 - (b) take into account the provisions of the Electoral Commission Act, the Electoral Act and any other applicable legislation.

This Act to regulate elections of members of the National Assembly and the provincial legislatures

3. This Act applies to all elections of members of the National Assembly and provincial legislatures held after the coming into operation of this Act.

Administration of this Act

4.
 - (1) This Act is administered by the Commission, but the provisions related to the demarcation of constituencies and the allocation of seats to constituencies in terms of this Act must be administered by the Municipal Demarcation Board.
 - (2) The Commission and the Municipal Demarcation Board must administer this Act in a manner conducive to free and fair elections.

CHAPTER 2 NATIONAL AND PROVINCIAL ELECTIONS

National common voters roll to apply to elections of National Assembly and provincial legislatures

5. The national common voters roll compiled, maintained and certified in terms of the Electoral Act must be used for all elections of the National Assembly and provincial legislatures.

Proportional representation

6. Elections of the National Assembly and provincial legislatures must result, in general, in proportional representation.

CHAPTER 3 DEMARCATION OF CONSTITUENCIES

Constituencies

7. (1) The whole of the territory of the Republic of South Africa must be demarcated into contiguous constituencies and such constituencies must be pre-determined for every election of the National Assembly and the provincial legislatures at least two years prior to the expiry of the term of office of a legislature.

(2) The Municipal Demarcation Board must demarcate all constituencies for election of the National Assembly having regard to the following criteria -
 - (a) no provincial boundary may be transcended in the demarcation of constituencies;
 - (b) the area of each district council will be a constituency for the purposes of an election;
 - (c) a district council area that crosses provincial boundaries must be divided so that each area situated in a particular province is a constituency;
 - (d) to determine the number of representatives from a constituency, the total number of registered voters on the common voters roll must be divided by the number of seats referred to in section 10(a), and that calculation, plus one, disregarding fractions, determines the quota;
 - (e) the total number of registered voters in a district council area must be divided by the quota determined in terms of paragraph (d);
 - (f) where the result of the calculation referred to in paragraph (e) yields a surplus not absorbed by the number of seats reserved for constituencies, such surplus shall compete with other similar

surpluses accruing to any other constituency, and any seat or seats not awarded in terms of paragraph (e) shall be awarded to the constituencies concerned in sequence of the highest surplus;

- (g) if the surplus referred to in paragraph (f) for two or more constituency is equal, the seat must be awarded to the constituency that has the most registered voters;
- (h) if the allocation referred to in paragraph (f) results in fewer than three seats for a constituency must be combined with an adjoining constituency within the same province and if necessary the procedures in this section shall *mutatis mutandis* be repeated until the constituency qualifies for at least three seats;
- (i) in a case where it is not possible to combine a constituency referred to in paragraph (c) with an adjoining constituency in the same province which is a district council area, that constituency may be combined with a metropolitan council area and may be part of a metropolitan constituency;
- (j) if the constituency referred to in paragraphs (h) or (i) is combined with one or more constituencies, such constituency may not result in the newly combined constituency having more than seven seats;
- (k) if a constituency referred to in paragraph (h) can be combined with more than one other constituency, the following factors must be taken into account –
 - (i) the need for cohesive, integrated and unfragmented areas;
 - (ii) topographical, environmental and physical characteristics of the area;
 - (iii) commercial and industrial linkages; and
 - (iv) patterns of human settlement and migration.
- (l) if a constituency has more than seven seats after the calculation referred to in paragraph (f), such constituency must be subdivided into two or more constituencies with each constituency qualifying for not fewer than three seats;
- (m) the subdivision of constituencies envisaged in paragraph (l) must be based on local council boundaries, and such subdivision may not result in any local municipal boundary being transcended or any local municipal council area or part thereof within a district council area being allocated to a constituency in a different district council area; and
- (n) the subdivision of a constituency envisaged in paragraph (m) must seek to ensure that each of the subdivided constituencies has the same number of seats or the smallest possible variance

in the number of seats allocated to the subdivided constituencies.

