NOTICE 946 OF 2005**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****NOTICE OF INITIATION OF AN INVESTIGATION INTO THE ALLEGED CIRCUMVENTION OF THE DUMPING DUTY ON FLAT-ROLLED PRODUCTS OF IRON OR NON ALLOY STEEL, CLAD, PLATED OR COATED: PAINTED VARNISHED WITH PLASTICS ORIGINATING IN OR IMPORTED FROM AUSTRALIA, THROUGH IMPORTS FROM MALAYSIA**

On 4 April 2004 final anti-dumping duties were imposed on iron or non alloy steel, clad or coated, painted varnished or coated with plastics (colour coated steel) originating in or imported from Australia pursuant to Notice No R.440 of Government Gazette No. 26226.

Subsequent to the initiation of the anti-dumping investigation, colour coated steel were found to be exported to the SACU market by a company in Malaysia, which claim to be related to the exporter in Australia. The International Trade Administration Commission (the Commission) received an application from the major SACU producer alleging that this constitutes circumvention in the form of country hopping.

Country hopping as defined in section 60.8 of the Anti-Dumping Regulations ADR which reads as follows:

"Country hopping shall be deemed to take place if imports, following the imposition of anti-dumping duties or provisional payments or the initiation of an anti-dumping investigation switch to a supplier related to the supplier against which an anti-dumping investigation has been or is being conducted and that is based in another country or customs territory."

THE APPLICANT

The application was lodged by Mittal SA Steel Ltd being the major manufacturer of the product under investigation in the SACU.

THE PRODUCT

The product allegedly being dumped is iron or non alloy steel, clad or coated, painted varnished or coated with plastics (colour coated steel), classifiable under tariff subheadings 7210.70 and 7212.40, originating in or imported from Malaysia.

THE ALLEGATION OF DUMPING

The allegation of dumping is based on the comparison between the normal value in and the export price from Malaysia. The Applicant obtained the normal value for Malaysia from the highest comparable export price of the like product from Malaysia to a third country according to section 32(2) (b) of the ITA Act. The third country chosen was Mauritius. The export price was determined based on the official import statistics obtained from the South African Revenue Service (SARS). On this basis, the Commission found that there was *prima facie* proof of dumping.

THE ALLEGATION OF MATERIAL INJURY

Section 62,2 of the Anti-Dumping Regulations provides as follows:

"Provided an anti-circumvention complaint is lodged with the Commission prior to, or within one year of the publication of the Commission's final determination, the SACU industry shall not be required to update its injury information."

Accordingly, the Commission confirmed the injury information submitted by the SACU industry for purposes of the investigation into the alleged dumping of coated steel products origination or imported from Australia.

The Applicant submitted sufficient evidence to show that there is price undercutting and that the imports in question are depressing and suppressing its selling prices. The Applicant's information indicated a decline in sales, profit margins, output and market share. It further indicated that there is a negative effect on cash flow, return on investment, wages, growth, the ability to raise capital and employment. It was also evident that the decrease in market share has been at the expense of a corresponding increase in the market share of the allegedly dumped goods. On this basis the Commission found that there was *prima facie* proof of material injury and causal link.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the dumping in Malaysia will be from 1 January 2003 to 31 December 2003.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporter, and known representative associations. The trade representatives of the exporting countries have also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- X where confidential information has been omitted and the nature of such information;
- X reasons for such confidentiality;
- X a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- X in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously, will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;*
- (b) financial accounts of a private company;*
- (c) actual and individual sales prices;*
- (d) actual costs, including cost of production and importation cost;*
- (e) actual sales volumes;*
- (f) individual sales prices;*
- (g) information, the release of which could have serious consequences for the person that provided such information; and*
- (h) information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."

PROCEDURES AND TIME LIMITS

All responses, including non-confidential copies of the responses, should be received by the Director: Trade Remedies not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period. Merely citing insufficient time is not an acceptable reason for extension. Please note that the Commission will not consider requests for extension by Embassies on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted will subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the

Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the investigating officers, Mr J Heukelman + 27 12 3943 635 or Mr K Modimokwane at telephone +27 12 394 3637 and Fax no. +27 12 394 0518.

