	R	R

CHAIRMAN'S INTERIM STATEMENT TO SHAREHOLDERS

My forecast that the 1969 financial year would see a further period of consolidation has proved to be incorrect and we have not done as well as was expected over the past 6 months—group sales having been lower and expenses higher than budget.

There are, however, good prospects that the second half-year will produce a higher profit, possibly considerably higher, and for this reason it has been decided to repeat last year's interim dividend.

Although we do not expect the profit earned for the full year to reach last year's record level, the result for the second six months will have to be considerably lower than our revised budget before it will be considered necessary to lower our final dividend declaration.

G.A. CURRY, Chairman.

NOTICES TO SHAREHOLDERS

CHAIRMAN'S INTERIM STATEMENT

The estimated net profit of the Group for the first six months of the current financial year approximately equalled that for the corresponding period of the previous year.

In view of this and the satisfactory state of the Group's liquidity your directors consider that the increase in the rate of the interim dividend from five cents to seven cents per ordinary share is fully warranted.

In the absence of unforeseen circumstances it is anticipated that the final dividend for the current year will not be less that last year's final dividend of fifteen cents per share.—H. A. Kendall, Chairman, 10 March 1969.
