DEPARTMENT OF SAFETY AND SECURITY DEPARTEMENT VAN VEILIGHEID EN SEKURITEIT

No. 865

15 August 2008

The National Instruction on Sexual Offences is hereby published in terms of section 66(1) of the Criminal Law (Sexual Offences and Related Matters) Amendment Act, 2007 (Act No. 32 of 2007) for general information.

T.C. WILLIAMS
ACT/NATIONAL COMMISSIONER

National Commissioner: South African Police Service

NATIONAL INSTRUCTION 3/2008

SEXUAL OFFENCES

1. Background

The Criminal Law (Sexual Offences and Related Matters) Amendment Act, 2007 (Act No. 32 of 2007) creates a framework which will ensure the provision of adequate and effective protection to *victims of sexual offences*. The purpose of this National Instruction is to ensure that members render a professional service to *victims* in respect of the investigation of offences of this nature and to assist *victims* in this regard.

2. Definitions

In this instruction, unless the context otherwise indicates, –

- (a) “**child**” means a person below the age of 18 years;
- (b) “**crime scene**” means the place, including, where applicable, the vehicle or vessel at or in which an alleged *sexual offence* took place;
- (c) “**health care professional**” means the district surgeon or a person appointed by the Department of Health to conduct a medical examination of a *victim* of a *sexual offence*;
- (d) “**interested person**” means any person who has a material interest in the well-being of a *victim*, including a spouse, same sex or heterosexual permanent life partner, parent, guardian, family member, care giver, curator, counsellor, *medical practitioner*, health service provider, social worker or teacher of such *victim*;
- (e) “**investigating officer**” means a member of the Service designated to investigate the complaint of a *sexual offence*. If no member has yet been designated as such, the member or detective on standby. If the *victim* of the offence is a *child*, only a member trained by the FCS unit may be designated as *investigating officer*;
- (f) “**medical practitioner**” means a person registered as a medical practitioner in terms of the Health Professions Act, 1974 (Act No. 56 of 1974), and who, for purposes of section 33 of the *Act*, is authorised to take blood samples as contemplated in Chapter 5 of the *Act*;
- (g) “**nurse**” means a person registered as such in terms of the Nursing Act, 2005 (Act No. 33 of 2005) and who, for purposes of section 33 of the *Act*, is authorised to take blood samples as contemplated in Chapter 5 of the *Act*;
- (h) “**PEP**” means Post Exposure Prophylaxis, which is medical treatment to minimize the risk of HIV infection;

National Instruction 3 /2008	Sexual Offences
------------------------------	-----------------

- (i) **"public health establishment"**, means a place designated by the Minister of Health (set out in Annexure A) to provide *PEP* to *victims* and to carry out compulsory HIV testing;
- (j) **"sexual offence"** means any offence contained in Annexure B;
- (k) **"the Act"** means the Criminal Law (Sexual Offences and Related Matters) Amendment Act, 2007 (Act No. 32 of 2007); and
- (l) **"victim"** means a person, irrespective of gender or age, alleging that a sexual offence has been perpetrated against him or her.

3. Responsibility of Station Commissioner

- (1) Every station commissioner must liaise with local representatives of the Departments of Health (including representatives of *Public Health Establishments*, referred to in Annexure A, that are within the station area), the Department of Social Development, the local Community Police Forum and any other relevant local institution, to identify local organisations which are willing and able to provide counselling and other support services (including medical services) to *victims*.
- (2) After having identified the organisations referred to in subparagraph (1), the station commissioner must liaise with the said organisations to determine –
 - (a) the specific services that are rendered by each;
 - (b) whether the services are rendered after hours, during weekends and on public holidays, and, if so, the after hour contact numbers that may be used to access the services;
 - (c) whether the services are rendered free of charge or at a fee; and
 - (d) the contact particulars of each.
- (3) The station commissioner must compile a list of the relevant organisations and include in it, in respect of each organisation, at least the information referred to in subparagraph (2) as well as information relating to hospitals, ambulance services and *health care professionals* that may be contacted to provide medical treatment to *victims*.
- (4) The original list referred to in subparagraph (3) must be kept by the station commissioner who must update it at least once every six months.
- (5) The station commissioner must ensure that a copy of –
 - (a) *the Act*;
 - (b) the Regulations promulgated in terms thereof;
 - (c) this National Instruction;
 - (d) the station orders issued by him or her in terms of subparagraph (6); and
 - (e) the list referred to in subparagraph (3);

National Instruction 3 /2008 **Sexual Offences**

are at all times available in the Community Service Centre and that a copy of the list referred to in subparagraph (3) is at all times available in each police vehicle at his or her station which is utilized to attend to complaints.

- (6) The station commissioner must, taking into account the unique circumstances prevailing in his or her specific station area, available resources, etc., issue station orders –
 - (a) requiring a member under his or her command to inform a *victim* of the services rendered by organisations mentioned in the list and how to inform the *victim* thereof (e.g. by providing the *victim* with a copy of the list or allowing the *victim* to peruse the list or reading the information from the list to the *victim*);
 - (b) setting out the steps that must be taken by such member to assist the *victim*, when requested thereto by the *victim*, to gain access to any service rendered by an organisation mentioned in the list or to obtain medical treatment should this be required; and
 - (c) in general, instructing members under his or her command on any other matter relating to the treatment of *victims* which he or she deems necessary to determine in respect of his or her specific station area.
- (7) Where a police station area forms part of a larger area consisting of more than one police station area and a radio control unit has been established to patrol and attend to complaints in such larger area, every station commissioner of a station in such larger area must, for information purposes, provide the commander of such radio control unit with a copy of –
 - (a) the list referred to in subparagraph (3) and, when he or she has updated the list, a copy of the updated version thereof; and
 - (b) a copy of the station orders issued in accordance with subparagraph (6) and, if he or she amends the orders, a copy of the updated version thereof.
- (8) The station commissioner must see to it that all functional members at his or her station receive in-service training (also at station meetings) on *the Act*, the Regulations, this Instruction and the station orders issued by him or her.

4. Receiving a report of a sexual offence at a police station

- (1) The alleged commission of a *sexual offence* is usually reported by —
 - (a) the *victim* of the offence;
 - (b) a family member, friend or colleague of the *victim*; or
 - (c) a person who witnessed or received information about the commission of the offence.
- (2) The person reporting the alleged commission of the offence, normally does so voluntarily (except in the circumstances referred to in

National Instruction 3 /2008**Sexual Offences**

subparagraph (3)) and is accordingly normally willing to provide all the information at his or her disposal to the police.

- (3) (a) In terms of section 54(1) of *the Act*, any person who has knowledge that a *sexual offence* has been committed against a *child*, must report such knowledge to a police official. A failure to do so, constitutes an offence, and a person convicted of such offence, may be sentenced to five years' imprisonment.
- (b) In terms of section 54(2) of *the Act*, any person who has knowledge or a reasonable belief or suspicion that a *sexual offence* has been committed against a mentally disabled person, must report such knowledge to a police official. A failure to do so, constitutes an offence, and a person convicted of such offence, may be sentenced to five years' imprisonment.
- (4) A person reporting his or her —
- (i) knowledge that a *sexual offence* has been committed against a *child* or mentally disabled person; or
- (ii) reasonable belief or suspicion that a *sexual offence* has been committed against a mentally disabled person, as a result of the legal duty to do so in terms of section 54 of *the Act*, may sometimes do so out of fear of being prosecuted if he or she fails to do so.
- (5) If a person (referred to in subparagraph (4)) reports such knowledge or his or her belief or suspicion to a police official, the member receiving the report may under no circumstances turn such a person away. Such a member must consider the information and —
- (a) if the member is satisfied that there are reasonable grounds to believe that such an offence was indeed committed, take an affidavit from the person setting out the information provided by that person, open a docket for the investigation of the offence that was allegedly committed and register the docket on the CAS system; or
- (b) if the member is not satisfied that there are reasonable grounds to believe that such an offence was indeed committed, consult with the Community Service Centre Commander who must make a comprehensive OB entry of the report and the reasons why the Commander is not satisfied that there are reasonable grounds to believe that such an offence was indeed committed and provide the number of the OB entry to the person who made the report. The entry must include sufficient particulars of the person that made the report to enable him or her to be located and be interviewed if this turns out to be necessary.
- (6) Any person who reports the alleged commission of a *sexual offence* to a member must be treated in a professional manner and must be reassured

National Instruction 3 /2008**Sexual Offences**

that the report is viewed in a serious light and will be thoroughly investigated.

5. Victim assistance

- (1) During the commission of a *sexual offence*, the *victim* suffers severe trauma. It is difficult to conceive of any other offence during the commission of which the bodily and psychological integrity, privacy and dignity of a *victim* is simultaneously violated more severely than during the commission of a *sexual offence*. Furthermore, the commission of a *sexual offence* not only affects the *victim* alone, but also his or her family and personal life. A member must continuously be mindful of this fact during his or her interaction with the *victim* and the family or friends of the *victim*.
- (2) During the commission of a *sexual offence*, the *victim* normally experiences feelings of powerlessness, helplessness and of being exposed. When reporting the offence to a police official, the *victim* relives the event and, in so doing, experiences secondary trauma. The secondary trauma is exacerbated if the member conducts the interview in an insensitive manner or unnecessarily touches the *victim*. On the other hand, the secondary trauma is lessened if the *victim* is permitted to have a person of his or her choice present to support and re-assure him or her during the interview and if the interview is conducted in surroundings that are either familiar to the *victim* or are re-assuring to the *victim* (inducing in him or her a sense that he or she is safe and that what he or she says cannot be heard by others and is treated in confidence).
- (3) In view of the above, it is imperative that the member to whom a *victim* reports the commission of a *sexual offence* at a police station, —
 - (a) immediately requests the *victim*, to accompany him or her to an appropriate area which is away from the main duty desk in the community service centre and which is out of sight and hearing of persons in the community service centre;
 - (b) reassures the *victim* that he or she is now safe and will be protected. If the *victim* and the alleged offender are in a domestic relationship, the member must advise the *victim* in accordance with the National Instruction on Domestic Violence;
 - (c) determines whether the *victim* requires medical assistance and if so, make arrangements for the *victim* to obtain medical assistance as soon as possible;
 - (d) asks the *victim* whether he or she would prefer to have another person present to support him or her during the interview and, if the *victim* prefers that such person be present, allow such person to be present to support him or her during the interview;
 - (e) reassures the *victim* that he or she did the right thing to report the matter to the police and that the matter will be dealt with sensitively and that he or she will not unnecessarily be exposed to further traumatization;

<u>National Instruction 3 /2008</u>	<u>Sexual Offences</u>
	(f) listens to what the <i>victim</i> says, without interrupting him or her and put him or her at ease; and
	(g) writes down everything that the <i>victim</i> says, as it may be evidence that may assist the police in the investigation (make investigative notes).
(4)	Any member receiving a report that a <i>sexual offence</i> has allegedly been committed against any person, must always view the report in a very serious light and must pay immediate attention thereto, irrespective of how long ago (before the report) the offence was allegedly committed or in which station area it was allegedly committed. No <i>victim</i> may be turned away simply because the alleged offence took place a long time ago or was allegedly committed in the station area of another police station.
(5)	While taking statements from the <i>victim</i> and his or her family, the member must at all times act in a professional manner and be sensitive towards the emotions of the <i>victim</i> and his or her family. The member must be patient with the <i>victim</i> to allow him or her to explain what happened during the alleged commission of the offence without unnecessarily interrupting the <i>victim</i> . A member may never be judgmental while interacting with the <i>victim</i> irrespective of the circumstances surrounding the offence.
(6)	Once sufficient particulars have been obtained from the <i>victim</i> , a docket must be opened, registered on the CAS and an affidavit must be made in which the following must be clearly specified:
	(a) the time and date on which the offence was allegedly committed;
	(b) the place where the offence was allegedly committed;
	(c) the nature of the alleged offence;
	(d) the manner in which it was allegedly committed;
	(e) the first person to whom the <i>victim</i> has reported the alleged commission of the <i>sexual offence</i> before he or she reported it to the police;
	(f) any details regarding the alleged offender(s) that may assist in identifying and finding them; and
	(g) any details regarding possible witnesses that may assist in identifying and locating them.
(7)	If the <i>victim</i> is unable to make a coherent statement, a skeleton docket must be opened, a statement must be obtained from any person that may be accompanying the <i>victim</i> and the <i>victim</i> must be allowed time before a statement is obtained from him or her.
(8)	The member must, as soon as possible after the incident has been reported, inform the <i>victim</i> of —
	(a) the case number; and
	(b) the details of the <i>investigating officer</i> .

National Instruction 3 /2008	Sexual Offences
(9)	The member must inform the <i>victim</i> of the processes that will follow next and why the processes need to be followed, to enable the <i>victim</i> to understand the procedure and to instill confidence in the <i>victim</i> that the police deal with the matter in a professional manner.
(10)	The <i>victim</i> must be informed of the importance of undergoing a medical examination as soon as may be reasonably possible. The <i>victim</i> must be informed that the examination will be conducted at state expense and that he or she is entitled to ask the <i>health care professional</i> that conducts the examination for medical advice on how any aspect of his or her health may be affected as a result of the alleged <i>sexual offence</i> .
(11)	The member must also inform the <i>victim</i> of available services as contemplated in paragraph 11(2)(b) (below) as well as information on the witness protection programme. The <i>victim</i> must also, on a regular basis be informed on the progress of the investigation.

6. Telephonic report of a sexual offence

If a *sexual offence* is reported by phone, the member receiving the complaint must determine whether the caller is the *victim* and —

- (a) if so, attempt to keep the *victim* on the line and reassure the *victim* that a police vehicle has been despatched and provide the *victim* with appropriate advice while he or she waits for the vehicle to arrive; and
- (b) if not, instruct the person to stay with the *victim* and not to disturb the *crime scene*, and

in both cases, immediately dispatch a police vehicle to the scene to assist the *victim*.

7. Responsibility of the first member on the crime scene

- (1) The first member arriving at a scene where a *sexual offence* has allegedly been committed, must deal with the *victim* professionally and must safeguard the *crime scene* until an *investigating officer* is available to take charge of the investigation.
- (2) The member on the scene must enquire from the *victim* whether the suspect could possibly still be in the vicinity and, if so, obtain a description of the suspect. The description of the suspect must immediately be relayed to all police vehicles in the area.
- (3) A member who comes into contact with a *victim* of a *sexual offence* must, as far as possible, avoid touching the *victim* unnecessarily. The member interviewing the *victim* must —
 - (a) reassure the *victim* that he or she is now safe and will be protected;
 - (b) obtain a brief explanation of the events that took place (take investigative notes, not a statement);
 - (c) listen to what the *victim* says, without interrupting him or her and put him or her at ease;

National Instruction 3 /2008	Sexual Offences
------------------------------	-----------------

- (d) write down everything that the *victim* says, as it may be evidence that may assist the police in the investigation; and
 - (e) later make a comprehensive statement concerning the interview and the investigative notes taken and file the notes in the docket under part A of the docket.
- (4) The member must avoid unnecessary or uncomfortable questions about the intimate details of the alleged *sexual offence* at this stage. Since a *victim* is often worried that everyone will know the intimate facts of the case, it is important that the member explain to the *victim* that the exact details of the incident will only be disclosed to the necessary role players and that it will not be necessary for intimate details to be told repeatedly.
- (5) It is of utmost importance that the member on the scene safeguard the *crime scene*. Members must take note that in most cases of *sexual offences*, there are three basic *crime scenes*, namely the bodies of the *victim* and the suspect and the place including, where applicable, the vehicle or vessel at or in which the incident took place and where the *victim* and offender moved to. Important evidence in the case will often be that contained on the person of the *victim* and at the *crime scene*.

8. Steps to be taken to safeguard the crime scene

- (1) A member or members arriving at the scene first, must emphasize the importance of the preservation of evidence of the *sexual offence* to the *victim* and all other persons who may be present and who support the *victim* (eg the parents of the *victim*). It is very important that a *victim* realises that his or her body is regarded as a *crime scene* and that he or she should, as far as possible preserve any possible evidence until the medical examination has been conducted.
- (2) In order to preserve evidence on the body of the *victim*, the member must inform the *victim* to —
 - (a) retain any toilet paper and other sanitary material if the *victim* needs to use the bathroom (toilet paper and other sanitary material must be air dried and be placed in an envelope or brown paper packet and despatched to the Forensic Science Laboratory);
 - (b) refrain from drinking any liquid, if the *victim* has been forced to perform an oral sexual act, as evidence may be lost in the process. (This restriction is applicable only if the *victim* has not already rinsed his or her mouth.) An oral swab must be taken as soon as possible after the incident;
 - (c) retain the clothes that he or she was wearing at the time of the commission of the *sexual offence*, since the clothing may be needed for forensic testing; and
 - (d) if possible, arrange for additional underwear and other clothing when he or she goes for the medical examination.

National Instruction 3 /2008	Sexual Offences
-------------------------------------	------------------------

- (3) The member must ensure that the *crime scene* is guarded and protected from contamination until the *investigating officer* can take charge of the scene. Nothing on the *crime scene* should be touched or moved.
- (4) The member must take steps to protect the privacy and dignity of the *victim* and must ensure that the *victim* is removed from the *crime scene* to a nearby private place. If there is no suitable private place nearby, the *victim* should be screened from public view. It is important that a member must remain with the *victim* until the *investigating officer* arrives.
- (5) If the suspect is still on the scene, the member must keep him or her away from the *victim* and take appropriate steps to remove the suspect from the scene to prevent allegations of contamination of evidence or intimidation of the *victim* or other witnesses.
- (6) The member must identify any person at the scene that may assist in the investigation and obtain sufficient particulars of that person to enable the *investigating officer* to contact him or her afterwards.

9. The role of the investigating officer

- (1) The *investigating officer* is responsible to conduct a thorough and professional investigation in every case.
- (2) The *investigating officer* must, as soon as possible after he or she has been informed that he or she has been designated to investigate a *sexual offence*, —
 - (a) take charge of the investigation. If the *investigating officer* cannot attend to the investigation immediately, he or she must give instructions by cellular or telephone or radio to a member attending to the *victim* and the *crime scene*, to inform the *victim* of procedures that the *victim* will have to undergo and explain to the *victim* the role of the *investigating officer* and how he or she will assist the *victim*;
 - (b) if the *victim* is a *child*, ensure the safety of the *child*. This includes, determining whether the *child* is in need of care and protection and, if so, taking appropriate steps to ensure the safety and protection of the *child*.
 - (c) obtain information from the *victim*. Initially, the *investigating officer* should only take a statement from the *victim* that sets out what happened (this is only a preliminary statement). The *investigating officer* must take this statement in private although a person of the *victim*'s choice may be present;
 - (d) obtain the in-depth statement of the *victim* as soon as the *victim* has recuperated sufficiently from the ordeal (depending on circumstances, ideally within 24 - 36 hours). The reason for this is that a better statement can be obtained from the *victim* once the trauma he or she has experienced is less intense and a better rapport has been established with the *investigating officer*;

National Instruction 3 /2008	Sexual Offences
------------------------------	-----------------

- (e) keep the *victim* informed of the progress of the investigation (eg if the suspect is arrested, released on bail, dates of appearance in court). The details of all contacts by the *investigating officer* with the *victim* must be recorded in the investigation diary, mentioning *inter alia* date, time and place of contact and whether this was in person, telephonically or in writing. The *victim* must also be informed of the contact details of the *investigating officer* and be invited to contact the *investigating officer*; and
- (f) submit a statement with regard to the *crime scene* irrespective of how long ago the incident occurred.

10. Medical examination of the victim

- (1) The purpose of the medical examination of the *victim* is to examine the body of the *victim* to establish whether there is any evidence relating to the alleged *sexual offence* on or in the *victim's* body and to ascertain the mental and emotional state of the *victim*.
- (2) The *victim* must, as soon as possible, be taken for the medical examination. Even if the *sexual offence* was only reported more than 72 hours after it had been committed, and even if the *victim* has already washed and may possibly have destroyed evidence in the process, the *victim* must nevertheless be taken for the medical examination. The possibility of still obtaining evidence can never be discounted.
- (3) When taking the *victim* for the medical examination, the following points must be taken note of:
 - (a) The medical examination must be conducted as soon as possible.
 - (b) The medical examination must be done by a trained *health care professional*.
 - (c) The *investigating officer* must take the *victim* to the *health care professional* for the medical examination.
 - (d) A male member may not be present during the medical examination of a female *victim*, and vice versa. Even a member of the same gender as the *victim* may only be present during the medical examination if the *victim* agrees thereto.
 - (e) The *health care professional* will not conduct the medical examination before a case docket has been registered and an SAPS 308 form and J 88 form has been completed.
- (4) If there are allegations of drugs or alcohol usage, whether voluntary or not, by either the *victim* or the alleged offender, the *health care professional* must be requested to obtain a urine sample as well as a blood sample from the *victim*. These samples must, if at all possible, be obtained within 24 hours after the commission of the offence.
- (5) The *investigating officer* must inform the *victim* —
 - (a) of HIV testing and *PEP*, as provided for in paragraph 11;
 - (b) of the purpose of obtaining the samples;

National Instruction 3 /2008	Sexual Offences
	(c) the reasons why the forms (SAPS 308 and J 88) must be completed and the process that will be followed;
	(d) that he or she may request the return of all articles seized as evidence after the conclusion of the criminal case, (the articles may, however, be damaged by the forensic process);
	(e) that he or she will be allowed to wash or bath once the medical examination is completed; and
	(f) that the <i>health care professional</i> will be able to answer questions relating to medical treatment or services available if the <i>victim</i> needs further treatment and will be able to refer the <i>victim</i> to a <i>public health establishment</i> .
(6)	The <i>investigating officer</i> must —
	(a) complete a form SAPS 308 stating all the relevant details of the <i>sexual offence</i> or attach it to the form (ie a short description of events);
	(b) supply a form J 88 and the relevant evidence collection kit to the <i>health care professional</i> ;
	(c) record precisely which medical samples are required and ensure that they are taken (see Annexure C);
	(d) if it appears from the J 88 that the <i>victim</i> had sexual contact less than 72 hours prior to the commission of the alleged <i>sexual offence</i> , samples must be obtained from the partner(s) concerned;
	(e) mark samples clearly; and
	(f) ensure that the samples are forwarded to the Forensic Science Laboratory within 7 days. In cases involving fetuses, the fetus must, as soon as reasonably possible, be taken to the Forensic Science Laboratory.
(7)	If the <i>victim</i> requires immediate medical attention and the <i>investigating officer</i> is not present, all possible steps must be taken to ensure that a thorough medical examination is conducted and the correct samples are obtained without delay.
(8)	(a) If the <i>victim</i> of the alleged <i>sexual offence</i> is a <i>child</i> , the <i>investigating officer</i> must explain the necessity of the examination to the parents or guardian of the <i>child</i> and obtain their consent for the examination to be performed and complete form SAPS 308.
	(b) The <i>investigating officer</i> must also inform the parents or guardians of the <i>child victim</i> that they may accompany the <i>child</i> during the examination.

- (9) If a *victim* is not capable of consenting to medical treatment on account of his or her mental illness, consent for a medical examination must be obtained in writing in terms of the procedure as set out in section 32 of the Mental Health Care Act, 2002 (Act No. 17 of 2002). This section deals, *inter alia*, with the care and treatment of mental health care users who are incapable of making informed decisions.