NOTICE 947 OF 2005**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****NOTICE OF INITIATION OF AN INVESTIGATION INTO THE ALLEGED DUMPING OF
FEED SUPPLEMENTS, CONTAINING, BY MASS, 40 PER CENT OR MORE LYSINE,
WHETHER OR NOT CONTAINING ADDED ANTIBIOTICS OR ADDED MELENGESTROL
ACETATE COMMONLY KNOWN AS "L-LYSINE SULPHATE AND ITS BYPRODUCTS
FROM FERMENTATION (BIOLYS)" ORIGINATING IN OR IMPORTED FROM THE
UNITED STATES OF AMERICA (USA)**

The International Trade Administration Commission (the Commission) accepted an application alleging that feed supplements, containing, by mass, 40 per cent or more lysine, whether or not containing added antibiotics or added melengestrol acetate commonly known as "L-Lysine sulphate and its byproducts from fermentation (Biolys)" originating in or imported from the USA is being dumped on the Southern African Customs Union (SACU) market, causing or threatening to cause material injury to the SACU industry concerned.

THE APPLICANT

The application was lodged by SA Bioproducts (Pty) Ltd (Applicant), being the only manufacturer of the product under investigation in the SACU. The Applicant alleges that it cannot compete with the low prices charged by the importers and that the allegedly dumped products are causing it or threatening to cause it material injury. The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that an investigation should be initiated on the basis of dumping, material injury and/or threat of material injury and causality.

THE PRODUCT

The product allegedly being dumped is feed supplements, containing, by mass, 40 per cent or more lysine, whether or not containing added antibiotics or added melengestrol acetate commonly known as L-Lysine sulphate and its byproducts from fermentation (Biolys), classifiable under tariff subheading 2309.90.65, originating in or imported from the USA.

The SACU product is described as "Lysine and its esters; salts thereof commonly known as L-Lysine HCL (Feed Grade) 98.5%", classifiable under tariff subheading 2922.41.

The Applicant alleges that the imported product and the SACU product are substitutes. In substantiating its claim the Applicant submitted a report titled: "Comparing different sources L-Lysine for animal feed (Summary-popular science level) by Dr LG Ekermans, DSc (Animal Science). The Applicant also submitted a letter from Prof. Rob Gous, Head of Discipline for Animal Science and Poultry Science, at the University of Natal, who also confirmed that Biolys is a substitute product for L-Lysine HCL.

Furthermore, the Applicant submitted a report conducted by the Department of Trade Industry's Enterprise Industry Development Division comparing the technical characteristics of L-Lysine and Biolys.

Based on the information contained in the above documents the Commission decided that the Applicant submitted *prima facie* information that the imported product (Biolys) and the SACU product (L-Lysine HCL) are substitutes and therefore "like products" in terms of Article 2.6 of the Anti-Dumping Agreement and the Commission's Anti-Dumping Regulation 1.

THE ALLEGATION OF DUMPING

The allegation of dumping is based on the comparison between the normal value in the USA and the export price from the USA. The normal value for L-Lysine Sulphate was determined based on information obtained from a source in the USA.

The export price was determined based on the official import statistics for the period January 2004 to December 2004 obtained from the South African Revenue Service. On this basis, the Commission found that there was *prima facie* proof of dumping.

THE ALLEGATION OF MATERIAL INJURY AND/OR THREAT OF MATERIAL INJURY

The Applicant alleges and submitted sufficient evidence to show that there is price undercutting and that the imports in question are depressing and suppressing its selling prices. The Applicant's information indicated a decline profit margins, market share and capacity utilisation. It also indicated an increase in inventories. It further indicated that there is a negative effect on cash flow, return on investment, growth, the ability to raise capital and employment. It was also evident that the decrease in market share has been at the expense of a corresponding increase in the market share of the allegedly dumped goods.

The Applicant also alleges and submitted sufficient evidence to show that there was a significant increase of the dumped imports, that the exporter has a freely disposable capacity and that the exporter holds large amounts of stock.

On this basis the Commission found that there was *prima facie* proof of material injury and /or threat of material injury and causal link.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the dumping margins in the respective exporting country or country of origin will be from January 2004 to December 2004. The period of investigation for purposes of determining injury will be from January 2002 to December 2004. If there are subsequent events that are relevant to injury, the Commission may later request and consider further, more recent information.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the petition and questionnaires to all known importers and exporters, and known representative associations. The trade representative of the exporting country has also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- X where confidential information has been omitted and the nature of such information;
- X reasons for such confidentiality;
- X a summary of the confidential information which permits a reasonable

- understanding of the substance of the confidential information; and
- X in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

Provided that a party submitting such information indicates it to be confidential."

Reason for the application:

- 1) Raw material not available in the SACU as Orchem, a subsidiary of Karbochem, terminated production due to the high cost of production, low volumes of the SACU demand and the low competitive prices of imported products.
 - 2) Existing duty exerts pressure on production costs of downstream products and hence rendering the final product uncompetitive when compared to similar imported end products.
 - 3) Upstream and downstream manufacturers in this industry saw it necessary to apply for a removal of the rate of duty.
3. Sunglasses classifiable under tariff subheading 9004.10 from 10% ad valorem to free of duty

BOARD NOTICES RAADSKENNISGEWINGS

BOARD NOTICE 55 OF 2005

EXPLANATORY NOTE

The South African Council for the Property Valuers Profession ("the Council"), under section 37, read with sections 19(1)(d) and 20 of the Property Valuers Profession Act, 2000, intends to make the attached rules.

