RECOMMENDATION BY THE DEFENCE FORCE SERVICE COMMISSION PAY AND SERVICE BENEFITS COMMITTEE (DFSC-PSBC) ON THE DELINKING SALARY FROM RANK

INTRODUCTION

1. The Defence Force Service Commission (DFSC) was established in terms of Section 62 of the Defence Amendment Act 22 of 2010. Section 62 (B) (1) (a) determines that the DFSC must, amongst other functions and on an annual basis, make recommendations to the Minister on improvements of salaries and service benefits of members. For purposes of making such recommendations, the DFSC should enquire into or conduct research on conditions of service, consult with various internal DOD primary stakeholders, consider representations made to the Commission, consult with National Treasury and consider, among others, the rank structure of the Defence Force, the affordability of different levels of remuneration, current principles and levels of remuneration in the Public Service and inflationary increases [Section 62 (B) (1) (d)]. The Minister of Defence and Military Veteran (MODMV), after receiving recommendations from the Commission in terms of Sec 62B(4) the MODMV, in consultation with the Minister of Finance, determines the conditions of service for members of the Defence Force.

2. In line with Section 62(B) (1) (a) of the Act the DFSC-PSBC is mandated by the DFSC to review pay and service benefits of the South African National Defence Force (SANDF) members and make recommendations to the DFSC Plenary based on research, consultations with internal DOD key stakeholders and external experts, other Government Departments as well as findings of the consultative visits to the SANDF Units/Bases in order to formalise a recommendation to the MODMV on Delinking Salary from Rank for members of the SANDF.

3. The importance of Delinking Salary from Rank in the SANDF was articulated by the former Minister of Defence and Military Veterans Lindiwe Sisulu on 17 May 2012 to the National Assembly during her budget vote when she said "Essentially we are de-linking salaries from rank. Because of the sheer size of the Defence Force a great number of our soldiers are trapped in particular ranks with no prospect of improvement of their salaries".

4. Subsequently, the Defence Force Service Commission was tasked to deal with the matter of Delinking Salary from Rank.

5. In the 2013/14 financial year, the DFSC developed a model for delinking salary from rank. The proposed model was based primarily on the United States of America Defence Forces' pay tables, which had pay grades for different ranks, recognising years of service with overlapping salary bands.

6. On 10 January 2013, the full cost of the model was estimated at Rbn1, 45 in addition to the HR budget. The model was deemed to be unaffordable for the SANDF and the DFSC was then tasked to explore alternative models or implementation strategies.

7. In February 2013, the Military Command Council approved the DOD HR Charter and the Defence Review 2014 was approved by Cabinet in March 2014.

8. Both these documents provide plans for the future SANDF and in particular the HR Charter, the human resource management aspect of the SANDF. It is because of this that the DFSC-PSBC is of the opinion that Delinking of Salary from Rank will provide an interim solution to stagnation while the Defence Review and the DOD HR Charter will provide a more permanent solution to challenges associated with salary stagnation.

9. With that being said, officials of the DFSC-PSBC participated in consultative visits to SANDF bases/units during the 2015/16 financial year. During these visits, members of the DFSC-PSBC noted remuneration concerns and challenges raised by SANDF members so as to inform the decision making processes of the committee when making recommendations to the DFSC Plenary Board.

10. Furthermore the DFSC-PSBC participated in benchmarking exercises to the Botswana Defence Forces (BDF), Tanzania People's Defence Forces (TPDF), Namibian Defence Forces (NDF), and Zimbabwe Defence Force (ZDF). During these benchmarking visits, the subject of Delinking Salary from Rank was one of the significant topics which were raised and discussed with the different Defence Forces.

AIM

11. The aim of this report is to present to the Defence Force Service Commission Plenary, a recommendation on Delinking Salary from Rank for members of the South African National Defence Force in order to address the predicament of soldiers that are trapped in particular ranks with no prospect of improvement of their salaries.

SCOPE

12. This report considers DFSC's previous recommendation on Delinking of Salary from Rank. The report concludes with the DFSC-PSBC findings and recommendations on the Delinking of Salary from Rank for the SANDF.

13. Recommendations contained in this report are for members who are employed in terms of the Defence Act, excluding members covered by OSDs.

