GOVERNMENT PRINTING WORKS - BUSINESS RULES**EXTRAORDINARY GAZETTES**

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov *Adobe* Forms for each publication date must be submitted.

NOTICE SUBMISSION PROCESS

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.
5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat / Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.
6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.
7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.
8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.
 - 8.1. Each of the following documents must be attached to the email as a separate attachment:
 - 8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.
 - 8.1.1.1. For *National Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form
 - 8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.
 - 8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice .
(Please see *Quotation* section below for further details)
 - 8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order. **Non-Government Printing Works** account customer needs to submit the proof of payment for the notice
 - 8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. (Please see the *Copy Section* below, for the specifications).
 - 8.1.5. Any additional notice information if applicable.
9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.
10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE**.
11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.
12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

GOVERNMENT PRINTING WORKS - BUSINESS RULES**QUOTATIONS**

13. Quotations are valid until the next tariff change.
 - 13.1. **Take note:** GPW's annual tariff increase takes place on **1 April** therefore any quotations issued, accepted and submitted for publication up to **31 March** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.
14. Each quotation has a unique number.
15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.
 - 15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.
 - 15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.
16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS:**
 - 16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.
 - 16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.
 - 16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).
17. **APPLICABLE ONLY TO CASH CUSTOMERS:**
 - 17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.
18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).
19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.
 - 19.1. This means that **the quotation number can only be used once to make a payment.**

- 24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.
- 24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES**APPROVAL OF NOTICES**

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.
26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—
 - 27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;
 - 27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;
 - 27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre **ONLY**.
30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

PAYMENT OF COST

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.
32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.
33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.
34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.
35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.
36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.
37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

PROOF OF PUBLICATION

Chapter 1

1. Definitions

In this document, any word or expression to which a meaning has been assigned in the National Qualifications Framework Act, 2008 (Act No. 67 of 2008), and the General and Further Education and Training Quality Assurance Act, 2001 (Act No. 58 of 2001), as amended, has the same meaning unless the context otherwise indicates.

Assessment	The process of identifying, gathering and interpreting information about a learner's achievement in order to- (a) assist the learner's development and improve the process of learning and teaching; and (b) evaluate and certify competence in order to ensure qualification credibility; assessment includes national examinations, end-of-term and/or once-off end-of-year examinations in order to ensure a national standard across providers.
Assessment body	A body accredited by the Umalusi Council to conduct internal assessment and external examinations; this includes a department of education or a juristic body accredited by Umalusi.
Basic education	Education and training that takes place in primary and secondary schools, as well as in adult education and training centres.
Candidate	Any person who has registered for and written an examination through an accredited assessment body and who achieved a subject credit in a qualification or the full qualification.
Certification	The formal recognition of a qualification or part-qualification awarded to a successful learner.
Department of Basic Education	The national department responsible for education and training that takes place in primary and secondary

	schools, as well as in adult education and training centres.
Department of Higher Education and Training	The national department responsible for further education and training in colleges, higher education, and adult education and training.
General and Further Education and Training Qualifications Sub-framework	The sub-framework of qualifications developed and managed by Umalusi, Quality Council for NQF levels 1-4, as envisioned in Chapter 2 of the NQF Act.
Minister	The Minister of Basic Education or the Minister of Higher Education and Training, depending on the context.
National Qualifications Framework (NQF)	The comprehensive system, approved by the Minister: HET, for the classification, co-ordination, registration, and publication of articulated and quality-assured national qualifications and part-qualifications. The South African NQF is a single integrated system comprising three co-ordinated qualifications Sub-Frameworks for: General and Further Education and Training; Higher Education; and Trades and Occupations.
Part-qualification	An assessed subject or learning area that is registered as part of a qualification and/or the recognition accorded to the achievement of part of a qualification registered on the Sub-framework.
Qualification	An assessed unit of learning with a clearly defined purpose that is, or will be, registered as part of a qualification on the NQF.
Quality assurance	The process of measuring, evaluating and reporting on quality against standards, and monitoring for ongoing improvement in the delivery and assessment of the qualification, the curriculum/programme, and the capacity of the institution or assessment body to offer and/or assess the qualification.

Subject statement/certificate	The certificate issued by Umalusi where a candidate has not met the minimum requirements of the qualification but has obtained credits towards the qualification.

Chapter 2

3. Purpose

1. The purpose of the document is to provide guidelines for the re-issuing of a certificate where the information on the original certificate is not correct.

2. This policy specifies the required documents or evidence for re-issues within the specified timeframes.
3. The policy also describes the responsibility of the requesting assessment body to ensure full compliance of each request before submission to Umalusi for consideration.

4. Scope

1. The changing of personal particulars on a certificate opens the possibility of a qualification being fraudulently allocated to another person. Such an eventuality must stringently be guarded against.
2. The focus of this particular policy is to govern the re-issue of previously issued certificates.
3. A request for a re-issue will only be considered where there is sufficient proof that one or more details on the certificate is incorrect and does not correspond with the valid and true facts.
4. Umalusi issues the following certificates in General and Further Education and Training:
 - a. Senior Certificate (Report 550);
 - b. Senior Certificate (Report 550) as amended;
 - c. National Senior Certificate (Reports 190 and 191);
 - d. National N3 Certificate (Reports 190 and 191);
 - e. Subject Certificate (Report 550 and Reports 190 and 191);
 - f. National Senior Certificate (Schools);
 - g. National Certificate (Vocational) (NC (V)), Level 2 - 4;
 - h. Subject Statement NC(V), NSC and Senior Certificate (as amended);
 - i. General Education and Training Certificate: ABET (GETC: ABET);

- j. Learning Area Certificate (GETC: ABET).

Chapter 3

5. Legal Framework

1. This policy is to be read in conjunction with the following Acts, policies and regulations:
 - a. The General and Further Education and Training Quality Assurance Act, 2001 (Act No. 58 of 2001), as amended;
 - b. Standards and Quality Assurance for General and Further Education and Training (September 2014);
 - c. The Policy for the General and Further Education and Training Qualifications Sub-framework (September 2014);
 - d. Policy for the management of qualifications on the General and Further Education and Training Qualifications Sub-framework (April 2017);
 - e. Policy framework for the quality assurance of assessment (2012);
 - f. Quality Assurance of Assessment: Policies, Directives, Guidelines and Requirements (July 2006);
 - g. Policy on the quality assurance of resulting: National Senior Certificate (NSC), National Certificate (Vocational) (NC(V)) General Education and Training Certificate (ABET Level 4) GETC (ABET Level 4) (2011);
 - h. Requirements and specifications for the standardisation, statistical moderation and resulting; National Senior Certificate (NSC) and National Certificate (Vocational) (NC(V)) (2010);
 - i. Credit Accumulation, Exemption, Recognition and Transfer Policy (2015);
 - j. Policy on Recognition of Prior Learning (2015);

- k. Policy on printing, storage and handling of certificate; and background paper (April 2015);
- l. Regulations for certification, Government Gazette No. 25794 of 2 December 2003, as amended;
- m. Directives for certification, issued by Umalusi;
- n. Promotion of Administrative Justice Act, 2000, Government Gazette No. 20853 of 3 February 2000

6. Guiding Principles

1. In terms of the *Promotion of Administrative Justice Act, 2000*, Umalusi is required to have a policy in respect of administrative decisions taken. In terms of the re-issuing of certificates, an administrative decision is taken with each request for certification received.
2. This policy for the re-issue of certificates forms the rule-governed basis for each of these administrative decisions.
3. This policy defines the basis for the administrative decisions made by Umalusi in respect of changes requested to certificates already issued by Umalusi.

7. Objectives of this Policy

1. The objective of this policy document is to determine standards for the certification of candidates where the information reflected on the original certificate issued by Umalusi requires amendment by:
 - a. Determining the norms and standards for certification of this special group of certification requests;
 - b. Guiding assessment bodies in the submission of data for certification as required by Umalusi in respect of changes to information on certificates already issued by Umalusi;

- c. Ensuring compliance of candidate and certification data with policies and relevant legislation; and
- d. Evaluating submitted requests and documentation for changes to information on certificates previously issued by Umalusi.

8. Underlying principles for requesting a re-issue

1. The changes to previously issued certificates described below can be requested, based on the submission of the required documentation associated with each type of request.
2. All requests for the correction of information must be accompanied by the return of the original certificate issued by Umalusi.
3. Should a candidate have applied for and received a replacement certificate, in lieu of a document which has been lost or stolen, the assumption is that the candidate has accepted all information on the original certificate as being correct. Therefore, the submission of a replacement certificate is not accepted for a subsequent request to change information on a certificate previously issued by Umalusi.
4. In the event that there is documentary evidence that the assessment body erroneously requested the replacement certificate, only then may changes on a replacement certificate be accepted for consideration. In this instance, the replacement certificate will have to be returned to Umalusi.

Chapter 4

9. Re-issue of National Certificates

9.1 Re-issues due to administrative errors

- a. These errors should be identified and corrected as soon as possible after the candidate received the certificate. The candidate has at least two

opportunities during the registration process and then another two, upon receipt of the examination timetable, and again upon receipt of the Statement of Results, during which to correct such errors.

- b. The errors should be distinguished from changes to personal particulars as a result of changes/corrections made by the Department of Home Affairs on the National Population Register or as a result of a legal process. These changes include, for example, the incorrect spelling of a name or surname, an error in the capturing of an ID number or Date of Birth.
- c. The candidate is required to contact the assessment body with which they wrote the examination for assistance and submit the following documentation:
 - i. Application form detailing the change requested.
 - ii. A detailed affidavit indicating the change requested, the reason for the request, the reason for the error not having been detected and corrected prior to the issuance of the certificate. Information on the affidavit should include the name, surname, ID number/Date of Birth and contact details of the person concerned, affirmation that he/she is the rightful owner of the certificate, and the steps taken to correct the error prior to the issuance of the certificate.
 - iii. Certified copy of ID document or Birth Certificate issued prior to the writing of the examination
 - iv. The original Umalusi certificate
 - v. Affidavit from the assessment body indicating how the error was identified, what steps were taken to address the error and what steps have been taken in an attempt to prevent future occurrences of the same nature.
- d. An ID document or Birth Certificate issued post the writing of the examination *will not* be considered. All copies submitted must be certified copies, which are not older than three months.
- e. Umalusi reserves the right to request additional information and/or to interview the candidate to support such applications.

9.2 Re-issue due to change of marks

- a. It is the responsibility of the assessment body to ensure that the marks submitted at the time of certification have been verified and all mopping-up of the examination cycle has been completed.
- b. The candidate is required to contact the assessment body with which they wrote the examination for assistance and submit the following documentation:
 - i. Application form
 - ii. Payment of requisite fee, if any
 - iii. A copy of the mark sheet
 - iv. A copy of the front page of the answer book as proof of the correct mark
 - v. A copy of the audit trail on the candidate record indicating the changes effected
 - vi. Certified copy of ID document or Birth Certificate issued prior to the writing of the examination
 - vii. The original Umalusi certificate
 - viii. An affidavit from the assessment body indicating how the error was identified, what steps were taken to correct the error and what steps have been taken in an attempt to prevent future occurrences of the same nature. The affidavit must also indicate the name, surname, ID number/Date of Birth and contact information of the individual, the change requested, the reason for the change being requested, an indication of why the change is being requested after the certificate was printed.
- c. All copies submitted must be certified copies, which are not older than three months.
- d. Umalusi reserves the right to request additional information and/or to interview an assessment body official to support such applications.

9.3 Re-issues resulting from voluntary changes by the candidate

1. Gender change

- a. For applications with regard to gender description and gender status, the following documentation is required:
- b. The candidate is required to contact the assessment body with which they wrote the examination for assistance and submit the following documentation:
 - i. A completed application form indicating the change requested.
 - ii. A detailed affidavit indicating the change requested and the reason for the request. Information in the affidavit should include the name, surname, ID number/Date of Birth and contact details of the person concerned, and affirmation that he/she is the rightful owner of the certificate.
 - iii. A certified copy of an ID document or Birth Certificate or other identifying document issued prior to the writing of the examination.
 - iv. A certified copy of the ID document indicating the new ID number, and names.
 - v. A letter from the Department of Home Affairs confirming that it has, on behalf of the person in question, acted in terms of *Section 27(A)* of the *Births and Deaths Registration Act, 1992*, and has altered the gender description (and the names) of the person concerned.
 - vi. A certified copy of the Government Gazette in which the changes were published.
- c. All certified copies should be no more than three (3) months old.
- d. Umalusi reserves the right to request additional information and/or to interview the candidate to support such applications.

2. Change of name and or surname

- a. For applications with regard to name and surname changes, the following documentation is required:
 - i. Certified copies of the candidate's old and new IDs.
 - ii. A detailed sworn statement (affidavit) by the candidate.
 - iii. The original certificate.
 - iv. A letter from the Department of Home Affairs confirming that it has, on behalf of the person in question, acted in terms of *Section 27(A) of the Births and Deaths Registration Act, 1992*, and has altered the names and/or surnames of the person concerned.

9.4 Re-issues due to corrections on the National Population Register resulting in changed names, ID numbers and Date of Birth

- a. These errors should be distinguished from changes to personal particulars as a result of errors made by an assessment body (spelling or typo error).
- b. The candidate must bring the amendments to the population register to the attention of Umalusi, by making a request for the changes to personal particulars through an assessment body.
- c. The candidate is required to contact the assessment body with which they wrote the examination for assistance and submit the following documentation:
 - i. Application form detailing the change requested.
 - ii. A detailed affidavit indicating the change requested and the reason for the request. The affidavit should include the name, surname, ID number/Date of Birth and contact details of the person concerned, affirmation that he/she is the rightful owner of the certificate.
 - iii. A certified copy of an ID document or Birth Certificate or other identifying document issued prior to the writing of the examination.
 - iv. A certified copy of the ID document indicating the new ID number, and names.

- v. A certified copy of the legal document issued by the Department of Home Affairs indicating the changes effected to the population register.
 - vi. A certified copy of the Government Gazette in which the changes were published.
 - vii. The original Umalusi certificate.
- d. All copies submitted must be certified copies, which are not older than three months.
- e. Umalusi reserves the right to request additional information and/or to interview the candidate to support such applications.

Chapter 5

10. Umalusi Certification Committee

1. In order to assess the requests for changes to previously issued certificates, the Umalusi Certification Committee will assess each such request for completeness in all respects. Any request that does not comply with the specified timeframe and/or requisite documentation will not be considered, and the documentation will be returned to the requesting assessment body for return to the candidate.

11. Umalusi processes and procedures

1. The following procedure is required in an application for a re-issue:
 - a. the request for a re-issue must be made through an assessment body;
 - b. the original certificate must be returned; and
 - c. all required supporting documents and evidence must be provided;

2. A verification process for each of the documents submitted must be undertaken, along with the changes made so that the computerised system used for certification is able to recognise the reasons for re-issue. This helps ensure that fraudulent certificates do not go into circulation.
3. A change to an original certificate will not be considered unless the original certificate (not a replacement) is returned.
4. Supporting documentation with regard to re-issues should reach Umalusi within seven working days after Umalusi has requested the documentation from the assessment body.
5. A change in the surname due to marriage is not allowed.

12. Appeals Procedure

1. The assessment body determines the veracity of the appeal request and completeness of supporting documentation.
2. If the assessment body determines that such appeal falls outside the scope of this policy, the candidate should be advised appropriately on further steps to be taken.
3. If the assessment body determines that the appeal warrants submission to Umalusi, the request is registered on their IT system.
4. The appeal is electronically submitted to Umalusi on a dataset.
5. Umalusi uploads and processes the dataset on the Umalusi IT system, within seven working days of receipt of the dataset.
6. Supporting documentation requested from the assessment body must be submitted to Umalusi within seven working days of its request for such submission.
7. The certification officers assess the supporting documentation submitted as evidence according to the policy.

8. If the supporting documentation provides sufficient proof and evidence as required the application is approved and the certificate is printed and sent to the requesting assessment body.
9. If the application is unsuccessful, the documentation is returned to the assessment body for return to the candidate.
10. An institution, assessment body or person may lodge an appeal to the office of Umalusi CEO within ten (10) working days of the date of receipt of the response.
11. The appeal process shall be in line with the *Promotion of Administrative Justice Act (Act 3 of 2000)*.

DEPARTMENT OF HEALTH

NO. 1261

17 NOVEMBER 2017

**MEDICINES AND RELATED SUBSTANCES ACT, 1965 (ACT No. 101 OF 1965)
SCHEDULES**

The Minister of Health has, in terms of section 22A(2) of the Medicines and Related Substances Act, 1965 (Act No. 101 of 1965), on the recommendation of the Medicines Control Council, made and updated the Schedules in the Schedule.

This Schedule amends the Schedules as inserted by Government Notice R.509 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 24727, 10 April 2003; substituted by Government Notice R.935 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 31387, 5 September 2008; and amended by Government Notice R.1230 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 32838, 31 December 2009; Government Notice R.227 (Medicines and Related Substances Act: Schedules) in Government *Gazette* 35149, 15 March 2012; Government Notice R.674 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 36827, 13 September 2013, Government Notice R.690 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 36850, 20 September 2013, Government Notice R.104 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 37318, 11 February 2014; Government Notice R.352 (Medicines and Related Substances Act, 1965: Schedules) in, Government *Gazette* 37622, 8 May 2014; Government Notice R.234 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 38586, 20 March 2015; Government Notice R.254 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 39815, 15 March 2016; Government Notice R.254 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 40041, 03 June 2016; and Government Notice R.748 (Medicines and Related Substances Act, 1965: Schedules) in Government *Gazette* 41009, 28 July 2017 using the following convention:

- Words in bold and in square brackets (e.g. [**Gamma benzene hexachloride**] in Schedule 1), indicate omission from a Schedule
- Words underlined with a solid line (e.g. Gamma benzene hexachloride), indicate insertions in a Schedule.

SCHEDULE

In these Schedules, "the Act" means the Medicines and Related Substances Act, 1965 (Act No.101 of 1965)

Note: Where an alternative schedule(s) is included in natural parentheses at any point of an inscription, this is provided to indicate one or more alternative scheduling designation/s. This is for information only and shall not be used in the interpretation of such inscription.

SCHEDULE 1

- a. All substances referred to in this Schedule are excluded when specifically packed, labelled, sold and used for –
 - (i) industrial purposes including the manufacture or compounding of consumer items or products which have no pharmacological action or medicinal purpose; and
 - (ii) analytical laboratory purposes.
- b. All preparations of substances or mixtures of such substances containing or purporting to contain any substance referred to in this Schedule and includes the following:
 - (i) The salts and esters of such substances, where the existence of such salts and esters is possible; and
 - (ii) all preparations and mixtures of such substances where such preparations and mixtures are not expressly excluded.
- c. In terms of section 22A(4)(a)(v) of the Act, a practitioner, nurse or a person registered under the Health Professions Act, 1974 (Act No. 56 of 1974) other than a medical practitioner or dentist may prescribe and supply, only within his/her scope of practice and subject to the indication for use of such substances and medicines and to the conditions determined by the Medicines Control Council, to patients under his/her care,

the Schedule 1 substances and medicines provided for in the Annexures to this Schedule published in the *Gazette* in terms of the Act.

- (i) Annexure 1A: Emergency Care Provider (Paramedic);
- (ii) Annexure 1B: Emergency Care Provider (Emergency Care Practitioner);
- (iii) Annexure 2: Dental Therapist;
- (iv) Annexure 3: Optometrist.

Acetylcysteine,

- a. when used as a mucolytic in acute respiratory conditions for a maximum treatment period of 14 [5] days;
- b. except when intended for injection or for the management of paracetamol overdose. (S3)

Diclofenac,

- a. when intended for application to the skin and containing more than 1 % m/m of diclofenac;
- b. except when intended for application to the skin and containing 1 % m/m or less of diclofenac subject to a maximum pack size of 50 grams; (S0)
- c. except when intended for the emergency treatment of acute gout attacks, subject to a maximum daily dose of 150 mg for a maximum treatment period of 3 days; (S2)
- d. except when intended for human use only the treatment of fever or mild to moderate pain of inflammatory origin, subject to a maximum daily dose of 75 mg for a maximum treatment period of 5 days; (S2)
- e. except when intended for veterinary use. (S3)

Fluorides,

- a. in oral medicinal preparations or mixtures intended for ingestion containing not more than 0,25 milligrams [or less] of fluorine per dosage unit;
- b. except in toothpaste containing **[less than]** not more than 0,15 percent fluoride; (S0) and
- c. except in mouth rinses containing **[less than]** not more than 0,15 percent fluoride; (S0)

- d. except in oral medicinal preparations or mixtures intended for ingestion containing more than 0,25 milligrams of fluorine per dosage unit. (S4)

5-Hydroxy Tryptophan,

- a. in oral preparations with a maximum daily dose not exceeding 220 mg of [L] 5-Hydroxy tryptophan, alone or in combination with other active pharmaceutical ingredients; (S5)
- b. except in oral preparation with a maximum daily dose not exceeding 220 mg of [L] 5-Hydroxy alone or in combination with other active pharmaceutical ingredients, with general health claims as a health supplement. (S0)

Ibuprofen

- a. when contained in preparations intended for application to the skin; (S2, S3, S4).
- b. when contained in oral medicinal preparations, intended for human use only, supplied in a solid dose form as divided doses contained in packs not exceeding 24 dosage units or divided doses and containing ibuprofen as the only active therapeutic substance, intended for the treatment of mild to moderate pain or fever of inflammatory origin or for the treatment of post-traumatic conditions in adults and children over 12 years of age where the recommended daily dose of ibuprofen in the case of adults does not exceed 1,2 grams and in children 12 years and older does not exceed 20 milligrams per kilogram of body weight. (S2, S3).
- c. except when intended for veterinary use. (S3)

Indometacin,

- a. when intended for application to the skin; (S3)
- b. except when intended for the emergency treatment of acute gout attacks; (S2)
- c. except when intended for veterinary use. (S3)

Iodine,

- a. in oral preparations or mixtures containing more than 150 µg of [Selenium] Iodine per recommended daily dose alone or in combination with other active pharmaceutical ingredients. (S0)

Naproxen

- a. when contained in preparations intended for application to the skin; (S2, S3)

- b. when contained in oral medicinal preparations, intended for human use only containing naproxen as the only active therapeutic substance intended for patients over 16 years of age, for the treatment of mild to moderate pain or fever of inflammatory origin at a maximum dose of 600 milligrams naproxen base (660 milligrams naproxen sodium) in a 24 hour period for a maximum treatment period of 5 days and supplied in a solid dose form as divided doses contained in packs not exceeding the stated maximum treatment period; (S2, S3)
- c. except when intended for veterinary use. (S3)

Vanadium,

- a. in oral preparations or mixtures containing more than 182 µg of Vanadium [Selenium] per recommended daily dose alone or in combination with other active pharmaceutical ingredients. (S0)

– END SCHEDULE 1 –

SCHEDULE 2

- a. All substances referred to in this Schedule are excluded when specifically packed, labeled, sold and used for –
- (i) industrial purposes including the manufacture or compounding of consumer items or products which have no pharmacological action or medicinal purpose; and
 - (ii) analytical laboratory purposes.
- b. All preparations of substances or mixtures of such substances containing or purporting to contain any substance referred to in this Schedule and includes the following:
- (i) The salts and esters of such substances, where the existence of such salts and esters is possible; and
 - (ii) all preparations and mixtures of such substances where such preparations and mixtures are not expressly excluded.
- c. In terms of section 22A(5)(f) of the Act, a practitioner, nurse or a person registered under the Health Professions Act, 1974 (Act 56 of 1974) other than a medical practitioner or dentist may prescribe and supply, only within their scope of practice and subject to the indication for use of such substances and medicines and to the conditions determined by the Medicines Control Council, to patients under his/her care, the Schedule 2 substances and medicines provided for in the Annexures to this Schedule published in the Gazette in terms of the Act.
- (i) Annexure 1A: Emergency Care Provider (Paramedic);
 - (ii) Annexure 1B: Emergency Care Provider (Emergency Care Practitioner);
 - (iii) Annexure 2: Dental Therapist;
 - (iv) Annexure 3: Optometrist.

