1. INTRODUCTION

- 1.1. Graduation as a healthcare professional and registration as a practitioner does not guarantee that an individual's professional proficiency will be maintained for the rest of his/her professional life. There are two primary reasons for this: **Firstly**, the acquisition of new knowledge and skills for any health-related field is expanding constantly and this new knowledge is not always easily accessible by practitioners; and **secondly**, certain education and training acquired by students in healthcare professions may subsequently become out-dated after graduation.
- 1.2. The purpose of the CPD programme is to ensure that any practitioner who is registered with the AHPCSA maintains current, but also acquires new and updated levels of knowledge, skills and ethical performance that will be of measurable benefit in professional practice and enhance and promote professional integrity. The beneficiary will ultimately be the patient. All such practitioners are required to complete a programme of approved continuing professional development activities in each calendar year.
- 1.3. The activities are clustered together comprising a hierarchy of learning approaches and strategies. Practitioners shall select activities from the hierarchy to meet their particular needs or the specific demands of their practice environments. It is anticipated that the system will also address the specific South African healthcare environment by providing a range of activities that will allow the practitioners to meet the challenges faced in the current healthcare system.
- 1.4. The hierarchy of activities detailed includes traditional learning experiences such as, but not limited to, attendance at conference presentations, workshops, structured courses and quality assurance audits of practices or groups of professionals in their work environments.

2. ADMINISTRATION

- 2.1. The CPD system will be **administered by the Registrar on behalf of the AHPCSA and will be monitored by the CPD Committees.**
- 2.2. **Any individual practitioner that** attends CPD activities in order to comply with the statutory requirements as determined by the AHPCSA shall ensure that he/she is in possession of a certificate of attendance and shall keep such certificates of attendance for a minimum of two years on record after the completion of the relevant cycle to comply with any random compliance check.
- 2.3. **The CPD Committees** shall ensure that the requisite standards are met and maintained by the CPD service providers and shall be responsible for conducting quality checks on the activities of the CPD service providers offering CPD activities from time to time.

2.4.1 The Act provides for the approval of education and training as follows:

Section 16A: Control over training

- (1) *Notwithstanding anything to the contrary in any law contained, no person or educational institution shall offer or provide any education or training in any allied health profession to which the provisions of this Act apply, unless such education or training has been considered by the relevant professional board and approved by the council after considering a recommendation by the relevant board.*
- (2) *Any person or institution wishing to offer or to provide the education or training referred to in subsection (1) shall, before offering or providing such education or training, apply to the council in writing for its approval of such education or training and shall furnish such particulars regarding such education or training as the council may require.*
- (3) *The council may, after consultation with the relevant professional board, grant or refuse any application made in terms of subsection (2) and may, if it has granted such application, prescribe such conditions and requirements as it may deem fit subject to which the education and training in question may be provided.*
- (4) *The council may appoint a person to attend examinations in respect of any allied health profession regulated by or under this Act which are being conducted by a person or institution whose application has been approved by the council in terms of subsection (3).*
- (5) *Any person who contravenes or fails to comply with any provision of this section, or any condition or requirement prescribed there under, shall be guilty of an offence and liable on conviction to a fine or to imprisonment for a period not exceeding six months or to both a fine and such imprisonment.*

3. INDIVIDUAL CPD ACTIVITY RECORD

- 3.1. Each practitioner shall be required to maintain an official AHPCSA Individual CPD Activity Record [See Annexure A] from the commencement of the CPD programme which shall include the following particulars:

The full names of the practitioner; the AHPCSA registration number; the registered profession(s); the name of the CPD Service Provider; the Service Provider's CPD Activity number; the topic of the activity; the level of the activity; the number of CEUs for that activity; and the attendance/completion date.

- 3.2. This record must be regularly updated and kept current with every learning activity attended or completed so that it accurately reflects the CPD activities of the practitioner.

4. COMPLIANCE VERIFICATION

- 4.1. **Individual practitioners** shall ensure that they are in possession of the standard certificate of attendance for every activity that they have attended. They shall keep these for at least a further two years after completion of the cycle so that their certificates shall be available if required for random compliance verification.
- 4.2. The CPD Committee may conduct compliance verification of individual practitioners at least once a cycle on a randomly selected sample of practitioners.

