CIRCULAR TO SHAREHOLDERS.

DEAR SIR/MADAM.

In the Directors' Report and Chairman's Statement for the year ended 30th June, 1955, references were made to arrangements that had been made in conjunction with the Department of Commerce and Industries for increasing supplies of cement by re-commissioning certain obsolete machinery at De Hoek and the steps that had been taken to augment supplies of limestone to meet this increase in production. The arrangements made with the Department of Commerce and Industries are for a limited period only and it was therefore necessary for your Directors to give earnest consideration to a programme of permanent development that would make provision for meeting the demand for cement in the areas served by your Company. Exhaustive investigations have been carried out into the best course of action for this, especially in relation to the Company's limestone deposit on the farm Ongegund at Riebeek West.

The geological reports on this deposit show that it is of sufficient magnitude to support a factory which could ultimately be of considerable size. The investigations have also disclosed that substantial economies would accrue through siting additional productive capacity at Riebeek West instead of as an addition to the De Hoek factory.

In addition to increasing the productive capacity of the Company the proposed expansion would afford the opportunity to close down gradually some obsolete plant at De Hoek with beneficial effects on both the life of the deposit and the efficiency of operations at the factory.

Your Directors therefore propose to proceed with the erection of a complete cement factory, including all ancillary services, such as housing, etc., at Riebeek West. The initial installation will be of one large kiln and auxiliary plant and machinery but the factory will be so designed as to allow for expansion by stages as and when required.

The estimated cost of the programme is as follows:—

	£
Quarry and crushing	283,000
Milling departments	409,000
Kiln department	560,000
Coal, gypsum and clinker store, sundry buildings and structures	243,000
European and Native housing	210,000
Railway siding and locomotive	163,000
Power, water and services	110,000
Supervision and overheads	100,000
Construction equipment and preliminary work	41,000
Contingencies	100,000
	£2,300,000

Your Directors are at present considering proposals to finance this expenditure partly by means of temporary loan facilities, partly by means of an issue of shares and the remainder out of the Company's resources. It is estimated that the Company will need to raise an amount of approximately £800,000 during the latter part of this year.

To enable your Board to make an issue of capital should it decide that such a course is in the interests of shareholders it is recommended that the authorized capital of the Company be increased by an amount of £500,000 to £1,000,000 by the creation of 500,000 new shares of £1 each which together with the 81,431 at present held in reserve, would make a total of 581,431 unissued shares, and that the Directors be authorized, at their discretion, to issue up to the maximum of the above-mentioned 581,431 shares.

ALTERATION OF ARTICLES OF ASSOCIATION.

For the sake of convenience and in conformity with modern practice, it is proposed to make arrangements for affixing signatures to share certificates or other documents of title by mechanical means, and it is recommended that the Articles of Association be suitably amended as reflected in the undermentioned Notice of Meeting.

Attached is a Notice of an Extraordinary General Meeting of the Company which will be held on 14th September, 1956 in the Board Room, Argus Buildings, 122–128 St. George's Street, Cape Town, for the purpose of considering the aforementioned recommendations. Should you be unable to attend the meeting you are asked to complete the enclosed proxy form as indicated and return it to the Secretary, P.O. Box 1067, Cape Town, so as to reach him not later than forty-eight hours before the time fixed for the holding of the meeting.

The attention of shareholders is drawn to the fact that Rand Mines, Limited, The Corner House, 77 Commissioner Street (P.O. Box 2058), Johannesburg, has been appointed Transfer Secretaries of the Company.

By Order of the Board,
C. OPIE,
Secretary.
