Government Notice

427 Division of Revenue Act, 2001 (1/2001): Information on the frameworks for allocations to provinces which is set out in Schedule A.....

22301

#### GOVERNMENT NOTICE

#### NATIONAL TREASURY

No. 427

15 May 2001

In accordance with section 8(1) of the Division of Revenue Act, 2001 (Act No 1 of 2001) ("the Act"), notice is hereby given of the information on the frameworks for allocations to provinces which is set out in Schedule A.

Notice is further hereby given, in terms of section 29(2)(b) of the Act, that the National Treasury has, in terms of section 29(1) of the Act, exempted the Director-General: Department of Arts, Culture, Science and Technology from full compliance with the requirements of section 8(1) of the Act in respect of the poverty alleviation grant .

#### Schedule A

#### FRAMEWORKS FOR GRANTS TO PROVINCES

#### INTRODUCTION

Section 214 of the Constitution requires that every year an Act of Parliament (Division of Revenue Act) determine the equitable division of resources between the three spheres of government, and the horizontal division among provinces. The Intergovernmental Fiscal Relations Act, 1997 (Act No 97 of 1997) requires that the Division of Revenue Bill be accompanied by an explanatory memorandum detailing any assumptions and formulae used in determining the respective shares among the three spheres, and the division between provinces. Annexure E in the Budget Review fulfils these requirements. For the first time in the current year, the Budget Revenue included Appendix E1, which provides detailed information on the underlying framework for each grant. Information submitted by departments for the Budget Review did not provide all the required details for most grants.

In terms of Section 8(1) of the Division of Revenue Act (No. 1 of 2001) departments are required to submit complete information on each grant by 30 April 2001 for publication in the government gazette by 15 May 200. Section 9(2c) of the Division of Revenue Act (DoR Act) provides for the gazetting for any allocations on department's budgets, which could not be included in the schedules of the Act to be submitted for inclusion in the Section 8(1) gazette. The information required for each grant includes the following:

- · Purpose and measurable objectives of the grant
- Conditions of the grant (additional to what is required in the Bill)
- Criteria for allocation between provinces or municipalities
- Rationale for funding through a conditional grant
- Monitoring mechanisms
- Past performance
- The projected life of the grant
- The payment schedule
- Capacity and preparedness of the transferring department

The Divisions of Revenue Act requires reporting on transfers and spending of conditional grants in line with section 40(4) of Public Finance Management Act (PFMA). The monitoring mechanisms required in terms of the required information outlines reporting on grants undertaken by departments in addition to DoR Act requirements. These mechanisms focus mostly in monitoring and reporting systems on output performance measures.

In order to fully comply with the requirements of the 2001 DoR Act, the following presents detailed information on each grant including those transfers (direct or indirect) which were not included in the Act.

#### **PROVINCIAL GRANTS**

#### **Health grants**

Table 1 Summary of health grants

|                                     | 2000/01   | 2001/02               | 2002/03   | 2003/04   |
|-------------------------------------|-----------|-----------------------|-----------|-----------|

| Total                               | 5 734 230 | 5 957 481             | 6 070 862 | 6 343 372 |

| V  | Central Hospital Grant  |  |  |  |  |
|--|---|--|--|--|--|
| Transferring department                                  | Health (Vote 15)  |  |  |  |  |
| Purpose  | To fund the recurrent costs of super-specialist services (i.e academic tertiary and quaternary services) in order to ensure equitable access by all South Africans (irrespective of province of residence) and to ensure collective planning for delivery of these services.  |  |  |  |  |
| Measurable outputs                                       | <ul> <li>Timely compliance with submission requirements in terms of conditions stated below</li> <li>Number of patients who received treatment by type of tertiary and quaternary services from each hospital and province of origin of patients.</li> </ul>  |  |  |  |  |
| Conditions   | <ul> <li>Submission by 15 June 2001 as part of normal budget submissions, for each beneficiary hospital, the strategic plan for 2002 MTEF, together with the 2001/02 budget, and the proposed budget for the 2002 MTEF</li> <li>The strategic plan must indicate the extent to which the province complies with the nationally-agreed hospital restructuring and redistribution plan, and by when the hospital will appoint a CEO who shall be the full accounting officer of that hospital</li> <li>Central hospitals to put in place mechanisms to ensure that only referred patients or emergency patients are treated by the hospitals</li> <li>Non-discrimination in admissions or tariff policies between residents and non-residents referred to the central hospitals by health personnel</li> <li>Submission of service delivery information to facilitate transparency and effective monitoring.</li> </ul> |  |  |  |  |
| Allocation Criteria                                      | <ul> <li>The grant initially (1998/99) covered 75 per cent of actual expenditure in the following central hospitals:         <ul> <li>Free State: Universitas</li> <li>Gauteng: Chris Hani/Baragwanath, Johannesburg, Pretoria Academic, Garankuwa</li> <li>KwaZulu-Natal: King Edward, Wentworth</li> <li>Western Cape: Groote Schuur, Tygerberg, Red Cross</li> </ul> </li> <li>Since then, the grant has been adjusted for inflation and proportions remained constant except for the introduction of funding in 2000/01 of the Grahamstown High Security Psychiatry Facility in the Eastern Cape. Current shares are as follows: Eastern Cape - 0,4 per cent; Free State - 7,6 per cent; Gauteng - 48,0 per cent; KwaZulu-Natal - 12,9 per cent; and Western Cape - 30,9 per cent.</li> </ul>   |  |  |  |  |
| Reason not incorporated in equitable share               | Specialist health services that are being funded through this grant are considered functions that have been allocated to the provinces, which have provided them historically. Since these services also benefit other provinces, and because of the spill-over costs, they cannot be funded through the equitable share formula. This conditional grant amounts to a contribution to the costs of providing these services.  |  |  |  |  |
| Monitoring mechanisms                                    | <ul> <li>Separate financial reporting on this grant is not required, but post-financial year information on central hospital expenditure, service delivery and compliance with national planning guidelines should be submitted to the national Department of Health by 31 May 2002</li> <li>The national department reports monthly on transfers, not expenditure on this grant.</li> </ul>  |  |  |  |  |
| Past performance   | Funds have been flowing to provinces according to payment schedules. There has been no under-spending by provinces as the grant provides general funding for the hospitals and actual expenditure exceeds the allocation.   |  |  |  |  |
| Projected life   | The need to compensate provinces with central hospitals will continue indefinitely but the basis of such compensation is currently being reviewed which will lead to the redesign of the framework.   |  |  |  |  |
| Payment schedule   | Equal monthly instalments - normally on 10 <sup>th</sup> working day of the month.  |  |  |  |  |
| Capacity and preparedness of the transferring department | The grant funds ongoing activities so the capacity to spend is in place. The department has designated an official to monitor the grant. There is a need to improve information on actual service delivery and costs to facilitate monitoring and planning.   |  |  |  |  |