4.3. When an individual practitioner is **selected for compliance verification**, he/she is obliged to forward the Individual Activity Record for each profession in which he / she is registered as per **Annexure A** that may have been obtained during the CPD cycle under review **to the Registrar within 21 days** on receipt of notification. For Level 3 qualifications a certified copy of the qualification is required. **The required documents** may be submitted in one of the following ways:

- (a) Paper copies: Send by registered post to The Registrar, AHPCSA, Private Bag X28, Lynnwood Ridge, 0040;
- (b) By hand delivery to the Registrar, AHPCSA, Castelli Suite, Il Villaggio, 5 De Havilland Crescent South, Persekor Technopark, Pretoria, or
- (c) Electronic copies: Send to the AHPCSA CPD email address: cpd@ahpcsa.co.za;

4.4. **Non-compliance** with any CPD requirement is an act or omission in respect of which council or the relevant professional board may take disciplinary action in terms of Section 29 of the Act and these Guidelines.

5. CONTINUING EDUCATION UNITS (CEUs)

5.1. **The system operates on a basis of trust.** CEUs are linked to a hierarchy of learning activities based on whether the outcome is measurable or not, or is a structured learning programme.

5.2. CPD will run over a two (2) year cycle with all practitioners required to accumulate forty (40) **CEUs per cycle, fifty percent (50%) of which shall be profession-specific.**

5.3. A practitioner, who registers for the first time shall commence with his / her CPD programme immediately. **CEUs will be calculated on a pro-rata basis for persons registering after the cycle has commenced, for the remainder of the cycle.**

5.4. A practitioner who accumulates more than the required total of CEUs in a cycle will be permitted to carry over a maximum of ten (10) CEUs to the next cycle.

5.5. **A practitioner shall be required to obtain a minimum of four (4) CEUs in AHPCSA-specific Bioethics and Jurisprudence per CPD cycle; alternatively, attendance at any two-hour CPD activity presented by the AHPCSA Registrar on bioethics and jurisprudence shall qualify under this category. An AHPCSA-approved bioethics and jurisprudence course is available at www.aromasa.org.za. A minimum of 70% pass rate is required for this MCQ course to qualify for four (4) CEUs. Ethics CEUs granted by any other statutory health council for mere attendance as part of any other CPD activity are not recognised by the AHPCSA for Level 2.B.1: BIOETHICS AND JURISPRUDENCE WORKSHOPS.**

- 5.6. **A practitioner is obliged, as a requirement for ongoing registration, to be in possession of a first-aid Level I, Emergency First Aid or Basic Life Support (BLS) certificate (the former two certificates to have been issued by a Department of Labour-accredited provider of first-aid; the latter to have been issued by an institution accredited by the American Heart Association (AHA)) for which only four (4) CEUs may be acquired, regardless of any higher number of CEUs granted by any provider of such education and training. Any diagnostic practitioner may choose to complete first-aid Level II or III, for which only six (6) or eight (8) CEUs may be acquired, regardless of any higher number of CEUs granted by any provider of such education and training.**
- 5.7. Cross Recognition of CEUs. If a CPD activity has been approved for a specific profession by a specific CPD Committee or approved by another South African statutory health council, all AHPCSA practitioners may attend that activity for CPD purposes **if it is relevant to their specific Scope of Practice.** Practitioners will, therefore, not need to apply for the activity to be reaccredited by their own CPD Committee or by the Registrar in order to claim the CEUs accrued for attending that activity. Only in the event that a practitioner is uncertain as to whether such activity falls into the relevant scope of practice, he/she is required to present information regarding that activity, prior to it taking place, for confirmation that it falls within the scope of practice of that practitioner, which confirmation will be given by the Registrar. In addition to the relevant CPD certificate issued by the Service Provider, the practitioner is required to present the following information: **name of the South African statutory health council approving the CPD activity; the South African statutory health council CPD registration reference; and nature and duration of the CPD activity. CEU allocation will be as per the AHPCSA Guidelines. Note: Any course specific to any allied health profession may NOT be approved by any other South African statutory health council, or any other body delegated by another South African statutory health council. You are required to take care to ascertain that courses specific to allied health professions have been approved by the AHPCSA.**
- 5.8. Practitioners who are registered in more than one Allied Health profession will be required to obtain **thirty (30) CEU's** per profession, **fifty percent (50%) of which shall be profession-specific**, with the minimum of **four (4) CEUs** for the **AHPCSA-approved Bioethics and Jurisprudence course** and be in possession of either a **BLS, Level I, II or III first-aid certificate** per CPD cycle.
- 5.9. Splitting of CEUs will not be allowed for practitioners registered for more than one profession who attend a CPD activity which is relevant to more than one of the registered professions. When attending a CPD activity which is relevant to more than one of the registered modalities, a practitioner must make a choice as to which modality the CEUs should accrue.