FACTORS CONSIDERED FOR DELINKING SALARY FROM RANK

14. The DFSC-PSBC considered the Defence Review as approved by Cabinet, the DOD HR Charter as approved by the Military Command Council, presentations, comments, uniqueness of the SANDF and inputs made by stakeholders it interacted with internally and the external benchmarking exercises undertaken by both the Interim National Defence Force Service Commission and the Defence Force Service Commission. Furthermore the committee also considered factors which are stipulated in section 62B (viii) of the Defence Amendment Act. The factors that were considered are:

- a. The rank structure of the Defence Force;
- b. The affordability of different levels of remuneration of the Defence Force;
- c. Current principles and levels of remuneration in the public service generally; and
- d. Inflationary increases.

HR CHARTER AND THE DEFENCE REVIEW

15. Currently in the SANDF, the compulsory exit age is 60 years, which in our view compounds, amongst others, the challenges faced with promotion and salary stagnation.

16. Principles contained in the HR Charter which relate to the structure, remuneration and salary stagnation of members and how the HR Charter seeks to address such challenges are as follows:

- a. The Rank-Age policy is linked to Corps and mustering requirements that inform military personnel in respect of their individual career path and exit stages (members who have reached a career plateau).
- b. Exit stages and the progression or stagnation of members are supported by an attractive exit mechanism (including an appropriate benefit structure).
- c. A flexible remuneration system makes provision for broad-banding and limits rank inflation.
- d. Exit benefits (pension) make provision for compulsory preservation of pensions for those who exit the organisation before the retirement dates.
- e. A flexible remuneration system makes provision for broad-banding and limits rank inflation.

17. The objectives of the DOD HR Charter have been incorporated into the Defence Review 2014.

18. More importantly, the Defence Review envisages the desired personnel component of the SANDF to be the following:

- a. 90 000 Regular Force
- b. 82 000 Reserve Force
- c. 17 000 Defence Civilians (excludes civilians employed in the Defence Secretariat and Ministry of Defence)

19. In order to achieve sustainability, the Defence Review commands that the compensation for employees must not exceed 40%.

20. For 2015/16 financial year, the HR budget accounted for 55.6% (Rbn 24, 7) of the total defence budget (Rbn 44). This requires the DOD to decrease its HR budget by 15.6% in relation to its total defence budget over a specific period.

21. Notwithstanding the current and projected future of the South African economy, Public Service wage bill concerns, budget cuts and the effect they have on the DOD HR budget, members who are affected by salary stagnation cannot be expected to make unreasonable sacrifices which currently and will in the future affect their private lives.

22. It is important to also note that Reserve Force members are currently and will in future be part of the SANDF; therefore the DFSC-PSBC cannot neglect similar concerns which have been raised by both members and the Reserve Force Council relating to salary stagnation.

23. The DFSC-PSBC also took these factors into consideration when recommendations on Delinking Salary from Rank were made.

CURRENT REMUNERATION MODEL

PERMANENT FORCE

24. The SANDF's current model is similar to that of the Public Service with a few notable differences.

25. The SANDF's remuneration model consists of 5 dispensations which are:

- a. Senior Management Service (SMS – For Generals)
- b. Middle Management Service (MMS – For Colonels)
- c. Occupational Specific Dispensation (OSD)
- d. Grades A1-D1 (Private to Lieutenant Colonel)
- e. Personnel Management Code (PMC)

26. In the SANDF, a member may progress from the first notch of their respective rank through the pay progression system to the last notch of that salary scale/grade linked to the rank. When this occurs, one would stop progressing and become stagnated until they are promoted to the next rank, the processes would be repeated for the new rank after promotion.

27. The current structure, where salaries overlap, means that a member could reach the top notch of their respective rank in five years. An example of this can be seen in the illustration 1 below when a member who has been a Private for twelve years is promoted to the rank of Lance Corporal.

28. For a member to progress in their respective rank, that member's performance would have to be at least satisfactory and would have had to have spent a period of twelve months in that rank.

29. Some of the salary scales in the SANDF model overlap, unlike in the Public Service. Example of this overlap of salaries is demonstrated in the illustrations below:

RESERVE FORCE

30. The Reserve Force members on Grade B1-C7-2 do not have a way of progressing within their respective ranks as their salaries are calculated on a single fixed daily allowance per rank.

31. These daily allowances are adjusted annually with the Cost of Living Adjustment instruction.

32. Scales from the 2016/17 financial year for reserve force members on grades B1-C7-2 are presented as an example on table below.

