OF CATEGORY O3 AND O4**

I, Mandisi Mpahlwa, Minister of Trade and Industry, hereby under Section 22(1)(a)(i) of the Standards Act, 1993 (Act No. 29 of 1993), and on the recommendation of the Council of the South African Bureau of Standards, withdraw the current Compulsory Specification for *vehicles of category O3 and O4*, and replace it with the Compulsory Specification as set out in the attached schedule, with effect from the date two (2) months from of publication of this notice.

M Mpahlwa
Minister of Trade and Industry

SCHEDULE

COMPULSORY SPECIFICATION FOR VEHICLES OF CATEGORY O₃ AND O₄

1 Scope

1.1 This specification covers the requirements for vehicles of category O₃ and O₄ designed or adapted for the conveyance of goods and for operation on a public road, including any category O₃ and O₄ vehicle not previously registered in South Africa.

NOTE New vehicles of category O₃ and O₄ designed and constructed for the purpose of the carriage of passengers, as in a semi-trailer bus, are also subject to the relevant requirements for category M₂ and M₃ motor vehicles (buses).

1.2 The requirements of the specification shall, in so far as the parts already incorporated are concerned, apply in respect of an incomplete vehicle supplied for further manufacture by one manufacturer to another, and the entire specification shall apply to the vehicle after completion thereof by the last-mentioned manufacturer.

1.3 The specification does not apply to experimental or to prototype trailers constructed or imported by the original manufacturer or by importers for the purpose of testing, assessment or development, or to those military trailers that embody ordnance or missile systems, or to agricultural trailers.

1.4 The relevant requirements of this specification that take effect on any specified date, shall not apply to vehicles manufactured or imported before that date.

1.5 Homologation shall comprise the confirmation by the Regulatory Authority that the manufacturer has provided the Regulatory Authority with the following specific evidence in respect of the commodity covered by this compulsory specification:

- a) a summary of evidence showing that all relevant tests have been conducted with successful results under appropriate controls in respect of the model or the type of the commodity;
- b) sufficient data to enable a relevant model or type and its components to be identified and related to (a) above;
- c) relevant samples for the conducting of whatever tests and inspections are considered appropriate by the Regulatory Authority, to verify any or all of the evidence provided;
- d) details of the quality management system applied by the manufacturer;
- e) when relevant, documentation to advise subsequent manufacturers of incomplete commodities of their responsibilities; and
- f) agreement by the manufacturing source, to permit conformity of production audits to be carried out by the Regulatory Authority at the relevant manufacturing, assembling and test facilities.

The Regulatory Authority may issue such confirmation, on application, in respect of new models or types, provided that such confirmation may not be used for the purpose of advertising or to imply that all units of the commodity necessarily or consequently comply with all the requirements of this specification.

1.6 Where an SABS standard, including an international standard, or an ECE regulation adopted by the SABS, is incorporated by reference into this specification, only the technical requirements/specification for the commodity, and the tests to verify the compliance, apply.

NOTICE 291 OF 2008

COMPETITION COMMISSION

APPLICATION FOR AN EXEMPTION

Notice is hereby given in terms of section 10(6)(a) of the Competition Act, No. 89 of 1998, as amended ("the Act"), that the South African Airways (Pty) Ltd (herein referred to as "SAA"), a state owned company, registered in terms of the Company Act of 1973, has applied to the Competition Commission ("the Commission"), in terms of section 10(1) of the Act, for an exemption from certain provisions of Chapter 2 of the Act. SAA provides passenger air transportation services both in South Africa and internationally.

The subject matter of the application is a code share agreement which SAA entered into with Qantas Airways Limited ("Qantas"), an Australian airline which also provides passenger air transportation services globally. The agreement concerns the direct airline routes between South Africa and Australia.