CHAPTER 4 METROPOLITAN CONSTITUENCIES

Metropolitan constituencies

8. (1) In the case of an area comprising a metropolitan council, each such metropolitan area must be divided into constituencies.
- (2) When a metropolitan area is divided into constituencies, ward boundaries must form the basis on which constituencies are divided.
- (3) Each metropolitan constituency should have four seats, determined in accordance with the procedures in sections 7(2)(d), (e), (f) and (g), but if that is not practicable, such constituency may not have more than five seats and not fewer than three seats.
- (4) When a metropolitan area is divided into constituencies, the following factors must be taken into account -
 - (a) the number of registered voters in each ward;
 - (b) topographical, environmental and physical characteristics of the area;
 - (c) density of the population; and
 - (d) the need to avoid as far as possible the fragmentation of communities.
- (5) After constituencies have been demarcated in terms of Chapter 3 and this chapter, the procedures in sections 7(2) (d), (e), (f) and (g) shall *mutatis mutandis* be applied to reserve a final number of seats for each constituency.
- (6) If the boundaries of a local council area, a district council area, a metropolitan council area or a ward are changed or redemarcated before an election, the boundary of a constituency affected by that change will by the mere fact also be considered to have changed and a redetermination must be made of the number of seats reserved for each constituency and the procedures in sections 7(2)(d), (e), (f) and (g) shall *mutatis mutandis* apply.

CHAPTER 5

ELECTION OF THE NATIONAL ASSEMBLY

Election of the National Assembly

9. Parties registered in terms of the Electoral Commission Act and contesting an election of the National Assembly shall nominate candidates for such election on lists of candidates prepared in accordance with this chapter.
10. The seats in the National Assembly as determined in terms of Schedule 3 of the Electoral Act shall be filled as follows-
 - (a) Three-quarters of the seats, disregarding fractions, from constituency list submitted by the respective parties, with a fixed number of seats reserved for each constituency as determined by the Municipal Demarcation Board for the next election of the National Assembly, taking into account available data in respect of registered voters; and
 - (b) The remainder of the seats from national lists submitted by the respective parties.
11. The lists of candidates submitted by a party shall-
 - (a) in the case of a constituency list, contain names not exceeding in number the number of candidates to be elected in each constituency plus two additional candidates;
 - (b) in the case of a national list, contain names not exceeding in number the number of seats to be allocated from such national list, and
 - (c) denote such names in such fixed order of preference as the party may determine.
12. A party's list of candidates shall consist of both a national list and a list for each constituency, with such number of names on each list as the party may determine subject to section 11.
13. The seats referred to in section 10(a) shall be allocated per constituency to the parties contesting an election, as follows-
 - (a) A quota of votes per seat shall be determined in respect of each constituency by dividing the total number of votes cast on the ballot papers for the constituency by the number of seats reserved for such constituency under section 10(a);
 - (b) The result plus one, disregarding fractions, shall be the quota of votes per seat in respect of a constituency;
 - (c) The number of seats to be awarded for the purpose of paragraph (e) in respect of such constituency to a party shall, subject to paragraph (d) be determined by dividing the total number of votes cast in favour of such party on the constituency ballot paper for that constituency by the quota of votes per seat referred to in paragraph (b);

- (d) Where the result of the calculation referred to in paragraph (c) yields a surplus not absorbed by the number of seats awarded to a party concerned, such surplus shall compete with other similar surpluses accruing to any other party or parties in respect of the relevant constituency, and any seat or seats in respect of that constituency not awarded in terms of paragraph (c) shall be awarded to the party or parties concerned in sequence of the highest surplus;
 - (e) The aggregate of a party's awards in terms of paragraphs (c) and (d) in respect of particular constituency shall indicate that party's provisional allocation of the seats reserved under section 10(a) for that constituency;
 - (f) The aggregate of a party's provisional allocations for the various constituencies in terms of paragraph (e) shall indicate its provisional allocation of the seats referred to in section 10(a); and
 - (g) If no recalculation of provisional allocations is required in terms of section 16 in respect of the seats referred to in section 10(a), the provisional allocation of such seats in terms of paragraphs (e) and (f) shall become the final allocation of such seats to the various parties, and if such a recalculation is required the provisional allocation of such seats, as adjusted in terms of section 16, shall become the final allocation of such seats to the various parties.
14. The seats referred to in section 10(b) shall be allocated to the parties contesting an election, as follows-
- (a) A quota of votes per seat shall be determined by dividing the total number of votes cast nationally on national ballot papers by the total number of seats in the National Assembly, and the result plus one, disregarding fractions, shall be the quota of votes per seat;
 - (b) The number of seats to be awarded to a party for the purposes of paragraph (d) shall, subject to paragraph (c), be determined by dividing the total number of votes cast nationally on national ballot papers in favour of such party by the quota of votes per seat determined in paragraph (a);
 - (c) Where the result of calculation in terms of paragraph (b) yields a surplus not absorbed by the number of seats awarded to party concerned, such surplus shall complete with other similar surpluses accruing to any other party or parties, and any seat or seats not awarded in terms of paragraph (b), shall be awarded to the party or parties concerned in sequence of the highest surplus;
 - (d) The aggregate of a party's awards in terms of paragraphs (b) and (c) shall be reduced by the number of seats provisionally allocated to it in terms of section 13(f) and the results shall indicate that party's provisional allocation of the seats referred to in section 10(b); and

