DEPARTMENT OF WATER AFFAIRS.

No. R. 10.] [5 January 1968.

REGULATIONS FRAMED IN TERMS OF SECTION ONE HUNDRED AND SIXTY-FOUR OF THE WATER ACT, 1956 (ACT No. 54 OF 1956), IN RESPECT OF SUBSIDIES PAYABLE TO LOCAL AUTHORITIES.

The Minister of Water Affairs has, under the powers vested in him by section one hundred and sixty-four of the Water Act, 1956 (Act No. 54 of 1956), made the following regulations in respect of subsidies payable to local authorities under section one hundred and sixty-two of the said Act:—

1. In these regulations, unless the context otherwise indicates—

“Act” means the Water Act, 1956 (Act No. 54 of 1956);

“engineer” means a person holding qualifications acceptable to the Public Service Commission for appointment as an engineer in the Professional Division of the Public Service;

and any expression to which a meaning has been given in the Water Act bears, where used in these regulations, the same meaning.

2. A local authority desiring a subsidy on a proposed water work shall apply by letter to the Secretary through the Provincial Secretary of the province in which the local authority is situated.

3. The Provincial Secretary, in forwarding the application, shall enclose a statement to the effect that the Administrator has satisfied himself that without the subsidy the local authority would not be able to afford the scheme, and that the subsidy is therefore recommended by the Administrator.

4. The recommendation for a subsidy referred to in paragraph 3 shall be accompanied by an engineer's report which shall include—

- (a) an estimate of the total cost of the scheme;
- (b) the estimated unit cost of water in 13 years' time;
- (c) the estimated White population in 13 years' time;
- (d) the general plans of the scheme;

plus a statement by the local authority giving the following information:—

- (i) The name of the local authority;
- (ii) a brief outline of the scheme;
- (iii) estimated cost of the scheme;

(iv) die naam van die ingenieur verantwoordelik vir die ontwerp van die skema;

(v) hoedanigheid waarin die ingenieur in diens is;

(vi) adres van die ingenieur;

(vii) kwalifikasie van die ingenieur;

(viii) besonderhede van vorige subsidies (indien enige);

(ix) besonderhede van lenings nog uitstaande (indien enige) wat ten opsigte van elke lening moet insluit—

(a) bedrag van lening;

(b) jaarlikse terugbetalings;

(c) oorblywende tydperk van lening.

5. Indien hy tevrede is dat die skema tegnies gesond is, moet die Sekretaris die Provinsiale Sekretaris dienoreenkomstig in kennis stel. Indien nie, kan hy addisionele inligting vra of versoek dat die skema deur 'n gekwalifiseerde ingenieur herontwerp moet word.

6. Indien die koste van 'n skema, insluitende die koste van enige vorige gesubsidieerde werk (indien enige), op nie meer as R60,000 beraam word, kan die Minister die subsidie te eniger tyd goedkeur.

7. Indien die koste van 'n skema, insluitende die koste van enige vorige gesubsidieerde werk (indien enige), op meer as R60,000 beraam word, kan die subsidie goedgekeur word slegs nadat die geld spesifiek deur die Parlement gestem is. Enige aansoek om 'n subsidie op so 'n skema vir die volgende finansiële jaar moet die Sekretaris nie later as 31 Julie nie bereik.

8. Subsidies word toegestaan ten opsigte van gespesifiseerde skemas soos omskryf in die verslag en planne saamgestuur met die aansoek om subsidie en geen subsidie word betaal ten opsigte van enige uitgawes op enige wysigings of toevoegings tensy voorafgaande goedkeuring daarvoor skriftelik van die Sekretaris verkry is nie, terwyl belangrike veranderings sonder voorafgaande skriftelike goedkeuring die kansellasie van die subsidie ten gevolge mag hê.

9. Geen uitgawes, insluitende die aankoop van materiaal, mag direk of indirek op 'n waterwerk aangegaan word voordat die subsidie goedgekeur en verlof om met die werk te begin skriftelik gegee is nie.

10. Geen subsidie is betaalbaar op enige gedeelte van 'n waterwerk waaraan werk begin is voor die datum van die brief van die Sekretaris waarin die plaaslike owerheid in kennis gestel word dat die werk 'n aanvang mag neem nie.

11. Subsidies is betaalbaar slegs op die werklike koste van konstruksie, insluitende grond aankope, wetlike en administratiewe koste en rente op lenings.

