**REQUEST FOR THE CONTINUATION OF STATUTORY MEASURES RELATED TO
REGISTRATION AND PROVISION OF RECORDS AND RETURNS FOR COTTON, IN
TERMS OF THE MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996 (ACT NO
47 OF 1996), AS AMENDED**

1. STATUTORY MEASURES – REGISTRATION, RECORDS AND RETURNS

The request received from Cotton South Africa, is that the Minister, in terms of section 10 of the Act, by notice in the Government Gazette, direct that the statutory measures, namely the keeping of records and the submission of returns to Cotton South Africa, by persons who purchase seed cotton from producers and who purchase lint from producers and ginnerers, processors of seed cotton and importers and exporters of cotton, and the registration with Cotton South Africa of persons who produce seed cotton, persons who purchase seed cotton from producers and who purchase lint from producers or ginnerers, processors of seed cotton and importers and exporters of cotton, be continued.

2. INFORMATION REQUIRED BY SECTION 10 OF THE ACT

The particulars as required by section 10 of the Act to be included in a request for the continuation of statutory measures, are as follows:

2.1 The statutory measures that are requested to be continued, would relate to cotton.

2.2 The categories of directly affected groups which would probably be affected by the proposed continuation of the statutory measures, are:

Registration:

Persons who produce seed cotton, persons who purchase seed cotton from producers and who purchase lint from producers or ginnerers, processors of seed cotton and importers and exporters of cotton.

Records and returns:

Persons who purchase seed cotton from producers and who purchase lint from producers or ginnerers, processors of seed cotton and importers and exporters of cotton.

2.3 Letters of support for the proposed continuation of the statutory measures on cotton were received from the following institutions:

- National Cotton Producers' Organisation;
- SA Cotton Ginnerers' Association;
- SA Cotton Textile Manufacturers' Association;
- SA Clothing Federation;
- National Consumer Council; and
- SA Textile Workers Union.

2.4 The statutory measures will apply to the whole of the Republic of South Africa.

- 2.5 According to the applicant, the proposed continuation of the statutory measures will further the objectives of the Act as stipulated in section 2(2) thereof. Such continuation will also not contravene section 2(3) of the Act.
- 2.6 The manner in which the objectives referred to in section 2(2) of the Act will be furthered (namely the increasing of market access for all market participants, the promotion of the efficiency of the marketing of agricultural products, the optimisation of export earnings from agricultural products and the enhancement of the viability of the agricultural sector), are summarised below:

Since deregulation of the agricultural industry, great value is being placed on product market information, which is no longer as readily available and accessible as before. In this environment, Cotton South Africa has since 1998 established itself as the major local source of cotton market information, in that many role-players in the cotton industry have become dependent on the information services provided by Cotton South Africa, which is regarded as critical for strategic planning by the industry.

Unbiased and reliable market information, which is available on a continuous and timeous manner, will not only increase market access for all market participants, but also will also promote the efficiency of the marketing of cotton and enhance the viability of the cotton industry and the agricultural sector at large. Market information will furthermore lead to the optimisation of export earnings without being detrimental to the number of employment opportunities or fair labour practice.

The market information obtained up to now by way of these statutory measures has also proved to be invaluable to Cotton South Africa in its capacity as industry forum, as well as in the advancement of its main objectives such as the stimulation of the production and the usage of cotton; the enhancement of the marketability of cotton through research; the establishment of quality standards and norms and the facilitation of the development of the emerging cotton production sector.

Since deregulation, relevant market information obtained by way of statutory measures and other means has been disseminated among others, in the following manner:

- By way of monthly market reports on both the local as well as the international situation, posted and/or e-mailed monthly to more than 600 core producers, which includes more than 200 small scale farmers, as well as to more than a 100 other role-players in the industry as well as to the media.
- By way of Cotton South Africa's website which records on average 70 successful requests for pages per day. The website has recently been upgraded to include more information and to make it more user friendly.
- By convening farmer information days. During the 2001/02 marketing year, 19 farmer days were hosted in different localities, which were attended by more than 700 farmers in total. Four of these farmer days were aimed at the emerging sector exclusively and hosted in small scale production areas. More than 500 small scale farmers attended these days, where relevant and useful information could be communicated to them.

- By way of publications such as the quarterly Cotton South Africa magazine, which since the July/August 2000 issue also incorporates the research publication "On the Boll" of the ARC's Institute for Industrial crops, providing feedback on research projects, as well as a regular section aimed at small scale farmers exclusively. The magazine is currently mailed to about 2000 farmers, which include about 350 small scale farmers, as well as to more than 600 other subscribers.
- By way of other means such as articles in various agricultural magazines as well as publications aimed at the small grower in particular, such as the monthly newspaper "Nufarmer" with a circulation figure of about 35 000 per month.
- A comprehensive Management Guide for Commercial Farmers as well as a Cotton Guide for Small Scale Farmers, compiled by the ARC-Institute for Industrial Crops, are also distributed by Cotton South Africa on request. The small farmer publication is fully illustrated in colour with captions in English, Afrikaans, Zulu and Sotho and covers the full spectrum of cotton farming and contain among others, chapters on cultivation guidelines, insect and disease control and the harvesting of cotton.
- From time to time, Cotton South Africa also takes part in shows, exhibitions and expo's where market information is disseminated.
- By way of personal contact, ad hoc requests and international surveys.