11. Inform the victim of a sexual offence of services available and hand over a Notice to the victim

- (1) From the contents of the affidavit made by the *victim*, the member must form an opinion on whether the *victim* may have been exposed to the risk of being infected with HIV as a result of the commission of the offence. The *victim* will have been exposed to the risk of being so infected if the offence is a *sexual offence* that resulted in the *victim* coming into contact with the ***blood, semen or vaginal fluid*** of the alleged offender.
- (2) A *victim* of a *sexual offence* who has been exposed to the risk of being infected with HIV as a result of the commission of the offence, must be —
- (a) provided with a copy of the Form SAPS 580(a) (Notice of services available to *victim*) in English or Afrikaans (if the *victim* is able to read and understand the Notice in English or Afrikaans); and
 - (b) informed by a member, in accordance with the Notice referred to in (a), —
- (i) of the importance of obtaining *PEP* for HIV inflection without any delay, but within 72 hours after the alleged *sexual offence* has been committed against him or her;
 - (ii) that *PEP* will be administered at state expense at *public health establishments* in accordance with the state's prevailing norms and standards;
 - (iii) that the *victim* will receive free medical advice and assistance on the administering of *PEP* prior to the administration thereof;
 - (iv) of the need to obtain medical advice and assistance regarding the possibility of other sexual transmitted infections; and
 - (v) that the *victim* or *interested person* may apply for an order at the magistrate court compelling the alleged offender to undergo an HIV test at state expense.
- (3) If the *victim* is unable to read and understand the Notice in English or Afrikaans, the member, or any other person who may be willing and able to assist the member to explain the contents of the Notice to the *victim* in a language that the *victim* understands, must explain the contents of the Notice to the *victim*. The *victim* must also be provided with the list of *public health establishments* in the province that are able to provide *PEP* to the *victim*. A list of such establishments is attached hereto as Annexure A.

National Instruction 3 /2008	Sexual Offences
------------------------------	-----------------

- (4) Once a *victim* has been informed as set out in subparagraph (2)(b) above, the *victim* must be asked whether he or she prefers to apply that the alleged offender, once arrested or located, be tested for HIV at state expense. The *victim* must be informed that he or she does not have to make the decision immediately, but must be aware that, if he or she should later decide to apply that the alleged offender be tested as set out above, he or she is only entitled to apply for such a test to be undertaken ***within 90 days*** from the date of the alleged commission of the offence.
- (5) If the *victim* prefers to immediately apply that the alleged offender be tested for HIV, he or she must be provided with a copy of the Form SAPS 580(b) (Application by *victim* or *interested person* for HIV testing of alleged offender) and be requested to complete the application form. If the *victim* needs assistance to complete the application, the member must assist the *victim* and, if necessary, complete the application on behalf of the *victim*. Once the application has been completed, the *victim* must either attest under oath to the truth of the content of the application or solemnly declare that it is true, and the member must complete the relevant part of the application and sign that this was done.
- (6) If the *victim* prefers not to immediately apply that the alleged offender be tested for HIV, he or she must be provided with a copy of Form SAPS 580(b) (Application by *victim* or *interested person* for HIV testing of alleged offender) and be informed that, if he or she later decides to apply that the alleged offender be tested for HIV, he or she must complete the application form and hand the completed application form to the *investigating officer* ***within 90 days*** from the alleged commission of the offence. If the *victim* hands the completed application form to the *investigating officer* within the 90 days, the *victim* must either swear to the truth of the content of the application or solemnly declare that the information provided in the application is true, and the member must sign that this was done by completing the relevant part of the application.
- (7) Any steps taken in accordance with this paragraph must be recorded in the investigation diary of the docket.

12. Handling of application for HIV testing of offender

- (1) The *investigating officer* must place the application in a sealed envelope marked "Confidential/Vertroulik" and write on the envelope —
 - (a) "Application by *victim* or *interested person* for HIV testing of alleged offender" or "Application by *victim* or *interested person* to access HIV test result already obtained by *investigating officer*", as the case may be; and
 - (b) the case number and name, rank and Persal number of the *investigating officer*,
 and must submit it to the clerk of the court as soon as is reasonably practicable, but not later than two working days, after the application has

National Instruction 3 /2008	Sexual Offences
	been received by the <i>investigating officer</i> . The <i>investigating officer</i> must file a copy of the application under part "B" of the docket.
(2)	If the magistrate who considers the application requires additional evidence, either in the form of oral evidence or by means of an affidavit, the clerk of the court will inform the <i>investigating officer</i> personally telephonically and will confirm it in writing.
(3)	If the magistrate requires further evidence by means of an affidavit, the <i>investigating officer</i> must obtain the affidavit(s) as soon as reasonably practicable or within the period determined by the magistrate and place the affidavit(s) in a sealed envelope — (a) marked "Confidential/Vertroulik"; and (b) reflecting the case number and name, rank and Persal number of the <i>investigating officer</i> , and hand it over to the clerk of the court.
(4)	If the magistrate requires further oral evidence, the <i>investigating officer</i> must — (a) inform the <i>victim</i> , <i>interested person</i> or other witness in writing on an official police letterhead (SAPS 21) to appear before the magistrate on the arranged date and time as conveyed by the clerk of the court and obtain his or her signature on the copy of the written notice as proof of the fact that he or she was informed as aforesaid; (b) if the alleged offender is required to testify, and he or she — (i) is in the custody of the Police, bring him or her on the arranged date and time to appear before the magistrate; or (ii) is not in the custody of the Police, provide the alleged offender with a written notice on an official police letterhead (SAPS 21) informing him or her of the arranged date and time to appear before the magistrate and obtain his or her signature on the copy of the written notice as proof of the fact that he or she was informed as aforesaid; and (c) attend the hearing on the arranged date and time and, if the <i>victim</i> , <i>interested person</i> , other witness or the alleged offender is absent, provide the magistrate with the copy of the written notice handed to the <i>victim</i> , <i>interested person</i> , other witness or the alleged offender and on which he or she has acknowledged receipt by means of his or her signature.
(5)	Once a magistrate has decided on the application, the clerk of the court will hand the sealed decision to the <i>investigating officer</i> who must acknowledge receipt thereof in the register kept by the clerk of the court.
(6)	The <i>investigating officer</i> must, as soon as is reasonably practicable or within the period determined by the magistrate, hand a Form SAPS

National Instruction 3 /2008	Sexual Offences
------------------------------	-----------------

580(d) (Notice to alleged offender in respect of order for HIV testing) informing him or her of the order issued by the magistrate.

- (7) Any steps taken in accordance with this paragraph must be recorded in the investigation diary of the docket.

13. Application for HIV testing of offender by investigating officer

- (1) An *investigating officer* may, if he or she finds it necessary for the purposes of an investigation into a *sexual offence*, in terms of section 32 of the *Act*, himself or herself apply, as soon as is reasonably practicable after a docket has been opened in respect of the alleged *sexual offence*, on the Form SAPS 580(c) (Application by *investigating officer* for HIV testing of alleged offender) to a magistrate of the magisterial district in which the *sexual offence* is alleged to have been committed, in chambers, for an order that —
 - (a) the alleged offender be tested for HIV; or
 - (b) the result of the HIV test in respect of the alleged offender that was already obtained on application from the *victim* or *interested person*, be made available to the *investigating officer* or the prosecutor who needs the result for purposes of the prosecution of the case or any other court proceedings.
- (2) The procedure set out in paragraph 12 must also be followed in a case in which an application for the HIV testing of the alleged offender is made by the *investigating officer*.

14. Execution of order for HIV testing of offender

- (1) As soon as an order for the HIV testing of the alleged offender has been handed to an *investigating officer*, he or she must —
 - (a) make the alleged offender available to ensure that two blood samples are obtained from him or her;
 - (b) request any *medical practitioner* or *nurse* to take two blood samples from the alleged offender; and
 - (c) deliver the blood samples to the head of a *public health establishment* or person designated by the head of the *public health establishment*.
- (2) The *investigating officer* may, if the alleged offender is not being detained, and —
 - (a) there is reason to believe that he or she may avoid compliance with an order; or
 - (b) he or she has avoided compliance with an order, for the compulsory HIV testing of an alleged offender, apply on form SAPS 580(f) (Application for Warrant of Arrest) to the magistrate who issued the said order, to issue a warrant for the arrest of the alleged offender to collect blood samples from him or her for HIV tests. If the

National Instruction 3 /2008	Sexual Offences
<p>magistrate who issued the order is not available or able to consider such application, the application may be submitted to any other magistrate.</p>	
(3)	The <i>investigating officer</i> must, when arresting the alleged offender in terms of a Warrant of Arrest referred to subparagraph (2), take reasonable steps to verify the identity of the alleged offender and must, without delay after the arrest, take the alleged offender to a <i>public health establishment</i> for the taking of the blood samples. The alleged offender must be released as soon as the samples have been taken.
(4)	Once the <i>investigating officer</i> has obtained the duplicate sealed records of the test results from the <i>public health establishment</i> and has acknowledged receipt of the duplicate sealed records, he or she must — (a) if the application was made by the <i>victim</i> or <i>interested person</i> , hand a sealed record of the result together with a copy of Form SAPS 580(e) (Notice containing information on confidentiality of and how to deal with HIV test results) to each of the <i>victim</i> or <i>interested person</i> and alleged offender; or (b) if the application was made by the <i>investigating officer</i> , hand a sealed record of the result together with a Form SAPS 580(e) (Notice containing information on confidentiality of and how to deal with HIV test results) to the alleged offender, and retain the other record of the test results (as provided for in paragraph 15(3)) and make the record of the test results available to a prosecutor who needs to know the results for purposes of the prosecution or any other court proceedings.
(5)	If an order had been issued in terms of which an HIV test was conducted on an alleged offender as a result of an application made by an <i>investigating officer</i> , the <i>investigating officer</i> may inform the <i>victim</i> or an <i>interested person</i> whether or not the alleged offender in the case in question is infected with HIV with the view to — (a) reduce secondary trauma and empower the <i>victim</i> to make informed medical, lifestyle and other personal decisions; or (b) use the test results as evidence in any ensuing civil proceedings as a result of the <i>sexual offence</i> in question.
(6)	If the prosecutor withdraws a charge on the request of the <i>victim</i> after a magistrate, on application by the <i>victim</i> , has issued an order for a HIV test of the alleged offender, the order will lapse and the test result may not be disclosed to the <i>victim</i> . The <i>investigating officer</i> must inform the Head of the <i>public health establishment</i> of the withdrawal of the charge and any sample taken or results obtained in respect of the alleged offender must be destroyed in accordance with the instructions of the Department of Health. If the <i>investigating officer</i> is in possession of sealed records of the HIV test result in such a case, he or she must likewise destroy the records containing the result.

National Instruction 3 /2008	Sexual Offences
------------------------------	-----------------

- (7) Any steps taken in accordance with this paragraph must be recorded in the investigation diary of the docket.

15. Record keeping of results of HIV testing

- (1) Every commander of the detectives at a station or of a detective unit must keep a register in his or her office in which the particulars relating to every application for a compulsory HIV test must be recorded. A B16 book must be utilised as a register until further notice. The information (set out in Annexure G) relating to every such application must be recorded in that register. One full page of the register must be utilized to record the particulars (including the outcome of the application and the results of any tests) for every application. The pages of the register must be numbered and a table of contents of all applications containing the CAS number and the corresponding number of the page in the register containing the particulars of the application, must be recorded on the first pages of the register.
- (2) The relevant commander is personally responsible to ensure that access to the register is only granted to —
- (a) a member investigating a case in which an application for HIV testing was made;
 - (b) the *victim*;
 - (c) a person who has a material interest in the well-being of a *victim*, including a spouse, same sex or heterosexual permanent life partner, parent, guardian, family member, care giver, curator, counsellor, *medical practitioner*, health service provider, social worker or teacher of such *victim*;
 - (d) the alleged offender;
 - (e) a prosecutor;
 - (f) a person who is required to execute the court order to conduct the HIV testing; and
 - (g) the Station Commissioner or an officer attached to provincial or national level for the purposes of inspecting the register.
- (3) The record containing the result of an HIV test conducted on an alleged offender, must be filed in a file which is kept in the office of the commander of the detectives at the relevant station or in the office of the commander of the relevant detective unit (together with the register referred to in subparagraph (1)) and may not be filed in the docket. The said commander may only grant access to the record to the persons mentioned in subparagraph (2) above. Appropriate entries must be made in the investigating diary of the docket concerning all steps taken in respect of the HIV testing of an alleged offender. However, the result of an HIV test may not be disclosed in the investigating diary.
- (4) An *investigating officer* may disclose the result of an HIV test of an alleged offender to the prosecutor that is responsible to conduct the prosecution of the alleged offender. If the prosecutor requests that the

National Instruction 3 /2008**Sexual Offences**

record containing the result be provided to him or her for the purposes of the prosecution of the alleged offender, the *investigating officer* must request the prosecutor to complete an Form SAPS 580(g) - Application for access to HIV test result of alleged sexual offender and comply with the request. The *investigating officer* must also make an appropriate entry in the investigating diary of the docket and request the prosecutor to sign at the entry to acknowledge receipt of the record.

16. Medical examination of the suspect

- (1) The purpose of the medical examination of the suspect is to examine the body of the suspect to establish whether there is any evidence relating to the alleged *sexual offence* on or in the body of the suspect. Samples obtained from the body of a suspect are utilized to link the suspect with the offence and to ensure that the perpetrator is prosecuted for the offence.
- (2) The *investigating officer* must ensure that a suspect is taken for a medical examination, if this is necessary for the proper investigation of the case. In terms of section 37 of the Criminal Procedure Act, 1977 (Act No. 51 of 1977), a member has the power to request a *health care professional* to establish certain bodily features of the suspect and to take bodily samples of the suspect and provides for the circumstances in which the bodily features may be established and the samples may be taken.
- (3) If it is necessary for the proper investigation of the case that bodily samples be taken from the suspect, the *investigating officer* must, once the suspect has been identified and located, take the suspect to a *health care professional* to establish the bodily features of the suspect and to obtain the necessary blood samples (including a control sample) from the suspect. Upon receipt of a control sample, the sample must be handed over to the Forensic Science Laboratory as soon as possible. A letter must then be obtained from the prosecutor concerned in which the prosecutor requests that a DNA analysis be conducted on the samples. This letter must be handed over to the Forensic Science Laboratory as soon as possible and a copy of the letter must be filed under part "B" of the docket.
- (4) The *investigating officer* must ensure that —
 - (a) a form J 88 is available when the suspect is examined and that the form is completed properly completed by the *health care professional*;
 - (b) all the necessary samples are taken (see Annexure D);
 - (c) the samples are clearly marked;
 - (d) the samples are forwarded to the Forensic Science Laboratory without delay; and
 - (e) any visible injuries of the suspect are noted.

17. Preventing contamination of exhibits

- (1) It is imperative that reasonable steps be taken to secure and protect samples of physical evidence obtained during the investigation of sexual offences from contamination. An allegation of any sexual offence is often extremely difficult to prove. Generally, the offence is committed in the absence of other witnesses and it therefore becomes the word of the victim against the word of the suspect.
- (2) A member who is not trained or experienced in the gathering, handling, storing and transporting of evidence, must not gather, handle, store or transport evidence. Such a member must safeguard the crime scene(s) against contamination and request the assistance of a trained member or contact the Local Criminal Record Centre (LCRC) for assistance.
- (3) The contamination of exhibits (including the loss of evidence on the victim and the suspect) must be secured by —
 - (a) avoiding contact by the same member of the victim and suspect. If a member arrests the suspect shortly after the offence was committed, that member must avoid coming into contact or interviewing the victim, before both the victim and the suspect —
 - (i) have been medically examined;
 - (ii) have dressed in different clothes, and
 - (iii) the clothes worn during the alleged sexual offence have been removed for forensic analysis;
 - (b) transporting the victim and suspect in different vehicles;
 - (c) avoiding contact by the same member of the clothes of the victim and the suspect. Both sets of clothes must not be packaged by the same member unless this is done at different stages of the investigation;
 - (d) ensuring that different tables or work surfaces are used for the packaging of the exhibits; and
 - (e) ensuring that the medical examination of the victim and suspect are done separately and not on the same surface.

18. Taking an in-depth statement from the victim

- (1) The initial statement of the victim must be followed up by an in-depth statement. The investigating officer must take or ensure that the victim's in-depth statement is taken, once the victim has recuperated sufficiently (depending on circumstances, ideally between 24 to 36 hours) after the incident. The investigating officer must be sensitive to the cultural, language and religious background and gender of the victim.
- (2) A guideline for the taking of the in-depth statement of the victim is contained in Annexure E. In the case of a child victim of a sexual offence, the guidelines contained in Annexure F must be taken into account when the investigating officer takes a statement from the child victim. The following general guidelines must be adhered to by the investigating officer when taking the in-depth statement of the victim:

National Instruction 3 /2008**Sexual Offences****(a) Preparation for taking the statement**

The *investigating officer* must allow sufficient time to take a statement of this nature. It is important that the *victim* is not rushed. The statement must be comprehensive and contain detail.

The *investigating officer* must take steps to set the *victim* at ease and the statement must be taken in a relaxed, private atmosphere where there are few distractions.

(b) Presence of an interested person

The *investigating officer* should enquire from the *victim* whether he or she wishes to have an *interested person* present in support of the *victim*. If the *interested person* identified by the *victim* to support him or her during the taking of the statement is a potential witness to the reported crime, the *investigating officer* must inform the *victim* that such a person is a potential witness and may not be present during the taking of his or her statement.

If the *victim* wishes to have an *interested person* present during the taking of the statement, the *interested person* must be informed that he or she may not —

- (i) comment on the merits of the case;
- (ii) prompt the *victim*; or
- (iii) interfere with the *investigating officer* in any other manner in the process of obtaining the statement from the *victim*.

(c) Discussion of intimate details

The *investigating officer* must explain to the *victim* that the taking of the statement will involve the discussion of intimate details of the sexual incident. If the presence of an *interested person* may inhibit the *victim* to disclose these details, the *investigating officer* may suggest to the *victim* that the *interested person* should not be present. However, the decision to allow the *interested person* to be present, remains that of the *victim*.

(d) Victim must be told not to hide anything

The *investigating officer* must inform the *victim*, with great sensitivity, that if he or she has done something that might put him or her in a bad light when he or she is cross-examined, it is essential that he or she does not try to hide this fact, but state it clearly.

Example 1: If the *victim* had consumed liquor or drugs. Exactly what and how much was used must be included in the statement.

Example 2: If the *victim* had originally found the accused attractive and had allowed the accused to kiss him or her. (The fact that the *victim* acted in this way, does not mean that permission was given for the *sexual offence* to be committed.)

The fact that the *victim* states everything in his or her statement, even information that will reflect negatively on the *victim*, will enhance the credibility of the *victim*.

19. Victim after-care

(1) The importance of victim after-care

The *victim* of a sexual offence has undergone a traumatic experience and most *victims* of a sexual offence will need some form of counselling to enable them to deal with this. *Victims* of sexual offences may also fear that they have contracted AIDS or another sexually transmitted disease during the sexual offence.

(2) Safety of victims of sexual offences

Both in so far as crime prevention in general is concerned, as well as in terms of specific legislation, the Service has the duty to take appropriate steps to ensure that a vulnerable *victim* is protected.

(a) Sexual offence as a result of domestic violence

The member at the scene must, in the event of a sexual offence during an incident of domestic violence, act in accordance with the National Instruction on Domestic Violence and inform the *victim* of his or her right to —

- (i) apply for a protection order in terms of the Domestic Violence Act, 1998 (Act No 116 of 1998); and
- (ii) lodge a criminal complaint (a criminal case does not have to be made before the *victim* can apply for a protection order).

(b) If the victim is a child

If the *victim* is a *child*, a member trained by the FCS Unit or specialised individual must be contacted. Where there are grounds for believing that it will be in the best interest of the *child* to be removed to a place of safe care, the provisions of the appropriate legislation relating to *children* must be applied.

(c) Mentally disabled persons

If the *investigating officer* encounters difficulty when dealing with a mentally disabled person, the matter must be discussed with Legal Services as the procedure may necessitate an urgent application to the High Court.

(4) Investigating officer to assist victims

It is the responsibility of the *investigating officer* to —

- (a) provide a *victim* with the details of medical and counselling services available in the area;
- (b) provide reasonable assistance the *victim* in making use of such services; and

National Instruction 3 /2008	Sexual Offences
------------------------------	-----------------

- (c) ensure that appropriate steps are taken to safeguard *children* or other vulnerable *victims*.

20. Identification parades

The *investigating officer* must ensure that an identification parade is held in the circumstances provided for and in accordance with the provisions contained in the National Instruction on Identification Parades.

21. Preparation for court proceedings

- (1) The *investigating officer* must keep the *victim* informed of any developments in the investigation of the case and must explain to the *victim* the court process and what to expect in court in order to prepare *victim* for the court hearing.
- (2) In terms of section 153 of the Criminal Procedure Act, 1977 (Act No 51 of 1977), the court may order that the evidence of a *victim* of a sexual offence be heard behind closed doors. The *investigating officer* must explain the provisions of this section to the *victim* and may request the prosecutor to assist him or her to explain the implications and practicalities to the *victim*.
- (3) The *investigating officer* must take a further statement from the *victim* before the *victim* testifies in court. The purpose of this statement is to bring the effect (impact) of the sexual offence on the life of the *victim* to the attention of the prosecutor. The *investigating officer* must enquire from the *victim* how the incident has affected his or her life and relationships with loved ones. This will include any affects on the personality and health of the *victim* as a result of the sexual offence. If appropriate, an impact statement from a psychologist, social worker or forensic social worker or any other person must also be obtained.
- (4) If the *victim* is a *child*, the *investigating officer* must obtain an impact statement from a parent, guardian, psychologist, social worker or forensic social worker or any other person that can testify on how the *child* was affected by the offence. Facts already stated in the in-depth statement must not to be repeated in the impact statement.
- (5) If at all possible, the *investigating officer* must take the *victim* to the court where the case will be heard prior to the day of the trial. The *investigating officer* must arrange for a pre-trial consultation between the prosecutor, the *investigating officer*, the *victim*, and key witnesses.
- (6) The consultation between key witnesses must not be held in the presence of each other and the *victim*. During the consultation, the possibility of having the trial heard behind closed doors must also be discussed with the prosecutor. The docket must be supplied to the prosecutor timeously to enable him or her to prepare both for the pre-trial meeting, as well as the trial.

22. Assisting the victim during the court proceedings

- (1) On the day of the trial or earlier if so requested by the *victim*, the *investigating officer* must hand the *victim* copies of his or her statements to read through again to refresh his or her memory.
- (2) The *investigating officer* must, if there are any reporters in the court, inform the *victim* that, in terms of section 335A of the Criminal Procedure Act, 1977 (Act No 51 of 1977), his or her particulars will not be reported unless authorized by the presiding officer and that any report without such authorisation will constitute an offence. The *investigating officer* must also request the *victim* to report any contravention of this section to the *investigating officer* as soon as he or she becomes aware of it.
- (3) The *investigating officer* must explain the court proceedings and the possibility of postponements to the *victim*. The *investigating officer* must encourage the *victim* to press ahead with the case, despite any delays in the finalisation of the case.

23. Discontinuation of an investigation

- (1) The provisions of Standing Order (General) 325.2 must, subject to subparagraph (2), at all times be strictly adhered to when the closing of a docket, opened in respect of a *sexual offence*, is concerned.
- (2) Insofar as a docket opened in respect of a *sexual offence* is concerned, the authority to close a docket, conferred upon a "warrant officer" (now "inspector") by Standing Order (General) 325.2, is hereby withdrawn. Only an officer with the rank of Captain or a higher rank, who is a Station Commissioner or is in charge of the detectives at a station or unit, may close a docket in the circumstances provided for in Standing Order (General) 325.2.
- (3) If a Station Commissioner at a police station does not hold the rank of Captain or a higher rank, dockets opened in respect of *sexual offences* at that station, may only be closed in the circumstances outlined in Standing Order (General) 325.2, by the Station Commissioner of the Accounting Station under which that station resorts or by an officer designated for that purpose by the Station Commissioner of the Accounting Station.
- (4) An officer considering whether or not to close a docket that was opened in respect of a *sexual offence* because the suspect or complainant cannot be traced, must satisfy himself or herself that the *investigating officer* has made every effort to trace the complainant or suspect. If the said officer is not so satisfied, he or she must give clear instructions in the investigation diary to the *investigating officer* on the steps to take in order to trace the suspect or complainant and determine a date on which the *investigating officer* must present the docket with the outcome of the steps taken.

