HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (GPW).

The scam involves the fraudsters using the letterhead of GPW to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. GPW has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the GPW.

GPW has an official email with the domain as @gpw.gov.za

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. GPW does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

Any incidents of corruption, fraud, theft and misuse of government property in the *Government Printing Works* can be reported to:

Mpumalanga Liquor License Gazette	Bi-Monthly	Second & Fourth Friday	One week before publication	3 working days prior to publication

EXTRAORDINARY GAZETTES

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov Adobe Forms for each publication date must be submitted.

NOTICE SUBMISSION PROCESS

4. Download the latest Adobe form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.
5. The Adobe form needs to be completed electronically using *Adobe Acrobat / Acrobat Reader*. Only electronically completed Adobe forms will be accepted. No printed, handwritten and/or scanned Adobe forms will be accepted.
6. The completed electronic Adobe form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic Adobe format to enable the system to extract the completed information from the form for placement in the publication.
7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the eGazette Contact Centre.
8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.
 - 8.1. Each of the following documents must be attached to the email as a separate attachment:
 - 8.1.1. An electronically completed Adobe form, specific to the type of notice that is to be placed.
 - 8.1.1.1. For National Government Gazette or Provincial Gazette notices, the notices must be accompanied by an electronic Z95 or Z95Prov Adobe form
 - 8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.
 - 8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice. (*Please see Quotation section below for further details*)
 - 8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order. **Non-Government Printing Works** account customer needs to submit the proof of payment for the notice
 - 8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. (*Please see the Copy Section below, for the specifications*).
 - 8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic Adobe form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic Adobe form will be published as-is.
10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE**.
11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.
12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.
 - 13.1. **Take note:** **GPW**'s annual tariff increase takes place on **1 April** therefore any quotations issued, accepted and submitted for publication up to **31 March** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.
14. Each quotation has a unique number.
15. Form Content notices must be emailed to the eGazette Contact Centre for a quotation.
 - 15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.
 - 15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.
16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS:**
 - 16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.
 - 16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.
 - 16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).
17. **APPLICABLE ONLY TO CASH CUSTOMERS:**
 - 17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.
 18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).
 19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.
 - 19.1. This means that **the quotation number can only be used once to make a payment**.

GOVERNMENT PRINTING WORKS - BUSINESS RULES**COPY (SEPARATE NOTICE CONTENT DOCUMENT)**

20. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03
 - 20.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.

The content document should contain only one notice. (You may include the different translations of the same notice in the same document).
 - 20.2. The notice should be set on an A4 page, with margins and fonts set as follows:

Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm;
Use font size: Arial or Helvetica 10pt with 11pt line spacing;

Page size = A4 Landscape with page margins: Top = 16mm, LH/RH = 40mm, Bottom = 16mm;
Use font size: Arial or Helvetica 10pt with 11pt line spacing;

CANCELLATIONS

21. Cancellation of notice submissions are accepted by **GPW** according to the deadlines stated in the table above in point 2. Non-compliance to these deadlines will result in your request being failed. Please pay special attention to the different deadlines for each gazette. Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.
22. Requests for cancellation must be sent by the original sender of the notice and must accompanied by the relevant notice reference number (N-) in the email body.

AMENDMENTS TO NOTICES

23. With effect from 01 October 2015, **GPW** will not longer accept amendments to notices. The cancellation process will need to be followed according to the deadline and a new notice submitted thereafter for the next available publication date.

REJECTIONS

24. All notices not meeting the submission rules will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za). Reasons for rejections include the following:
 - 24.1. Incorrectly completed forms and notices submitted in the wrong format, will be rejected.
 - 24.2. Any notice submissions not on the correct Adobe electronic form, will be rejected.
 - 24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.
 - 24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES**APPROVAL OF NOTICES**

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.
26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—
 - 27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;
 - 27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;
 - 27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.

GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.

Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.
30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

PAYMENT OF COST

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.
32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.
33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.
34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.
35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.
36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.
37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

PROOF OF PUBLICATION

DEPARTMENT OF AGRICULTURE, LAND REFORM AND RURAL DEVELOPMENT**NO. 1472****5 November 2021****AMENDMENT OF GAZETTE NOTICE NUMBER 22270 OF 2001 GENERAL NOTICE IN TERMS OF THE RESTITUTION OF LAND RIGHTS ACT, 1994 (ACT NO. 22 OF 1994), AS AMENDED**

Notice is hereby given in terms of Section 11A (4) of the Restitution of Land Rights Act, Act No. 22 of 1994 as amended that an amendment is hereby made to the Gazette Notice 22270 of 2001, Government Gazette No. 22270 of 11 May 2001 to include the farm Locatie Van Knopneuzen 230 LT, situated in Thulamela Local Municipality, Vhembe District of the Limpopo. The farm was erroneously left out on the government gazette notice 22270 of May 2001 due to incomplete investigation. This land claim was lodged by the late Mr. Thanyani Thompson Mugivhi before cut-off date of 31st of December 1998. Ha-Mutsha (Mapheveni) community land claimants lost rights on the part of the farm Locatie Van Knopneuzen 230 LT measuring 177.9107 hectares.

