

Government Gazette Staatskoerant

REPUBLIC OF SOUTH AFRICA
REPUBLIEK VAN SUID-AFRIKA

Vol. 600

Pretoria, 26 June
Junie 2015

No. 38894

*N.B. The Government Printing Works will
not be held responsible for the quality of
"Hard Copies" or "Electronic Files"
submitted for publication purposes*

AIDS HELPLINE: 0800-0123-22 Prevention is the cure

IMPORTANT *Information* from Government Printing Works

Dear Valued Customers,

Government Printing Works has implemented rules for completing and submitting the electronic Adobe Forms when you, the customer, submits your notice request.

Please take note of these guidelines when completing your form.

GPW Business Rules

- 
1. No hand written notices will be accepted for processing, this includes Adobe forms which have been completed by hand.
 2. Notices can only be submitted in Adobe electronic form format to the email submission address submit.egazette@gpw.gov.za. This means that any notice submissions not on an Adobe electronic form that are submitted to this mailbox will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
 3. Notices brought into GPW by "walk-in" customers on electronic media can only be submitted in Adobe electronic form format. This means that any notice submissions not on an Adobe electronic form that are submitted by the customer on electronic media will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
 4. All customers who walk in to GPW that wish to submit a notice that is not on an electronic Adobe form will be routed to the Contact Centre where the customer will be taken through the completion of the form by a GPW representative. Where a customer walks into GPW with a stack of hard copy notices delivered by a messenger on behalf of a newspaper the messenger must be referred back to the sender as the submission does not adhere to the submission rules.
 5. All notice submissions that do not comply with point 2 will be charged full price for the notice submission.
 6. The current cut-off of all Gazette's remains unchanged for all channels. (Refer to the GPW website for submission deadlines – www.gpwonline.co.za)
 7. Incorrectly completed forms and notices submitted in the wrong format will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za)
 8. All re-submissions by customers will be subject to the above cut-off times.
 9. All submissions and re-submissions that miss the cut-off will be rejected to the customer to be submitted with a new publication date.
 10. Information on forms will be taken as the primary source of the notice to be published. Any instructions that are on the email body or covering letter that contradicts the notice form content will be ignored.

You are therefore advised that effective from **Monday, 18 May 2015** should you not comply with our new rules of engagement, all notice requests will be rejected by our new system.

Furthermore, the fax number **012- 748 6030** will also be **discontinued** from this date and customers will only be able to submit notice requests through the email address submit.egazette@gpw.gov.za.

DO use the new Adobe Forms for your notice request.

These new forms can be found on our website:
www.gpwonline.co.za under the Gazette Services page.

DO attach documents separately in your email to GPW. (In other words, your email should have an Adobe Form plus proof of payment – 2 separate attachments – where notice content is applicable, it should also be a 3rd separate attachment)

DO specify your requested publication date.

DO send us the electronic Adobe form. (There is no need to print and scan it).

DON'T submit request as a single PDF containing all other documents, i.e. form, proof of payment & notice content, it will be **FAILED** by our new system.

DON'T print and scan the electronic Adobe form.

DON'T send queries or RFQ's to the submit.egazette mailbox.

DON'T send bad quality documents to GPW. (Check that documents are clear and can be read)

Form Completion Rules

Important!

No.	Rule Description	Explanation/example
1.	All forms must be completed in the chosen language.	GPW does not take responsibility for translation of notice content.
2.	All forms must be completed in sentence case, i.e. No fields should be completed in all uppercase.	e.g. "The company is called XYZ Production Works"
3.	No single line text fields should end with any punctuation, unless the last word is an abbreviation.	e.g. "Pty Ltd.", e.g. Do not end an address field, company name, etc. with a period (.) comma (,) etc.
4.	Multi line fields should not have additional hard returns at the end of lines or the field itself.	This causes unwanted line breaks in the final output, e.g. <ul style="list-style-type: none"> Do not type as: 43 Bloubokrand Street Putsonderwater 1923 Text should be entered as: 43 Bloubokrand Street, Putsonderwater, 1923
5.	Grid fields (Used for dates, ID Numbers, Telephone No., etc.)	<ul style="list-style-type: none"> Date fields are verified against format CCYY-MM-DD Time fields are verified against format HH:MM Telephone/Fax Numbers are not verified and allow for any of the following formats limited to 13 characters: including brackets, hyphens, and spaces <ul style="list-style-type: none"> 0123679089 (012) 3679089 (012)367-9089
6.	Copy/Paste from other documents/text editors into the text blocks on forms.	<ul style="list-style-type: none"> Avoid using this option as it carries the original formatting, i.e. font type, size, line spacing, etc. Do not include company letterheads, logos, headers, footers, etc. in text block fields.

No.	Rule Description	Explanation/example
7.	Rich text fields (fields that allow for text formatting)	<ul style="list-style-type: none"> • Font type should remain as Arial • Font size should remain unchanged at 9pt • Line spacing should remain at the default of 1.0 • The following formatting is allowed: <ul style="list-style-type: none"> ○ Bold ○ Italic ○ Underline ○ Superscript ○ Subscript • Do not use tabs and bullets, or repeated spaces in lieu of tabs and indents • Text justification is allowed: <ul style="list-style-type: none"> ○ Left ○ Right ○ Center ○ Full • Do not use additional hard or soft returns at the end of line/paragraphs. The paragraph breaks are automatically applied by the output software <ul style="list-style-type: none"> ○ Allow the text to wrap automatically to the next line only use single hard return to indicate the next paragraph ○ Numbered lists are allowed, but no special formatting is applied. It maintains the standard paragraph styling of the gazette, i.e. first line is indented.
	e.g. 1. The quick brown fox jumps over the lazy river. The quick brown fox jumps over the lazy river. The quick brown fox jumps over the lazy river. 2. The quick brown fox jumps over the lazy river. The quick brown fox jumps over the lazy river. The quick brown fox jumps over the lazy river.	

You can find the **new electronic Adobe Forms** on the website www.gpwonline.co.za under the Gazette Services page.

For any **queries or quotations**, please contact the **eGazette Contact Centre** on 012-748 6200 or email info.egazette@gpw.gov.za

Disclaimer

Government Printing Works does not accept responsibility for notice requests submitted through the discontinued channels as well as for the quality and accuracy of information, or incorrectly captured information and will not amend information supplied.

GPW will not be held responsible for notices not published due to non-compliance and/or late submission.

For purposes of reference, all Proclamations, Government Notices, General Notices and Board Notices published are included in the following table of contents which thus forms a weekly index. Let yourself be guided by the Gazette numbers in the righthand column:

**SOUTH AFRICAN RESERVE BANK
SUID-AFRIKAANSE RESERWEBANK****No. 538****26 June 2015**

South African Reserve Bank

**DIRECTIVE FOR CONDUCT WITHIN THE NATIONAL PAYMENT
SYSTEM IN RESPECT OF THE FINANCIAL ACTION TASK FORCE
RECOMMENDATIONS FOR ELECTRONIC FUNDS TRANSFERS****DIRECTIVE No. 1 OF 2015**

1. Background, purpose and position of the South African Reserve Bank
2. Definitions
3. Directive
4. Conclusion

1. Background, purpose and position of the South African Reserve Bank**1.1. Background**

- 1.1.1. In terms of section 10(1)(c) of the South African Reserve Bank Act, 1989 (Act No. 90 of 1989 - the SARB Act), the South African Reserve Bank (the Bank) is required to perform such functions, implement such rules and procedures and, in general, take such steps as may be necessary to establish, conduct, monitor, regulate and supervise payment, clearing or settlement systems. Furthermore, the National Payment System Act, 1998 (Act No. 78 of 1998 - the NPS Act) provides for the management, administration, operation, regulation and supervision of payment, clearing and settlement systems in the Republic of South Africa, and to provide for connected matters.