**Table 2 Central Hospitals Grants per Province** 

|               | 2000/01   | 2001/02               | 2002/03   | 2003/04   |  |
|---------------|-----------|-----------------------|-----------|-----------|--|
| R thousand    | Budget    | Medium Term Estimates |           |           |  |
| Eastern Cape  | 13 000    | 13 201                | 14 287    | 15 336    |  |
| Free State    | 237 000   | 249 813               | 261 254   | 274 009   |  |
| Gauteng       | 1 493 000 | 1 568 945             | 1 639 983 | 1 717 667 |  |
| KwaZulu-Natal | 407 000   | 427 525               | 446 990   | 468 269   |  |
| Western Cape  | 962 000   | 1 011 436             | 1 056 243 | 1 104 215 |  |
| Total         | 3 112 000 | 3 270 920             | 3 418 757 | 3 579 496 |  |

|  | Professional Training and Research Grant   |
|--|--|
| Transferring department                                  | Health (Vote 15)   |
| Purpose  | <ul> <li>Support the training of health professionals and research</li> <li>Compensate provinces for the additional service costs associated with having undergraduate and post-graduate students training in the province's health facilities</li> <li>Support the shifting of under-graduate teaching from central hospitals to provincial, regional and district facilities.</li> </ul>   |
| Measurable outputs                                       | <ul> <li>Timely compliance with submission requirements in terms of conditions stated below</li> <li>Number and composition (type of speciality, race) of health science students by province and institution</li> <li>Research outputs by type and institution.</li> </ul>  |
| Conditions   | <ul> <li>Submission by 15 June 2001 as part of normal budget submissions, for each beneficiary hospital, of the strategic plan for 2002 MTEF, together with the 2001/02 budget, and the proposed budget for the 2002 MTEF. The budget inputs should indicate spending on training by category (doctors, nurses, others)</li> <li>Strategic plans should be in line with national policy and guidelines for health professional training and research and academic hospital services, should also indicate by when the hospital will appoint a CEO who shall be the full accounting officer for that hospital</li> <li>Submission of service delivery information to facilitate transparency and effective monitoring.</li> </ul> |
| Allocation criteria                                      | <ul> <li>Ten per cent of the total grant value is divided equally between the four provinces without a medical school and to the Eastern Cape</li> <li>The distribution of the rest of the grant between the four provinces with medical campuses is based on proportion originally determined by the distribution of undergraduate medical students' professionals between the training institutions in 1998/99.</li> </ul>   |
| Reason not incorporated in equitable share               | The grant mostly compensates those provinces, which undertake the bulk of training on behalf of the country as a whole.  |
| Monitoring mechanisms                                    | <ul> <li>Annual audit of the intake of health professional students being trained in all institutions across all provinces</li> <li>Post financial year reporting by province on the research activities being undertaken within academic health complexes</li> <li>Post financial year reporting by provinces on the number of teaching sites (i.e. health facilities used per province and the number of personnel trained) a and the flow of students to health facilities per province</li> <li>The national department reports monthly on transfers, not expenditure.</li> </ul>  |
| Past performance   | Funds have been flowing to provinces according to the payment schedules as these funds form part of general funding within the hospital budget.  |
| Projected life   | The need to compensate provinces undertaking the bulk of training will continue indefinitely but the basis of such compensation is currently being reviewed which will lead to the redesign of the framework.  |
| Payment schedule   | Equal monthly instalments normally on 10th working day.  |
| Capacity and preparedness of the transferring department | The grant funds ongoing activities, so the capacity to spend is in place. The department has designated an official to monitor the grant. There is a need to improve information on actual service delivery and costs to facilitate monitoring and planning.   |

| Northern Province | 23 000    | 24 377    | 25 528    | 26 582    |
| North West        | 23 000    | 24 377    | 25 528    | 26 582    |
| Western Cape      | 293 000   | 308 776   | 322 674   | 337 384   |
| Total             | 1 174 000 | 1 234 090 | 1 290 694 | 1 350 560 |

| - (2000 - 2000) 27 WYMAII                                      | Hospital Rehabilitation Grant  |  |  |  |  |
|--|--|--|--|--|--|
| Transferring department  | Health (Vote 15)   |  |  |  |  |
| Purpose  | To rehabilitate and maintain physical facilities in line with the national planning framework  |  |  |  |  |
| Measurable outputs   | Number of hospital facilities upgraded and rehabilitated.  |  |  |  |  |
| Conditions   | <ul> <li>Submission of hospital revitalisation proposals by July 2001 for 2002 MTEF which are in line with short and medium term priorities, the development of a strategic position statement, leading to a full provincial strategic health services plan</li> <li>Compliance with national planning framework and reporting requirements for 2001.</li> </ul> |  |  |  |  |
| Allocation criteria  | The results of the CSIR 1995 hospital audit provided a basis for determining a backlog index, which is used as the basis for equitable division of funds between provinces. The capacity of the province to spend the funds also plays a role.   |  |  |  |  |
| Reason not incorporated in equitable share                     | In order to fund a key national priority, namely the transformation of the hospital sector.  |  |  |  |  |
| Monitoring mechanisms  | Monthly reporting on project implementation progress and financial flows to the national Department of Health.   |  |  |  |  |
| Past performance   | <ul> <li>Under spending of the grant have occurred over the years mainly due to inflexibility of the present grant<br/>structure and poor provincial cash flow projection.</li> </ul>  |  |  |  |  |
|  | <ul> <li>To-date the grant has been used mainly for rehabilitation and backlog maintenance of existing facilities rather<br/>than to support the restructuring of health facilities.</li> </ul>  |  |  |  |  |
| Projected life   | This capital programme is expected to take at least 10 years to implement.   |  |  |  |  |
| Payment schedule   | Four instalments - 18 April, 18 July, and 17 October, 2001, 16 January 2001  |  |  |  |  |
| Capacity and preparedness<br>of the transferring<br>department | The department is supported by European Union (through resident consultants) and engages the services of the private sector to monitor progress in the implementation of the projects, and to provide necessary support to provinces.  |  |  |  |  |

