CALL FOR REQUESTS: DECLARATION OF NEW KINDS OF PLANTS IN TERMS OF THE PLANT BREEDERS' RIGHTS ACT, 1976 (ACT NO. 15 OF 1976)

In South Africa, a plant breeder's right may be granted in respect of varieties of the kinds of plants declared by the Minister in terms of the Plant Breeders' Rights Act, 1976. Declared kinds of plants are specified in Table 1 of the Regulations made under this Act.

We are pleased to announce a call for requests to have new kinds of plants declared in terms of the Plant Breeders' Rights Act, 1976. All breeders of new plant varieties or their agents are invited to submit their requests; such requests should specify the scientific name (genus and species) of the plant to be declared as well as the motivation for the declaration thereof.

Requests should be forwarded not later than 28 September 2012 to:

NOTICE OF THE LIST OF PROTECTED TREE SPECIES UNDER THE NATIONAL FORESTS ACT, 1998 (ACT NO 84 OF 1998)

By virtue of powers vested in me under Section 15(3) of the National Forests Act, 1998, I, Tina Joemat-Pettersson, Minister of Agriculture, Forestry and Fisheries hereby publish a list of all protected trees belonging to a particular species under Section 12(1) (d) set out in Schedule below.

The effect of this declaration is that in terms of Section 15(1) of the National Forests Act, 1998, no person may cut, disturb, damage or destroy any protected tree or possess, collect, remove, transport, export, purchase, sell, donate or in any other manner acquire or dispose of any protected tree or any forest product derived from a protected tree, except under a licence or exemption granted by the Minister to an applicant and subject to such period and conditions as may be stipulated.

Contravention of this declaration is regarded as a first category offence that may result in a person who is found guilty of being sentenced to a fine or imprisonment for a period up to three years, or to both a fine and imprisonment.

No. 718

7 September 2012

NOMINATION OF CANDIDATES FOR APPOINTMENT TO THE NATIONAL AGRICULTURAL MARKETING COUNCIL (NAMC)

Two council members for the National Agricultural Marketing Council (NAMC) have tendered their resignations from the council. Of the above-mentioned members, one represented Category B (agricultural product-related trade and industry) and the other represented Category D (consumer issues relating to agricultural products) in terms of section 4(2) of the Marketing of Agricultural Products Act/MAP Act (Act No. 47 of 1996). The MAP Act makes provision for the appointment of successor members when members resign from the council.

The Minister of Agriculture, Forestry and Fisheries hereby invites persons and interested parties to submit names of nominees to be considered for appointment as members of the National Agricultural Marketing Council. To be considered for appointment, nominees must have practical knowledge of and experience in agricultural product-related trade and industry and consumer issues relating to agricultural products, including issues relating to previously disadvantaged communities. Each nomination must specify the category for which such a nomination is made and be accompanied by a detailed curriculum vitae and written acceptance of the nomination by the nominee. Failure to attach required documents will result in immediate disqualification of nomination.

A person may not be nominated or appointed as council member, if such person is disqualified to serve as council member in terms of section 4 (13) of the Act.

Suitable candidates will be subjected to a personnel suitability check (criminal record check, citizenship verification, financial asset/record check, qualification/study verification and previous employment verification).

Nominations must be submitted to the following address by not later than 07 September 2012.

NATIONAL NUCLEAR REGULATOR ACT, 1999 (ACT NO. 47 OF 1999)

Notice in terms of section 28 of the National Nuclear Regulator Act, 1999 (Act No 47 of 1999), on fees for Nuclear Authorisations

I, Elizabeth Dipuo Peters, Minister of Energy, acting under Section 28 of National Nuclear Regulator Act, 1999, (Act 47 of 1999), hereby determine in the Schedule, the fees payable to the Regulator in respect of:-

- (a) any application for the granting of a nuclear authorisation;
- (b) an annual nuclear authorisation fee for the financial year 2012/2013

The fees shall be payable to the National Nuclear Regulator of South Africa, for the period 01 April 2012 to 31 March 2013 by the license holders concerned.

A handwritten signature in cursive script, appearing to read 'ED Peters'.