Detailed information of the property under claim is as follows:

Property	Current owner	Title Deed	Total Extent	Extent claimed	Endorsements
R/E of Locatie Van Knopneuzen 230 LT	National Government of the republic of South Africa	T60384/1988PTA	10009.3731 Ha	177.9107 Hectares under claim	I-12922/2012CPTA I-4393/2016LGPTA I-7571/2012LGPTA K1145/2010SPTA

All interested parties should take note that the office of the Regional Land Claims Commissioner: Limpopo is investigating this land claim. Any party that has an interest in the above-mentioned property is hereby invited to submit in writing within **30** days of publication of this notice, any comment, and / or objection to this land claim to the Office of the Regional Land Claims Commissioner: Limpopo at the addresses set out below under **KRP number 11096 / 5331**.

EMPLOYMENT AND LABOUR, DEPARTMENT OF

NO. 1474

5 November 2021

**NOTICE IN TERMS OF SECTION 62(7) OF THE LABOUR RELATIONS ACT
66 OF 1995 AS AMENDED (THE LRA)**

PLEASE TAKE NOTICE THAT: -

1. The trade Union, National Security Commercial and General Workers Union of the Free State (the applicant) has applied to the CCMA in terms of Section 62(1) of the Labour Relations Act 66 of 1995 as amended (the LRA) for a demarcation order to the effect that certain activities of the respondent, Route Management (Pty) Ltd and 2 other falls within the registered scope and jurisdiction of Metal & Engineering Industry Bargaining Council.
2. The respondent's business is involved in the manufacturing and distribution of trailers and axles. The applicant seeks an order declaring the business operations to fall within the jurisdiction of the Metal & Engineering Industry Bargaining Council. It will request a demarcation order whereby the respondents' employees fall within the jurisdiction of the Metal & Engineering Industry Bargaining Council.
3. The respondent, Route Management (Pty) Ltd, is opposing the demarcation application on the basis that it will argue that the activities and build of the trailers and axels does not fall within the jurisdiction of Metal and

Engineering Industry Bargaining Council.

4. The CCMA believes that the question raised by this demarcation application is potentially of substantial importance. Of relevance is the fact that the applicant believes the scope of the business conducted by the respondent fall within the scope and jurisdiction of Metal and Engineering Industry Bargaining Council and not Motor Industry Bargaining Council. The applicant intends to pursue that the employees should be registered under the Metal and Engineering Industry Bargaining Council. It is therefore apparent that there may be other persons or entities that could potentially be affected by the outcome of this application. Such entities should have the right to make representations to the CCMA.

5. Written representations may be made within 21 calendar days of the date of publication of this notice, and should be clearly marked with reference number FSBF4189-20 and directed to:

BARBARA DALLAS CREECY
MINISTER OF FORESTRY, FISHERIES AND THE ENVIRONMENT

SCHEDULE**Draft Revised List of Threatened Terrestrial Ecosystems - 2021**

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Buffels Valley Thicket	Albany Thicket	Critically Endangered	B1(i)	Buffels Valley Thicket is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Gouritz Valley Thicket	Albany Thicket	Critically Endangered	B1(i)	Gouritz Valley Thicket is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Motherwell Karroid Thicket	Albany Thicket	Critically Endangered	B1(i)	Motherwell Karroid Thicket is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Umtiza Forest Thicket	Albany Thicket	Critically Endangered	B1(i)	Umtiza Forest Thicket is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Namaqualand Seashore Vegetation	Azonal Vegetation	Critically Endangered	B2(i)	Namaqualand Seashore Vegetation is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Namib Seashore Vegetation	Azonal Vegetation	Critically Endangered	A3, B1(i), B2(i)	National land cover data show that Namib Seashore Vegetation has experienced extensive spatial declines of approximately 95 % since 1750. Namib Seashore Vegetation is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Alexander Bay Coastal Duneveld	Desert	Critically Endangered	A3, B1(i), B2(i)	National land cover data show that Alexander Bay Coastal Duneveld has experienced extensive spatial declines of approximately 92 % since 1750. Alexander Bay Coastal Duneveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Namib Lichen Fields	Desert	Critically Endangered	B1(i), B2(i)	Namib Lichen Fields is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Agulhas Limestone Fynbos	Fynbos	Critically Endangered	B1(iii)	Agulhas Limestone Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Agulhas Sand Fynbos	Fynbos	Critically Endangered	B1(iii)	Agulhas Sand Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Algoa Sandstone Fynbos	Fynbos	Critically Endangered	B1(i)	Algoa Sandstone Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Breede Sand Fynbos	Fynbos	Critically Endangered	B1(iii)	Breede Sand Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species and overgrazing
Cape Flats Sand Fynbos	Fynbos	Critically Endangered	B1(i), B1(iii)	Cape Flats Sand Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Cape Winelands Shale Fynbos	Fynbos	Critically Endangered	B1(i), B1(iii)	Cape Winelands Shale Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species and altered fire regimes
Central Ruens Shale Renosterveld	Fynbos	Critically Endangered	A3, A3alt	National land cover and supplementary provincial and metropolitan land cover data show that Central Ruens Shale Renosterveld has experienced extensive spatial declines of approximately 90 % since 1750.
Ceres Shale Renosterveld	Fynbos	Critically Endangered	B1(i)	Ceres Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Citrusdal Shale Renosterveld	Fynbos	Critically Endangered	B1(i)	Citrusdal Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Elgin Shale Fynbos	Fynbos	Critically Endangered	B1(i), B1(iii)	Elgin Shale Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Garden Route Granite Fynbos	Fynbos	Critically Endangered	B1(i)	Garden Route Granite Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Greyton Shale Fynbos	Fynbos	Critically Endangered	B1(iii)	Greyton Shale Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species and overgrazing
Groot Brak Dune Strandveld	Fynbos	Critically Endangered	B1(i)	Groot Brak Dune Strandveld is narrowly distributed with high rates of habitat loss in the

