ECLIPSE ENGINEERING LIMITED
(Incorporated in the Republic of South Africa)

SECOND INTERIM REPORT TO SHAREHOLDERS 1971/72

Your directors regret to advise that since the interim report issued on 15 February 1972, there has been a further curtailment of trading profit. The iron foundry is operating at a loss owing to cancellation of orders from the platinum mines following on the drastic curtailment of production. During the past few months there has been a marked decrease in sales of contractors' plant due to a reduction in the activities of the building industry and in civil engineering projects generally. Profits have been affected also by losses incurred by certain subsidiary and associated Companies. Your Company has disposed of its interest in one subsidiary and in one associated Company and provision will have to be made for losses on these realisations. Additionally it is anticipated that substantial amounts will have to be written off other investments and assets during the current year but an accurate estimate of these is not possible until after a thorough stock-taking as at 30 June 1972. The Final Report and Accounts for the year will be despatched to shareholders as soon as possible after 30 June, but in the meantime your directors regret to have to inform you that there is no possibility of a Final Ordinary Dividend for the year ending 30 June 1972.

Action has been taken to curtail presently unprofitable activities and to expand satisfactory lines. With the improved outlook for platinum and civil engineering contracting, your directors are expecting an improvement in the operating conditions of the Company during the coming year. By Order of the Board.—J. Kelly, Secretary. Transfer Secretaries: African Finance Corporation Ltd, 86 Main Street, Johannesburg. Registered Office: Stand 2788, Birmingham Street, Industrial Sites, Benoni, 30 June 1972.