TABLE 1: SCALES FOR RESERVE FORCE MEMBERS, FY 2016/17

SER NO	GRADE	MUSTERING	DAILY TARIFF

33. This is also the case for musicians who fall within the Reserve Component in the SANDF; it is to be noted that, as stated in paragraph 13 above, members on OSD were excluded from this recommendation and its process.

34. The absence of a system for Reserve Force members to progress within their ranks suggests that members will remain stagnated up until such time they are promoted to the next rank.

ANALYSIS OF CURRENT DATA PER RANK GROUP OF MEMBERS WHO ARE CURRENTLY AFFECTED BY SALARY STAGNATION

35. The DFSC-PSBC analysed data with the intention of determining the possible cause of salary stagnation. The analysis was done per rank group with data received from State Information and Technology Agency (SITA) (based on PERSOL data as at 31 May 2016) on the current statistics of members in the SANDF who are affected by salary stagnation, year of retirement, years of service in rank and full years of service of members are summarised in the tables and graph below.

36. From the tables 2 and 3 and graphs 1 and 2 above, 82.05% of members have spent less than 12 years on their current rank.

37. The current salary scale per rank provides for twelve notches per rank, meaning that approximately 82.05% of members in the SANDF are currently not affected by salary stagnation. Of the total data analysed, only 17.95% have been in ranks for periods longer than twelve years. In terms of full years of service, a peak can be seen in the 20-23 year group which can be attributed to the integration process that was undertaken by the SANDF.

LESSONS LEARNT FROM OTHER (FOREIGN) DEFENCE FORCES

41. The DFSC-PSBC considered reports by the INDFSC from Russia, USA, UK, and DFSC's reports on Botswana Defence Forces, Namibia Defence Forces, Tanzania Peoples Defence Forces, and Zimbabwe Defence Forces. A summary of lessons learnt on delinking salary from rank from the various Defence Forces on how they deal with stagnation are presented below.

TABLE 7: LESSONS LEARNT

Russia	USA	UK	Botswana	Namibia	Tanzania	Zimbabwe	SANDF
Value of pay and allowances are dependent on rank, years in service and specialisation.	Pay determined by rank, years of service, duties and skills.	Base pay (based on rank), factor, specialist pay and retention incentives.	The Defence Force had salary from rank; however they were in the process of reversing this practice due to the unintended consequences of delinking salary from rank. The Botswana Defence Force advised the DFSC not to delink salary from rank.	Remuneration for members is determined on the basis of qualification and experience.	Basic pay makes up the largest portion of most members' salary. Rank and length of service factors which are used to determine members' basic pay.	ZDF has a unitary structure that remunerates every officer and member in terms of rank regardless of professional qualifications. Professionals are paid allowances that are commensurate with their professional qualifications.	Salary is based on rank and length of service on rank level. For members who fall under the OSD and PMC, pay is determined on the basis of qualification and years of service irrespective of rank

LESSONS LEARNT FROM OTHER GOVERNMENT DEPARTMENTS IN SOUTH AFRICA

42. The DFSC-PSBC also consulted with other Government Departments to ascertain how they deal with salary stagnation. Government Department that were consulted were the Department of Public Service and Administration in terms of the Public Service Resolutions (Public Service Co-ordinating Bargaining Council Resolution 3 of 2009), South African Police Services and the Department of Correctional Services. A summary of lessons learnt from the various Government Departments are presented in table below.

Public Service (RSA)	Department of Correctional Services	South African Police Services
Salary is based appointment/position and length of service on salary level. The Public Service Co-ordinating Bargaining Council (PSCBC) Resolution 3 of 2009 introduced a career pathing and grade progression for identified salary levels. The model was implemented, amongst others, to curb salary stagnation for employees.	A grade progression system exists in the Department of Correctional Services. The Minister for Public Service and Administration determined a grade progression system for Correctional Officials.	A grade progression system exists in the South African Police Services which was affected by the Safety and Security Sectorial Bargaining Council Agreement no 3/2011. This agreement is applicable to officials appointed in terms of South African Police Service Act and the Public Service Act

RECOMMENDATIONS

43. In reaching its decision, the DFSC-PSBC considered the delinking of salary from rank, a once off allowance for the affected members and the option of implementing a grade progression system as an interim measure while a unique SANDF dispensation framework is developed that will be in line with the Defence Review by the DFSC.

44. After analysing the data that is presented above, it is a clear that it is not everyone in the SANDF who is affected by salary stagnation, however only a group which constitutes approximately 15% of the SANDF members.