Table 4 Hospital Rehabilitation Programme per province

|                   | 2000/01 | 2001/02 | 2002/03               | 2003/04 |  |

| Western Cape      | 26 000  | 29 000  | 30 000                | 31 350  |  |
| Total             | 400 000 | 500 000 | 520 000               | 543 400 |  |

|  | Redistribution of Specialised Health Services  |  |  |  |  |  |
|--|--|--|--|--|--|--|
| Transferring department                                  | Health (Vote 15)   |  |  |  |  |  |
| Purpose  | The purpose of this grant is to fund redistribution of specialised services to provinces that are not currently providing these services and to reduce referrals to central hospitals. This will improve access to tertiary care facilities.   |  |  |  |  |  |
| Measurable outputs                                       | <ul> <li>Facilities and specialised services developed in a province</li> <li>Number of patients treated in built-up facilities</li> <li>Reduction of referrals to central hospitals in other provinces.</li> </ul>  |  |  |  |  |  |
| Conditions   | <ul> <li>Submission by 15 June 2001 as part of normal budget submissions, for each beneficiary hospital, the strategic plan for 2002 MTEF, together with the 2001/02 budget, and the proposed budget for the 2002 MTEF</li> <li>The strategic plan must indicate the extent to which the province intends to extend specialised health services including specific projects are included.</li> </ul> |  |  |  |  |  |
|  | <ul> <li>including specific projects, service delivery plans and expenditure estimates</li> <li>The projects must demonstrate that the goals will be met. Particular emphasis must be on the reduction of the number of people referred to the hospitals in other provinces</li> <li>Provinces must indicate how the recurrent costs associated with the new services will be funded.</li> </ul>     |  |  |  |  |  |
| Allocation criteria                                      | Allocations are based on the following:     The need for the services and costs of establishment and operation     The populations of the five participating provinces.  |  |  |  |  |  |
| Reason not incorporated in equitable share               | This grant is part of the national strategy to transform and restructure health facilities in order to improve access and equity in their distribution; a conditional grant enables the national department to provide for a coherent framework and oversight in the implementation.   |  |  |  |  |  |
| Monitoring mechanisms                                    | Monitoring will involve visiting provinces and project sites and receiving reports on the number of referrals.   |  |  |  |  |  |
| Past performance   | There has been under-spending on this grant in the past two years. This was mainly due to lack of clarity on the funding of the operation costs for the newly established services. As a result, provinces can now use part of the grant to cover the operational costs of the newly established services.   |  |  |  |  |  |
| Projected life   | To be determined by the results of the reviews and restructuring plans for the health sector.  |  |  |  |  |  |
| Payment schedule   | Four instalments - 18 April, 18 July; and 17 October 2001, 17 January, 2002  |  |  |  |  |  |
| Capacity and preparedness of the transferring department | The department has developed capacity to monitor the grant; this capacity will be constantly reviewed in order to address increasing requirements of monitoring should it be necessary.  |  |  |  |  |  |

|--|--|--|--|--|--|
| Transferring department                                  | Health (Vote 15)   |  |  |  |  |
| Purpose  | To contribute toward the funding of new construction for Pretoria Academic in Gauteng, and Nkosi Albert Luthuli in KwaZulu-Natal.  |  |  |  |  |
| Measurable outputs                                       | Completion of construction of the two hospitals.   |  |  |  |  |
| Conditions   | The provincial departments of health of the provinces in which these hospitals are located will accept full responsibility to fund future operational costs of the hospitals, and to reflect this in their budgets                     |  |  |  |  |
| Allocation criteria                                      | Grant targeted to specific provinces:  Nkosi Albert Luthuli allocation is R103 million in 2001/02  Pretoria Academic allocation is R50 million; R70 million; and R90 million over the three MTEF years.                                |  |  |  |  |
| Reason not incorporated in equitable share               | These are designated central and academic hospitals, which will deliver mostly tertiary and quaternary services to benefit all provinces.  |  |  |  |  |
| Monitoring mechanisms                                    | Status reports are received regularly and the construction site is visited every 2-3 months for progress assessment.  When the commissioning stage has started the frequency of reports and site visits will increase to once a month. |  |  |  |  |
| Past performance   | Conditional grants have been allocated for the construction of the Nkosi Albert Luthuli Academic hospital in KZN (Durban Academic) and Nelson Mandela Academic (Umtata) hospital in the Eastern Cape in the past three years.          |  |  |  |  |
| Projected life   | Nkosi Albert Luthuli hospital grant phases out in 2002/03     Funding for Pretoria Academic phases out in 2003/04.   |  |  |  |  |
| Payment schedule   | Four instalments - 18 April and July; 17 October and January 2002  |  |  |  |  |
| Capacity and preparedness of the transferring department | The department is adequately prepared to manage the implementation of this programme   |  |  |  |  |

|  | Integrated Nutrition Programme  |  |  |  |  |
|--|---|--|--|--|--|
| Transferring department                                  | Health (Vote 15)  |  |  |  |  |
| Purpose  | In general, to improve the nutritional status of South Africans; specifically to enhance active learning capacity and improve school attendance of primary school learners from poor households.  Increase in the coverage of primary schools that qualify for the feeding programme Increase in the coverage of planned school feeding days from 85 percent to 100 percent Reduction in underweight, stunting and wasting among children under 5 years Regular growth maintaining and promotion of children under 2 years old Illimination of micro-nutrient deficiencies. |  |  |  |  |
| Measurable outputs                                       |   |  |  |  |  |
| Conditions   | Feeding in all poor primary schools should be the priority of this grant  |  |  |  |  |
| Allocation criteria                                      | 1991-population census (6 -14 years) and the poverty gap data were used as poverty index to determine the allocations between provinces.  |  |  |  |  |
| Reason not incorporated in equitable share               | This programme started, as Presidential Lead Project under the RDP. The RDP allocations became a conditional grant in order to ensure continued funding of this grant. Given the current concerns with the effectiveness of the programme, this funding mechanism is being reviewed.  |  |  |  |  |
| Monitoring mechanisms                                    | <ul> <li>Provinces must report annually to the national Department of Health the number of schools (per district) that qualify for the feeding programme, and the number of schools that are actually being reached by the feeding programme.</li> <li>Progress reports covering scope of funding</li> <li>Monitoring visits</li> </ul>   |  |  |  |  |
| Past performance   | There has been significant under-spending of this grant since 1998/99. In the current year, spending has improved, with provinces estimating R11 million possible roll overs.   |  |  |  |  |
| Projected life   | The allocation to this grant is kept constant over the 2001 MTEF pending the outcome of the review, which will determine the future of this programme. Options are being considered for this grant, which include the mechanism to phase it into the equitable share but still ensuring that provinces continue to deliver the services.  |  |  |  |  |
| Payment schedule   | Four instalments – 18 April, 18 July, and 17 October 2001, 17 January, 2002   |  |  |  |  |
| Capacity and preparedness of the transferring department | The department has a dedicated directorate for the administration of the INP.   |  |  |  |  |

