NOTICE 2844 OF 2004**INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF
SOUTH AFRICA****TERMINATION OF INVESTIGATION INTO THE ALLEGED DUMPING OF
FORGED OR STAMPED, BUT NOT FURTHER WORKED, GRINDING BALLS
AND SIMILAR ARTICLES FOR MILLS ORIGINATING IN OR IMPORTED FROM
THE PEOPLE'S REPUBLIC OF CHINA (PRC)**

On 03 October 2003, the International Trade Administration Commission of South Africa (the Commission), formally initiated an investigation into the alleged dumping of forged or stamped, but not further worked, grinding balls and similar articles for mills, commonly referred to as forged grinding balls (subject products), originating in or imported from the People's Republic of China (PRC).

Notice of the initiation of the investigation was published in Notice No. 2522 of *Government Gazette* No. 25492 dated 03 October 2003. The application was lodged on behalf of the Southern African Customs Union (SACU) industry by Scaw Metals: A Division of Anglo Operations, which alleged that the dumped imports were causing material retardation of the establishment of the SACU industry.

The investigation was initiated after the Commission considered that there was sufficient evidence to show that the subject product was being imported at dumped prices, causing material retardation of the establishment of the SACU industry.

On initiation of the investigation, known producers and exporters of the subject product in the PRC were sent foreign manufacturers/exporters questionnaires to complete. The exporters in the PRC requested that they be granted market economy treatment. As a result, the market economy treatment (MET) questionnaires were sent to them for completion. Importers of the subject product were also sent questionnaires to complete.

On 19 May 2004, the Commission, after considering the responses from interested parties, made a preliminary determination that the subject products originating in or imported from the PRC were being dumped onto the SACU market and that the SACU industry was suffering injury. The Commission, however, made a preliminary determination that the inability of the applicant to capture sufficient market share, even though its selling prices were undercutting those of the imported subject products, sufficiently detracted from the causal link. The Commission, therefore, did not find a causal link between the dumped imports originating in or imported from the PRC and the injury experienced by the Applicant.

The Commission, therefore, made a preliminary determination to recommend to the Minister of Trade and Industry that the investigation into the alleged dumping of forged or stamped, but not further worked, grinding balls and similar articles for mills originating in or imported from the PRC, be terminated.

The Commission's detailed reasons for its decision were set out in Commission Report No.60 (preliminary report).

On 20 October 2004, after considering all parties' comments and representations in respect of the preliminary report and letters of essential facts, the Commission made a final determination that the subject products originating in the PRC and manufactured by Changshu Longteng Special Steel Co. Ltd and Pangang Group International Economic & Trading Company and exported into the SACU by Minmetals Australia (Pty) Ltd were not being dumped into the SACU market. As the Commission considered that there could be other manufacturers of the subject product in the PRC, a residual dumping margin was calculated.

The Commission also made a final determination that the establishment of the forged or stamped, but not further worked, grinding balls and similar articles for mills industry in the SACU was being materially retarded.

The Commission, however, confirmed its preliminary determination that the inability of the applicant to capture sufficient market share, even though its selling prices are undercutting those of the imported subject products, sufficiently detracted from the causal link. The Commission, therefore, did not find a causal link between the dumped imports originating in or imported from the PRC and the injury experienced

by the Applicant.

The Commission, therefore, decided to recommend to the Minister of Trade and Industry that the investigation into the alleged dumping of forged or stamped, but not further worked, grinding balls and similar articles for mills originating in or imported from the PRC, be terminated, which was accepted by the Minister of Trade and Industry.

The Commission's detailed reasons for its decision are set out in Commission Report No.82 (Final report).

Enquiries may be directed to the investigating officers, Mr Ephraim Mogashoa at telephone (012) 394 3595 and Mr Albert Strydom at (012) 394 3597, or at fax (012) 395 0518.

5.180 Management and Advice in respect of other investments [Reserved]

5.180.1 A broking member (equities) authorised in terms of 5.170 to operate managed accounts on behalf of clients shall not conduct transactions in other investments on behalf of such clients or provide advice to any clients in respect of such investments without prior notification to the Director: Surveillance, in writing, of its intention to conduct such transactions or provide such advice.

5.180.2 In order for the JSE to identify the scope of a broking member (equities) activities in other investments, the written notification to the Director: Surveillance referred to in 5.180.1 shall indicate which specific investments the member is intending either to transact in on behalf of its managed account clients or to provide advice on, or both.

5.180.3 The details which are required to be submitted to the Director: Surveillance in terms of 5.180.2 shall specify the particular types of other investments in which activity is to be conducted, but need not include the name of the particular investments.

5.180.4 The failure by a broking member (equities) to provide the notification referred to in 5.180.1 and 5.180.2 prior to undertaking the relevant activity may result in the JSE imposing restrictions or a prohibition on the member's activities in other investments.

5.180.5 If a broking member (equities) has previously notified the Director: Surveillance in terms of 5.180.1 and 5.180.2 of its intention to conduct activity in any other investments and the member ceases to conduct activity in respect of one or more particular types of investments, with no intention of resuming activity in such investments in the foreseeable future, the member shall notify the Director: Surveillance forthwith, in writing, of such cessation of activity.