- 1.1.2. The National Payment System (NPS) encompasses the entire payment process from payer to beneficiary and includes settlement between banks and on behalf of clearing system participants. The process includes all the tools, systems, mechanisms, institutions, agreements, procedures, rules or laws applied or utilised to effect payment. The NPS enables the circulation of money, that is, it enables transacting parties to exchange value.
- 1.1.3. The NPS Act, in section (3), provides that the Bank may recognise a payment system management body established with the object of organising, managing and regulating the participation of its members in the payment system. It is within the scope of the payment system management body to ensure that each payment stream has the required legal agreements in place, referred to as Payment Clearing House (PCH) agreements, signed by the participants, wherein they undertake to adhere to the conditions of the agreement, the rules and the standards of the payment stream.
- 1.1.4 In terms of section 12 of the NPS Act, the Bank may from time to time, after consultation with a relevant payment system management body, issue directives to any person regarding a payment system or the application of the provisions of the NPS Act.

1.2. Purpose

- 1.2.1. The Bank is issuing this directive to provide for the conduct of banks and clearing system participants relating to electronic funds transfers as required by the Financial Action Task Force (FATF).
- 1.2.2. On 15 February 2012 the FATF released the revised International Standards on Combating Money Laundering and Financing of Terrorism and Proliferation, also known as the FATF Recommendations (Recommendations). These Recommendations impact the payment system, the participants, and the content of “wire transfers” (known in South Africa as electronic payments or electronic funds transfers). It is within this area that

the Bank is collaborating with the Financial Intelligence Centre and their mandate in terms of the Financial Intelligence Centre Act, 2001 (Act No. 38 of 2001 – the FIC Act) to ensure South Africa's compliance with the applicable Recommendations and any supporting guidelines.

1.3. Position of the Bank

- 1.3.1. The Bank supports the initiatives and Recommendations of the FATF and requires of all banks and clearing system participants to ensure that any electronic funds transfer, as described below, meet the requirements of Recommendation 16, attached as Annexure A.
- 1.3.2. Electronic funds transfers comprise of, among other, information relating to the originator, the beneficiary, and the value of a payment transaction.
- 1.3.3. Electronic funds transfers are originated by banks and clearing system participants or customers of the banks and clearing system participants. Electronic funds transfers are processed and forwarded, at times through an intermediary bank or clearing system participant, to the beneficiary bank or clearing system participant, for credit to the beneficiary account, utilising the payment system infrastructure and computerised systems. These transactions encompass both domestic and cross-border payments.
- 1.3.4. Any bank or clearing system participant that facilitates or originates electronic funds transfers that result in funds flowing from one person or institution to another must ensure that the requirements as described in the Recommendations, the FIC Act, and the rules and standards required of signatories to the relevant PCH agreements, managed by the recognised payment system management body, are implemented and maintained.
- 1.3.5. The implementation of and compliance with the Recommendations are to prevent the use of the payment system to facilitate money laundering or the movement of terrorist funds.

1.3.6. With the exception of manually generated Society of Worldwide Interbank Financial Telecommunications (SWIFT) messages, the content of the electronic funds transfer messages are populated utilising sophisticated computer software that ensures correct information is uploaded to the message.

1.3.7. This directive governs electronic funds transfers originated utilising the:

1.3.7.1. SWIFT network;

1.3.7.2. Immediate Settlement Payment Clearing House (PCH);

1.3.7.3. Electronic Funds Transfer Debit PCH;

1.3.7.4. Electronic Funds Transfer Credit PCH;

1.3.7.5. Real-Time Clearing PCH;

1.3.7.6. Any other system that is able to initiate or process an electronic funds transfer.

2. Definitions

2.1. In this directive, unless the context indicates otherwise, the words and expressions used herein shall have the same meaning assigned to them in the NPS Act, the Recommendations, and cognate expressions shall have corresponding meanings.

3. Directive

3.1 For all electronic funds transfers, any bank or clearing system participant that originates, facilitates or enables the origination, performs the role of intermediary, or is the beneficiary of any electronic funds transfer shall:

3.1.1 Implement such measures and processes to ensure that the requirements as contemplated within the Recommendations are strictly adhered to;

3.1.2 Implement the message requirements as stipulated within the PCH agreements, rules and standards;

3.1.3 Ensure that the requirements for customer and originator identification as set out in the FIC Act are implemented.

- 3.2 Following proper governance, the Chief Executive Officer, together with Anti-Money Laundering (AML) Compliance Officer, with the assistance of the internal audit function, must, on an annual basis, submit to the National Payment System Department of the South African Reserve Bank, a declaration confirming that the systems and processes employed by the bank or clearing system participant to originate and transmit, intermediate or receive electronic funds transfers, are compliant with the requirements of FATF Recommendation 16 and any supporting guidelines.
- 3.3 The declarations must be sent to the address below, and reach the Bank by no later than 31 March each year.
- 3.4 Further, each bank or clearing system participant must permit and assist any persons identified by the Bank to inspect the transactions and the systems employed to populate the abovementioned electronic funds transfers.

4. Conclusion

- 4.1 This directive is not exhaustive and may be supplemented or amended from time to time.
- 4.2 Banks and clearing system participants who undertake the business of electronic funds transfers are obliged to act in accordance with the NPS Act and this directive. Contravention of this directive is an offence in terms of section 12 of the NPS Act.
- 4.3 This directive becomes effective on the date of publication hereof.
- 4.4 Banks and clearing system participants who are uncertain as to whether their current or future business practices are aligned with this directive should initiate discussions with the National Payment System Department of the Bank to clarify the matter.

Compliance declarations as well as any enquiry or clarification concerning this directive may be addressed to:

The Head: National Payment System Department
South African Reserve Bank
PO Box 427
Pretoria
0001

The declaration may also be sent to the following e-mail address:
npsdirectives@resbank.co.za

ANNEXURE: A**FATF Recommendation 16 - Wire Transfers¹**

Countries should ensure that financial institutions include required and accurate originator information, and required beneficiary information, on wire transfers and related messages, and that the information remains with the wire transfer or related message throughout the payment chain.

Countries should ensure that financial institutions monitor wire transfers for the purpose of detecting those which lack required originator and, or, beneficiary information, and take appropriate measures.

Countries should ensure that, in the context of processing wire transfers, financial institutions take freezing action and should prohibit conducting transactions with designated persons and entities, as per the obligations set out in the relevant United Nations Security Council resolutions, such as resolution 1267 (1999) and its successor resolutions, and resolution 1373(2001), relating to the prevention and suppression of terrorism and terrorist financing.

Interpretive Note to FATF Recommendation 16 (Wire Transfers)**A. Objective**

1. Recommendation 16 was developed with the objective of preventing terrorists and other criminals from having unfettered access to wire transfers for moving their funds, and for detecting such misuse when it occurs. Specifically, it aims to ensure that basic information on the originator and beneficiary of wire transfers is immediately available:

(a) to appropriate law enforcement or prosecutorial authorities to assist them in detecting, investigating, and prosecuting terrorists or other criminals, and tracing their assets;

¹ International Standards On Combating Money Laundering And The Financing Of Terrorism & Proliferation - The FATF Recommendations - February 2012.