Diclofenac,

- a. when intended for the emergency treatment of acute gout attacks, subject to a maximum daily dose of 150 mg for a maximum treatment period of 3 days; (S3)
- b. when intended for human use only in the treatment of fever or mild to moderate pain of inflammatory origin, subject to a maximum daily dose of 75 mg for a maximum treatment period of 5 days;

- c. except when intended for application to the skin and containing 1 % m/m or less of diclofenac subject to a maximum pack size of 50 grams; (S0)
- d. except when intended for application to the skin and containing more than 1 % m/m of diclofenac; (S1)
- e. except when intended for veterinary use. (S3)

Ibuprofen,

- a. when contained in oral medicinal preparations, intended for human use only [containing ibuprofen] in combination with one or more other active therapeutic substances and intended for the treatment of mild to moderate pain or fever of inflammatory origin for a maximum treatment period of 10 days where the recommended daily dose of ibuprofen in the case of adults does not exceed 1,2 grams and in children over the age of 1 year and up to and including the age of 12 years does not exceed 20 milligrams per kilogram of body weight.
- b. when contained in oral medicinal preparations, intended for human use only containing ibuprofen] as the only active therapeutic substance in oral liquid preparations in packs not exceeding 100 millilitres in volume or in oral solid preparations in packs exceeding 24 dosage units or divided doses, when intended for adults and children over the age of 1 year; for the treatment of mild to moderate pain of inflammatory origin for a maximum treatment period of 10 days, or for the treatment of fever of inflammatory origin or for the treatment of post-traumatic conditions where the recommended daily dose of ibuprofen for adults does not exceed 1,2 grams and for children over the age of 1 year and up to and including the age of 12 years does not exceed 20 milligrams per kilogram of body weight;
- c. for the emergency treatment of acute gout attacks for a maximum treatment period of 5 days; (S3)
- d. except when contained in preparations intended for application to the skin; (S1)
- e. except when contained in oral medicinal preparations supplied in a solid dose form as divided doses contained in packs not exceeding 24 dosage units or divided doses and containing ibuprofen as the only active therapeutic substance, intended for the treatment of mild to moderate pain or fever of inflammatory origin or for the treatment of post-traumatic conditions in adults and children over 12 years of age where the

recommended daily dose of ibuprofen in the case of adults does not exceed 1,2 grams and in children 12 years and older does not exceed 20 milligrams per kilogram of body weight; (S1)

- f. except when intended for the treatment of haemodynamically significant patent ductus arteriosus in infants less than 34 weeks of gestational age; (S4)
- g. except when intended for veterinary use. (S3)

Hyoscine; substances, preparations and mixtures thereof-

- a. when intended for oral administration; and
- b. **[including]** transdermal preparations when intended for the prevention of the symptoms of motion sickness. (S3)

Indometacin,

- a. when intended for the emergency treatment of acute gout attacks; (S3)
- b. except when intended for application to the skin; (S1)
- c. except when intended for veterinary use. (S3)

[Insulin glargine.]

Mefenamic acid,

- a. when intended for the treatment of post-traumatic conditions, for a maximum treatment period of 5 days; and
- b. preparations containing mefenamic acid as the only therapeutically active substance, when intended for human use only in the treatment of primary dysmenorrhoea, subject to a maximum daily dose of 500 milligrams 3 times a day and a maximum treatment period of 3 days; (S3)
- c. except when intended for veterinary use. (S3)

Naproxen

- a. when intended for the treatment of acute gout attacks, for a maximum treatment period of 5 days in patients over 16 years of age; (S3)
- b. except when contained in preparations intended for application to the skin; (S1) and
- c. except when contained in oral medicinal preparations, intended for human use only containing naproxen as the only active therapeutic substance intended for patients over

16 years of age, for the treatment of mild to moderate pain or fever of inflammatory origin at a maximum dose of 600 milligrams naproxen base (660 milligrams naproxen sodium) in a 24 hour period for a maximum treatment period of 5 days and supplied in a solid dose form as divided doses contained in packs not exceeding the stated maximum treatment period; (S1, S3)

- d. except when intended for veterinary use. (S3)

Pholcodine, when prepared, mixed or compounded **[preparations and mixtures when compounded with one or more therapeutically active substances, and]**

- a. containing 20 milligrams or less of pholcodine (calculated as base) per dosage unit; or
[and]
- b. **[liquid oral preparations and mixtures]** containing 20 milligrams or less of pholcodine (calculated as base) per 5 millilitre dosage unit in the case of liquid oral preparations and mixtures. (S6)

SCHEDULE 3

- a. All substances referred to in this Schedule are excluded when specifically packed, labelled, sold and used for –
- (i) industrial purposes including the manufacture or compounding of consumer items or products which have no pharmacological action or medicinal purpose; and
 - (ii) analytical laboratory purposes.
- b. All preparations of substances or mixtures of such substances containing or purporting to contain any substance referred to in this Schedule and includes the following:
- (i) The salts and esters of such substances, where the existence of such salts and esters is possible; and
 - (ii) all preparations and mixtures of such substances where such preparations and mixtures are not expressly excluded.
- c. In terms of section 22A(5)(f) of the Act, a practitioner, nurse or a person registered under the Health Professions Act, 1974 (Act 56 of 1974) other than a medical practitioner or dentist may prescribe and supply, only within his/her scope of practice and subject to the indication for use of such substances and medicines and to the conditions determined by the Medicines Control Council, to patients under his/her care, the Schedule 3 substances and medicines provided for in the Annexures to this Schedule published in the Gazette in terms of the Act.
- (i) Annexure 1A: Emergency Care Provider (Paramedic);
 - (ii) Annexure 1B: Emergency Care Provider (Emergency Care Practitioner);
 - (iii) Annexure 2: Dental Therapist;
 - (iv) Annexure 3: Optometrist.

Acetylcysteine,

- a. when intended for injection or for the management of paracetamol overdose;
- b. except when used as a mucolytic in acute respiratory conditions for a maximum treatment period of 14 [5] days. (S2)

Acridinium.**Diclofenac,**

- a. except when intended for application to the skin and containing 1 % m/m or less of diclofenac subject to a maximum pack size of 50 grams; (S0)
- b. except when intended for application to the skin and containing more than 1 % m/m of diclofenac; (S1)
- c. except when intended for the emergency treatment of acute gout attacks, subject to a maximum daily dose of 150 mg for a maximum treatment period of 3 days; (S2)
- d. except when intended for human use only in the treatment of fever or mild to moderate pain of inflammatory origin, subject to a maximum daily dose of 75 mg for a maximum treatment period of 5 days. (S2)

Hyoscine; substances, preparations and mixtures thereof-

- a. except when intended for oral administration; and
- b. except transdermal preparations when intended for the prevention of the symptoms of motion sickness. (S2)

Ibuprofen, except

- a. when contained in preparations intended for application to the skin; (S1)
- b. when contained in oral medicinal preparations supplied in a solid dose form as divided doses contained in packs not exceeding 24 dosage units or divided doses and containing ibuprofen as the only active therapeutic substance, intended for the treatment of mild to moderate pain or fever of inflammatory origin or for the treatment of post-traumatic conditions in adults and children over 12 years of age where the recommended daily dose of ibuprofen in the case of adults does not exceed 1,2 grams and in children 12 years and older does not exceed 20 milligrams per kilogram of body weight; (S1)
- c. when contained [used] in oral medicinal preparations intended for human use only, [containing ibuprofen] in combination with one or more other active therapeutic substances and intended for the treatment of mild to moderate pain or fever of inflammatory origin for a maximum treatment period of 10 days where the recommended daily dose of ibuprofen in the case of adults does not exceed 1,2 grams and in children over the age of 1 year and up to and including the age of 12 years does not exceed 20 milligrams per kilogram of body weight; (S2)

SCHEDULE 5 AND SPECIFIED SCHEDULE 5

- a. All preparations or mixtures of such substances containing or purporting to contain substances that is chemically related and incorporates a structural fragment into its structure that is similar to the structure of a listed substance and /or exhibits pharmacodynamic properties similar to the listed substance referred to in this Schedule include the following:
- (i) The salts and esters of such substances, where the existence of such salts and esters is possible; and
 - (ii) all preparations and mixtures of such substances where such preparations and mixtures are not expressly excluded.
 - (iii) all homologues of listed substances (being any chemically related substances that incorporate a structural fragment into their structures that is similar to the structure of a listed substance and/or exhibit pharmacodynamic properties similar to the listed substance in the schedules), unless listed separately in the Schedules.
- b. In terms of Section 22A(5)(f) of the Act, a practitioner, nurse or a person registered under the Health Professions Act, 1974, other than a medical practitioner or dentist, may prescribe and apply, only within his/her scope of practice and subject to the indication for use of such substances and medicines and to the conditions determined by the Medicines Control Council, to patients under his/her care, the Schedule 5 and Specified Schedule 5 substances and medicines provided for in the Annexures to this Schedule published in the *Gazette* in terms of the Act.
- (i) Annexure 1A: Emergency Care Provider (Paramedic);
 - (ii) Annexure 1B: Emergency Care Provider (Emergency Care Practitioner).
- c. Specified Schedule 5 substances listed in this schedule are subject to additional control in terms of section 22A of the Act as required under the provisions of the 1971 Convention on Psychotropic Substances and are denoted by **

5-Hydroxy Tryptophan,

- a. except in oral preparations with a maximum daily dose not exceeding 220 mg of **[L] 5-Hydroxy** tryptophan, alone or in combination with other active pharmaceutical ingredients; (S1)
- b. except in oral preparation with a maximum daily dose not exceeding 220 mg of **[L] 5-Hydroxy** tryptophan alone or in combination with other active pharmaceutical ingredients, with general health claims as a health supplement. (S0)

SCHEDULE 6

- a. All preparations or mixtures of such substances containing or purporting to contain substances that is chemically related and incorporates a structural fragment into its structure that is similar to the structure of a listed substance and /or exhibits pharmacodynamic properties similar to the listed substance referred to in this Schedule include the following (unless expressly excluded or unless listed in another Schedule):
- (i) the isomers of such substances, where the existence of such isomers is possible within the chemical designation;
 - (ii) the esters and ethers of such substances and of the isomers referred to in (i) as well as the isomers of such esters and ethers, where the existence of isomers of such esters or ethers is possible;
 - (iii) the salts of such substances and of the isomers referred to in (i), as well as the salts of the esters, ethers and isomers referred to in (ii), where the existence of such salts is possible;
 - (iv) the isomers of any of the salts referred to in (iii), where the existence of such isomers is possible;
 - (v) all preparations and mixtures of any of the above.
 - (vi) all homologues of listed substances (being any chemically related substances that incorporate a structural fragment into their structures that is similar to the structure of a listed substance and/or exhibit pharmacodynamic properties similar to the listed substance in the schedules), unless listed separately in the Schedules.
- b. In terms of Section 22A(5)(f) of the Act, a practitioner, nurse or a person registered under the Health Professions Act, 1974, other than a medical practitioner or dentist, may prescribe and supply, only within his/her scope of practice and subject to the indication for use of such substances and medicines and to the conditions determined by the Medicines Control Council, to patients under his/her care, the Schedule 6 substances and medicines provided for in the Annexures to this Schedule published in the *Gazette* in terms of the Act.
- (i) Annexure 1A: Emergency Care Provider (Paramedic);
 - (ii) Annexure 1B: Emergency Care Provider (Emergency Care Practitioner).

DEPARTMENT OF INTERNATIONAL RELATIONS AND COOPERATIONS

NO. 1264

17 NOVEMBER 2017

MINISTER'S MINUTE NO: 2/2017

In accordance with the powers vested in me by section 5(3) of the Diplomatic Immunities and Privileges Act, 2001 (Act No. 37 of 2001), I hereby recognise the New Development Bank Africa Regional Centre in the Republic of South Africa for the purposes of granting immunities and privileges.

In accordance with section 7(1) of the said Act, the immunities and privileges to be accorded to the New Development Bank Africa Regional Centre in the Republic of South Africa is provided for in the Agreement between the Government of the Republic of South Africa and the New Development Bank on the Hosting of the New Development Bank Africa Regional Centre in the Republic of South Africa, signed on 17 August 2017 and entered into force on 25 October 2017.

MINISTER OF INTERNATIONAL RELATIONS
AND COOPERATION

DATE: 8 November 2017

NOTICE

It is hereby published for general information that the Minister of International Relations and Cooperation has, in terms of section 5(3) of the Diplomatic Immunities and Privileges Act, 2001 (Act No. 37 of 2001), recognised the New Development Bank Africa Regional Centre in the Republic of South Africa for the purposes of granting immunities and privileges as provided for in the Agreement between the Government of the Republic of South Africa and the New Development Bank on the Hosting of the New Development Bank Africa Regional Centre in the Republic of South Africa, signed on 17 August 2017 and entered into force on 25 October 2017 as set out in the Schedule hereto.

AGREEMENT

BETWEEN

**THE GOVERNMENT OF THE REPUBLIC OF
SOUTH AFRICA**

AND

THE NEW DEVELOPMENT BANK

**ON THE HOSTING OF
THE NEW DEVELOPMENT BANK AFRICA
REGIONAL CENTRE
IN THE REPUBLIC OF SOUTH AFRICA**

Preamble

The Government of the Republic of South Africa and the New Development Bank (hereinafter jointly referred to as the "Parties" and in the singular as a "Party");

TAKING INTO ACCOUNT the Agreement on the New Development Bank and its Annex on the Articles of Agreement of the New Development Bank between the Governments of the Federative Republic of Brazil, the Russian Federation, the Republic of India, the People's Republic of China and the Republic of South Africa, signed on 15 July 2014;

RECALLING the Fortaleza Declaration adopted at the Sixth BRICS Summit held in Fortaleza, Brazil, on 15 July 2014, that provided that the New Development Bank, Africa Regional Centre shall be established in the Republic of South Africa;

FURTHER RECALLING Article 4 of the Articles of Agreement of the New Development Bank contained in the Annex to the Agreement on the New Development Bank, stipulates that the first regional office of the New Development Bank shall be in Johannesburg;

DESIROUS THEREFORE to conclude an agreement regarding the hosting of the New Development Bank, Africa Regional Centre in Johannesburg in the Republic of South Africa;

HAVE AGREED as follows:

ARTICLE 1
DEFINITIONS

For the purpose of this Agreement, including all annexures, appendices and all amendments made from time to time, the following terms shall have, unless the context otherwise requires, the meanings ascribed to them as below:

- (a) **“Africa Regional Centre”** means the regional office of the New Development Bank in Johannesburg in the Republic of South Africa;
- (b) **“Agreement on the New Development Bank”** means the Agreement on the New Development Bank including its Annex between the Governments of the Federative Republic of Brazil, the Russian Federation, the Republic of India, the People’s Republic of China and the Republic of South Africa, signed on 15 July 2014 at the city of Fortaleza, Brazil and any amendments thereto;
- (c) **“Archives of the Bank”** means the records, correspondence, documents, manuscripts, still and moving pictures, films, sound recordings, electronic records including email, computer programs, written materials, video tapes or discs, discs or tapes containing data, and, any information contained therein stored in electronic form or any other form whatsoever, belonging to, or held by the Bank;
- (d) **“Bank”** means the New Development Bank, including the Africa Regional Centre, unless specifically referred to separately;
- (e) **“Director-General: Africa Regional Centre”** means the principal executive officer of the Africa Regional Centre, appointed by the Bank, and, during her or his absence or incapacity, the person authorised to act as Director-General: Africa Regional Centre;
- (f) **“Experts and Consultants”** means persons who, not being Staff of the Bank, have been contracted by the Bank for the purpose of providing expertise and performing certain tasks for or on behalf of the Bank;
- (g) **“Government”** means the Government of the Republic of South Africa;
- (h) **“Laws of South Africa”** includes the Constitution of South Africa, 1996 and legislative acts, decrees, regulations and orders issued by, or under authority of, the Government or any appropriate authority in South Africa;

- (i) **“Local terms”** means recruitment made by the Bank or the Africa Regional Centre for the employment of personnel in terms of South African Law;
- (j) **“Member”** means a member of the Bank as defined in the Agreement on the New Development Bank;
- (k) **“Member of a family”** means the spouse and dependent children under the age of 18 years, any other dependent family member officially recognised as such by the Bank, and the spouse or life partner officially recognised as such by the Bank of a Staff member.
- (l) **“Premises”** means the land, building, parts of building and includes access facilities for the official purposes of the Africa Regional Centre;
- (m) **“President”** means the President of the Bank and, during her or his absence or incapacity, the person authorised to act as President;
- (n) **“South Africa”** means the Republic of South Africa and its territory; and
- (o) **“Staff of the Bank”** or **“Staff”** means persons employed by the Bank, to work at the Africa Regional Centre, in accordance with the provisions of the Human Resources policies of the Bank and other relevant internal regulations in force, and excluding all other persons recruited on local terms and assigned to hourly rates.

ARTICLE 2

SEAT OF THE AFRICA REGIONAL CENTRE

The seat of the Africa Regional Centre shall be in Johannesburg, South Africa.

ARTICLE 3

FUNCTIONS AND ACTIVITIES OF THE AFRICA REGIONAL CENTRE

The Africa Regional Centre shall undertake such functions and activities pursuant to provisions of the Agreement on the New Development Bank and as determined by the Bank.

ARTICLE 4
LEGAL PERSONALITY

- (1) The Government recognises the international legal personality and capacity of the Bank for the purposes of exercising its functions in South Africa including to contract, acquire and dispose of movable and immovable property and to institute legal proceedings.
- (2) The Africa Regional Centre shall have the independence and freedom of action similar to those available to other international organisations operating in South Africa.
- (3) The Africa Regional Centre shall have the right to display the Bank's flag and its emblem on the Premises and the motor vehicles belonging to or in use by the Bank for the President and Director-General: Africa Regional Centre.

ARTICLE 5
PREMISES AND FACILITIES

- (1) The Government shall, free of charge, provide and furnish suitable office accommodation to serve as the Premises in Johannesburg, and shall provide such other facilities as required for the operations of the Africa Regional Centre, and be responsible, at its own cost, for maintenance and repairs of a non-recurring nature for a period of one (1) year, whereafter the Bank shall be responsible for the office accommodation, furniture, equipment and other facilities required for the operation of the Africa Regional Centre in South Africa.
- (2) The office accommodation, its furniture and equipment and the other facilities referred to in sub-Article (1) above shall be determined in consultation with the Bank and as detailed in Annexure A hereto, which shall form an integral part of this Agreement.

- (3) Any requirement by the Bank for the operation of its Africa Regional Centre that falls outside the specifications of Annexure A or that would have additional financial implications beyond that amount, shall be for the account of the Bank.
- (4) The Bank shall be responsible for the day to day maintenance of the Premises, furniture and equipment other than on account of normal wear and tear, and making arrangements for any other services as may be required by it.
- (5) As the operations of the Africa Regional Centre evolve, the Government may consider providing suitable office accommodation to serve as the permanent seat of the Africa Regional Centre.

ARTICLE 6

IMMUNITY OF PROPERTY, FUNDS AND ASSETS

- (1) The Bank and its property, funds and assets, wherever located and by whomsoever held, shall be immune from every form of legal process, except as provided for under the Agreement on the New Development Bank:
 - (a) to the extent that the Bank shall have expressly waived such immunity in any particular case in accordance with the provisions of Article 36 of the Articles of Agreement of the New Development Bank;
 - (b) in respect of a civil action in South Africa arising out of or in connection with its powers to raise funds, through borrowings or other means, to guarantee obligations, or to buy and sell or underwrite the sale of securities;
 - (c) in respect of a civil action brought by a third party for damages arising from an accident caused by a vehicle belonging to the Bank or operated on its behalf;
 - (d) in respect of the enforcement of an arbitration award made against the Bank as a result of an express submission to arbitration by or on behalf of the Bank; or
 - (e) in respect of any counter-claim directly connected with court proceedings initiated by the Bank.

- (2) Notwithstanding anything contained herein above, the property of the Bank shall be immune from all forms of seizure, attachment or execution before the delivery of final judgment against the Bank.
- (3) The property, funds and assets of the Bank wherever situated in South Africa and by whomsoever held, shall be immune from seizure, search, requisition, foreclosure, confiscation, expropriation and any other form of interference whether by executive, administrative, judicial or legislative action. To the extent necessary for the operation of the Africa Regional Centre in South Africa and subject to the provisions of this Agreement, all property and other assets of the Bank shall be exempt from restrictions, regulations, controls and moratoria of any nature.
- (4) Notwithstanding the provisions of sub-Articles (1) and (2), no action shall be brought against the Bank by the Government, or by any of its agencies or instrumentalities or by any entity or person directly or indirectly acting for or deriving claims from the Government or from any of its agencies or instrumentalities.

ARTICLE 7

INVIOABILITY OF THE PREMISES AND ARCHIVES AND IMMUNITY OF PROPERTY AND ASSETS

- (1) The Premises shall be inviolable and under the exclusive control and authority of the Africa Regional Centre. The property and assets of the Bank, wherever located and by whomsoever held, shall be immune from search, requisition, confiscation, expropriation and any other form of interference, whether by executive, administrative, judicial or legislative action.
- (2) The Archives of the Bank shall be inviolable, wherever located and by whomsoever held within South Africa.