45. It is thus the DFSC-PSBC's opinion that the solution should target members affected by salary stagnation only.

46. The DFSC-PSBC therefore recommends that the SANDF should not delink salary from rank, instead implement a system that will target the affected members.

47. The proposed structure will be similar to the current grade progression model which is implemented in the general Public Service.

48. It is thus clear that delinking the entire SANDF will not be affordable and is unsustainable.

49. Nonetheless, delinking the entire SANDF would have cost the DOD Rbn 1,45 in 2013 as opposed to the Rm 87 (Cost breakdown presented below) that has been currently estimated with the implementation of this model.

50. The costing presented above does not take into consideration any allowances or the employers' portion of the pension contribution.

51. The calculations for members in the rank of Lt Col were calculated using an inclusive package from the Col rank.

52. From the rank of Private to Col, 2016/17 salary scales were used as opposed to 2015/16 for the rank of Brig Gen and above. This is because of the delay in the pronunciation of cost of living adjustment for SMS members.

53. The DFSC-PBSC also recommends that the SANDF develop a pay progression matrix for Reserve Force members which will allow members to progress to the next notch after 12 months of cumulative service in a rank.

SUMMARY OF PROPOSED MODEL FOR PERMANENT MEMBERS

54. Since this is not a general salary increase, it should be noted that employees will not benefit equally with the implementation of this salary structure.

55. The model will be based on the following principles:

- a. Completed continuous years of service in a rank and corresponding salary grade,
- b. Recognition of performance

56. SANDF members on any rank who have completed 15 years of continuous service in a particular rank, who have obtained at least a satisfactory rating in their most recent performance assessments, shall progress to the next salary grading.

57. Progressed members would then qualify for pay progression in terms the new salary grade.

58. The implementation of this model will not constitute a promotion, members will still retain their ranks and only the salary will be changed on Persol.

59. In practical terms, this means that when a member is appointed on the rank of Private and is remunerated in terms of Salary Grade B1 (for Private), he/she will be progress and be remunerated in terms of Salary Grade B2 (for Lance Corporal).

60. The DFSC found that, the proposed modified model of the public service will be more beneficial for members as this will also contribute to their pension as opposed to a once off allowance that would not be pensionable.

61. Unlike the Public Service, there won't be any accelerated progression, because the DFSC-PSBC anticipates the completion of a unique dispensation for the SANDF members within 24 months as referred to in paragraph 43 above.

CONCLUSION

62. The DFSC-PSBC's targeted approach to address the challenge of stagnation will allow the SANDF to provide relief where it was intended in a cost effective manner.

NON-GOVERNMENTAL ORGANIZATION**NO. 591****23 JUNE 2017****C-POL 1/2016 LANGUAGE POLICY****PROMULGATED BY : EXECUTIVE COMMERCIAL SERVICES****EFFECTIVE FROM : 01 OCTOBER 2016****ENQUIRIES : COMMERCIAL SERVICES****APPLICABLE : ALL STAKEHOLDERS****LANGUAGE POLICY****1. POLICY STATEMENT**

- 1.1. This policy has been developed to comply with section 4 (1) of the Use of Official Languages Act, 2012 (Act No. 12 of 2012). The section 4(1) requires every national department, national public entity and national public enterprise to have a language policy on its use of official languages. Therefore, the policy is intended to set out how Air Traffic and Navigation Services (ATNS) will use the official languages of South Africa to communicate effectively with the public and other stakeholders.
- 1.2. As an entity of the Department of Transport (DoT), the policy is also developed to align with The Department of Transport's Language Policy. The Department is a national department that has public entities which are critical pillars in the Department's service delivery agenda.
- 1.3. As The Department of Transport (representing South Africa) is a member state of The International Civil Aviation Organisation (ICAO), the policy has also been developed to comply with The International Civil Aviation Organisation (ICAO). Whilst ICAO uses 6 official languages namely: Arabic, Chinese, English, French, Russian, and Spanish, ICAO has established English language proficiency requirements (LPRs) for all pilots operating on international routes, and all air traffic controllers who communicate with foreign pilots (adopted by 38th Session of the ICAO Assembly (October 2013) Resolution A38/8 – Proficiency in the English language used for radiotelephony communications.