(b) to financial intelligence units for analysing suspicious or unusual activity, and disseminating it as necessary; and

(c) to ordering, intermediary and beneficiary financial institutions to facilitate the identification and reporting of suspicious transactions, and to implement the requirements to take freezing action and comply with prohibitions from conducting transactions with designated persons and entities, as per the obligations set out in the relevant United Nations Security Council resolutions, such as resolution 1267 (1999) and its successor resolutions, and resolution 1373 (2001) relating to the prevention and suppression of terrorism and terrorist financing.

2. To accomplish these objectives, countries should have the ability to trace all wire transfers. Due to the potential terrorist financing threat posed by small wire transfers, countries should minimise thresholds taking into account the risk of driving transactions underground and the importance of financial inclusion. It is not the intention of the FATF to impose rigid standards or to mandate a single operating process that would negatively affect the payment system.

B. Scope

3. Recommendation 16 applies to cross-border wire transfers and domestic wire transfers, including serial payments, and cover payments.

4. Recommendation 16 is not intended to cover the following types of payments:

(a) Any transfer that flows from a transaction carried out using a credit or debit or prepaid card for the purchase of goods or services, so long as the credit or debit or prepaid card number accompanies all transfers flowing from the transaction. However, when a credit or debit or prepaid card is used as a payment system to effect a person-to-person wire transfer, the transaction is covered by Recommendation 16, and the necessary information should be included in the message.

(b) Financial institution-to-financial institution transfers and settlements, where both the originator person and the beneficiary person are financial institutions acting on their own behalf.

5. Countries may adopt a de minimis threshold for cross-border wire transfers (no higher than USD 1,000 or EUR 1,000), below which the following requirements should apply:

(a) Countries should ensure that financial institutions include with such transfers: (i) the name of the originator; (ii) the name of the beneficiary; and (iii) an account number for each, or a unique transaction reference number. Such information need not be verified for accuracy, unless there is a suspicion of money laundering or terrorist financing, in which case, the financial institution should verify the information pertaining to its customer.

(b) Countries may, nevertheless, require that incoming cross-border wire transfers below the threshold contain required and accurate originator information.

C. Cross-Border Qualifying Wire Transfers

6. Information accompanying all qualifying wire transfers should always contain:

- (a) The name of the originator;
- (b) The originator account number where such an account is used to process the transaction;
- (c) The originator's address, or national identity number, or customer identification number, or date and place of birth;
- (d) The name of the beneficiary; and
- (e) The beneficiary account number where such an account is used to process the transaction.

7. In the absence of an account, a unique transaction reference number should be included which permits traceability of the transaction.

8. Where several individual cross-border wire transfers from a single originator are bundled in a batch file for transmission to beneficiaries, they may be exempted from the requirements of paragraph 6 in respect of originator information, provided that they include the originator's account number or unique transaction reference number (as described in paragraph 7 above), and the batch file contains required and accurate originator information, and full beneficiary information, that is fully traceable within the beneficiary country.

D. Domestic Wire Transfers

9. Information accompanying domestic wire transfers should also include originator information as indicated for cross-border wire transfers, unless this information can be made available to the beneficiary financial institution and appropriate authorities by other means. In this latter case, the ordering financial institution need only include

the account number or a unique transaction reference number, provided that this number or identifier will permit the transaction to be traced back to the originator or the beneficiary.

10. The information should be made available by the ordering financial institution within three business days of receiving the request either from the beneficiary financial institution or from appropriate competent authorities. Law enforcement authorities should be able to compel immediate production of such information.

E. Responsibilities of Ordering, Intermediary and Beneficiary Financial Institutions

Ordering financial institution

11. The ordering financial institution should ensure that qualifying wire transfers contain required and accurate originator information, and required beneficiary information.

12. The ordering financial institution should ensure that cross-border wire transfers below any applicable threshold contain the name of the originator and the name of the beneficiary and an account number for each, or a unique transaction reference number.

13. The ordering financial institution should maintain all originator and beneficiary information collected, in accordance with Recommendation 11.

14. The ordering financial institution should not be allowed to execute the wire transfer if it does not comply with the requirements specified above.

Intermediary financial institution

15. For cross-border wire transfers, financial institutions processing an intermediary element of such chains of wire transfers should ensure that all originator and beneficiary information that accompanies a wire transfer is retained with it.

16. Where technical limitations prevent the required originator or beneficiary information accompanying a cross-border wire transfer from remaining with a related domestic wire transfer, a record should be kept, for at least five years, by the receiving intermediary financial institution of all the information received from the ordering financial institution or another intermediary financial institution.

17. An intermediary financial institution should take reasonable measures to identify cross-border wire transfers that lack required originator information or required beneficiary information. Such measures should be consistent with straight-through processing.

18. An intermediary financial institution should have effective risk-based policies and procedures for determining: (i) when to execute, reject, or suspend a wire transfer lacking required originator or required beneficiary information; and (ii) the appropriate follow-up action.

Beneficiary financial institution

19. A beneficiary financial institution should take reasonable measures to identify cross-border wire transfers that lack required originator or required beneficiary information. Such measures may include post-event monitoring or real-time monitoring where feasible.

20. For qualifying wire transfers, a beneficiary financial institution should verify the identity of the beneficiary, if the identity has not been previously verified, and maintain this information in accordance with Recommendation 11.

21. A beneficiary financial institution should have effective risk-based policies and procedures for determining: (i) when to execute, reject, or suspend a wire transfer lacking required originator or required beneficiary information; and (ii) the appropriate follow-up action.

F. Money or Value Transfer Service Operators

22. Money or value transfer service (MVTs) providers should be required to comply with all of the relevant requirements of Recommendation 16 in the countries in which they operate, directly or through their agents. In the case of a MVTs provider that controls both the ordering and the beneficiary side of a wire transfer, the MVTs provider:

- (a) Should take into account all the information from both the ordering and beneficiary sides in order to determine whether an STR has to be filed; and
- (b) Should file an STR in any country affected by the suspicious wire transfer, and make relevant transaction information available to the Financial Intelligence Unit.

GENERAL NOTICE ALGEMENE KENNISGEWING

NOTICE 596 OF 2015

NATIONAL AGRICULTURAL MARKETING COUNCIL (NAMC)

MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996, AS AMENDED (ACT No. 47 OF 1996)

REQUEST FOR THE CONTINUATION AND AMENDMENT OF STATUTORY MEASURES IN THE SOUTH AFRICAN PECAN NUT INDUSTRY:

INVITATION TO DIRECTLY AFFECTED GROUPS IN THE PECAN NUT INDUSTRY TO FORWARD COMMENTS TO THE NAMC

On 5 June 2014, the South African Pecan Nut Producers' Association (SAPPA), on behalf of the directly affected groups in the pecan nut industry, applied to the Minister of Agriculture, Forestry and Fisheries, for the approval of the proposed continuation and amendment of the following statutory measures for a four year period:

- The registration of all producers, growers, processors, packers, importers and exporters of pecan nuts and/or pecan nut products.
- The keeping of records and submission of returns by all producers, processors, importers and exporters of pecan nuts and/or pecan nut products, as may be required by SAPPA, relating to:
 - Pecan nut trees;
 - Volumes of pecan nuts and/or pecan nut products produced; and
 - Volumes of pecan nuts and/or pecan nut products imported and/or exported.
- Furthermore, that the levy of R0.15 per kilogram (excluding VAT), that will lapse on 9 March 2016, be continued and amended to the following levy rates per kg of pecan nuts for the next four year period:

	2016/17	2017/18	2018/19	2019/20
In shell pecan nuts	25 c/Kg	25 c/Kg	30 c/Kg	30 c/Kg
Pecan nut kernels	50 c/Kg	50 c/Kg	60 c/Kg	60 c/Kg

These proposed levies will be payable by producers, processors, packers, importers or exporters on all pecan nuts (that include in shell pecan nuts and pecan nut kernels).