It is to be noted that the Commission had previously exempted this agreement and SAA is in essence asking the Commission to consider granting an extension. In particular, SAA has requested the Commission that it be permitted to engage in the following activities with Qantas:

- ❑ Co-ordinate their activities in respect of the direct routes between South Africa and Australia.
- ❑ Divide the market by allocating territories, in terms of which SAA is to operate on the route between Johannesburg and Perth, while Qantas will service the Johannesburg / Sydney route.
- ❑ Acquire blocks of seats through a hard block arrangement, in various classes, on each other's aircraft.

The Commission found, in its previous assessments, that the agreement constitutes geographic market sharing, in contravention of section 4(1)(b) of the Act. However, the Commission granted an exemption as it was satisfied that the agreement contributes to the objectives set out in section 10(3)(b) of the Act, being the maintenance or promotion of exports [section 10(3)(b)(i)]; and a change in productive capacity necessary to stop decline in an industry [section 10(b)(3)(iii)].

SAA therefore seeks an extension for a further 3 (three) year period.

Notice is further hereby given, as required by section 10(6)(b) of the Act, to allow interested parties to make written representations as to why the exemption should not be granted. Interested parties have 20 business days from the date of this notice to submit their representations to the Commission.

Such representations should be directed to:

Short title

3. This Notice is called The Policyholder Protection Rules (Short-term Insurance) Variation Notice, 2008.

SCHEDULE B

MEMORANDUM OF REASONS FOR AND OBJECTS OF VARIATION OF RULE 7.4 OF THE
POLICYHOLDER PROTECTION RULES (SHORT-TERM INSURANCE), 2004

Introductory

1. Rule 7.4(a) currently determines that the insurance party (insurer or intermediary) involved shall ensure that where a decision has been made as to the rejection of any claim under a policy or where the quantum of a claim is in dispute, the policyholder concerned must be informed of the reason for the decision in writing and that the policyholder has a period of not less than 90 days after the date of the relevant decision to make representations to the relevant insurer in respect of such a decision. The 90 days referred to above is in addition to any time-barring period contained in the policy for challenging the decision.

Reason

2. The main reason for proposing variations to Rule 7.4 of the Policyholder Protection Rules (PPRs) is based on specific comments that were made by some judges in a recent Constitutional Court case of B.P. Barkhuizen vs. R.S. Napier regarding the reasonableness and justifiability of the time-barring period for challenging the rejection of a claim.

Objective

3. If there was no provision for a time-barring clause in the Rules, the insured would, in terms of the Prescription Act have a period of three years from the date on which the debt becomes due to institute action against the insurer. The provisions of the Prescription Act were however, tempered by the introduction of a time-barring clause in the PPRs. The time-barring clause introduced in the PPRs had the effect of shortening the three years period to 90 days within which a policyholder has to issue a summons after the rejection of his/her claim by an insurer or when he/she is not in agreement with the quantum of the claim.

4. The rationale for the introduction of the time-barring period in the PPRs was to ensure that claims come to the attention of insurers speedily and that insurers have the advantage of recency to be able to investigate the circumstances leading to the claim. One example of a consequence of not acting speedily could be that evidence can become unavailable or that an essential witness becomes unavailable or forgets the circumstances relating to the claim. However, the counter argument to the above is that while the need for acting speedily certainly is clearly important, the consequences of failing to claim timeously could be to the detriment of the insured. The proposed 180 days time-barring period is an attempt to be fair and reasonable to both insurers and insured persons.

5. As far as the nature and extent of the limitation is concerned, the time-barring period for challenging the rejection of a claim or disputing the quantum of a claim, involves a far-reaching and drastic protection of the insurer to the detriment of the insured. The challenge was for the regulator to decide whether to take action to address this matter.

Decision

6. After lengthy deliberations with the industry representative body and consultations with the Short-term Insurance Advisory Committee it was agreed that the current minimum requirement of a 90 days time-barring period be replaced with a minimum 180 days time-barring period to challenge the rejection of a claim or dispute the quantum of a claim.

Commencement

7. It is currently expected that the so varied Rule 7.4 will come into operation on 1 September 2008.