- (3) The authorities of South Africa shall not enter the Premises for any reason, including the performance of any official duties therein or execution of any legal process or perform any ancillary act such as the seizure of private property. All entries shall be subject to the consent and conditions agreed to by the Director-General: Africa Regional Centre.
- (4) The Director-General: Africa Regional Centre and the Government shall agree on the circumstances under and the manner in which the authorities of South Africa may enter the Premises. In the event of natural disaster, fire or any other emergency, constituting an immediate threat to human life, the consent of the Bank to enter the Premises is presumed, if the Director-General: Africa Regional Centre cannot be reached in time and in the manner agreed upon.
- (5) The Bank shall have the power to make rules and regulations operative within the Premises for the full independent exercise of its operations, administration and performance of its activities and functions. Except as otherwise provided in this Agreement, or in the Agreement on the New Development Bank, the laws applicable in South Africa shall apply within the Premises. The Bank, its Staff, Experts and Consultants shall respect the laws of South Africa.
- (6) Without prejudice to the terms of this Agreement, the Bank shall prevent the Premises from becoming a refuge for fugitives from justice, or for persons subject to extradition, or persons avoiding service of legal process or judicial proceedings under the laws of South Africa.

ARTICLE 8
PROTECTION OF THE PREMISES

The Government shall exercise due diligence to ensure the safety and tranquility of the Premises. The Government shall accord to it the same protection and provide security to it on the same basis as is provided to other international organisations and diplomatic missions operating in South Africa in accordance with the Vienna Convention on Diplomatic Relations, 1961.

ARTICLE 9
PUBLIC UTILITY SERVICES

- (1) The Government undertakes to assist the Bank for the purposes of the operation of the Africa Regional Centre, as far as possible, in obtaining and making available, necessary public services, including but not limited to water, electricity, telephone, fax, internet and other facilities at rates or charges not less favorable than those charged to other comparable international organisations, and in the case of interruption or threatened interruption of service, to give, as far as within its powers, the same priority to the needs of the Bank as to other comparable international organisations and shall take appropriate measures to ensure that the operations of the Africa Regional Centre are not prejudiced.

- (2) The Africa Regional Centre shall allow duly authorised representatives of public utilities to inspect, repair, maintain, reconstruct, and relocate utilities, conduits, mains and sewers within the Premises in accordance with the procedures established in consultation with the Bank.

ARTICLE 10
FACILITIES IN RESPECT OF COMMUNICATIONS

- (1) The Bank shall enjoy, in respect of their official communications and the transfer of documents, treatment no less favorable than that accorded by the Government to other international organisations or any other Government, including the latter's diplomatic mission, in the matter of priorities, rates and taxes on mail, cablegrams, telephotos, telephone, telegraph, telex, telefax, internet and other modes of communication.
- (2) The official communications and correspondence to, from and between the Africa Regional Centre, in whatever form transmitted, shall be inviolable and shall not be subject to any censorship or any form of interference. For purposes of this Article, communications shall include, but not be limited to, publications, documents, still and moving pictures, films and sound recordings, and electronic and other modes of communication.
- (3) The Bank shall have the right to use codes and to dispatch and receive correspondence and other materials by courier or in sealed bags, which shall have the same privileges and immunities as diplomatic couriers and bags.

ARTICLE 11
EXEMPTION FROM TAXATION, CUSTOMS DUTIES, PROHIBITIONS
OR RESTRICTIONS ON IMPORTS AND EXPORTS

- (1) With respect to all official activities, operations and transactions, the Bank, its assets, income and property in South Africa shall be:
 - (a) exempt from all forms of taxation and from any obligation with respect to the payment, withholding or collection of any tax or duty; it being understood, however, that it will not claim exemption from taxes which are, in fact, no more than charges for public utility services paid by other international organisations in

South Africa;

- (b) exempt from all customs duties, prohibitions and restrictions on goods and articles, including motor vehicles and spare parts, publications, films, still and moving pictures, imported or exported for its official purposes. It is understood, however, that articles imported under such exemption will not be sold in South Africa except under conditions agreed to with the Government.
- (2) While the Bank will not, as a general rule, claim exemption from excise duties and from taxes on the sale of movable and immovable property which form part of the price to be paid, when the Africa Regional Centre makes important purchases for official use of property on which such duties and taxes have been charged or are chargeable, the Government will make appropriate administrative arrangements for the remission or return of the amount of duty or tax.
- (3) Documentation signed by or on behalf of the President of the Bank or the Director-General: Africa Regional Centre shall be conclusive evidence as to the necessity of any such imports or exports for the official activities of the Africa Regional Centre.

ARTICLE 12

FINANCIAL TRANSACTIONS

The Bank may hold and use funds or negotiable instruments of any kind. The Government recognises the right of the Bank to maintain and operate accounts in any currency and convert any currency held by it into any other currency. The Bank may freely transfer its funds into South Africa and may also at any time freely transfer all or part of the balance thereof out of South Africa through a non-resident bank account which for that purpose may be switched into any foreign currency.

ARTICLE 13**IMMUNITIES AND PRIVILEGES OF THE DIRECTOR-GENERAL: AFRICA
REGIONAL CENTRE AND STAFF**

- (1) The Government shall accord to the Director-General: Africa Regional Centre and members of his or her family, the same privileges and immunities, exceptions and facilities as accorded to officials of comparable ranks forming part of diplomatic missions.

- (2) The Government shall accord to the Staff as applicable:
 - (a) immunity from jurisdiction and all forms of legal process in respect of words spoken or written and all acts performed by them in their official capacity, which shall continue after their termination of service;
 - (b) immunity from personal arrest or detention for all acts performed by them in their official capacity, which shall continue after their termination of service;
 - (c) exemption from taxation in respect of salaries and emoluments paid by the Bank;
 - (d) immunity, together with members of their family from immigration restrictions and alien registration and from formalities for the purposes of immigration control;
 - (e) privileges in respect of exchange facilities as well as VAT (value added tax) refunds on the purchase of goods and services procured or chargeable in South Africa will be governed by the Laws of South Africa;
 - (f) together with members of their family, the same repatriation facilities in time of international crisis as officials of comparable rank of diplomatic missions;
 - (g) freedom of movement, within or from South Africa to the extent necessary for carrying out their activities and functions for and on behalf of the Bank and for the purpose of their official communications, to use codes and receive papers and correspondence by courier or sealed in bags;
 - (h) the same immunities and facilities, including immunity from inspection and seizure of their official baggage, as are accorded to officials in diplomatic

missions;

- (i) the right for personal use, free of duty or other levies, prohibitions and restrictions (i) to import at the time of first taking up their post and within a period of six (6) months and (ii) to export, upon termination of their services with the Bank, within a period of 1 year:
 - a. their furniture and personal effects; and
 - b. one (1) motor vehicle, and in the case of officials accompanied by members of their family, two (2) motor vehicles.
- (3) Articles imported under such exemptions will not be sold in South Africa except under conditions agreed upon with the Government and in any case not being less favorable than those extended to officials of comparable ranks of other international organisations in South Africa.
- (4) Nationals or permanent residents of South Africa who are appointed as the Director-General: Africa Regional Centre or employed as Staff shall be entitled only to the immunities set out in sub-Article 2 (a), (b), (g) and (h) of this Article and provided that, in implementing the taxation of income of nationals and permanent residents of South Africa appointed or employed by the Bank, the Bank shall not be required to withhold, collect or pay such taxes.
- (5) The Bank shall communicate to the Government the names of Staff and members of their family to whom the provisions of the present Article are applicable.
- (6) The Government shall provide the Director-General: Africa Regional Centre, Staff and members of the family older than eighteen (18) years of age with a special identity card which shall serve to identify the holder to the authorities of South Africa and to certify that the holder enjoys the privileges and immunities specified in this Agreement. Upon the termination of employment or reassignment from South Africa, the special identity card shall be returned promptly to the Government for cancellation.

- (7) The Government shall authorise and facilitate the registration of vehicles utilised by the Director-General: Africa Regional Centre and Staff as vehicles of similar status of comparable international organisations accredited in South Africa, and issue them with license plates.

ARTICLE 14

IMMUNITIES AND PRIVILEGES OF GOVERNORS, DIRECTORS AND REPRESENTATIVES OF MEMBERS OF THE BANK

All Governors, Directors and representatives of Members of the Bank shall have the following privileges and immunities:

- (1) immunity from legal process with respect to acts performed by them in their official capacity, except when the Bank waives this immunity;
- (2) when not local nationals, the same immunities from immigration restrictions, alien registration requirements and national service obligations and the same facilities as regards exchange provisions as are accorded by members to the representatives, officials, and employees of comparable rank of other members;
- (3) the same privileges in respect of traveling facilities as are accorded by members to representatives, officials and employees of comparable rank or other members.

ARTICLE 15

IMMUNITIES AND PRIVILEGES OF EXPERTS AND CONSULTANTS

- (1) Experts and Consultants performing functions for the Bank who are not nationals or permanent residents of the Republic of South Africa, shall be accorded the following immunities and privileges as are necessary for the independent exercise of their functions during the period of their mission or contract, including time spent on journeys in connection with their functions:

- (a) immunity from personal arrest or detention for acts in their official capacity;
 - (b) immunity from seizure of their official baggage;
 - (c) in respect of words spoken or written and acts done by them in the course of the performance of their function, immunity from legal process of every kind;
 - (d) the same facilities in respect of currency or exchange restrictions as are accorded to representatives of foreign governments on temporary official missions;
 - (e) the same protection and repatriation facilities with respect to themselves, and members of their families, as are accorded in time of international crisis to persons of comparable rank of diplomatic missions;
 - (f) for the purpose of their communication with the Bank, have the right to use codes and to receive papers or correspondence by courier or in sealed bags; and
 - (g) exemption from taxation in respect of salaries and emoluments paid by the Bank.
- (2) Experts and Consultants who are nationals or permanent residents of South Africa, shall be afforded the immunities referred to in sub-Article 1(a), (b) and (c).

ARTICLE 16

EMPLOYMENT OF SPOUSES

Employment of spouses of Staff shall be regulated in separate agreements.

ARTICLE 17

WAIVER OF IMMUNITY

- (1) Privileges and immunities are conferred under this Agreement in the interest of the Bank and not for the personal benefit of the individuals themselves.
- (2) The Bank may waive to such extent and upon such conditions as it may determine, any of the privileges, immunities and exemptions conferred under this Agreement in cases where such action would, in its opinion, be appropriate and in the best interests of the

Bank. The President shall have the right and duty to waive any privilege, immunity or exemption in respect of any Staff of the Bank or any Expert or Consultant performing services for the Bank, other than the President or a Vice-President, where, in her or his opinion, the privilege, immunity or exemption would impede the course of justice and can be waived without prejudice to the interests of the Bank. In similar circumstances and under the same conditions, the Board of Directors shall have the right and duty to waive any privilege, immunity or exemption in respect of the President and a Vice-President.

- (3) The Bank shall co-operate at all times with the Government to facilitate the proper administration of justice, secure the observance of the Laws of South Africa and prevent the occurrence of any abuse in connection with the immunities and privileges granted in this Agreement.

ARTICLE 18 SETTLEMENT OF DISPUTES

- (1) Any dispute between the Bank and the Government arising out of or relating to this Agreement shall be settled amicably by negotiation or other mode of settlement as may be agreed, failing which such dispute shall be submitted to arbitration at the request of either Party.
- (2) Each Party shall appoint one arbitrator, and the two arbitrators so appointed shall appoint a third, who shall be the Chairperson. If within two (2) months of the request for arbitration either Party has not appointed an arbitrator, or if within two (2) months of the appointment of two arbitrators, the third arbitrator has not been appointed, either Party may request the President of the International Court of Justice to make the necessary appointments. All decisions of the arbitrators shall require a vote of two of them and shall be binding on the Parties.

- (3) The arbitrators shall determine the procedure of the arbitration, and expenses of the arbitration shall be borne by the Parties as assessed by the arbitrators. The arbitral award shall contain a statement of the reasons on which it is based and shall be accepted by the Parties as the final adjudication of the dispute.

ARTICLE 19 INTERPRETATION

This Agreement shall be interpreted in accordance with the rules of interpretation provided for in the 1969 Vienna Convention on the Law of Treaties. This Agreement shall not modify or derogate from the provisions of the Agreement on the New Development Bank.

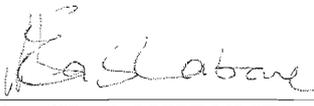

ARTICLE 20 ENTRY INTO FORCE, AMENDMENT AND TERMINATION

- (1) This Agreement may be amended by mutual consent of the Parties. Amendments shall take the form of a written agreement which shall enter into force in the same manner as this Agreement.
- (2) The Parties may enter into such supplementary agreements as may be necessary within the scope of this Agreement.
- (3) Each Party shall notify the other of the completion of the constitutional formalities required by its laws for the entry into force of this Agreement. This Agreement shall enter into force on the date of the last written notification.
- (4) In case of conflict between this Agreement and the Agreement on the New Development Bank, the Agreement on the New Development Bank shall prevail.
- (5) The Agreement may be terminated by either Party subject to providing at least one (1) year's prior notice or such extended period as may be agreed to by the Parties.

- (6) In the event of the termination of this Agreement all relevant provisions shall continue to be applicable for a reasonable period, as agreed to by the Parties, required for settlement of the affairs of the Bank and disposal of its property in South Africa.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto, have on behalf of the Parties signed and sealed this Agreement in duplicate in the English language.

Guidance Notes to the Pressure Equipment
Regulations July 2009

Department of Labour

Occupation health and safety Act, 1993

Revision 2

Foreword

The notes are meant to help and guide users, manufacturers, importers and approved inspection authorities in the application of the Pressure Equipment Regulations.

INTRODUCTION

PURPOSE

These guidance notes are intended to help, users, manufactures, approved inspection authorities and importers of Pressure Equipment to understand the content as well as to assist with the interpretation and implementation of the Pressure Equipment Regulations but cannot substitute the Regulations.

REGULATION 1 – DEFINITIONS

In these Regulations any word or expression to which a meaning has been assigned in the Act shall have the meaning so assigned and, unless the context otherwise indicates

“accreditation authority” means the South African National Accreditation System (SANAS) established by section 3 of the Accreditation for Conformity Assessment, Calibration and Good Laboratory Practice Act, 2006 (Act No. 19 of 2006);

Notes:

- (a) *None*

“appliance” means an appliance as defined in SANS 1539;

Notes:

- (a) *Definition out of SANS 1539: complete operating unit that uses LPG and Natural Gas as operational fuel*
- (b) *Refer also to the definition of gas system and reticulation*

“ASME” means the American Society of Mechanical Engineers;

Notes:

- (a) *None*

“authorised person” means a person who is registered as competent within the scope of work for which an organisation approved by the chief inspector has registered that person;

Notes:

Notes:

- (a) *SAQCC (CP) competent persons for in service inspection*
- (b) *SAQCC (IPE) inspector of pressurised equipment*
- (c) *SAQCC (Gas) registered gas practitioner in the applicable field*
- (d) *SAQCC (Fire) registered fire technician*

“certificate” means a written declaration of conformance to these Regulations;

Notes:

- (a) *For Regulation 17 a Certificate of Conformance (CoC) is issued by a Gas Practitioner that certifies that the gas installation and pressure equipment conforms to the PER. Where the gas practitioner is also the manufacturer only one certificate is required.*
- (b) *certificate of manufacture means written declaration of conformance by the manufacturer or authorised person to the relevant health and safety standard(s) and to the relevant national legislation*

“construction” includes materials, design, fabrication, modification, repair, installation, examination, inspection, testing and certification;

Notes:

- (a) *None*

“dangerous substance” means a substance defined and classified as such in terms of SANS 10228;

Notes:

- (a) *None*

“design pressure” means the gauge pressure used in the design formulae to determine the dimensions of the component parts of the pressure equipment;

Notes:

- (a) *When equipment is subjected primarily to static head and the applied pressure above the liquid level of the equipment is less than 50 kPa, then such equipment is excluded from the PER.*
- (b) *PER does not regulate external pressure (vacuum)*

“design temperature” means the temperature used in the design formulae to determine the dimensions of the component parts of the pressure equipment;

Notes:

- (a) *None*

“design verification” means verification that the pressure equipment complies with the applied design of the relevant health and safety standard and the requirements of these Regulations;

Notes:

- (a) *Independent process to run separate calculations to confirm correctness of the original design. Refer to SANS 10227*

“fire extinguisher” means a rechargeable container which has a fire extinguishing substance that is expelled by the action of internal pressure for the purpose of extinguishing a fire;

Notes:

- (a) *None*

“fluid” means gases, liquids, vapours in pure phase and mixtures thereof and may contain solids in suspension;

Notes:

- (a) *None*

“gas” means gases, liquefied gases, gases dissolved under pressure, vapours and those liquids whose vapour pressure at the design temperature is greater than 50 kPa above normal atmospheric pressure;

Notes:

- (a) *For example: Liquid water at 300°C at elevated pressure is defined as a gas.*
- (b) *When containment is lost and the fluid changes from liquid to gas (flashes), then the fluid is defined as a gas.*

“gas system” means an assembly of tubes, pipes or similar ducts, fittings and valves for the reticulation, circulation and conveyance of a gas, excluding a pressure vessel or transportable gas container connected to the system;

Notes:

- (a) *Refer also to the Definition of Reticulation*
- (b) *General process piping in processing plants is not deemed to be gas systems but shall comply with the requirements of SANS 347.*
- (c) *This includes fixed gaseous fire suppression systems.*
- (d) *gas system means reticulation and/or recirculation including all related piping, pressure and safety accessories.*
- (e) *recirculation means a refrigeration system referring to the movement of refrigerant gas via piping and heat exchangers through the process of condensation and evaporation;*

“latent defect” means a fault inherent in pressure equipment, resulting from deficiencies in the design or manufacturing process that may cause a health and safety risk;

Notes:

- (a) *means a defect in a component that could not be discovered by a reasonable inspection or test method which could include design error but does not include patent defect which should have been easily discovered by a reasonable inspection or test method*

“manufacturer” means any person who has overall control and is responsible for the construction of the pressure equipment;

Notes:

Where the design, material supply, part construction and the installation are done by different parties, a contractual agreement may be required to define who the manufacturer is. The intent is that the party that is in overall control of the above mentioned actions will take this responsibility and liability. This party is then responsible for issuing the Certificate of Manufacture. This can be for example the engineering contractor, the user, etc.

“modification” means any change to the original design conditions of pressure equipment, including re-rating, or the addition or removal of elements that could affect the integrity of the pressure equipment, and

Notes:

- (a) *Component replacement with different material types is deemed a modification*
- (b) *Component replacement with different material grades or the replacement of obsolete materials can be deemed as a modification, depending on the rules and requirements of the applicable health and safety standard or in-service health and safety standards.*

“modify” has a corresponding meaning;

Notes:

- (a) *None*

“non-metallic” means glass, thermoplastic or thermosetting polymeric reinforced and un-reinforced materials or combinations thereof;

Notes:

- (a) *None*

“pipeline” means piping or a system of piping designed for the transport and distribution of any fluid from an installation that is onshore or offshore, starting from and including the last isolation device located within the confines of the installation, including all the auxiliary equipment designed specifically for that pipeline;

Notes:

- (a) *None*

“piping” means pipes, tubes or flexible pressure hose elements intended for the transport or distribution of any fluid at a pressure of 50 kPa or above when connected together for integration into a system, including heat exchangers consisting of pipes for the purpose of cooling or heating air;

Notes:

- (a) *Instrument tubing is included in the PER*

“pressure accessory” means devices with an operational function having pressure-bearing housing;

Notes:

- (a) *Some examples include but are not limited to: pressure gauges, bladder and piston type accumulators, level gauges, valves, strainers, bellows, flow meter, magnetic level indicators and instruments.*

“pressure equipment” means a steam generator, pressure vessel, piping, pressure accessory and safety accessory, transportable gas container, and fire extinguisher and includes, but is not limited to an accumulator, a hot-water geyser and hyperbaric chambers;

Notes:

- (a) *None*

“pressure vessel” means a housing designed and manufactured to contain a fluid under a design pressure equal to or greater than 50 kPa;

Notes:

- (a) *Includes but is not limited to storage vessels, beer kegs, plate heat exchangers, mobile pressure vessels, road tankers, rail tankers, intermediate bulk containers (ICB's), ISO containers, accumulators other than bladder or piston type, multi element gas containers, fired heaters, hermetic compressors, etc. but excludes transportable gas containers and fire extinguishers which have their own definitions.*

“provincial director” means the provincial director as defined in regulation 1 of the General Administrative Regulations promulgated by Government Notice No. R 1449 of 6 September 1996;

Notes:

- (a) *None*

“re-certification” means activities undertaken to determine appropriate design parameters for pressure equipment where such data is unknown or unavailable;

Notes:

- (a) *See PER 9 Note (c)*
- (b) *Equipment that was not previously certified cannot be re-certified. The intent is that it only applies to equipment where traceability or identification is lost. (Use proposed future Annex to SANS 347 as a guide)*

“repair” means restoration to original standard by the application of heat or welding to any pressure equipment, or the replacement of expanded tubes, and in the case of non-metallic equipment it means the application of heat, welding, solvent cement, laminate or curing of thermo-set;

Notes:

- (a) *Component replacement with different material grades or the replacement of obsolete materials can be deemed as a repair where no changes to the original design are effected. The repair shall be in accordance with the rules and requirements of the applicable health and safety standard or in-service health and safety standards.*

“re-rating” means any change in the design parameters of pressure equipment which affects the certification;

Notes:

- (a) *Re-rating includes up-rating and down-rating*
(b) *See PER 9 Note (d).*

“reticulation” means the conveyance of gas by pipeline with a general operating pressure of no more than 200 kPa to the ultimate points of consumption;

Notes:

- (a) *This does not include transmission or distribution systems.*
(b) *General process piping in processing plants is not deemed to be reticulation, distribution or transmission systems.*
(c) *Refrigeration and air conditioning systems are closed recirculation systems and are not deemed to be a gas reticulation systems*
(d) *The design pressure may be more than 200kPa*
(e) *reticulation means the conveyance of gas by piping from or within a property boundary up to and including the ultimate points of consumption;*

“risk-based inspection” means an inspection scope based on the results of a formal risk assessment, including inspection and test intervals;

Notes:

- (a) *None*

“safety accessory” means a device designed to protect pressure equipment;

Notes:

- (a) *For example pressure relief valves or bursting disks*
(b) *This excludes non-pressurised safety accessories*

“SANS 151” means the Standard Specification for fixed electric storage water heaters, SANS 151, published by the South African Bureau of Standards;

Notes:

- (a) *None*

“SANS 347” means the Standard Specification for categorisation and conformity assessment criteria for all pressure equipment, SANS 347, published by the South African Bureau of Standards;

Notes:

(a) *None*

“**SANS 10227**” means the Standard Specification for the criteria for the operation of inspection authorities performing inspection in terms of the Pressure Equipment Regulations, SANS 10227, published by the South African Bureau of Standards;

Notes:

(a) *None*

“**SANS 10228**” means the Standard Specification for the identification and classification of dangerous goods for transport, SANS 10228, published by the South African Bureau of Standards;

Notes:

(a) *None*

“**SANS 10254**” means the Standard Specification for the installation, maintenance, replacement and repair of fixed electric storage water heating systems, SANS 10254, published by the South African Bureau of Standards;

Notes:

(a) *None*

“**SANS/ISO 17020**” means the Standard Specification for general criteria for the operation of various types of bodies performing inspection, SANS 17020, published by the South African Bureau of Standards;

Notes:

(a) *None*

“**steam generator**” means any apparatus to convert water continuously into steam at a pressure higher than that due to the atmosphere and where the heat is derived from a source other than steam, and includes any super heater or economiser which is an integral part of a steam generator or is separately fired there from, fired steam and hot-water boilers, waste-heat boilers, waste-incineration boilers, and electrode or immersion-type electrically heated boilers;

Notes:

(a) *Note that only steam generators with a design pressure equal to or greater than 50 kPa are included in the PER*

(b) *Autoclaves that generate steam shall be classified as steam generators. All others remain as pressure vessels.*

“**the Act**” means the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993);

Notes:

(a) *None*

“**transportable gas container**” means any refillable vessel for the storage and conveyance of liquefied, dissolved or compressed gases, of water capacity from 0,5 litres to 3 000 litres;

Notes:

(a) *Transportable gas container has the same meaning as the term “pressure receptacle” as defined in SANS 10019.*

- (b) *Transportable gas containers smaller than 0,5 litres are not regulated but shall be manufactured to a relevant health and safety standard when available.*
- (c) *Non refillable refrigerant, LP gas, butane and propane pressure receptacles compliant to SANS 10019 are deemed to be included in this definition.*
- (d) *Where LP gas, butane or propane is used as propellants only, within non refillable pressure receptacles these are excluded from the PER.*
- (e) *Mobile air compressors or transportable pressure vessels containing air are deemed not to be transportable gas containers but pressure vessels.*

“unique mark” means the mark and accreditation reference number of the approved inspection authority.