ANNEXURE C**POSSIBLE SAMPLES TO BE TAKEN FROM THE VICTIM**

Please note that this table should only be used as a guideline, and that it remains the responsibility of the investigating officer to ensure that all the necessary samples are taken. The health care professional may be requested to take one or all of the following samples from the victim:

Sample	Description
Swab (posterior fornix)	Swab must be air dried. Crime Kit 1 or 3
Glass smear of swab	Swab must be rolled over glass slides. Do not use fixative and do not put slides on top of each other.
Anal, vaginal or oral swabs or smear where applicable	Anal, oral or vaginal swabs and smears where applicable (it must be dry before being placed in tube)
Hair exhibit (foreign hair, not that of victim)	These must be combed from the victim's pubic area. Place the hairs in a soft paper envelope. Crime Kit 4
Control hair samples from the victim's head and pubic area	A minimum of 20 hairs are required. These must be pulled from different places on the victim's head. (Root of hair must be included) These hairs are required from different places on the head as there may be length and colour differences. Crime Kit 4 They must not be cut from the victim. Place the hairs in a soft paper envelope.
Nail scrapings	Scrapings from under the nails of the victim if he or she has scratched the suspect (only if blood was drawn). Crime Kit 1

Additional samples required

Where groupings and comparisons are required, the following additional samples must be taken:

Sample	Description
A control blood sample of the victim	All the suspects and all other parties with whom the victim has had intercourse within 72 hours (3 days) before the reported incident must be gathered and a blood sample from each is to be taken. Questions concerning parties with whom victim has had sexual intercourse must be posed sensitively and must be asked in private. Control blood samples must be in a fluid form, as well as one coagulated blood sample (red-brown plug), and one EDTA blood sample (purple plug). Crime Kit 2
DNA	If DNA analysis is required details can be obtained from the Forensic Science Laboratory which will offer guidance in this regard.

The health care professional may also need to take an alcohol sample and /or collect body fluid.

A blood-alcohol kit must be used for this purpose and be sent to the Department of Health. Advice on contraceptive counselling may be given on request.

In the event of any uncertainty regarding the gathering, packaging and transportation of samples, the investigating officer should contact the Forensic Science Laboratory without delay.

ANNEXURE D**POSSIBLE SAMPLES TO BE TAKEN FROM THE SUSPECT**

Please note that this table should only be used as a guideline and that it remains the responsibility of the investigating officer to ensure that the necessary samples are taken. If the suspect is traced he will be taken to the health care professional and the following samples may be taken:

Sample	Description
Pubic hairs	<p>These must be combed from the suspect's pubic area .</p> <p>Place the hairs in a soft paper envelope</p>
Control hair samples from the suspect's head	<p>Minimum of 20 hairs are required.</p> <p>These must be pulled from different places on the suspect's head. Crime Kit 4</p> <p>These hairs are required from different places on the head as there may be differences in length and colour.</p> <p>Hair must not be cut from the suspect's head.</p> <p>Place the hairs in a soft paper envelope.</p>
Blood	Crime Kit 2 EDTA
Blood for determining alcohol content	Only required if this is a factor in the case. Blood or Alcohol Kit

ANNEXURE F**GUIDELINES RELATING TO THE TAKING OF A STATEMENT OF A CHILD VICTIM****1. Introduction**

The basic principles pertaining to the taking of statements from children remain the same as those applicable to adult victims and witnesses.

The instructions pertaining to the taking of statements as set out in Standing Orders 322, 327 and Standing Order General 18 of 1990 must be adhered to.

There are, however, a few differences pertaining to the format and content of statements of children. These will be outlined below.

2. General aspects

- A child is a person under the age of 18 years as defined in section 28 of the Constitution.
- It is imperative that it be determined, before the taking of the statement, whether or not the child understands the oath or affirmation. It is generally accepted that a child under the age of 12 years does not understand the oath or affirmation and that a statement under oath or affirmation can therefore not be taken from him or her. In exceptional cases where a child is under the age of 12 years and can fully explain the oath or affirmation to the police official taking the statement, such a statement may be sworn or affirmed to.
- Should a child be older than 12 years, it should still be determined whether or not that child understands the oath or affirmation.
- In cases involving very young children (below the age of 7 years) who are unable to write their names or make a mark, but are able to give a full account of what happened to them, the police official who interviews the child should make a statement with regard to the interview conducted with the child. The investigative notes made during the interview must be attached to the statement of the police official in order to support the content of this statement.
- It is not always necessary, possible or advisable that the parent/guardian or accompanying adult should physically be present whilst the statement is obtained. The courts regard the statement of the child as admissible as long as the parent/guardian or accompanying adult is aware of the contents thereof and has acknowledged this by means of a signature.

- Should the parent, guardian or accompanying adult be an adult witness in the same case and the child indicates that he or she would like that adult witness to be present during the taking of the statement, it is imperative that the statement of the adult witness be taken before the statement of the child so as to ensure objectivity and minimize influence.
- Should the parent, guardian or accompanying adult be the alleged offender, the statement of the child should, under no circumstances, be taken in the presence of the alleged offender.
- Every page of the statement should be initialled by the police official taking the statement, the child, the interpreter and the parent, guardian or accompanying adult (Standing Order 322 and 327).
- All corrections must be corrected according to Standing Order 301.1 and initialled and dated by the police official who took the statement, the child and the parent, guardian or accompanying adult.

3. Format and requirements of statements of children

A statement is divided into 3 parts:

- A preamble
- Content
- Ending

3.1 Preamble of the statement

- In most cases involving children, the statement will not be sworn to or affirmed.
- The following must appear on the first line of the statement:
 - Full names and surname of the child
 - Indication of whether the statement is sworn to/affirmed or neither
 - The language spoken by the child (this enables the prosecutor to arrange for a relevant interpreter and intermediary at the trial)
 - Example:
JOSEPH THABANG RICHIE states in English/Zulu/Sepedi
- The following should appear in the preamble (paragraph 1):
 - Identity number or date of birth of the child
 - Full residential address of the child
 - Cellular phone number of the child
 - Home telephone number and contact particulars of the parent/guardian
 - Name of the child's school
 - Physical address of the child's school
 - The grade in which the child is
 - The name of the child's class teacher

3.2 Content of statement

- Before commencing with the writing of the statement, during the interview, the police official should determine whether or not the child knows the difference between the truth and a lie. This can be done by posing, for example the following questions to the child:

Truth	Lie
<i>There are televisions in South Africa</i>	<i>There are no televisions in South Africa</i>
<i>The sun shines during the day</i>	<i>The sun does not shine during the day</i>
<i>You can use a pencil to draw a picture</i>	<i>You use a pencil to plant a tree</i>

- Once this has been determined, paragraph 2 of the statement will contain the following:
I know the difference between right and wrong. I know what it means to speak the truth. What I am about to say, is the truth.
- The exact words used by the child must be used in order to ensure authenticity and originality. The following can be used as examples:

Words of child	Adult translation
<i>The uncle spanked me</i>	<i>Mr Nel assaulted me</i>
<i>The naughty man put his toti into my flower</i>	<i>Mr Ndlovu inserted his penis into my vagina</i>
<i>He put his wee-wee into my wee-wee</i>	<i>Mr Rodricks raped me</i>

- Care must be taken not to "translate" the language used by the child into adult language, for example, the meaning of "toti" and "flower" should under **no** circumstances be written in brackets after the child's words. It must be kept in mind that the defence is entitled to obtain a copy of the child's statement. The defence may cross-examine the child on terminology used in the child's statement. This may lead to an acquittal in court.
- A statement must be submitted by the police official or the parent/guardian/ accompanying adult in which an explanation is given to the meaning of the words used by the child.

- Great care must be taken in recording the child's statement in an understandable, chronological order since children often do not refer to events in sequence. It is therefore advisable that the police official who obtains the statement from the child, should make extensive notes during the interview before commencing with the writing down of the statement. Police officials should refer to the module on investigative interviewing of children in order to understand this and apply this to practice.

3.3 Ending of statement

- Once the statement has been obtained, the entire statement is read to the child and an opportunity is given to the child to make any corrections/changes/additions.
- The child is requested to write his/her name or make his/her mark on the next line after the last word of the statement.
- Should the services of a translator be utilized, the translator is required to certify the translation in the following manner:
Translated from Zulu to English and visa versa
- The interpreter then signs the certification.
- The parent, guardian or accompanying adult of the child then endorses the statement in the following
Statement was obtained in my presence. I have read the contents thereof.
- The parent/guardian/accompanying adult signs the statement and endorses the date time and place under his/her signature.
- The police official who obtained the statement endorses it in the following manner:
The above statement was taken by me in the presence of the parent/guardian/accompanying adult.
- The police official's signature is placed thereon and the date, time and place is endorsed under his/her signature.

4. Example of a statement of child

JOSEPH THABANG RICHIE states in English:

1.

I am a 9 year old boy and I was born on 1 April 1999. I stay at 123 Alpha Road, Windsor Park, Pretoria. My home telephone number is 012 393 1234. My mother's cell phone number is 083 123 4567 and my father's cell phone number is 082 123 7654. I am a grade 3 pupil at Windsor Park Primary School, 456 Beta Road, Windsor Park, Pretoria. I am in Miss Dhlamini's class. My home language is isiZulu.

2.

I know the difference between right and wrong. I know what it means to tell the truth. What I am about to say, is the truth.

3.

On Monday, 6 November 2008, I went to my uncle John's house after school. I normally go there every day after school. I don't know what his address is but he stays close to my school.

4.

After I had lunch, uncle John told me to go and change my clothes. Whilst I was in the bathroom, changing my clothes, uncle John came into the bathroom. I was standing in my underpants and he asked me how my day at school was. He sat on the toilet with all his clothes on and asked me to come and sit on his lap. I sat on his lap and started telling him about my day at school.

5.

Uncle John then started kissing me on my mouth. He put his tongue into my mouth. I tried to jump off his lap but I couldn't because he was holding me too tightly. Uncle John then put his hand inside my underpants and started playing with my toti. I told him to stop but he said that if he carries on a little while longer, I would like it. I felt scared and didn't know what to do and I started crying.

6.

At that moment I heard my aunt Elizabeth's car in the driveway. Uncle John threw me off his lap and told me to get dressed. He said that what happened is

our secret and I mustn't tell anyone about it. He promised to buy me a new bike for Christmas.

7.

While I was busy getting dressed, my aunt Elizabeth came into the bathroom. She saw I had been crying and asked me what was wrong. I started crying again and I told her what happened. My aunt didn't say anything to me, she just took me home. When we arrived at my house, my aunt and parents sent me to my room and they spoke in the lounge. I never told anyone else but my aunt about what happened to me.

XXXXXXX

(Child writes his/her name or makes his mark)

The above statement was translated by me from Zulu to English and back into Zulu.

XXXXXXX

(Signature of translator)

Statement was obtained in my presence. I read the contents thereof.

XXXXXXX

(Signature of parent/guardian/accompanying adult)

Pretoria

5. Conclusion

Obtaining a statement from a child remains a challenge and requires specialized skills. Investigating officers should approach this task with empathy and diligence. Statements which are obtained correctly ensures that the interest of justice is upheld and that children as victims are empowered.

SOUTH AFRICAN POLICE SERVICE

SUID-AFRIKAANSE POLISIEDIENS

SAPS 580(a)

**NOTICE OF SERVICES AVAILABLE TO VICTIM**

Section 28(3) of the Criminal Law (Sexual Offences and Related Matters) Amendment Act, 2007 (Act No. 32 of 2007)

(The member to whom the alleged commission of a sexual offence is reported, must hand this form to the victim of the alleged offence or an interested person)

The purpose of this Form is to provide the victim of the alleged sexual offence with information, and in particular with the details of the available services regarding the receiving of Post Exposure Prophylaxis (PEP) for possible HIV infection and for the testing of the alleged sex offender for HIV.

Note:

In terms of section 27 of the Act, an "interested person" is any person who has a material interest in the well-being of a victim, including a spouse; same sex or heterosexual permanent life partner; parent; guardian; family member; care giver; curator; counsellor; medical practitioner; health service provider; social worker; or teacher of the victim. An interested person may apply on behalf of the victim for the services referred to in this Form.

What is HIV infection?

HIV refers to infection with the human immuno-deficiency virus. HIV destroys important cells that control and support the immune system. As a result, the body's natural built-in defence mechanisms are weakened and find it difficult to offer resistance against illnesses. Most people infected with HIV ultimately develop AIDS and die as their bodies can no longer offer any resistance to illnesses such as TB, pneumonia and meningitis. Infection with HIV therefore has serious consequences for you as an individual. There is currently no cure for HIV/AIDS.

How is HIV transmitted?

HIV is transmitted in three different ways:

- through sexual intercourse;
- during a blood transfusion when HIV infected blood is passed directly into the body; and
- by a mother to a fetus during pregnancy, childbirth or whilst breast feeding.

Can I be exposed to HIV during a sexual offence?

Yes, if you come into contact with the blood, semen or vaginal fluid of the offender. For example, if you were vaginally or anally raped and the semen of the offender entered your body, you would have been exposed to HIV.

What is PEP?

PEP (Post Exposure Prophylaxis) refers to antiretroviral medication administered to reduce the risk of a person contracting HIV after a known exposure to the virus. The treatment usually involves the administering of a group of drugs (or certain medication on its own) which act against HIV. It is important that PEP be administered to you as soon as possible after the sexual offence was committed, but in any event within 72 hours after the alleged sexual offence has been committed. A public health establishment designated by the Minister of Health may administer the medication and this will be done free of charge. A list of public health establishments within a reasonable distance from the police station where the complaint was laid and where

this treatment may be obtained, is attached to this notice. You will be able to obtain free medical advice from the health establishment in respect of the administering of PEP before it is administered. You must consent to the administering of PEP.

Can I expose other people to the risk of HIV infection as a result of my possible exposure to HIV?

You cannot transmit HIV through daily contact with other people, such as hugging, shaking hands, and sharing food, water or utensils. However, since HIV may be transmitted through sexual intercourse, you may have become infected through the alleged sexual offence and may, as a result, infect your sexual partner. You should therefore practice safe sex until you are certain that you have not been infected. If you are pregnant, you may transmit HIV to your unborn child. If you are breast feeding, you may also expose your child to the risk of HIV infection. ***You must obtain expert advice (as set out at the end of this Notice) to deal with the implications of the risk of infection for yourself, your sexual partner and others.***

What about other sexually transmitted infections?

During the commission of a sexual offence, the victim may also be exposed to other sexually transmitted infections (STI's). All other STI's can be treated effectively without serious consequences to the health of the victim. You will be able to obtain free medical advice from the health establishment in respect of STI's, the symptoms to look out for and what to do if you suspect that you may have contracted such an infection.

How do I deal with my possible exposure to HIV during the alleged sexual offence?

You can apply to a magistrate to have the alleged offender tested for HIV, and the results of his or her tests will be disclosed to you. If you know the HIV status of the alleged sex offender, it may give you peace of mind and place you in a better position to make decisions on whether you should take medication to prevent or reduce the risk of HIV transmission and what you can do to protect your sexual partner and others against HIV infection. *Expert medical advice may be necessary for you to deal with the implications of the risk of infection for yourself, your sexual partner and others. The test result from a compulsory HIV test may not be reliable, because the alleged offender may be in the window period while he or she is tested for HIV. This means that the test result may indicate that the alleged offender tested negative although he or she is, in fact, HIV positive. You must therefore talk to an expert before you make any medical or lifestyle decision based on the test result. Furthermore, please take into account that an HIV positive test result does not mean that the virus was necessarily transmitted to you during the commission of the sexual offence.*

It is in your own best interest to be tested for HIV when you feel ready to do so. In the meantime, make sure that you practice safe sex.

How do I apply for HIV testing of the alleged sex offender?

- You must report the commission of the sexual offence to the police station nearest to where the offence was committed. The Police will investigate the matter.
- You may immediately thereafter apply for the HIV testing of the alleged sex offender, or inform the investigating officer that you wish to apply for the HIV testing of the alleged offender.
- An application form can be obtained from the police station. You must complete the application form to apply for an order to have the alleged offender tested.
- Once you have completed and signed the application form, you may hand it to the investigating official.

Who will consider my application?

The investigating officer who is responsible to investigate the alleged sexual offence, will submit your completed application to a magistrate. The magistrate will consider the application during court hours in his or her office. The magistrate may request further evidence, orally or by affidavit and may also question the

alleged offender before taking a decision. The investigating officer will inform you of the outcome of your application.

What will happen once the magistrate has ordered that the alleged offender be tested for HIV?

The investigating officer will ensure that two blood samples of the alleged offender are taken at the same time and are tested for HIV.

Who will pay for the HIV testing?

The State. It will not cost you any money.

How will I be informed about the HIV test result?

Once the results become available, the investigating officer will as soon as possible ensure that you receive a sealed envelope containing the HIV test result, as well as information on where you can obtain assistance in dealing with the results and the implications thereof.

May I disclose the HIV status of the alleged offender to other people?

The HIV test results may only be disclosed to the victim or the interested person who initiated the application for the compulsory HIV testing of the alleged offender, the alleged offender, the investigating officer and the prosecutor, where applicable, or any other person who needs to know the test results for purposes of any civil proceedings or an order of the court.

For what period may I apply for the HIV testing of the alleged sex offender?

You must apply within 90 days after the alleged sexual offence was committed. The 90 day period is called a window period, which means that if the test is conducted thereafter, it will not be reliable since, if the test is positive, the alleged offender could have contracted the virus after the alleged offence had been committed. Remember that, even if the test was conducted during the 90 days, a negative test result may not be reliable since the alleged offender may be in the window period and test negative although he or she is in fact HIV positive. It is therefore advised that, if you decide to apply to have the alleged offender tested for HIV, you do so as soon as possible after the alleged commission of the sexual offence. However, it remains in your best interest to have yourself tested for HIV.

Are there any service organizations which can provide counseling and support?

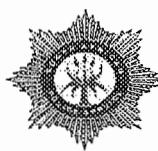

There are a number of private and public facilities that will assist you to deal with the implications of the HIV test results. Some of these services are free of charge, while others may require the payment of a fee. These include:

- Private medical and social facilities (eg a general medical practitioner or psychologist);
- Public medical and social facilities, including —
 - Life Line
 - Child Line
 - Child protection organizations
 - Local State Hospitals and Clinics
 - Rape Crisis
 - FAMSA
 - Departments of Social Welfare
 - Local AIDS Service Organizations

Contact details of these service providers are available in the telephone directory and from the investigating officer.

Please note: The Act strictly limits the circumstances in which an alleged offender of a sexual offence may, without his or her consent, be subjected to a compulsory HIV test. The Act only allows this in order to assist victims of sexual offences. If you have not been the victim of a sexual offence, or you do not act on behalf of a victim of a sexual offence, and abuse this procedure to establish the HIV status of a person with malicious intent, you may be prosecuted and convicted of an offence and sentenced to a fine or to imprisonment for a period not exceeding three years. You may also face a civil claim for damages.

SAPS 580(d)
SUID-AFRIKAANSE POLISIEDIENS**NOTICE TO ALLEGED OFFENDER IN RESPECT OF ORDER FOR HIV TESTING**

*Section 31(5)(b) of the Criminal Law (Sexual Offences and Related Matters) Amendment Act, 2007
(Act No. 32 of 2007)*

IN THE MAGISTRATE'S COURT FOR THE DISTRICT OF

HELD AT

Case No.:

(To be handed to the alleged offender by the investigating officer)

To:

(the alleged offender) charged with the offence of

..... against (the victim).

The purpose of this notice is to inform you that the court mentioned above issued an order to have you tested for HIV without your consent and to disclose the result of the test to the victim or an interested person acting on behalf of the victim and, where applicable, to the prosecutor responsible for your prosecution or any other related court proceedings.

What is HIV infection?

HIV refers to infection with the human immuno-deficiency virus. HIV destroys important cells that control and support the immune system. As a result, the body's natural built-in defence mechanisms are weakened and find it difficult to offer resistance against illnesses. Most people infected with HIV ultimately develop AIDS and die as their bodies can no longer offer any resistance to illnesses such as TB, pneumonia and meningitis. Infection with HIV therefore has serious consequences for you as an individual. There is currently no cure for HIV/AIDS.

How is HIV transmitted?

HIV is transmitted in three different ways:

- during sexual intercourse;
- during a blood transfusion when HIV infected blood is passed directly into the body; and
- from a mother to a fetus during pregnancy, childbirth or whilst breast feeding.

Can HIV be transmitted during the commission of a sexual offence?

Yes. If there is any exposure to HIV infected blood, semen or vaginal fluid during the commission of the offence, HIV may be transmitted.

Why should I be tested for HIV?

You may have exposed the victim to HIV during the commission of the alleged sexual offence or offence as defined in section 27 of the Act with which you are charged. (Section 27 of the Act defines

a "sexual offence" as a sexual offence in terms of which the victim may have been exposed to body fluids of the alleged offender, and an "offence" is defined as any offence, other than a sexual offence, in which the HIV status of the alleged offender may be relevant for purposes of investigation or prosecution). In the light of the serious consequences of HIV infection and the fear of victims of being infected with HIV, victims have the right to apply for the HIV testing of the alleged offenders and to have the result disclosed to them. The investigating officer may also apply to have you tested for HIV.

How will knowledge about my HIV status help the alleged victim?

The result of the test may help him or her —

- to decide whether to submit himself or herself to medical treatment which is costly and has serious effects but could prevent him or her from contracting the virus;
- to take measures to prevent the virus from being transmitted further from himself or herself to other persons (eg to the sexual partner of the victim or to her baby if she is pregnant or breast-feeding); and
- to provide the victim with peace of mind regarding his or her possible exposure to HIV during the alleged commission of the sexual offence.

Who granted the order that I be tested for HIV?

A magistrate from the magistrate's court in the district in which you allegedly committed the sexual offence or offence granted the order.

On what basis has the court order been granted?

The magistrate granted the order after considering evidence on oath by the person who applied to have you tested for HIV and by the investigating officer. The magistrate is satisfied that on a *prima facie* basis —

- you have committed a sexual offence or offence against the victim who applied, or on whose behalf application was made, to have you tested for HIV;
- in the course of the commission of the alleged offence, the victim may have been exposed to your body fluids (semen, blood or vaginal fluid); and
- no more than 90 calender days have lapsed from the date of the alleged commission of the offence.

You must note that the existence of *prima facie* evidence against you does not mean that you will be convicted of the crime. The state must proof beyond reasonable doubt that you committed the offence you are charged with. *Prima facie* evidence is utilized for the application to have you tested for HIV without your consent.

May I refuse to have my blood samples tested for HIV?

No. It is an order of the court. The magistrate may also issue a Warrant of Arrest if there is reason to believe that you may avoid compliance with the order or have already avoided compliance therewith. If you fail to comply with, or avoid compliance with a court order for your HIV testing, you are guilty of an offence and may be liable on conviction to a fine or to imprisonment for a period not exceeding three years.

How will I be tested for HIV?

The investigating officer will take you to a registered medical practitioner or nurse who will take two blood samples from you. The investigating officer will take the properly identified samples to a designated public health establishment where they will be tested for HIV.

Who will pay for the HIV testing?

The State. It will not cost you any money.

Will I be informed about the HIV test result?

Yes. The investigating officer will ensure that you receive the HIV test result and information on where you can obtain assistance in dealing with the results and the implications thereof.

What if the charge against me is a false charge?

Any person who, with malicious intent, lays a charge with the South African Police Service in respect of an alleged sexual offence with the intention to apply in terms of section 30(1) of the Act to ascertain the HIV status of any person, is guilty of an offence and is liable on conviction to a fine or to imprisonment for a period not exceeding three years.