|  | HIV/AIDS Grant – Health Department   |
|--|--|
| Transferring department                                  | Health (Vote 15)   |
| Purpose  | To enable the social sector to develop an effective integrated response to the HIV/Aids epidemic, focusing on children infected and affected by HIV/AIDS. The responsibility for health include:  Expanding access to voluntary HIV counselling and testing (VCT)  Mobilisation of communities in order to promote counselling and testing.                            |
| Measurable outputs                                       | <ul> <li>Increase access to voluntary counselling and testing to 12,5 percent of adult population aged between 15-49 years within three years, with specific targets for the youth and rural communities</li> <li>Number of teachers trained as lay counsellors</li> <li>Number of health districts which have voluntary counselling and testing facilities</li> </ul> |
| Conditions   | <ul> <li>Business plans in line with the National Integrated Plan must be developed for approval by the head of provincial and national Health Department by 29 June 2001</li> <li>Quarterly progress reports to be submitted</li> </ul>   |
| Allocation criteria                                      | Based on the national survey conducted in 1999 on the status and availability of voluntary counselling and testing in all provinces which also informed the decision to prioritise Eastern Cape, KZN, Northern Province and North West provinces.  |
| Reason not incorporated in equitable share               | Special allocation for HIV/AIDS made.  |
| Monitoring mechanisms                                    | <ul> <li>System for quarterly reporting on progress is in place</li> <li>Provincial liaison and technical support visits by members of the national Department of Health</li> <li>Regular meetings by the National Steering Committee.</li> </ul>  |
| Past performance   | This grant was introduced in 2000/01, and it was under-spent due to delays in the establishment of processes and capacity at both provincial and national level, resulting mainly from delays in finalisation of the allocation of funds. It is expected that spending will occur as planned in the current year.  |
| Projected life   | For duration of the allocation.  |
| Payment schedule   | Three instalments – 18 April, 15 August and 12 December 2001   |
| Capacity and preparedness of the transferring department | The structures for planning, co-ordinating and monitoring the implementation of the programme are in place. The department is in the process of appointing additional staff, mainly co-ordinators at provincial and national level.  |

#### **Education Grants**

| 1  | Financial Management and Quality Enhancement (ECD)   |
|--|--|
| Transferring department  | Education (Vote 14)  |
| Purpose  | To improve financial management in the education system and improve the quality of education in schools.   |
| Measurable outputs   | <ul> <li>Improved school effectiveness by prioritising district and school management development, teacher development, classroom effectiveness and whole school evaluation by targeting the identified areas for rural development and urban renewal</li> <li>Improved school safety by targeting crime, drugs, vandalism, school initiation, racism and absenteeism</li> <li>Matric improvement by targeting schools that obtained a pass rate of 0 – 30% in the 2000 matriculation examination and improved administration of the Senior Certificate Examination</li> <li>Improved systems for learner support material procurement, supply and retrieval</li> <li>Improved systems and processes, including financial systems, procurement procedures and personnel practices Increased participation in and the effective teaching of mathematics, science and technology.</li> </ul> |
| Conditions   | <ul> <li>Provincial business plans with the focus on the above and other agreed upon outputs must be approved by the Accounting Officer of the national Department of Education by 31 May 2001</li> <li>The outputs as outlined in the approved business plans must be achieved</li> <li>The conditional grant cannot be used to cover recurrent costs such as rates and taxes, salaries and to erect buildings.</li> </ul>  |
| Allocation criteria  | Education component of the provincial equitable share formula.   |
| Reason not incorporated in equitable share                     | Enables the Department of Education to play an oversight role over the implementation of national education priorities for improvement in management and outputs of the education system.  |
| Monitoring mechanisms  | The Department of Education has scheduled inter-provincial meetings to be held once every two months to discuss progress on projects under this programme Performance monitoring and evaluation will be conducted by the national department.  |
| Past performance   | This conditional grant was introduced in the 1998/99 financial year. Although under-spending has occurred in the past three financial years, substantial progress has been made in specific areas such as education development management at both national and provincial levels, district development, improvement of matric results and the implementation of Curriculum 2005.  |
| Projected life   | The allocation of this grant is still envisaged to continue for at least the next MTEF years [2002/3 until 2004/05].   |
| Payment schedule   | Four installments 4 June, 2 July, and 1 October 2001 and 2 January 2002  |
| Capacity and<br>preparedness of the<br>transferring department | The overall co-ordination of the programme is the responsibility of the Policy Support Directorate in the Department of Education. The Budget Review and Advisory Committee of the Department of Education, chaired by the Deputy Director-General: Planning and Monitoring, is overseeing the management of the grant.  |

| - C. C.  | Early Childhood Development Grant (ECD)  |  |  |  |
|--|--|--|--|--|
| Transferring department                                  | Education (Vote 14)  |  |  |  |
| Purpose  | To provide children eligible for the Reception Year with access to a quality education and care programme, particularly the poorest children in our society.   |  |  |  |
| Measurable outputs                                       | Number of licensed Grade R practitioners     Number of registered community based ECD sites     Number of learners able to continue their learning in the Foundation Phase     Number of accredited training providers for ECD practitioners     National Certificate for ECD practitioners     Basic educational kit of learning materials for each learning site.  |  |  |  |
| Conditions   | <ul> <li>Provincial business plans with the focus on the above outputs must be approved by the Accounting Officer of the national Department of Education by 31 May 2001</li> <li>The outcomes as outlined in the approved business plans must be achieved.</li> </ul>   |  |  |  |
| Allocation criteria                                      | Education component of the equitable share formula is used to allocate amongst provinces.  |  |  |  |
| Reason not incorporated in equitable share               | Enables the Department of Education to provide overall direction such that congruency, coherence, and alignment with the agreed upon National ECD Strategy and the National Framework Plan for ECD is ensured, and also enables the Department of Education to play an oversight role over the implementation of the pilot ECD programme in Primary Schools and selected community based sites in the provinces.   |  |  |  |
| Monitoring mechanisms                                    | <ul> <li>Quarterly review</li> <li>The Department of Education in collaboration with the responsible provincial officials will conduct these reviews. The reviews will be targeted at projects in which expenditure levels are lower or significantly higher than the projected figures in the business plans following an analysis of monthly cash flow statements on the projects. This exercise is intended to deal with difficulties in the implementation of projects by providing the necessary support in good time.</li> </ul> |  |  |  |
| ı .  | Mid-year review     This is a substantive review exercise intended for all national and provincial projects under this programme. It will focus on the financial and programmatic issues on all projects with the view to assessing the impact and identifying key systemic problems that need to be confronted in the education system. There will be broad consultations between the national and provincial officials to finalise details on this matter.   |  |  |  |
| Past performance   | New grant.   |  |  |  |
| Projected life   | The programme is a three year-programme and it is planned to run until 2003/04.  |  |  |  |
| Payment schedule   | Two installments (4 June and 1 October 2001)   |  |  |  |
| Capacity and preparedness of the transferring department | The overall co-ordination of the programme is the responsibility of the Chief Directorate: Curriculum and Assessment Development and Learner Achievement in the Department of Education. The Budget Review and Advisory Committee of the Department of Education chaired by the Deputy Director-General: Planning and Monitoring, is overseeing the management of the grant  |  |  |  |