The proposed levies could create an income of between R3.2 million and R5.1 million per year over the next four years based on a pecan nut production estimate of between 13 000 tons and 17 000 tons per year. SAPPA proposed that approximately 31% of levy funds will be used to fund research projects, 24% on market information and statistics; at least 20% on transformation and training; and the rest on plant improvement functions and certification, communication, and trade and market access, on behalf of the pecan industry. The proposed levies would represent approximately 0.5% of the domestic producers' selling price (first point of sale) of pecan nuts.

Registration, records and returns are necessary to:

- Ensure the availability and provision of continuous, timeous and accurate information relating to pecan nuts and pecan nut products to all stakeholders in the industry, which is essential in ensuring informed decision making and a stable and profitable industry;
- Ensure adherence to sound product handling, quality control systems and ethical trading; as well as transformation of the industry, and
- Administer the proposed levy.

No records or returns shall be required in terms of this measure which discloses confidential information of a marketing nature, and in particular, no returns disclosing, *inter alia*, contracting parties; purchasers of pecan nut products; prices of services or the prices obtained for products, or any similar information.

The establishment of these measures will assist in promoting the efficiency of the marketing of pecan nuts and pecan nut products. The viability of the pecan nuts industry would thus be enhanced. The measures will not be detrimental to the number of employment opportunities or fair labour practice.

Directly affected groups in the pecan nut industry are kindly requested to submit any comments regarding support or objections relating to the proposed continuation and amendment of statutory measures to the NAMC in writing (fax 012 341 1911 or e-mail to lizettem@namc.co.za) before or on 10 July 2015, to enable the Council to finalise its recommendation to the Minister in this regard.

ENQUIRIES: Ms Lizette Mellet
National Agricultural Marketing Council

NOTICE 597 OF 2015**DEPARTMENT OF ENVIRONMENTAL AFFAIRS****NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998
(ACT NO. 107 OF 1998)****DRAFT AIR QUALITY OFFSETS GUIDELINE**

I, Bomo Edith Edna Molewa, Minister of Environmental Affairs, hereby give notice of my intention to make air quality offsets guideline under section 24J (a) of the National Environmental Management Act, 1998 (Act No. 107 of 1998), set out in the Schedule hereto.

Members of the public are invited to submit to the Minister, within 30 (thirty) days after the publication of the notice in the *Gazette*, written representations or objections on the draft air quality offsets guideline to the following addresses:

By post to: The Director-General
 Department of Environmental Affairs
 Attention: Adv Avhantodi Munyai
 Private Bag X447
 PRETORIA
 0001

By hand at: 473 Steve Biko Street, Environment House, Arcadia, Pretoria

By e-mail: amunyai@environment.gov.za.

Any inquiries in connection with the notice can be directed to Ms Elizabeth Masekoameng at 012 399 9202 or Adv Avhantodi Munyai at 012 399 9211.

Comments received after the closing date may not be considered.

BOMO EDITH EDNA MOLEWA
MINISTER OF ENVIRONMENTAL AFFAIRS

1. INTRODUCTION

Enshrined in the Constitution of South Africa is the right to an environment that is not harmful to health and well-being of the people and that Government should ensure that the environment is protected through legislative and other measures. This milestone is fundamental, yet challenging given the fact that South Africa is a developing country and therefore the drive towards sustained economic growth often supersede the protection of South Africans from environmental harm in some cases. With this challenge in mind, it is envisaged that air quality offsets, if implemented appropriately, could provide an opportunity for addressing some of the current air quality management challenges within the country's present economic ambitions.

The Constitution of the Republic of South Africa, 1996 (the constitution); the National Environmental Management Act No. 107 of 1998 (NEMA) and the National Environment Management: Air Quality Act No. 39 of 2004 (AQA) have provisions for protection of human health from environmental harm and provisions for best practicable environmental to be considered in environmental decision making (see section 2 of this document). Although offsets are not specifically highlighted as an option, there is evidence elsewhere that offsets can provide an option for achieving improvements in ambient air quality, thereby improving human health while promoting justifiable economic development. The promotion of social and economic development is also emphasised in the AQA (in particular section 2 (a) (iii) - the object of the Act) over and above the promotion of clean and healthy air.

The purpose of this document therefore, is to provide guidance on situations under which offsets can be applied during the implementation of the atmospheric emission licensing system stipulated in Chapter 5 of AQA. The document also provides guidance in terms of principles that should be adhered to in recommending and implementing offsets as well as the responsibilities of the different role players.

1.2. Definition of Offsets

Environmental offsets are generally defined as measures that counterbalance, counteract, or compensate for the adverse impacts of an activity on the environment. They are generally "balancing activities" carried out to counterbalance the adverse environmental impacts to achieve a "no net environmental loss" or a "net environmental benefit" outcome (Suvantola et al, 2005). All adequate offsets have common characteristics of having a clear objective.

In the air quality context, an offset is an intervention, or interventions, specifically implemented to counterbalance the adverse environmental impact of atmospheric emissions in order to deliver a net ambient air quality benefit within the affected airshed/s. Wherein "affected airshed" means the closest area to the facility in question, wherein ambient air quality standards are being or have the potential to be exceeded and opportunities for offsetting exist.

Offsets are not intended to replace regulatory and enforcement tools but are an additional tool that can be used to achieve long-term environmental protection. If implemented appropriately, air quality offsets should be capable of demonstrating air quality improvements that are real, quantifiable and verifiable (Government of Alberta, 2013).

1.3. Opportunities for the Atmospheric Emissions Offset Tool

South Africa is experiencing major social and economic changes, and at the same time facing developed and developing world challenges as a result of the impact caused by among other factors, population growth, migration and industrial development (WMO, 2012). Industrial production and product consumption demand larger inputs of energy and material, and therefore result in the generation of large amounts of waste by-products and atmospheric emissions.

The National Development Plan (NDP) 2030, which sets forth the vision for the country, prioritises economic growth as means to eliminate poverty and reduce inequality. To meet these objectives, the DNP has made the provision of sufficient energy to support industry as one of its enabling milestones. In addition, the plan has a goal of ensuring domestic security of coal supply for existing power stations through industry compact, more comprehensive coal field planning and opening up the Waterberg for coal mining. As a result of these pressing economic growth objectives, South Africa, like other developing countries, is facing a challenge of meeting these economic demands while ensuring that the environment is not compromised.

Meanwhile, some of South Africa's economic/industrial hubs, with elevated air pollution levels were declared Priority Areas (in terms of Section 18 of the Air Quality Act) due to high concentrations of air pollutants, which have a potential of impacting negatively on the health of the population. The three Priority Areas (PAs) declared to date are the Vaal Triangle Airshed Priority Area (VTAPA), the Highveld Priority Area (HPA) and the Waterberg-Bojanala Priority Area (WBPA). These areas (particularly the VTAPA and HPA) are characterised by industries such as coal-fired power generation, petrochemical, metallurgical, clay brick manufacturing and mining. The WBPA was declared due to the envisaged

industrial development that threatens air quality. The control of air pollution in these areas is very challenging especially due to industrial development pressure exerted by the country's economic and social (such as unemployment) challenges. It is for this reason that tools such as offsets are required to achieve sustainable rates of economic growth and at the same time, attaining required standards of environmental quality. The establishment of major industries should ideally not be allowed in the Priority Areas unless additional emissions from new plants are offset. Using the existing regulatory tools alone to attain the national ambient air quality standards cannot be effective in these areas.

