He has the controlling interest and is the main beneficiary in the undertaking. Primarily the undertaking is for self-enrichment, but in the same vein to develop the society at large. I think the move to apply for the licence is a correct one in the direction the Government wants things to be done. I think it will again encourage other people in the same business to do likewise. The safety of patrons should be guaranteed. If the application is successful, it will be the first of its kind in this place and hopefully an indicator for other traders in liquor to follow suit.