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
				past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Hangklip Sand Fynbos	Fynbos	Critically Endangered	B1(i), B1(iii)	Hangklip Sand Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Knysna Sand Fynbos	Fynbos	Critically Endangered	B1(i)	Knysna Sand Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Kogelberg Sandstone Fynbos	Fynbos	Critically Endangered	B1(iii)	Kogelberg Sandstone Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Kouebokkeveld Alluvium Fynbos	Fynbos	Critically Endangered	B1(i)	Kouebokkeveld Alluvium Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Kouebokkeveld Shale Fynbos	Fynbos	Critically Endangered	B1(i)	Kouebokkeveld Shale Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Lambert's Bay Strandveld	Fynbos	Critically Endangered	B1(i)	Lambert's Bay Strandveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Lourensford Alluvium Fynbos	Fynbos	Critically Endangered	A2b, A3alt, B1(i), B1(iii)	Observed rates of habitat loss between 1990 and 2018 indicate that by 2040 the geographic distribution of Lourensford Alluvium Fynbos will have declined by approximately 99 %. Supplementary land cover data from provincial and metropolitan authorities show that Lourensford Alluvium Fynbos has experienced extensive spatial declines of approximately 94 % since 1750. In addition, this ecosystem is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species, overgrazing and altered fire regimes
Mossel Bay Shale Renosterveld	Fynbos	Critically Endangered	B1(i)	Mossel Bay Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Nardouw Sandstone Fynbos	Fynbos	Critically Endangered	B1(i)	Nardouw Sandstone Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Nieuwoudtville Shale Renosterveld	Fynbos	Critically Endangered	B1(i)	Nieuwoudtville Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Peninsula Granite Fynbos	Fynbos	Critically Endangered	B1(i), B1(iii)	Peninsula Granite Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Peninsula Sandstone Fynbos	Fynbos	Critically Endangered	B1(iii)	Peninsula Sandstone Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Peninsula Shale Renosterveld	Fynbos	Critically Endangered	B1(i), B2(i), B1(iii), B2(iii)	Peninsula Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species, overgrazing and altered fire regimes
Potberg Ferricrete Fynbos	Fynbos	Critically Endangered	B1(iii)	Potberg Ferricrete Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species and overgrazing
Saldanha Granite Strandveld	Fynbos	Critically Endangered	B1(i), B1(iii)	Saldanha Granite Strandveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species and overgrazing
Saldanha Limestone Strandveld	Fynbos	Critically Endangered	B1(iii)	Saldanha Limestone Strandveld is narrowly distributed with evidence of ongoing biotic disruption from overgrazing
South Sonderend Sandstone Fynbos	Fynbos	Critically Endangered	B1(iii)	South Sonderend Sandstone Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Swartland Shale Renosterveld	Fynbos	Critically Endangered	A3, A3alt	National land cover and supplementary provincial and metropolitan land cover data show that Swartland Shale Renosterveld has experienced extensive spatial declines of approximately 90 % since 1750.
Swartland Silcrete Renosterveld	Fynbos	Critically Endangered	A3alt, B2(i), B2(iii)	Supplementary land cover data from provincial and metropolitan authorities show that Swartland Silcrete Renosterveld has experienced extensive spatial declines of approximately 93 % since 1750. Swartland Silcrete Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species, overgrazing and altered fire regimes