Amid these economic conditions, South Africa is also characterised by dense low-income communities that rely mainly on coal and other dirty fuels for domestic cooking and heating. Consequently, findings from most of the Priority Areas Air Quality Assessments has indicated that in addition to the industrial emissions explained above, domestic fuel burning, veld fires, vehicle emissions from exhausts and unpaved roads, and mine dumps are some of the major contributors to poor ambient air quality in these problem areas. These non-industrial emission sources are generally complex to address as the mandate to address these lie across the various departments. In this regard offset programmes may provide the opportunity to address these complex pollution sources by allowing concerted efforts by both government and polluting industries to clean up the air.

1.4. Aims and Objectives

The Air Quality Management Offset Guideline is aimed at providing a framework to the industry or proponents, government entities, consultants, the general public and other key stakeholders regarding appropriate principles to be adhered to in designing, implementing, monitoring and evaluation of air quality offsets. The guideline provide guidance on situations under which offsets can be applied during the implementation of the atmospheric emission licensing system stipulated in Chapter 5 of AQA. Effective implementation of offsets will ensure that:

- economic development in the country does not deprive the South African population of their right to an environment that is not harmful to their health and well-being as required by Section 24 of the Constitution of the Republic of South Africa, 1996; and
- the provisions of section 2(a) (iii) of AQA are fulfilled that is, securing ecologically sustainable development while promoting justifiable economic and social development

2. LEGISLATIVE CONTEXT

2.1. The Constitution

Chapter 2 of the Constitution states among other things, that everyone has the right:

- a. *To an environment that is not harmful to their health or well-being; and*
- b. *To have the environment protected, for the benefit of present and future generations, through reasonable legislative and other measures that:*
 - i. *prevent pollution and ecological degradation;*
 - ii. *promote conservation; and*
 - iii. *secure ecologically sustainable development and the use of natural resources while promoting justifiable economic and social development*

Offsets provide one of the measures to counterbalance the negative environmental impacts, thereby promoting the necessary improvements towards an environment that is not harmful and justifiable economic and social development.

2.2. National Environmental Management Act No. 107 of 1998 (NEMA)

The NEMA creates the legal framework that gives effect to the environmental rights stipulated in Section 24 of the Constitution. It sets out the fundamental principles that apply to environmental decision making. One of the environmental principles is that, sustainable development requires the consideration of all relevant factors including that pollution and degradation of the environment are avoided, or, where they cannot be altogether avoided, are minimised and remedied. It is envisaged that offsets will provide the opportunity to remedy the impacts of pollution where it cannot be completely avoided or minimised further.

Another principle of NEMA is that the cost of remedying pollution, environmental degradation and the consequent adverse health effects and of preventing, controlling or minimising further pollution, environmental damage or adverse health effect must be paid for by those responsible for harming the environment. In this case, the proponents of offsets, mainly polluting industries, will be liable for the cost of reducing pollution in their airshed with the ultimate goal of improving the state of air.

2.3. National Environmental Management: Air Quality Act No. 39 of 2004 (AQA)

The object of the AQA is to protect the environment by providing reasonable measures for the protection and enhancement of the quality of air in the Republic and generally to give effect to Section 24 of the Constitution in order to enhance the quality of ambient air for the sake of securing an environment that is not harmful to the health and well-being of people.

The AQA provides for consideration of best practicable environmental options and other matters that the licensing authorities must take into account when considering an application for an atmospheric emission license. In this regard section 39(c) of the AQA stipulates that the licensing authority must take into account best practicable environmental option;

- To prevent, control abate or mitigate that pollution and
- To protect the environment, including health, social conditions, economic conditions, cultural heritage and ambient air quality.

Section 43 (m) of the Air Quality Act stipulates that "An atmospheric emission license must specify, among other things, any other matters which are necessary for the protection or enforcement of air quality. This provision allows for the integration of offsets, as an air quality protection/improvement tool, within the licensing process.

The empowering provisions for producing guidelines for offsetting as an implementation tool to be used in the licensing process are stipulated in section 39(i) of the AQA: "When considering an application for an atmospheric emission license, the licensing authority must take into account all relevant matters including any other guideline issued by the minister or MEC relating to the performance by licensing authorities of their functions"

3. AIR QUALITY OFFSETTING PRINCIPLES

The air quality offsets must be developed and implemented in line with the Constitution, the principles of NEMA, the objectives of the AQA and the aspirations of the National Development Plan. Any authorisation in terms of AQA which set offsets as a condition should take into account not only the impacts of offsetting, but also all other measures to reduce emissions within the facility itself. This means that the offset should not be seen as a substitute for efforts that can be made to reduce emissions from a facility.

a) Outcome Based

The implementation, monitoring and evaluation of the air quality offset should be based on the outcome i.e. overall improvements in ambient air quality within the airshed. Other positive outcomes and outputs of offsets (beyond air quality improvements) must be of secondary consideration. The proponent must be able to demonstrate the ability of the proposed offsets to improve air quality and should demonstrate ambient air quality improvements as a result of implementation of the offsets.

b) No “like for like”

The proposed offset project(s) should address pollutant(s) whose ambient concentration is/are of concern in a particular area, and not necessarily the pollutant(s) whose emission from a specific facility is/are of concern. Where applicable, offsets must seek to address air pollutants whose ambient air quality standards are being exceeded in the airshed.

c) Transparency and Acceptability

Air Quality offsets should be based on open, fair and accountable administrations by both the applicants and the authorities. A public consultation process should be undertaken to ensure public buy-in of offset projects. Proponents of offsets must provide members of the public with any information related to the implementation of an offsets programme. They must also provide all the necessary documents that may be required by air quality officials for the approval, monitoring and evaluation of the project. On the other hand, authorities must maintain a consistent and transparent process in assessing applications that requires implementation of offsets.

In cases where the offset depends upon another party or parties (other than the proponent) for implementation, an agreement (in form of any signed documentation or contract) should be reached before the offset project can be considered acceptable.

d) Additionality

In administering offsets, authorities should take into account not only the impacts of offsetting, but also all other measures taken and/or to be taken by the proponent to reduce emissions within the facility itself. This means that the offset should not be seen as a substitute for efforts that can be made to reduce emissions from a facility. The facility must make all the necessary efforts to reduce emissions, such that the offset programme becomes a complementary measure.

e) Sustainability

The offset projects should be based on long-term air quality improvement without impeding on other socio-economic and environmental objectives. Offsets that provides for short-term solutions should not be considered e.g. where industrial emissions are offset by reducing domestic fuel burning through the provision of alternative fuel sources, the proponent should make all efforts to ensure that communities continue to use such resources e.g. by providing them with sufficient subsidies.

f) Measurable and Scientifically Robust

Any approved offset must have measurable air quality outcomes. No “green washing” type projects should be considered as part of an air quality offsetting programme. Offsets should represent the actual reduction of atmospheric emissions from various sources and not incomplete or inaccurate accounting of emissions. It is therefore very significant that emission sources are well understood. In order to quantify emission reduction of an offset, realistic baseline representing forecasted emission levels in the absence and in the presence of the offset project should be established. The measure of impacts on air quality, as well as the design and implementation of air quality offsets, should be based on relevant and sound science.

