NOTICE 1194 OF 2002

NATIONAL DEPARTMENT OF TRANSPORT
DRAFT NATIONAL PORTS AUTHORITY BILL
JULY, 2002**DRAFT BILL**

To provide for the establishment of the National Ports Authority; and to provide for matters connected therewith.

Preamble

RECOGNISING that, Ports and harbours are our national heritage

RECOGNISING that, Ports are an engine of economic growth, because if operated efficiently they will stimulate trade between nations on a global scale;

RECOGNISING that because of the strategic geographical position of South Africa's coastline, the port system can have a multiplier role on the economy of the country and the region;

RECOGNISING that Port restructuring worldwide is driven by the globalisation of production and markets and consequently, the ports' transport function has fundamentally changed from commercial gateway to intermodal logistics and industrial nodal point;

RECOGNISING that the key trend affecting port operators and authorities are the intermodal investment that is required to ensure the efficient flow of cargo between a port and its hinterland

RECOGNISING that there is a need to separate operations, which can be competitive within a port from the landlord function;

AND IN ORDER TO:

- Ensure affordable, effective, efficient and safe port services;
- Encourage fair competition based on transparent rules applied consistently across the transport and port system;
- Improve infrastructure and service levels where appropriate, based on user needs;
- Ensure safe transportation, a clean environment and service to designated areas;
