2. Permits to enable owners of land to use water in terms of this Notice will only be issued upon receipt of a written application. The necessary application forms are obtainable from the Circle Engineer, Upper Orange River Circle, P.O. Box 528, Bloemfontein, 9300, and must be returned to him after completion.

3. Permits will only be issued in respect of riparian properties as registered on 13 July 1956. If such properties have since been subdivided and portions thereof sold, the owners concerned will have to come to an agreement as to the division of the permit allocation, if any, and in such an event the issuing of separate abstraction permits, in terms of the provisions of section 62 (6) (b) (i) of the said Act, to the owners of such subdivisions will be considered only upon receipt of a deed of sale or written agreement clearly specifying in what proportion the permit allocation, if any, must be divided among such subdivisions.

4. Attention is invited to the provisions of section 62 (2) (a) (ii) of the Act, in terms of which no person may construct, alter or enlarge a water work in the Area without a permit. Application forms in this connection are also obtainable from the above-mentioned Circle Engineer and must be returned to him upon completion.

5. No stored water of the Kalkfontein Dam will be released specially for the irrigation of land referred to in this Notice.

6. Attention is also drawn to section 62 (7) of the Act, in which it is provided that any person who abstracts, impounds or stores public water in contravention of any provision of section 62 thereof, or of a permit issued under subsection (1) or (2), or who constructs, alters or enlarges a water work without a permit issued under subsection (2), or other than in accordance with the conditions specified in such permit, shall be guilty of an offence and liable on conviction to the penalties prescribed by section 170 (1) of the Act.

A. J. RAUBENHEIMER, Minister of Water Affairs, Forestry and Environmental Conservation.

(2) (a) van die Waterwet, 1956 (Wet 54 van 1956), dat die maksimum omvang van grond op enige stuk grond binne die gebied wat strek vanaf die Kalkfontein-dam stroom af langs die Rietrivier tot by sy samevloeiing met die Modderivier en wat binne die Rietrivier-staatswaterbeheergebied geleë is, soos geproklameer by Proklamasies 182 van 1935, 194 van 1937, 213 van 1943, 337 van 1947 en 66 van 1953, wat regstreeks met openbare water besproei kan word, die oppervlakte is wat binne 12 maande vanaf 13 Julie 1955 voordelig en wettig met openbare water besproei was, uitgesonder water wat uit die Staatskanaalstelsel verskaf is.

(b) Voorts bepaal ek kragtens artikel 62 (2) (b) van die Wet dat die maksimum hoeveelheid openbare water, indien beskikbaar, wat uit die Rietrivier geneem en vir landboudoeleindes gebruik mag word, 9 100 kubieke meter per hektaar per jaar is, wat voldoende is vir 'n toediening van 910 millimeter per jaar.

2. Permitte om grondeienaars in staat te stel om water ingevolge hierdie Kennisgewing te gebruik, sal slegs op skriftelike aansoek uitgereik word. Die nodige aansoekvorms is van die Seksie-ingenieur, Bo-Oranjerivierseksie, Posbus 528, Bloemfontein, 9300, verkrygbaar en moet, nadat dit ingevul is, aan hom teruggestuur word.

3. Permitte sal slegs uitgereik word ten opsigte van oewereienomme soos geregistreer op 13 Julie 1956. As sodanige eiendomme sedertdien onderverdeel en gedeeltes daarvan verkoop is, sal die betrokke eienaars tot 'n ooreenkoms moet geraak oor die verdeling van die permittoekenning, indien daar een is, en sal die uitreiking van afsonderlike onttrekkingspermitte kragtens die bepalings van artikel 62 (6) (b) (i) van gemelde Wet aan die eienaars van sodanige onderverdelings oorweeg word slegs na ontvangs van 'n koopkontrak of skriftelike ooreenkoms waarin duidelik gespesifiseer word in watter verhouding die permittoekenning, indien daar een is, tussen die betrokke onderverdelings verdeel moet word.