5.180.6 Any decision by a broking member (equities) to invest in other investments on behalf of a managed account client shall be made with due regard to the relevant provisions of the Code of Conduct in Directive AF, particularly the provisions relating to the General Conduct Towards Clients in Directive AF2 and the Exercise of Discretion in Directive AF3.

5.180.7 A broking member (equities) shall not effect transactions in other investments on behalf of a managed account client unless the client has given his general consent to such transactions being effected, in the mandate referred to in 5.170.4.

5.180.8 Every broking member (equities) who purchases other investments on behalf of a managed account client and who is responsible for safeguarding such investments shall comply with the following requirements:

- 5.180.8.1 the relevant investments shall be segregated from the member's own assets at all times. If the investments are held in an account maintained by another financial services provider, the account shall either be opened in the client's own name or, if the member opens a single account in respect of transactions executed on behalf of more than one client, the member shall procure that the account is clearly designated in the records of the relevant financial services provider as being an account utilised for investments made by the member on behalf of its clients;
- 5.180.8.2 the broking member (equities) shall maintain proper accounting records in respect of all other investments purchased or sold on behalf of managed account clients. These records shall be updated forthwith in respect of any transactions in other investments and shall clearly identify the beneficial owners of all such investments at all times;
- 5.180.8.3 the broking member (equities) must balance their clients' holdings in other investments, as reflected in the member's records, with the accounts maintained by the other financial services providers who hold such investments, on a monthly basis. Any differences identified between the respective records must be rectified forthwith.
- 5.180.9 Every broking member (equities) who is responsible for safeguarding other investments on behalf of a managed account client shall implement and maintain an effective system of internal controls to protect such investments and prevent unauthorised access thereto.
- 5.180.10 The operation of a managed account which includes transactions in other investments which constitute foreign investments shall also be subject to 5.340.
- 5.180.11 The provisions of 5.180.6 to 5.180.10 shall not apply to a broking member (equities) if the Director: Surveillance determines in terms of 5.180.11.1 to 5.180.11.4 that the majority of such member's business activities, based on the factors in 5.180.11.2, do not relate to trading in securities as a broking member (equities) and, if applicable, trading in listed financial instruments as a broking member (derivatives). Such a member shall be required to obtain a licence to operate as a financial services provider in terms of the FAIS Act in respect of any advice or intermediary services which it provides to clients relating to other investments, and the relevant provisions of that Act shall apply to such advice or intermediary services.
- 5.180.11.1 At the time that a broking member (equities) advises the Director: Surveillance in terms of 5.180.1 of its intention to conduct activity in relation to other investments, if the member reasonably believes that 5.180.11 may apply to that member, based on the factors in 5.180.11.2, the member shall advise the Director: Surveillance accordingly. The Director: Surveillance may then request such information from the member as is necessary to determine whether 5.180.11 will in fact apply to that member.
- 5.180.11.2 In order for the Director: Surveillance to determine whether or not 5.180.11 will apply to a broking member (equities), the following factors will be considered in relation to the member's activity in securities as a broking member (equities) and, if applicable, in listed financial instruments as a broking member (derivatives), in comparison to its other areas of business activity in other financial products:

- 5.180.11.2.1 the value of client assets managed by the member in relation to the respective areas of business activity;
- 5.180.11.2.2 the value of transactions in the respective areas of business activity;
- 5.180.11.2.3 the revenue earned by the member in the respective areas of business activity; and
- 5.180.11.2.4 any other factors which are deemed by the Director: Surveillance to be relevant to such determination.
- 5.180.11.3 After reviewing the information submitted by the broking member (equities) in terms of 5.180.11.1, the Director: Surveillance will advise the member, in writing, whether 5.180.11 will apply to that member.
- 5.180.11.4 In the event that a broking member (equities) advises the Director: Surveillance in terms of 5.180.1 of its intention to conduct activity in relation to other investments but does not indicate that it believes that 5.180.11 may apply to such member, and the Director: Surveillance has reason to believe, either at that time or subsequently, that 5.180.11 may in fact apply to that member, the Director: Surveillance may request such information from the member as is necessary to determine whether 5.180.11 will apply to that member. The provisions of 5.180.11.3 will then be applied.

5.190 Management and Advice in respect of options listed as securities [Reserved]

- 5.190.1 Notwithstanding the fact that a managed account client may have given their general consent to a broking member (equities) to effect transactions in securities on behalf of the client and may have given discretion to the broking member (equities) to conduct such transactions, a broking member (equities) may not conduct transactions in options listed as securities without the specific prior consent of the client. Such consent shall be obtained from the client in writing and shall specifically state that the broking member (equities) is authorised to invest in listed options on behalf of the client, as well as indicating whether there are any specific conditions or restrictions applicable to such investments which are not otherwise contained in the managed account mandate.
- 5.190.2 The specific consent to be obtained from the client in respect of transactions in options listed as securities, as referred to in 5.190.1, may only be elicited once the broking member (equities) has –
 - 5.190.2.1 considered whether such investments are appropriate for the client in relation to the client's financial situation, investment experience and investment objectives; and
 - 5.190.2.2 advised the client, in writing, of the risks associated with trading in options.

Die Direkteur: Toesighouding mag dan inligting van die lid versoek wat nodig mag wees om te bepaal of 5.180.11 wel op die lid van toepassing is.