4. APPLICATIONS

Air quality offsets are recommended for the following authorisation circumstances:

a) An application for postponement of compliance timeframes (Section 21) is positively considered (in part or in full)

The National Framework for Air Quality Management in South Africa suggests that given the potential economic implications of emission standards, provisions will be made for specific industries to apply for possible extensions or postponements of compliance time frames set out in the Section 21 Notice (Listed Activities and Minimum Emissions Standards).

The proponent of a listed activity in accordance with Section 21 of AQA may apply for a postponement of the compliance date and such an application will be considered subject to a complete impact assessment with an atmospheric impact report submitted to the NAQO at least 1 year before the compliance date. Examples of conditions that may lead to an application of a postponement of S21 compliance timeframes include where:

- a) There is substantial evidence suggesting that there is no available technology globally to reduce air emissions from the listed activity;
- b) Confirmation provided that the plant will be decommissioned within the next 10 years; and
- c) If investment in abatement technology/techniques cannot be made due to restrictions by other national strategic and legislative requirements.

In this particular case, the offset programme shall be included as a condition for positively considered postponement applications and will therefore be a condition of a license that is issued after the postponement is granted.

b) During an application for a variation of a license

According to Section 46(1)(d) of AQA, the licensing authority may vary a license or a provisional license upon request by the license holder. If the said request will result in an increase in atmospheric emissions, Section 46(3) requires that the license holder should bring the application to the attention of the interested persons and the public. In this instance, the possible offset and their potential impacts could be considered to counter the impacts of increased emissions referred to in Section 46(3)(b).

c) During an application of an atmospheric emissions license in areas where National Ambient Air Quality Standards are being or likely to be exceeded

The Case of Priority Areas: Priority areas are areas where ambient air quality standards are exceeded or have the potential to be exceeded and the Minister or MEC has declared them priority in terms of Section 18 of the AQA. Ideally, no new polluting activities should be allowed in priority areas where exceedence of national ambient air quality standards is already a phenomenon. Where the priority area is declared on the basis of the potential for exceedences of standards, then stringent emissions standards can be applied in accordance with section 10 and 11 of AQA. However, given the economic ambitions of the country, the said stringent conditions may be difficult to implement for all projects. It is therefore recommended that where an activity (new facility) cannot be completely avoided in a priority area and stricter limits cannot be imposed, then there should be conditions for offsetting in the license, over and above the recommended emission limits. This approach follows the mitigation hierarchy in that, where a listed activity cannot be completely avoided, then stricter limits must be set, and if not, offsets must be considered.

The Case of Other non-compliant areas: The same principle used in application of offsets in priority areas may apply for areas that are in the alert/transitional compliant/non-compliant zones in terms of Figure 6 of the 2012 the National Framework for Air Quality Management in South Africa. Such areas

area also known as "poor" or "potentially poor" air quality areas in terms of Table 18 of the 2012 National Framework (and as amended).

In summary, the need for an air quality offset programme will be guided by the conditions depicted in the flow cart (Figure 1) below:

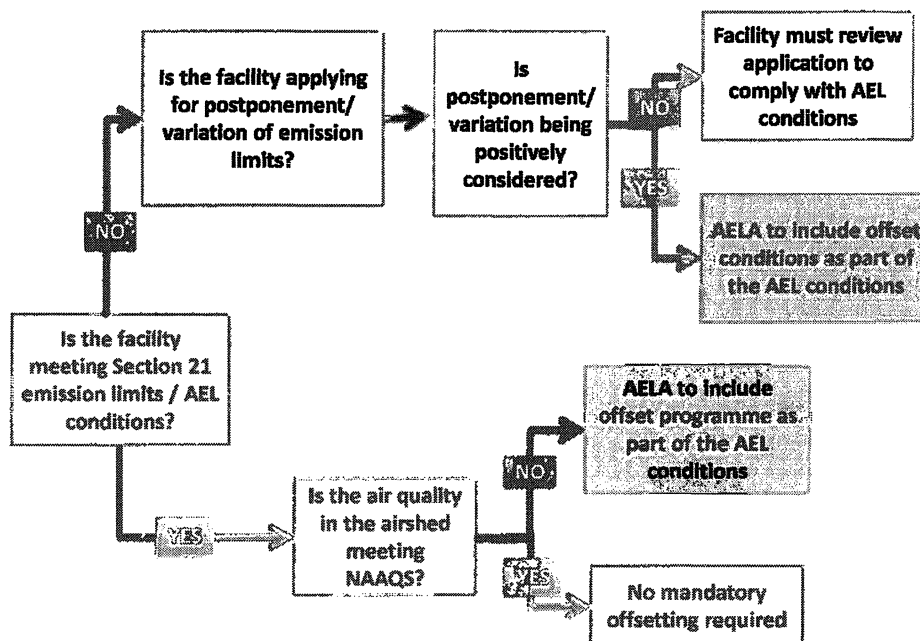

Figure 1: The conditions requiring the application of air quality offsets

In general, offsets shall be set as a condition for an AEL based on the applications described above. The inclusion of offsets during the licensing process is permitted in terms of Section 43 (m) of the Air Quality Act which stipulates that "An atmospheric emission license must specify any other matters which are necessary for the protection or enforcement of air quality."

Once the conditions are a requirement in the AEL, the operator of a listed activity must implement the agreed programmes within the timeframes agreed with the licensing authorities. Compliance and enforcement of offsets implementation should be integral to AEL compliance monitoring and enforcement.

5. OFFSETS DESIGN

The following considerations must be taken into account when designing an offset programme:

- Scope
- Public Participation
- Authority Approval
- Implementation
- Monitoring and evaluation

Please note that these considerations above are not exhaustive and where necessary additional detail and information should be provided by the licensing authority. When designing an offset programme the applicant must always apply SMART principles to any offset proposed:

S – Specific

M – Measurable

A – Attainable

R – Realistic

T – Timely

5.1. Scope

The first consideration when designing an offset programme is to clearly define the scope of your project. The applicant must clearly define the geographical area where the offset will take place. It is expected that the offset will take place in the specific air-shed impacted by the emissions of the facility, as first preference, then any other area closest to the facility. Where the emissions impact across municipal or provincial boundaries, the offset interventions can take place in any of these areas.

The applicant must clearly define the **time frames** associated with offset intervention(s) – Clear indications of both permanent and temporary interventions. The proponent must indicate when the offset intervention will commence and if introduced in a phased approach, a clear timeline for completion must be presented.

The pollutant or pollutants that will be addressed by the offset project must be elaborated when defining the scope of the offset project. This should be based on the baseline emissions of the pollutant and its ambient concentrations. The emission reduction potential of the offsets must be calculated.

5.2. Authority Approval

The decision on any proposed offset shall be made by the relevant authorities depending on the nature of the application:

- The National Air Quality Officer in concurrence with the Licensing Authority in the case of postponement related applications,
- The Licensing Authority defined in terms of section 36 of the AQA in case of any other application in section 4 above.

5.3. Implementation

The timeframes for implementation of any offset project will be agreed in writing with the relevant approval authority. Termination, amendment or suspension of any offset project may only occur with the written approval of the approval authority.

6. PUBLIC PARTICIPATION

The development of any offset programme will be subject to a detailed and transparent public participation programme. The applicant in conjunction with relevant authorities must invite all members of the public to public meeting (s) at a convenient location. As a minimum, the invitation should be placed at public places within the community. Consultation with communities can be done as part of public participation process undertaken in terms of the NEMA and and/or as a separate process.

