In 1991 promoted to Regional Director for Natal. Introduced several new and innovative rabies control strategies, videos and awareness programmes earning the Director General's award for service excellence. In 1995 promoted to Director of Veterinary Services in Mpumalanga, tasked to develop a veterinary component in a province without infrastructure, administrative backup and limited expertise. Served in various capacities as committee member and chairman in several SAVA groups and branches. Elected to Federal Council in 1994 and continues to serve as chairman of the Legislative Subcommittee. In 1995 elected president of the Association of Animal Health Technicians. I envisage the development of integrated veterinary care teams incorporating animal health technicians, veterinary nurses and para-professionals all led and directed by veterinarians. I would like to see improved working relationships between veterinary surgeons and suitably accredited para-professionals and would work enthusiastically to represent the ordinary members, particularly public service members, having an understanding of their practical concerns, professional problems and frustrations. COUNCIL NOTICE OF 2 FEBRUARY 2001

7. DR R D SYKES

It is my wish to serve on Council to promote the regulation of Veterinarians and Par-Veterinarians in such a way as to enhance their status and – to ensure that they receive proper recognition by the public, clients, farmer, industry and the state. This can be achieved by ensuring that the standards of education, ethics, practice and knowledge are maintained at the highest possible level comparable to international standards. Continuing Education must be encouraged but it should be attainable, appropriate and affordable. In particular it is important to ensure that Veterinarians and Para-Veterinarians are recognised and competent to practise their profession and to use and dispense medicines without interference. It is also objective through knowledge of and contacts with associated professions to promote harmonisation of these relationships. I also believe that Council should play a significant role in promoting international harmonisation of standards for practice, research, and disease control and service delivery.

I have served on the committee of the KZN Clinicians Group (treasurer 1989 – 1993 and chairman 1993 – 1994) as well as the KZN SAVA since 1989 holding various portfolios from sports and social, vice chairman and currently complaints. I have managed our after hours clinic in Durban since 1990. I believe I have enough experience to fairly represent the interests of all the private practitioners in this county in all matters pertaining to council, as well as to promote the professional image of veterinarians in the eyes of the public wherever and whenever possible.