Ms ED Peters, MP
Minister of Energy

Date: 24/08/2012

1. AUTHORISATION FEES

- 1.1 The fees as based on cost recovery principle and then allocated on person-effort required for each of the authorisations holders. The person - effort; this takes into account past operational experience and also expected increases in workload.
- 1.2 With the change in the ratio of funding and normal operating increases the NNR needs to increase the authorisation fees to recover the cost of operation. The proposed average increase for nuclear installation is 11% and for mines and mineral processing is 17%. The table below indicate the proposed authorisation fees for the 2012-2013 Financial Year:

The authorizations fees for 2012-2013

Authorised Holders	Actual 2011/2012 R	Proposed fees 2012/2013 R	Var. %
ESKOM- Koeberg Nuclear Power Station	46,131,877	51,556,484	12%
Necsa (Pelindaba)	21,709,119	24,314,213	12%
Necsa (Vaalputs)	3,392,050	3,731,255	10%
Mines and Minerals Processing	19,334,691	22,512,674	
• Small users- rate per operator	24,204	29,045	20%
• Scrap processors & smelters- rate per operator	27,136	32,563	20%
• Fertilizers - rate per operator	206,372	247,646	20%
• Small mines - rate per operator	223,862	268,634	20%
• Big mines - rate per operator	529,160	634,992	20%

The hourly rate is the full cost divided by the total number of hours spent by the Regulator on its direct regulatory activities.

• **Hourly Fee Rate for new applications R1, 130.68**

5. The Annual nuclear authorisation fee as contemplated in terms of Section 28(b) of the NNR Act in respect of new nuclear authorisations issue between 01 April 2012 and 31 March 2013 in terms of section 22 of the NNR Act shall be calculated on a pro rata basis according to the following formula:

$$\text{Annual Fee} = (O/12) \times N$$

Where O = the annual nuclear authorisation fee for the relevant category of the operation (i.e. large, medium or small operator): and

N= the number of full calendar months from the date of issue of the nuclear authorisation until 31 March 2013.

6. The various categories of facilities, related to section 4 above, are as follows:

Category 1 facilities are small users, laboratories and refurbishes

Category 2 facilities are scrap processors, scrap melter and service providers

Category 3 facilities are fertilizers and other lesser mineral processing facilities

Category 4 facilities are medium operators and other lesser mining and mineral processing facilities

Category 5 facilities are large operators which include major mining and mineral processing facilities

7. **Formula applied in calculating annual nuclear authorisation fees for the financial year 2012/2013**

For the calculation of the authorization fees for 2012-2013 the person-effort for each of the authorisations holders has been revised taken into account past operational experience and also expected increases in workload.

The formula used to calculate the authorisations fees can be available from the National Nuclear Regulator.

8. All fees are VAT exclusive

9. For clarification on any matter relating hereto please be at liberty to contact the Chief Executive Officer, National Nuclear Regulator, P O Box 7106, Centurion, 0046; telephone 012-674 7100.

NOTICE 708 OF 2012**DEPARTMENT OF ENERGY****NUCLEAR ENERGY ACT, 1999****INVITATION TO COMMENT ON REGULATIONS REGARDING NUCLEAR NON-
PROLIFERATION**

The Minister of Energy in terms of section 54(4), hereby publishes for comment the proposed Regulations to be made under section 54(1) read with sections 33(3)(a)(b)(c)(d)(e)(f)(h) and (i), 34(2) and 35(2) of the Nuclear Energy Act, 1999 (Act 46 of 1999), as set out in the Schedule.

All interested persons and organizations are hereby invited to comment in writing on the proposed Regulations to Director: Nuclear Non-Proliferation by –

- (a) Post to: Department of Energy
Private Bag X 96
Pretoria, 0001;

- (b) Hand delivery to: Department of Energy
192 Visagie Street,
Corner Paul Kruger and Visagie Streets
Pretoria, 0001

- (c) email to: nonproliferation@energy.gov.za.

Kindly provide the name, address, telephone number, fax number and email address of the person or organisation submitting the comments. Comments on the draft regulations must be submitted not later than 30 calendar days from the date of publication of this Notice. Comments received after the closing date may not be considered.