Notes:

- (a) *Accreditation reference number is the PER number (approval number) issued by the Department of Labour*

REGULATION 2 - SCOPE OF APPLICATION

- (1) These Regulations shall apply to the design, manufacture, operation, repair, modification, maintenance, inspection and testing of pressure equipment with a design pressure equal to or greater than 50 kPa, in terms of the relevant health and safety standard incorporated into these Regulations under section 44 of the Act.
- (2) Regulations 3, 4, 5, 9(1), 9(2) and 9(3) shall not apply to pressure equipment in use or on order prior to the publication of these Regulations, which equipment shall be designed and constructed according to the requirements applicable at the time of order.
- (3) The following pressure equipment shall be excluded from these Regulations:
 - (a) Piping for the supply, distribution and discharge of water below its boiling point at atmospheric pressure and associated pressure equipment and headraces such as penstocks, pressure tunnels, pressure shafts for hydro-electric installations and their related specific pressure accessories;
 - (b) aerosol dispensers;
 - (c) pressure equipment intended for the functioning of road and rail vehicles, excluding a fuel gas system;
 - (d) pressure equipment comprising casings or machinery where the dimensioning, choice of material and manufacturing rules are based primarily on requirements for sufficient strength, rigidity and stability to meet the static and dynamic operational effects or other operational characteristics and for which pressure is not a significant design factor, and such pressure equipment may include —
 - (i) engines, including turbines and internal combustion engines;
 - (ii) reciprocating steam engines, gas turbines, steam turbines, turbo-generators, compressor engines, pumps and actuating devices;
 - (e) open metal-making pots and blast furnaces
 - (f) housing for electrical machinery such as switchgear, control gear, transformers and rotating machines;
 - (g) tyres and flexible pressurised casings used for recreational purposes;
 - (h) fixed electrical hot-water storage container of water capacity from 15 litres to 450 litres operating at a maximum pressure of 600 kPa manufactured to the requirements of SANS 151, which shall be installed in accordance with the requirements of SANS 10254.

Notes:

- (a) *Order placement means the date that the contract is placed by the user for basic engineering design*
- (b) *Any health and safety standard in SANS 347 may be used as if it was incorporated in previous Regulations. Equipment that was manufactured and certified to a Health and safety standard under previous acts/regulations prior to implementation of PER are deemed to be certified.*
- (c) *The intention of PER 2(3)(a) was to exclude piping and pipelines used for the transport of water.*
- (d) *The intention was to exclude only piping and pipe lines used for the transport of water, but not to exclude gas filled accumulators used for the regulation of pressure surges.*
- (e) *Locomotives (steam generators on rail or road) were not intended to be excluded.*
- (f) *Existing pressure equipment that was manufactured prior to PER that requires to be replaced must follow the rules of the PER. Pressure Equipment that was regulated under previous regulations may be repaired and modified with full AIA involvement and does not need to be*

categorised.

- (g) An existing pressure vessel that was not regulated under previous regulations but could now fall within the scope of the PER does not need to comply to PER provided that any modification to be done will not cause the pressure vessel to have been regulated by the previous regulations in force at the time of construction. If the pressure vessel after the modification falls within previous regulations, the pressure vessel now needs to comply to the PER requirements.*
- (h) Equipment categorized as SEP as per the relevant SANS 347 graphs are regulated but need not meet any other regulatory requirements, but shall be manufactured to SEP rules as required in SANS 347*
- (i) PER does not regulate external pressure (vacuum.)*
- (j) PER only regulates pressure equipment with a design pressure equal to or greater than 50 kPa irrespective of any contradictory definition given in the PER.*
- (k) Pressurised road tankers, rail tankers, intermediate bulk containers (IBC's), ISO container and multi element gas containers are regulated by the PER.*
- (l) Equipment manufactured prior to 23 October 1992 and which was designed, constructed and manufactured in accordance with regulations in force at that time do not require a certificate of manufacture (see regulation 2 of VUP). Re-certification to the PER is not a requirement.*
- (m) Hydraulic and pneumatic cylinders, or actuators meeting the requirements of PER 2(3)(d) are not regulated*
- (n) Refrigeration and air conditioning compressors of the semi-hermetic and open drive type are excluded*
- (o) Hermetic compressors are classified as pressure vessels and for categorization purposes the free volume of the refrigerant shall be used for categorization.*
- (p) Plate heat exchangers shall be classified as pressure vessels and shall be categorised as per SANS 347.*
- (q) Imported pressure equipment with a design pressure of 50kPa that is not conformity assessed and is exempted from the PED, does not meet the requirement of the PER.*
- (r) All flexible hoses that fall within the scope of the PER shall be manufactured, modified or repaired in accordance with approved health and safety standards and shall meet the conformity assessment requirements of SANS 347.*
- (s) Internal pipe coils in atmospheric storage tanks shall be handled as piping.*
- (t) Beer kegs are regulated by the PER.*
- (u) Fuel gas vehicles are regulated by the PER.*
- (v) The intent of Regulation 2.(2) was not to make any of the Regulations within the PER retrospective.*
- (w) The Water referenced in 3 (a) above is raw water and potable water.*

REGULATION 3 – GENERAL REQUIREMENTS

- (1) Any person who manufactures, imports, sells, offers or supplies any pressure equipment described in these Regulations for use in the Republic shall ensure that such equipment complies with these Regulations.
- (2) Any person who erects or installs any pressure equipment for use in the Republic shall ensure, as far as is reasonably practicable, that it is erected or installed in a safe manner and without risk to health and safety when properly used.
- (3) All pressure equipment for use in the Republic shall be categorized and submitted to the applicable conformance assessments of SANS 347 in addition to the requirements of the relevant health and safety standard incorporated into these Regulations under section 44 of the Act.

Notes:

- (a) *Existing equipment which was regulated under previous regulations need not be categorized provided full AIA involvement is maintained during repairs or modifications.*
- (b) *The relevant health and safety standards are not listed in section 44 of the act. They are listed in, Annex A of SANS 347 but have been updated and gazetted for incorporation in the existing schedule.*
- (c) *Requests for the inclusion of additional health and safety standards into SANS 347 shall be submitted to the DoL (Occupational Health and Safety Department, private bag X117 Pretoria 0001) with motivation and copy of the relevant Health and Safety Standard in English.*

REGULATION 4 - DUTIES OF MANUFACTURERS

- (1) The manufacturer shall have an obligation to ensure that all equipment designed and manufactured for use in the Republic shall be conformity assessed and subjected to the requirements set out in SANS 347.
- (2) Subject to the requirements set out in the relevant health and safety standard incorporated into this Regulation under section 44 of the Act, the manufacturer shall ensure that the pressure equipment as manufactured, modified, inspected, tested or repaired is safe and without risks to health when properly used.
- (3) Subject to the requirements of this regulation a manufacturer shall issue a certificate of manufacture for all pressure equipment supplied, with a verification signature by an approved inspection authority when so required.
- (4) Subject to the requirements of this regulation a manufacturer shall comply with any other duty assigned to the manufacturer in these regulations.
- (5) A manufacturer who determines that pressure equipment in use has a latent defect shall advise the chief inspector in writing forthwith thereof and of measures being taken to correct the defect.

Notes:

- (a) *The certificate of manufacture must declare conformance to the Pressure Equipment Regulations. The Certificate of Manufacture is equivalent to the Certificate of Conformity as stated in SANS 347.*
- (b) *Categorization may be done by another party (for example the user) provided the manufacturer formally accepts such categorisation and maintains full responsibility for compliance.*
- (c) *The certificate of manufacture, has the same meaning as certificate of conformity, manufacturers data report and declaration of conformity.*
- (d) *Manufacturers shall ensure that for refrigeration and air conditioning systems an approved health and safety standard is used.*
- (e) *Locally manufactured pressure equipment that are ASME or CE marked for use in the Republic shall also undergo a conformity assessment review, to ensure the additional requirements of PER are met, and shall be verified by an AIA where applicable.*
- (f) *Where it has been agreed that the user's original design is to be used on a total replacement in accordance with Regulation 6 guide note (i), a comprehensive method statement on the entire construction shall be mutually agreed to by the user, manufacturer and AIA. Cognisance of any applicable code revisions should be considered.*
- (g) *No pressure vessel or steam generator shall be manufactured, modified or repaired to the RSA/CI/OHSA certification requirements by a Manufacturer who's Quality Management System is not accredited by an approved Certification Body in-accordance with Annex C of SANS 347 from the date of gazette of the PER Revision 2 Guide Notes.*

REGULATION 5 - DUTIES OF IMPORTERS AND SUPPLIERS

- (1) Importers and suppliers shall ensure that pressure equipment sold complies with the requirements of this Regulation.
- (2) The importer shall assume the liability of the manufacturer in terms of this Regulation.
- (3) Any pressure equipment that requires a permit to be issued by an organisation approved by the chief inspector shall ensure that such approval is obtained by the importer or manufacturer before the pressure equipment is placed in the market: Provided that such equipment shall comply with the relevant health and safety standard incorporated into these Regulation under section 44 of the Act.

Notes:

- (a) *The importer is the entity which imports pressure equipment for use and/or re-sale in South Africa. The importer must be a juristic person in RSA.*
- (b) *The importer of pressure equipment into the RSA assumes the liability of the manufacturer and must declare conformance in writing to the PER. This conformity assessment review shall be countersigned by an AIA as applicable. The AIA shall only verify conformity assessment reviews for imported pressure vessels, steam generators and assemblies for Category II equipment and higher.*
- (c) *Category I equipment and below does not require verification of the conformity assessment review by the AIA.*
- (d) *Where users or their agents appoint entities to manage procurement and construction of imported pressure equipment, this entity is in overall control and is deemed the importer.*
- (e) *The permit referenced in PER 5(3) is applicable to fire extinguishers in accordance with SANS 1475, LPG cylinders to SANS 10019 and other verification schemes as mandated by the Chief Inspector.*
- (f) *Importer shall ensure that the foreign inspection and certification bodies meets the requirements of PER 7(3)(b) with respect to ISO 17020, 17021 or higher accreditation and scope of accreditation together with the applicable health and safety standard.*
- (g) *Series produced pressure equipment with type test certification and a declaration of conformity by the manufacturer may be conformity assessed by the importer and verified by an AIA where applicable using a once off conformity assessment review certificate for that type provided the manufacturer and notified body and the country of origin remains the same.*
- (h) *Imported pressure vessels, safety accessories and pressure accessories categorised under the PED need not be re-categorized in accordance with SANS 347 where the fluid group differs.*
- (i) *Reasonable steps required from the Importer to fulfil his liability as the manufacturer are:*
 - (i) *The Importer is obligated to perform a conformity assessment review in accordance with SANS 347 and issue a conformity assessment review certificate with a verification signature by the Importer appointed Approved Inspection Authority (AIA) as applicable.*
 - (ii) *The Importer shall ensure that the equipment has been categorized and submitted to the applicable conformance assessments of SANS 347 or Pressure Equipment Directive as applicable (see sub-regulation 3.(3)).*
 - (iii) *The Manufacturer is obliged to ensure that the pressure equipment has been constructed in full accordance with a relevant health and safety standard (see sub-regulation (4.(1)) with the Importer only required to verify that the health and safety standard used by the Manufacturer for construction is listed in SANS 347.*
 - (iv) *The pressure equipment is provided with a certificate of manufacture which reflect the*

verification of an approved inspection authority (AIA), Authorized Inspector (AI) or Notified Body (NB) when so required (see sub-regulation 4.(3)).

- (v) Ensuring that the approved inspection authority (AIA), Authorized Inspector (AI) or Notified Body (NB) meets the requirements stipulated in sub-regulation 7 and guide note (c).*
- (vi) The pressure equipment marking satisfies the requirements of sub-regulation 9 through the addition of an additional data plate by the Importer if required. The additional data plate does not need to reference the importer.*
- (vii) Pressure equipment and/or assemblies are fitted with the required safety accessories as required by sub-regulation 10.*
- (viii) The Importer shall ensure that the provided documentation accompanying the imported equipment satisfies the requirements of sub-regulation 14. In the case of assemblies the Importer shall ensure that a global conformity assessment review certificate accompanies the assembly*
- (ix) Confirming that the pressure equipment is in full compliance, but not limited to, the applicable PER requirements.*

REGULATION 6 - DUTIES OF USERS

- (1) The user shall ensure that the pressure equipment is operated and maintained within its design and operating parameters.
- (2) The user shall, subject to the relevant health and safety standard incorporated into these Regulations under section 44 of the Act –
 - (a) provide the manufacturer, repairer or modifier with comprehensive information of the operating or intended operating conditions of the pressure equipment, including the characteristics of the fluid and operating parameters of other connected pressure equipment, where reasonably practicable;
 - (b) ensure pressure equipment has a certificate, issued by the manufacturer, including a verification signature by an approved inspection authority when required, which certifies that the pressure equipment has been designed and manufactured in accordance with the relevant health and safety standard incorporated into these Regulations under section 44 of the Act;
 - (c) ensure pressure equipment has a certificate issued by the repairer or modifier, including a verification signature by an approved inspection authority when required, which certifies that the pressure equipment has been modified or repaired in accordance with the relevant health and safety standard incorporated into these Regulations under section 44 of the Act;
 - (d) ensure that pressure equipment has a certificate issued by an approved inspection authority before commissioning, where applicable; and
 - (e) ensure that a gas system has a valid certificate issued by an authorised person.

Notes:

- (a) *The user shall ensure that the prescribed information is provided to the manufacturer.*
- (b) *The certificate required in PER 6(2)(d) above is the pre-commissioning inspection certificate as required in PER 11(1)(a)*
- (c) *The certificate required in PER 6(2)(e) is the certificate in Annexure 1 and shall be issued by an authorised person and not by an AIA-*
- (d) *For pressure equipment which are rented out by the owner, the duties of the user remain with the owner (i.e. certificate of manufacture remains with the owner).*
- (e) *In respect to PER 6(2)(b), filled transportable gas containers imported from an overseas supplier, for a dedicated user with the intent to return the transportable gas container when empty to the overseas supplier, these shall be deemed compliant based on the transportable gas container having been manufactured to a listed "Health and Safety Standard" incorporated into the PER (See PER 3 Note (b)) and which meet all of the relevant transportation requirements prior to shipping. Equipment does not need to meet any of the additional PER requirements if the equipment is returned within 60 days of import.*
- (f) *In respect to the duties of the user in relation to privately owned transportable gas containers up to and including 150 litres water capacity, the certificate of manufacture referred to in PER 6(2)(b) may be retained by the Importer or the Supplier*
- (g) *For transportable gas containers which are privately owned the certificate of manufacture remains with the manufacturer. The owner may request the certificate of manufacture from the manufacturer / importer.*
- (h) *Equipment manufactured prior to 23 October 1992 and which was designed, constructed and manufactured in accordance with regulations in force at that time do not require a certificate of manufacture (see regulation 2 of VUP). Re-certification to the PER is not a requirement.*

- (i) *Where the user requires identical total replacement of pressure vessels, steam generators or piping due to dimensional constraints or weight limitations, in accordance with the original design calculations and drawings, the user shall ensure that the design is approved and verified as applicable in accordance with these Regulations. The user shall declare that the existing design is satisfactory for the intended service conditions based on historical service records. Intellectual property rights should be considered.*

REGULATION 7 – APPROVAL AND DUTIES OF APPROVED INSPECTION AUTHORITY

- (1) Only an organisation holding an approval certificate from the chief inspector shall perform the duties of an approved inspection authority within the scope of accreditation.
- (2) An application for approval in terms of sub regulations (1) shall include the applicant's proof of accreditation prescribed by paragraph (a) or (b) of sub regulations (3), including full contact details and address.
- (3) The chief inspector's approval –
 - (a) of inspection bodies operating in the Republic shall be subject to the submission of an accreditation certificate issued by the accreditation authority in accordance with the requirements of SANS/ISO 17020 and SANS 10227: Provided that the chief inspector may set additional requirements before granting approval; or
 - (b) of foreign inspection bodies shall be subject to the submission of an accreditation certificate issued by an International Laboratory Accreditation Cooperation (ILAC) or an International Accreditation Forum (IAF), Mutual Recognition Arrangement signatory in accordance with the requirements of ISO/IEC 17020: Provided that –
 - (i) the foreign inspection body shall ensure compliance with all the duties assigned to an approved domestic inspection authority in terms of these Regulations and within their scope of accreditation together with the applicable health and safety standards; and
 - (ii) the chief inspector may set additional requirements before granting approval.
- (4) Imported pressure equipment stamped by an ASME authorised manufacturer in compliance with the full ASME Code of Construction shall be deemed to meet the requirements of these Regulation.
- (5) In the event of a dispute of a technical or safety issue, which could not be reasonably resolved between an approved inspection authority and any interested party, including the user, modifier, repairer or manufacturer, an interested party may refer the case to the chief inspector in writing for arbitration, setting out the full details of the dispute.
- (6) Upon receiving such a dispute in terms of sub regulation (5), the chief inspector may appoint an arbitrator mutually agreed upon between the parties.
- (7) A case referred to the chief inspector in terms of sub-regulation (5) shall be investigated and arbitrated within a maximum of 90 days.
- (8) An approved inspection authority shall ensure compliance with all the duties assigned to an approved inspection authority in this Regulation within its scope of accreditation and the relevant health and safety standard.

Notes:

- (a) *PER 7(4) states that imported pressure equipment stamped by an ASME authorized manufacturer in compliance with the full ASME code of construction shall be deemed to meet the requirements of these regulations. The intent was that such certification is deemed to be meeting the requirements of the Health and Safety Standard, however any additional requirements of the PER, e.g. Marking, shall also be complied with. This may require the application of an additional data plate meeting the PER requirements e.g. units of measure and categorisation. Equipment is to be categorised by the Importer for future repair, modification and in-service inspection requirements. Equipment that is ASME or CE marked in accordance with a Health and Safety Standard do not need to comply to the requirement in SANS 347 for approval by a Professional Engineer.*

- (b) *Pressure equipment that is ASME marked by a local manufacturer meets the requirements of PER 7(4). The manufacturer shall comply with the additional requirements of PER as in Note (a) above and issue conformity assessment review certificate countersigned by an AIA for category II and higher.*
- (c) *From 1 January 2012 all foreign inspection bodies shall be accredited to ISO 17020, ISO 17021 or higher, in accordance with the conformity assessment modules of SANS 347, as applicable. If these requirements are met no submission to DoL for approval is required. NBIC authorised agencies are approved unconditionally. The Importer shall ensure compliance to PER 5 Note (f) when conducting the conformity assessment review on imported pressure equipment. For pressure equipment where an AIA is required, the AIA shall verify compliance to the accreditation requirements of the foreign inspection bodies.*
- (d) *In-service inspection authority scope is limited to the duties as listed in PER 11(1)(c) and (d) only. The scope of inspection determined by the RBI study conducted under PER 12 shall be conducted by the in-service inspection authority. All other duties as required by an Approved Inspection Authority shall be performed by a manufacturing AIA as stipulated in SANS 10227 5.1(c).*
- (e) *ASME "UM" certification marked vessels Category II and higher shall not be accepted if not conformity assessed to an equivalent SANS 347 module G.*

REGULATIONS 8 – REGISTRATION OF A STEAM GENERATOR

- (1) No user may use a steam generator unless such user is in possession of a certificate of registration issued in terms of sub regulations (3) for that steam generator.
- (2) Application for registration to use a steam generator shall be made prior to use to the provincial director in the form of Annexure 2, including copies of a certificate from the manufacturer and from the approved inspection authority after installation prior to commissioning: Provided that this sub regulations shall not apply in respect of the re-erection of a steam generator on the same premises.
- (3) On receipt of an application for registration in terms of sub regulations (1), the provincial director shall forward that application to an inspector who may issue a certificate of registration in the form of Part C of Annexure 2 in respect of that steam generator, subject to the conditions that may be specified on the certificate.
- (4) Any user of a steam generator for which a certificate of registration has been issued shall cause the certificate of registration to be made available on request to an inspector or an approved inspection authority.
- (5) A user shall, within seven days after discovering that the certificate of registration has been lost, defaced or destroyed, apply to the provincial director in the form of Part A of Annexure 2 for the issue of a duplicate certificate, and affix the fee of R100,00 in the form of uncanceled revenue stamps to such an application.
- (6) On receipt of an application in terms of sub regulations (5), the provincial director shall issue the duplicate certificate if he or she is satisfied that the original certificate has been lost, defaced or destroyed.
- (7) A user of a steam generator shall immediately notify the provincial director in writing when –
 - (a) such steam generator is no longer in use;
 - (b) the right of control over the use of the steam generator is transferred by the user to any other user; or
 - (c) the user moves the steam generator to premises other than the premises reflected on its certificate of registration.
- (8) A certificate of registration issued in terms of sub regulations (3) shall lapse –
 - (a) upon the transfer of the right of control over the use of the steam generator to another user; or
 - (b) when a steam generator is removed from the premises reflected on its certificate of registration.

