TO THE SHAREHOLDERS

The directors of Netherlands Insurance Company of South Africa Limited (NICSAs) announce that a final dividend of nine per cent has been proposed for the year ended 31 December 1969.

This is in excess of the dividend of 8 per cent forecast in the prospectus for the recent share issue, as profits after tax were R403,000 compared with the forecast of R350,000 in the prospectus, and constitutes an increase of 46 per cent above the profits of R276,000 in 1968.

Gross premium in all sectors of NICSAs's business increased 17 per cent, and profits from life assurance, boosted by the successful Bridge Plan, were well above 1968. Results were also enhanced by two new "flexible" package schemes introduced during the year—the "Apollo" Business Protection policy, and the "Mercury" Private Protection policy. CHAIRMAN'S STATEMENT TO THE SHAREHOLDERS

I am pleased to announce that 1969 has again been a most successful year in respect of sales of Volkswagen vehicles in South Africa.

The Company and its Dealer Organisation sold 33,509 vehicles (1968: 27,139), and achieved a satisfactory penetration into a greatly enlarged motor vehicle market and it also made a satisfactory profit.

Normal earnings before tax were R3,229,000 (R2,721,000), and after absorbing taxation at the increased rate, normal net earnings amounted to R1,939,000 (R1,706,000). However, exceptional expenditure for prior years reduced total net earnings to R1,827,000 (R1,910,000).

Since the total amount available for distribution does not differ materially from that of the previous year and as there are still heavy capital commitments facing the Company, the directors considered that the dividend should be maintained at 22½ cents per share.

Good progress was made in the development of local content in Volkswagen vehicles. The demand for the full range of products remains strong, particularly for the popular "Beetle" which regained the top selling position in the passenger car market.

The buoyancy in motor vehicle sales in the country has continued into the current year. If these conditions remain unchanged during the remainder of the year, another satisfactory year can be expected. Costs, particularly in the development of local content, aggravated by the shortage of skilled labour, continue to rise and this must affect future results and prices.—E. G. Blohm, Chairman, Johannesburg, 23 February 1970. 4411—6

DECLARATION OF DIVIDEND 21

Notice is hereby given that a dividend amounting to 22½ cents per ordinary share has been declared in respect of the year ended 31 December 1969.

The dividend will be paid in South African currency on or about 16 April 1970, to all shareholders registered in the books of the Company at the close of business on 20 March 1970.

For the purpose of determining the shareholders entitled to such dividend, the transfer books and register of members will be closed from 21 March 1970 to 31 March 1970, both dates inclusive.

In terms of the Income Tax Act, 1962, as amended, a Non-Resident Shareholders' Tax of 15 per cent will be deducted from dividends payable to shareholders whose addresses, as reflected in the share register, are outside the Republic.

The transfer secretaries must be notified of any change of domicile and dividend instructions by not later than 20 March 1970.

The audited net profit of the Company from normal trading operations for the year ended 31 December 1969, after providing for taxation, is R1,939,000.

The deduction of exceptional items amounting to R112,000 left a net profit, after providing for taxation, of R1,827,000. By Order of the Board.—L. M. Kritzing, Secretary.
