period to the end of March, June, September and December, and if the cost of coal for the three-monthly period immediately passed differs from the aforesaid basic price of 1d. (one penny) per 51,000 British Thermal Units by an amount which is less than 0·02d. (decimal nought two of a penny), the unit rate to be applied in the succeeding three-monthly period shall be the said rate of 0·396d. per unit; but if the said cost of coal differs from the basic price by 0·02d. (decimal nought two of a penny) or more, then the unit rate to be applied in the succeeding three-monthly period shall be the said rate of 0·396d. per unit increased or decreased by 0·006d. (decimal nought nought six of a penny) for each complete increase or decrease of 0·02d. (decimal nought two of a penny) in the said cost of coal above or below the basic price.

Tariff (B): Small Power Users.

For a supply in respect of which the maximum demand is less than 35 (thirty-five) kilovolt amperes, made available for use as motive power or for heating or electro-chemical processes, there shall be—

(*a*) a charge of 7s. 2d. (seven shilings and two pence) per month per H.P. installed or the equivalent thereof, which charge, of 14s. 4d. (fourteen shillings and four pence) whichever is the greater, shall be the minimum amount payable per month, whether any electricity is taken or not; plus

(*b*) an energy charge at the rate of 0·846d. (decimal eight four six of a penny) for each unit supplied in the month; provided that the said unit rate having been based upon the cost of coal consumed at the power stations of the Licensee and the Cape Town City Council, which supply the Cape Western Undertaking, being 1d. (one penny) per 51,000 (fifty-one thousand) British Thermal Units, shall be adjusted from time to time in the following manner:—

The cost of coal consumed at the said power stations shall be ascertained by the Licensee for each three-monthly period to the end of March, June, September and December, and if the cost of coal for the three-monthly period immediately passed differs from the aforesaid basic price of 1d. (one penny) per 51,000 British Thermal Units by an amount which is less than 0·08d. (decimal nought eight of a penny), the unit rate to be applied in the succeeding three-monthly period shall be the said rate of 0·846d. per unit; but if the said cost of coal differs from basic price by 0·08d. (decimal nought eight of a penny) or more, then the unit rate to be applied in the succeeding three-monthly period shall be the said rate of 0·846d. per unit increased or decreased by 0·024d. (decimal nought two four of a penny) for each complete increase or decrease of 0·08d. (decimal nought eight of a penny) in the said cost of coal above or below the basic price.

Alternative (a): Flat Rate Tariff.

A charge of 10d. (ten pence) per unit supplied in the month, subject to a minimum charge of 9s. 9d. (nine shillings and nine pence) per month, whether any electricity is taken or not.

Alternative (b): Room Rate Tariff.

(i) A charge of 3s. 3d. (three shillings and three pence) per room per month, which charge or 9s. 9d. (nine shillings and nine pence), whichever is the greater, shall be the minimum amount payable per month, whether any electricity is taken or not; plus

(ii) an energy charge at the rate of 0·846d. (decimal eight four six of a penny) per unit supplied in the month; provided that the said unit rate having been based upon the cost of coal consumed at the power stations of the Licensee and the Cape Town City Council, which supply the Cape Western Undertaking, being 1d. (one penny) per 51,000 (fifty-one thousand) British Thermal Units, shall be adjusted from time to time in the manner set out in the second paragraph of (*b*) of Tariff (B).

(2) If the commencing date or the termination date of any supply be such that the supply is available for portion only of the month, any demand charge, charge per H.P. installed, room charge, or monthly minimum charge to be made by the Licensee in terms of sub-clause (1) hereof shall be calculated on a *pro rata* basis for the portion of a month of 30 days during which the supply is available.

3. *Street Lighting.*—Where the Licensee provides a supply for, and maintains, any street lighting or similar public lighting, the charge for such supply and service shall be fixed by special arrangement between the Licensee and the sonsumer.

4. *Charges payable monthly.*—All charges payable by a consumer in terms of this Schedule shall be payable monthly.

5. *Special charges for services rendered.*—The Licensee may make special charges for services rendered to the consumer in the provision of service mains, the installation of equipment in the consumer's substation, for the taking of any special meter reading, for re-connection of the supply after disconnection for non-compliance with any requirement of the Licensee or for any other special service rendered by the Licensee.

6. *Variation of Standard Prices.*—In the case of consumers in outlying areas or in sparsely-populated areas or in the case of farmers' supply schemes, or in any other circumstance provided for in section *twenty-six* of the Act, the Licensee may vary the prices prescribed by this Schedule, or increase the above minimum charges, or both, in accordance with the Act.

Copies of the draft amendments are available for inspection at the Commission's Head Office.