1.4. While ATNS is in favour of encouraging linguistic diversity, this is not its core business, and financial constraints will mean that it will have to find a balance between the language preferences and needs of its target audiences (internally and externally) and financial considerations

2. Department of Transport Mandate and Official Languages

- 2.1. The Department of Transport's (DoT's) vision is to make transport the heartbeat of economic growth and social development. Its mission is to lead the development of efficient integrated transport systems by creating a framework of sustainable policies, regulations and implementable models to support government strategies for economic, social and international development.
- 2.2. The Department is a national department that has public entities which are critical pillars in the Department's service delivery agenda.
- 2.3. The Department of Transport's direct communication with the general members of the public is limited. Most of its communication is with the public entities, the provincial government departments responsible for transport functions and municipalities, where English is accepted as the language of common usage. However, the Department is still working towards broader engagement with the general members of the public.
- 2.4. Owing to the mandate of the Department, and as English is the language of common use in Parliament, the Department, other government departments, and the public entities reporting to the Minister for Transport, the official language of the Department will be English. Therefore, English is used as the language in all official correspondence.
- 2.5. The three other languages selected for official use are Afrikaans, isiZulu and Sepedi languages. As according to the 2011 census the isiZulu and Sepedi are the most widely spoken first languages in the two biggest language groups (Nguni and Sotho) and Afrikaans is the language of the majority the provinces such the Northern Cape and Western Cape provinces where the Department has got major projects happening there.

PROPOSED SAVC LANGUAGE POLICY

In accordance with section 4(1) of the Use of Official Languages Act, Act 12 of 2012, the South African Veterinary Council (SAVC), as a national public entity, has developed a proposed Language Policy regarding the use of official languages for government purposes that it will adopt after a public consultation process.

1. PURPOSE OF THE POLICY

- 1.1 The purpose of this Language Policy is to give details of the following:
 - 1.1.1 The use, by the SAVC, of English for its day-to-day activities including communicating with the general public;
 - 1.1.2 Communication with individuals who use an indigenous South African language other than English and who are not proficient in English; and
- 1.2 The SAVC Language Policy is based on the following Acts, Regulations and Guidelines:
 - 1.2.1 **The Constitution of the Republic of South Africa, (1996)** in terms of:
 - Section 6(i) which affords official status to 11 languages and South African Sign Language;
 - Section 6(3) which states that, "*The national government and provincial government may use any particular language for purposes of government taking into account usage, practicality, expense and regional circumstances and the needs and preferences of the population as a whole or in the province*"; and
 - Section 30 which states that "*Everyone has the right to use the language and participate in the cultural life of their choice*".
 - 1.2.2 **The National Language Policy Framework (2003)** which states that, "*a publication policy of multilingualism (i.e. the function, the audience and the message) should be followed in those cases that do not require publication in all 11 official languages. However, where the effective and stable operation of government at any level requires comprehensive communication of information, it must be published in all 11 official languages*".
 - 1.2.3 **The Pan South African Language Board Act, Act 59 of 1995**.
 - 1.2.4 **The Promotion of Access to Information Act, Act 2 of 2000**.
 - 1.2.5 **The Batho Pele principles** as contained in the government white paper on "*Transforming Public Service Delivery*" (1997).
 - 1.2.6 **Use of Official Languages Act, 2012 (Act No.12 of 2012) and Regulations**.
 - 1.2.7 **The Veterinary and Para-Veterinary Professions Act, Act 19 of 1982**.
- 1.3 The SAVC has taken a decision to use English as the language of business and operations and to use English, Afrikaans and isiZulu for oral communications with the public. The decision taken is mindful of the following objectives and principles of the South African government, namely the need to:
 - 1.3.1 Promote multilingualism amongst the South African public;
 - 1.3.2 Support and grant equal access to information and services to all South Africans regardless of language, race religion, sexual orientation or creed;
 - 1.3.3 Eradicate the marginalisation of indigenous South African languages;
 - 1.3.4 Foster respect for and respect for language rights; and

- 1.3.5 Use language that is accessible to all.
- 1.4 English has been chosen as the language for daily operations at the SAVC for the following reasons:
- 1.4.1 The need to have a standardised format and terminology for dealing with members of the professions and the public and so avoid confusion and misunderstanding on the part of the professions and the general public;
 - 1.4.2 English is used by the Ministry of Agriculture, Forestry and Fisheries in official communications, as do all government departments;
 - 1.4.3 The SAVC and its information system contain information in English that is accessed by interested parties around the world; and
 - 1.4.4 Resource constraints. Reproducing the work of the SAVC in other languages in addition to English, for example the minutes and proceedings of meetings, publications, website, policies and certificates and annual report in other languages would require additional human and financial resources, as well as time.
- 1.5 Where required, information on the SAVC will be translated into other official languages.
- 1.6 The SAVC has an information manual which is available in three official South African languages on the SAVC website which gives details of the services it offers.
- 1.7 The rights of indigenous South African language speakers are safeguarded as is their right to access information as the SAVC handles client queries, both oral and written, in the preferred language of the client, if required.