12. Die Minister kan voorwaardes stel waarop 'n subsidie goedgekeur word en die Sekretaris moet skriftelik in kennis gestel word van die plaaslike owerheid se aanvaarding van die voorwaardes voordat die werk 'n aanvang neem en geen betaling sal gemaak word tensy hierdie voorwaardes nagekom is nie.

13. Die subsidie wat aan 'n plaaslike owerheid toegestaan word mag nie meer wees nie as—

(a) 'n bedrag wat, indien dit van die totale koste van die skema afgetrek word, die eenheidskoste van water sal verminder tot 'n bedrag wat minder is as dié wat bepaal is in die ooreenkoms tussen die vier Provinsiale Administrateurs as synde die limiet waaronder 'n plaaslike owerheid met 'n spesifieke Blanke bevolking nie kwalifiseer vir 'n subsidie nie, en welke syfer aangetoon word in die grafiek vervat in die bylae hiervan;

(iv) the name of the engineer responsible for the design of the scheme;

(v) capacity in which the engineer is employed;

(vi) address of the engineer;

(vii) qualification of the engineer;

(viii) details of previous subsidies (if any);

(ix) details of loans (if any) still outstanding which shall include in respect of each loan—

(a) amount of loan;

(b) annual repayments;

(c) unexpired loan period.

5. If satisfied that the scheme is technically sound the Secretary shall advise the Provincial Secretary accordingly. If not he may call for additional information or request that a qualified engineer be called in to redesign the scheme.

6. Where a scheme is estimated to cost not more than R60,000 including the cost of any previously subsidised work (if any) the Minister may approve the subsidy at any time.

7. Where a scheme is estimated to cost more than R60,000, including the cost of any previously subsidised work (if any) the subsidy may be approved only after the money has been specifically voted by Parliament. Any application for a subsidy on such a scheme for the following financial year should reach the Secretary not later than the 31st July.

8. Subsidies are granted in respect of specified schemes as outlined in the report and plans submitted with the application for subsidy and no subsidy shall be paid in respect of any expenditure on any amendments or additions unless prior approval for these has been obtained in writing from the Secretary, while material alterations without prior written approval may result in the cancellation of the subsidy.

9. No expenditure, including the purchase of materials, shall be incurred directly or indirectly on a water work before the subsidy has been approved and permission to start work has been given in writing.

10. No subsidy shall be payable on any part of a water work on which work has been commenced prior to the date of the Secretary's letter advising the local authority that work may be commenced.

11. Subsidies are payable only on the actual cost of construction, exclusive of land purchases, legal and administrative costs and interest on loans.

12. When approving a subsidy the Minister may lay down conditions under which the subsidy is granted and the Secretary shall be notified in writing of the local authority's acceptance of these before work is commenced and no payment will be made unless these conditions have been complied with.

13. The subsidy granted to a local authority shall not exceed—

(a) an amount which, if deducted from the total cost of the scheme, will reduce the unit cost of water to a figure less than that which is laid down in the agreement between the four Provincial Administrators as the limit below which a local authority having a specific European population does not qualify for a subsidy, and which figure is shown in the graph contained in the annexure hereto;

(b) 'n persentasie van die totale subsidieerbare koste van alle werke ooreenkomstig die volgende wisselskaal:—

- 33½ persent van die eerste R60,000 of gedeelte daarvan;
- plus 25 persent van die volgende R60,000 of gedeelte daarvan;
- plus 20 persent van die volgende R60,000 of gedeelte daarvan;
- plus 15 persent van die volgende R60,000 of gedeelte daarvan;
- plus 10 persent van die volgende R1,760,000 of gedeelte daarvan.

N.B.—Geen subsidie is op uitgawes wat R2,000,000 oorskry betaalbaar nie en die maksimum subsidie betaalbaar is beperk tot R232,000.

14. By die beraming van die eenheidskoste van water waar toevoegings of uitbreidings beoog word, moet die eenheidskoste van water op die vergrote skema as geheel bereken word en nie slegs op die toevoeging of uitbreiding nie.

15. 'n Skema wat vir subsidiedoeleindes goedgekeur word, kan ten tyde van goedkeuring in integrale dele verdeel word en subsidies sal betaalbaar wees slegs by voltooiing van sodanige integrale dele of die hele skema tot bevrediging van die Sekretaris.

Waar 'n skema in integrale dele verdeel is, moet 'n aparte staat van koste ten opsigte van elke integrale deel gehou word indien betaling van subsidie op sodanige dele verlang word voor voltooiing van die hele skema.