Notes:

- (a) *All existing registered steam generators do not need to be re-registered under the new regulations. If there are any changes to the design criteria of the steam generator, the user is responsible to get the revised certificate of registration issued by the provincial director.*
- (b) *The revenue stamps are not applicable. All required payments shall be made at a relevant Provincial Labour Office.*
- (c) *For the re-issuing of steam generator registration certificates, application shall be made to the relevant Provincial Labour Office.*
- (d) *Autoclaves classified as steam generators shall be categorised but shall not be registered with the Provincial Labour Office.*

REGULATIONS 9 – PRESSURE EQUIPMENT MARKING

- (1) Every manufacturer of pressure equipment shall cause the pressure equipment to be marked in accordance with the relevant health and safety standard incorporated into these Regulations under section 44 of the Act.
- (2) Every manufacturer shall cause a data plate to be permanently fixed in a conspicuous place to any steam generator or pressure vessel with the following minimum particulars:
 - (a) Name of manufacturer;
 - (b) country of origin;
 - (c) year of manufacture;
 - (d) manufacturer's serial number;
 - (e) reference number, date and edition of the health and safety standard;
 - (f) design pressure in units of Pascal;
 - (g) design temperature for both minimum and maximum in degrees Celsius;
 - (h) capacity in cubic metres;
 - (i) unique mark of an approved inspection authority as applicable; and
 - (j) the hazard category in accordance with the requirements of SANS 347.
- (3) In the case of composite pressure equipment the following information shall be included in addition to that referred to in sub regulations (2):
 - (a) The resin system of the corrosion barrier/lining;
 - (b) the resin system of the structural wall; and
 - (c) the name and specific gravity of the medium for which the vessel was designed.
- (4) No person may remove a marking or data plate referred to in these Regulations or wilfully damage or alter the particulars marked thereon, except as provided in these Regulations.
- (5) A user shall ensure that any modification that changes the original design conditions is identified by affixing an additional data plate.
- (6) A user shall ensure that a data plate is affixed to any steam generator or pressure vessel that has been re-certified: Provided that where the manufacturer is unknown, the user responsible for the re-certification shall be deemed to be the manufacturer.

Notes:

- (a) *For imported pressure equipment not meeting the Pressure Equipment Regulations marking requirements, the importer shall affix an additional data plate containing the missing or correct information. The additional data plate does not need to reference the importer.*
- (b) *The AIA shall verify compliance to the PER for Category II and higher imported pressure vessels, steam generators and assemblies. The AIA shall stamp the additional data plate required by PER to indicate that the AIA was involved with the conformity assessment review and shall countersign the conformity assessment review certificate.*
- (c) *Re-certification of a steam generator and pressure vessels may only be undertaken as per the proposed Annexure A of SANS 347. Re-certification of transportable gas containers is as per SANS 10019.*
- (d) *Equipment that has been re-rated to operate at different design conditions shall be verified by an AIA.*

- (e) *Pressure equipment other than steam generators and pressure vessels may be marked in Bar, only where regulated by the Health and Safety Standard.*
- (f) *For very small pressure vessels where a normal sized data plate cannot be permanently fixed in a conspicuous place as stated in PER 9(2), a data plate may be affixed with a corrosion resistant metal wire to this pressure vessel or alternatively a durable sticker.*
- (g) *Local manufactured equipment not fully compliant with ASME certification requirements must be in accordance with SANS 347 Annex C requirements.*
- (h) *No changes or corrections shall be made on any nameplate, but through the addition of a new nameplate with only the corrected information.*
- (i) *For RSA/CI/OHSA certified equipment the markings in 9.(2).(e) above shall typically be:*
RSA/CI/OHSA – AA – BB – CC
RSA/CI/OHSA = ASME
AA = Section (VIII Division1 = 8.1)
BB = Edition (2015 = 15)
CC = Any additional markings required by ASME
- (j) *For imported pressure vessels and steam generators that are CE marked which reference ASME as the design standard but are not in full compliance of ASME certification mark requirements, the additional data plate shall be stamped PED/RSA/CI/OHSA-AA-BB-CC.*
- (k) *For repairs a repair nameplate is not required even if specified by and in-service health and safety standard.*

REGULATIONS 10 – PRESSURE AND SAFETY ACCESSORIES

- (1) No user may require or permit pressure equipment to be used unless it is provided with all the pressure and safety accessories required by the relevant health and safety standard which is incorporated into these Regulations under section 44 of the Act and used in the design, construction and manufacture of such pressure equipment: Provided that alternative safety accessories other than those required by the standard may be fitted with the written approval of an approved inspection authority.
- (2) In the absence of a requirement referred to in sub regulations (1) in the relevant health and safety standard which is incorporated into these Regulations under section 44 of the Act and used in the design, construction and manufacture of such pressure equipment, safety accessories shall be provided by the user as required by the approved inspection authority and those safety accessories shall be so selected, arranged and installed as to be safe for the particular purpose for which the pressure equipment is to be used.
- (3) Every user of a steam generator or pressure vessel shall ensure that the steam generator or pressure vessel in use is fitted with at least one pressure measuring device.
- (4) Every user of a steam generator or pressure vessel shall ensure that the steam generator or pressure vessel in use is fitted with at least one safety valve and that safety valve is kept locked, sealed or otherwise rendered inaccessible to any unauthorized person.
- (5) The number and capacity of the safety valve referred to in sub regulations (4) shall comply with the requirements of the design standard for the steam generator or pressure vessel or as required in terms of sub regulations (2).
- (6) Every user shall ensure that the automatic controls and indicators of a steam generator, pressure vessel or piping are arranged, installed, maintained and operated in accordance with the relevant health and safety standard which is incorporated into these Regulations under section 44 of the Act and used in the design and manufacture of the steam generator, pressure vessel or pressurized system: Provided that in the absence of such provisions, where automatic controls and indicators are installed, they shall be selected, arranged and installed subject to the written approval of an approved inspection authority.

Notes:

- (a) *PER 10(1) allows the user to use system protection where the health and safety standard allows it and regulation 10(4) is superfluous.*
- (b) *Pressure indicating device does not need to be located directly on the equipment but may be remotely displayed for example on distributed control systems.*
- (c) *The pressure measuring device shall be located such that it is representative of the highest pressure in the system. It shall not be possible to isolate any of the equipment with the pressure measuring device from other equipment relying on that pressure measuring device in the system while in operation. The intent is to have control over the pressure in the pressure equipment.*
- (d) *Pressure and safety accessories on steam generators or pressure vessels may be installed according to the PER at the time of commissioning of the equipment. For example pressure equipment regulated under the previous regulations can have system protection as allowed by the PER.*
- (e) *Safety accessories for ASME pressure equipment will be certified by either ASME or a European Category IV Conformity Assessment*
- (f) *Safety accessories protecting non pressure equipment as excluded in PER 2.(3) shall be conformity assessed in accordance with SANS 347*
- (g) *The user is responsible to ensure that safety and pressure accessories are installed, maintained and set as per the requirements of the applicable health and safety standard. [See also PER 11*

Note (j)]

- (h) Pressure accessories shall be classified independently of the pressure equipment to which it is attached*
- (i) Over pressure protection by means of system design including instrumented safety systems such as high-integrity pressure protection system (HIPPS) may be used instead of pressure relief devices provided that the system is recognised by the relevant health and safety standard which is incorporated into these Regulations under Section 44 of the Act*

REGULATIONS 11 – INSPECTION AND TEST

- (1) Subject to the requirements of the relevant health and safety standard incorporated into these Regulations under section 44 of the Act, the user shall cause –
 - (a) steam generators or pressure vessels, including pressure and safety accessories, after they are installed or re-installed and before they are commissioned, to be subjected to a witnessed internal and external inspection of a hydraulic pressure test to 1,25 times the design pressure by an approved inspection authority: Provided that Category I equipment as categorized in terms of SANS 347 may be inspected, tested and witnessed by the user: Provided further that the user may, subject to the written approval of an approved inspection authority, dispense with the internal inspection and hydraulic pressure test where it could have an adverse effect on the operation or integrity of the pressure equipment;
 - (b) piping to be inspected and tested by the manufacturer after manufacture, installation, modification or repair and before commissioning in accordance with the relevant health and safety standard incorporated into these Regulations under section 44 of the Act, and, where applicable, to be witnessed by an approved inspection authority: Provided that Category I equipment as categorized in terms of SANS 347 may be inspected, tested and witnessed by the user;
 - (c) every fire-tube steam generator to be subjected to an external inspection every 12 months and a witnessed hydraulic test and crack detection of critical welds every 36 months, by an approved inspection authority for in-service inspection appointed by the user in writing;
 - (d) every pressure vessel and steam generator, excluding those referred to in sub regulations (3), to be subjected to an internal and external inspection and a hydraulic test to a pressure of 1,25 times the design pressure by an approved inspection authority for in-service inspection appointed by the user in writing, at intervals not exceeding 36 months: Provided that Category I equipment as categorized in terms of SANS 347 may be inspected and tested by the user: Provided further that where the pressure equipment is not subject to deterioration processes, the user may dispense with the internal inspection and hydraulic pressure test, subject to a maximum period of nine years for that pressure vessel or steam generator and written approval by an approved inspection authority: Provided further that the chief inspector may require a specific steam generator or pressure vessel to be inspected or tested more frequently; and
 - (e) all piping and pipelines to be inspected and tested in accordance with the relevant in-service health and safety standard: Provided that where the health and safety standard does not prescribe in-service inspections and test intervals, such intervals shall be determined by a risk-based inspection applying sound engineering practice: Provided further that such inspection and test for Category II equipment and higher as categorized in terms of SANS 347 shall be performed by a competent person referred to in regulations 1 of the General Machinery Regulations, 1988.
- (2) Where it is impracticable to use a liquid for the hydraulic pressure test referred to in sub regulations (1)(d) or (e), the test may, subject to the prior written approval of an approved inspection authority, be carried out with an inert gas to a pressure of 1,1 times the design pressure: Provided that, where reasonably practicable, the test shall be preceded by an internal inspection and any conditions and precautionary measures determined by the user and approved by the approved inspection authority.
- (3) Where an inspection or test carried out in terms of sub regulations (1)(c), (d) and (e) reveals any weakness or defect whereby the safety of persons may be endangered, the weakness or defect shall be reported forthwith to the user by the person carrying out the inspection or test and the user shall forthwith cease the use of the pressure equipment until such weakness or defect has

been rectified to the satisfaction of the person who carried out the inspection and the approved inspection authority concerned in cases of modifications or repairs, as the case may be, or the steam generator, pressure vessel or storage vessel has been re-rated to the satisfaction of the approved inspection authority.

Notes:

- (a) *No qualifications for the user is defined in order to inspect Category I and lower equipment, but the person should have knowledge of and experience in the requirements of the Pressure Equipment Regulations and the applicable health and safety standard.*
- (b) *Witnessed inspections and tests, means that the person performing the inspection is present during the pressure test required by the PER and performs the internal and external inspections.*
- (c) *PER 11(1)(b) requires the manufacture who does the final assembly to inspect and issue a Certificate of Manufacture, co-signed by AIA where applicable and verify that the installation meets the PER requirements. This does not require a manufacturer who manufactures and certifies a pipe section which will be installed by the user to inspect and test the pipe before commissioning. The user shall take accountability for the installation (bolt-on) and certifies that the installation meets the requirements of the PER.*
- (d) *“Critical Weld – are deemed to be all tube sheets to shell welds that were not made as full penetration welds or other welds whose failure can result in a catastrophic incident and shall be surface crack and ultrasonically tested. The critical welds in fire- tube boilers are Shell – to Endplates, Furnace to Endplates, Access tube to Endplates and Ash Drop out chutes to Furnace and Shell. These welds are specified in Guidelines for the examination of Boiler Shell to End plate and Furnace to Endplate and Welded joints published by Safety Assessment Federation Limited, London, UK”*
- (e) *Waste heat steam generators are not deemed to be fire tube steam generators.*
- (f) *The intent of PER 11(1)(d) is to provide two routes for extension of in-service inspection intervals for Category I – IV equipment not subject to deterioration processes: For deterioration mechanisms resulting in predictable material loss only, the extension may be granted based on proven history to a maximum of 9 years (the corrosion allowance may not be consumed within 20 years); and for all other deterioration mechanisms PER 12 applies. This extension may not be granted by the in-service inspection authority.*
- (g) *Approval for permanent dispensation from the in-service hydraulic pressure test when requested by the user, may be granted by an approved inspection authority (AIA Manufacturing), Provided that the equipment is subjected to appropriate inspections and tests based on Health and Safety Standards as listed in SANS 347 which includes as a minimum, a visual inspection, and appropriate non-destructive testing to detect the expected deterioration associated with the service condition or appropriate non-intrusive inspection of internal surfaces and representative visual external inspection.*
- (h) *In PER 11(1)(e) the competent person, as defined in GMR 1, shall be a person competent in his field of activity. The GMR 2.1 shall appoint a person to perform these inspections and test after confirming that they have appropriate knowledge and experience.*
- (i) *As per PER 11(1)(e) all existing piping and pipelines need to be inspected in accordance with relevant in-service health and safety standards inspection requirements. Risk assessment approach is required and not a full RBI as per PER 12.*
- (j) *Pressure and safety accessories do not need to be attached during in-service inspection and tests but are required during pre-commissioning inspections. Safety accessories shall be maintained in accordance with the requirements of an appropriate Health and Safety Standard or to a maximum inspection interval equivalent to the pressure equipment it protects. The AIA is not required to witness the resetting of the pressure safety accessory.*
- (k) *Non flammable gas such as air may be used in lieu of inert gas for pneumatic testing. ASME*

PCC-2 may be used as guidance for safety precautions during pneumatic testing.

- (l) SAQCC CP steam generator and SAQCC CP Vessel inspectors have to do inspection under control of the quality control system of an AIA for in-service inspection. Free-lance inspectors are not allowed to inspect equipment as from the 1 April 2011.*
- (m) Equipment that was previously exempted from inspection and testing under VUP rules such as in refrigeration plants and gas installations inspections may only be dispensed with up to 9 years. Implementation of an RBI management system as stipulated in PER 12 is required to extend intervals beyond 9 years. For refrigeration systems compliance to SANS 10147 in service inspection requirements in lieu of the RBI management system is acceptable. Dispensation as stated above must be approved by an Approved Inspection Authority.

Alternatively exemptions need to be applied for by the relevant users or industry bodies from the DoL. Exemptions issued to industry bodies will only be valid for the members of the relevant body.*
- (n) The intent of the pre-commissioning inspection by the AIA is to verify that the user is in full compliance with the PER. If the user or his representative deems the equipment to be adversely affected by the internal inspection and pressure test such as in complex equipment, assemblies, heat exchangers etc. the user may apply for approval of dispensation to the AIA. The AIA as a minimum shall verify that pressure equipment, while being transported, erected or worked on was not damaged, that no unauthorized hot work was performed without AIA verification.*
- (o) Existing equipment regulated prior to the PER may retain the existing inspection intervals until the first inspection after the PER came into effect. There after full compliance to the inspection interval requirements of the PER shall be adhered to including the implementation of RBI.*
- (p) PER 11(2) also applies to PER 11(1)(a)*
- (q) Where reference is made in the PER to AIA, it refers to manufacturing AIA. Reference to the In-service AIA is for the in-service inspection function only. See guide note under PER 7.*
- (r) Refrigeration and air conditioning systems shall be inspected and tested in accordance with PER 11.1.(a) and (d).*
- (s) Transportable gas containers shall be inspected by a SANAS accredited and DoL approved gas test station.*
- (t) Bladder/piston type accumulators are also classified as pressure accessories*
- (u) The intent of the 12 monthly external online visual inspection of fire tube steam generators is only to detect any visible steam leaks associated with the critical welds as mentioned in note (d) above.*
- (v) The user is not responsible for the inspection activities for rented pressure equipment, this responsibility remains with the owner, unless otherwise agreed by the contracting parties.*
- (w) Deferment requested by the user, of inspection and tests as per 11.1(d) may only be approved by an AIA in writing to a maximum period of 6 months and subjected to the provisos of the AIA.*
- (x) The Pre-commissioning dates allocated to pressure vessels and steam generators that form part of an integrated process unit, is the date of commissioning as per design intent of the process unit and not the individual equipment. The equipment in-service inspection and test interval commences on this date.*

REGULATIONS 12 – RISK BASED INSPECTION

- (1) The user may, as an alternative to the in-service inspection and testing interval requirements referred to in regulations 11(1)(d), implement a risk-based inspection management system in accordance with the relevant health and safety standard incorporated into these Regulations under section 44 of the Act.
- (2) A risk-based inspection process and implementation shall be verified by a certification body accredited by the accreditation authority in terms of ISO 17021 specifically for risk-based inspections and approved by the chief inspector.

Notes:

- (a) *ISO 17021 applies to certification bodies and ISO 17020 applies to inspection bodies. The functions required for Risk Base Inspection process and implementation requires the use of ISO 17021 and not ISO 17020 since criteria are different.*
- (b) *The new inspection interval for Cat 1 and higher shall also be approved by an approved inspection authority as in PER 11(1)(d) and frequencies in excess of 9 years can be approved provided it meets the RBI management system criteria.*
- (c) *Users who wish to implement a risk-based inspection management system need to apply to the DoL prior to implementation of such a system. Such application shall include proof that the user has applied to a Certification Body for accreditation.*
- (d) *The following documentation shall be prepared as a minimum by the user for the application to implement RBI to the DoL:*
 - (i) *File of the RBI management programme*
 - (ii) *The (Chief) RBI specialist and his/her qualifications*
 - (iii) *List of all your RBI Team personnel and list of their competencies and qualifications*
 - (iv) *Health and Safety standards to be used*
 - (v) *Certification Body involved*
 - (vi) *AIA Manufacturing involved in the approval as stated in PER Note (b)*
 - (vii) *Letter of Recommendation from the AIA Manufacturing to implement RBI*
 - (viii) *Target date of certification of RBI management system*
- (e) *The scope of application of the RBI quality system is determined by the user on an individual equipment basis.*
- (f) *The requirement of a typical quality management system shall at least comply to the elements as defined in Annexure SL of ISO Directive Part 1.*

REGULATIONS 13 - REPAIRS AND MODIFICATIONS

- (1) Subject to the requirement of the relevant health and safety standard incorporated into these Regulations under section 44 of the Act -
 - (a) any person who intends to modify or repair any pressure equipment shall cause such modification or repair to be carried out in accordance with the relevant health and safety standard, and in accordance with the assessment procedure, as specified by the relevant hazard category as determined by SANS 347;
 - (b) any modifier or repairer carrying out any modification or repair, referred to in paragraph (a), shall issue a certificate in which the extent of the modification or repair is described and certify that such work is in accordance with the relevant health and safety standard incorporated into these Regulations under section 44 of the Act: Provided that such certificate shall be countersigned by the approved inspection authority, where applicable, as evidence that the design of such modification has been verified and that it has been modified or repaired and tested under its supervision in accordance with the original health and safety standard where reasonably practicable;
 - (c) any user requiring re-certification of any pressure equipment shall ensure that the re-certification is performed under the supervision of an approved inspection authority, as applicable; and
 - (d) whenever it appears from any inspection or test that pressure equipment cannot be used safely in accordance with its design criteria and the user chooses not to have the necessary repairs effected immediately, the user shall, subject to approval by an approved inspection authority, ensure that the pressure equipment is re-rated, the amended data plate added and the pressure equipment operated within the re-rated criteria: Provided that, in the case of a steam generator, the registration certificate, together with a copy of the approved inspection authority's design verification report, shall be forwarded to the provincial director for updating of the steam generator registration.

Notes:

- (a) *Any person who intends to modify or repair any pressure equipment must comply with the relevant hazard category as determined by SANS 347. (See PER 3 Note (a))*
- (b) *Where a pressure test is mandated by the health and safety standard for repairs and modifications on pressure vessels, piping and steam generators the applied hydrostatic test pressure shall be a minimum of 1.25 the design pressure as an alternative to the requirement of the H&SS. The user may opt for a higher test pressure when deemed necessary. See regulation 11(2) for pneumatic pressure testing requirements.*
- (c) *Where a dispensation of a pressure test is required after repairs in accordance with approved repair and in-service Health & Safety Standard, approval must be obtained from the AIA for category II and higher equipment.*
- (d) *AIA to supervise, if applicable any pressure equipment requiring re- certification. See PER 9 for re-certification criteria.*
- (e) *Pressure Equipment excluded under previous regulations is excluded from these requirements. See PER 2 Note (g) for further clarification.*
- (f) *Pressure equipment compliant to the standards enforced at the time of manufacture, i.e data plate stamped by AIA but without documentation of construction details, may be modified after calculations and necessary verifications and tests have been performed in accordance with an appropriate health and safety standard.*
- (g) *Pressure equipment compliant to the standards enforced at the time of manufacture, i.e data plate stamped by AIA but without documentation of construction details, may be repaired after necessary verifications and tests have been performed in accordance with an appropriate health*

and safety standard.