| Education – HIV/AIDS Grant                               |  |  |  |  |
|--|--|--|--|--|
| Transferring department                                  | Education (Vote 14)  |  |  |  |
| Purpose  | <ul> <li>To ensure access to an appropriate and effective integrated system of prevention, care and suppor for children infected and affected by HIV/Aids</li> <li>To deliver life skills and HIV/Aids education in primary and secondary schools.</li> </ul>  |  |  |  |
| Measurable outputs                                       | <ul> <li>Trained master trainers</li> <li>Trained Primary and Secondary school teachers</li> <li>Implementation of the life skills programmes in primary and secondary schools.</li> </ul>   |  |  |  |
| Conditions   | <ul> <li>Provincial business plans with the focus on the above outputs must be approved by the Accounting Officer of the national Department of Education by 30 April 2001</li> <li>The outcomes as outlined in the approved business plans must be achieved.</li> </ul>   |  |  |  |
| Allocation criteria                                      | Education component of the equitable share formula is used to allocate amongst provinces.  |  |  |  |
| Reason not incorporated in equitable share               | Enables the Department of Education to provide overall direction such that congruency, coherence, and alignment with the National Strategy for HIV/AIDS and the National Integrated Plan for Children Infected and Affected by HIV/AIDS is ensured, and also enables the Department of Education to play an oversight role over the implementation of life skills programmes in primary and secondary schools.   |  |  |  |
| Monitoring mechanisms                                    | The Departments of Education, Health and Social Development will schedule inter-departmental and inter-provincial meetings. Performance monitoring and evaluation of the implementation of life skills programme will be conducted by the national Department of Education.  |  |  |  |
| Past performance   | <ul> <li>This programme was introduced in 2000/01, due to late allocations, planning and implementation were delayed, resulting in the under-spending of funds in the 2000/01 financial year</li> <li>Project managers and financial administrative officers have been appointed in the provinces to manage the project. Printing of the learning materials has been done and the materials are in the process of being distributed to provinces.</li> </ul> |  |  |  |
| Projected life   | It is envisaged that, given the nature of the epidemic, the need for such a grant will persist for another 6 to 9 years at least.  |  |  |  |
| Payment schedule   | Two installments - 4 June and 1 October 2001.  |  |  |  |
| Capacity and preparedness of the transferring department | The overall co-ordination of the programme is the responsibility of the Chief Directorate: Curriculum and Assessment Development and Learner Achievement in the Department of Education. The Budget Review and Advisory Committee of the Department of Education, chaired by the Deputy Director-General: Planning and Monitoring, is overseeing the management of the grant.  |  |  |  |

| Thubs  | Makote: Schools as Centers for Community Development (Indirect transfer)  |
|--|---|
| Transferring Department                                  | Education (Vote: 14)  |
| Purpose  | To develop and pilot a cost effective approach to the design, construction and management of school facilities which will also meet the developmental needs of rural communities (i.e. The approach envisaged will be flexible and designed to be adapted to suit the particular needs of communities).   |
| Measurable Outputs                                       | <ul> <li>The programme will develop 27 schools in rural areas in each province identified as being of greatest need. The programme will initially pilot 9 schools, 1 in each province. These will then be evaluated and if necessary the approach modified before embarking on the next 18 schools.</li> <li>Improved (buildings, equipment) school facilities, which are able to provide a quality education for children as well as catering for other community needs.</li> </ul>  |
| Conditions   | <ul> <li>The Thuba - Makote Programme is funded from the Poverty Relief, Infrastructure Investment and Jobs Summit Projects Fund and must thus adhere to the requirements of job creation in the development, building, equipping and utilisation of facilities</li> <li>The programme must include job opportunities for local people in the areas selected for the development of the centers and must ensure that women, the youth (younger than 25 years) and the disabled are included in employment</li> <li>Skills training and transfer to the local people must be a major focus in the conceptualisation of the programme</li> <li>Capacity building of the school community for the effective maintenance and management of the</li> </ul> |
| Allocation criteria                                      | facilities must also be included in the programme.  For 2001/02 the amount was divided equally amongst the provinces and for 2002/03 and 2003/04 the  |
| Reason not incorporated in equitable share               | backlog in infrastructure in provinces was taken into account.  The programme aims to develop and pilot models, which will provide a new approach to the design, construction and management of school facilities. It is therefore important to ensure that the programme provides innovations in these areas and it thus needs to be managed from a national level.  |
| Monitoring mechanisms                                    | <ul> <li>The implementation of the projects will be monitored and supported through a steering committee comprising representatives from provincial education departments and other appropriate organisations</li> <li>The national Department of Education will appoint an implementing agency for the programme (consultant)</li> </ul>   |
| The Commence Code Con-                                   | Each pilot project site will be visited regularly by the consultant to monitor project progress (infrastructure and institutional development), ensure appropriate quality control, minimise disturbance of educational activities in existing school facilities and avoid any injury to learners and staff as well as the general public.  |
| , for a constant of the second                           | Monthly progress against milestones and expenditure against budget reports for approved pilot projects must be submitted by the consultant before or on the 7th day of each month to the programme manager of the national Department of Education. These reports must be in line with the PFMA reporting requirements. Monthly reporting on programme status is required from the first month of the contract duration.  |
| Specific start (1)                                       | <ul> <li>It is also required to compile and submit comprehensive quarterly reports to the Department of Education that must be in line with the reporting requirements set by National Treasury for the special allocations for poverty alleviation, infrastructure and job summit projects.</li> </ul>   |
| Past Performance   | New allocation  |
| Projected life   | Three years from 2000/01 to 2003/04   |
| Payment schedule   | Not applicable (Indirect Transfer) - accountability remains with the national department's accounting officer   |
| Capacity and preparedness of the transferring department | <ul> <li>An implementing agency will be appointed</li> <li>The Department of Education has established a Directorate: Physical Planning and has appointed the Director: Physical Planning as the Programme Manager of the project.</li> </ul>   |

| )   | Youth And Community Colleges (Indirect Transfer- grant in kind)  |
|---|--|
| Transferring department                                     | Education (Vote 14)  |
| Purpose   | To establish opportunities for out-of-school-youth (OSY) to access education and training  |
|   | To allow for the piloting of various institutional models in delivering these programmes.  |
| Measurable outputs  | Number of institutions established to provide second chance programmes for OSY   |
|   | Skills programmes for OSY  |
|   | Number of OSY benefiting out of the programme  |
| Conditions  | Payments to implementing agencies be made only if claimed expenditure is in line with the agreed business plan   |
| Allocation Criteria   | The allocation was made on the basis of provincial plans and a weighting of allocations towards the provinces identified as having high poverty and high OSY needs.  |
| Reasons not incorporated in equitable share                 | These funds were allocated to the national Department for the implementation of new policy initiatives in education in the provinces in the 1996/97 financial year.  |
| Monitoring mechanisms                                       | Monthly reports on progress and subsequent site visits   |
|   | Controlling claims for repayment to provinces against the approved business plans.   |
| Past Performance  | Provinces were requested to submit business plans to establish youth and community colleges. The business plans submitted by the provincial education departments were, however, only approved in the beginning of 1997. The request for funds to be rolled-over has been approved and funds have been allocated for the period 1998/99 until 2001/02, according to the provincial business plans. |
| Projected life  | This is the last year of the project (2001/2002).  |
| Payment Schedule  | Not applicable (Indirect transfers to provinces) - Accounting responsibility lies with the Accounting Officer of the national department   |
| Capacity and preparedness of<br>the transferring department | The overall co-ordination of the programme is the responsibility of the Directorate: Private Colleges and FET in the Department of Education.  |