Will the test result be disclosed to other persons?

The HIV test results may only be disclosed to the victim or the interested person who applied for the compulsory HIV testing of the alleged offender, yourself (as the alleged offender), the investigating officer and the prosecutor, where applicable, or any other person who needs to know the test results for purposes of any civil proceedings or an order of the court.

Will the test result be used in the trial against me?

Yes. Section 34 of the Act provides that the results of an HIV test may be used as evidence in any civil proceedings ensuing from the sexual offence or to enable the investigating officer to gather information for purposes of criminal proceedings.

How does my HIV status affect others?

Your HIV status does not only have serious implications for the alleged victim, but also for your own health and the health of others (eg your sexual partner or baby). Every person has the responsibility not to put others at risk of HIV infection. It is important that you obtain advice, assistance and information on treatment if you are HIV positive and on how to protect yourself and others against infection with HIV.

Are there any service organizations which can provide counseling and support?

There are a number of private and public institutions that will assist you to deal with the implications of the HIV test results. Some of these services are free of charge, while others may require the payment of a fee. These include:

- Private medical and social facilities (eg a general medical practitioner or psychologist);

- (1) The Notice must be handed to —
 - (a) the victim or interested person who acts on behalf of the victim and who applied to have the alleged offender tested for HIV; and
 - (b) the alleged offender who has been tested for HIV.
- (2) The purpose of the Notice is to provide the parties set out in (1) above, with information on the confidentiality and how to deal with information about the outcome of a compulsory HIV test.

How will I be informed of the HIV test result of the alleged offender?

The results of the HIV test of the alleged offender will be made available to you in a sealed envelope, marked "Confidential / Vertroulik".

What will be contained in the sealed envelope?

The sealed envelope will contain a document completed by a person attached to the health establishment that performed the HIV testing on the blood samples of the alleged offender. The form will state whether the alleged offender tested:

- positive for HIV; or
- negative for HIV.

If I am the victim, may I disclose the HIV status of the alleged offender to other people?

You may not disclose the HIV test results with malicious intent or in a grossly negligent manner to any person other than the alleged offender, the investigating officer, the prosecutor or any other person who needs to know the test results for purposes of any civil proceedings or an order of the court.

What should I do with the HIV test result?

You should obtain assistance from an expert to understand the implications of the result and on how to deal with the result, regardless of whether the test result was positive or negative. Expert assistance will help you to —

- understand the test result;
- deal with immediate emotional reactions and concerns;
- understand how the result will affect your health and the health of others (eg your sexual partner);
- identify the need for social and medical care; and
- discuss the need to disclose the test result to others.

Service organisations which can provide counselling and support

SEKSUELE MISDRYWE

1. Agtergrond

Die Wysigingswet op die Strafreg (Seksuele Misdrywe en Verwante Aangeleenthede), 2007 (Wet No. 32 van 2007) skep 'n raamwerk om te verseker dat omvattende en doeltreffende beskerming aan *slagoffers* van *seksuele misdrywe* verleen word. Die doel van hierdie Nasionale Instruksie is om te verseker dat lede 'n professionele diens lewer aan *slagoffers* ten opsigte van die ondersoek van misdrywe van hierdie aard en om in hierdie verband *slagoffers* by te staan.

2. Woordomskrywings

In hierdie Instruksie, tensy uit die konteks anders blyk, beteken —

- (a) "**belanghebbende persoon**", enige persoon wat 'n wesenlike belang in die welstand van 'n *slagoffer* het, wat insluit 'n gade, permanente lewensmaat van dieselfde of teenoorgestelde geslag, ouer, voog, familielid, sorggewer, kurator, berader, *geneesheer*, gesondheidsorgvoorsieder, maatskaplike werker of onderwyser of onderwyseres van so 'n *slagoffer*;
- (b) "**die Wet**", die Wysigingswet op die Strafreg (Seksuele Misdrywe en Verwante Aangeleenthede), 2007 (Wet No. 32 van 2007);
- (c) "**geneesheer**", 'n persoon wat ingevolge die Wet op Gesondheids-beroep, 1974 (Wet No. 56 van 1974) as 'n geneesheer geregistreer is, en wat, vir doeleindeste van artikel 33 van *die Wet*, gemagtig is om bloedmonsters soos beoog in Hoofstuk 5 van *die Wet* te neem;
- (d) "**professionele gesondheidsversorger**" die distriksgenesheer of persoon wat deur die Departement van Gesondheid aangestel is om 'n *slagoffervan 'n seksuele misdryf* medies te ondersoek;
- (e) "**kind**" 'n persoon onder die ouderdom van 18 jaar;
- (f) "**misdaadtoneel**" die plek, insluitende, waar toepaslik, die voertuig of vaartuig waarby of waarin 'n beweerde *seksuele misdryf* gepleeg is;
- (g) "**ondersoekbeampte**" 'n lid van die Diens wat aangewys is om die klagte van 'n *seksuele misdryf* te ondersoek. Indien geen lid al as sodanig aangewys is nie, die lid of speurder wat op bystand is. Indien die *slagoffer* van die misdryf 'n *kind* is, mag slegs 'n lid wat deur die GKS- eenheid opgelei is, as *ondersoekbeampte* aangewys word;
- (h) "**openbare gesondheidsinstelling**", 'n plek (soos uiteengesit in Aanhangsel A) wat deur die Minister van Gesondheid aangewys is om *PEP* aan *slagoffers* te voorsien en om verpligte MIV-toetsing uit te voer;
- (i) "**PEP**", Na-Blootstellingsprofilakse, wat mediese behandeling is om die risiko van MIV-infeksie te verminder;

Nasionale Instruksie 3 /2008	Seksuele Misdrywe
------------------------------	-------------------

- (j) “**seksuele misdryf**” enige misdryf wat in Aanhansel B vermeld word;
- (k) “**slagoffer**” ‘n persoon, ongeag geslag of ouderdom, wat beweer dat ‘n seksuele misdryf teen hom of haar gepleeg is; en
- (l) “**verpleer of verpleegster**” ‘n persoon wat ingevolge die Wet op Verpleging, 2005 (Wet No. 33 van 2005) as sodanig geregistreer is en wat, vir doeleindes van artikel 33 van die Wet, gemagtig is om bloedmonsters, soos beoog in Hoofstuk 5 van die Wet, te neem.

3. Verantwoordelikheid van Stasiekommissaris

- (1) Elke Stasiekommissaris moet met plaaslike verteenwoordigers van die Departement van Gesondheid, (insluitende verteenwoordigers van *openbare gesondheidsinstellings* wat binne die stasiewyk is (waarna in Aanhansel A verwys word)), die Departement van Welsyn, die plaaslike Gemeenskapspolisieforum en enige ander relevante plaaslike instansie skakel om plaaslike organisasies te identifiseer wat bereid en in staat is om berading en ander ondersteuningsdienste (insluitende mediese behandeling) aan *slagoffers* te voorsien.
- (2) Nadat die organisasies bedoel in subparagraph (1) geïdentifiseer is, moet die Stasiekommissaris met die genoemde organisasies skakel om te bepaal –
 - (a) watter bepaalde dienste deur elkeen verskaf word;
 - (b) of die dienste na-ure, tydens naweke en op openbare vakansiedae verskaf word en, indien wel, die na-ure kontakbesonderhede wat gebruik kan word om toegang te verkry tot die dienste;
 - (c) of die dienste gratis of teen ‘n fooi verskaf word; en
 - (d) die kontakbesonderhede van elkeen.
- (3) Die Stasiekommissaris moet ‘n lys van die relevante organisasies saamstel en, rakende elke organisasie, minstens die inligting waarna in subparagraph (2) verwys word, daarby insluit, asook inligting rakende hospitale, ambulansdienste en *professionele gesondheidsversorgers* wat gekontak kan word om mediese behandeling aan *slagoffers* te verskaf.
- (4) Die oorspronklike lys bedoel in subparagraph (3), moet deur die Stasiekommissaris bygehou word en hy of sy moet dit minstens eenmaal elke ses maande opdateer.
- (5) Die Stasiekommissaris moet verseker dat ‘n afskrif van –
 - (a) die Wet;
 - (b) die Regulasies wat ingevolge daarvan uitgevaardig is;
 - (c) hierdie Nasionale Instruksie;
 - (d) die stasie orders wat deur hom of haar ingevolge subparagraph (6) uitgevaardig is; en
 - (e) die lys waarna in subparagraph (3) verwys is,
 ten alle tye in die Gemeenskapdienssentrum beskikbaar is en dat ‘n afskrif van die lys waarna in subparagraph (3) verwys word, ten alle tye in elke polisievoertuig beskikbaar is wat by sy of haar stasie gebruik word om klages by te woon.

Nasionale Instruksie 3 /2008	Seksuele Misdrywe
-------------------------------------	--------------------------

- (6) Die Stasiekommissaris moet stasie orders uitvaardig wat, inaggenome die unieke omstandighede wat in sy of haar bepaalde stasiewyk heers, die beskikbare hulpbronne, ens. –
- (a) van 'n lid onder sy of haar bevel vereis om 'n *slagoffer* in te lig van die dienste wat deur organisasies (vermeld in die lys) verskaf word en die manier waarop die *slagoffer* daarvan ingelig moet word (bv. deur die *slagoffer* van 'n afskrif van die lys te voorsien of om die *slagoffer* toe te laat om die lys deur te lees of die inligting in die lys aan die *slagoffer* te lees);
 - (b) die stappe uiteensit wat deur so 'n lid geneem moet word om, wanneer deur die *slagoffer* daartoe versoek, die *slagoffer* by te staan om toegang te verkry tot enige diens wat verskaf word deur 'n organisasie vermeld in die lys, of om mediese behandeling, indien dit benodig word, te verkry; en
 - (c) in die algemeen, lede onder sy of haar bevel, opdrag gee oor enige ander onderwerp rakende die behandeling van *slagoffers* wat hy of sy, ten opsigte van sy of haar bepaalde stasiewyk, nodig ag.
- (7) Waar die polisiestasiewyk deel vorm van 'n groter area wat uit meer as een polisiestasiewyk bestaan en 'n radiobeheereenhed is gestig om sodanige groter area te patroolleer en klagtes by te woon, moet elke Stasiekommissaris van 'n stasie in sodanige groter area, vir inligtingsdoleinde, die bevelvoerder van so 'n radiobeheereenhed voorsien van 'n afskrif van –
- (a) die lys waarna in subparagraph (3) verwys word en, wanneer hy of sy die lys opgedateer het, 'n afskrif van die opgedateerde weergawe daarvan; en
 - (b) 'n afskrif van die stasie orders wat ooreenkomsdig subparagraph (6) uitgevaardig is, en, indien hy of sy die orders wysig, 'n afskrif van die opgedateerde weergawe daarvan.
- (8) Die Stasiekommissaris moet toesien dat alle funksionele lede by sy of haar stasie indiensopleiding (ook by stasiebyeenkomste) ondergaan aangaande die *Wet*, die Regulasies, hierdie Instruksie en die stasie orders wat deur hom of haar uitgereik is.

4. Aanmelding van 'n seksuele misdryf by 'n polisiestasie

- (1) Die beweerde pleging van 'n *seksuele misdryf* word gewoonlik aangemeld deur —
- (a) die *slagoffer* van die misdryf;
 - (b) 'n familielid, vriend of kollega van die *slagoffer*; of
 - (c) 'n persoon wat die pleging waargeneem het of inligting oor die pleging van die misdryf ontvang het.
- (2) Die persoon wat die beweerde pleging van die misdryf aanmeld, doen dit gewoonlik vrywillig (behalwe in omstandighede waarna in subparagraph (3) verwys) word en is derhalwe gewoonlik gewillig om alle inligting wat hy of sy het, aan die polisie oor te dra.
- (3) (a) Ingevolge artikel 54(1) van die *Wet*, moet enige persoon wat daarvan kennis dra dat 'n *seksuele misdryf* teenoor 'n *kind* gepleeg is, sodanige kennis by 'n polisiebeampte aanmeld. Versuim om dit te doen, kom neer op 'n misdryf en 'n persoon is by skuldigbevinding strafbaar met 'n

- boete of gevangenisstraf vir 'n tydperk van hoogstens vyf jaar of met beide sodanige boete en sodanige gevangenisstraf.
- (b) Ingevolge artikel 54(2) van die *Wet*, moet enige persoon wat daarvan kennis dra of 'n redelike oortuiging of vermoede het dat 'n seksuele misdryf teenoor 'n verstandelik gestremde persoon gepleeg is, sodanige kennis, oortuiging of vermoede by 'n polisiebeampte aanmeld. Versuim om dit te doen, kom neer op 'n misdryf en 'n persoon is by skuldigbevinding strafbaar met 'n boete of gevangenisstraf vir 'n tydperk van hoogstens vyf jaar of met beide sodanige boete en sodanige gevangenisstraf.
- (4) 'n Persoon wat sy of haar —
- (i) kennis dat 'n seksuele misdryf teenoor 'n kind of verstandelik gestremde persoon gepleeg is; of
 - (ii) redelike oortuiging of vermoede dat 'n seksuele misdryf teenoor 'n verstandelik gestremde persoon gepleeg is, aanmeld as gevolg van die regsply om dit ingevolge artikel 54 van die *Wet* aan te meld, kan dit soms doen weens vrees vir vervolging indien hy of sy versuim om dit te doen.
- (5) Indien 'n persoon (waarna in subparagraaf (4) verwys word) sodanige kennis of sy of haar redelike oortuiging of vermoede by 'n polisiebeampte aanmeld, mag die lid wat die inligting ontvang onder geen omstandighede sodanige persoon wegwijs nie. So 'n lid moet die inligting oorweeg en —
- (a) indien die lid tevrede is dat daar redelike gronde is om te glo dat so 'n misdryf inderdaad gepleeg is, 'n beëdigde verklaring van die persoon verkry wat die inligting insluit wat deur daardie persoon verskaf is, 'n dossier vir die ondersoek van die misdryf, wat na bewering gepleeg is, open en die dossier op die MAS-stelsel registreer; of
 - (b) indien die lid nie tevrede is dat daar redelike gronde is om te glo dat so 'n misdryf inderdaad gepleeg is nie, met die Gemeenskapdienssentrumbevelvoerder konsulteer wat 'n volledige VB-inskrywing van die aanmelding moet maak, asook die redes waarom die bevelvoerder nie tevrede is dat daar redelike gronde is om te glo dat so 'n misdryf inderdaad gepleeg is nie, en die nommer van die VB-inskrywing aan die persoon verskaf wat die aanmelding gemaak het. Die inskrywing moet voldoende besonderhede van die persoon, wat die aanmelding gemaak het, insluit sodat hy of sy opgespoor kan word en 'n onderhoud met hom of haar gevoer kan word indien dit nodig sou blyk te wees.
- (6) Enige persoon wat die beweerde pleging van 'n *seksuele misdryf* teenoor 'n *kind* aanmeld, moet deur 'n lid op 'n professionele wyse hanteer word en moet gerusgestel word dat die aanmelding in 'n ernstige lig beskou word en deeglik ondersoek sal word.

5. Slagofferbystand

- (1) Tydens die pleging van 'n *seksuele misdryf*, ervaar die *slagoffer* ernstige trauma. Dit is moeilik om aan enige ander misdryf te dink waartydens die liggaamlike en psigiese integriteit, privaatheid en menswaardigheid van 'n *slagoffer* terselfdertyd meer ernstig geskend word as tydens die pleging van 'n *seksuele misdryf*. Verder raak die pleging van 'n *seksuele misdryf* nie net die

Nasionale Instruksie 3 /2008**Seksuele Misdrywe**

slagoffer alleen nie, maar ook sy of haar familie en persoonlike lewe. 'n Lid moet hierdie feit voortdurend in gedagte hou tydens sy of haar interaksie met die *slagoffer* en die familie of vriende van die *slagoffer*.

- (2) Tydens die pleging van 'n *seksuele misdryf*ervaar die *slagoffer* gewoonlik gevoelens van magteloosheid, hulpeloosheid en weerloosheid. Wanneer die misdryf by 'n polisiebeampte aangemeld word, herleef die *slagoffer* die voorval en ervaar daardeur sekondêre trauma. Die sekondêre trauma word vererger indien die lid die onderhoud op 'n ongevoelige wyse voer of die *slagoffer* onnodig aanraak. Aan die ander kant word sekondêre trauma verminder indien die *slagoffer* toegelaat word om 'n persoon, van sy of haar keuse, ter ondersteuning teenwoordig te hê en hy of sy tydens die onderhoud gerusgestel word en die onderhoud gevoer word in 'n omgewing wat, óf bekend is aan die *slagoffer*, óf vir die *slagoffer* gerusstellend is (wat die gevoel by die *slagoffer* skep dat hy of sy veilig is en dat wat hy of sy sê nie deur ander gehoor kan word nie en met vertroulikheid hanteer word).
- (3) In die lig van bovermelde, is dit noodsaaklik dat die lid, by wie 'n *slagoffer* die pleging van 'n *seksuele misdryf* by 'n polisiestasie aanmeld, —
 - (a) onmiddellik die *slagoffer* versoek om hom of haar na 'n toepaslike area te vergesel, verwyderd van die hooftoonbank in die Gemeenskapdienssentrum en wat buite sig en hoorafstand is van persone in die Gemeenskapdienssentrum;
 - (b) die *slagoffer* gerusstel dat hy of sy nou veilig is en beskerm sal word. Indien die *slagoffer* en die beweerde oortreder in 'n gesinsverhouding is, moet die lid die *slagoffer* ooreenkomsdig die Nasionale Instruksie oor Gesinsgeweld inlig;
 - (c) vasstel of die *slagoffer* mediese hulp benodig en, indien wel, reëlings tref dat die *slagoffer* so gou as moontlik mediese hulp bekom;
 - (d) die *slagoffer* vra of hy of sy sal verkie om 'n ander persoon teenwoordig te hê om hom of haar gedurende die onderhoud te ondersteun en, indien die *slagoffer* verkie dat sodanige persoon teenwoordig is, sodanige persoon toelaat om teenwoordig te wees om hom of haar gedurende die onderhoud te ondersteun;
 - (e) die *slagoffer* gerusstel dat hy of sy die regte ding gedoen het om die aangeleentheid by die polisie aan te meld en dat die aangeleentheid sensitief hanteer sal word en dat hy of sy nie onnodig aan verdere traumatisering blootgestel sal word nie;
 - (f) luister na wat die *slagoffer* sê, sonder om hom of haar in die rede te val en hom of haar gerusstel; en
 - (g) elke ding wat die *slagoffer* sê, neerskryf, aangesien dit getuienis kan wees wat die polisie in die ondersoek kan help (maak ondersoeknotas).
- (4) Enige lid wat inligting ontvang dat 'n *seksuele misdryf* na bewering teen enige persoon gepleeg is, moet altyd die inligting in 'n baie ernstige lig beskou en moet onmiddellik daaraan aandag gee, ongeag hoe lank gelede (voor die inligting aangemeld is) die misdryf na bewering gepleeg is of in watter stasie se wyk dit na bewering gepleeg is. Geen *slagoffer* mag weggewys word bloot weens die feit dat die beweerde misdryf lank gelede plaasgevind het of na bewering in die stasiewyk van 'n ander polisiestasie gepleeg is nie.

Nasionale Instruksie 3 /2008**Seksuele Misdrywe**

- (5) Terwyl daar verklarings van die *slagoffer* en sy of haar familie verkry word, moet die lid ten alle tye op 'n professionele wyse optree en sensitief wees teenoor die emosies van die *slagoffer* en sy of haar familie. Die lid moet geduldig wees met die *slagoffer* en hom of haar toelaat om te verduidelik wat gedurende die beweerde pleging van die misdryf gebeur het sonder om die *slagoffer* onnodig te onderbreek. 'n Lid mag nooit bevooroordeeld wees tydens interaksie met die *slagoffer* nie, ongeag wat die omringende omstandighede van die misdryf is.
- (6) Wanneer voldoende besonderhede van die *slagoffer* bekend is, moet 'n dossier geopen, op die MAS geregistreer en 'n beëdigde verklaring afgelê word waarin die volgende duidelik vermeld moet word:
- (a) die tyd en datum waarop die misdryf na bewering gepleeg is;
 - (b) die plek waar die misdryf na bewering gepleeg is;
 - (c) die aard van die beweerde misdryf;
 - (d) die wyse waarop dit na bewering gepleeg is;
 - (e) die eerste persoon aan wie die *slagoffer* die beweerde pleging van die *seksuele misdryf* gemeld het, voordat hy of sy dit by die polisie aangemeld het;
 - (f) enige besonderhede aangaande die beweerde oortreder(s) wat van hulp kan wees om hulle te identifiseer en op te spoor; en
 - (g) enige besonderhede aangaande moontlike getuies wat van hulp kan wees om hulle te identifiseer en op te spoor.
- (7) Indien die *slagoffer* nie in staat is om 'n samehangende verklaring te maak nie, moet 'n dossier (staat soos per) geopen word, 'n verklaring verkry word van enige persoon wat die *slagoffer* vergesel het en die *slagoffer* moet tyd gegun word voordat 'n verklaring van hom of haar geneem word.
- (8) Die lid moet, so gou as moontlik nadat die voorval aangemeld is, die *slagoffer* inlig van die —
- (a) saaknommer; en
 - (b) besonderhede van die *ondersoekbeampte*.
- (9) Die lid moet die *slagoffer* inlig van die prosesse wat daarna gevvolg sal word en waarom die prosesse nodig is, ten einde die *slagoffer* in staat te stel om die procedure te begryp en om vertroue by die *slagoffer* in te boesem dat die polisie die aangeleentheid op 'n professionele wyse hanteer.
- (10) Die *slagoffer* moet ingelig word van die belangrikheid om, so gou as wat redelikerwys moontlik is, 'n mediese ondersoek te ondergaan. Die *slagoffer* moet ingelig word dat die ondersoek op staatskoste gedoen sal word en dat hy of sy daarop geregtig is om die *professionele gesondheidsversorger* wat die ondersoek doen, mediese advies te vra oor enige aspek van sy of haar gesondheid wat weens die beweerde *seksuele misdryf* geraak is.
- (11) Die lid moet ook die *slagoffer* inlig van beskikbare dienste soos beoog in paragraaf 11(2)(b) (hieronder), asook oor die Getuiebeskermings-program. Die *slagoffer* moet ook, op 'n gereelde basis, van die vordering met die ondersoek ingelig word.

6. Telefoniese aanmelding van 'n seksuele misdryf

Indien 'n seksuele misdryf telefonies aangemeld word, moet die lid wat die klagte hanteer, bepaal of die persoon wat skakel die *slagoffer* is en,—

- (a) indien wel, probeer om die *slagoffer* aan die praat te hou en die *slagoffer* gerusstel dat 'n polisievoertuig uitgestuur is en toepaslike advies aan die *slagoffer* verskaf terwyl hy of sy vir die voertuig wag; en
 - (b) indien nie, die persoon aansê om by die *slagoffer* te bly en nie die *misdaadtoneel* te versteur nie, en
- in albei gevalle, onmiddellik 'n polisievoertuig na die toneel stuur om die *slagoffer* by te staan.