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Western Ruens Shale Renosterveld	Fynbos	Critically Endangered	B1(i), B1(iii)	Western Ruens Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species and overgrazing
Egoli Granite Grassland	Grassland	Critically Endangered	B1(i)	Egoli Granite Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Mabela Sandy Grassland	Grassland	Critically Endangered	B1(i)	Mabela Sandy Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Vredefort Dome Granite Grassland	Grassland	Critically Endangered	B1(i)	Vredefort Dome Granite Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Woodbush Granite Grassland	Grassland	Critically Endangered	B1(i)	Woodbush Granite Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Muzi Palm Veld and Wooded Grassland	Savanna	Critically Endangered	B1(i)	Muzi Palm Veld and Wooded Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Western Maputaland Sandy Bushveld	Savanna	Critically Endangered	B1(i)	Western Maputaland Sandy Bushveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Zululand Coastal Thornveld	Savanna	Critically Endangered	B1(i)	Zululand Coastal Thornveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Klawer Sandy Shrubland	Succulent Karoo	Critically Endangered	B1(i)	Klawer Sandy Shrubland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Piketberg Quartz Succulent Shrubland	Succulent Karoo	Critically Endangered	B1(i), B2(i)	Piketberg Quartz Succulent Shrubland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Richtersveld Coastal Duneveld	Succulent Karoo	Critically Endangered	B1(i)	Richtersveld Coastal Duneveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Hartenbos Dune Thicket	Albany Thicket	Endangered	B1(iii)	Hartenbos Dune Thicket is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Albany Alluvial Vegetation	Azonal Vegetation	Endangered	B1(i)	Albany Alluvial Vegetation is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Cape Lowland Alluvial Vegetation	Azonal Vegetation	Endangered	B1(i)	Cape Lowland Alluvial Vegetation is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Muscadel Riviere	Azonal Vegetation	Endangered	A3alt, B1(i)	Supplementary land cover data from provincial and metropolitan authorities show that Muscadel Riviere has experienced extensive spatial declines of approximately 83 % since 1750. Muscadel Riviere is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Albertinia Sand Fynbos	Fynbos	Endangered	B1(iii)	Albertinia Sand Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Atlantis Sand Fynbos	Fynbos	Endangered	B1(iii)	Atlantis Sand Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species and overgrazing
Boland Granite Fynbos	Fynbos	Endangered	B1(i), B1(iii)	Boland Granite Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Breede Alluvium Fynbos	Fynbos	Endangered	B1(i), B2(i), B1(iii), B2(iii)	Breede Alluvium Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Breede Alluvium Renosterveld	Fynbos	Endangered	B1(i)	Breede Alluvium Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Breede Shale Fynbos	Fynbos	Endangered	B1(i), B1(iii)	Breede Shale Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Breede Shale Renosterveld	Fynbos	Endangered	B1(iii)	Breede Shale Renosterveld is narrowly distributed with evidence of ongoing biotic disruption from invasive species and overgrazing

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Cape Flats Dune Strandveld	Fynbos	Endangered	B1(i), B2(i), B1(iii), B2(iii)	Cape Flats Dune Strandveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Eastern Coastal Shale Band Vegetation	Fynbos	Endangered	B1(i), B2(i)	Eastern Coastal Shale Band Vegetation is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Eastern Ruens Shale Renosterveld	Fynbos	Endangered	A2b, A3, A3alt, B1(i), B1(iii), D3	Observed rates of habitat loss between 1990 and 2018 indicate that by 2040 the geographic distribution of Eastern Ruens Shale Renosterveld will have declined by approximately 58 %. National land cover and supplementary provincial and metropolitan land cover data show that Eastern Ruens Shale Renosterveld has experienced extensive spatial declines of approximately 85 % since 1750. In addition, this ecosystem is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species and overgrazing. Ecosystem condition data for Eastern Ruens Shale Renosterveld show severe disruption of biotic processes and interactions over more than 70% of its extent since 1750.
Elim Ferricrete Fynbos	Fynbos	Endangered	B1(i), B1(iii)	Elim Ferricrete Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species
Garden Route Shale Fynbos	Fynbos	Endangered	B1(i)	Garden Route Shale Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Humansdorp Shale Renosterveld	Fynbos	Endangered	B1(i), B2(i)	Humansdorp Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Langebaan Dune Strandveld	Fynbos	Endangered	B1(iii)	Langebaan Dune Strandveld is narrowly distributed with evidence of ongoing biotic disruption from invasive species and overgrazing
Langkloof Shale Renosterveld	Fynbos	Endangered	A3alt, B1(i)	Supplementary land cover data from provincial and metropolitan authorities show that Langkloof Shale Renosterveld has experienced extensive spatial declines of approximately 75 % since 1750. Langkloof Shale Renosterveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Leipoldtville Sand Fynbos	Fynbos	Endangered	B1(i)	Leipoldtville Sand Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Overberg Dune Strandveld	Fynbos	Endangered	B1(iii)	Overberg Dune Strandveld is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Overberg Sandstone Fynbos	Fynbos	Endangered	B1(iii)	Overberg Sandstone Fynbos is narrowly distributed with evidence of ongoing biotic disruption from invasive species
Ruens Silcrete Renosterveld	Fynbos	Endangered	A2b, A3, A3alt, B1(i), B2(i), B1(iii), B2(iii), D3	Observed rates of habitat loss between 1990 and 2018 indicate that by 2040 the geographic distribution of Ruens Silcrete Renosterveld will have declined by approximately 56 %. National land cover and supplementary provincial and metropolitan land cover data show that Ruens Silcrete Renosterveld has experienced extensive spatial declines of approximately 86 % since 1750. In addition, this ecosystem is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species and overgrazing. Ecosystem condition data for Ruens Silcrete Renosterveld show severe disruption of biotic processes and interactions over more than 70% of its extent since 1750.
Saldanha Flats Strandveld	Fynbos	Endangered	B1(i)	Saldanha Flats Strandveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Swartland Alluvium Fynbos	Fynbos	Endangered	A3, A3alt, B1(i), B2(i), B1(iii)	National land cover and supplementary provincial and metropolitan land cover data show that Swartland Alluvium Fynbos has experienced extensive spatial declines of approximately 70 % since 1750. Swartland Alluvium Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species, overgrazing and altered fire regimes
Swartland Granite Renosterveld	Fynbos	Endangered	A2b, A3, A3alt, B1(i), B1(iii)	Observed rates of habitat loss between 1990 and 2018 indicate that by 2040 the geographic distribution of Swartland Granite Renosterveld will have declined by approximately 55 %. National land cover and supplementary provincial and metropolitan land cover data show that Swartland Granite Renosterveld has experienced extensive spatial declines of approximately 83 % since 1750. In addition,

