#### 2. BACKGROUND NOTE

The following background information is hereby furnished in order to assist interested parties to comment on the proposed amendments to the Regulations.

- 2.1 In terms of section 27 of the Promotion of National Unity and Reconciliation Act, 1995 (Act No. 34 of 1995) (the Act), Parliament approved certain measures relating to the granting of reparations to victims. One of the categories of reparation approved is medical benefits and other

forms of social assistance, including educational assistance. In terms of section 27 of the Act, the said decisions must be implemented by the President by making regulations.

- 2.2 The Regulations relating to Assistance to Victims in respect of Higher Education and Training came into operation on 07 November 2014 (Government Notice No. R. 852 of 3 November 2014). The purpose of these Regulations is to provide for financial assistance to declared TRC victims and their relatives and dependants in respect of the following categories: Adult education and training; further education and training; higher education; and skills development. Assistance is provided for full-time and part-time studies as well as distance learning. The Regulations provide for financial assistance for different periods depending on the category of education and the qualification enrolled for. The Regulations initially only provided for financial assistance in respect of registration fees, transport, accommodation and the purchasing of text books. The Regulations have since been amended with effect from 18 July 2017 (Government Notice No. R. 691 of 18 July 2017) to extend the forms of assistance to also provide for, among others, an allowance not exceeding R16 000,00 per annum for meals; the payment of a once-off allowance not exceeding R7 000,00 to purchase a device, which includes a laptop and a once-off allowance not exceeding R65 000,00 for the settlement of outstanding study debts incurred prior to the 2015 academic year.
- 2.3 Due to a number of practical challenges that were encountered during the application of the Regulations, a request was received to further amend the Regulations in order to also provide for uncapped amounts in respect of tuition fees and for financial assistance to students with disabilities..