- (h) Any online leak sealing device installed on Category II and higher pressure equipment shall be designed, verified, and manufactured to an appropriate and approved health and safety standard, under the supervision of the AIA. Installation remains the responsibility of the user taking into account the structural integrity of the item to be sealed and shall be considered as temporary.*
- (i) Sectional or component replacements can be done either in accordance with the original health and safety standard or applicable in-service health and safety standard which includes sectional or component replacements in its scope.*
- (j) Where a user chooses not to have the necessary repairs affected immediately the user may as an alternative to re-rating, perform Fitness for Service calculations in accordance with a relevant health and safety standard. For Category II and above pressure equipment all Fitness for Service calculations shall be approved by an appropriately registered professional person competent in this field and verified by an AIA as applicable.*

REGULATIONS 14 - RECORDS

- (1) Every user of pressure equipment shall keep a record, which shall be open for inspection by an inspector, in which the certificate of manufacture, and the results, after manufacturing, of all inspections, tests, modifications and repairs shall be recorded.
- (2) When pressure equipment is sold, the manufacturer shall ensure that it is accompanied, where relevant, with instructions for the user, containing all the necessary safety information relating to -
 - (a) mounting, including the assembling of different pieces of pressure equipment;
 - (b) putting into service; and
 - (c) maintenance, including checks by the user:

Provided that those instructions shall cover information affixed to the pressure equipment in accordance with these Regulations and the relevant health and safety standard incorporated into these Regulations by section 44 of the Act, with the exception of serial identification, and be accompanied, where appropriate, by technical documents, drawings and diagrams that are necessary for a full understanding of the instructions: Provided further that, if appropriate, the instructions shall also refer to hazards arising from misuse of the pressure equipment.

The manufacturer shall keep the original manufacturing records of the pressure equipment for a minimum period of 12 years.

Notes:

- (a) *The user shall keep all records for the operating life of the equipment. Such records shall typically cover repairs, modifications and In-service inspection test records as well as all related documents such as deferrals, pressure test dispensation, NDT reports and not just manufacturing related records. Further clarification is that the user is not necessarily the owner.*
- (b) *The records of the original manufacturing of the pressure equipment shall be kept by the manufacturer for a minimum of 12 years; enabling a technical review of the construction of the equipment should a failure or a dispute arise. Typical documentation should include, but not limited to, design calculations, approved manufacturing drawings, approved fabrication records, pressure test certificate, Certificate of manufacture as well as a copy of the marking (if applicable).*
- (c) *The importer will provide certificate of manufacturer, global conformity assessment certificate for assemblies, any other documentation required by the applicable health and safety standard as well as other documentation contractually required by the user*
- (d) *Equipment manufactured prior to 23 October 1992 and which was designed, constructed and manufactured in accordance with regulations in force at that time do not require a certificate of manufacture (See regulation 2 of VUP)*
- (e) *In respect to regulation 14(1) the user is not required to keep the records for transportable gas containers when such containers are rented by the owner. The records shall be held by the owner.*
- (f) *For all pressure equipment, excluding transportable gas containers that are not owned by the user, the user is responsible to ensure that all records are available according to the PER.*
- (g) *Users shall ensure where used pressure equipment is sold, that all user held records are transferred to the new owner as applicable.*
- (h) *For existing equipment post 23 October 1992 where the certificate of manufacturer has been misplaced or lost, a duplicate certificate shall be obtained from the original manufacturer or alternatively recreated from the data plate details under supervision of an AIA and recertification is not required.*

REGULATIONS 15 - ACCESS

The user shall cause pressure equipment to be erected and maintained in such a manner that access to and exit from any chamber, flue, manhole, inspection opening, control or accessory is safe and unobstructed.

Notes:

- (a) *“access”. - the word “access” can also mean:*
 - (i) *for internal inspection: remote access e.g. small vessels*
 - (ii) *for external inspection: accessibility for inspection activities e.g. pressure accessories*
- (b) *The Approved Inspection Authority shall verify compliance of above requirement during the pre-commissioning inspection activity.*

REGULATIONS 16 – DOOR INTERLOCKS

- (1) Any user of pressure equipment shall cause such pressure equipment which for operational purposes is equipped with a quick-actuating opening, to be provided with an interlock or other effective means for preventing –
- (a) a rise of pressure inside the pressure equipment before the quick-actuating openings are in the fully closed and locked position; and
 - (b) the release of the quick-actuating opening from the locked and closed position before the pressure inside the pressure equipment has been reduced to atmospheric pressure or the pressure across the openings has been equalised.

Notes:

- (a) *None*

REGULATIONS 17 – GAS RETICULATION EQUIPMENT AND SYSTEMS

- (1) No person shall –
 - (a) handle, store or distribute any gas in any manner, which includes the filling of a container, other than in accordance with the relevant health and safety standard incorporated into these Regulations under section 44 of the Act;
 - (b) install or remove an appliance, pressure equipment or system for gas in any manner other than in accordance with the relevant safety standard incorporated into these Regulations under section 44 of the Act;
 - (c) install or remove a gas appliance, or a gas system or a gas reticulation system, unless such person is an authorised person; or
 - (d) use pressure equipment or systems for gas in any manner other than in accordance with the relevant safety standard incorporated into these Regulations under section 44 of the Act.
- (2) After installation or re-installation, and before commissioning a gas system, the user shall ensure that an external inspection and a leak test are performed by an authorised person or an approved inspection authority as applicable in terms of sub regulations (1)(c).
- (3) An authorised person or an approved inspection authority shall issue a certificate of conformity after completion of a gas installation, modification, alteration or change of user or ownership in the form of Annexure 1.

Notes:

- (a) *The intent of PER 17 is to ensure safety in the domestic, commercial and industrial gas market applications where the competence is needed for correct material and component selection, installation and commissioning as currently fulfilled by the SAQCC-Gas Practitioners Registration Scheme. This scheme assures quality and safety of installations. For process plants, pipeline systems and gas storage facilities installation, compliance is verified by Approved Inspection Authorities to typical process piping Health and Safety standards.*
- (b) *The definition of the gas system in the PER also treats Utility air as a non-dangerous gas installation and needs to be categorised in accordance to SANS 347 and need not to be inspected or certified by an Authorised Person for gas reticulation systems as defined in the PER. Air and Nitrogen used for process equipment and/or blanketing purposes do not have to be inspected and certified by an Authorised Person for gas reticulation systems as defined in the PER but shall comply to the requirements of SANS 347.*
- (c) *Refrigeration systems of Category II and higher shall comply with the requirements of SANS 347. For Category I and below, certification to SANS 10147 is also required. Sound engineering practice (SEP) applies to equipment that is not subjected to conformity assessment but that shall be designed and manufactured and installed in accordance with sound engineering practice (best practice) to ensure safe operation and use. Such equipment shall be designed, manufactured and installed to take into account all the relevant factors that influence safety during its intended lifetime. The equipment shall have operating instructions for the safe use of the installation and shall bear the identification of the manufacturer. SEP equipment is not required to meet any other of the essential statutory requirements listed in the relevant national legislation (See SANS 347).*
- (d) *As from October 2009, all new industrial thermal processing combustion and fuel-handling system installations require a COC to the requirements of SANS 329 as per Annexure 1 of the PER.*
- (e) *When maintenance, modification or repair work is performed on gas systems it is acceptable for the gas practitioner to issue a certificate of conformity that is specific to the scope of work performed.*

- (f) *Gas reticulation systems require a COC from a gas practitioner. When the pipe diameter of the reticulation system causes it to be in category II or higher, as defined by SANS 347, an AIA involvement is required as per SANS 347 and to countersign the Certificate of Manufacture issued by the manufacturer or gas practitioner, as applicable.*
- (g) *A COC shall be issued by the SAQCC Gas registered gas practitioner for the installation, repair or modification and/or maintenance of a refrigeration system in terms of the PER, SANS 347 and SANS 10147. When the refrigeration system size causes it to be in category II or higher, as defined by SANS 347, an AIA involvement is required as per SANS 347 and to countersign the certificate of manufacture issued by the manufacturer or gas practitioner, as applicable.*
- (h) *The intent of PER 17 (3) is that only the gas practitioner and not an AIA issues a COC for activities as listed.*
- (i) *On change of ownership of a gas system the certificate of conformity shall be transferred to the new owner except for domestic or commercial entities servicing the public where a certificate of conformity, as provided by the SAQCC Gas, shall be issued on the change of user or ownership. The seller is responsible for obtaining a Certificate of Conformity where relevant.*
- (j) *If an existing installation commissioned before July 2009, is not designed and constructed to the requirements of SANS 329 as published at that time, the user shall determine that the equipment is designed, maintained, inspected, tested, and operating in a safe manner. Safe operation and maintenance shall be ensured by procedures, documented and enforced, to address all deviations to the requirements of SANS 329.*
- (k) *Any modifications done on such a system as above in note (j) shall comply with the requirements of SANS 329 as published at the time of the modifications and where equipment is replaced on a system constructed before July 2009, such equipment shall be issued with a permit by an organisation approved by the chief inspector as referenced in Regulation 5.(3) and a COC issued within the scope of work performed.*
- (l) *All pressure equipment imported or locally manufactured for natural gas or LPG installations must be verified and accepted in accordance with Safe Gas Equipment Scheme and Safe Appliance Scheme as mandated by the DoL.*

REGULATIONS 18 – TRANSPORTABLE GAS CONTAINERS

- (1) No user shall use, require or permit a transportable gas container to be used, and no user shall fill, place in service, handle, modify, repair, inspect or test any transportable gas container, other than in compliance with the relevant standards incorporated into these Regulations under section 44 of the Act.
- (2) The inspection and test referred to in sub regulations (1) shall be carried out by an approved testing station.
- (3) Applications for approval of a testing station shall include proof of accreditation as prescribed in sub regulation (4), and shall include full contact details and address information.
- (4) The chief inspector's approval is subject to a valid accreditation certificate issued by the accreditation authority: Provided that the chief inspector may set additional requirements before granting approval.

Notes:

- (a) *Transportable gas containers smaller than 0,5 litres are not regulated but shall be manufactured to a relevant health and safety standard.*

REGULATIONS 19 - FIRE EXTINGUISHER

- (1) No user shall use, require or permit the use of a fire extinguisher unless designed, constructed, filled, recharged, reconditioned, modified, repaired, inspected or tested in accordance with the relevant safety standard incorporated into these Regulations under section 44 of the Act.
- (2) No person shall fill, recharge, recondition, modify, repair, inspect or test any fire extinguisher unless such person is an authorised person employed by a permit holder: Provided that a permit is issued by an organisation approved by the chief inspector.
- (3) Applications for approval shall include proof of accreditation as prescribed in sub regulations and shall include full contact details and address information.
- (4) The chief inspector's approval shall be subject to a valid accreditation certificate issued by the accreditation authority: Provided that the chief inspector may set additional requirements before granting approval.

Notes:

- (a) *Only an authorized person shall fill, recharge, recondition, modify, repair, inspect or test any fire extinguisher.*
- (b) *The permit must be issued by an organisation approved by the chief inspector.*

PREAMBLE AND PRINCIPLES

In terms of the Pharmacy Act (53 of 1974, Section 3), the South African Pharmacy Council (hereafter referred to as Council) is responsible for establishing, developing, maintaining and controlling universally acceptable standards in pharmaceutical education and training. Council implements the above responsibilities by developing scopes of practice and qualifications, accrediting providers and courses, quality assuring the delivery of the programmes, and ensuring consistency and quality across programmes.

Higher education and training in the South African context falls within the National Qualifications Framework (NQF) [*Government Gazette No. 30353: The Higher Education Qualifications Framework (HEQF), the Higher Education Act, 1997 (Act No. 101 of 1997)*]. The specific levels in the framework which apply to pharmacy education and training are:

- Level 5: Higher Certificate in Pharmacy Technical Support
- Level 6: Advanced Certificate in Pharmacy Technical Support
- Level 6: Diploma in Pharmacy Technical Support
- Level 8: Bachelor of Pharmacy (BPharm)
- Level 9: Professional Master of Pharmacy (MPharm)

Council's main responsibility is to protect, promote and maintain the health, safety and wellbeing of members of the public. The implementation of this responsibility is aligned with the relevant regulations.

The purpose of Good Pharmacy Education Standards (GPE) is to ensure quality pharmaceutical education in South Africa. GPE must prescribe excellence in education to ensure that pharmacists and pharmacy support staff practising in South Africa are equipped for the roles they have to undertake in practice and that their performance complies with the Exit Level Outcomes (ELOs) specified for the various qualifications. In complying with GPE, education and training providers will enable learners to achieve the desired level of competence.

The standards set out in this document provide benchmarks to guide the development, implementation and quality assurance of programmes leading to higher education and training (HET) qualifications in pharmacy. The main aim of a national set of standards, as mandated by the Council on Higher Education (CHE), is not to displace existing, internal means of quality control over qualifications, but to provide for an agreed matrix of benchmarks against which organisational assessment criteria and awards can be evaluated.

The standards which follow have been drawn up from the most up-to-date international standards to reflect these responsibilities. They are also in line with the policy on Good Pharmacy Education Practice of the International Pharmaceutical Federation (FIP), in collaboration with the World Health Organisation (WHO), which identified the 'eight star pharmacist' with the following roles and responsibilities:

1. Care giver
2. Decision-maker
3. Communicator
4. Leader
5. Manager
6. Lifelong learner
7. Teacher
8. Researcher

GPE and other relevant standards which were identified and critically reviewed included those of Australia, New Zealand, Ireland (the Pharmacy Education and Accreditation Reviews (PEARs) project), United Kingdom (General Pharmaceutical Council and General Medical Council – Tomorrow's Doctors), United States of America (Accreditation Council for Pharmaceutical Education), Egypt, India and South Africa.

The GPE applies to existing and new programmes and additional sites for presentation.

DEFINITION AND ABBREVIATIONS OF TERMS

Accreditation: means the certification, usually for a particular period of time, of a person, a body or an institution as having the capacity to fulfil a particular function in the quality assurance system set up by the Council.

Act: means the Pharmacy Act, 53 of 1974.

Approval: means the certification, usually for a particular period of time, of a person, a body or an institution as having the capacity, in terms of the criteria determined and published by Council, to deliver a learning programme which culminates in pharmacy-related and registered National Qualifications Framework (NQF) standards or qualifications. Council shall, in terms of the Act, approve providers that are accredited by another Education and Training Quality Assurance (ETQA) body approved by relevant legislation.

Assessment: means the process of collecting evidence of students' work to measure and make judgments about the achievement or non-achievement of specified standards and/or qualifications.

Assessor: means a person qualified to assess academic performance of students against specified pharmacy-related standards and qualifications and includes persons registered as such with the Council.

Certificate of approval: means, in the case of a provider, a certificate issued by Council to a person or institution that complies with the criteria determined and published by Council for the approval of providers; in the case of a tutor, a certificate issued by Council to a person approved as a tutor in terms of the *Regulations relating to pharmacy education and training*; and in the case of pharmacy premises, a certificate issued by Council to a pharmacy approved in terms of regulation 36 of the *Regulations relating to pharmacy education and training*.

Council: means the South African Pharmacy Council.

Credit accumulation¹: means the process whereby learners are able to register learning outcomes achieved in one programme at one date and have them counted towards the full programme at a later date.

Credit transfer²: means the process whereby learners are able to register learning outcomes achieved in one programme at one date and have them counted towards another programme at a later date.

¹ **Note:** In a full credit accumulation and transfer (CAT) system the above two processes are integrated so that a credit which is accumulated within one subsystem may first have been transferred from another subsystem. DHET and CHE apply some limitations to these processes.

² **Note:** In a full credit accumulation and transfer (CAT) system the above two processes are integrated so that a credit which is accumulated within one subsystem may first have been transferred from another subsystem. DHET and CHE apply some limitations to these processes.

CHE: means the Council on Higher Education.

DHET: means the Department of Higher Education and Training.

Exit level outcome (ELO): means the education and training outcomes prescribed in annexures to the regulations for the various categories of persons, for purposes of registration in terms of the Act.

Full-time equivalent: means a measure applied to calculate student numbers.

GCP: means Good Clinical Practice.

GMP: means Good Manufacturing Practice as published by the South African Health Products Regulatory Agency (SAHPRA – formerly known as MCC, the Medicines Control Council – from time to time).

GPE: means Good Pharmacy Education Standards.

GPP: means Rules Relating to Good Pharmacy Practice (GPP) herein referred to as 'rules'.

GWP: means rules and guidelines to Good Wholesale Practice.

GDP: means rules and guidelines to Good Distribution Practice.

HET Provider: means a provider of Higher Education and Training (may be public or private sector).

Institution: means universities, organisations, private higher education institutions.

Moderator: means a person qualified to moderate academic performance of students against specified pharmacy-related standards and qualifications and includes persons registered as such with the Council.

Monitoring: means the continuous process to review quality. Monitoring has a formative emphasis. Feedback from the monitoring process will incorporate recommendations and thus contribute directly to quality improvement. Monitoring can take place through scheduled or unscheduled site visits.

NQF: means the National Qualifications Framework.

Pharmacist: means a natural person registered as such in terms of the Act.

Pharmacist Intern: means a natural person registered as such in terms of the Act.

Pharmacy Student: means a natural person registered as such in terms of the Act.

Pharmacy Technician: means a natural person registered as such in terms of the Act.

Pharmacy Technician Trainee: means a natural person undertaking training as a learner at Level 6.

PQM: means Programme and Qualification Mix.

Primary Focus: means the activity or objective within the pharmacy sector upon which an institution or body concentrates its efforts.

Provider: means a provider accredited/approved by Council to deliver learning programmes which culminate in pharmacy-related standards or qualifications and which manages the assessment thereof.

Regulations: means the *Regulations relating to pharmacy education and training* made in terms of the Act, published under Government Notice No. R.1156 of 20 November 2000.

School: means the unit within an organisation which is responsible for pharmacy education and training, whether it is a formal 'school' or not.

Senior Lecturer Equivalent: means a measure applied to calculate staffing requirements.

SOP: means standard operating procedure.

Supervisor: means the person who is designated to supervise a learner during a period of work-based learning at a specific site.

Tutor: means a pharmacist, approved and registered as such by Council, to supervise the internship of a pharmacist intern or the traineeship of pharmacy support personnel as determined by Council from time to time.

Work-Based Learning (WBL) means the working in a pharmacy by a pharmacy technician (student), under the direct personal supervision of a tutor at a pharmacy approved by Council for purposes of such training.

1. MINIMUM STANDARDS FOR VISION, MISSION AND PLANNING

INTRODUCTION

The purpose of these standards is to ensure that a school's professional qualifications are backed by a clearly articulated vision and mission and that a strategic planning and evaluation process is used to measure the achievement of the relevant objectives.

MINIMUM STANDARDS FOR VISION AND MISSION

The school must have a published statement of its vision and mission in the areas of education, research, service, professional practice and community engagement. The following matters must be covered in the statement:

- (a) A fundamental commitment to the preparation of students for the practice of pharmacy, with provision for entry-level competencies necessary for the delivery of pharmaceutical care and public safety in any healthcare setting. It is formulated within the context of a stated policy of ethics.
- (b) Alignment with the profession's vision for practice, research, and education.
- (c) A commitment to participate with other stakeholders in the development of new and improved practice models.
- (d) The development of pharmacy graduates who are trained to provide patient care services in a team with other health professionals.
- (e) A basis for strategic planning.

MINIMUM STANDARDS FOR SYSTEMATIC PLANNING

- (a) The school must develop, implement, and revise strategic plans to facilitate progress in the achievement of its mission, goals and objectives according to the processes/timelines of the institution.
- (b) Strategic plans must be developed through an inclusive process that solicits input and review from and by students, staff, alumni and other stakeholders.
- (c) Strategic plans must be in line with and have the support of the institution's administration.
- (d) Strategic plans must include appropriate goals, objectives and strategies.
- (e) The school must establish and implement ongoing mechanisms for monitoring, evaluating and documenting progress in achieving the goals and objectives of the strategic plan. Strategic plans must be supported by annual operational plans to enable tracking of progress.

2. MINIMUM STANDARDS FOR ORGANISATION AND ADMINISTRATION

INTRODUCTION

The purpose of these standards is to ensure that a school's organisation and support within the institutional structure, its relationships with other organisations and external practice and research entities, and its internal organisation, leadership, and

governance, are developed and function in a manner that fosters the school's mission and goals.

MINIMUM STANDARDS FOR SCHOOL AND ORGANISATION RELATIONSHIPS

- (a) The school must function at an appropriate level of autonomy within the institution.
- (b) Responsibility and authority for administration of the professional aspects of the programmes in pharmacy, including specialisations where appropriate, must be vested in the school.
- (c) The definition and delivery of curricula are a responsibility of the school within the framework of organisational policies and authorities.
- (d) The school may encourage and promote postgraduate study according to the PQM.

Within institutional policies, responsibility and authority for administration of pharmacy programmes, including curriculum development and delivery in line with the scopes of practice and respective ELOs established by Council, must be vested in the school to ensure appropriate autonomy.

MINIMUM STANDARDS FOR SCHOOL ORGANISATION AND ADMINISTRATION

- (a) The school must be organised and staffed to facilitate the accomplishment of its mission and goals. It must have defined lines of authority and responsibility, foster organisational unit development and collegiality, and allocate resources appropriately.
- (b) The school must have an organogram which clearly defines units and lines of management and communication.
- (c) The school must be organised in a manner which facilitates the accomplishment of its overall mission, promotes the goals and objectives of the programmes in pharmacy and pharmacy disciplines, and uses resources effectively.
- (d) The administrative structure must provide for a head (see section 2.4 below), who has ready access to the senior officials charged with final responsibility for the school.
- (e) The organisational and administrative structure of the school must clearly identify lines of responsibility as well as evidence of mutual understanding and agreement among members of staff and the head on the mission, goals and objectives of the school, as well as evidence of acceptance of the responsibilities necessary for their achievement.

MINIMUM STANDARDS FOR QUALIFICATIONS AND RESPONSIBILITIES OF HEAD OF SCHOOL

2.1.1 Qualifications of the head

- The head must be qualified to provide leadership in pharmacy professional education and practice, including research, scholarly activities and service.
- They must unite and inspire administrators, faculty, staff, mentors and students toward achievement of the mission and goals.

Extra Qualifications:

- Undergraduate pharmacy qualification enabling registration with Council as a pharmacist, for example, the Bachelor of Pharmacy (BPharm), plus a relevant postgraduate qualification.
- Registration as a pharmacist with Council.