SCHEDULE

Definitions

1. In these Regulations any word or expression to which a meaning has been assigned in the Act, has the meaning so assigned and, unless the context indicates otherwise -

“**customs code**” means a code number issued to a person by the South African Revenue Services upon registration in terms section 59A of the Customs and Excise Act, 1964 (Act No. 91 of 1964), to participate in import or export activities regulated by that Act;

“**destructive analysis**” means the determination of nuclear material content and, if required, of isotopic composition of chemical elements present in the sample;

“**facility**” means a reactor, critical facility, conversion plant, fabrication plant, reprocessing plant, an isotopic separation plant or a separate storage installation, or any location where nuclear material in amounts greater than one effective kg is customarily used;

“**non-destructive assay**” means a measurement of the nuclear material content or of the element of isotopic concentration of an item without producing significant physical or chemical changes in the item;

“**nuclear event**” means any event associated with the use, possession, handling, processing, storage or transport of nuclear material including the loss of nuclear material, capable of giving rise to the release of radiation that may jeopardise the health and safety of any person or the environment;

“**nuclear material**” includes the material declared by the Minister in terms of section 2(a),(b),(c) and (f) of the Act in Government Notice No. 207 of 27 February 2009;

“planned activity” means any activity associated with the use of nuclear material, including the nuclear fuel cycle research and development, design, procurement, construction, commissioning, operation, decommissioning, dismantling, storage, disposal, and any other activity related to nuclear material; and

“the Act” means the Nuclear Energy Act, 1999 (Act No. 46 of 1999).

Keeping of records

2. (1) The records to be kept by any person in possession of, using, handling or processing nuclear material in terms of section 33(3)(a) of the Act are -

- (a) an updated nuclear material inventory indicating actual quantities and form of nuclear material present in the facility;
- (b) operating data which is used to establish changes in the quantities and composition in the inventory of nuclear material in the facility at any time; and
- (c) measuring control programmes and measurement results used to compile the physical inventory of nuclear material, including calibration, sampling and analysis.

(2) The record contemplated in sub-regulation (1) must be kept permanently and made available to an inspector on request.

Reports to Minister

3. (1) The reports that must be submitted to the Minister in terms section 33(3)(b) of the Act by any person in possession of, using, handling or processing nuclear material are -

- (a) an initial report detailing the whole nuclear material inventory at the facility, within three months of commencement of these Regulations;
- (b) an annual report of the records contemplated in regulation 2(1), on or before 31 March of each year ; and

- (c) in case of a nuclear event, a report notifying the Minister of the nuclear event within two hours of its occurrence and, within seven days of the nuclear event, a detailed report containing –
- (i) a brief explanation and cause of the event;
 - (ii) the results of any internal investigation and any remedial action taken;
 - (iii) a description of the nuclear material involved in the event, including the type of material; the isotopic content of the material; the quantity of the material; the chemical and physical description of the material; and the application of the material;
 - (iv) the particulars of all persons involved in the occurrence of the event;
 - (v) a description of the damage to the facility, institution or organisation concerned or to the environment;
 - (vi) a list of persons who have been informed of the event;
 - (vii) the persons, institutions or organisations linked to the origin or destination of the nuclear material;
 - (viii) a description of the actions taken in order to ascertain the cause and magnitude of any accidental or unmeasured loss of nuclear material that might occur;
 - (ix) measures that may have been taken to prevent the occurrence of the event;
 - (x) measures proposed to prevent a recurrence of the event; and
 - (xi) any other relevant information.

(2) The reports contemplated in sub-regulation (1) must be kept permanently and must be submitted to the Minister as contemplated in regulation 12.

Measurements on nuclear material and maintaining measuring control programmes

4. (1) The measurements to be performed on nuclear material in terms of section 33(3)(c) of the Act by any person in possession of, using, handling or processing nuclear material are –

- (a) the verification of quantities of nuclear material received, processed, produced, shipped, lost or otherwise removed from the inventory; and
- (b) the measurement of the inventory based on sampling for destructive analysis or non-destructive assay;

(2) The measuring control programme to be maintained in terms of section 33(3)(c) of the Act must include -

- (a) measurement system approved by facility to verify material that has been declared;
- (b) a sampling system;
- (c) analysis and evaluation of results by suitably qualified persons;
- (d) an operator who introduces the measurement system into the operating system;
- (e) counting and item identification, or nuclear material transformation calculations, quantitative and qualitative non-destructive assay; and
- (f) a dedicated in-plant accounting and measurement system.

Provision of information on design of nuclear installation and site concerned and all changes effected to the design thereof

5. (1) The manner in which the Minister must be provided with information in terms of section 33(3)(d) of the Act, by any person in possession of, using, handling or processing nuclear material, is by way of a report containing –

- (a) the existing or proposed name, business address, and geographic location of the nuclear installation and site concerned;
- (b) a description of the nuclear installation and site concerned with reference to the type, location and flow of nuclear material, plant design capacity and the general layout of important process equipment which uses, produces or processes nuclear material;
- (c) a description of features of the nuclear installation and site concerned relating to security, control, containment and surveillance of nuclear material;
- (d) key measurement points to measure the flow of nuclear material;

- (e) a brief description of existing or proposed procedures at the nuclear installation and site concerned for nuclear material accounting and control, including a list of responsible persons; and
- (f) where changes are effected to the design of a nuclear installation and site concerned, a description of all changes, including –
 - (i) the reasons for effecting the changes; and
 - (ii) the expected dates of completion of the changes.