4. Die aandag word gevestig op die bepalings van artikel 62 (2) (a) (ii) van die Wet, ingevolge waarvan niemand sonder 'n permit 'n waterwerk in die Gebied mag bou, verander of vergroot nie. Aansoekvorms in dié verband is ook verkrygbaar van bogenoemde Seksie-ingenieur en moet, nadat dit ingevul is, aan hom teruggestuur word.

5. Geen opgegaarde water van die Kalkfontein-dam sal spesiaal vir die besproeiing van grond in hierdie Kennisgewing bedoel, losgelaat word nie.

6. Die aandag word ook gevestig op artikel 62 (7) van die Wet, waarin bepaal word dat iemand wat in stryd met 'n bepaling van artikel 62 daarvan of van 'n ingevolge subartikel (1) of (2) uitgereikte permit openbare water uitneem, opdam of opgaar of 'n waterwerk sonder 'n ingevolge subartikel (2) uitgereikte permit of anders as ooreenkomstig die voorwaardes uiteengesit in so 'n permit, bou, verander of vergroot, aan 'n misdryf skuldig is en by skuldigbevinding strafbaar is met die strawwe in artikel 170 (1) van die Wet voorgeskryf.

Explanatory notes

The Consumer Price Indexes do not permit of inter-urban comparisons of price levels or living costs. They do not indicate whether it is more expensive to live in one city than in another. They indicate for each urban area, independently, the price changes which have taken place from time to time.

With effect from July 1979 the Consumer Price Index with April 1970 as base has been replaced by a Consumer Price Index with the average for 1975 as base. For purpose of wage and other agreements the new index has been linked to the old index in order to obtain a continuous series with April 1970 as base. This index will be published for a limited period to afford users of the index the opportunity to amend agreements which refer to the index on the base April 1970=100.

(2 May 1980)

Verduidelikende opmerkings

Die Verbruikersprysindekse laat nie tussenstedelike vergelyking van pryspeile of lewenskoste toe nie. Die indekse toon nie of dit duurder is om in een stad as in 'n ander te woon nie. Die indekse toon vir elke stedelike gebied onafhanklik, prysveranderings wat van tyd tot tyd plaasgevind het.

Met ingang van Julie 1979 is die Verbruikersprysindeks met basis April 1970=100 vervang deur 'n Verbruikersprysindeks met die gemiddelde vir 1975 as basis. Vir die doel van loon- en ander ooreenkomste is die nuwe indeks aan die ou indeks geskakel ten einde 'n aaneenlopende reeks te verkry met April 1970=100 as basis. Hierdie indeks sal vir 'n beperkte tydperk gepubliseer word om gebruikers van die indeks die geleentheid te bied om ooreenkomste wat op die indeks met basis April 1970=100 betrekking het, te wysig.

THE NEDBANK GROUP • Interim report and dividend announcement for the six months ended 31/3/80:

Interim report.—The unaudited net operating income after tax and after transfers to internal reserves attributable to shareholders of the Nedbank Group Ltd for the six months ended 31/3/80 amounted to R27 350m which represents an increase of 34,6 per cent on the same period last year.

Earnings per share for the period under review increased from 23,4 c to 31 c.

General.—The six months to the end of March 1980 saw a sharp upsurge in the pace of the South African economy—a welcome development after 21 months of uncertain recovery. The acceleration followed an increase in real personal disposable income which, in turn, led to a higher level of real consumer spending (particularly on durable and semi-durable goods). Despite the bigger spending, personal savings rose substantially as did the savings of the government and corporate sectors. With the balance of payments in substantial surplus mainly as a result of an increase in export earnings, with gold in particular) the liquidity of the banking system grew rapidly. Domestic interest rates dropped to even lower levels.

The stimulatory but conservative budget of March 1980 will ensure that the economy will stay on the new and higher growth trend it achieved during the first half of the company's financial year.

The accelerated pace of the economy and the competitive climate have had a stimulating effect on the group and despite increased operating costs, profits have increased by 35 per cent (22 per cent) in comparison to the corresponding previous half-year.

The prevailing business confidence in South Africa and the improved economy should make for a sustained growth in the group, for which the group is geared.

