(b) operasiegelde teen mediese hulpfondstariewe minus 25 persent ten opsigte van operasies wat op 'n vrywillige basis deur die Distriksgeneesheer op Staatspasiënte uitgevoer word en wat nie as deel van sy roetine pligte beskou word nie.

The Centres in brackets are the magisterial districts. The salaries of district surgeons are reviewed annually and are based on statistics submitted by them in their annual health reports.

(b) operation fees at medical aid tariffs less 25 per cent in respect of operations which are performed on a voluntary basis by the District Surgeon on State Patients and which are not regarded as a part of his routine duties.

Our vehicle sales continued to make good progress during the period under review and our share of the South African motor vehicle market improved from 8,2 per cent for the whole of last year to 10,4 per cent for the first six months of the current financial year. This improvement is due entirely to passenger vehicle sales, as, we actually lost some of our commercial vehicle market, owing to increased competition and shortage of certain models.

The half year profits benefited from exceptionally good vehicle sales in December in anticipation of the price increases which would follow currency realignments.

Because of this forward buying, and also on account of the higher cost of our vehicles, we expect to experience increased resistance to further penetration in a weaker market during our second half year, January to June 1972.

Nevertheless, the widening popularity of Datsun-Nissan vehicles, our improved product range, and stronger dealer network, can, hopefully, be expected to compensate sufficiently to produce results for our second half year comparable with those of the first half year.

Due to the devaluation of the Rand, the amount owing by this Company on imported components, spares and tools, was increased by approximately R1,1 million.

To provide for this an appropriation of R200 000 has been made and is included in the above profit figures. The balance will be recovered through the price increases of our vehicles.

In addition there is a capital loss of R373 000 on a loan of U.S. $7 million which is repayable from October 1975 onwards.

(These amounts are calculated on the least favourable end of the Rand—U.S. dollar exchange bracket.)

In October last year our company became a subsidiary of The Messina (Transvaal) Development Company Limited, and consequently it will be necessary to change our financial year end from 30 June to 30 September to conform with Messina's year end.

A second interim report, for the 12 months ending 30 June 1972, will be posted to members in August, but any final dividend will be based on the results for the 15 months ending 30 September 1972.

ORDINARY DIVIDEND 5

In accordance with the Income Tax Act, as amended, Non-Resident Shareholders' Tax at the rate of 15 per cent will be deducted by the Company from dividends payable to shareholders whose registered addresses are outside the Republic of South Africa.