7. ROLES AND RESPONSIBILITY

The following parties will be involved in the assessment, approval and implementation of offsets projects in terms of this guideline:

7.1. Applicant

The applicant is responsible for implementing emission reduction measures in accordance with the agreed air quality offsets including the identification, securing and managing such offsets programmes. The proponent must also demonstrate financial capability for implementing such project over a specified time. The applicant must provide progress reports on the implementation of the offset programmes over the agreed timeframes.

7.2. Licensing Authorities

The relevant licensing authorities will be responsible for assessing, evaluating, and reviewing the proposed offsets projects. Furthermore, the licensing authority(ies) will be responsible for monitoring and reviewing the implementation of the offsets within their jurisdictions. The licensing authority must draw up clear, measurable and enforceable conditions related to the offsets.

The NAQO in conjunction with the relevant licensing authorities will be responsible for assessing, evaluating, and reviewing offsets projects particularly in case of postponement applications.

7.3. Communities

Affected communities will be granted the opportunity to participate in the various platforms, comment and suggest on the appropriate offsets project options. In line with the principle of acceptability explained above, it is important that the affected communities are consulted (and where necessary, demonstrate support) in relation the proposed offsets prior to it being adopted.

Table 1 below summarises the parties responsible for various activities based on the type of application:

Table 1: Roles and responsibilities in relation to each type of application

Applicability	Relevant Authority	Activities	Responsibility	Indicator
AEL application where facility will meet S21 limits but is in an area where NAAQS are being exceeded	AELA	Identifying a suitable offset project	Applicant with authorities input	AEL with an offset condition
		Public awareness – getting community buy-in	Applicant, NGOs and CBOs,	Support of offset project
		Implementation of the Offset project	Applicant	Evidence of the offset project

Applicability	Relevant Authority	Activities	Responsibility	Indicator
		Monitoring and reporting	Applicant	Ambient air quality monitoring data Offsets implementation reports
		Reviewing the offset project's sustainability	AELA	Continued uptake of offset intervention Reduction of ambient pollution
Application for postponement to compliance timeframes of S21 Notice	NAQO in concurrence with AELA	Identifying a suitable offset project	Applicant in concurrence with the Authorities	Postponement granted with an offset project as a condition
		Public awareness – getting community buy-in	Applicant, NGOs and CBOs,	Acceptance of offset project
		Implementation of the Offset project	Applicant	Evidence of the offset project
		Monitoring and reporting	Applicant	Ambient air quality monitoring data Offsets implementation reports
		Reviewing the offset project's sustainability	NAQO and AELA	Continued uptake of offset intervention Reduction of ambient pollution
		Withdrawal of postponement	NAQO and AELA	No postponement and facility forced to comply with S21 limits

Applicability	Relevant Authority	Activities	Responsibility	Indicator
Application of a variation of an AEL	AELA	Identifying a suitable offset project	AELA in concurrence with the applicant	Variation granted with an offset project as a condition
		Public awareness – getting community buy-in	Applicant, NGOs and CBOs,	Acceptance of offset project
		Implementation of the Offset project	Applicant	Evidence of the offset project
		Monitoring and reporting	Applicant	Ambient air quality monitoring data
		Reviewing the offset project's sustainability	AELA	Continued uptake of offset intervention Reduction of ambient pollution

8. MONITORING, EVALUATION AND REPORTING

The applicant shall ensure that ambient air quality is monitored within the area where an offset will be implemented in order to ensure that principle (a) in section 3 of this document is adhered to. The adequacy of the location of monitoring points shall be agreed upon with the relevant authority and monitoring shall be done in line with the Norms and Standards for Air Quality Monitoring. A person implementing an offset project must report progress on the implementation of the offsets to the relevant authority.

9. WITHDRAWAL

Any authorisation granted with a condition for offsetting may be revised/withdrawn at any time by the relevant authority should proponent of the offset project fails to deliver on any of the agreed interventions.

Mr. L.H. Maphutha
Regional Land Claims Commissioner**

NOTICE 607 OF 2015**GENERAL NOTICE IN TERMS OF THE RESTITUTION OF LAND RIGHTS ACT, 1994 (ACT NO.22 OF 1994)**

WHEREAS The Fort Brown community lodged a claim which was published in terms of Section 11 (1) of the Restitution of Land Rights Act, No. 22 of 1994 ("the Act")
And

WHEREAS during the investigation of the land claims, the office of the Regional Land Claims Commissioner: Eastern Cape Province has reason to believe that, the claim was lodged before the cut-off date as per instant claim form.

NOTICE: is hereby given in terms of Section 11A (1) of the Act that at the expiry of 21 days the notice of claim previously published under section 11 (1) of the Act in Government Gazette Notices mentioned below will be withdrawn unless cause the contrary is shown to his satisfactory.

The details of the Government Gazette Notice No. 1891 of 2005 in the Government Gazette No. 28122 of 21 October 2005 relates to the following:

REFERENCE	: 6/2/2/D/88/0/0/26
CLAIMANT	: A.F.Wiggill c/o Bowes
PROPERTY	: Portion 2(A portion of Portion1) of the Farm Stratheric
DISTRICT	: Queenstown
MEASURING	: 3. 8831 hectares
DEEDS OF TRANSFER	: T1/1976
DATE SUBMITTED	: 07 September 1995
BONDHOLDER	:
CURRENT OWNER	: Provincial Land Reform Office, East London

The reason why the office of the office of the Regional Land Claims Commissioner believes that the notice must be withdrawn :

- a) When the claim was gazetted it transpired that there was a spelling error occurred when mentioning the farm and this was noticed by the attorneys of the claimants.

NOTICE is further given that at the expiry of the aforesaid 21 days period, the office of the Regional Land Claims Commissioner shall, unless cause to the contrary has been shown to his satisfaction, withdrawn the notice of claim in accordance with the provisions of the section 11 (3) of the Act.

The Regional Land Claims Commissioner
Department of Rural Development and Land Reform
Land Restitution Support Office: Eastern Cape
P.O. Box 1375
East London
5200

Mr L.H. Maphutha
Regional Land Commissioner

NOTICE 608 OF 2015**GENERAL NOTICE IN TERMS OF THE RESTITUTION OF LAND RIGHTS ACT, 1994 (ACT NO.22 OF 1994)**

WHEREAS The Fort Brown community a claim which was published in terms of Section 11 (1) of the Restitution of Land Rights Act, No. 22 of 1994 ("the Act")

And

WHEREAS during the investigation of the land claims, the office of the Regional Land Claims Commissioner: Eastern Cape Province has reason to believe that the claim was lodged before the cut-off date as per instant claim form.

NOTICE: is hereby given in terms of Section 11A (1) of the Act that at the expiry of 21 days the notice of claim previously published under section 11 (1) of the Act in Government Gazette Notices mentioned below will be withdrawn unless cause the contrary is shown to his satisfactory.

The details of the Government Gazette Notice No. 246 of 2006 in the Government Gazette No. 28519 of 24 February 2006 relates to the following:

REFERENCE	: 6/2/2/D/88/0/0/26
CLAIMANT	: AF Wiggill
PROPERTY	: Farm Darala No. 225 (Previously known as Hafton)
DISTRICT	: Queenstown
MEASURING	: 1080.8094 hectares
DEEDS OF TRANSFER	: T3321/2003
DATE SUBMITTED	: 07 September 1995
BONDHOLDER	:
CURRENT OWNER	: ECM Bodlani

The reason why the office of the office of the Regional Land Claims Commissioner believes that the notice must be withdrawn:

- a) When the claim was gazetted it transpired that the area district was incorrectly mentioned as Stomberg instead of Queenstown and this was noticed by attorneys of the claimants

NOTICE is further given that at the expiry of the aforesaid 21 days period, the office of the Regional Land Claims Commissioner shall, unless cause to the contrary has been shown to his satisfaction, withdrawn the notice of claim in accordance with the provisions of the section 11 (3) of the Act.