7. Verantwoordelikheid van die eerste lid op die misdaadtoneel

- (1) Die eerste lid wat op 'n toneel aankom waar 'n seksuele misdryf na bewering gepleeg is, moet die *slagoffer* op 'n professionele wyse hanteer en moet die *misdaadtoneel* beveilig totdat 'n ondersoekbeampte beskikbaar is om beheer van die ondersoek te neem.
- (2) Die lid op die toneel moet by die *slagoffer* vasstel of die verdagte moontlik nog in die omgewing kan wees en, indien wel, 'n beskrywing van die verdagte verkry. Die beskrywing van die verdagte moet onmiddellik aan alle polisievoertuie in die area oorgedra word.
- (3) 'n Lid wat in kontak kom met 'n *slagoffer* van 'n seksuele misdryf moet, so ver as moontlik, vermy om onnodig aan die *slagoffer* te raak. Die lid wat die *slagoffer* ondervra, moet—
 - (a) die *slagoffer* gerusstel dat hy of sy nou veilig is en beskerm sal word;
 - (b) 'n kort verduideliking van die gebeure wat plaasgevind het, verkry (neem ondersoeknotas, nie 'n verklaring nie);
 - (c) luister na wat die *slagoffer* sê, sonder om hom of haar in die rede te val en hom of haar op sy of haar gemak plaas;
 - (d) elke ding wat die *slagoffer* sê, neerskryf, aangesien dit getuenis is wat die polisie in die ondersoek van hulp kan wees; en
 - (e) later 'n omvattende verklaring maak aangaande die onderhoud en die ondersoeknotas wat geneem is en die notas in die dossier onder deel "A" van die dossier liasseer.
- (4) Die lid moet dit vermy om op hierdie stadium onnodig ongemaklike vrae oor die intieme besonderhede van die beweerde seksuele misdryf te stel. Aangesien 'n *slagoffer* dikwels bekommert is dat almal die intieme feite van die saak sal weet, is dit belangrik dat die lid aan die *slagoffer* verduidelik dat die spesifieke besonderhede van die voorval net aan die nodige rolspelers bekend gemaak sal word en dat dit nie nodig sal wees om die intieme besonderhede herhaaldelik oor te vertel nie.
- (5) Dit is noodsaaklik dat die lid op die toneel die *misdaadtoneel* beveilig. Lede moet daarvan kennis neem dat daar in die meeste gevalle van seksuele misdrywe basies drie *misdaadtonele* is, naamlik die liggamo van beide die *slagoffer* en die verdagte en die plek, insluitende waar van toepassing, die voertuig of vaartuig waarin die voorval plaasgevind het en waar die *slagoffer* en

oortreder beweeg het. Belangrike getuienis in die saak sal dikwels dít wees wat op die persoon van die *slagoffer* en by die *misdaadtoneel* opgespoor word.

8. Stappe wat gedoen moet word om die misdaadtoneel te beveilig

- (1) 'n Lid of lede wat eerste op die toneel aankom, moet die belangrikheid van die bewaring van getuienis van die pleging van die *seksuele misdryf* aan die *slagoffer* en alle ander persone wat teenwoordig kan wees en wat die *slagoffer* ondersteun (soos die ouers van die *slagoffer*), beklemtoon. Dit is baie belangrik dat 'n *slagoffer* besef dat sy of haar liggaam as 'n *misdaadtoneel* beskou word en dat hy of sy, so ver as moontlik, enige moontlike getuienis moet bewaar totdat die mediese ondersoek gedoen is.
- (2) Ten einde getuienis op die liggaam van die *slagoffer* te bewaar, moet die lid die *slagoffer* inlig om —
 - (a) enige toiletpapier en ander sanitêre materiaal te bewaar indien die *slagoffer* nodig het om na die badkamer te gaan (toiletpapier en ander sanitêre materiaal moet winddroog gemaak word en in 'n koevert of bruin papiersak geplaas en na die Forensiese Wetenskapslaboratorium gestuur word);
 - (b) homself of haarself daarvan te weerhou om enige vloeistof te drink, indien die *slagoffer* gedwing is om 'n handeling van orale seks uit te voer, aangesien getuienis in die proses verlore kan gaan. (Hierdie beperking geld slegs indien die *slagoffer* nog nie sy of haar mond uitgespoel het nie.) 'n Mondwattedepper moet so gou as moontlik na die voorval geneem word;
 - (c) die klere wat hy of sy ten tye van die pleging van die *seksuele misdryf* aangehad het, behou, aangesien die klere vir forensiese toetse nodig mag wees; en
 - (d) indien moontlik, reëlings te tref vir bykomende onderklere en ander klere wanneer hy of sy vir die mediese ondersoek gaan.
- (3) Die lid moet die *misdaadtoneel* beskerm teen kontaminasie en beveilig totdat die *ondersoekbeampte* beheer van die toneel kan neem. Niks op die *misdaadtoneel* moet aangeraak of verskuif word nie.
- (4) Die lid moet stapte doen om die privaatheid en menswaardigheid van die *slagoffer* te beskerm en moet verseker dat die *slagoffer* van die *misdaadtoneel* na 'n nabijgeleë private plek verwyder word. Indien daar geen gesikte private plek naby is nie, moet die *slagoffer* van die publiek afgeskerm word. Dit is belangrik dat 'n lid by die *slagoffer* moet bly totdat die *ondersoekbeampte* opdaag.
- (5) Indien die verdagte steeds op die toneel is, moet die lid hom of haar weghou van die *slagoffer* en toepaslike stapte doen om die verdagte van die toneel te verwyder om te voorkom dat bewerings gemaak word dat getuienis kontamineer is of dat die *slagoffer* of ander getuies geïntimideer is.
- (6) Die lid moet enige persoon op die toneel identifiseer wat behulpsaam kan wees in die ondersoek en voldoende besonderhede van daardie persoon verkry sodat die *ondersoekbeampte* hom of haar later kan kontak.

Nasionale Instruksie 3 /2008**Seksuele Misdrywe****9. Die rol van die ondersoekbeampte**

- (1) Die *ondersoekbeampte* is verantwoordelik om 'n deeglike en professionele ondersoek in elke saak te doen.
- (2) Die *ondersoekbeampte* moet, so gou as moontlik nadat hy of sy ingelig is dat hy of sy aangewys is om 'n *seksuele misdryf* te ondersoek,
 - (a) beheer neem van die ondersoek. Indien die *ondersoekbeampte* nie onmiddellik die ondersoek kan behartig nie, moet hy of sy, by wyse van selfoon of telefoon of radio opdragte aan 'n lid gee wat na die *slagoffer* omsien en die *misdaadtoneel* behartig, om die *slagoffer* in te lig van procedures wat die *slagoffer* sal moet ondergaan en aan die *slagoffer* te verduidelik wat die rol van die *ondersoekbeampte* is en hoe hy of sy die *slagoffer* sal bystaan;
 - (b) indien die *slagoffer* 'n *kind* is, die veiligheid van die *kind* verseker. Dit sluit in om te bepaal of die *kind* sorgbehoewend is en, indien wel, toepaslike stappe doen om die veiligheid en beskerming van die *kind* te verseker;
 - (c) inligting van die *slagoffer* verkry. Aanvanklik moet die *ondersoekbeampte* slegs 'n verklaring van die *slagoffer* neem wat uiteensit wat gebeur het (hierdie is slegs 'n voorlopige verklaring). Die *ondersoekbeampte* moet hierdie verklaring in privaatheid neem, hoewel 'n persoon van die *slagoffer* se keuse teenwoordig mag wees;
 - (d) die in-diepte verklaring van die *slagoffer* verkry so gou as wat die *slagoffer* genoegsaam van die beproeing herstel het (afhangende van omstandighede, ideaal gesproke, binne 24 - 36 uur). Die rede hiervoor is dat 'n beter verklaring van die *slagoffer* verkry kan word wanneer die trauma wat hy of sy ervaar het, minder intens is en 'n beter verstandhouding met die *ondersoekbeampte* bewerkstellig is;
 - (e) die *slagoffer* ingelig hou van die vordering van die ondersoek (soos dat die verdagte gearresteer is, op borgtog vrygelaat is, datums van hofverskynings, ens.). Die besonderhede van alle kontak deur die *ondersoekbeampte* met die *slagoffer* moet in die ondersoekdagboek aangeteken word, met vermelding van, onder andere, datum, tyd en plek waar kontak gemaak is en of dit persoonlik, telefonies of skriftelik was. Die *slagoffer* moet ook ingelig word van die kontakbesonderhede van die *ondersoekbeampte* en aangemoedig word om die *ondersoekbeampte* te kontak; en
 - (f) 'n verklaring met betrekking tot die *misdaadtoneel/inhandig, ongeag hoe lank gelede die voorval plaasgevind het.*

10. Mediese ondersoek van die *slagoffer*

- (1) Die doel van die mediese ondersoek van die *slagoffer* is om die liggaam van die *slagoffer* te ondersoek om te bepaal of daar enige getuienis aangaande die beweerde *seksuele misdryfop* of in die *slagoffer* se liggaam is en om vas te stel wat die verstandelike en emosionele toestand van die *slagoffer* is.
- (2) Die *slagoffer* moet, so gou as moontlik, vir die mediese ondersoek geneem word. Selfs indien die *seksuele misdryf* eers meer as 72 uur nadat dit gepleeg is, aangemeld is, en selfs indien die *slagoffer* reeds gewas het en moontlik getuienis in die proses vernietig het, moet die *slagoffer* nog steeds vir die

Nasionale Instruksie 3 /2008	Seksuele Misdryf
	mediese ondersoek geneem word. Die moontlikheid dat daar steeds getuienis bekom kan word, kan nooit uitgesluit word nie.
(3)	Wanneer die <i>slagoffer</i> vir die mediese ondersoek geneem word, moet daar op die volgende gelet word:
	(a) Die mediese ondersoek moet so gou as moontlik uitgevoer word.
	(b) Die mediese ondersoek moet deur 'n opgeleide <i>professionele gesondheidsversorger</i> uitgevoer word.
	(c) Die <i>ondersoekbeampte</i> moet die <i>slagoffer</i> vir die mediese ondersoek na die <i>professionele gesondheidsversorger</i> neem.
	(d) 'n Manlike lid mag nie teenwoordig wees tydens die mediese ondersoek van 'n vroulike <i>slagoffer</i> nie, en omgekeerd. Selfs 'n lid van dieselfde geslag as die <i>slagoffer</i> mag slegs tydens die mediese ondersoek teenwoordig wees indien die <i>slagoffer</i> daartoe toestem.
	(e) Die <i>professionele gesondheidsversorgersal</i> nie die mediese ondersoek doen voordat 'n saakdossier geregistreer is en vorms SAPD 308 en J 88 voltooi is nie.
(4)	Indien daar bewerings van dwelm- of alkoholgebruik, ongeag vrywillig of nie, deur óf die <i>slagoffer</i> óf die beweerde oortreder, gemaak word, moet die <i>professionele gesondheidsversorger</i> versoek word om 'n urienemonster, sowel as 'n bloedmonster, van die <i>slagoffer</i> te bekom. Hierdie monsters moet, indien enigsins moontlik, binne 24 uur na die pleging van die misdryf verkry word.
(5)	Die <i>ondersoekbeampte</i> moet die <i>slagoffer</i> inlig —
	(a) van HIV-toetsing en PEP, soos beoog in paragraaf 11;
	(b) van die doel waarvoor die monsters bekom word;
	(c) van die redes waarom die vorms (SAPD 308 en J 88) voltooi moet word en die proses wat gevolg sal word;
	(d) dat hy of sy die teruggawe kan versoek van alle voorwerpe waarop daar beslaggelê is as getuienis na die afhandeling van die strafsaak (die artikels kan egter tydens die forensiese proses beskadig word);
	(e) dat hy of sy toegelaat sal word om te was of te bad nadat die mediese ondersoek afgehandel is; en
	(f) dat die <i>professionele gesondheidsversorger</i> in staat sal wees om vrae te beantwoord in verband met mediese behandeling of beskikbare dienste indien die <i>slagoffer</i> verdere behandeling benodig en in staat sal wees om die <i>slagoffer</i> na 'n <i>openbare gesondheidsinstelling</i> te verwys.
(6)	Die <i>ondersoekbeampte</i> moet —
	(a) 'n vorm SAPD 308 voltooi waarin al die relevante besonderhede van die <i>seksuele misdryf</i> vermeld word of dit aan die vorm heg (dit wil sê, 'n kort beskrywing van gebeure);
	(b) 'n vorm J 88 en die relevante toerusting aan die <i>professionele gesondheidsversorger</i> verskaf om die getuienis in te samel;
	(c) aanteken presies watter mediese monsters benodig word en verseker dat dit geneem word (sien Aanhangsel C);
	(d) indien dit uit die J 88 blyk dat die <i>slagoffer</i> minder as 72 uur voor die pleging van die beweerde <i>seksuele misdryf</i> <i>seksuele kontak</i> gehad het, moet monsters van die betrokke metgesel(le) verkry word;
	(e) die monsters duidelik merk; en

Nasionale Instruksie 3 /2008**Seksuele Misdrywe**

- (f) verseker dat die monsters binne 7 dae na die Forensiese Wetenskapslaboratorium gestuur word. In gevalle waar fetusse betrokke is, moet die fetus, so gou as wat redelikerwys moontlik is, na die Forensiese Wetenskapslaboratorium geneem word.
- (7) Indien die *slagoffer* onmiddellike mediese aandag benodig en die *ondersoekbeampte* is nie teenwoordig nie, moet alle moontlike stappe gedoen word om te verseker dat 'n deeglike mediese ondersoek gedoen word en die regte monsters onverwyld verkry word.
- (8) (a) Indien die *slagoffer* van die beweerde *seksuele misdryf*'n kind is, moet die *ondersoekbeampte* die noodsaaklikheid van die ondersoek aan die ouers of voog van die *kind* verduidelik en hulle toestemming verkry vir die ondersoek wat gedoen moet word en die vorm SAPD 308 voltooi.
- (b) Die *ondersoekbeampte* moet ook die ouers of voogde van die *kinderslagoffer* inlig dat hulle die *kind* na die ondersoek mag vergesel.

- (9) Indien 'n *slagoffer*, weens sy of haar geestesiekte, nie in staat is om tot mediese behandeling toe te stem nie, moet skriftelike toestemming vir 'n mediese ondersoek verkry word ooreenkomsdig die prosedure soos uiteengesit in artikel 32 van die Wet op Geestesgesondheidsorg, 2002 (Wet No. 17 van 2002). Hierdie artikel handel, onder ander, oor die versorging en behandeling van geestesgesondheidsorggebruikers wat nie in staat is om ingeligte besluite te neem nie.

11. Lig die *slagoffer* van 'n seksuele misdryf in van die beskikbare dienste en oorhandig 'n Kennisgewing aan die *slagoffer*

- (1) Uit die inhoud van die *slagoffer* se beëdigde verklaring, moet die lid 'n mening vorm of die *slagoffer*, weens die pleging van die misdryf, blootgestel is aan die risiko om met MIV besmet te word. Die *slagoffer* sou blootgestel kon wees aan die risiko om met MIV besmet te word, indien die misdryf 'n *seksuele misdryf* is waartydens die *slagoffer* in kontak was met die *bloed, semen of vaginale vloeistof* van die beweerde oortreder.
- (2) 'n *Slagoffer* van 'n *seksuele misdryf* wat blootgestel is aan die risiko om met MIV besmet te wees as gevolg van die pleging van die *seksuele misdryf*, moet —
- (a) voorsien word van 'n afskrif van die Vorm SAPD 580(a) (Kennisgewing aan 'n *slagoffer* van beskikbare dienste) in Afrikaans of Engels (indien die *slagoffer* in staat is om die Kennisgewing in Afrikaans of Engels te lees en te verstaan); en

Nasionale Instruksie 3 /2008	Seksuele Misdrywe
(b)	ooreenkomstig die Kennisgewing waarna in (a) verwys word, deur 'n lid ingelig word —
(i)	van die belangrikheid daarvan om <i>PEP</i> vir MIV-infeksie te ontvang sonder enige vertraging, maar in elk geval binne 72 uur na die beweerde <i>seksuele misdryf</i> teen hom of haar gepleeg is;
(ii)	dat <i>PEP</i> op staatskoste by 'n <i>openbare gesondheidsinstelling</i> ooreenkomstig die staat se geldende behandelingskriteria en protokolle aan hom of haar toegedien sal word;
(iii)	dat die <i>slagoffer</i> gratis mediese advies en hulp aangaande die toediening van <i>PEP</i> sal ontvang alvorens dit toegedien word;
(iv)	van die noodsaaklikheid om mediese advies en hulp aangaande die moontlikheid van ander seksueel oordraagbare infeksies te ontvang; en
(v)	dat die <i>slagoffer</i> of <i>belanghebbende persoon</i> by die landdroshof kan aansoek doen vir 'n bevel wat die beweerde oortreder dwing om, op staatskoste, 'n MIV-toets te ondergaan.
(3)	Indien die <i>slagoffer</i> nie in staat is om die Kennisgewing in Afrikaans of Engels te lees en te verstaan nie, moet die lid, of enige ander persoon wat bereid en in staat is om die lid by te staan om die inhoud van die Kennisgewing aan die <i>slagoffer</i> te verduidelik in 'n taal wat die <i>slagoffer</i> verstaan, die inhoud van die Kennisgewing aan die <i>slagoffer</i> verduidelik. Die <i>slagoffer</i> moet ook voorsien word van die lys van <i>openbare gesondheidsinstellings</i> in die provinsie wat in staat is om <i>PEP</i> aan die <i>slagoffer</i> te voorsien. 'n Lys van sodanige instellings is hierby aangeheg as Aanhengsel A.
(4)	Wanneer 'n <i>slagoffer</i> , soos uiteengesit in subparagraph (2)(b) hierbo, ingelig is, moet die <i>slagoffer</i> gevra word of hy of sy verkies om aansoek te doen dat die beweerde oortreder, wanneer hy of sy gearresteer of opgespoor is, op staatskoste vir MIV getoets word. Die <i>slagoffer</i> moet ingelig word dat hy of sy nie die besluit onmiddellik hoef te neem nie, maar moet besef dat, indien hy of sy sou besluit om later aansoek te doen dat die beweerde oortreder getoets moet word soos hierbo uiteengesit, hy of sy slegs daarop geregtig sal wees om <i>binne 90 dae</i> vanaf die datum van die beweerde pleging van die misdryf, aansoek te doen dat sodanige toets gedoen word.
(5)	Indien die <i>slagoffer</i> verkies om onmiddellik aansoek te doen dat die beweerde oortreder vir MIV getoets word, moet hy of sy voorsien word van 'n afskrif van die Vorm SAPD 580(b) (Aansoek deur <i>slagoffer</i> of <i>belanghebbende persoon</i> vir die MIV-toetsing van die beweerde oortreder) en versoek word om die aansoekvorm te voltooi. Indien die <i>slagoffer</i> bystand benodig om die aansoek te voltooi, moet die lid die <i>slagoffer</i> bystaan en, indien nodig, die aansoek namens die <i>slagoffer</i> voltooi. Wanneer die aansoek voltooi is, moet die aansoek of beëdig word deurdat die aansoeker sweer dat die inhoud van die aansoek waar is, of bevestig word deurdat die aansoeker plegtig verklaar dat dit waar is en die lid moet die betrokke deel van die aansoekvorm voltooi en teken dat dit tydens die voltooiing van die aansoek gedoen is.
(6)	Indien die <i>slagoffer</i> verkies om nie onmiddellik aansoek te doen dat die beweerde oortreder vir MIV getoets word nie, moet hy of sy voorsien word van 'n afskrif van die vorm SAPD 580(b) (Aansoek deur <i>slagoffer</i> of <i>belanghebbende persoon</i> vir die MIV-toetsing van die beweerde oortreder) en

ingelig word dat, indien hy of sy later besluit om aansoek te doen dat die beweerde oortreder vir MIV getoets word, moet hy of sy die aansoekvorm voltoo en **binne 90 dae** vanaf die beweerde pleging van die misdryf, die voltooide aansoekvorm aan die *ondersoekbeampte* oorhandig. Indien die *slagoffer* die voltooide aansoekvorm binne 90 dae aan die *ondersoekbeampte* oorhandig, moet die *slagoffer* of sweer dat die inhoud van die aansoek waar is, of opreg verklaar dat die inligting wat in die aansoek verskaf is, waar is, en die lid moet teken dat dit gedoen is tydens die voltooiing van die betrokke deel van die aansoek.

- (7) Enige stappe wat ooreenkomstig hierdie paragraaf gedoen is, moet in die ondersoekdagboek van die dossier aangeteken word.

12. Hantering van 'n aansoek vir die MIV-toetsing van die oortreder

- (1) Die *ondersoekbeampte* moet die aansoek plaas in 'n verseêerde koevert wat "Confidential/Vertroulik" gemerk is en op die koevert —
- (a) "Aansoek deur *slagoffer* of *belanghebbende persoon* vir MIV- toetsing van beweerde oortreder" of "Aansoek deur *slagoffer* of *belanghebbende persoon* om toegang tot MIV- toetsuitslag reeds deur *ondersoekbeampte* verkry", na gelang van die geval; en
 - (b) die saaknommer, naam, rang en Persalnommer van die *ondersoekbeampte*, skryf en dit so gou as wat redelikerwys prakties is, maar nie later nie as twee werksdae, nadat die aansoek deur die *ondersoekbeampte* ontvang is, na die klerk van die hof stuur. Die *ondersoekbeampte* moet 'n afskrif van die aansoek onder deel "B" van die dossier liasseer.
- (2) Indien die landdros wat die aansoek oorweeg, aanvullende getuienis benodig, hetsy in die vorm van mondelinge getuienis of by wyse van 'n beëdigde verklaring, sal die klerk van die hof die *ondersoekbeampte* persoonlik telefonies inlig en dit skriftelik bevestig.
- (3) Indien die landdros aanvullende getuienis in die vorm van beëdigde verklaring vereis, moet die *ondersoekbeampte* die beëdigde verklaring(s) so gou as wat redelickerwys prakties is of binne die tydperk soos bepaal deur die landdros, bekom en die beëdigde verklaring(s) in 'n verseêerde koevert plaas en die koevert —
- (a) merk as "Confidential/Vertroulik"; en
 - (b) die saaknommer, naam rang en Persalnommer van die *ondersoekbeampte* aandui, en dit aan die klerk van die hof oorhandig.
- (4) Indien die landdros aanvullende mondelinge getuienis vereis, moet die *ondersoekbeampte* —
- (a) die *slagoffer*, *belanghebbende persoon* of ander getuie skriftelik op 'n amptelike briefhoof (SAPD 21) in kennis stel om op die vasgestelde datum en tyd, soos oorgedra deur die klerk van die hof, voor die landdros te verskyn en sy of haar handtekening verkry op 'n afskrif van die skriftelike kennisgewing as bewys van die feit dat hy of sy dienooreenkomsdig in kennis gestel is;

13. Aansoek deur ondersoekbeampte vir MIV-toetsing van oortreder

- (1) 'n *Ondersoekbeampte* kan, ingevolge artikel 32 van die Wet, indien hy of sy dit vir doeleindes van 'n ondersoek in verband met 'n *seksuele misdryf* nodig vind, self by 'n landdros van die landdrosdistrik waarbinne die *seksuele misdryf* of *misdryf* na bewering gepleeg is, in kamers aansoek doen op vorm SAPD 580(c) (Aansoek deur ondersoekbeampte vir die MIV-toetsing van die beweerde oortreder) vir 'n bevel dat —
 - (a) die beweerde oortreder vir MIV getoets word; of
 - (b) die uitslag van die MIV-toetsing ten opsigte van die beweerde oortreder wat reeds by wyse van 'n aansoek deur die *slagoffer* of *belanghebbende persoon* bekom is, beskikbaar gestel word aan die *ondersoekbeampte* of aanklaer wat die uitslag benodig vir doeleindes van die vervolging in die saak of enige ander hofverrigtinge.
- (2) Die prosedure wat in paragraaf 12 uiteengesit is, moet ook gevvolg word in 'n geval waar 'n aansoek vir die MIV-toetsing van die beweerde oortreder deur die *ondersoekbeampte* gedoen word.