- (e) If no recalculation of provisional allocations is required in terms of section 15 and 16 in respect of the seats referred to in section 10(b), the provisional allocation of such seats in terms of paragraph (d) shall become the final allocation of such seats to the various parties, and if such recalculation is required, the provisional allocation of such seats, as adjusted in terms of sections 15 and 16, shall become the final allocation of such seats to the various parties.
15. (1) If a party gained no allocation of seats in terms of section 10(b), but the party gained a provisional seat in respect of the seats referred to in section 10(a), then the provisional allocation of seats in terms of section 10(a) will become the final allocation of seats for such party, and if a recalculation is required in terms of section 16, the adjusted allocation will become the final allocation.
- (2) If a seat is allocated to a party in terms of subsection (1), then the determination of seats in terms of section 10(b) will be recalculated as follows-
- (a) An amended quota of votes per seat shall be determined by dividing the total number of votes cast nationally on national ballot papers, minus the votes cast for a party referred to in subsection (1), by the total number of seat in the National Assembly minus the seats awarded in terms of subsection (1), and the result plus one, disregarding fractions, shall be the quota of votes per seat;
- (b) The number of seats to be awarded to a party for the purposes of paragraph (d) must, subject to paragraph (c), be determined by dividing the total number of votes cast nationally on national ballot papers in favour of each party, excluding those awarded seats in terms of subsection (1), by the quota of votes per seat determined in terms of paragraph (a);
- (c) Where the result of the recalculation in terms of paragraph (b) yields a surplus not absorbed by the number of seats awarded to a party concerned, such surplus shall compete with other similar surpluses accruing to any other party or parties participating in the recalculation, and any seat or seats not awarded in terms of paragraph (b) shall be awarded to the party or parties concerned in sequence of the highest surplus; and
- (d) The aggregate of a participating party's awards in terms of paragraphs (b) and (c) shall be reduced by the number of seats provisionally allocated to it in terms of section 13(f) and the results shall indicate the party's provisional allocation of the seats in terms of section 10(b).
- (3) If no recalculation of provisional allocations is required in terms of section 16 in respect of the seats referred to in section 10(b), the provisional allocation of such seats in terms of paragraph (d) shall become the final allocation of such seats to the various parties, and if such a recalculation is required the provisional allocation of such seats, as adjusted in terms of

section 16, shall become the final allocation of such seats to the various parties.

(4) If a party forfeits a seat in terms of section 16(1) which was allocated to it in terms of section 15(1), then the seats provisionally allocated to other parties in terms of section 10(b) must be recalculated in terms of sections 16(2) and (3), taking such forfeiture into account.

16. (1) If a party has submitted a national or a constituency list containing fewer names than the number of its provisional allocation of seats which would have been filled from such list in terms of section 17 had such provisional allocation been the final allocation, it shall forfeit a number of seats equal to the deficit.

(2) In the event of any forfeiture of seats in terms of subsection (1) affecting the provisional allocation of seats in respect of any particular constituency in terms of section 13(e), such allocation shall be recalculated as follows-

(a) The party forfeiting seats shall be disregarded in such recalculation, and its provisional allocation of seats in terms of section 13(e) for the constituency in question, minus the number of seats forfeited by it in respect of its list for such constituency, shall become its final allocation in respect of the seats reserved for such constituency in terms of section 10(a);

(b) An amended quota of votes per seat shall be determined in respect of such constituency by dividing the total number of votes cast in the constituency, minus the number of votes cast in such constituency in favour of party referred to in paragraph (a), by the number of seats reserved for such constituency under section 10(a), minus the number of seats finally allocated to the said party in terms of paragraph (a);

(c) The result plus one, disregarding fractions, shall be the amended quota of votes per seat in respect of such constituency for purposes of the said calculation;

(d) The number of seats to be awarded for the purposes of paragraph (f) in respect of such constituency to a party participating in the recalculation shall, subject to paragraph (e), be determined by dividing the total number of votes cast in favour of such party in such constituency by the amended quota of votes per seat indicated by paragraph (c) for such constituency;

(e) Where the result of the recalculation in terms of paragraph (d) yields a surplus not absorbed by the number of seats awarded to a party concerned, such surplus shall compete with other similar surpluses accruing to any other party or parties participating in the recalculation in respect of the said constituency, and any

seat or seats in respect of such constituency not awarded in terms of paragraph (d) shall be awarded to the party or parties concerned in sequence of the highest surplus; and

- (f) The aggregate of a party's awards in terms of paragraphs (d) and (e) in respect of such constituency shall, subject to section (4), indicate that party's final allocation of seats reserved under section 10(a) for that constituency.

