NOTICE 282 OF 2002
BOARD ON TARIFFS AND TRADE

**NOTICE OF INITIATION OF A REVIEW OF THE ANTI-DUMPING DUTIES ON
SUSPENSION PVC ORIGINATING IN OR IMPORTED FROM BRAZIL, FRANCE,
UNITED STATES OF AMERICA AND THE UNITED KINGDOM**

In accordance with the provisions in Article 11.3 of the World Trade Organisation Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade, any definitive anti-dumping duty shall be terminated on a date not later than five years from its imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry within a reasonable period of time prior to that date, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury.

On 6 July 2001, the Board on Tariffs and Trade (the Board) notified all interested parties, through Notice No. 1611 of Government Gazette No. 22423, that unless a request is made by or on behalf of the domestic industry for the duty to be reviewed prior to the expiry thereof, the anti-dumping duty on suspension PVC (the subject product) originating in or imported from Brazil, France, the United States of America (USA) and the United Kingdom (UK), the duties will expire on 27 March 2002.

A duly completed Petition Review Questionnaire was submitted to the Board on 2 November 2001.

THE PETITIONER

The petition was lodged by Sasol Polymers Vinyls Business a division of Sasol Polymers, being the sole manufacturer of the subject product in the SACU. The Petitioner alleges that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury. The Petitioner submitted sufficient evidence and established a *prima facie* case to enable the Board to arrive at a reasonable conclusion that a review investigation should be initiated.

THE PRODUCT

The product under investigation is suspension polyvinyl chloride, classifiable under tariff subheading 3904.10, originating in or imported from Brazil, France, the USA and the UK.

THE ALLEGATION OF THE CONTINUATION OR RECURRENCE OF DUMPING

The allegation of continuation or recurrence of dumping is based on the comparison between the normal values in and the export prices from Brazil, France, the USA and the UK. The normal values for Brazil, France, the UK and the USA were based on prices as contained in the Harriman Chemsult monthly reports. The export prices were based on the average FOB export prices of Brazil, France, the UK and the USA expressed in USA Dollars as contained in the Harriman Chemsult monthly reports. On this basis, the Board found that there was *prima facie* proof of the likely recurrence of dumping if the duty expires.

THE ALLEGATION OF THE CONTINUATION OR RECURRENCE OF MATERIAL INJURY

The Petitioner alleges and submitted sufficient evidence to show that there is price undercutting and that the prices of the imports in question are suppressing its selling prices. The Petitioner further indicated that its prices will be depressed once the duties expire. The Petitioner's information indicated that it will experience a decline in profit margins (to a loss situation), market share, return on investment and cash flow, if the duties expire. It was also indicated that the Petitioner's market share will decrease at the expense of a corresponding increase in the market share of the dumped goods. On this basis the Board found that there was *prima facie* proof of the likely continuation and/or recurrence of material injury.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the continuation or recurrence

of dumping from the exporting countries of origin will be from 1 July 2000 to 30 June 2001. The period of investigation for purposes of determining continuation or recurrence of injury will be from 1 July 1994 to 30 June 2001. An estimate of what the situation will be, if the duties expire, will also be considered by the Board.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Board has begun an investigation in terms of section 4 of the Board on Tariffs and Trade Act, 1986 (the BTT Act). The Board will conduct its investigation in accordance with the relevant sections of the BTT Act and the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement). A copy of the Anti-Dumping Agreement is available from the Board's office on request.

In order to obtain the information it deems necessary for its investigation, the Board will send non-confidential versions of the petition and questionnaires to all known importers and exporters, and known representative associations. The trade representatives of the exporting countries have also been notified. Importers, exporters and other interested parties are invited to contact the Board as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;

- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Board, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Board in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously, will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

ADDRESS

The response to the questionnaire and any information regarding this matter, and any arguments concerning the allegation of continuation or recurrence of dumping, and the continuation or recurrence of material injury must be submitted in writing to the following address:

PROCEDURES AND TIME LIMITS

All responses, including non-confidential copies of the responses, should be received by the Director: Dumping Investigations not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Board. The Board will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period. Merely citing insufficient time is not an acceptable reason for extension. Please note that the Board will not consider requests for extension by Embassies on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Board to take such information into consideration. The Board may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Board. Parties should therefore ensure that the information submitted will subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Board to do it within this time period or upon good cause shown, and with the prior written consent of the Board, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause. Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Board is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Board may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Board has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading "Confidential Information" will be regarded as an incomplete submission.

Parties who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Board at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Board's requirements. The Board will give due consideration to such a request on good cause shown.