By voltooiing van 'n integrale deel of die hele skema moet die plaaslike owerheid die streeksvertegenwoordiger van die Departement van die voltooiing in kennis stel en 'n gedetailleerde staat van koste ten opsigte van die voltooide werk indien. Die streeksvertegenwoordiger sal dan die werk inspekteer en, indien hy tevrede is, sal hy 'n sertifikaat van bevredigende voltooiing aan die Sekretaris uitreik, waarna die subsidie betaal sal word. Indien hy nie tevrede is nie sal die streeksvertegenwoordiger die plaaslike owerheid in kennis stel van wat nog gedoen moet word en slegs by voltooiing van hierdie werk tot bevrediging van die streeksvertegenwoordiger sal die subsidie betaal word.

16. Tien persent van die subsidie betaalbaar ten aansien van enige werk of enige integrale deel sal teruggehou word tot tyd en wyl 'n geouditeerde staat ten opsigte van die finale totale koste van die hele werk deur die Provinsiale Sekretaris verstrek word.

17. Die subsidie betaalbaar ten aansien van enige integrale deel moet in dieselfde verhouding wees tot die totale subsidie as die koste van die integrale deel tot die totale koste van die skema.

18. Die Sekretaris kan van 'n plaaslike owerheid vereis om sodanige verdere inligting of dokumente te verstrek soos hy nodig mag ag alvorens hy 'n subsidie betaal en hy kan die koste van enige items, wat volgens sy mening nie vir subsidiedoeleindes kwalifiseer nie, van die staat van uitgawes verstrek deur die plaaslike owerheid skrap.

19. Die beslissing van die Sekretaris in verband met alle sake rakende die betaling van subsidies is finaal en indien dit gevind word dat enige subsidie of gedeelte daarvan per abuis betaal is, moet die plaaslike owerheid sodanige subsidie of gedeelte daarvan op versoek van die Sekretaris terugbetaal.

20. Geen bepaling in hierdie regulasies mag so vertolk word dat dit afbreuk doen aan die magte van die Minister of die Sekretaris om sodanige verdere voorwaardes ten opsigte van enige subsidie te stel soos engeen van hulle nodig mag ag.

(b) a percentage of the total subsidisable cost of all works in accordance with the following sliding scale:—

- 33½ per cent of the first R60,000 or part thereof;
- plus 25 per cent of the next R60,000 or part thereof;
- plus 20 per cent of the next R60,000 or part thereof;
- plus 15 per cent of the next R60,000 or part thereof;
- plus 10 per cent of the next R1,760,000 or part thereof.

N.B.—No subsidy is payable on any expenditure in excess of R2,000,000 and the maximum subsidy payable is limited to R232,000.

14. In assessing the unit cost of water where additions or extensions are contemplated the unit cost of water shall be calculated on the enlarged scheme as a whole and not just on the addition or extension.

15. A scheme approved for subsidy may be divided into integral parts at the time of approval and subsidies shall be payable only on the completion of such integral parts or of the whole scheme to the satisfaction of the Secretary.

When a scheme has been divided into integral parts a separate statement of costs shall be kept in respect of each integral part if payment of subsidy on such part is desired before completion of the whole scheme.

On completion of an integral part or the whole scheme the local authority shall notify the regional representative of the Department of the completion and submit a detailed statement of costs in respect of the completed work. The regional representative shall then inspect the work and if satisfied shall issue a certificate of satisfactory completion to the Secretary after which the subsidy will be paid. If not satisfied, the regional representative shall advise the local authority of what still has to be done and only on completion of this work to the satisfaction of the regional representative will the subsidy be paid.

16. Ten per cent of the subsidy due in respect of any work or any integral part shall be withheld until such time as an audited statement in respect of the final total cost of the whole work has been submitted by the Provincial Secretary.

17. The subsidy payable in respect of any integral part shall bear the same relation to the total subsidy as the cost of the integral part bears to the total cost of the scheme.

18. The Secretary may call upon a local authority to furnish such further information or documents as he may deem necessary before effecting payment of a subsidy and he may delete the cost of any items which in his opinion do not qualify for subsidy purposes according to the statement of expenditure submitted by the local authority.

19. The decision of the Secretary in regard to all matters pertaining to the payment of subsidies shall be final and should any subsidy or part thereof be found to have been paid erroneously such subsidy or part thereof shall be refunded by the local authority if called upon by the Secretary to do so.

20. Nothing in these regulations shall be construed as detracting from the powers of the Minister or the Secretary to impose such further conditions in regard to any subsidy as either may deem fit.