14. Uitvoering van bevel vir MIV-toetsing van oortreder

- (1) Sodra 'n bevel vir die MIV-toetsing van die beweerde oortreder aan 'n *ondersoekbeampte* oorhandig is, moet hy of sy —
- (a) die beweerde oortreder beskikbaar stel om te verseker dat twee bloedmonsters van sy of haar liggaaam verkry kan word;
 - (b) enige *geneesheer* of *verpleeër* of *verpleegster* versoek om twee bloedmonsters van die beweerde oortreder te neem; en
 - (c) die twee bloedmonsters van die beweerde oortreder aflewer by die hoof van 'n *openbare gesondheidsinstelling* of persoon wat deur die hoof van 'n *openbare gesondheidsinstelling* aangewys is.
- (2) Die *ondersoekbeampte* kan, indien die beweerde oortreder nie aangehou word nie, en —
- (a) daar gronde is om te glo dat hy of sy die nakoming van die bevel vir verpligte MIV-toetsing sal vermy; of
 - (b) hy of sy die nakoming van die bevel vir die verpligte MIV-toetsing vermy het,
- by die landdros wat die vermelde bevel uitgereik het, op vorm SAPD 580(f) (Aansoek vir 'n Lasbrief vir Arrestasie) aansoek doen om die uitreiking van 'n lasbrief vir die arrestasie van die beweerde oortreder om bloedmonsters vir MIV-toetse van sy of haar liggaaam te neem. Indien die landdros wat die bevel uitgereik het, nie beskikbaar is of nie in staat is om sodanige aansoek teoorweeg nie, kan die aansoek aan enige ander landdros voorgelê word.
- (3) Die *ondersoekbeampte* moet, wanneer die beweerde oortreder kragtens die Lasbrief vir Arrestasie, waarna in subparagraaf (2) verwys word, gearresteerd word, redelike stappe doen om die identiteit van die beweerde oortreder te bevestig en die beweerde oortreder onverwyld na 'n *openbare gesondheidsinstelling* neem sodat bloedmonsters van hom of haar geneem kan word. Die beweerde oortreder moet so gou as wat die bloedmonsters geneem is, vrygelaat word.
- (4) Wanneer die *ondersoekbeampte* die dupliaat versëelde rekords van die toetsuitslae van die *openbare gesondheidsinstelling* bekom en ontvangs daarvan erken het, moet hy of sy —
- (a) indien die aansoek deur die *slagoffer* of *belanghebbende persoon* gemaak is, 'n versëelde rekord van die uitslag tesame met 'n afskrif van vorm SAPD 580(e) (Kennisgiving met inligting oor die vertroulikheid van en hantering van uitslag van MIV-toets) beide aan die *slagoffer* of *belanghebbende persoon* en beweerde oortreder oorhandig; of
 - (b) indien die aansoek deur die *ondersoekbeampte* gemaak is, 'n versëelde rekord van die uitslag met 'n vorm SAPD 580(e) (Kennisgiving met inligting oor die vertroulikheid van en hantering van uitslag van MIV-toets) aan die beweerde oortreder oorhandig, en die ander rekord van die toetsuitslae hou (soos bedoel in paragraaf 15(3)) en die uitslag van die toetse aan die aanklaer beskikbaar stel wat kennis moet dra van die uitslae vir doeleindes van die vervolging of enige ander hofverrigtinge.
- (5) Indien 'n bevel uitgereik is ingevolge waarvan 'n MIV-toets gedoen is op 'n beweerde oortreder uit hoofde van 'n aansoek deur 'n *ondersoekbeampte*, mag die *ondersoekbeampte* die *slagoffer* of 'n *belanghebbende persoon* in daardie bepaalde saak van die MIV-status van die beweerde oortreder inlig met die oog daarop om —

Nasionale Instruksie 3 /2008	Seksuele Misdrywe
------------------------------	-------------------

- (a) sekondêre trauma te verminder en die *slagoffer* te bemagtig om ingeligte mediese-, lewensstyl- en ander persoonlike besluite te neem; of
- (b) die toetsuitslae as getuienis te gebruik in enige daaropvolgende siviele verrigtinge wat voortspruit uit die betrokke *seksuele misdryf*.
- (6) Indien die aanklaer 'n klage op versoek van die *slagoffer* terugtrek nadat 'n landdros, op aansoek van die *slagoffer*, 'n bevel uitgereik het vir 'n MIV-toets van die beweerde oortreder, sal die bevel verval en mag die toetsuitslag nie aan die *slagoffer* openbaar gemaak word nie. Die *ondersoekbeampte* moet die Hoof van die *openbare gesondheidsinstelling* van die terugtrek van die klage inlig en enige monster wat geneem is of uitslae wat ten opsigte van die beweerde oortreder bekom is, moet, in ooreenstemming met die instruksies van die Departement van Gesondheid, vernietig word. Indien die *ondersoekbeampte* in so 'n geval in besit is van verséelde rekords van die MIV-toetsuitslag, moet hy of sy ook die rekords wat die uitslae bevat, vernietig.
- (7) Enige stappe wat ooreenkomsdig hierdie paragraaf gedoen is, moet in die ondersoekdagboek van die dossier aangeteken word.

15. Rekordhouding van uitslae van MIV-toetsing

- (1) Elke bevelvoerder van die speurders by 'n stasie of 'n speureenhed moet 'n register in sy of haar kantoor byhou waarin die besonderhede aangaande elke aansoek vir 'n verpligte MIV-toets aangeteken moet word. 'n B16-boek moet, tot verdere kennisgewing, as 'n register gebruik word. Die inligting (soos uiteengesit in Aanhangsel G) ten opsigte van elke sodanige aansoek moet in daardie register aangeteken word. Een volledige bladsy van die register moet gebruik word om die besonderhede (insluitende die uitslag van die aansoek en die uitslae van enige toetse) vir elke aansoek aan te teken. Die bladsye van die register moet genommer word en 'n inhoudsopgawe van alle aansoeke met die betrokke MAS-nommer en die ooreenstemmende nommer van die bladsy in die register wat die besonderhede van die aansoek bevat, moet op die eerste bladsy van die register aangebring word.
- (2) Die betrokke bevelvoerder is persoonlik verantwoordelik om toe te sien dat toegang tot die register slegs verleen word aan —
- (a) 'n lid wat 'n saak ondersoek in verband waarmee daar aansoek vir MIV-toetsing gedoen is;
 - (b) die *slagoffer*;
 - (c) 'n persoon wat 'n wesenlike belang in die welstand van 'n *slagoffer* het, insluitend 'n gade, permanente lewensmaat van dieselfde of teenoorgestelde geslag, ouer, voog, familielid, sorgewer, kurator, berader, geneesheer, gesondheidsorgvoorsieder, maatskaplike werker of onderwyser of onderwyseres van so 'n *slagoffer*;
 - (d) die beweerde oortreder;
 - (e) 'n aanklaer;
 - (f) 'n persoon wat geregtig is om die hofbevel om die MIV-toetsing te doen, uit te voer; en
 - (g) die Stasiekommisaris of 'n offisier op provinsiale of nasionalevlak, ten einde die register te inspekteer.

Nasionale Instruksie 3 /2008**Seksuele Misdrywe**

- (3) Die rekord wat die uitslag bevat van 'n MIV-toets wat op 'n beweerde oortreder uitgevoer is, moet geliasseer word in 'n lêer wat in die kantoor van die bevelvoerder van die speurders by die betrokke stasie of in die kantoor van die bevelvoerder van die betrokke eenheid van die speurdiens gehou word (tesame met die register waarna in subparagraaf (1) verwys word) en mag nie in die dossier geliasseer word nie. Die betrokke bevelvoerder mag slegs toegang tot die rekord verleen aan die persone in subparagraaf (2) hierbo vermeld. Toepaslike inskrywings, ten opsigte van alle stappe wat gedoen is en opsigte van die MIV-toetsing van 'n beweerde oortreder, moet in die ondersoekdagboek van die dossier aangeteken word. Die uitslag van 'n MIV-toets mag egter nie in die ondersoekdagboek aangeteken word nie.
- (4) 'n *Ondersoekbeampte* mag die uitslag van 'n MIV-toets van 'n beweerde oortreder aan die aanklaer, wat verantwoordelik is om die vervolging van die beweerde oortreder te hanteer, openbaar. Indien die aanklaer versoek dat die rekord wat die uitslag bevat vir doeleindes van die vervolging van die beweerde oortreder aan hom of haar verskaf word, moet die *ondersoekbeampte* die aanklaer versoek om 'n aansoek op vorm SAPD 580(g) (Aansoek om toegang tot die MIV-toets uitslag van die beweerde seks-oortreder) te voltooi en aan die versoek voldoen. Die *ondersoekbeampte* moet ook 'n gepaste inskrywing in die ondersoekdagboek maak en die aanklaer versoek om by die inskrywing te teken as erkenning van die ontvangs van die rekord.

16. Mediese ondersoek van die verdagte

- (1) Die doel van die mediese ondersoek van die verdagte is om die liggaam van die verdagte te ondersoek en te bepaal om daar enige getuienis in verband met die beweerde *seksuele misdryf* op of in die liggaam van die verdagte is. Monsters verkry van die liggaam van 'n verdagte word gebruik om die verdagte met die misdryf te verbind en om te verseker dat die pleger van die misdryf vervolg word.
- (2) Die *ondersoekbeampte* moet verseker dat 'n verdagte, indien dit nodig is vir die behoorlike ondersoek van die saak, vir 'n mediese ondersoek geneem word. Artikel 37 of die Strafproseswet, 1977 (Wet No. 51 van 1977), verleen aan 'n lid die bevoegdheid om 'n *professionele gesondheidsversorger* te versoek om sekere liggaamlike kenmerke van die verdagte vas te stel en om monsters van die liggaam van die verdagte te neem en bepaal ook die omstandighede waarin die liggaamlike kenmerke vasgestel kan word en die monsters geneem kan word.
- (3) Indien dit vir die behoorlike ondersoek van die saak nodig is dat liggaamlike monsters van die verdagte geneem word, moet die *ondersoekbeampte*, wanneer die verdagte geïdentifiseer en opgespoor is, die verdagte na 'n *professionele gesondheidsversorger* neem om die liggaamlike kenmerke van die verdagte te bepaal en om die nodige bloedmonsters (insluitende 'n kontrolemonster) van die verdagte te neem. By ontvangs van 'n kontrolemonster, moet die monster so gou as moontlik aan die Forensiese Wetenskapslaboratorium oorhandig word. 'n Brief moet onverwyld van die betrokke aanklaer verkry word waarin die aanklaer versoek dat 'n DNS analise op die monsters gedoen word. Hierdie brief moet so gou as moontlik aan die Forensiese Wetenskapslaboratorium oorhandig word en 'n afskrif van die brief moet onder deel "B" van die dossier geliasseer word.

Nasionale Instruksie 3 /2008	Seksuele Misdrywe
------------------------------	-------------------

- (4) Die *ondersoekbeampte* moet verseker dat —
- (a) 'n vorm J 88 beskikbaar is wanneer die verdagte ondersoek word en dat die vorm behoorlik deur die *professionele gesondheidsversorgervoltooi* word;
 - (b) alle nodige monsters geneem word (sien Aanhangsel D);
 - (c) die monsters duidelik gemerk is;
 - (d) die monsters onverwyld na die Forensiese Wetenskapslaboratorium gestuur word; en
 - (e) enige sigbare beserings aan die verdagte aangeteken word.

17. Voorkoming van kontaminasie van bewysstukke

- (1) Dit is noodsaaklik dat redelike stappe gedoen word om monsters van fisiese bewysstukke wat tydens die ondersoek van *seksuele misdrywe* verkry is, teen kontaminasie te beveilig en te beskerm. 'n Beweerde *seksuele misdryf* is dikwels uiter moeilik om te bewys. Oor die algemeen word so 'n misdryf gepleeg terwyl geen ander getuies teenwoordig is nie en dit is derhalwe die woord van die *slagoffer* teen die woord van die verdagte.
- (2) 'n Lid wat nie opgelei of ondervinding het in die versameling, hantering, bewaring en vervoer van bewysstukke nie, moet nie bewysstukke versamel, hanteer, bewaar en vervoer nie. Sodanige lid moet die *misdaadtoneel(e)* teen kontaminasie beveilig en die hulp van 'n opgeleide lid of vanaf die Plaaslike Kriminele Rekordsentrum (PKRS) versoek.
- (3) Die kontaminasie van getuienis (insluitende die verlies van bewysstukke op die *slagoffer* en die verdagte) moet voorkom word deur —
- (a) kontak met die *slagoffer* en verdagte deur dieselfde lid te vermy. Indien 'n lid die verdagte kort na die pleging van die misdryf gearresteer het, moet daardie lid kontak of ondervraging van die *slagoffer* vermy, voordat *beide* die *slagoffer* en die verdagte —
 - (i) medies ondersoek is;
 - (ii) in ander klere verkleed is; en
 - (iii) die klere wat tydens die beweerde *seksuele misdryf* gedra is, vir forensiese analise verwijder is;
 - (b) die *slagoffer* en verdagte in verskillende voertuie te vervoer;
 - (c) kontak deur dieselfde lid met die klere van die *slagoffer* en die verdagte te vermy. Beide stelle klere mag nie deur dieselfde lid verpak word nie, tensy dit in verskillende stadiums van die ondersoek gedoen word;
 - (d) te verseker dat verskillende werksoppervlaktes gebruik word vir die verpakking van die bewysstukke; en
 - (e) te verseker dat die mediese ondersoek van die *slagoffer* en verdagte afsonderlik en nie op dieselfde oppervlakte gedoen word nie.

18. Neem van in-diepte verklaring van die *slagoffer*

- (1) Die aanvanklike verklaring van die *slagoffer* moet deur 'n in-diepte verklaring opgevolg word. Die *ondersoekbeampte* moet verseker dat die *slagoffer* se in-diepte verklaring geneem word wanneer die *slagoffer* genoegsaam herstel het (afhangende van die omstandighede, ideaal gesproke, tussen 24 en 36 uur) na die voorval. Die *ondersoekbeampte* moet sensitief wees vir die kulturele-, taal- en geloofsagtergrond en geslag van die *slagoffer*.

Nasionale Instruksie 3 /2008	Seksuele Misdrywe
-------------------------------------	--------------------------

- (2) Riglyne vir die neem van die in-diepte verklaring van die *slagoffer* word in Aanhangsel E vervat. In die geval van 'n *kinderslagoffer* van 'n *seksuele misdryf*, moet die riglyne vermeld in Aanhangsel F in aggeneem word wanneer die *ondersoekbeampte* 'n verklaring van die *kinderslagoffer* neem. Die volgende algemene riglyne moet deur die *ondersoekbeampte* nagekom word wanneer die in-diepte verklaring van die *slagoffer* geneem word:
- (a) **Voorbereiding vir die neem van die verklaring**
Die *ondersoekbeampte* moet voldoende tyd toelaat om 'n verklaring van hierdie aard te neem. Dit is belangrik dat die *slagoffer* nie aangejaag word nie. Die verklaring moet omvattend wees en besonderhede bevat. Die *ondersoekbeampte* moet stappe doen om die *slagoffer* op gemak te stel en die verklaring moet in 'n ontspanne, private atmosfeer geneem word waar daar min onderbreking is.
- (b) **Teenwoordigheid van 'n belanghebbende persoon**
Die *ondersoekbeampte* moet by die *slagoffer* uitvind of hy of sy verkies om 'n *belanghebbende persoon* teenwoordig te hê vir ondersteuning. Indien die *belanghebbende persoon* wat deur die *slagoffer* geïdentifiseer is om hom of haar tydens die neem van die verklaring te ondersteun, 'n potensiële getuie van die aangemelde misdaad is, moet die *ondersoekbeampte* die *slagoffer* inlig dat sodanige persoon 'n potensiële getuie is en nie teenwoordig mag wees tydens die neem van sy of haar verklaring nie.
Indien die *slagoffer* verkies om 'n *belanghebbende persoon* teenwoordig te hê tydens die neem van die verklaring, moet die *belanghebbende persoon* ingelig word dat hy of sy nie —
(i) oor die meriete van die saak kommentaar mag lewer nie;
(ii) die *slagoffer* mag voorsê nie; of
(iii) op enige wyse met die *ondersoekbeampte* mag inmeng in die proses van die verkryging van die verklaring van die *slagoffer* nie.
- (c) **Bespreking van intieme besonderhede**
Die *ondersoekbeampte* moet aan die *slagoffer* verduidelik dat die neem van die verklaring die bespreking van intieme besonderhede van die seksuele voorval sal behels. Indien die teenwoordigheid van 'n *belanghebbende persoon* die *slagoffer* sal verhinder om hierdie besonderhede te openbaar, kan die *ondersoekbeampte* aan die *slagoffer* voorstel dat die *belanghebbende persoon* nie teenwoordig moet wees nie. Die besluit om die *belanghebbende persoon* toe te laat om teenwoordig te wees, bly egter dié van die *slagoffer*.
- (d) **Slagoffer moet ingelig word om niks weg te steek nie**
Die *ondersoekbeampte* moet die *slagoffer*, met groot sensitiwiteit inlig, dat, indien hy of sy iets gedoen het wat hom of haar gedurende sy of haar kruisverhoor in 'n slechte lig kan stel, dit noodsaaklik is dat hy of sy nie probeer om die feit weg te steek nie, maar dit openlik stel.

Voorbeeld 1: Indien die *slagoffer* drank of dwelms gebruik het. Presies wat en hoeveel gebruik is, moet in die verklaring ingesluit word.

Nasionale Instruksie 3 /2008**Seksuele Misdrywe**

Voorbeeld 2: Indien die *slagoffer* aanvanklik die beskuldigde aantreklik gevind het en die beskuldigde toegelaat het om hom of haar te soen. (Die feit dat die *slagoffer* op hierdie wyse opgetree het, beteken nie dat hy of sy toegestem het dat die *seksuele misdryf* gepleeg word nie.)

Die feit dat die *slagoffer* elke aspek in sy of haar verklaring vermeld, selfs inligting wat negatief op die *slagoffer* kan reflekteer, sal die geloofwaardigheid van die *slagoffer* verhoog.

19. Nasorg van die slagoffer

(1) Die belangrikheid van nasorg van die slagoffer

Die *slagoffer* van 'n *seksuele misdryf* het 'n traumatische gebeurtenis beleef en die meeste *slagoffers* van 'n *seksuele misdryf* het 'n mate van berading nodig om hulle in staat te stel om dit te kan hanteer. *Slagoffers van seksuele misdrywe* kan ook vrees dat hulle tydens die *seksuele misdryf* VIGS of 'n ander *seksueel oordraagbare siekte* kon opgedoen het.

(2) Veiligheid van slagoffers van seksuele misdrywe

Beide met die oog op misdaadvoorkoming in die algemeen, asook soos vereis deur bepaalde wetgewing, het die Diens 'n plig om gepaste stappe te doen om te verseker dat 'n weerlose *slagoffer* beskerm word.

(a) Seksuele misdryf as gevolg van gesinsgeweld

Die lid op die toneel moet, in die geval waar 'n *seksuele misdryf* gedurende 'n voorval van gesinsgeweld gepleeg is, ooreenkomsdig die Nasionale Instruksie oor Gesinsgeweld optree en die *slagoffer* inlig van sy of haar reg om —

- (i) ingevolge die Wet op Gesinsgeweld, 1998 (Wet No 116 van 1998), aansoek te doen vir 'n beskermingsbevel; en
- (ii) 'n kriminele klage in te dien ('n kriminele klage hoef nie eers ingedien te word voordat die *slagoffer* vir 'n beskermingsbevel aansoek kan doen nie).

(b) Indien die slagoffer 'n kind is

Indien die *slagoffer* 'n *kind* is, moet 'n lid wat deur die GKS- Eenheid opgelei is of 'n gespesialiseerde individu gekontak word. Waar daar gronde is om te glo dat dit in die beste belang van die *kind* sal wees om na 'n plek van veilige bewaring verwyder te word, moet die bepalings van die toepaslike wetgewing in verband met *kinders* toegepas word.

(c) Verstandelik gestremde persone

Indien die *ondersoekbeampte* moeilikheid ondervind wanneer daar met 'n verstandelik gestremde persoon gewerk word, moet die aangeleentheid met Regsdienste bespreek word aangesien die prosedure mag vereis dat 'n dringende aansoek by die Hooggereghof gebring moet word.

(4) Ondersoekbeampte moet slagoffers bystaan

Dit is die verantwoordelikheid van die *ondersoekbeampte* om —

- (a) aan 'n *slagoffer* die besonderhede van mediese- en beradingsdienste wat in die area beskikbaar is, te verskaf;

Nasionale Instruksie 3 /2008	Seksuele Misdrywe
(b) redelike bystand aan die <i>slagoffer</i> te verleen om van sodanige dienste gebruik te maak; en (c) te verseker dat toepaslike stappe gedoen word om <i>kinders</i> of ander weerlose <i>slagoffers</i> te beveilig.	

20. Uitkenningsparades

Die *ondersoekbeamppte* moet verseker dat 'n uitkenningsparade gehou word in omstandighede soos beoog in en ooreenkomsdig die bepalings van die Nasionale Instruksie oor Uitkenningsparades.

21. Voorbereiding vir hofverrigtinge

- (1) Die *ondersoekbeamppte* moet die *slagoffer* ingelig hou van enige verwikkelinge in die ondersoek van die saak en moet aan die *slagoffer* die hofproses verduidelik en wat om in die hof te verwag ten einde die *slagoffer* vir die hofsaak voor te berei.
- (2) Ingevolge artikel 153 of die Strafproseswet, 1977 (Wet No 51 van 1977), kan die hof beveel dat die getuenis van 'n *slagoffer* van 'n *seksuele misdryf* agter gesloten deure aangehoor word. Die *ondersoekbeamppte* moet die bepalings van hierdie artikel aan die *slagoffer* verduidelik en kan die aanklaer versoek om hom of haar te help om die implikasies en uitwerking daarvan aan die *slagoffer* te verduidelik.
- (3) Die *ondersoekbeamppte* moet 'n verdere verklaring van die *slagoffer* neem voordat die *slagoffer* in die hof getuig. Die doel van hierdie verklaring is om die gevolge (impak) van die *seksuele misdryf* op die lewe van die *slagoffer* onder die aandag van die aanklaer te bring. Die *ondersoekbeamppte* moet by die *slagoffer* uitvind hoe die voorval sy of haar lewe en verhoudings met geliefdes geraak het. Dit sal enige veranderings aan die persoonlikheid en gesondheid van die *slagoffer* as gevolg van die *seksuele misdryf* insluit. Indien toepaslik, moet 'n impakverklaring van 'n sielkundige, maatskaplike werker of forensiese maatskaplike werker of enige ander persoon ook verkry word.
- (4) Indien die *slagoffer* 'n *kind* is, moet die *ondersoekbeamppte* 'n impakverklaring verkry van 'n ouer, voog, sielkundige, maatskaplike werker of forensiese maatskaplike werker of enige ander persoon wat kan getuig hoe die *kind* deur die misdryf geraak is. Feite wat reeds in die in-diepte verklaring vermeld is, moet nie in die impakverklaring herhaal word nie.
- (5) Indien dit enigsins moontlik is, moet die *ondersoekbeamppte* die *slagoffer* voor die dag van die verhoor na die hof neem waar die saak aangehoor sal word. Die *ondersoekbeamppte* moet reël vir 'n voor-verhoor konsultasie tussen die aanklaer, die *ondersoekbeamppte*, die *slagoffer* en sleutelgetuies.
- (6) Die konsultasie met sleutelgetuies moet nie in die teenwoordigheid van mekaar en van die *slagoffer* plaasvind nie. Tydens die konsultasie moet die moontlikheid om die verhoor agter gesloten deure aan te hoor ook met die aanklaer bespreek word. Die dossier moet betyds aan die aanklaer verskaf word om hom of haar in staat te stel om vir beide die voor-verhoorvergadering, asook die verhoor voor te berei.