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
				this ecosystem is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), and evidence of ongoing biotic disruption from invasive species and overgrazing
Swellendam Silcrete Fynbos	Fynbos	Endangered	B1(i)	Swellendam Silcrete Fynbos is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Western Coastal Shale Band Vegetation	Fynbos	Endangered	B1(iii)	Western Coastal Shale Band Vegetation is narrowly distributed with evidence of ongoing biotic disruption from invasive species
East Griqualand Grassland	Grassland	Endangered	B1(i)	East Griqualand Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Eastern Highveld Grassland	Grassland	Endangered	A3	National land cover data show that Eastern Highveld Grassland has experienced extensive spatial declines of approximately 70 % since 1750.
Income Sandy Grassland	Grassland	Endangered	B1(i)	Income Sandy Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
KaNgwane Montane Grassland	Grassland	Endangered	B1(i)	KaNgwane Montane Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Midlands Mistbelt Grassland	Grassland	Endangered	A3	National land cover data show that Midlands Mistbelt Grassland has experienced extensive spatial declines of approximately 71 % since 1750.
Mooi River Highland Grassland	Grassland	Endangered	B1(i)	Mooi River Highland Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Mthatha Moist Grassland	Grassland	Endangered	B1(i)	Mthatha Moist Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Northern Escarpment Dolomite Grassland	Grassland	Endangered	B1(i)	Northern Escarpment Dolomite Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Northern Zululand Mistbelt Grassland	Grassland	Endangered	B1(i)	Northern Zululand Mistbelt Grassland is narrowly distributed with high rates of habitat

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
				loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Paulpietersburg Moist Grassland	Grassland	Endangered	B1(i)	Paulpietersburg Moist Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Southern KwaZulu-Natal Moist Grassland	Grassland	Endangered	B1(i)	Southern KwaZulu-Natal Moist Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Tsakane Clay Grassland	Grassland	Endangered	B1(i)	Tsakane Clay Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Vaal-Vet Sandy Grassland	Grassland	Endangered	A3	National land cover data show that Vaal-Vet Sandy Grassland has experienced extensive spatial declines of approximately 72 % since 1750.
Western Highveld Sandy Grassland	Grassland	Endangered	A3, B1(i)	National land cover data show that Western Highveld Sandy Grassland has experienced extensive spatial declines of approximately 82 % since 1750. Western Highveld Sandy Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
KwaZulu-Natal Coastal Belt Grassland	Indian Ocean Coastal Belt	Endangered	A3, A3alt, B1(i)	National land cover and supplementary provincial and metropolitan land cover data show that KwaZulu-Natal Coastal Belt Grassland has experienced extensive spatial declines of approximately 89 % since 1750. KwaZulu-Natal Coastal Belt Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
KwaZulu-Natal Coastal Belt Thornveld	Indian Ocean Coastal Belt	Endangered	B1(i)	KwaZulu-Natal Coastal Belt Thornveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Maputaland Coastal Belt	Indian Ocean Coastal Belt	Endangered	B1(i)	Maputaland Coastal Belt is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Maputaland Wooded Grassland	Indian Ocean Coastal Belt	Endangered	B1(i)	Maputaland Wooded Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
Transkei Coastal Belt	Indian Ocean Coastal Belt	Endangered	B1(i)	Transkei Coastal Belt is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
KwaZulu-Natal Sandstone Sourveld	Savanna	Endangered	A2b, A3, A3alt, B1(i)	Observed rates of habitat loss between 1990 and 2018 indicate that by 2040 the geographic distribution of KwaZulu-Natal Sandstone Sourveld will have declined by approximately 54 %. National land cover and supplementary provincial and metropolitan land cover data show that this ecosystem has experienced extensive spatial declines of approximately 86 % since 1750. In addition KwaZulu-Natal Sandstone Sourveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Lebombo Summit Sourveld	Savanna	Endangered	B1(i), B2(i)	Lebombo Summit Sourveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Legogote Sour Bushveld	Savanna	Endangered	B1(i)	Legogote Sour Bushveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Marikana Thornveld	Savanna	Endangered	B1(i)	Marikana Thornveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Sekhukhune Plains Bushveld	Savanna	Endangered	B1(i)	Sekhukhune Plains Bushveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Tzaneen Sour Bushveld	Savanna	Endangered	B1(i)	Tzaneen Sour Bushveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Western Maputaland Clay Bushveld	Savanna	Endangered	B1(i)	Western Maputaland Clay Bushveld is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Eastern Little Karoo	Succulent Karoo	Endangered	D1	Ecosystem condition data for Eastern Little Karoo show severe disruption of biotic processes and interactions over more than 50% of its extent in the last 50 years.
Sundays Arid Thicket	Albany Thicket	Vulnerable	D3	Ecosystem condition data for Sundays Arid Thicket show severe disruption of biotic