2. THE NATURE OF THE SAVC

- 2.1 The SAVC is a juristic person established by virtue of section 2 of the Act.
- 2.2 The SAVC advises the Minister of Agriculture, Forestry and Fisheries (the Minister) in relation to any matter affecting a veterinary profession or a para-veterinary profession and submits a report on its activities to the Minister within six months after the close of its financial year, which report must be tabled in Parliament.
- 2.3 **Section 3 of the Veterinary and Para-Veterinary Professions Act, Act 19 of 1982,** provides as follows regarding the SAVC's objects:

"The objects of the council shall be to —

- (a) *regulate the practising of the veterinary professions and para-veterinary professions and the registration of persons practising such professions;*
- (b) *determine the minimum standards of tuition and training required for degrees, diplomas and certificates entitling the holders thereof to be registered to practise the veterinary professions and para-veterinary professions;*
- (c) *exercise effective control over the professional conduct of persons practising the veterinary professions and para-veterinary professions;*
- (d) *determine the standards of professional conduct of persons practising the veterinary professions and para-veterinary professions;*
- (e) *encourage and promote efficiency in and responsibility with regard to the practice of the veterinary professions and para-veterinary professions;*
- (f) *protect the interests of the veterinary professions and para-veterinary professions and to deal with any matter relating to such interests;*
- (g) *maintain and enhance the prestige, status and dignity of the veterinary professions and para-veterinary professions and the integrity of persons practising such professions;*

(h) advise the Minister in relation to any matter affecting a veterinary profession or a para-veterinary profession."

3. THE SAVC'S ROLE AND FUNCTIONS

In addition to achieving its objectives, the SAVC is responsible for the following:

- 3.1 Keeping registers in respect of all persons whose applications for registration in terms of this Act to practise veterinary professions or para-veterinary professions have been approved by the Council.
- 3.2 Evaluating the degrees, diplomas and certificates, granted after examination by a university or other educational institution, which shall entitle the holders thereof to registration in terms of this Act to practice veterinary professions or para-veterinary professions and make recommendations to the Minister may to prescribe those qualifications for automatic registration in terms of section 25.
- 3.3 Ensuring that no person practise a veterinary profession or a para-veterinary profession in any manner whatsoever unless he or she is registered or deemed to be registered in terms of the Act to practise the profession concerned.
- 3.4 Regulate the veterinary and para-veterinary professions by:
 - 3.4.1 Setting and maintaining the minimum standards for the practising of the veterinary and para-veterinary professions;
 - 3.4.2 Inspection of veterinary facilities to ensure compliance with minimum standards for facilities;

 - 3.4.5 Setting and conducting an annual Council examination for the veterinary and para-veterinary professions for persons who do not qualify for automatic registration in terms of section 25 of the Act; and setting standards for specialisation.

4. THE NATURE OF THE SERVICES PROVIDED BY THE SAVC

7. COMMUNICATION WITH MEMBERS OF THE PUBLIC WHO'S LANGUAGE OF CHOICE IS NOT ENGLISH

The SAVC communicates with members of the public whose language of choice is not English, as follows:

- 7.1 Written queries (faxes, letters and e-mails) in a language other than English are referred to a staff member who is proficient in the language used, and will compile a response. If that staff member is unable to answer the query, then assistance is provided to prepare an appropriate response which is then translated into the language of the query.

Written requests in a language other than English for certificates, and others are dealt with as in point 7.1 above.

Certificates, letters and statements are issued in English as that is the language used by most education and training institutions, business, the public service and government departments.

- 7.2 Verbal requests (telephonic and from walk-in clients) in a language other than English are referred to a staff member proficient in the language of the client.

When there is no staff member at the SAVC proficient in the client's language to act as an interpreter, the client is requested to return to the SAVC at an appointed time (within 10 working days) for a meeting with an interpreter. The SAVC arranges for an appropriate interpreter to be present.

- 7.3 Should a client with a hearing impairment approach the SAVC with a query and there is no SAVC staff member proficient in sign language, the client is requested to:

- 7.3.1 Submit the query in writing with the answer provided in writing while the client is present; or
- 7.3.2 Bring his/her own sign-language interpreter for a meeting at an arranged time; or
- 7.3.3 The SAVC will secure the services of a sign-language interpreter for a meeting at a predetermined time.