22. Bystaan van die slagoffer gedurende die hofverrigtinge

- (1) Die ondersoekbeampte moet, op die dag van die verhoor of vroeër indien die *slagoffer* so versoek, afskrifte van die *slagoffer* se verklarings aan hom of haar oorhandig om deur te lees om sy of haar geheue te verfris.
- (2) Die ondersoekbeampte moet, indien daar enige verslaggewers in die hof teenwoordig is, die *slagoffer* inlig dat sy of haar besonderhede, ingevolge artikel 335A of die Strafproseswet, 1977 (Wet No 51 van 1977), nie gepubliseer kan word tensy die voorsittende beampte dit gemagtig het nie en dat enige publikasie sonder sodanige magtiging op 'n misdryf sal neerkom. Die ondersoekbeampte moet ook die *slagoffer* versoek om enige oortreding van hierdie artikel so gou as wat hy of sy daarvan bewus word, by die ondersoekbeampte aan te meld.
- (3) Die ondersoekbeampte moet die hofverrigtinge en die moontlikheid van uitstel aan die *slagoffer* verduidelik. Die ondersoekbeampte moet die *slagoffer* aanmoedig om met die saak voort te gaan, ten spyte van enige vertragings in die afhandeling van die saak.

23. Staking van 'n ondersoek

- (1) Die bepalings van Staande Order (Algemeen) 325.2 moet, onderhewig aan subparagraaf (2), ten alle tye streng nagekom word wanneer 'n dossier, wat ten opsigte van 'n *seksuele misdryf* geopen is, afgesluit word.
- (2) Die bevoegdheid om 'n dossier af te sluit, wat deur Staande Order (Algemeen) 325.2 aan 'n "adjudant-offisier" (nou "inspekteur") verleen word, word hierby ingetrek sover dit 'n dossier betref wat ten opsigte van 'n *seksuele misdryf* geopen is. Slegs 'n offisier met die rang van Kaptein of 'n hoër rang, wat 'n Stasiekommisaris is of in beheer is van die speurders by 'n stasie of eenheid, mag so 'n dossier afsluit in die omstandighede vermeld in Staande Order (Algemeen) 325.2.
- (3) Indien 'n Stasiekommisaris by 'n polisiestasie nie die rang van Kaptein of 'n hoër rang beklee nie, mag dossierie wat ten opsigte van *seksuele misdrywe* by daardie stasie geopen is, slegs afgesluit word in die omstandighede wat in Staande Order (Algemeen) 325.2 uiteengesit is, deur die Stasiekommisaris van die Rekenpligtige Stasie onder wie se beheer daardie stasie ressorteer of deur 'n offisier wat vir daardie doel deur die Stasiekommisaris van die Rekenpligtige Stasie aangewys is.
- (4) 'n Offisier watoorweeg of 'n dossier wat ten opsigte van *seksuele misdrywe* geopen is, afgesluit moet word, omdat die verdagte of klaer nie opgespoor kan word nie, moet homself of haarself tevrede stel dat die ondersoekbeampte alle pogings aangewend het om die klaer of verdagte op te spoor. Indien die vermelde offisier nie tevrede is nie, moet hy of sy duidelik instruksies in die ondersoekdagboek aan die ondersoekbeampte gee oor die stappe wat gedaan moet word om die verdagte of klaer op te spoor en moet 'n datum bepaal waarop die ondersoekbeampte die dossier moet voorlê met die uitslag van die stappe wat gedaan is.

AANHANGSEL C**MOONTLIKE MONSTERS WAT VAN DIE SLAGOFFER
GENEEM MOET WORD**

Let asseblief daarop dat hierdie tabel slegs as 'n riglyn gebruik moet word en dat dit steeds die verantwoordelikheid van die ondersoekbeampte is om te verseker dat al die nodige monsters geneem word. Die gesondheidsorgwerker kan versoek word om een of elkeen van die volgende monsters van die slagoffer te neem:

Monster	Beskrywing
Wattedepper (posterior fornix)	Wattedepper moet winddroog word. Crime Kit 1 of 3
Glassmeer van wattedepper	Wattedeppers moet oor glasskyfies gerol word. Moenie kleefmiddel gebruik nie en moenie die skyfies bo-op mekaar sit nie.
Anale, vaginale of mondwattedeppers of smeer, waar toepaslik	Anale, vaginale of mondwattedeppers en smere, waar torpaslik (dit moet droog wees voordat dit in die buis geplaas word.)
Haarbewysstuk (vreemde hare, nie dié van die slagoffer nie)	Dit moet uit die slagoffer se skaamdele gekam word. Plaas die hare in 'n sagte papierkoevert. Crime Kit 4
Kontrolehaarmonsters van die slagoffer se kop en skaamdele	'n Minimum van 20 hare word benodig. Dit moet van verskillende plekke op die slagoffer se kop uitgetrek word. (Die haarwortel moet ingesluit wees) Hierdie hare moet word vereis van verskillende plekke op die kop, aangesien daar verskille in lengtes en kleur wees. Crime Kit 4 Dit mag nie van die slagoffer afgesny word nie. Plaas die hare in 'n sagte papierkoevert.
Naelskrapings	Skraapsels van onder die naels van die slagoffer indien hy of sy die verdagte gekrap het (slegs as daar bloed was). Crime Kit 1

Bykomende monsters wat benodig word

As groeperings en vergelykings benodig word, moet die volgende bykomende monsters geneem word:

Monster	Beskrywing
'n Kontrolebloed-monster van die slagoffer	Alle verdagtes en ander partye met wie die slagoffer binne 72 uur (3 dae) voordat die voorval aangemeld is, geslagsgemeenskap gehad het, moet byeengeroep word en 'n bloedmonster moet van elkeen geneem word. Vrae oor die betrokke partye met wie die slagoffer seksuele omgang gehad het, moet sensitief en in privaatheid gestel word. Kontrolebloedmonsters moet in 'n vloeistofvorm wees, asook een gestolde bloedmonster (rooibruin prop) en een EDTA-bloedmonster (pers prop). Crime Kit 2
DNS	Indien DNS-ontledings benodig word, kan besonderhede van die Forensiese Wetenskaplaboratorium verkry word wat leiding in hierdie verband kan verleen.

Die gesondheidsorgwerker mag dalk ook alkoholmonsters en/of liggaamsvloeistof wil neem.

'n Bloedalkohol-kit moet vir hierdie doel gebruik word en na die Departement van Gesondheid gestuur word. Inligting oor kontrasepsieberading kan op versoek gegee word.

In die geval waar daar enige twyfel bestaan oor die versameling, verpakking en vervoer van monsters, moet die ondersoekbeampte onverwyd die Forensiese Wetenskaplaboratorium kontak.

AANHANGSEL D

MOONTLIKE MONSTERS WAT VAN DIE VERDAGTE GENEEM MOET WORD

Let asseblief daarop dat hierdie tabel slegs as 'n riglyn gebruik moet word en dat dit steeds die verantwoordelikheid van die ondersoekbeampte is om te verseker dat al die nodige monsters geneem word. Indien die verdagte opgespoor word, moet hy of sy na die gesondheidsorgwerker geneem word, en die volgende monsters kan geneem word:

Monster	Beskrywing
Skaamhare	Dit moet uit die verdagte se skaamdele gekam word. Plaas die hare in 'n sagte papierkoevert.
Kontrolehaarmonsters van die verdagte se kop	'n Minimum van 20 hare word vereis. Dit moet van verskillende plekke op die slagoffer se kop uitgetrek word. Crime Kit 4 Hierdie hare moet word vereis van verskillende plekke op die kop, aangesien daar verskille in lengtes en kleur wees. Dit moet nie van die verdagte se kop afgesny word nie. Plaas die hare in 'n sagte papierkoevert.
Bloed	Crime Kit 2 EDTA
Bloed om die alkoholvlak te bepaal	Slegs benodig as dit 'n faktor in die saak is. Bloed- of alkohol kit

Die gesondheidsorgwerker mag ook 'n alkoholmonster wil neem of 'n liggaamsvloeistof wil versamel. 'n Bloed-/alkohol kit moet vir hierdie doel gebruik word en die monsters moet na die Departement van Gesondheid gestuur word.

AANHANGSEL E**KONTOLELYS VIR VERKLARINGS RAKENDE SEKSUELE MISDRYWE**

Let asseblief daarop dat die kontrolelys slegs as 'n riglyn gebruik moet word en dat dit die verantwoordelikheid van die ondersoekbeampete bly om 'n volledige verklaring in elke saak af te neem.

Item	Besonderhede
1	Neem die verklaring af in paragraafvorm.
2	Moenie die slagoffer voorsê nie - dit moet sy of haar eie verklaring wees. (Moet nooit leidende vrae stel nie.)
3	Volle name (nooiensvan, indien van toepassing) <ul style="list-style-type: none"> - Ouderdom en geboortedatum - Identiteitsnommer - Beroep - Huis- en posadres - Telefoonnummer en kode - Plek van werk, indien van toepassing - Selfoonnummer - Faksnommer
4	Besonderhede van gebeure wat die voorval vooraf-geloop het. (Dit sal afhang van die omstandighede en daar sal in sommige gevalle meer inligting wees as in ander.)
5	Beskryf die misdaadtoneel voor die aanval.
6	Beskryf die slagoffer se kleredrag, asook die slagoffer volledig (dit kan die forensiese identifikasie van hulp wees).
7	Beskryf die ander slagoffers (indien daar meer as een slagoffer betrokke was).
8	Dag en datum. Spesifiseer die dag van die week.
9	Verkry uitsluitsel oor die tyd - hoe het die slagoffer geweet hoe laat dit was?
10	Beskryf, indien moontlik, enige roete wat die slagoffer voor die aanval geneem het.
11	Getuie - enige bekend aan die slagoffer, beskryf ander getuies en meld hulle name (indien moontlik), getuies kan die slagoffer met die verdagte verbind.

Item	Besonderhede
12	Hoe die verdagte die slagoffer benader het.
13	Hoe die verdagte beheer oor die slagoffer behou het.

AANHANGSEL F

RIGLYNE TEN OPSIGTE VAN DIE NEEM VAN 'N VERKLARING VAN 'N KINDERSLAGOFFER

1. Inleiding

Die basiese beginsels rondom die verkryging van verklarings van kinders bly dieselfde as die beginsels wat geld vir volwasse slagoffers en getuies.

Die instruksies wat geld vir die neem van verklarings soos uiteengesit in Staande Orders 322, 327 en Staande Order (Algemeen) 18 van 1990 moet nagekom word.

Daar is egter 'n paar verskille aangaande die formaat en inhoud van verklarings van kinders. Dit word hieronder uiteengesit.

2. Algemene aspekte

- 'n Kind is 'n persoon onder die ouderdom van 18 jaar soos bepaal deur artikel 28 van die Grondwet.
- Dit is noodsaaklik dat daar, voor die neem van die verklaring, vasgestel word of die kind die eed of plegtige bevestiging verstaan. Dit word gewoonlik aanvaar dat 'n kind onder die ouderdom van 12 jaar nie die eed of plegtige bevestiging verstaan nie en dat 'n beëdigde of plegtig bevestigde verklaring nie van hom of haar geneem kan word nie. Slegs in uitsonderlike gevalle, waar 'n kind onder die ouderdom van 12 jaar is en die eed of plegtige bevestiging kan verduidelik aan die polisiebeampte wat die verklaring neem, mag sodanige verklaring beëdig of plegtig bevestig word.
- Indien 'n kind ouer as 12 jaar is, moet daar steeds vasgestel word of daardie kind die eed of plegtige bevestiging verstaan.
- In gevalle waar baie jong kinders (jonger as 7 jaar) betrokke is en hierdie kinders nie hulle name kan skryf of 'n merk kan maak nie, maar in staat is om 'n volledige uiteensetting te gee van wat met hulle gebeur het, moet die polisiebeampte wat die onderhoud met die kind voer, self 'n verklaring aflê oor die onderhoud wat met die kind gevoer is. Die ondersoeknotas wat tydens die onderhoud gemaak is, moet aan die verklaring van die polisiebeampte geheg word, ten einde die inhoud van die verklaring te ondersteun.
- Dit is nie altyd nodig, moontlik of raadsaam dat die ouer of voog of bevoegde volwassene fisies teenwoordig moet wees terwyl die verklaring geneem word nie. Die howe verklaar steeds die verklaring van die kind

toelaatbaar, so lank as wat die ouer of voog of bevoegde volwassene bewus was van die inhoud daarvan en dit by wyse van 'n handtekening erken het.

- Indien die ouer, voog of bevoegde volwassene 'n volwasse getuie in die selfde saak is en die kind aandui dat hy of sy verkies om daardie volwasse getuie teenwoordig te hê tydens die neem van die verklaring, is dit noodsaaklik dat die verklaring van die volwasse getuie eers geneem moet word voor die verklaring van die kind om sodoende objektiwiteit te verseker en beïnvloeding te beperk.
- Indien die ouer, voog of bevoegde volwassene die beweerde oortreder is, mag die verklaring van die kind onder geen omstandighede in die teenwoordigheid van die beweerde oortreder geneem word nie.
- Elke bladsy van die verklaring moet deur die polisiebeampte wat die verklaring neem, die kind, die tolk en die ouer, voog of bevoegde volwassene geparafeer word (Staande Order 322 en 327).
- Alle korreksies moet in ooreenstemming met Staande Order 301.1 aangebring word en deur die polisiebeampte wat die verklaring geneem het, die kind en die ouer, voog of bevoegde volwassene geparafeer en dateer word.

3. Formaat en vereistes van verklarings van kinders

'n Verklaring word in 3 dele verdeel:

- 'n Aanhef
- Inhoud
- Einde

3.1 Aanhef tot die verklaring

- In die meeste gevalle waarby kinders betrokke is, sal die verklaring nie beëdig of plegtig bevestig word nie.
- Die volgende moet op die eerste lyn van die verklaring verskyn:
 - Die kind se volle name en van.
 - Dui aan of die verklaring beëdig of plegtig bevestig word of nie een van twee nie.
 - Die taal wat die kind praat (dit stel die aanklaer in staat om reëlings te tref vir die toepaslike tolk en tussenganger by die verhoor).
 - Voorbeeld:

*JOSEPH THABANG RICHIE verklaar in Afrikaans /Engels
/ Zulu / Sepedi*

- Die volgende moet in die aanhef (paragraaf 1) vermeld word:
 - Identiteitsnommer of geboortedatum van die kind.

Nasionale Instruksie 3 /2008Seksuele MisdryweAanhangsel F

- Volledige woonadres van die kind.
- Selfoonnombmer van die kind.
- Telefoonnummer van woning en kontakbesonderhede van die ouer of voog.
- Naam van die kind se skool.
- Fisiese adres van die kind se skool.
- Die graad waarin die kind is.
- Die naam van die kind se onderwyser of onderwyseres.

3.2 Inhoud van verklaring

- Alvorens daar met die skryf van die verklaring begin word tydens die onderhoud, moet die polisiebeampte vasstel of die kind weet wat die verskil is tussen die waarheid en 'n leuen of nie. Dit kan gedoen word deur byvoorbeeld die volgende vrae aan die kind se stel:

Waarheid	Leuen
<i>Daar is televisiestelle in Suid-Afrika</i>	<i>Daar is geen televisiestelle in Suid-Afrika nie</i>
<i>Die son skyn in die dag</i>	<i>Die son skyn nie in die dag nie</i>
<i>Jy kan 'n potlood gebruik om 'n prentjie te teken</i>	<i>Jy gebruik 'n potlood om 'n boom te plant</i>

- Wanneer dit vasgestel is, sal paragraaf 2 van die verklaring die volgende bevat:
Ek ken die verskil tussen reg en verkeerd. Ek weet wat dit beteken om die waarheid te praat. Wat ek nou gaan sê, is die waarheid.
- Die presiese woorde wat die kind gebruik, moet aangeteken word om egtheid en oorspronklikheid te verseker. Die volgende kan as voorbeeld gebruik word:

Woorde van kind	Volwasse vertaling
<i>Die oom het my geslaan</i>	<i>Mnr Nel het my aangerand</i>
<i>Die stoute man het sy toti in my blommetjie gesit</i>	<i>Mnr Ndlovu het sy penis in my vagina gedruk</i>
<i>Hy het sy wee-wee in my wee-wee gesit</i>	<i>Mnr Rodricks het my verkrug</i>

- Sorg moet geneem word om nie die taal wat die kind gebruik in volwasse taal te "vertaal" nie, byvoorbeeld die betekenis van "toti" en "blommetjie"

mag onder **geen** omstandighede in hakkies na die kind se woorde neergeskryf word nie. Daar moet in gedagte gehou word dat die verdediging geregtig is daarop om 'n afskrif van die kind se verklaring te versoek. Die verdediging kan die kind kruisondervra oor die terminologie wat in die kind se verklaring gebruik is. Dit kan tot ontslag in die hof lei.

- 'n Verklaring moet gemaak word deur die polisiebeampte of die ouer, voog of bevoegde volwassene waarin die woorde, wat deur die kind gebruik is, verduidelik word.
- Daar moet moeite gedoen word om die kind se verklaring in 'n verstaanbare, kronologiese volgorde aan te teken, aangesien kinders dikwels nie na die gebeure in volgorde verwys nie. Dit is derhalwe raadsaam dat die polisiebeampte wat die verklaring van die kind neem, omvattende notas maak tydens die onderhoud voordat daar begin word met die neerskryf van die verklaring. Polisiebeamptes moet verwys na die module oor ondersoekende onderhoudvoering van kinders ten einde dit te begryp en in die praktyk toe te pas.

3.3 Einde van verklaring

- Wanneer die verklaring afgelê is, moet die hele verklaring aan die kind gelees word en die kind moet die geleentheid gegun word om enige regstellings, veranderings of toevoegings te maak.
- Die kind moet versoek word om sy of haar naam neer te skryf of sy of haar merk te maak op die volgende lyntjie na die laaste woorde van die verklaring.
- Indien die dienste van 'n tolk gebruik word, word daar van die tolk vereis om die vertaling op die volgende wyse te verduidelik:
Vertaal van Zulu na English en omgekeerd
- Die tolk moet dan die sertifikaat onderteken.
- Die ouer, voog of bevoegde volwassene van die kind moet dan die verklaring op die volgende wyse endosseer:
Verklaring is in my teenwoordigheid geneem. Ek het die inhoud daarvan gelees.
- Die ouer, voog of bevoegde volwassene onderteken die verklaring en endosseer die datum, tyd en plek onder sy of haar handtekening.
- Die polisiebeampte wat die verklaring geneem het, endosseer dit op die volgende wyse:
Bovermelde verklaring is deur my geneem in die teenwoordigheid van die ouer, voog of bevoegde volwassene.

- Die polisiebeampte se handtekening word daarop aangebring en die datum, tyd en plek onder sy of haar handtekening geëndosseer.

4. Voorbeeld van 'n verklaring van 'n kind

JOSEPH THABANG RICHIE verklaar in Afrikaans:

1.

Ek is 'n 9 jarige seun en ek is op 1 April 1999 gebore. EK woon te Alphaweg 123, Windsor Park, Pretoria. My huistelefoonnummer is 012 393 1234. My ma se selfoonnnummer is 083 123 4567 en my pa se selfoonnnummer is 082 123 7654. Ek is 'n skolier in graad 3 aan Windsor Park Laerskool, Betaweg 456, Windsor Park, Pretoria. Ek is in Me Dhlamini se klas. My huistaal is isiZulu.

2.

Ek weet wat die verskil is tussen reg en verkeerd. Ek weet wat dit beteken om die waarheid te praat. Wat ek nou gaan sê, is die waarheid.

3.

Op Maandag, 6 November 2008, het ek na skool na my oom John se huis gegaan. Ek gaan gewoonlik elke dag daarheen na skool. Ek weet nie wat sy adres is nie, maar hy woon naby my skool.

4.

Nadat ek middagete gehad het, het oom John vir my gesê om te gaan verkleed. Terwyl ek in die badkamer besig was om my klere uit te trek, het oom John in die badkamer ingekom. Ek het daar gestaan in my onderbroek en hy het gevra hoe my dag by die skool was. Hy het op die toilet gesit met al sy klere aan en my gevra om op sy skoot te kom sit. Ek het op sy skoot gesit en hom van my dag by die skool vertel.

5.

Oom John het toe begin om my op my mond te soen. Hy het sy tong in my mond gedruk. Ek het probeer om van sy skoot af te spring, maar ek kon nie want hy het my te stof vasgehou. Oom John het toe sy hand in my onderbroek gedruk en met my toti begin speel. Ek het hom gevra om te stop, maar hy het gesê dat as hy 'n rukkie langer aanhou, sal ek daarvan hou. Ek was bang en het nie geweet wat om te doen nie en het begin huil.

6.

Op daardie oomblik het ek my tannie Elizabeth se motor in die oprit gehoor. Oom John het my van sy skoot afgegooi en gesê ek moet aantrek. Hy het gesê dat dit wat gebeur het, ons geheim is en ek moet vir niemand daarvan vertel nie. Hy het belowe om vir my vir Kersfees 'n nuwe fiets te koop.

7.

Terwyl ek besig was om aan te trek, het my tannie Elizabeth in die badkamer ingekom. Sy het gesien dat ek gehuil het en het gevra wat verkeerd was. Ek het weer begin huil en haar vertel wat gebeur het. My tannie het niks vir my gesê nie, sy het my net huis toe geneem. Toe ons by my huis aankom, het my tannie en ouers my na my kamer toe gestuur en in die sitkamer gepraat. Ek het nooit enigiemand, anders as my tannie, vertel wat met my gebeur het nie.

5. Gevolgtrekking

Die neem van 'n verklaring van 'n kind bly 'n uitdaging en vereis gespesialiseerde vaardigheid. Ondersoekbeamptes moet hierdie taak met empatie en ywer benader. Verklarings wat op die korrekte wyse verkry is, verseker dat geregtigheid seëvier en dat kinders as slagoffers bemagtig word.

SOUTH AFRICAN POLICE SERVICE

SUID-AFRIKAANSE POLISIEDIENS

SAPD 580(a)

KENNISGEWING AAN 'N SLAGOFFER VAN BESKIKBARE DIENSTE

Artikel 28(3) van die Wysigingswet op die Strafreg (Seksuele Misdrywe en Verwante Aangeleenthede), 2007 (Wet No. 32 van 2007)

(Die lid, by wie 'n klagte van 'n seksuele misdryf gelê word, moet hierdie vorm aan die slagoffer van die beweerde misdryf of 'n belanghebbende persoon oorhandig.)

Die doel van hierdie Vorm is om die slagoffer van die beweerde seksuele misdryf te voorsien van inligting en, in besonder, van die besonderhede van die dienste wat beskikbaar is in verband met die ontvangs van Na-blootstellingsprofilakse (PEP) vir moontlike MIV-infeksie en vir die MIV-toetsing van die beweerde seks-oortreder.

Nota:

Ingevolge artikel 27 van die Wet, is 'n "belanghebbende persoon" enige persoon wat 'n wesenlike belang in die welstand van 'n slagoffer het, insluitend 'n gade, permanente lewensmaat van dieselfde of teenoorgestelde geslag, ouer, voog, familielid, sorggewer, kurator, berader, geneesheer, gesondheidsorgvoorsiener, maatskaplike werker of die onderwyser of onderwyseres van so 'n slagoffer. 'n Belanghebbende persoon kan namens die slagoffer aansoek doen vir die dienste waarna in hierdie Vorm verwys word.

Wat is die MIV infeksie?

MIV verwys na 'n infeksie deur die verworwe immuniteitsgebreksindroom-virus. MIV vernietig belangrike selle wat die immuniteitstelsel beheer en ondersteun. As gevolg daarvan word die liggaam se natuurlike weerstandmeganismes verswak en vind die liggaam dit moeilik om weerstand te bied teen enige siekte. Die meeste mense wat besmet is met MIV ontwikkel uiteindelik VIGS en sterf omdat hulle liggamo nie langer enige weerstand kan bied teen siektes soos tuberkulose, longontsteking en breinvliesontsteking nie. Besmetting met MIV het derhalwe ernstige gevolge vir u as individu. Daar is tans geen geneesmiddel vir MIV/VIGS nie.