ECOSYSTEM NAME	BIOME	THREAT STATUS 2021	LISTING CRITERIA	ASSESSMENT SUMMARY
				processes and interactions over more than 70% of its extent since 1750.
Lowveld Riverine Forest	Forests	Vulnerable	B2(i)	Lowveld Riverine Forest is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Peninsula Shale Fynbos	Fynbos	Vulnerable	A3	National land cover data show that Peninsula Shale Fynbos has experienced extensive spatial declines of approximately 56 % since 1750.
Swartland Alluvium Renosterveld	Fynbos	Vulnerable	A3alt	Supplementary land cover data from provincial and metropolitan authorities show that Swartland Alluvium Renosterveld has experienced extensive spatial declines of approximately 55 % since 1750.
Dry Coast Hinterland Grassland	Grassland	Vulnerable	A3, B1(i)	National land cover data show that Dry Coast Hinterland Grassland has experienced extensive spatial declines of approximately 55 % since 1750. Dry Coast Hinterland Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Eastern Free State Clay Grassland	Grassland	Vulnerable	A3, B1(i)	National land cover data show that Eastern Free State Clay Grassland has experienced extensive spatial declines of approximately 60 % since 1750. Eastern Free State Clay Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Moist Coast Hinterland Grassland	Grassland	Vulnerable	A3, A3alt, B1(i)	National land cover and supplementary provincial and metropolitan land cover data show that Moist Coast Hinterland Grassland has experienced extensive spatial declines of approximately 64 % since 1750. Moist Coast Hinterland Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Northern KwaZulu-Natal Moist Grassland	Grassland	Vulnerable	B1(i)	Northern KwaZulu-Natal Moist Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Rand Highveld Grassland	Grassland	Vulnerable	A3, B1(i)	National land cover data show that Rand Highveld Grassland has experienced extensive spatial declines of approximately 57 % since 1750. Rand Highveld Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.

Soweto Highveld Grassland	Grassland	Vulnerable	A3, B1(i)	National land cover data show that Soweto Highveld Grassland has experienced extensive spatial declines of approximately 61 % % since 1750. Soweto Highveld Grassland is narrowly distributed with high rates of habitat loss in the past 28 years (1990-2018), placing the ecosystem type at risk of collapse.
Pondoland-Ugu Sandstone Coastal Sourveld	Indian Ocean Coastal Belt	Vulnerable	A3	National land cover data show that Pondoland-Ugu Sandstone Coastal Sourveld has experienced extensive spatial declines of approximately 50 % % since 1750.
Ngongoni Veld	Savanna	Vulnerable	A3, A3alt	National land cover and supplementary provincial and metropolitan land cover data show that Ngongoni Veld has experienced extensive spatial declines of approximately 58 % % since 1750.
Schweizer-Reneke Bushveld	Savanna	Vulnerable	A3	National land cover data show that Schweizer-Reneke Bushveld has experienced extensive spatial declines of approximately 51 % % since 1750.
Springbokvlakte Thornveld	Savanna	Vulnerable	A3	National land cover data show that Springbokvlakte Thornveld has experienced extensive spatial declines of approximately 55 % % since 1750.

DEPARTMENT OF HEALTH**NO. 1477****5 November 2021****HEALTH PROFESSIONS ACT, 1974 (ACT NO.56 OF 1974)****REGULATIONS DEFINING THE SCOPE OF THE PROFESSION OF OCCUPATIONAL THERAPY**

The Minister of Health intends, under section 33 (1) of the Health Professions Act, 1974 (Act No. 56 of 1974), and on the recommendation of the Health Professions Council of South Africa and the Professional Board for Occupational Therapy, Medical Orthotist / Prosthetist, to make the regulations in the Schedule.

Interested persons are invited to submit any substantiated comments or representations on the proposed regulations to the Director-General of Health, Private Bag X828, Pretoria, 0001 (for attention of the Director: Public Entities Governance), mihloti.mushwana@health.gov.za within three months of the date of publication of this Notice.

DR M.J PHAAHLA, MP
MINISTER OF HEALTH
DATE: 10/09/2021

SCHEDULE

Definitions

1. In these regulations any word or expression to which a meaning has been assigned in the Act shall bear such meaning , and unless the context otherwise indicates —

"activity" means a productive action required for development, maturation and used for sensory, motor, psychological, social and cognitive functions, with or without yielding an object and/or an action as a vehicle to acquire, maintain or redevelop skills necessary to fulfil occupational roles and provide satisfaction;

"occupation" means the ordinary, everyday things that individuals and communities do to meet daily and human development needs across the life span which may be culturally determined and which unfolds within the contexts in which people live, learn, work and play;

"occupational risk factors" means occupational deprivation, -imbalance, -alienation and/or - restriction;

"pre-occupational categories" means factors that enable or restrict occupational participation and are addressed in the following categories by mechanical, neurological, psychosocial, sensory and perceptual and interpersonal skills; and

"the Act" means the Health Professions Act, 1974 (Act No. 56 of 1974).

