HULETT'S SUGAR CORPORATION, LIMITED.

ANNOUNCEMENT TO SHAREHOLDERS.

In the Chairman's Annual Statement circulated to Shareholders with the Report and Accounts on 18th August, 1965, the attention of Shareholders was drawn to the serious economic implications arising from a combination of reduced sugar production due to drought and low world sugar prices.

The original production estimate of 568,000 tons of sugar for the Hulett Group in South Africa during the 1965-66 season has now been reduced to 364,000 tons. In addition the industrial average price of sugar has decreased due mainly to a steady decline in world sugar prices during the year.

These factors have resulted in a further deterioration in the Group's overall earnings and the seriousness of the situation was again emphasised by the Chairman in his address to Shareholders at the Annual General Meeting held on 22nd September, 1965.

In the circumstances the Directors have decided that no Interim Dividend will be paid on Ordinary Shares in respect of the financial year ending 30th April, 1966. By Order of the Board.—B. K. Digby, Secretary, 213 West Street, Durban, 9th December, 1965. 19420—24