The proposed rules amend Annexure D.2 to the Rules for the Property Valuers Profession, 2000, as amended, ("the Rules"), so as to provide in clear terms that only estate agents in possession of a valid fidelity fund certificate may be registered by virtue of the provisions of the said Annexure D.2. The provisions of the said Annexure D.2 provide for the registration of candidate single residential property assessors and single residential property assessors, respectively. These provisions are sanctioned by section 19(1)(d) of the Act which authorizes the Council to prescribe (by way of a rule) "specified categories" of registration.

At the moment the provisions of the said Annexure D.2 do not limit the said registrations to an estate agent in possession of a valid fidelity fund certificate (the original intention), with the result that candidate valuers (therefore, prospective professional associated valuers and professional valuers) now wish to be registered in the said lesser category of candidate single residential property assessor – an alternative (departure or diversion) which was neither intended nor foreseen when the category concerned was included in the Rules and which now can only have negative and unjustified consequences to the property valuers profession as a whole. The Council cannot allow this to happen – hence the proposed limitation or qualification, namely that only certain persons be allowed to be registered in the category concerned.

Interested persons and bodies are invited to submit written comments on the proposed rules on or before 8 July 2005 to the Registrar : South African Council for the Property Valuers Profession, by –

- mail to P O Box 114, MENLYN 0063;
- Fax to (012) 348 7528;
- e-mail to info @ sacvp.co.za; or
- hand delivery to 77 Kariba Street, LYNNWOOD GLEN, Pretoria.

BOARD NOTICE 56 OF 2005
PROPERTY VALUERS PROFESSION ACT, 2000
FOURTH AMENDMENT TO RULES

The South African Council for the Property Valuers Profession, under section 37 of the Property Valuers Profession Act, 2000, hereby makes the rules in the Schedule

SCHEDULE

Definitions

1. In these rules, unless the context otherwise indicates –
 - (i) “the Act” means the Property Valuers Profession Act, 2000 (Act No. 47 of 2000); and
 - (ii) “the Rules” means the Rules for the Property Valuers Profession, 2003, as amended.

Amendment of rule 8 of Rules

2. Rule 8 of the Rules is hereby amended by the substitution for subrule 2 of the following subrule:

- “(2) An applicant may apply to the council for registration in more than one category referred to or contemplated in section 19(1) of the Act, provided –
- (a) that a separate application form with separate supporting information and documents, as well as the applicable registration fee and charges, accompany the application in respect of each category;
 - (b) that an applicant may not at the same time be registered in more than one category; and
 - (c) that when the council registers an applicant in a category other than the category in which the applicant has been registered, the previous registration lapses by that very fact.”.

Amendment of Annexure D.2 to Rules

3. Annexure D.2 to the Rules is hereby amended by the insertion before item 1 of the following item:

“Registration of Estate Agents

- A1. (1) Without derogating from the provisions of section 20(2) of the Act, the council shall, in addition, be satisfied that an applicant wishing to be registered as a candidate single residential property assessor or a single residential property assessor –

- (a) is an estate agent as defined in section 1 of the Estate Agency Affairs Act, 1976 (Act No. 112 of 1976); and
 - (b) is in possession of a valid fidelity fund certificate as defined in section 1 of the Estate Agency Affairs Act, 1976 (Act No. 112 of 1976).
- (2) Without derogating from the provisions of section 21 of the Act, and in addition, the registration of a candidate single residential property assessor or a single residential property assessor shall, by that very fact, lapse if the fidelity fund certificate of the said registered person is withdrawn or lapses in terms of section 28 of the Estate Agency Affairs Act, 1976 (Act No. 112 of 1976).
- (3) Any applicant whose application for registration as a single residential property assessor is pending at the date of commencement of item A1 or who does not already comply with subrule (1)(a) and (b), shall within 12 months from that date, or a further period determined by the council, comply with subitem (1)(a) and (b).
- (4) The registration of any person who at the date of commencement of item A1 is registered as a candidate single residential property assessor and who does not comply with subsection (1)(a) and (b), lapses after 12 months from that date, or a further period determined by the council, unless the candidate single residential property assessor complies with subitem (1)(a) and (b)."

4. These rules shall be called the Fourth Amendment to the Rules.