Specific occupational therapy acts

2. The following acts are hereby specified as acts which shall, for the purposes of the application of the Act, be deemed to be acts pertaining to the profession of occupational therapy:

(a) All acts within the profession that take place within the foundational- and occupational conceptual frameworks of occupational science, including but not limited to:

(i) The assessment and evaluation of occupational performance through observation, the use and interpretation of various standardized and non-standardized tests, activities, interviews, questionnaires, instruments, apparatus, devices or similar method for the determination of participation

- categories of occupation of individuals or groups of persons in whom these are impaired or at risk of being impaired;
- (ii) The assessment and analysis of the contexts and environments in which the individuals or groups of persons live, work, learn, play, and interact socially;
 - (iii) The assessment and analysis of occupations;
 - (iv) The identification of occupational risk factors; and
 - (v) The provision of intervention to address occupational risk factors.
- (b) The use of any occupational therapy method, technique or procedure to:
 - (i) Promote health, prevent disease and improve quality of life;
 - (ii) Prevent occupational dysfunction and to promote, develop, and habilitate ability to participate in occupation by means of active participation in meaningful and purposeful occupations and activities;
 - (iii) Improve, remediate, rehabilitate, and maintain participation in occupation or to compensate for occupational dysfunction by means of active participation in meaningful and purposeful occupations and activities;
 - (iv) Adjust the environment to ensure accessibility and to facilitate active participation in all areas of occupation by persons who are occupationally at risk; and
 - (v) Adjust and adapt activities and occupations or prescribe assistive technology to facilitate active participation in all areas of occupation by persons who are occupationally at risk.
 - (c) The use and application of appropriate methods and techniques preceding and during activity participation to facilitate such participation; and
 - (d) The control, development, management, and quality assurance of occupational therapy programs.

Occupational- and pre-occupational categories of the occupational therapy profession

3. Occupational therapists must enable participation and enhance performance in the following categories of occupation:

- (a) Education and learning: Committed occupations for the advancement of human skills and potential.
- (b) Leisure: Discretionary occupations to meet recreational and social needs.
- (c) Personal and Community Living: All occupations necessary for the care of self, dependents and the lived environment. These include those occupations that facilitate community and civic participation. Activities related to rest and sleep are also included.

- (d) Play: That which is done in structured and unstructured ludic engagements, that may or may not involve playfulness; which refers to player disposition or attitude.
- (e) Social participation: Occupations that constitute interactions with family, peers, friend and community members.
- (f) Work: Contracted occupations for formal and informal income generation and volunteerism.

Pre-occupational categories

4. Occupational therapists operate in the following pre-occupational categories by addressing engagement and or performance through activities that are meaningful, goal-directed and purposeful in addressing:

- (a) Biomechanical and Neurological factors;
- (b) Interpersonal factors
- (c) Psycho-social (including cognition, volition and affect) factors; and
- (d) Sensory and Perceptual factors.

Repeal

5. The regulations defining the scope of the profession of occupational therapy as published under Government Notice No. R2145 in *Government Gazette* No. 14178 of 31 July 1992 are hereby repealed.

Short title

6. These Regulations are called *Regulations Defining the Scope of the Profession of Occupational Therapy, 2021*.

DEPARTMENT OF HOME AFFAIRS

INDEPENDENT COMMUNICATIONS AUTHORITY OF SOUTH AFRICA**NO. 1480****5 November 2021****Independent Communications Authority of South Africa**

350 Witch-Hazel Avenue, Eco Point Office Park

Eco Park, Centurion.

Private Bag X10, Highveld Park 0169

Telephone number: (012) 568 3000/1

**DISCUSSION DOCUMENT ON THE REVIEW OF THE PRO-COMPETITIVE CONDITIONS
IMPOSED ON LICENSEES IN TERMS OF THE CALL TERMINATION REGULATIONS, 2014**

1. On 28 May 2021, the Authority published a notice (Government Gazette No. 44636) declaring its intention to review the pro-competitive conditions imposed on relevant licensees in terms of the call termination regulations, 2014 (as amended) published in Government Gazette No. 38042 ("the Regulations")
2. The above review process is to be undertaken as follows:
 - 2.1. Phase 1 (Commencement of the Review and Request for Information);
 - 2.2. Phase 2 (Discussion Document);
 - 2.3. Phase 3 (Public hearings on the Discussion Document); and
 - 2.4. Phase 4 (Findings Document).