NOTICE 644 OF 2015**NOTICE IN TERMS OF SECTION 10(6) OF THE COMPETITION ACT NO. 89 OF 1998****(AS AMENDED)****COMPETITION COMMISSION****APPLICATION FOR AN EXEMPTION**

1. Notice is hereby given in terms of section 10(6)(a) of the Competition Act, No 89 of 1998, as amended ("the Act") that South African Airways SOC Ltd ("SAA") has applied to the Competition Commission ("the Commission"), in terms of section 10(1) of the Act, to be exempted from certain provisions of Chapter 2 of the Act. SAA is active in the business of providing passenger and cargo air transportation. SAA has previously been granted an exemption that expired in December 2010 and thereafter a further 5 year exemption expiring on 31 December 2015.
2. The subject matter of the application is with regard to SAA's participation in the Star Alliance global airline agreement and/ or arrangement, and its joint marketing of products offered by the alliance, specifically the Round-the-World-Fare; Regional Passes; Meetings Plus; Joint Convention and Joint Corporate Agreement products.
3. The Star Alliance is an alliance between a number of regional and international airlines, and is one of three major global airline alliances. As a member of the Star Alliance, SAA will be engaging in the following activities with other Star Alliance carriers:
 - 3.1. To coordinate routes and/or flying schedules. Airlines participating in offering a particular joint Star product will have to agree on the routes that each carrier will operate once the organiser of a meeting or conference consents to the Star joint proposal.
 - 3.2. To agree on fare conditions and/or a range of discounts which will be offered to passengers who purchase the above-mentioned products.
 - 3.3. To offer a joint product in instances where organisers of international events call for bids for an official airline to offer air transport services for a particular meeting. Participating airlines will therefore have to co-ordinate their responses to tender invitations.

4. Specifically SAA has requested from the Commission that they be exempt from the joint participation of the Star products.
5. Star Alliance members are competitors or potential competitors in the passenger airline market(s). Accordingly, the above conduct may constitute prohibited practices in contravention of section 4(1)(b)(i); 4(1)(b)(ii) and/ or 4(1)(b)(iii) of the Act.
6. SAA submits that their alliance is necessary and is required for:
 - 6.1. The maintenance or promotion of exports (section 10(3)(b)(i) of the Act);
and\ or
 - 6.2. A change in productive capacity necessary to stop decline in an industry (section 10(3)(b)(iii) of the Act).
7. SAA seeks the exemption for a minimum period of ten (10) years, starting from the date of the approval of the application by the Commission.
8. Notice is hereby given in terms of section 10(6)(b) of the Act to allow interested parties twenty (20) business days from the date of the publication of this notice to make written representations to the Commission as to why the exemption should be granted or not.

Such representations must be directed to either Mr Edward Chiweza or Mr Siphamandla Mkhwanazi on the following electronic addresses, EdwardC@compcom.co.za, SiphamandlaM@compcom.co.za respectively.

In correspondence kindly refer to the following Case No: **2015MAY0266**

BOARD NOTICES RAADSKENNISGEWINGS

BOARD NOTICE 127 OF 2015

NATIONAL HOME BUILDERS REGISTRATION COUNCIL ("NHBRC")

HOUSING CONSUMERS PROTECTION MEASURES ACT 95 OF 1998

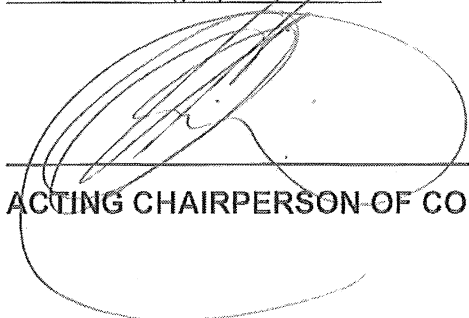

NOTICE TO REPEAL THE HOME BUILDING MANUAL PART 1, 2 AND 3 OF
FEBRUARY 1999 AND SUBSTITUTE IT WITH THE HOME BUILDING MANUAL 2015

The NHBRC hereby gives notice, in terms of section 12(1) and (3) of the Housing Consumers Protection Measures Act 95 of 1998 ("the Act"), to repeal the Home Building Manual Part 1, 2 and 3 published in February 1999 and substitute it with the Home Building Manual which contains the NHBRC Technical Requirements and Guidelines to comply with the said Technical Requirements ("the Home Building Manual 2015").

The decision herewith was informed by the need to ensure alignment of the Home Building Manual with other relevant legislative prescripts such as the National Building Regulations and Building Standards Act of 1977 (Act No.103 of 1977), the Occupational Health and Safety Act of 1993 (Act No. 85 of 1993) and the broader Sustainable Human Settlements developments.

The Home Building Manual 2015 will come into effect ninety (90) days after publication of this notice.

Any person may have access to the Home Building Manual 2015 at the offices of the NHBRC. The contact details for the NHBRC offices can be obtained at www.nhbrc.org.za/contact-us-2/

A large, stylized handwritten signature in black ink, written over a horizontal line.

IMPORTANT Information from Government Printing Works

Dear Valued Customers,

Government Printing Works has implemented rules for completing and submitting the electronic Adobe Forms when you, the customer, submits your notice request.

Please take note of these guidelines when completing your form.

GPW Business Rules

1. No hand written notices will be accepted for processing, this includes Adobe forms which have been completed by hand.
2. Notices can only be submitted in Adobe electronic form format to the email submission address submit.egazette@gpw.gov.za. This means that any notice submissions not on an Adobe electronic form that are submitted to this mailbox will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
3. Notices brought into GPW by "walk-in" customers on electronic media can only be submitted in Adobe electronic form format. This means that any notice submissions not on an Adobe electronic form that are submitted by the customer on electronic media will be **rejected**. National or Provincial gazette notices, where the Z95 or Z95Prov must be an Adobe form but the notice content (body) will be an attachment.
4. All customers who walk in to GPW that wish to submit a notice that is not on an electronic Adobe form will be routed to the Contact Centre where the customer will be taken through the completion of the form by a GPW representative. Where a customer walks into GPW with a stack of hard copy notices delivered by a messenger on behalf of a newspaper the messenger must be referred back to the sender as the submission does not adhere to the submission rules.
5. All notice submissions that do not comply with point 2 will be charged full price for the notice submission.
6. The current cut-off of all Gazette's remains unchanged for all channels. (Refer to the GPW website for submission deadlines – www.gpwonline.co.za)
7. Incorrectly completed forms and notices submitted in the wrong format will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za)
8. All re-submissions by customers will be subject to the above cut-off times.
9. All submissions and re-submissions that miss the cut-off will be rejected to the customer to be submitted with a new publication date.
10. Information on forms will be taken as the primary source of the notice to be published. Any instructions that are on the email body or covering letter that contradicts the notice form content will be ignored.

You are therefore advised that effective from **Monday, 18 May 2015** should you not comply with our new rules of engagement, all notice requests will be rejected by our new system.

Furthermore, the fax number **012- 748 6030** will also be **discontinued** from this date and customers will only be able to submit notice requests through the email address submit.egazette@gpw.gov.za.