(3) In the event of any forfeiture of seats in terms of subsection (1) affecting the provisional allocation of seats in terms of subsection 14(d), such allocation shall be recalculated as follows-

- (a) The party forfeiting seats shall be disregarded in such recalculation, and its provisional allocation of seats in terms of section 14(d), minus the number of such seats forfeited by it, shall become its final allocation of the seats referred to in section 10(b);
- (b) An amended quota of votes per seat shall be determined by dividing the total number of votes cast nationally, minus the number of votes cast nationally in favour of the party referred to in paragraph (a), by the number of seats in the National Assembly, minus the number of seats finally allocated to the said party in terms of paragraph (a);
- (c) The result plus one, disregarding fractions, shall be the amended quota of votes per seat for the purposes of the said recalculation;
- (d) The number of seats to be awarded for the purposes of paragraph (f) to a party participating in the recalculation shall, subject to paragraph (e), be determined by dividing the total number of votes cast nationally in favour of such party by the amended quota of votes per seat indicated by paragraph (c);
- (e) Where the result of the recalculation in terms of paragraph (d) yields a surplus not absorbed by the number of seats awarded to a party concerned, such surplus shall compete with other similar surpluses accruing to any other party or parties participating in the recalculation, and any seat or seats not awarded in terms of paragraph (d), shall be awarded to the party or parties concerned in sequence of the highest surplus; and
- (f) The aggregate of such a party's awards in terms of paragraphs (d) and (e) shall be reduced by the number of seats finally allocated to it in terms of section 13(g), and the result shall, subject to subsection (4), indicate that party's final allocation of the seats referred to in section 10(b).

(4) In the event of a party being allocated an additional number of seats in terms of this section, and its list in question then does not contain the names

of a sufficient number of candidates as set out in subsection (1), the procedure provided for in this section shall *mutatis mutandis* be repeated until all seats have been allocated.

17. (1) Where a party submitted both a national list and constituency list, the seats finally allocated to it -
- (a) in terms of section 13(g), shall be filled from its constituency list in accordance with its final allocation of seats in respect of the various constituencies; and
 - (b) in terms of section 14(e), shall be filled from its national list in accordance with its final allocation of seats in terms of that section.
- (2) A seat finally allocated to a party in respect of a constituency, shall, for the purposes of subsection (1)(a), be filled only from such party's list for that particular constituency.

 - (c) the number of seats allocated to a constituency as determined in section 20.

20. The quota to determine the number of seats in each constituency within a province for purposes of an election of that provincial legislature must be determined by dividing the total number of registered voters in the province concerned with the number of seats referred to in section 18(a), and the result plus one, disregarding fractions, determines the quota.
21. (1) The number of seats in each constituency within a province for purposes of an election of that provincial legislature must be determined by dividing the total number of registered voters in a particular constituency with the quota determined in section 20.

(2) Where the result of the calculation in subsection (1) yields a surplus not absorbed by the number of seats reserved for constituencies, such surplus shall compete with other similar surpluses accruing to any other constituency, and any seat or seats not awarded in terms of subsection (1) shall be awarded to the constituencies concerned in sequence of the highest surplus, and such allocation will be the final allocation of seats to constituencies.

(3) If the surplus referred to in subsection (2) for two or more constituencies is equal, the seat must be awarded to the constituency that has the most registered voters.
22. If the calculation in section 21 results in a constituency receiving fewer than three seats or more than seven seats, that result must be the number of seats allocated to that constituency.
23. Parties registered in terms of the Electoral Commission Act and contesting an election of a provincial legislature shall nominate candidates for an election of a provincial legislature by submitting provincial lists and lists for each constituency.
24. The lists of candidates submitted by a party shall in the case of -
 - (a) a constituency list, contain the names of not more than the number of candidates to be elected in each constituency plus two candidates; and
 - (b) a provincial list, the names of not more than the number of seats to be allocated from such provincial list.
25. The provisions of Chapter 5 of this Act, with the exclusion of sections 10 and 11, must *mutatis mutandis* apply to the election of provincial legislatures, and any reference in that chapter to national or nationally must be construed to be a reference to provincial or provincially, and any reference to a national list must be construed to be a reference to a provincial list.