The follow-up meetings in all cases will be scheduled within 10 working days

of the client approaching the SAVC with the query.

8. ACCESS TO THE SAVC LANGUAGE POLICY BY MEMBERS OF THE PUBLIC

- 8.1 The SAVC Language Policy will be available in English, Afrikaans and isiZulu on the SAVC website and in hard copy format.
- 8.2 Requests for a hard copy of the Language Policy may be made to the SAVC in writing, telephonically or in person. Copies of the Policy can either be handed to clients or sent to them.
- 8.3 People making telephonic requests will in the first instance be referred to the SAVC website, but can be provided with a hard copy on request.
- 8.4 The SAVC documents will not be available in Braille, due to the high cost of production and as no requests for Braille versions of documents were made in the past.

SOUTH AFRICAN RESERVE BANK**NOTICE 475 OF 2017****South African Reserve Bank****DIRECTIVE FOR CONDUCT WITHIN THE NATIONAL PAYMENT SYSTEM****IN RESPECT OF THE COLLECTION OF PAYMENT INSTRUCTIONS FOR AUTHENTICATED COLLECTIONS****DIRECTIVE No. 1 of 2017****1. LEGAL FRAMEWORK AND BACKGROUND**

- 1.1. In terms of section 10 (1) (c) (i) of the South African Reserve Bank Act, 1989 (Act No. 90 of 1989) (the SARB Act), the South African Reserve Bank (the SARB) is required to perform such functions, implement such rules and procedures and, in general, take such steps as may be necessary to establish, conduct, monitor, regulate and supervise payment, clearing or settlement systems. Furthermore, the National Payment System Act, 1998 (Act No. 78 of 1998) (the NPS Act) provides for the management, administration, operation, regulation and supervision of payment, clearing and settlement systems in the Republic of South Africa, and for connected matters.
- 1.2. The National Payment System (NPS) encompasses the entire payment process from payer to beneficiary, and includes settlement between banks. The process includes all the tools, systems, instruments, mechanisms, institutions, agreements, procedures, rules or laws applied or utilised to effect payment. The NPS is a primary component of the country's monetary and financial system as it enables the circulation of money, assisting transacting parties to make payments and exchange value.
- 1.3. In terms of section 12 (1) of the NPS Act, the SARB may from time to time, after consultation with the payment system management body, issue directives to any person regarding a payment system or the application of the provisions of the NPS Act.
- 1.4. The Directive for Conduct within the National Payment System No. 2 of 2006 published in the Government Gazette No. 28867, General Notice 680 of

2006 (Directive No. 2 of 2006) regulated the Early Debit Order (EDO) systems since 2006.

- 1.5. An in-depth investigation into the EDO environment, prompted by inefficiencies in the EDO systems, identified various issues, in both the Authenticated Early Debit Order (AEDO) and the Non-Authenticated Early Debit Order (NAEDO) systems. These issues spread across the payment system value chain from the customer who authorises the debit (payer) through to the collector (user), system operators, sponsoring and acquiring banks.
- 1.6. The issues included, amongst others, the growing number of disputes by payers relating to unauthorised debits and user complaints of illegitimate payer initiated reversals. A key concern for the SARB is the growing mistrust in the EDO systems and increasing complaints of abuse. These trends indicated the underlying structural issues to be addressed.
- 1.7. This culminated in the issuance of a Terms of Reference (ToR) by the SARB in July 2013, entitled: "Collections Review: Terms of Reference for the Payments Association of South Africa". The ToR defined the scope and minimum requirements for the design, development and implementation of an appropriate approach to the EDO collections.
- 1.8. Following the issuance of the ToR, the 'Authenticated Collections (AC)', initiative was launched with the objective of creating a method of collection that protects both sides of the market (payers and users). The Payments Association of South Africa (PASA) in collaboration with the relevant stakeholders was tasked to develop new authentication options for early debit orders that should give payers the opportunity to authorise future dated debit orders through an authentication process.

2. Objective and Purpose

- 2.1. The main objective of AC is to address the safety and efficiency of debit order collections, by strengthening debit order mandates and ensuring a secure debit is approved and authenticated by the paying customer upfront for future dated debit orders, thereby attempting to protect both sides of the market.
- 2.2. This Directive provides for the conduct of participants involved in the collection of payment instructions in the early debit order environment.