#### **The National Treasury Grants**

|   | Supplementary Allocation Grant   |
|---|--|
| Transferring department   | National Treasury (Vote 7)   |
| Purpose   | <ul> <li>Supplementing provincial budgets in order to ensure that provinces budget adequately for health, welfare education, and infrastructure</li> <li>Ensuring that provinces make progress in implementing the PFMA and improving financial management,</li> <li>Enabling provinces to provide for functions for which grants have been consolidated into the supplementar allocation.</li> </ul>  |
| Measurable outputs  | <ul> <li>Budgets that provide adequate funding for the social services and conditional grants,</li> <li>Progress made in implementation of key provisions of PFMA (i.e functioning of internal audit units and audit committees, appointment of CFOs, etc)</li> <li>Improvements in the quality of in-year monitoring reports (Section 40(4) PFMA and Division of Revenue Act reports)</li> <li>Improvement in financial management and information systems in hospital pilot projects.</li> </ul>   |
| Conditions  | <ul> <li>Compliance with the PFMA and Division of Revenue monthly reporting requirements and demonstrable progress in implementation of PFMA</li> <li>Realistic and credible budgets enacted by provincial legislature reflecting adequate funding of health education, welfare, housing and infrastructure</li> <li>Adequate steps taken to improve collection of own revenue, including the review of fees and administration,</li> <li>Compliance with the Division of Revenue Act and national legislation contemplated in sections 228(2)(b) and 230 of the Constitution</li> <li>Compliance with agreements in the Budget Council and all relevant legislation.,</li> <li>Provision in the provincial transport budget for NLTTA; for hospital management improvement projects in health department, and for capacity building in housing department.</li> </ul> |
| Allocation criteria   | <ul> <li>R2 billion portion of the grant is allocated through the provincial equitable share formula,</li> <li>The other portion is allocated according to the requirements of specific department (Housing – capacity building; Transport – NLTTA; DPLG - R293; and National Treasury – financial management).</li> </ul>   |
| Reason not incorporated in<br>equitable share                             | Enables the National Treasury to play its oversight role over provincial finances and ensure implementation of budget and financial management reforms in the provinces.   |
| Monitoring mechanisms   | <ul> <li>Monthly in-year reports including conditional grants</li> <li>Two provincial visits by the National Treasury to assess sustainability of the budgets in line with expenditure trends up to June/July, and a second in October/November as part of the provincial MTEC hearings, and to further assess the sustainability of the budgets based on actual expenditure up to six months</li> <li>Quarterly reports on progress with PFMA implementation relative to provincial plans and targets</li> <li>Quarterly reports on progress with the implementation of hospital management improvement projects to the national departments of health, public service and national treasury.</li> </ul>  |
| Past performance  | <ul> <li>Provincial budgets are better aligned with national priorities, showing improvements in funding social services</li> <li>Budget process reforms are being implemented in provinces</li> <li>The credibility of budgets has improved, and provinces have been able to turn their budgets around from deficit to surpluses used to repay debts</li> <li>National Treasury has been able to fulfil its responsibility for monitoring over provincial budgets</li> <li>Information submitted allows for Section 32 quarterly reports and production of two Intergovernmental Fiscal Reviews.</li> </ul>   |
| Projected life  | To be reviewed after four years.   |
|   |  |
| Payment schedule Capacity and preparedness of the transferring department | Two installments (31 July and 30 November 2001).  The National Treasury has a dedicated chief directorate on provincial fiscal relations and has developed a PFMA implementation guide (guide for accounting officers) and a PFMA implementation unit  |

#### Provincial infrastructure grant

|  | Provincial Infrastructure Grant   |
|--|---|
| Transferring department                                  | National Treasury (Vote 7)  |
| Purpose  | To enable provinces to fund construction, maintenance and rehabilitation of new and existing infrastructure, and to fund the reconstruction and rehabilitation of infrastructure damaged during the 1999/00 floods.   |
| Measurable outputs                                       | Rehabilitation and maintenance of roads, school, health facilities, and rural development     Rehabilitation of flood-damaged infrastructure.   |
| Conditions   | <ul> <li>Provinces to submit to the National Treasury by 30 April 2001 a detailed plan on proposed spending for the<br/>2001/02 financial year for approval. A similar plan for 2002/03 and 2003/04 must be submitted by 30 June<br/>2001 for spending</li> </ul>   |
| . St.  | The plans must indicate the extent to which the province can appropriately match the allocations made to them and demonstrate how the implementation plan fits into an overall infrastructure strategy in that province   |
|  | <ul> <li>In addition to the above conditions, the following conditions apply specifically to the Flood Reconstruction<br/>and Rehabilitation portion of the grant: Funds allocated must be used exclusively for rehabilitation and<br/>reconstruction of flood damaged infrastructure as verified by the national government.</li> </ul>  |
| Allocation criteria                                      | <ul> <li>The Infrastructure Grant component: An average of the percentage equitable shares and backlog component of equitable share formula has been used to allocate funds between provinces. The aim is to introduce a bias in favor of provinces with substantial backlogs while at the same time supporting those that inherited substantial infrastructure</li> <li>The Flood Rehabilitation component: The allocations were informed by the recommendations of the Command Center and took account of         <ul> <li>the overall verified infrastructure damage suffered in each province;</li> <li>recommendations made by the Command Center;</li> <li>expenditure trends in the current financial year, reflecting the rate of expenditure in the province;</li> </ul> </li> </ul> |
|  | and - available funds   |
| Reason not incorporated in equitable share               | This grant ensures that provinces give priority to infrastructure maintenance, rehabilitation and construction in line with Government priorities.  |
| Monitoring mechanisms                                    | Provinces are required to submit detailed quarterly reports, which capture the full details of the projects including the allocation for the year, the expenditure for the period in question and on outputs achieved.  |
| Past performance   | Not applicable  |
| Projected life   | To be reviewed after five years.  |
| Payment schedule   | Four instalments: 24 May, 31 July, 31 October 20001, and 23 January 2001  |
| Capacity and preparedness of the transferring department | The National Treasury has a dedicated chief directorate responsible for administering the grant.  |