By Order of the Board.—Dr F. J. Cronjé, *Chairman*; Mr. G. S. Muller, *Chief Executive and Senior Deputy Chairman*; D. A. Peterson, *Secretary*.

GOVERNMENT NOTICE

DEPARTMENT OF FOREIGN AFFAIRS AND INFORMATION

No. 909

2 May 1980

Excellency:

I have the honour to acknowledge the receipt of Your Excellency's Note of today's date which reads as follows:

"Cape Town, March 12, 1980

Excellency:

I have the honour to refer to the discussions between representatives of the Government of the Republic of China and the Government of the Republic of South Africa on the mutuality of scientific and technological assets and needs and wish to propose the following general provisions for scientific and technological cooperation between our two governments:

1. The aim of the cooperation will be to increase the contacts and cooperation between scientists, engineers, technologists, institutions of research and higher learning, and technology-oriented industries of the two countries, and to provide them with more frequent opportunities to exchange information, ideas, skills and techniques, to deal with problems of common interest and to utilize special facilities available in both countries.

2. The scope of the cooperation will cover all recognized branches of science and technology, excluding social sciences, and will include to the extent the parties agree thereon: cooperation between institutions; exchange of information; exchange of scientists, engineers and technologists; pursuit of joint research and development projects; consultations; and discussion and planning of cooperative activity between the scientists, engineers and technologists of each party.

3. Each government shall designate an executive agency, whose responsibility will be the coordination of the implementation of its side of the joint programmes under this agreement, and in appropriate cases the encouragement of the participating scientists, engineers, technologists, agencies or institutions of other countries in particular joint programmes. For the Government of the Republic of China, this agency will be the National Science Council (NSC), and for the Government of the Republic of South Africa, this agency will be the Council for Scientific and Industrial Research (CSIR), within the areas normally covered by the function of the CSIR. These two agencies will work in close consultation for the planning, reviewing and implementation of joint programmes. This will be effected by periodic meetings as may be agreed upon between the two executive agencies, which are encouraged to work out detailed agreements and arrangements for all appropriate modes of cooperation.

4. The executive agency shall facilitate the entry and exit of persons and equipment of the other country

GOEWERMENSKENNISGEWING

DEPARTEMENT VAN BUITELANDSE SAKE EN INLIGTING

involved in any joint programme. Equipment normally shall be admitted free of customs charges.

5. Scientific and technical information derived from cooperative activity under this agreement shall be made available to the world's scientific community through customary channels and in accordance with normal scientific procedures. Where particular scientific or technical results derived from a joint programme under this agreement may be subject to patent protection, each party shall hold these rights in its own country and may make appropriate licences available in accordance with its own laws and procedures. Either party may seek rights in third countries upon notification to the other party. The notification shall include an offer to enter into separate written understandings regarding the sharing of third country rights and costs.

6. Each government shall normally bear the costs incurred in the discharging of its respective responsibilities under the joint programmes, including the costs of its participating scientists, engineers and technologists; in exceptional cases the costs of a particular joint programme shall be borne according to special arrangements mutually agreed upon. The obligations of the two governments under any joint programme shall be subject to the availability of funds.

7. This note and Your Excellency's reply confirming the above proposal on behalf of the Government of the Republic of South Africa will constitute an agreement between our two governments. This agreement shall enter into force on today's date and remain in force until, after a period of five years, written notice of termination shall have been served by either Government to the Other no less than six months prior to the intended date of termination. The termination of the agreement shall not affect the validity of any arrangements already made.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration."

In reply, I have the honour to accept, on behalf of the Government of the Republic of South Africa, the proposal of the Government of the Republic of China embodied in Your Excellency's Note as quoted above and to confirm that the said Note and this reply shall constitute an Agreement between our two Governments which shall enter into force on today's date.

Please accept, Your Excellency, the assurance of my highest consideration.

R. F. BOTHA, Minister of Foreign Affairs and Information of the Republic of South Africa.

His Excellency HSI-KUN YANG, Ambassador Extraordinary and Plenipotentiary of the Republic of China.

Cape Town, 12 March 1980.