The AHPCSA monitors the Internship Programme via the National Internship Co-Ordinator who liaises with the Regional Co-Ordinators.

2.2.2 The DUT and the UJ

The Programme itself is facilitated by the DUT and UJ. The PBHNP recognises the significant involvement of these institutions and the persons involved with establishing the current Internship Programme.

3. INTERNSHIP PROGRAMME

3.1 Aim of the Internship Programme

To expose the Homeopathy Intern to the understanding of Homeopathy as a profession that functions not only as a primary health care entity, but also within a greater health care paradigm to ensure that the best interests of the patient are met and maintained and that the health of the public enjoys due and proper protection, as mandated by the legal requirements of the Allied Health Professions Act, Act 63 of 1982.

The Outcomes of the Internship Programme are to transition the Student through an Internship phase to becoming a competent practitioner with the aim of refining the skills of the Student-Intern / Intern in terms of the following outcomes:

- ❖ Practice direct contact (primary) health care as an entry portal provider for all patients (of all ages and gender).
- ❖ Promote the concept of wellness (in congruence with the primary health care principles) by assessing health risks in the community and attempting to reduce such by providing appropriate general and public health information and lifestyle counselling (as appropriate to the patient and the community).
- ❖ Refine the assessment of a patient's general health status, complaints and problems, by means of a detailed and pertinent case history, physical examination and special tests (diagnostic imaging, laboratory procedures, or further specialized testing) culminating in a diagnosis with treatment and / or referral as the case warrants.
- ❖ Further develop a goal-orientated patient management plan that addresses the treatment, rehabilitation and education of the patient.
- ❖ Continue to develop and maintain the appropriate health practitioner-patient relationship in terms of the code of conduct and ethical constraints as imposed by legislation governing the profession in South Africa.
- ❖ Deepen the ability to become self-directed learners so as to maintain an up-to-date working knowledge in terms of current findings in the field of Homeopathy and utilising the available continuing education opportunities as they present.

3.2 Registration for Internship Programme

Any AHPCSA-registered student of Homeopathy may enter the Internship Programme, firstly as:

- ❖ **a student-Intern** when he or she has completed all academic requirements for the M Tech (Homeopathy) qualification, but has yet to complete the research dissertation; and subsequently

- ❖ **as an Intern** when he or she has met all academic requirements, including the research dissertation and qualifies for graduation, and is no longer a registered university Student.

Transition from Student-Intern to Intern status is required by way of application to the AHPCSA for the registration status in the Student-Internship register to be changed to that of registration in the Internship register. The necessary form is available on the AHPCSA website – www.ahpcsa.co.za for either category of registration. The fully completed form needs to be returned to the AHPCSA, along with proof of payment, to allow for registration. Student-Intern registration numbers, or Intern registration numbers, together with the relevant certificates, as the case may be, will be issued by AHPCSA.

When the Student Intern graduates from his or her respective institution and he or she registers as an Intern, he or she is required to obtain malpractice insurance, such as is available through the HSA or any other malpractice insurance provider.

Any Student-Intern or Intern in breach of any of these legislative precepts may result in disciplinary action by either the Durban University of Technology/University of Johannesburg or the AHPCSA, or both.

sustainable practice and profession. Interns will therefore be required to provide a portfolio of evidence indicating that they have complied with the requirements detailing that they have not only completed the requisite hours and cases, but display an understanding of what they have learnt during the Internship Programme and can apply this knowledge in the work environment.