2.1.2 Functions and responsibilities of the head

- (a) The head is:
- (i) the chief administrative and academic officer of the school and must have direct access to the institution's management at the highest level
 - (ii) the pharmacist responsible for ensuring that all accreditation requirements of Council are met
 - (iii) expected to demonstrate progressive, constructive, academic and professional leadership.
- (b) Together with the institution and members of staff the head is responsible for the:
- (i) development of the mission statement and strategic plans
 - (ii) recruitment, retention and development of a competent body of staff
 - (iii) development, implementation, evaluation and enhancement of the educational, research and service programmes
 - (iv) selection, initiation, implementation and maintenance of programmes for the recruitment, admission and qualification of students
 - (v) establishment and implementation of standards for quality assurance, academic performance and progression
 - (vi) monitoring, evaluation, and improvement of staff and student performance
 - (vii) resource acquisition, allocation, management and control
 - (viii) preparation, compilation, presentation and publication of reports
 - (ix) maintenance of the visibility of the school both on campus and to external constituencies
 - (x) submission of data and information, required by Council, in the prescribed format.
- (c) To accomplish these responsibilities, the head must have the assistance and full support of the administrative leaders of the institution and the school's organisational units and adequate staff support.
- (d) In instances where the head is assigned other substantial administrative responsibilities within the institution, arrangements for additional administrative support to the office of the head must be made to ensure effective administration of the affairs of the school.
- (e) The head is responsible for compliance with Council's accreditation standards, policies, and procedures. In the event that remedial action is required to bring the school into compliance, the head must take the necessary steps to ensure compliance in a timely and efficient manner, including seeking advice from and consulting with Council as needed.

3. MINIMUM STANDARDS FOR WORK-BASED LEARNING

INTRODUCTION

In pharmacy education, WBL must integrate, apply, reinforce and advance the knowledge, skills, attitudes, and values developed through the other components of the curriculum. The objectives for each WBL experience, and the responsibilities of the student, supervisor and site, must be defined.

Student performance, nature and extent of patient and healthcare professional interactions, where applicable, and the attainment of desired outcomes, must be documented and assessed.

Supervisors at respective sites will be held responsible by the provider for WBL processes.

Where applicable, pharmacy WBL must include direct interaction with diverse populations in a variety of WBL settings.

MINIMUM STANDARDS FOR WORK-BASED LEARNING OF ALL CADRES OF PHARMACY STAFF REGISTRABLE UNDER THE PHARMACY ACT (PRACTICAL, WORK-BASED LEARNING, INTERNSHIP AND TRAINEESHIP)

PRACTICAL TRAINING AND WBL DURING TRAINING

Students who are registered as such with the Council for the following cadres of pharmacy staff carry out WBL during their training:

- 3.1.1.1 pharmacist's assistant
- 3.1.1.2 pharmacy technician
- 3.1.1.3 pharmacist
- 3.1.1.4 specialist pharmacist

Note 1: PT, BPharm and professional MPharm students must be registered with Council and have professional indemnity cover as per the rules relating to GPP.

Note 2: Pharmacists with foreign qualifications may be required to undertake WBL as part of their registration requirements.

3.1.2 Practice or work-based learning site access, accommodation and resources

- (a) Practice and WBL sites must be used for the periods specified for each of the cadres listed in 3.1.1 above.
- (b) For each cadre, appropriate criteria must be established and applied for the selection of an adequate number and mix of practice facilities.
- (c) Written agreements with the practice sites must be in place covering student placement, staff responsibilities, health services, immunisation requirements and professional conduct expectations.

3.1.2.1 Work-based learning sites for PT students

- (a) WBL for PTs must be in line with the requirements stipulated in the qualification.

3.1.2.2 Work-based learning sites for pharmacy students

- (a) WBL for BPharm students must be structured and supervised by a pharmacist or a delegated person and must be extended over a minimum of 400 hours.
- (b) WBL sites for BPharm students must have the following characteristics and must:
 - (i) meet or exceed all legal and professional standards required to provide patient care where applicable
 - (ii) have a patient population that exhibits diversity in culture, medical conditions, gender and age where appropriate
 - (iii) have an adequate patient population based on the learning objectives for the rotation where applicable
 - (iv) provide access to learning and information resources
 - (v) have a commitment to the education of pharmacy students
 - (vi) have management that is supportive of professional staff involvement in the education of pharmacy students
 - (vii) provide a practice environment that nurtures and supports pharmacist and student interactions with patients
 - (viii) provide regular contact with the supervisor, where applicable, to ensure that students receive feedback and have opportunities to ask questions
 - (ix) be adequately equipped with the technology needed to support student training and to reflect contemporary practice
 - (x) provide medication therapy management and patient-care services for diverse populations where applicable
 - (xi) have adequate professional staff and supportive technical and clerical staff to meet the learning objectives and to provide for optimum time for supervisor and student interaction
 - (xii) demonstrate a commitment to health promotion and illness prevention, for example provision of health screening, tobacco cessation counselling and immunisation where applicable.

3.1.2.3 Work-based learning sites for specialist pharmacists

The requirements for the two-year practical training for pharmacist specialists, which follow graduation with an Mpharm, at an approved site with an approved tutor, are specified in the respective specialisation qualifications.

MINIMUM STANDARDS FOR ORGANISATIONAL AND ADMINISTRATIVE RELATIONSHIPS BETWEEN THE ORGANISATION AND ASSOCIATED HEALTHCARE FACILITIES

- (a) The institution must support the development of suitable relationships between the school and other academic and service units of the institution and external organisations and facilities for instruction, research and patient care.
- (b) The institution must have formal agreements with other healthcare facilities used for the purpose of WBL.
- (c) Institutional structure and administrative patterns in the organisation or affiliated healthcare facilities must:

- promote integrated educational, research and WBL activities
- provide a working relationship between service and educational units
- provide the necessary blend of educational and patient care activities.

4. MINIMUM STANDARDS FOR FACILITIES AND FINANCIAL, HUMAN AND PHYSICAL RESOURCES

INTRODUCTION

The purpose of these standards is to ensure that a school has adequate and appropriate physical, library, educational, human and financial resources, and assessment and record-keeping systems in place to deliver high-quality programmes in pharmacy and meet its mission and goals and the accreditation standards.

MINIMUM STANDARDS FOR FACILITIES AND RESOURCES

NOTE: THE INSTITUTION MUST PROVIDE THE SCHOOL WITH ADEQUATE FINANCIAL AND PHYSICAL resources to enable it to meet the required professional programme responsibilities, to ensure programme stability and to ensure continuous quality improvement in teaching, research and community engagement. At least the following aspects must be provided for:

4.1.1 Physical facilities

- (a) The physical facilities of the school must be adequate to achieve its stated mission and goals.
- (b) Essential physical facilities must include offices for administrative and academic members of staff, teaching laboratories, research laboratories where applicable, lecture rooms, small classrooms, conference rooms and student amenities.
- (c) The physical facilities must be adequately equipped, well maintained and provide a reasonably attractive environment for teaching and learning.
- (d) The teaching facilities, including general and specialised laboratories, must be sufficient in number and adequate in size to accommodate the student body. Refer to Addendum 1 as an example for BPharm.
- (e) Physical facilities, instrumentation and supplies must be adequate to support the research and scholarly activities of the school.
- (f) Physical facilities must include:
 - (i) offices for academic staff, which must provide privacy for study, for counselling and advising students. Adequate facilities must be available for support staff, including offices for administrative staff
 - (ii) adequate storeroom facilities for housing of equipment and supplies
 - (iii) the necessary environment, including facilities for practice simulations, in order to provide students with practical and simulated pharmaceutical care experiences
 - (iv) teaching and research laboratories, lecture rooms, small classrooms, conference rooms, student amenities and programme support areas
 - (v) Adequate space for student activities, such as meeting rooms and study and relaxation areas.

4.1.2 Education and information technology and communication resources

- (a) The school must have, or must have access to, information and communication technology (ICT), including educational technology (ET), based on relevant instructional and learning theory to provide an excellent learning experience.
- (b) The ICT/ET systems and processes must have the following characteristics and must:
 - (i) respond to varying student needs and expectations
 - (ii) support staff in transforming, improving and extending their practice (in general and in relation to new technologies)
 - (iii) encourage and enable innovative and effective teaching, learning and assessment procedures
 - (iv) recognise, encourage and exploit the synergies between teaching and learning and research with ICT.

MINIMUM STANDARDS FOR STAFF/HUMAN RESOURCES

4.1.3 Quantitative factors

Quantitative factors must comply with established and recognised staff to student ratios in accordance with the school's organogram. The minimum staff to student ratio for pharmaceutical sciences teaching must be aligned with the Department of Higher and Education Training (DHET) staffing norms for sciences.

4.1.4 Qualitative factors

- Qualitative factors must be used, including establishment, designation of requirements for and appointment procedures for specific posts, with a balance between technical, teaching and research staff. Teaching staff must have a qualification at least one NQF level above the level at which they are teaching.
- All posts must be linked to a job description.
- Staff performance reviews must be carried out in accordance with organisational policy.

4.1.5 Staff responsible for and who participates in teaching and learning

- Teaching staff must receive appropriate training in aspects covered in section 5.1 and must receive ongoing training in appropriate teaching and learning theory and practice.
- Teaching staff must be actively involved in practice and/or research.

4.1.6 Staff development

All staff members must participate in regular self-evaluation, peer-evaluations and reviews.

4.1.7 Staff who are appointed to provide voluntary/volunteer service

Staff that perform any of the acts listed in the scope of practice for a pharmacist must comply with Council's document titled *Criteria for temporary registration of foreign qualified pharmacists for voluntary/volunteer service* (Addendum 2).

MINIMUM STANDARDS FOR FINANCIAL RESOURCES

- (a) Financial resources of the school must be adequate to ensure that continuing operation and further development of the professional programmes in pharmacy are assured at an acceptable level, based on student enrollment and appropriate staffing levels.
- (b) A budget must be available that provides for programmatic needs, including staff resources, materials and supplies, staff development and evaluation. The institution's budget process applied to the school must be fair and recognise the specific needs of pharmaceutical education.
- (c) The school must have input into the development and operation of a budget that is planned, developed, and managed in accordance with sound and accepted business practices.
- (d) Financial resources must be deployed efficiently and effectively to:
 - (i) support all aspects of the mission, goals, and strategic plan
 - (ii) ensure stability in the delivery of programmes
 - (iii) allow effective faculty, administrator, and staff recruitment, retention, and development
 - (iv) maintain and improve physical facilities, equipment, and other educational and research resources
 - (v) enable innovation in education, interprofessional activities, research and other scholarly activities and practice.
- (e) Student enrollment must be planned and managed in line with the institution's enrollment plan.
- (f) Resources obtained from external sources must be free of restrictions that may interfere with sound educational and ethical policies.
- (g) Resources obtained from external sources must be used in a manner that maintains the integrity of and supports the mission of the school.
- (h) The head must report to the institution, in a timely manner, budget cuts or other financial factors that could negatively affect the quality of the programmes or other aspects of the mission of the school.
- (i) The school must ensure that funds are sufficient to maintain equivalent facilities across all programme pathways. The school's initiatives must not adversely affect its administrative effectiveness, result in staff overload, or cause undue financial stress or instability.
- (j) New methods of educational delivery should be cost effective.
- (k) Financial considerations such as developing economies of scale must not overshadow the requirement to develop academically effective educational experiences.

5. MINIMUM STANDARDS FOR DELIVERY OF PROGRAMMES

INTRODUCTION

The purpose of these standards is to ensure that the programmes presented by the school comply with the curricular requirements of the Council and are presented with appropriate delivery, assessment and certification methods.

Substantive changes to the content of the curriculum (50% or more) contemplated by the school must be addressed through its strategic planning process. Planning must take into consideration all resources (including human, technical, financial, and physical) required to implement the change and the impact of the change on the existing programmes. The school must notify Council at least one year in advance of the implementation of any substantive change, allowing sufficient time for evaluation of compliance with standards or the need for additional monitoring.

A substantive change that involves new initiatives for a programme (such as alternate programme pathways to qualification completion, including geographically dispersed campuses and distance-learning activities) must result from documented needs and be included in the strategic planning process, ensuring adequate lead time for development and proper notification of Council, per Council policies and procedures. Consultation with Council must occur at least six months before recruiting students into new pathways or programmes.

CURRICULAR GOALS, CONTENT, DESIGN, DEVELOPMENT AND DELIVERY

These matters must be in line with and comply with quality assurance methods, including guidelines for the development of qualifications, compliance with the NQF/CHE requirements, standard operating procedures and quality manuals, programme manuals and handbooks, and the relevant ELOs/competency standards (see Addendum 3).

5.1.1 Teaching and learning methods

These methods may include but are not limited to didactic, remote site and service, and community-based learning, preferably combined with multidisciplinary effort and activities, and must reflect current and future practice.

5.1.2 Curricular content

The curricula must include comprehensive details of relevant and appropriate knowledge, skills, attitudes, and values, using the teaching and learning methods listed in 5.1.

5.1.3 Curricular evaluation

The curricula must be continuously reviewed, evaluated and updated where necessary, taking into account professional competencies, scientific, legal and regulatory changes and developments, and outcome expectations.

MINIMUM STANDARDS FOR ASSESSMENT

5.1.4 Competency and outcome measurement and assessment systems and methods:

- (a) may include the evaluation of cognitive learning, mastery of essential practice skills and the ability to use data and information in realistic problem solving. The assessment must be formative and summative, and include the following methods where appropriate:
- (i) self-assessment
 - (ii) tutorial-based peer and tutor evaluation
 - (iii) individualised process assessment (IPA)
 - (iv) objectively structured clinical/practice examination (OSCE/OSPE)
 - (v) community-based education and services (COBES)
 - (vi) integrated content examinations.

NB: A list of possible ways of including these methods follows:

- (i) Self- and peer-assessment**
In a self-evaluation exercise, students may make value judgments about their own performance and that of their peers. Students must fill in an assessment form in which they rate their own strengths and weaknesses. A similar form must be completed for each of their peers in the group at the end of each theme.
 - (ii) Tutorial-based peer and tutor evaluation**
Each student in a group must be evaluated by tutors and peers at the end of each learning unit in clinical reasoning/problem-solving skills, knowledge acquisition, interpersonal skills and self-directed learning abilities.
 - (iii) Individualised process assessment (IPA)**
Part 1: Students must be presented with a paper patient. Clinical reasoning process/problem-solving abilities, as well as the ability to generate relevant learning issues, must be assessed.
Part 2: A modified oral examination, where students must be assessed on their ability to search for and synthesise independently basic information pertinent to the paper case. In this way, self-directed learning abilities must be evaluated.
 - (iv) Objectively structured clinical/practice examination (OSCE/OSPE)**
These examinations must be based on the practical sessions carried out during the year and assess the knowledge and skills of students.
 - (v) Community-based education and services (COBES)**
Knowledge and skills acquired during WBL periods must be assessed.
 - (vi) Integrated content examination**
This examination must assess the students' abilities to integrate knowledge across the range of systems covered during a module, semester or academic year.
- Note:** Assessment and evaluation tools and procedures must include written memoranda with detailed written expected learning outcomes, assessment criteria and mark allocation.

- (b) Each assessment must be analysed according to blooms taxonomy levels of cognition.

5.1.5 Responsibilities of internal and external assessors/examiners/moderators

- (a) Ensure the validity and quality of assessment methods, tools and procedures, guided by the institution's policies. Internal assessors/examiners must be drawn mainly from the academic staff of pharmacy and related disciplines.
- (b) External moderation must be used for exit level modules, excluding student research projects.

5.1.6 Security of examination papers and scripts

- (a) Standard operating procedures, guided by organisation policies, must be in place to ensure the safety and security of examination papers and scripts.
- (b) Physical measures must include key policies and secure storage and must ensure that all hard copy materials may only be delivered by hand and are signed for.
- (c) Security of computers and electronic storage devices pose particular risks. All electronic storage devices must be used and stored securely. Electronic information and data must be accessible only via user accounts, with separate accounts for all users.
- (d) Appropriate electronic security systems must be in place. Only file authors may read/edit material. Backing up, checking for viruses and scanning for spyware must be carried out regularly according to specific schedules.

MINIMUM STANDARDS FOR CERTIFICATION PROCEDURES

Council has delegated the responsibility of issuing certificates for learning achievements to its accredited/approved providers. The purpose of these standards is to ensure that certification of students is managed in a secure and safe manner. Policies and procedures must be in place to ensure the security and accuracy of certificates during printing, filing, distribution and issue.

5.1.7 Certification policies and procedures

The school must have a written policy and standard operating procedures.

5.1.8 The certification processes

The school must follow its written policy and standard operating procedures for the certification of students.

5.1.9 Information required for certification of student achievements

- (a) student's full name (first names followed by surname)
- (b) student's identity number
- (c) date of achievement of competency and date of issue
- (d) provider logo
- (e) description of unit standards or qualification achieved
- (f) credit values where applicable
- (g) signatories
- (h) unique certificate number

- (i) expiry date where applicable.

5.1.10 Security and filing

- (a) The integrity of data and student identity must be maintained at all times. Only designated members of staff shall have access to and be authorised to update the database.
- (b) Files must be kept in secured filing rooms. Regular internal audits on filing and storage processes must be conducted. Only designated members of staff may have access to files and the database. Files, material and the database must be kept in secure, locked premises with appropriate security for database backup.

MINIMUM STANDARDS FOR RECORD KEEPING

- (a) A system and the facilities for maintaining and updating detailed information about staff and students must exist.
- (b) The system and records must comply with the Higher Education Management Information System (HEMIS) and the institution's policy and requirements for students and staff records, including confidentiality of information.
- (c) Staff records must include job descriptions, evidence of qualifications and progress.
- (d) Student records must include details of past and present students. The system must provide for personal and demographic information, education and training background and experience, special and additional learning needs, relevant student performance and achievements, and must maintain student confidentiality.
- (e) Policies and procedures must be in place for accurate capture, maintenance and regular updating of information. Electronic and paper-based systems must match where both exist.

6. MINIMUM STANDARDS FOR STUDENT MATTERS

INTRODUCTION

The purpose of these standards is to ensure that the school has adequate resources, fair and equitable policies, procedures and services to support student admission, progression, personal and professional development. Learners for all qualifications specified above must be registered with Council and have paid-up annual registration fees.

MINIMUM STANDARDS FOR STUDENT ADMISSION CRITERIA, POLICIES AND PROCEDURES

- (a) The school must apply specific criteria, policies and procedures for admission to its programmes.

- (b) These criteria, policies and procedures must be published in clearly stated terms and made available to students and prospective students.
- (c) Admission criteria must include information about the satisfactory completion of secondary education requirements, including subjects required for admission to its programmes.
- (d) In the selection of students to its programmes, the selection criteria must be clearly stated and made known to prospective candidates.

MINIMUM STANDARDS FOR STUDENT AFFAIRS AND SERVICES

- (a) A unit within the institution must deal specifically with student affairs.
- (b) The school must provide leadership in the development and provision of student services, including activities intended to develop professional attitudes and values and foster the professionalisation of students.
- (c) Student support services must be offered to provide and promote socialisation, mentoring, counselling, healthcare and responsible sexual conduct.
- (d) There must be close cooperation between the school and the organisation's student services.

MINIMUM STANDARDS FOR TRANSFER OF CREDITS

- (a) The school must have available to students and prospective students a written policy and procedure for credit accumulation and transfer, which must comply with statutory requirements based on rational procedures and defensible assessments.
- (b) The school must apply policies and procedures for the evaluation of the equivalence of educational courses.

MINIMUM STANDARDS FOR STUDENT INFORMATION

- (a) The institution/school must have and must make available to students and prospective students complete and accurate descriptions of the programmes offered, including their current accreditation status. The following matters must be described:
 - (i) the goals and objectives of the school
 - (ii) the curricular plan, courses, and credit hours
 - (iii) criteria, policies, and procedures related to admissions, progression, exclusion and access to student records
 - (iv) the school's assessment policy and standards
 - (v) student conduct requirements, including ethics, conduct, and professional behaviour
 - (vi) off-campus curricular requirements, such as WBL and practice experiences in other geographic locations
 - (vii) graduation requirements
 - (viii) tuition and fees, including refund policies
 - (ix) financial aid guidance
 - (x) statement of nondiscrimination

- (xi) current accreditation status of programmes and contact information for Council
- (xii) where applicable, recent pass rates of graduates in the preregistration examinations (to be provided by Council)
- (xiii) a description of policies regarding student life, such as provision for and responses to disabilities, harassment, violence and other threats
- (xiv) immunisation and other health or WBL site requirements
- (xv) professional indemnity insurance
- (xvi) registration with Council as a PT or pharmacy student.

MINIMUM STANDARDS FOR STUDENT REPRESENTATION

- (a) The school must show evidence that professional programme student representation exists on appropriate committees and policy-development bodies of the school.
- (b) Students must be given the opportunity to be heard during regular meetings within the school.

MINIMUM STANDARDS FOR STUDENT PROGRESSION

- (a) Requirements for promotion within and completion of programmes must be clearly described and readily available to students.
- (b) The maximum permitted duration of programmes must be clearly stated, including limits to the number of repeat modules and years of study.

MINIMUM STANDARDS FOR STUDENT APPEALS AND COMPLAINTS PROCEDURES

6.1.1 Appeals policy and procedure

- (a) Assessment systems must include clearly described appeal policies and processes whereby candidates can seek independent assessment in case of disagreement regarding the outcome of an assessment.
- (b) Appeals against assessment decisions on the demonstration of competence by candidates must be considered in terms of the appeals processes of the institution.

6.1.2 Complaints procedure

- (a) The school must make available to students procedures to be followed in the event of a written complaint, relating to the offering of the course, student rights to due process, and appeal mechanisms.
- (b) Students must receive information on how they can submit a complaint to Council for unresolved issues on a complaint.
 - (i) The school must maintain a chronological record of written student complaints and allow inspection of the records during on-site evaluation visits by Council.

- (ii) The school or institution must inform Council at any time if any of the student complaints relating to the offering of the course have led to legal proceedings and the outcomes of such proceedings.

MINIMUM STANDARDS FOR STUDENT FINANCIAL SUPPORT/FUNDING

- (a) Full details of student support and the support application process must be readily available, in compliance with the institution's policy on student support.
- (b) Application and award procedures for scholarships, bursaries and loans must be widely available, easy to follow and transparent.

7. MINIMUM STANDARDS FOR QUALITY ASSURANCE

INTRODUCTION

The purpose of these standards is to ensure that ongoing and effective processes for quality assurance and improvement are in place and are subject to regular review.