Oral representations to the Board by any interested party may also be made on written request to the Board at least seven days prior to the expiry date of the original 30 days period to respond and by prior arrangement with the Directorate. Such oral representations must be made within the same period as the written representations, unless prior written consent of the Board has been obtained for the oral representations to be made at a later date, which shall in any event not be later than 14 days after the written representations have been submitted. Oral representations will be limited to one hour for SACU manufacturers and exporters and thirty minutes for importers.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Board may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the investigating officers, Mrs M Wagner at telephone (012) 428-7729 and Ms K Machiu at (012) 428-7728.

ANNEXURE C**REPORT OF THE INDEPENDENT AUDITOR TO THE REGISTRAR OF PENSION FUNDS ("THE REGISTRAR") IN TERMS OF THE CONDITIONS DETERMINED UNDER SECTION 13B(1) OF THE PENSION FUNDS ACT, 1956 ("THE CONDITIONS")****1. System of internal financial control**

We have reviewed the system of internal financial control of(name of the administrator) in respect of the administration of pension funds for the year ended (date). These controls are the responsibility of the directors. Our responsibility is to report on the system of internal financial control, based on our review.

Scope

We conducted our review in accordance with the Statements of South African Auditing Standards applicable to review engagements. These standards require that we plan and perform the review to obtain moderate assurance with regard to the system of internal financial control. A review is limited primarily to inquiries of personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit, and, accordingly we do not express an audit opinion.

Inherent limitations

Because of the inherent limitations of a system of internal control, including concealment through collusion or forgery, errors and irregularities may not be prevented or detected. Furthermore, projections of any evaluations of the system of internal financial control to future periods are subject to the risk that internal controls may become inadequate because of changes in circumstances, or that the degree of compliance with policies or procedures may deteriorate.

Opinion

Based on our review, nothing of significance has come to our attention that causes us to believe that the system of internal financial control is inadequate for

the size and complexity of the business being conducted by
(name of the administrator).

Bestek

Ons het ons audit onderneem ooreenkomstig Standpunte van Suid-Afrikaanse Ouditstandaarde. Daardie standaard vereis dat ons die audit beplan en uitvoer om redelike sekerheid te kry dat die jaarlikse finansiële state vry is van wesenlike verkeerde voorstellings. 'n Oudit sluit in:

- ondersoek, op 'n proefgrondslag, van getuienis wat die bedrae en openbaarmakings in die finansiële state ondersteun;
- beoordeling van die rekeningkundige beginsels aangewend en betekenisvolle ramings deur bestuur gedoen; en

- evaluering van die algemene aanbieding van die finansiële staat.

Ons glo dat ons oudit 'n redelike grondslag vir ons mening bied.

Ouditmening

Na ons mening, is hierdie finansiële state in alle wesentliche opsigte 'n redelike weergawe van die finansiële stand van die maatskappy op . . . 1. Stelsel van interne finansiële kontrole

Ons het die stelsel van interne finansiële kontrole van
(naam van die administrateur) ten opsigte van die administrasie van
pensioenfondse vir die jaar geëindig (datum) hersien. Hierdie
kontroles is die verantwoordelikheid van die direkteure. Ons verantwoordelikheid
is om verslag te doen oor die stelsel van interne finansiële kontrole, gegrond op
ons hersiening.

Bestek

Ons het ons hersiening onderneem ooreenkomstig die Standpunte van Suid-
Afrikaanse Ouditstandaarde van toepassing op hersieningsopdragte. Hierdie
standaarde vereis dat ons die hersiening beplan en uitvoer om redelike sekerheid
te verkry met betrekking tot die stelsel van interne finansiële kontrole. 'n
Hersiening is primêr beperk tot inwin van inligting by personeel en oor analitiese
prosedures toegepas op finansiële gegewens en verskaf gevolglik minder
versekering as 'n oudit. Ons het nie 'n oudit onderneem nie en verskaf, gevolglik,
nie 'n ouditmening nie.

Inherente beperkings

Vanweë die inherente beperkings van 'n stelsel van interne kontrole, insluitend
verberging deur samespanning of vervalsing, kan foute en onreëlmatighede
moontlik nie verhinder of opgespoor word nie. Voorts is projeksies van enige
evaluerings van die stelsel van interne finansiële kontrole na toekomstige tydperke

onderworpe aan die risiko dat interne kontroles ontoereikend mag word weens verandering in omstandighede, of moontlike verswakking van die mate van voldoening aan beleid of prosedures.

Mening

Gegrand op ons hersiening, het niks van belang tot ons aandag gekom wat veroorsaak dat ons glo dat die stelsel van interne finansiële kontrole ontoereikend is vir die omvang en kompleksiteit van die besigheid gedryf deur.....(naam van die administrateur) nie.