3. Position of the SARB

- 3.1. The SARB supports AC and is issuing this Directive in respect of the establishment of an authenticated collections mechanism in the early debit order environment to address the risks associated with the level of unauthorised debits and dispute ratios to maintain a safe and efficient NPS.

- 3.2. The SARB acknowledges that payment systems that process debit order payment instructions in the early processing window, similar to the current early debit order collections environment, are required by participants of the NPS, and should provide for appropriate risk management.
- 3.3. All the NPS participants who participate in the EDO payment clearing houses (PCHs), namely AEDO and NAEDO are required to implement AC by 31 October 2019.

4. DEFINITIONS

In this Directive, unless the context indicates otherwise, the words and expressions used herein shall have the same meaning assigned to them in the NPS Act and related expressions shall have corresponding meanings. The additional definitions below are provided for clarity.

4.1. Authentication

Is the electronic process whereby the payer, (i) confirms elements of a debit order mandate; and (ii) authorises the paying bank to debit the payer's account in accordance with the debit order mandate.

4.2. Authorisation

Authorisation refers to the consent or mandate or positive acknowledgement given by the payer to the paying bank to present a debit order to the payer's account.

4.3. Authenticated Collections (AC)

Debit order instructions which have been authorised by the payer and which is presented against the payer's account for collection in the early morning processing window through the AC PCH to be established under the EDO PCH PG.

4.4. Early processing window

It is the period or window where early morning collections are processed directly after bulk credits.

5. DIRECTIVE

- 5.1. Participants involved in the collection of payment instructions in the EDO environment are directed to:
- 5.1.1. design, develop and fully implement the payment system infrastructure to facilitate the collection of randomised early debit orders through AC in the early processing window, by 31 October 2019 (Implementation Date);
- 5.1.2. maintain the stability of the existing systems and minimise operational risk throughout the migration period to AC;
- 5.1.3. reach full implementation of AC through a phased approach and within the delivery dates prescribed in the SARB approved Implementation Plan referred to in 5.2 below;
- 5.1.4. report progress on implementation of AC as and when requested by SARB in terms of section 10 of the NPS Act;
- 5.1.5. comply with the applicable regulatory requirements, including the rules, compliance and enforcement framework set by PASA in respect of AC;
- 5.1.6. fully implement AC under the EDO PCH PG as the only PCH to initiate new debit order instructions in the early processing window by 31 January 2019;
- 5.1.7. not allow any new, extended or renegotiated AEDO or NAEDO collection agreements to be concluded after 31 January 2019, subject to 5.1.8 below; and
- 5.1.8. continue to process existing early debit orders where the contractual term exceeds the cut-off date of 31 January 2019 until the Implementation Date of 31 October 2019 (in the AEDO and NAEDO PCHs according to the current processing arrangements and rules). These contracts shall be migrated to AC on or before the Implementation Date.
- 5.2. PASA must prepare the AC implementation plan (Implementation Plan) with phases and timelines for approval by the SARB, monitor compliance with the Implementation Plan by the participants and take appropriate (and where required) maximum enforcement action through an appropriate compliance and enforcement framework. Such compliance framework must include an escalating mechanism for each milestone missed.
- 5.3. PASA must continue to improve the safety and efficiency of debit orders, including the introduction of measures to address risk emanating from debit order abuse.
- 5.4. PASA through the EDO PCH PG must make provision for AC including the participation criteria, in the relevant PASA regulatory framework and rules.

6. CONCLUSION

- 6.1. This Directive is not exhaustive and may be supplemented or amended from time to time.
- 6.2. In order to maintain the effectiveness, efficiency and neutrality of the NPS, all participants in the NPS that are, or become involved in the EDO PCH PG as indicated herein are obliged to act in accordance with the NPS Act and in particular, this Directive.
- 6.3. This Directive is effective from the date of publication thereof in the Government Gazette (Effective Date).
- 6.4. Contravention of this Directive is an offence in terms of section 12 of the NPS Act. Any person convicted of an offence in terms of this Directive is liable to a fine or imprisonment or to both a fine and such imprisonment.
- 6.5. Persons who are uncertain as to whether their current or future business practices are aligned with this Directive should initiate discussions with PASA or the NPS Department of the SARB to clarify the matter.

7. REPEAL OF DIRECTIVE NO. 2 OF 2006

- 7.1. Directive No.2 of 2006 is hereby repealed with effect from the date of publication of this Directive.