#### Housing grants

|  | Housing Fund Grant  |
|--|---|
| Transferring department                                  | Housing (Vote 16)   |
| Purpose  | To finance subsidies for the national housing programme.  |
| Measurable outputs                                       | Number of subsidies financed – estimates 200,000 in 2001/02     Number of housing units completed per province     Number of households benefiting.   |
| Conditions   | <ul> <li>Provincial Governments have to set aside 0,5% to 0,75% to finance emergency housing needs</li> <li>Housing allocations must be in terms of housing framework as agreed with provinces.</li> </ul>  |
| Allocation criteria                                      | Housing funds are allocated to Provincial Governments according to a formula based on the number of households in each Province earning less than R3500 per month.  |
| Reason not incorporated in equitable share               | The provision of housing to the poor is a national priority. The conditional grant enables the national government to provide for the implementation of housing delivery in provincial budgets.   |
| Monitoring mechanisms                                    | The national Department of Housing has installed a transversal computerised subsidy management system (HSS) in all provincial housing departments for the administration of the subsidy scheme and to allow the national department to monitor progress and expenditure continuously.   |
| Past performance   | Although housing delivery under the subsidy scheme started slow, it gradually gained momentum and reached a peak in the 1997/98 financial year. Provincial Departments have since tried to sustain the same level of delivery. In the 2000/2001 financial year. Provincial Departments spent 88,9%, or R3 081,6 million of the total amount available to them for housing. About 11,1% was rolled over to the 2001/2002 financial year. |
| Projected life   | Unless government directs otherwise and taking into account the level of backlogs in housing, it is anticipated that the need for funding will exist for at least 20 years.   |
| Payment schedule   | Monthly instalments – on the 10 <sup>th</sup> or 12 <sup>th</sup> day of the Month  |
| Capacity and preparedness of the transferring department | The national Department does have the capacity to manage and administer the transfer of housing funds to Provincial Governments and to monitor their performance in this regard continuously.   |

|  | Human Resettlement Redevelopment Pilot Programme   |  |  |  |
|--|--|--|--|--|
| Transferring department                                  | Housing (Vote 16)  |  |  |  |
| Purpose  | To fund projects that aim to improve the quality of the environment by addressing problems in urban communities.   |  |  |  |
| Measurable outputs                                       | • The improvement of the quality of human settlements by funding projects, which will address dysfunctionalities in such settlements. The outputs of the programme depend largely on the unique content of each project funded in terms of the pilot programme. They will include:   |  |  |  |
|  | <ul> <li>Upgraded infrastructure in depressed areas and number of employment opportunities created;</li> <li>The number of existing depressed areas re-planned and redeveloped, such as inner city redevelopment, urban renewal and informal settlement upgrading; and</li> <li>Completed plans of areas which could promote integration (new developments)</li> </ul> |  |  |  |
| Conditions   | To form part of the contract between the provincial government and the national Department of Housing on specific projects.  |  |  |  |
| Allocation criteria                                      | Based on the project proposals submitted by province.  |  |  |  |
| Reason not incorporated in equitable share               | As a Pilot Programme, the Department of Housing needs to be involved in approving, monitoring and evaluating the Programme in general as well as specific project outputs with a view to the formulation of a more comprehensive permanent programme.  |  |  |  |
| Monitoring mechanisms                                    | The Directorate: Special Programmes Support monitors projects on a monthly basis through financial and implementation progress reports, as well as site visits in order to ensure compliance and correct reporting on Key Performance Indicators.  |  |  |  |
| Past performance   | The Programme was initiated late in 1999. Initial implementation was slow, however, since the middle of 2000, a marked increase in implementation occurred. Fourteen projects to the value of some R36 million have been approved and are under implementation.  |  |  |  |
| Projected life   | The programme is an important tool in achieving functional human settlements, it is expected to continue until all settlement areas that need improvements are covered.  |  |  |  |
| Payment schedule   | Four instalments -31 May, 31July;, 1 October, and 9 and 28 December 2001.  |  |  |  |
| Capacity and preparedness of the transferring department | The Directorate: Special Programme Support is dedicated to manage this Programme and the necessary capacity and expertise exists to undertake this task.   |  |  |  |

#### Social Development grants

| Transferring department                                  | Social Development (Vote 17)  |  |  |  |  |
|--|---|--|--|--|--|
| Purpose  | To improve the financial management, administration and functioning of social security system.  |  |  |  |  |
| Measurable outputs                                       | <ul> <li>An improved communication network and information service on all grant inquiries to enable speedier response to beneficiaries</li> <li>Provision of functional, acceptable infrastructure and office automation tools to improve security and facilitate effective service delivery</li> <li>Effective and efficient financial management and administration of social security payments and social development funds.</li> </ul>  |  |  |  |  |
| Conditions   | pproved business plans by 30 March with measurable outputs must exist for each province in line with the amework for this grant   |  |  |  |  |
| Allocation criteria                                      | Based on needs of each province as determined from their business plans.  |  |  |  |  |
| Reason not incorporated in equitable share               | Funding was initiated in order to fund the national department priority and strategy for improving the information system, financial management and delivery of social security grants.   |  |  |  |  |
| Monitoring mechanisms                                    | <ul> <li>Monthly project progress reports by provinces</li> <li>Quarterly evaluations by departmental staff and provincial facilitators</li> <li>Structured site visits twice a year by a team consisting of both national and provincial officials.</li> </ul>   |  |  |  |  |
| Past performance   | Transfers of funds have occurred as planned since the inception of the grant in 1998/99   |  |  |  |  |
| Projected life   | Phases out in 2002/03.  |  |  |  |  |
| Payment schedule   | One instalment (15 May 2001) for all provinces except Northern Province Northern Province two instalments – 15 May and 18 September 2001.   |  |  |  |  |
| Capacity and preparedness of the transferring department | <ul> <li>A number of initiatives being undertaken by the department will strengthen its capacity to deliver on the grant which include:         <ul> <li>Restructuring of the department to strengthen its core functions including the establishment of a monitoring and evaluation unit for social security;</li> <li>Appointment of financial expertise in the national and provincial departments to improve financial management in general and the management of conditional grants; and</li> <li>Workshops on the Division of Revenue Act are expected to contribute towards improved management of the grants at the provincial level, including better reporting.</li> </ul> </li> </ul> |  |  |  |  |