Hoe word MIV oorgedra?

MIV word op drie verskillende wyses oorgedra:

- tydens seksuele omgang;
- gedurende 'n bloedoortapping waar MIV-besmette bloed direk in die liggaam oorgetap word; en
- van 'n moeder na 'n fetus gedurende swangerskap, geboorte of tydens borsvoeding.

Kan ek gedurende die pleging van 'n seksuele misdryf aan MIV blootgestel word?

Ja, indien u in kontak gekom het met die bloed, semen of vaginale vloeistof van die oortreder. Byvoorbeeld, indien u vaginal of anal verkrug is en die semen van die oortreder u liggaam binnegekom het, sou u aan MIV blootgestel kon gewees het.

Wat is PEP?

PEP (Na-blootstellingsprofilakse) verwys na antiretrovirale terapie wat toegedien word om die moontlikheid te verminder dat 'n persoon, na blootstelling aan die virus, met HIV besmet word. Die behandeling behels gewoonlik die toediening van 'n groep medisynes (of sekere medisyne alleen) wat MIV teëwerk. Dit is

belangrik dat PEP so gou as moontlik, maar binne 72 uur na die beweerde seksuele misdryf plaasgevind het, toegedien word. Die toediening is gratis en vind plaas by 'n openbare gesondheidsinstelling wat deur die Minister van Gesondheid aangewys is. 'n Lys van gesondheidsinstellings binne 'n redelike afstand van die polisiestasie waar die klakte aangemeld is, word by hierdie Kennisgewing aangeheg. U sal ook daar gratis mediese advies ontvang ten opsigte van die toediening van PEP voordat dit toegedien word. U moet toestem tot die toediening van PEP.

Kan ek ander persone in gevaar stel van MIV-besmetting weens my moontlike blootstelling daaraan?
U kan nie MIV oordra by wyse van daaglikse kontak met ander persone, soos met omhelsing, 'n handdruk of deur voedsel, water of eetgereedskap te deel nie. Aangesien MIV egter, onder andere, deur seksuele omgang oorgedra word, kan u moontlik besmet wees weens die beweerde seksuele misdryf en kan u, as gevolg daarvan, u seksmaat besmet. U behoort derhalwe veilige seks te beoefen totdat u seker is dat u nie besmet is nie. Indien u swanger is, kan u MIV aan u ongebore baba oordra. Indien u borsvoed, kan u ook u baba blootstel aan die risiko van besmetting met MIV. *U moet kundige advies (soos uiteengesit aan die einde van hierdie Kennisgewing) bekom oor die hantering van die gevolge van die risiko van besmetting van uself, u seksmaat en ander.*

Wat van ander seksueel oordraagbare infeksies?

Tydens die pleging van 'n seksuele misdryf, kan die slagoffer ook blootgestel word aan ander seksueel oordraagbare infeksies. Alle ander seksueel oordraagbare siektes kan doeltreffend behandel word sonder ernstige gevolge vir die gesondheid van die slagoffer. U kan gratis mediese advies kry by die gesondheidsinstelling in verband met seksueel oordraagbare siektes, die simptome waarna u moet oplet en wat om te doen indien u vermoed dat u moontlik so 'n siekte opgedoen het.

Hoe hanteer ek my moontlike blootstelling aan MIV tydens die beweerde seksuele misdryf?

U kan by 'n landdros aansoek doen dat die beweerde oortreder vir MIV getoets word en die uitslae van sy of haar toetse sal aan u bekend gemaak word. Indien u bewus is van die MIV-status van die beweerde seks-oortreder, kan dit aan u gemoedsrus gee en u in 'n beter posisie plaas om te besluit of u medikasie moet neem om die risiko van MIV besmetting te voorkom of te verminder en wat u kan doen om u seksmaat en ander teen MIV besmetting te beskerm. *Kundige mediese advies kan nodig wees om die gevolge van die risiko van besmetting aan uself, u seksmaat en ander te hanteer. Die toetsuitslag van 'n verpligte MIV-toets mag nie betroubaar wees nie omdat die beweerde oortreder in die venstertydperk mag wees terwyl hy of sy vir MIV getoets word. Dit beteken dat die toetsuitslag mag wys dat die beweerde oortreder negatief toets, terwyl hy of sy inderdaad MIV positief is. U moet derhalwe met 'n deskundige praat voordat u enige mediese of leefstyl besluite neem op grond van die toetsuitslag. U moet verder ook in ag neem dat 'n MIV-positiewe toetsuitslag nie noodwendig beteken dat die virus tydens die pleging van die seksuele misdryf aan u oorgedra is nie.*

Dit is in u eie belang om vir MIV getoets te word wanneer u gereed voel om dit te doen. Maak intussen seker dat u veilige seks beoefen.

Hoe doen ek aansoek vir die MIV-toetsing van die beweerde seks-oortreder?

- U moet die pleging van die seksuele misdryf aanmeld by die polisiestasie naaste aan waar die misdryf gepleeg is. Die Polisie sal die saak ondersoek.
- U mag onmiddellik daarna aansoek doen vir die MIV-toetsing van die beweerde seks-oortreder, of die ondersoekbeampte inlig dat u aansoek wil doen vir die MIV-toetsing van die beweerde oortreder.
- U kan 'n aansoekvorm by die polisiestasie kry wat u moet voltooi om aansoek te doen sodat die beweerde oortreder getoets word.
- Wanneer u die aansoekvorm voltooi en onderteken het, kan u dit aan die ondersoekbeampte

oorhandig.

Wie sal my aansoek oorweeg?

Die ondersoekbeampte wat verantwoordelik is om die beweerde seksuele misdryf te ondersoek, sal u aansoek aan 'n landdros voorlê. Die landdros sal die aansoek gedurende hofure in sy of haar kantoor oorweeg. Die landdros kan aanvullende getuienis, mondelings of by wyse van 'n beëdigde verklaring vereis, en kan ook die beweerde oortreder ondervra voordat 'n besluit geneem word. Die ondersoekbeampte sal u van die uitslag van u aansoek inlig.

Wat sal gebeur indien die landdros beveel dat die beweerde oortreder vir MIV getoets moet word?

Die ondersoekbeampte sal verseker dat twee bloedmonsters van die liggaaam van die beweerde oortreder terselfdertyd geneem en vir MIV getoets word.

Wie sal betaal vir die MIV-toetsing?

Die Staat. Dit hou geen koste vir u in nie.

Hoe sal ek van die uitslag van die MIV-toets ingelig word?

Wanneer die uitslae beskikbaar is, sal die ondersoekbeampte 'n verseëlde koevert aan u oorhandig wat die uitslag van die MIV -toets bevat, asook inligting oor waar u bystand kan verkry oor die hantering van die uitslae en die gevolge daarvan.

Kan ek die MIV-status van die beweerde oortreder aan ander persone openbaar?

Die MIV-toetsuitslae kan slegs bekend gemaak word aan die slagoffer of die belanghebbende persoon wat vir die verpligte MIV-toetsing aansoek gedoen het, die beweerde oortreder, die ondersoekbeampte en, waar van toepassing, die staatsaanklaer of enige ander persoon wat van die toetsuitslae kennis moet neem vir doeleindes van siviele verrygtinge of 'n hofbevel.

Vir watter tydperk kan ek aansoek doen vir die MIV -toetsing van die beweerde seks-oortreder?

U moet binne 90 dae na die beweerde seksuele misdryf gepleeg is, aansoek doen. Die 90 dae tydperk word 'n venstertydperk genoem, wat beteken dat as die toets daarna uitgevoer word en positief is, die beweerde oortreder na die pleging van die misdryf MIV kon opgedoen het. Onthou dat, selfs al word die toets binne die 90 dae uitgevoer, 'n negatiewe uitslag nie noodwendig betroubaar is nie omdat die beweerde oortreder in die venstertydperk is en inderwaarheid positief mag wees. Dit word derhalwe aanbeveel dat, indien u besluit om aansoek te doen dat die beweerde oortreder vir MIV getoets word, u dit so gou as moontlik na die pleging van die beweerde seksuele misdryf te doen. Dit bly egter in u eie belang om uself vir MIV te laat toets.

Is daar enige diensorganisasies wat berading en ondersteuning kan verskaf?

Daar is verskeie private en openbare fasiliteite wat u kan help om die implikasies van die MIV-toetsuitslae te hanteer. Sommige van hierdie dienste is gratis, terwyl ander betaling van 'n fooi mag vereis. Dit sluit in:

- Privaat mediese en maatskaplike fasiliteite (bv. 'n algemene mediese praktisyn of sielkundige).
- Openbare mediese en maatskaplike fasiliteite, met inbegrip van —
 - Life Line
 - Child Line
 - Kinderbeskermingsorganisasies
 - Plaaslike Staatshospitale en Klinieke
 - Rape Crisis
 - FAMSA
 - Departemente van Maatskaplike Ontwikkeling
 - Plaaslike VIGS diensorganisasies

Die kontakbesonderhede van bovermelde diensverskaffers is in die telefoongids en by die ondersoekbeampte beskikbaar.

VAN DIE BEWEERDE OORTREDER**

*Artikel 30 van die Wysigingswet op die Strafreg (Seksuele Misdrywe en Verwante Aangeleenthede), 2007
(Wet No. 32 van 2007)*

LEES ASSEBLIEF DIE VOLGENDE NOTAS VOOR U DIE AANSOEKVORM VOLTOOI:

- (1) Ingevolge die Wet, kan die slagoffer van 'n seksuele misdryf, of 'n belanghebbende persoon wat namens die slagoffer optree, aansoek doen vir die MIV-toetsing van die beweerde oortreder van die seksuele misdryf. Die Wet bepaal dat 'n belanghebbende persoon, enige persoon is wat 'n wesenlike belang in die welstand van 'n slagoffer het, insluitend 'n gade, permanente lewensmaat van dieselfde of teenoorgestelde geslag, ouer, voog, familielid, sorggewer, kurator, berader, geneesheer, gesondheidsorgvoorsieder, maatskaplike werker of onderwyser of onderwysseres van so 'n slagoffer is.
- (2) Indien die aansoek gedoen word deur 'n belanghebbende persoon (soos wat hierbo uiteengesit is), moet die aansoek gedoen word met die skriftelike toestemming van die slagoffer, tensy die slagoffer —
 - jonger as 14 jaar is;
 - verstandelik gestremd is;
 - bewusteloos is;
 - 'n persoon is ten opsigte van wie 'n kurator deur die hof aangestel is; of
 - 'n persoon is wat, volgens die hof, nie in staat is om die nodige toestemming te kan gee nie.
 Waar toepaslik, moet die skriftelike toestemming van die slagoffer aan die aansoekvorm geheg word.
- (3) Indien u bystand benodig met die voltooiing van die aansoekvorm, kan u die ondersoekbeampte versoek om u behulpsaam te wees.

Neem asseblief kennis: Die Wet plaas streng beperkinge op die omstandighede waarin die beweerde oortreder van 'n seksuele misdryf, sonder sy of haar toestemming, aan 'n verpligte MIV-toets onderwerp mag word. Die Wet laat dit slegs toe om die slagoffers van seksuele misdrywe by te staan. Indien u nie die slagoffer van 'n seksuele misdryf is nie, of u nie namens die slagoffer van 'n seksuele misdryf optree nie en hierdie prosedure misbruik om die MIV-status van 'n persoon kwaadwilliglik te bepaal, kan u vervolgoed en aan 'n misdryf skuldig bevind word en by skuldigbevinding tot 'n boete of gevangenisstraf vir 'n tydperk van hoogstens drie jaar gevonnis word. 'n Siviele eis vir skadevergoeding mag ook teen u ingestel word.

KENNISGEWING AAN BEWEERDE OORTREDER TEN OPSIGTE VAN 'N BEVEL VIR MIV-TOETSING

*Artikel 31(5)(b) van die Wysigingswet op die Strafreg (Seksuele Misdrywe en Verwante Aangeleenthede), 2007
(Wet No. 32 van 2007)*

IN DIE LANDDROSHOF VIR DIE DISTRIK VAN
GEHOUTE
SAAKNO:

(Moet deur die ondersoekbeampte aan die beweerde oortreder oorhandig word)

Aan:
(die beweerde oortreder) wat aangekla word van die misdryf van
teen (die slagoffer).

Die doel van hierdie Kennisgewing is om u in te lig dat die voormalde hof 'n bevel uitgereik het dat u, sonder u toestemming, vir MIV getoets word en die uitslag van die toets openbaar gemaak word aan die slagoffer of 'n belanghebbende persoon wat namens die slagoffer optree en, waar toepaslik, aan die aanklaer wat verantwoordelik is vir u vervolging of enige ander verwante hofverrigtinge.

Wat is die MIV-infeksie?

MIV verwys na 'n infeksie met die menslike immuno-gebreksvirus. MIV vernietig belangrike selle wat die immuniteitstelsel beheer en ondersteun. As gevolg daarvan kan die liggaam se natuurlike beskermingsmeganismes nie weerstand teen siektes bied nie. Die meeste mense wat met MIV besmet is, ontwikkel uiteindelik VIGS en sterf aangesien hul liggamoë nie meer enige weerstand teen siektes soos TB, longontsteking en breinvliesontsteking kan bied nie. Besmetting met MIV het derhalwe ernstige gevolge vir u as individu. Daar is tans geen geneesmiddel vir MIV / VIGS nie.

Hoe word MIV oorgedra?

MIV word op drie maniere oorgedra:

- tydens seksuele omgang;
- wanneer MIV-besmette bloed direk in die liggaam oorgetap word; en
- vanaf 'n moeder na kind gedurende swangerskap, geboorte of tydens borsvoeding.

Kan MIV oorgedra word tydens 'n seksuele misdryf?

Ja. Indien daar enige blootstelling aan HIV-besmette bloed, semen of vaginale vloeistowwe tydens die beweerde misdryf is, kan MIV oorgedra word.

Hoekom moet ek vir MIV getoets word?

U kon die slagoffer aan MIV blootgestel het tydens die beweerde seksuele misdryf of misdryf, soos in artikel 27 van die Wet omskryf, waarvan u aangekla word. (Artikel 27 van die Wet omskryf 'n "seksuele misdryf" as 'n seksuele misdryf waarin die slagoffer aan die liggaamsvoë van die beweerde oortreder blootgestel kon word en 'n "misdryf" word omskryf as 'n misdryf, behalwe 'n seksuele misdryf, ten opsigte waarvan die MIV-status van die beweerde oortreder relevant kan wees vir doeleindes van ondersoek en vervolging.) In die lig van die ernstige gevolge van MIV-besmetting en slagoffers se vrees om met MIV besmet te word, is die reg

aan hulle verleen om aansoek te doen vir die MIV-toetsing van hul beweerde oortreders en vir die bekendmaking van die toetsuitslae. Die ondersoekbeampte kan ook aansoek doen om u vir MIV te laat toets.

Hoe sal kennis aangaande my MIV-status die beweerde slagoffer help?

Die uitslag van die toets kan hom of haar help —

- om te besluit om mediese behandeling te ontvang wat duur is en ernstige newe-effekte het, maar wat kan verhoed dat hy of sy die virus opdoen;
- om stappe te neem om te verhoed dat die virus verder deur hom of haar oorgedra word aan ander mense (byvoorbeeld die slagoffer se seksmaat, of aan haar baba as sy verwagtend is of borsvoed); en
- om die slagoffer gemoedsrus te gee aangaande sy of haar moontlike blootstelling aan MIV gedurende die seksuele misdryf.

Wie het die bevel verleen dat ek vir MIV getoets word?

'n Landdros van die landdroskantoor in die distrik waar u na bewering die seksuele misdryf of misdryf gepleeg het, het die bevel verleen.

Op watter grondslag is die hofbevel verleen?

Die landdros het die bevel verleen na oorweging van getuienis onder eed deur die persoon wat aansoek gedoen het dat u vir MIV getoets word en deur die ondersoekbeampte. Die landdros is op 'n *prima facie* - grondslag oortuig dat —

- u 'n seksuele misdryf of misdryf gepleeg het teen die slagoffer wat aansoek gedoen het dat u vir MIV getoets word, of namens wie aansoek gedoen is;
- die slagoffer in die loop van die betrokke misdryf aan u liggaamsvog (semen, bloed of vaginale vloeistowwe) blootgestel kon gewees het; en
- nie meer as 90 kalenderdae verloop het sedert die datum van die beweerde misdryf nie.

U moet kennis neem dat die bestaan van *prima facie*-getuienis teen u nie beteken dat indien die strafsaak teen u op verhoor gaan, u skuldig bevind gaan word aan die misdryf nie. Die Staat sal steeds bo redelike twyfel moet bewys dat u die misdryf, waarvan u aangekla word, gepleeg het. *Prima facie* getuienis word slegs gebruik vir die aansoek om u, sonder u toestemming, vir MIV te toets.

Kan ek weier dat my bloedmonsters vir MIV getoets word?

Nee. Dit is 'n hofbevel. Die landdros kan ook 'n lasbrief vir u inhegtenisneming uitreik indien daar rede is om te glo dat u nakoming van die bevel sal vermy of reeds vermy het. Indien u versium of weier om die bevel na te kom of nakoming vermy, is u skuldig aan 'n misdryf en by skuldigbevinding strafbaar met 'n boete of gevangenisstraf vir 'n tydperk van hoogstens drie jaar.

Hoe word ek vir MIV getoets?

Die ondersoekbeampte sal u na 'n geregistreerde mediese praktisy of verpleër of verpleegster neem wat by dieselfde geleentheid twee bloedmonsters van u sal neem. Die ondersoekbeampte sal die behoorlik geïdentifiseerde monsters na 'n aangewese openbare gesondheidsinstelling neem waar dit vir MIV getoets sal word.

Wie betaal vir die MIV-toets?

Die Staat. Dit hou geen koste vir u in nie.

Sal ek in kennis gestel word van die uitslag van die MIV-toets?

Ja. Die ondersoekbeampte sal verseker dat u die MIV-toetsuitslag ontvang, tesame met inligting oor waar u hulp kan ontvang om die uitslag en die implikasies daarvan te verstaan.

Wat indien die klag teen my 'n valse klag is?

Enige persoon wat kwaadwillig 'n klage by die Suid-Afrikaanse Polisiediens ten opsigte van 'n beweerde seksuele misdryf aanmeld om ingevolge artikel 30(1) van die Wet, 'n aansoek te bring om die MIV-status van enige persoon vas te stel, is skuldig aan 'n misdryf en by skuldigbevinding strafbaar met 'n boete of met gevangenisstraf vir 'n tydperk van hoogstens drie jaar.

Sal die toetsuitslag aan ander persone bekend gemaak word?

Die MIV-toetsuitslae mag slegs bekend gemaak word aan die slagoffer of die belanghebbende persoon wat vir u verpligte MIV-toetsing aansoek gedoen het, uself (as die beweerde oortreder), die ondersoekbeampte, en waar van toepassing, die staatsaanklaer of enige ander persoon wat van die toetsuitslae kennis moet neem vir doeleindes van siviele verrigtinge of 'n hofbevel.

Sal die toetsuitslag in die verhoor teen my gebruik word?

Ja. Artikel 34 van die Wet bepaal dat die uitslag van 'n MIV-toets as getuienis gebruik kan word in enige daaropvolgende siviele verrigtinge in verband met die seksuele misdryf of om die ondersoekbeampte in staat te stel om dit as getuienis in strafregtelike verrigtinge te gebruik.

Hoe raak my MIV-status ander persone?

U MIV-status het nie slegs ernstige gevolge vir u beweerde slagoffer nie, maar ook vir u eie gesondheid en die gesondheid van ander (byvoorbeeld u seksmaat of baba). Elke persoon het 'n verantwoordelikheid om te verseker dat hy of sy nie ander persone blootstel aan die risiko om met MIV besmet te word nie. Indien u MIV-positief is, is dit belangrik dat u advies, hulp en inligting oor behandeling kry en oor hoe om uself en ander persone teen MIV-infeksie te beskerm.

Is daar enige diensorganisasies wat berading en ondersteuning kan voorsien?

Daar is verskeie private en openbare instellings wat u kan help om die implikasies van die MIV-toetsuitslae te hanteer. Sommige van hierdie dienste is gratis, terwyl ander betaling van 'n fooi mag eis. Dit sluit in:

- Privaat mediese en maatskaplike fasiliteite (bv. 'n algemene mediese praktisyn of sielkundige).
- Openbare mediese en maatskaplike fasiliteite, met inbegrip van —

- Life Line	- Rape Crisis

Nota:

- (1) Die Kennisgewing moet oorhandig word aan —
 - (a) die slagoffer of belanghebbende persoon wat namens die slagoffer optree en wat aansoek gedoen het dat die beweerde oortreder vir MIV getoets word; en
 - (b) die beweerde oortreder wat vir MIV getoets is.
- (2) Die doel van die Kennisgewing is om die partye vermeld in (1) hierbo, van inligting te voorsien oor die vertroulikheid en oor hoe om die inligting oor die uitslag van 'n verpligte MIV-toets te hanteer.

Hoe sal ek ingelig word van die MIV-toets uitslag van die beweerde oortreder?

Die uitslae van die MIV-toets van die beweerde oortreder sal in 'n verseëlde koevert, gemerk as "Confidential/Vertroulik", aan u beskikbaar gestel word.

Die verseëlde koevert sal 'n dokument bevatten wat voltooi is deur 'n persoon verbonden aan die gesondheidsinstelling wat die MIV-toets op die bloedmonsters van die beweerde oortreder uitgevoer het. Die vorm sal verklaar of die beweerde oortreder die volgende getoets het:

- positief vir MIV; of
- negatief vir MIV.

Indien ek die slagoffer is, kan ek die MIV-status van die beweerde oortreder aan ander persone openbaar?

U mag die MIV-toetsuitslae nie op 'n kwaadwillige of grof nalatige wyse bekend maak aan enige persoon anders anders as die beweerde oortreder, die onderzoekbeampte en die staatsaanklaer of enige ander persoon wat van die toetsuitslae kennis moet neem vir doeleindes van siviele verrigtinge of 'n hofbevel.

Wat moet ek met die uitslag van die MIV-toets doen?

U moet bystand van 'n kundige kry om die implikasies van die uitslag te verstaan en hoe om die uitslag te hanteer, ongeag of die toetsuitslag positief of negatief is. Kundige bystand sal u help om —

- die toetsuitslag te verstaan;
- die onmiddellike emosionele reaksies en bekommernisse te hanteer;
- te verstaan hoe die uitslag u gesondheid en die gesondheid van ander (soos u seksmaat) gaan beïnvloed;
- die behoeftte aan sosiale en mediese sorg te bepaal; en
- die behoeftte om die toetsuitslag aan ander bekend te maak, te bespreek.

Diensorganisasies wat berading en ondersteuning kan verskaf

Daar is verskeie private en openbare instellings wat u kan help om die implikasies van die HIV-toetsuitslae te hanteer. Sommige van hierdie dienste is gratis, terwyl ander betaling van 'n fooi mag vereis. Dit sluit in:

- Privaat mediese en maatskaplike fasiliteite (bv. 'n algemene mediese praktisyne of sielkundige).
- Openbare mediese en maatskaplike instellings, met inbegrip van —
 - Life Line
 - Child Line
 - Kinderbeskermingsorganisasies
 - Plaaslike Staatshospitale en Klinieke
 - Rape Crisis
 - FAMSA
 - Departemente van Maatskaplike Ontwikkeling
 - Plaaslike VIGS diensorganisasies

Die kontakbesonderhede van bovemelde diensverskaffers is in die telefoongids en by die ondersoekbeampte beskikbaar.

Indien u, nadat u die Kennisgewing gelees het, iets nie verstaan nie, kan u die ondersoekbeampte, een van die diensverskaffers wat hierbo vermeld is, of 'n maatskaplike werker van die Departement van Korrektiewe Dienste kontak vir bystand.