(2) The report contemplated in sub-regulation (1) must be submitted to the Minister as contemplated in regulation 12 –

- (a) within three months of commencement of these Regulations for all existing nuclear installations and sites concerned; or
- (b) within three months of-
 - (i) the design of any new nuclear installation or site concerned; or
 - (ii) any changes effected to the design of the nuclear installation or site contemplated in paragraph (a).

Physical stocktaking of nuclear material

6. The physical stocktaking that must be undertaken in terms of section 33(3)(e) of the Act, by any person in possession of, using, handling or processing nuclear material must be done within 30 days of the end of each calendar year, and shall be conducted in the following manner-

- (a) a physical inventory process must be determined;
- (b) a physical inventory listing must be generated;
- (c) the nuclear material balance must be measured; and
- (d) any discrepancies between nuclear material balance and book inventory record must be investigated and resolved.

Prior notification of importation and exportation of nuclear material and nuclear related equipment and material

7. The manner in which notice must be given in terms of section 33(3)(f) of the Act by a person who intends to import or export nuclear material and nuclear related equipment

and material, is that at least two weeks prior written notice must be submitted to the Department as contemplated in regulation 12, indicating-

- (a) the name of the importer or exporter and the country of import or export;
- (b) the description and quantity of the material or equipment contemplated in sub-regulation (1) to be imported or exported, including the gross mass of the consignment, batch number and material category;
- (c) the date of import or export;
- (d) proof of authorisation in terms of sections 34 or 35 of the Act, including the import or export authorisation number, the date of issue and the expiry date of the import or export authorisation;
- (e) in the case of import, the name of the port of import, the mode of transportation and the route from the port of import to the end user's site;
- (f) in the case of export, the mode of transportation and the route from the exporter's site to the port of export;
- (g) the end user of the import or export; and
- (h) any additional information regarding the nuclear material to be imported or exported, as the case may be.

Notification on any loss of nuclear material

8. Any loss of nuclear material in terms of section 33(3)(h) of the Act regardless of the quantity, concentration or density, must without delay be reported in terms of regulation 3(1)(c).

Schedules of planned activities

9. (1) The schedule of planned activities to be provided to the Minister in terms of section 33(3)(i) of the Act by any person in possession of, using, handling or processing nuclear material, must be submitted in a written report and must indicate –

- (a) the date of commencement and duration of the planned activity;
- (b) a general description of and information specifying the location of nuclear fuel cycle related to research and development activities;
- (c) a general description of planned activities and the identity of the person or entity carrying out such activities; and

(d) any additional information relevant to the planned activity.

(2) The report contemplated in sub-regulation (1) must be submitted to the Minister in accordance with regulation 12 within three months of commencement of these Regulations and thereafter annually on or before 15 February of each year.

(3) The Minister must immediately be informed of any amendment to the report submitted in terms of subregulation (2).

Application for authorisation for acquisition, possession of, import and certain activities relating to nuclear material, restricted material and nuclear related equipment and material.

10. A person applying for an authorisation in terms of section 34(2) of the Act must complete the relevant form DE18 (Application to possess, acquire, use or transport of, any activities related to nuclear material and equipment) or DE20 (Import and transport nuclear material and equipment) contained in Annexure 1, and must lodge the application with Minister as contemplated in regulation 12.

Application for authorisation for exportation of source material, special nuclear material, restricted material and nuclear related equipment and material.

11. A person applying for an authorisation in terms of section 35(2) of the Act must complete the form DE19 (Transport and export nuclear material and equipment) contained in Annexure 2, and must lodge the application with Minister as contemplated in regulation 12.

General

12. Any application, notice, schedule or report that must be submitted to the Minister or Department in terms of these Regulations, must be submitted for the attention of the Director: Nuclear Non-Proliferation –

(a) by registered post to the following postal address:

Department of Energy

Private Bag X 96

Pretoria, 0001, or

(b) by hand delivery to the following physical address:

Department of Energy

192 Visagie Street

Corner Paul Kruger and Visagie Streets