42. One national ballot must be used in order to fill the seats referred to in section 41(a) and (b) in the following way:

44. Parties registered in terms of national legislation and contesting an election of a provincial legislature shall nominate candidates for election to such provincial legislature on provincial lists prepared in accordance with this Schedule and national legislation.

45. Each party shall be entitled to submit only one list per province, which shall contain names not exceeding in number the number of seats determined under section 43 for the relevant provincial legislature and in such fixed order of preference as the party may determine.
46. The seats determined for a provincial legislature shall be allocated to parties contesting an election, as follows-
- (a) A quota of votes per seat shall be determined by dividing the total number of votes cast in the province concerned by the number of seats, plus one, determined for such province and the result plus one, disregarding fractions, shall be the quota of votes per seat for such province
 - (b) The number of seats to be awarded to a party for the purposes of paragraph (d) shall, subject to paragraph (c), be determined by dividing the total number of votes cast in the province in favour of such party by the quota of votes per seat determined in terms of paragraph (a);
 - (c) Where the result of the calculation in terms of paragraph (b) yields a surplus not absorbed by the number of seats awarded to a party concerned, such surplus shall compete with other similar surpluses accruing to any party or parties in respect of the province concerned, and any seat or seats not awarded in terms of paragraph (b), shall be awarded to the party or parties concerned in sequence of the highest surplus;
 - (d) The aggregate of a party's awards in terms of paragraph (b) and (c) shall indicate that party's provisional allocation of seats in the provincial legislature in question; and
 - (e) If no recalculation of provisional allocations for a province concerned is required in terms of section 47, the provisional allocation of seats in respect of that province in terms of paragraph (d) shall become the final allocation of such seats to the various parties, and if such a recalculation is required the provisional allocation of such seats as adjusted in terms of section 47 shall become the final allocation of such seats to the various parties.
47. (1) If a party has submitted a provincial list containing fewer names than the number of seats provisionally allocated to in terms of section 46(d), it shall forfeit a number of seats equal to the deficit.
- (2) In the event of any forfeiture of seats in terms of subsection (1), the allocation of seats in respect of the provinces concerned shall be recalculated as follows-
- (a) The party forfeiting seats shall be in such recalculation, and its provisional allocation of seats in terms of section 46(d), minus the number of seats forfeited by it in respect of its list for such province,

shall become its final allocation of seats in the provincial legislature concerned;

- (b) An amended quota of votes per seat shall be determined in respect of such province by dividing the total number of votes cast in the province, minus the number of votes cast in the province in favour of the party referred to in paragraph (a), by the number of seats, determined in terms of section 43 in respect of the province concerned, minus the number of seats finally allocated to the said party in terms of paragraph (a);
- (c) The result plus one, disregarding fractions, shall be the amended quota of votes per seat in respect of such province for purposes of the said recalculation;
- (d) The number of seats to be awarded for the purposes of paragraph (f) shall, subject to paragraph (e), be determined by dividing the total number of votes cast in favour of such party in such province by the amended quota of votes per seat indicated by paragraph (c) for such province;
- (e) Where the result of the calculation in terms of paragraph (d) yields a surplus not absorbed by the number of seats awarded to a party concerned, such surplus shall compete with other similar surpluses accruing to any party or parties in respect of the province concerned, and any seat or seats not awarded in terms of paragraph (d), shall be awarded to the party or parties concerned in sequence of the highest surplus;
- (f) The aggregate of such a party's awards in terms of paragraphs (d) and (e) in respect of such province shall, subject to subsection (3), indicate that party's final allocation of the seats determined under section 43 in respect of that province.

(3) In the event of a party being allocated an additional number of seats in terms of this section, and its list in question then not containing the names of a sufficient number of candidates as set out in subsection (1), the process provided for in this section shall *mutatis mutandis* be repeated until all seats have been allocated.

Vacancies

48. Until the first elections for the National Assembly and provincial legislatures take place after the coming into operation of this Act, vacancies in the respective legislatures will be filled in terms of Schedule 2 of the interim Constitution as amended by items 6(3)(c) and 11(1)(c) of Schedule 6 of the Constitution.