| B  | Social Development - HIV/AIDS Grant  |
|--|--|
| Transferring Department  | Social Development (vote 17)   |
| Purpose Maria Mari | The Department of Social Development is responsible for the development of home-based care (HBC programmes in the community, involving the replication of models which have already been piloted, and community outreach.  |
| Measurable outputs   | <ul> <li>An increase in the number of orphans (infected and affected by HIV/AIDS) identified and monitored</li> <li>An increase in the number of children receiving appropriate care</li> <li>The number of effective local institutional structures and partnerships for the management and maintenance of home/community-based care and support programmes</li> <li>Policies developed and implemented to protect children infected and affected with HIV/Aids.</li> </ul> |
| Conditions   | <ul> <li>Approved business plans by 30 March with measurable outputs must exist for each province in line with the framework for this grant</li> <li>Legal contract signed between provincial departments of welfare and implementing agencies.</li> </ul>   |
| Allocation criteria  | <ul> <li>In developing the National Integrated Plan for HIV/AIDS, the following were guiding principles:         <ul> <li>Provinces in which studies have shown they are of highest HIV/Aids prevalence, which were also identified as priority – Eastern Cape, KZN, Northern Province and North West provinces</li> <li>Resources available in the provinces and linkages with the following programmes and strategies:</li></ul></li></ul>                                 |
| Reason not incorporated in equitable share   | <ul> <li>The National Integrated Plan for Children Infected and Affected by HIV/AIDS is a pilot programme involving three social services departments</li> <li>The conditional grant provides the opportunity to establish a consistent approach across the provinces in terms of planning and implementation, and also enables more effective monitoring by the national departments.</li> </ul>  |
| Monitoring mechanisms  | <ul> <li>Quarterly reporting by provinces and evaluation by Departmental staff/provincial coordinators</li> <li>Provincial visits to evaluate implementation of the programmes made</li> <li>Structured site visits twice a year by a team consisting of both Social Development and Health officials on the national and provincial level.</li> </ul>   |
| Past performance   | The grant started in 2000/01. Implementation was slow as the departments involved were establishing structures and process both at provincial and national level to plan and coordinate implementation of the programme.   |
| Projected life   | For the duration of the allocation.  |
| Payment schedule   | Three instalments – 15 May, 18 September 2001, and 17 January 2002   |
| Capacity and preparedness of the transferring department   | The department has established a directorate do deal exclusively with HIV/AIDS, a national co-ordination for the programme is managed by the Department of Health. Provincial coordinators re being appointed.   |

| TH   | Women Flagship  |
|--|---|
| Transferring department                                  | Social Development (vote 17)  |
| Purpose  | To alleviate poverty and to pilot developmental social welfare services through the support of women with children under five years.  |
| Measurable outputs                                       | <ul> <li>The establishment of viable local institutional structures (partnerships) for the ongoing management and maintenance of community-based projects</li> <li>A decrease in the number of children who are malnourished</li> <li>A decrease in the number of reported child neglect and abuse cases in specific target areas</li> <li>Identified unemployed women with children under five years in households headed by women in each target area involved in income generating opportunities</li> <li>Increase in the level of income for the target group.</li> </ul> |
| Conditions   | <ul> <li>Approved business plans by 30 March with measurable outputs must exist for each project in line with the overall business plan of the province in terms of the Flagship Programme</li> <li>Legal contracts signed between provincial departments of welfare and implementing agencies.</li> </ul>  |
| Allocation criteria                                      | Based on the original commitment of the National Department of Social Development to finance the flagship pilot projects to the amount of R900, 000 in each province  |
| Reason not incorporated in equitable share               | Final payments to the provinces as part of the initial allocation of R900,000.  |
| Monitoring mechanisms                                    | <ul> <li>Quarterly reporting on progress by provinces</li> <li>Structured sites visits twice a year by a team consisting of both the national and provincial officials</li> <li>Annual reviews.</li> </ul>  |
| Past performance   | Delays in project planning and implementation have resulted in under-spending of allocated funds.   |
| Projected life   | Ends in 2001/02   |
| Payment schedule   | One instalment – 15 May 2001  |
| Capacity and preparedness of the transferring department | The programme is being consolidated into the Poverty Relief Programme   |

**Department of Agriculture** 

|  | Poverty Relief and Infrastructure Development   |
|--|---|
| Transferring Department  | Agriculture (24)  |
| Purpose  | To address the degradation problems of natural resources and improve the socio-economic status of rural communities.  |
| Measurable outputs   | Number of irrigation schemes rehabilitated, hectares and number of families benefiting     Rehabilitation and improvement in veldt management     Reduction in depletion of soil fertility and soil acidity     Improvement in the production systems for small scale farmers |
| Conditions   | Implementation of approved projects according to the project schedule   |
| Allocation criteria  | Based on submission of projects by provinces, with some bias towards the poorest provinces  |
| Reason not incorporated in equitable share                     | The funding is from the special poverty allocation made by the national government  |
| Monitoring mechanisms  | Provinces report monthly on implementation progress     Impact assessment to be undertaken in the current year  |
| Past performance   | Funds have been flowing to provinces in terms of a payment schedule. There has been no under-spending by provinces.   |
| Projected life   | The grant is dependent on the projected life of the 'Poverty Relief and Infrastructure Development Fund' made by the national government  |
| Payment schedule   | To be transferred in three instalments – 50 percent payment in 10 June, 25 percent in 10 October 2001, and 25 percent 10 January 2002   |
| Capacity and preparedness<br>of the transferring<br>department | All administrative, monitoring and reporting capacity is in place   |

#### Department of Arts, Culture and Technology

| Transferring Department                              | Arts, Culture and Technology (Vote 13)   |  |  |  |  |  |
|--|--|--|--|--|--|--|
| Purpose  | To fund Poverty Relief projects in the areas of Cultural Industries, Development, Cultural Tourism and Heritage Development.   |  |  |  |  |  |
| Measurable outputs                                   | <ul> <li>Number of jobs created</li> <li>Number of people trained</li> <li>Equipment provided</li> <li>Infrastructure for craft and heritage development.</li> </ul>   |  |  |  |  |  |
| Conditions   | <ul> <li>Provinces must submit project proposals which must demonstrate that the goal of poverty relief through j creation and training are met</li> <li>Legal contracts signed between the DACST and provincial departments responsible for the arts and culture</li> <li>Legal contracts signed between DACST and implementing agencies</li> </ul> |  |  |  |  |  |
| Allocation criteria                                  | The division of funds between provinces was made on the basis of the proposals submitted from the provinces The selection of projects was based on the following criteria:  Potential for job creation and/or training Location in terms of the poverty nodes  |  |  |  |  |  |
| Reason not incorporated in equitable share           | A special poverty alleviation allocation,     Some projects cut across provinces i.e CSIR and Khumbula-Zulu Craft projects   |  |  |  |  |  |
| Monitoring mechanisms                                | Monthly meetings in each province     Quarterly reports on progress and expenditure     Project site visits  |  |  |  |  |  |
| Past performance                                     | Ninety-seven percent of Poverty Alleviation allocation was spent in 2000/01  |  |  |  |  |  |
| Projected life                                       | The duration of Poverty Relief allocation  |  |  |  |  |  |
| Payment schedule                                     | Payments will be made in 3 instalments based on actual expenditure – Accounting responsibility lies with the Accounting Officer of the transferring national department  |  |  |  |  |  |
| Capacity and preparedness of transferring department | A sub-directorate with dedicated staff is responsible for the programme and has the support of the line function directorate responsible for cultural development and heritage development   |  |  |  |  |  |
| Exemption  | Decision to be made on the projects to be funded through the unallocated amounts (R 1,5 million in 2001/02) by 29 June 2001. Exemption is granted for the gazetting of the unallocated amounts for 2001/02 required in terms of section 8(1) of the Division of Revenue Act.   |  |  |  |  |  |