MINIMUM STANDARDS FOR QUALITY MANAGEMENT OF PROGRAMMES

- (a) The school must establish, implement and maintain an evaluation plan that assesses achievement of the mission and goals.
- (b) The evaluation plan must measure the extent to which the desired outcomes of the academic programmes (including assessments of student learning and evaluation of the effectiveness of curricula) are being achieved.
- (c) The information must be gathered in a systematic way from a variety of sources. Similarly, the extent to which the desired outcomes of research and other academic and service activities, including community engagement and pharmacy practice programmes, are being achieved must be measured.
- (d) The school must apply the outcomes of the analysis in its continuous development and improvement processes.
- (e) The evaluation plan must reflect a commitment to quality improvement through continuous and systematic processes of assessment and evaluation covering all aspects of the school's mission and goals and Council accreditation standards.
- (f) The evaluation plan must be evidence-based and embrace the principles and methodologies of continuous quality improvement.
- (g) The evaluation plan and the specific assessments must be reviewed for completeness, appropriateness, and effectiveness by internal and external stakeholders on an ongoing basis.
- (h) The evaluation plan must include the school's periodic self-assessment, using Council accreditation standards and guidelines to assure ongoing compliance.
- (i) The evaluation plan must describe the:

- (i) desired outcomes of the school's mission and goals, including the educational programmes, research and other scholarly activities, professional and community service, interprofessional education, and pharmacy practice programmes.
 - (ii) process and outcome assessments that will be evaluated, and with what frequency
 - (iii) individual(s) responsible for data collection, analysis, and dissemination
 - (iv) parties that will be responsible to receive and be authorised to act on the findings
 - (v) manner by which resultant changes (for example revisions in the curriculum, modifications of faculty and student policies and procedures) will be implemented, evaluated, documented, and communicated
 - (vi) comparisons that will be made with data from all Council accredited programmes and, if desired, a group of peer schools, with the basis for their selection
 - (vii) resources (such as faculty, staff, preceptors, technical, financial, and physical) needed for successful implementation.
- (j) The assessments employed in the evaluation plan must:
- (i) include defined formative and summative measures
 - (ii) address all aspects of the programme's mission and goals
 - (iii) involve the full range of relevant internal and external stakeholders, including faculty, students, staff, preceptors, administrators, and alumni
 - (iv) permit anonymous input and provide for collective analyses of findings
 - (v) be used to evaluate trends over time
 - (vi) evaluate student achievement of desired competencies, in aggregate and at the level of the individual student
- (k) The institution/school must make available to key stakeholders, on a regular basis, the major findings and actions resulting from its evaluation plan through, for example, a written report or through a posting on its website.
- (l) The evaluation plan may include a variety of assessments that allow comparison and establishment of substantial comparability of alternative programme pathways to degree completion, including geographically dispersed campuses and distance-learning activities.

MINIMUM STANDARDS FOR POLICIES AND PROCEDURES

7.1.1 Quality management system

- (a) A quality management system which includes at least the following aspects must be in place.
- (i) quality management policies defining quality aims
 - (ii) quality management procedures which enable the school to implement the defined policies
 - (iii) quality assurance processes that cover aspects related to admission, curriculum content, teaching and WBL delivery, clinical placements, assessment and research
 - (iv) quality assurance processes that have effective input from all stakeholders
 - (v) standard operating procedures for assessment and record-keeping activities
 - (vi) review mechanisms which ensure that the defined quality management policies and procedures are applied. These may include surveys of graduate employers and other stakeholders to evaluate graduate competence and the performance of graduates in registration examinations
 - (vii) reliable and valid research, which is incorporated into the quality management processes of the provider, to ensure continued improvement of course structure, content and presentation.

NB: See Addendum 4 for the requirements and procedures of Council for the accreditation and reaccreditation of prospective and current providers (public and private).

8. MINIMUM STANDARDS FOR SHORT COURSES REGISTERED WITH COUNCIL

INTRODUCTION

Short courses are programmes of learning which do not result in a qualification but confer additional knowledge and skills in learners to enable them to carry out specific tasks. They may or may not comply with unit standards.

An example of a short course in pharmacy is the Primary Care Drug Therapy course which enables successful learners to identify and respond to patient needs. Short courses in pharmacy comply with the following standards.

MINIMUM STANDARDS FOR SHORT COURSES OF NQF LEVEL 5 ONLY

Such short courses provided/offered by institutions approved for HEQSF must comply with this standards document.

ADDENDUM 2: CRITERIA FOR THE EVALUATION OF FOREIGN QUALIFICATIONS**1. INTRODUCTION**

As in most countries, the practice of a profession in South Africa requires evidence of an appropriate level of education and practical experience. The recognition of qualifications in most health-related professions is the responsibility of a registration authority established by government statute. To be able to work as a pharmacist in South Africa, registration with the South African Pharmacy Council is needed. The practice of pharmacy by unregistered persons is punishable by law. A candidate who obtained their qualification outside South Africa may apply for registration as a pharmacist subject to compliance with the requirements as set by Council.

Pharmacists in South Africa are expected to:

- organise the manufacturing, compounding and packaging of pharmaceutical products;
- organise the procurement, storage and distribution of pharmaceutical products;
- dispense and ensure the optimum use of medicine prescribed to the patient;
- provide pharmacist initiated care to the patient and ensure the optimum use of medicine;
- provide education and information on health care and medicine;
- promote community health and provide related information and advice;
- participate in research to ensure the optimal use of medicine.

All applications are considered by the CPD committee of Council. Each application is considered on merit. After an application has been evaluated, Council may decide, that, if the applicant complies with all the requirements and has passed the necessary examinations he/she may be registered either as a pharmacists' assistant, pharmacist intern for purposes of undergoing practical training or register the applicant as a pharmacist for purpose of performing pharmaceutical community service.

2. PURPOSE

To inform foreign qualified persons of the requirements regarding registration in pharmacy.

3. REGISTRATION REQUIREMENTS

Candidates who wish to register in pharmacy must submit the following documents:

- (a) Application forms approved by Council and proof of payment of the prescribed fee;
- (b) Certified copy of ID/Passport;
- (c) Original SAQA evaluation certificate;
- (d) Original confirmation letter from examining body/university;
- (e) Certified copy of qualification as a pharmacist;
- (f) Original International English Language Testing System Certificate (IELTS);
- (g) Certified proof of registration as a pharmacist with the regulatory body;
- (h) Original letter of Good Standing from the regulatory body;
- (i) Proof of practical training or internship from the regulatory body;
- (j) Information regarding syllabus and curriculum of the qualification;
- (k) Letter of support from DOH/FWMP;
- (l) Proof of participation in CPD in the country of origin.

Once all the required documents have been received, evaluated and complies with the

criteria set by Council and the applicant is successful in the professional examinations, the applicant will be **issued with a letter informing them of the approval.**

4. REGISTRATION FEE

The candidates shall be required to pay a prescribed fee for evaluation of their credentials as published.

**ADDENDUM 3: EXIT LEVEL OUTCOMES FOR THE QUALIFICATIONS IN PHARMACY
Higher Certificate in Pharmacy Technical Support**

ELO1: Apply scientific knowledge in the provision of basic pharmaceutical support services.

(Range of basic pharmaceutical support services include, but are not limited to: weighing of active ingredients, mixing, packing, labelling etc., and excluding any functions related to interpretation, evaluation, validation and quality assurance.)

ELO2: Provide functional support to compound, manipulate and prepare medicines (nonsterile) for specific patients in compliance with standard operating procedures (SOPs) under the supervision of a pharmacist.

ELO3: Provide functional support in the manufacture, package and/or repackage of nonsterile and scheduled substances/medicines in compliance with *Good Manufacturing Practice* (GMP) guidelines under the supervision of a pharmacist.

ELO4: Provide functional support in the management of medicine stock, scheduled substances, medical supplies and devices in compliance with *Good Wholesale and Distribution Practice* (GWDP) and legal requirements under the supervision of a pharmacist.

ELO5: Provide functional support in Phase 2 of dispensing under the supervision of a pharmacist.

ELO6: Perform general housekeeping and administrative tasks in a pharmacy and/or dispensary.

ELO7: Provide information to promote health and wellness related to the *Standard Treatment Guidelines* (STG) and the *Essential Medicines List* (EML).

ELO8: Demonstrate the use of ICT in the management of inventory in a manufacturing, wholesale, community or organisational pharmacy/dispensary (either the public or the private sector)

Advanced Certificate in Pharmacy Technical Support

ELO1: Apply scientific knowledge to provide technical support in pharmaceutical services.

ELO2: Provide technical support to compound, manipulate and prepare sterile and nonsterile medicines and scheduled substances in compliance with standards as described in *Good Pharmacy Practice* (GPP) rules and GMP guidelines under the supervision of a pharmacist.

ELO3: Provide technical support to manufacture, package and repackage sterile and nonsterile medicines and scheduled substances in compliance with GMP guidelines under the supervision of a pharmacist.

ELO4: Provide technical support to order, manage, despatch and dispose of medicines, scheduled substances, medical supplies and devices in compliance with GWDP and legal requirements.

ELO5: Provide technical support to dispense prescriptions for patients in compliance with applicable legislation, including GPP.

- ELO6:** Provide Schedule 0 and 1 medicines in accordance with legal requirements, including GPP.
- ELO7:** Manage the dispensary in a primary healthcare clinic under the indirect supervision of a pharmacist.
- ELO8:** Demonstrate an understanding of the principles of management of common chronic conditions.
- ELO9:** Demonstrate an understanding of principles of traditional African medicines.
- ELO10:** Demonstrate an understanding of principles of complementary medicines.
- ELO11:** Demonstrate an understanding of principles of nutraceuticals and functional foods.

BPharm Exit Level Outcomes

- ELO1:** Integrate and apply foundational scientific principles and knowledge to pharmaceutical sciences. The range of scientific principles and knowledge must include, but is not limited to: chemistry, microbiology, biochemistry, mathematics, physics, physiology, pathophysiology, anatomy, social and behavioural sciences, including biomedical ethics.
- ELO2:** Apply integrated knowledge of product development and formulation in the compounding, manufacturing, distribution and dispensing of pharmaceutical products.
- ELO3:** Compound, manipulate and prepare medication in compliance with GPP rules, GMP and/or *Good Clinical Practice* (GCP) guidelines.
- ELO4:** Manage the manufacture, packaging and registration of pharmaceutical products in compliance with GMP and GCP.
- the range of pharmaceutical products must include, but is not limited to: medicines, veterinary products, biological products.
- ELO5:** Manage the logistics of the selection, procurement, storage, distribution and disposal of pharmaceutical products.
- ELO6:** Dispense medication and ensure optimal pharmaceutical care for the patient in compliance with GPP and, where applicable, GCP.
- the range of dispensing process must include, but is not limited to: interpretation and evaluation, preparation and labelling, provision of information and instructions, therapeutic intervention and supply of medicines to the patient and monitoring of compliance.
- ELO7:** Apply a pharmaceutical care management approach to ensure rational medicine use.
- ELO8:** Initiate and/or modify therapy, where appropriate, within the scope of practice of a pharmacist and in accordance with GPP and GCP, where applicable.
- ELO9:** Promote public health.

ELO10: Integrate and apply management principles in the practice of pharmacy.

ELO11: Participate in research.

Professional Master's Degrees

The exit level outcomes for these qualifications are contained in the respective qualification and curriculum outline documents.

ADDENDUM 4: REQUIREMENTS AND PROCEDURES OF COUNCIL FOR ACCREDITATION OF PROSPECTIVE PROVIDERS AND REACCREDITATION AND MONITORING OF CURRENT PROVIDERS

A. PURPOSES OF AND PROCESSES FOR THE ACCREDITATION/ REACCREDITATION, EVALUATION AND ASSESSMENT OF PROSPECTIVE AND CURRENT PROVIDERS

1. Purposes of accreditation/reaccreditation of providers

Note: The purposes of the evaluation and accreditation/reaccreditation of providers of education and training organisations are to:

- (a) Advance the quality of education and training, thereby advancing the quality of the provision of pharmaceutical services.
- (b) Establish criteria and characteristics for approved education and training experiences.
- (c) Provide pharmacy employers and personnel with a dependable basis for selecting accredited/reaccredited providers of education and training.
- (d) Provide for a uniform basis of the provision of education and training, facilitating the portability of credits and qualifications among pharmacy sectors and providers.
- (e) Provide feedback to providers about their courses and encourage self-evaluation with a view towards the continual improvement and strengthening of the education and training activities of pharmacy personnel.
- (f) The minimum requirements for the accreditation/reaccreditation of providers of learning programmes for pharmacy personnel must be based on the criteria set out in section 3 below. Private providers that offer full qualifications must be accredited by the Department of Higher Education and Training (DHET) as a provider.

2. The process of evaluation and assessment of providers for accreditation/reaccreditation

- (a) The evaluation of a provider must be conducted by persons and/or organisations appointed by Council.
- (b) Evaluators must receive appropriate training from Council about the requirements for the evaluation of courses. This includes that the language used is appropriate to the level of the course(s) being offered, as well as guidance on the way in which the requirements are applied in order to ensure consistency across providers, particularly in respect of the assessment of outcomes, so that qualified students are able to perform their designated tasks in the workplace.
The evaluation of prospective providers of education and training must include measuring the applicant against specified criteria to assess the capacity of the provider, using compliance with the respective ELOs as the main point of reference.

3. Criteria for accreditation/reaccreditation of providers

- (a) The criteria for accreditation/reaccreditation of a provider of education and training must be based on an evaluation of:
 - (i) the provider of education and training
 - (ii) the course in question, including the curriculum and method of instruction.
- (b) The following criteria, inter alia, must be considered by Council when a provider is evaluated in relation to a specific course:
 - (i) registration as a provider with the Department of Higher Education and Training in terms of any other applicable legislation
 - (ii) adequate strategic planning
 - (iii) a demonstrable quality management system
 - (iv) competent facilitators of learning
 - (v) an appropriate system for the assessment of students
 - (vi) courses of a suitable quality
 - (vii) appropriate practical training and WBL, where applicable.

4. Evaluation of prospective providers of education and training

Prospective providers of education and training must comply with the following standards (See also B below: Minimum standards for accreditation visits).

- (a) Three years prior to the planned admission of students, notify Council of its intention to do so. This step will be evaluated at Council offices.
- (b) Two years prior to the admission of students, provide Council with a business plan which describes the intentions of the provider in regard to compliance with Standard 2 – minimum standards for organisation and administration, and Standard 3 – minimum standards for training. This step will be evaluated during an accreditation visit to the intending provider.
- (c) One year prior to the admission of students, provide Council with a strategic plan which describes how Standards 2 and 3 will be met and its intentions and progress with the implementation of Standard 4 – minimum standards for facilities, and financial, human and physical resources; Standard 5 – minimum standards for delivery of programmes; Standard 6 – minimum standards for students; and Standard 7.2.1 – minimum standards for the quality management system. This step will be evaluated during an accreditation visit to the intending provider.
- (d) During the initial and subsequent years of the introduction of the programme accreditation visits will be carried out on an annual basis.
- (e) Full accreditation may only be conferred on a provider on completion of the first cycle of training.

5. Registration as a provider

Providers must be registered with Council. Where whole qualifications are offered by a provider other than a public education organisation, such organisation must be registered as a private provider/educational organisation with the Department of Higher Education and Training, as indicated above. Accreditation with the Council on Higher Education is mandatory.

B REQUIREMENTS FOR ACCREDITATION VISITS

Accreditation visits for the qualification offered by the school must be conducted on a yearly basis until the first student group graduates. The aim of these visits is to ensure adherence to the prescribed minimum standards listed below:

Learning assumed to be in place

The actual knowledge and skills-base the learner will need to have in order to be able to embark on a learning programme must be specified.

Qualification rules

The structure of the curriculum must show the allocation of modules into fundamental, core and elective components and their credit value must be provided.

Exit level outcomes (ELOs) in relation to the curriculum

All module codes that cover the ELOs and the specified number of credits allocated to each ELO must be provided. Motivation must be provided if the number of credits per ELO deviates by more than 30% from the required credits.

Critical cross-field outcomes in relation to the curriculum

Module codes where the critical cross-field outcomes are found must be provided.

Detailed module content and learning outcomes with reference to assessment criteria

The module names and codes that constitute the programme must be provided and the associated assessment criteria for each module must be specified.

Teaching and learning strategies

The teaching and learning strategy/strategies for different modules or clusters of modules must be described.

Assessment and moderation

How assessment methods are aligned with outcomes must be indicated, referring also to the mode of delivery, level and needs of students. How moderation is carried out and when external moderation takes place must be specified.

Compliance with requirements relating to spacing norms for physical facilities**Compliance with requirements relating to WBL****C. REQUIREMENTS FOR MONITORING VISITS**

Ongoing adherence to quality assurance measures is required to ensure that premises, systems and procedures are of an acceptable standard. The Council will, therefore, conduct monitoring visits to each institution, as and when determined by Council, to ensure adherence to the prescribed criteria for the programmes and courses offered by the respective school. Compliance with the following is required:

- the rules for the PT qualification
- the qualification rules for the BPharm degree
- applicable exit level outcomes (ELOs)
- associated assessment criteria
- critical cross-field outcomes
- requirements relating to assessment and moderation.

A Council delegation performs monitoring visits annually for the PT qualification and every four years for the BPharm qualification. Wherever possible, monitoring visits for the various programmes and courses offered by the school are integrated so that only one comprehensive visit is carried out every four years.

BOARD NOTICE 184 OF 2017**BOARD NOTICE****SOUTH AFRICAN PHARMACY COUNCIL****RULES RELATING TO GOOD PHARMACY PRACTICE**

The South African Pharmacy Council herewith publishes amendments for implementation to the minimum standards as contained in Annexure A of the *Rules relating to good pharmacy practice* which was published on 17 December 2004 Government Gazette No: 27112, in Board Notice 129 of 2004 (as amended) in terms of Section 35A(b)(ii) of the Pharmacy Act, 53 of 1974.

SCHEDULE**Rules relating to what constitutes good pharmacy practice**

1. In these rules "the Act" shall mean the Pharmacy Act, 53 of 1974, as amended, and any expression to which a meaning has been assigned in the Act shall bear such meaning.
2. The following rules to Annexure A of the *Rules relating to good pharmacy practice* are hereby amended –
 - (a) Minimum standard for the sale of HIV self-screening test kits

TA MASANGO
REGISTRAR

MINIMUM STANDARD FOR THE SALE OF HIV SELF-SCREENING TEST KITS

1. Definition

- (a) HIV self-screening testing - is a process in which a person collects their own specimen (biological fluid) and then performs a test and interprets the result, often in a private setting, either alone or with a person they trust.
- (b) HIV self-screening test kit - is a kit approved by an authority as defined in paragraph 3 for the purposes of self- screening for HIV infection.

2. Purpose

In April 2010, South Africa launched an HIV Counselling and Testing (HCT) campaign that, among other things, sought to increase the number of people who test, know their HIV status and receive treatment.

This was followed in 2016 when the National Department of Health adopted the UNAIDS 90-90-90 targets. These initiatives are an attempt to get the HIV epidemic under control and are based on the principle of universal testing and treating. The intention is that by 2020, 90% of people who are HIV infected will be diagnosed, 90% of people who are diagnosed will be on antiretroviral treatment and 90% of those who receive antiretroviral will be virally suppressed. These principles support the goals laid out in the country's National Strategic Plan (NSP) 2017-2022, for HIV, Sexually Transmitted Infections and Tuberculosis, which inter alia, aims to significantly reduce the number of new infections and expand access to appropriate treatment, care and support to people diagnosed with HIV.

In order for this to succeed, HIV testing needs to be taken out of the clinics and into the community, and requires new and innovative ways to get people tested for HIV infection. HIV self-screening test kits could increase the numbers of people that get tested and know their status. The pharmacist is ideally placed to deal with the sale of HIV self-screening test kits, given the sensitivity and the professionalism required in dealing with the condition and as such Council supports the responsible sale of self-testing kits by pharmacists.

The minimum standard for the sale of HIV self-screening test kits aims to provide guidance on how pertinent issues and concerns relating to HIV self-screening should be addressed. The pertinent issues and concerns include:

- (a) the reliability and ease of use of the testing instrument;
- (b) patient consent;
- (c) patient confidentiality and anonymity;
- (d) ready access to confirmation of diagnosis and treatment should the test be reactive; and
- (e) ready access to information, support, assistance and counselling as required.

3. Specific considerations

Pharmacists must only sell HIV self-screening test kits approved by suitable authorities such as:

- (a) South African Health Products Regulatory Authority (SAHPRA); or

- (b) World Health Organisation; or
- (c) Other regulatory health authorities that SAHPRA aligns itself with such as FDA and EMEA.

4. Accessibility of HIV self-screening test kits

- (a) the HIV self-screening test kits may be sold to persons from the age of 12 years and above.

5. The sale of HIV self-screening test kits

A pharmacist must ensure that the person buying this kit has access to the following information:

- (a) instructions for use (IFU) leaflet included in the kit and should be followed when self-testing;
- (b) screening test should not be taken as a conclusive diagnosis;
- (c) diagnosis of HIV infection is dependent on a confirmatory test;
- (d) there are three possible outcomes of the HIV self-screening test:
 - (i) "Reactive" or "Positive" - HIV antibodies have been detected indicating that the client **may** be HIV positive, and there is a need to perform a confirmatory test to validate the outcome;
 - (ii) "Non-Reactive" or "Negative" - no HIV antibodies have been detected. No further testing is required. The client should take steps to remain negative and may retest in minimum 6 weeks in cases of possible recent exposure (to exclude the window period); and
 - (iii) "Invalid" or "No Result" - the test has failed and the client should purchase another test kit and repeat the process.
- (e) assistance, information and support if required before, during and after the test is available.

6. Knowledge

Pharmacists and/or pharmacy support personnel must ensure that they have adequate knowledge of relevant aspects of HIV and HIV self-screening test kits as well as the ability to demonstrate the use of the test kit to any person as the need arises.

7. Support information to be provided

The following information must be accessible to person(s) purchasing or requesting assistance with HIV self-screening test kit:

- (a) referral centres for confirmatory testing and counselling in the case of a reactive or positive result;
- (b) information on HIV including how HIV is transmitted;
- (c) information and referral on:

- (i) Post-Exposure Prophylaxis (PEP) in the case of unintended exposure within 72 hours;
- (ii) Pre-Exposure Prophylaxis (PrEP) in the case of ongoing risk to infection; and
- (iii) Prevention of Mother to Child Transmission (PMTCT) in the case of exposure during pregnancy, child birth and/or breast-feeding.

This standard must be read together with other relevant standards.

WARNING!!!

To all suppliers and potential suppliers of goods to the Government Printing Works

The Government Printing Works would like to warn members of the public against an organised syndicate(s) scamming unsuspecting members of the public and claiming to act on behalf of the Government Printing Works.

One of the ways in which the syndicate operates is by requesting quotations for various goods and services on a quotation form with the logo of the Government Printing Works. Once the official order is placed the syndicate requesting upfront payment before delivery will take place. Once the upfront payment is done the syndicate do not deliver the goods and service provider then expect payment from Government Printing Works.

Government Printing Works condemns such illegal activities and encourages service providers to confirm the legitimacy of purchase orders with GPW SCM, prior to processing and delivery of goods.