Information has also proved to be indispensable to producers, ginner and spinners during discussions concerning informal marketing arrangements. Market information obtained by way of statutory measures is also essential for the effective functioning of the import rebate permit system administered by the Department of Agriculture, which in turn contributes to the efficient marketing of cotton, increased market access and enhancement of the viability of the cotton industry.

In conclusion, in the yarn manufacturing industry, increased processing speeds, new spinning technologies and heightened quality expectations, have changed the industry's focus and buying strategy of raw materials, hence the fact that up to date crop information is now more critical than ever before. Fibre utilisation decisions taken by the ginning and spinning industries, therefore have a more direct impact on the primary cotton producing industry, be it emerging or commercial farmers. These farmers are totally dependent on proper and accurate market information to assist them to conform to the strict requirements set by the spinning industry with regard to their raw material inputs.

The statutory measures will not be detrimental to the number of employment opportunities within the economy or to fair labour practise.

- 2.7 The previous statutory measures as published in Government Gazette No. R.504 of 9 April 1998 and R.642 of 8 May 1998 lapsed on 31 March 2002.
- 2.8 The *status quo* will be maintained in respect of the body that are responsible for the administration of the statutory measures and mentioned in the regulations, namely Cotton South Africa (a non profit seeking company under section 21 of the Companies Act, 1973 (Act No 61 of 1973)).

WYSIGING VAN DIE REËLS VAN DIE JSE SEKURITEITEBEURS SUID-AFRIKA

1. **VOORGESTELDE WYSIGING VAN AFDELING 5 - TRANSAKSIES, HANDELSPROSEDURES EN GESKILLE**

5.260 Handel in Krugerrande

- 5.260.1 Vir doeleindes van hierdie reëls, is Krugerrande [**'n Klaringshuis**] nie 'n STRATE goedgekeurde sekuriteit nie.
- 5.260.2 Lewering van Krugerrande [**ingevoelge die voorwaardes van Klaringshuis vereffeningsinstruksies**] moet direk geskied tussen makelaarslede (ekwiteite) op enige sakedag in die nuwe vereffeningsperiode gedurende die ure voorgeskryf in die JSE voorskrifte. 'n Makelaarslid (ekwiteite) is nie verplig om 'n gedeeltelike lewering van Krugerrande te aanvaar in 'n Krugerrand transaksie nie.
- 5.260.3 Waar lewering geskied aan die ontvangende makelaarslid (ekwiteite) moet die lewerende makelaarslid (ekwiteite) sy rubberstempel merk tesame met sy handtekening aanbring op elk van die [**drie**] twee afleweringstrookies [**uitgereik**] voortgebring deur die [**Klaringshuis**] BVA stelsel in verband met die transaksie. Met aanvaarding van die Krugerrande moet die ontvangende makelaarslid (ekwiteite) sonder versuim sy makelaarslid (ekwiteite) rubberstempel tesame met sy handtekening aanbring op elk van die [**drie**] twee afleweringstrookies en [**vir sy rekords die ontvanger afskrif gemerk 3**] een afskrif vir sy rekords behou. 5.260.4 Aanvaarding van lewering van munte deur die makelaarslid (ekwiteite), kliënt of teenparty word beskou as 'n verklaring deur so 'n makelaarslid (ekwiteite), kliënt of teenparty dat die munte ondersoek is en eg is met dien verstande dat waar Krugerrande in veilige bewaring gehou word, hierdie verantwoordelikheid eers van krag word by ontvangs deur die kliënt van Krugerrande buite veilige bewaring. Met ontvangs van so 'n lewering sal betaling sonder versuim gemaak word deur die makelaarslid (ekwiteite) aan die verkoper behalwe dat hierdie betaling nie sal geskied voor afloop van die vereffeningsperiode **[uiteengesit in terme van die ooreenkoms behalwe in spesiale omstandighede waar die Algemene Bestuurder andersins toestem]**. Indien 'n kliënt of teenparty 'n ooreenkoms aangaan met 'n makelaarslid (ekwiteite) om Krugerrande in veilige bewaring te hou soos uiteengesit in 5.260.11, moet die koper die makelaarslid (ekwiteite) vergoed teen 'n erkenning deur die makelaarslid (ekwiteite) dat die munte wel in veilige bewaring geplaas is.

5.260.13 **[Makelaarslede (ekwiteite) mag in daalverkope handel in Krugerrande]. Gereserveer**