3. The Authority concluded phase 1 of the review process on 31 August 2021.¹ It on this premise that the Authority herewith commences with Phase 2 of the review process by publishing the Discussion Document on its website (<https://www.icasa.org.za>) and in the *Government Gazette*.
4. A copy of the Discussion Document is also available at the Authority's head office library (Block C, 350 Witch-Hazel Avenue, Eco Point Office Park, Eco Park, Centurion) during office hours (Mon-Fri from 09:00 to 16:30).
5. Interested persons are invited to submit written representations with regard to the Discussion Document, by no later than forty-five (45) working days after publication of this Discussion Document, by post, hand delivery or electronically (in Microsoft Word) and marked specifically for the attention of the Chairperson: Call Termination Committee at : E-mail: CTR2021@icasa.org.za or ICASA, Block B, 350 Witch-Hazel Avenue, Eco Point Office Park, Eco Park, Centurion. **Responses should follow the sections set out in the Discussion Document, where the section is relevant to the interested person.**
6. All written representations submitted to the Authority pursuant to this notice will be made available for inspection by interested persons on the Authority's website and at the Authority's library, where copies of such representations will be obtainable on payment of the prescribed fee.

¹ Submission deadline for responses to the Questionnaire on the review of the 2014 Call Termination Regulations.

7. At the request of any person who submits written representations pursuant to this notice, the Authority will determine whether such representations or any portion thereof is confidential in terms of section 4D of the Independent Communications Authority of South Africa Act, 2000 (Act No. 13 of 2000 ("ICASA Act"). If the request for confidentiality is refused, the person making the request will be allowed to withdraw such representations or portion thereof. Persons requesting confidentiality are urged to acquaint themselves with the ICASA Guidelines for Confidentiality Request published in Government Gazette No 41839 (Notice No 849) of 17 August 2018.

DR. KEABETSWE MODIMOENG

CHAIRPERSON

DATE: 28/10/2021

1. Introduction and Background

- 1.1. On 28 May 2021, the Independent Communications Authority of South Africa ("the Authority / ICASA") undertook the review of the pro-competitive conditions imposed on licensees as required in terms of section 67(8) of the Electronic Communications Act, 2005 (Act No. 36 of 2005) ("ECA") and Regulation 8 of the Call Termination Regulations, 2014 (as amended) ("the Regulations").
- 1.2. In order to carry-out the above review as required in terms of the ECA, the Authority solicited information and views from stakeholders in order to assess the current and future market conditions in the relevant markets.
- 1.3. The Authority's preliminary views are as follows:

Market definition

The definitions of Mobile termination markets and Fixed termination markets in terms of Regulation 3 of the Regulations remains unchanged.

Evaluation of effectiveness of competition:

Competition in Mobile termination markets and Fixed termination markets will be ineffective in the absence of regulation. Therefore, the four market failures as per regulation 7(1) of the Regulations will continue to exist without regulatory intervention.

Significant Market Power:

Each individual Electronic Communications Network Service (I-ECNS) and individual Electronic Communications Service (I-ECS) licensee that offers wholesale voice call termination services in South Africa still has 100% share of the market in respect of voice calls terminating on its network, and has Significant Market Power ("SMP") as defined in section 67(5) of the ECA.²

² Section 67 (5) provides that : A licensee has significant market power in a market or market segment if that licensee-
(a) is dominant;
(b) has control of an essential facility; or
(c) has a vertical relationship that the Authority determines could harm competition.

Remedies:

- The pro-competitive conditions imposed on licensees in 2014 are still necessary in order to address the market failures in the wholesale voice termination markets as identified in regulation 7(1) of the Regulations.
 - However, the Authority's preliminary view is that asymmetry should be granted to new entrants for a period of up to three years upon entry.
- 1.4. On 11 June 2021, the Authority held a virtual stakeholder workshop to discuss questions of clarity on the process and on the abovementioned questionnaire.
- 1.5. The Authority received written submissions on questions of clarity from Vodacom(Pty) Ltd ("Vodacom"), Cell C (Pty) Ltd ("Cell C"), Mobile Telephone Networks Proprietary Limited ("MTN"), Telkom SA SOC Limited ("Telkom") and Switch Telecom (Pty) Ltd ("Switchtel") before the closing date of 21 June 2021 stipulated in the Notice.
- 1.6. On 28 June 2021, the Authority published a briefing note to respond to stakeholders' questions of clarity.³
- 1.7. The Authority received responses to the questionnaire from Vodacom, MTN, Cell C, Telkom, FirstNet Technology Services ("FirstNet"), Switchtel and Electronic Communications Network ("ECN") before the submission deadline of 31 August 2021.⁴
- 1.8. The above stakeholders requested confidentiality on some of the information and or data submitted in response to the questionnaire, which was subsequently granted by the Authority in terms of section 4D of the ICASA Act.⁵
- 1.9. The Authority considered the responses from the abovementioned licensees in drafting this Discussion Document, which outlines the Authority's preliminary view with regards to the review of the pro-competitive conditions outlined in the Regulations.

³ <https://www.icasa.org.za/legislation-and-regulations/response-to-stakeholders-questions-of-clarity-on-the-review-of-the-2014-call-termination-regulations>

⁴ A revised submission by one of the licensees was not considered, as it was submitted after the submission deadline.

⁵ Letters were sent to the relevant licensees on 20 September 2021.

2. The review of pro-competitive conditions in the Regulations

This section consists of five sub-sections and is structured in a manner that outlines the Authority's analysis in respect of the review of market determinations.

2.1. Regulation 3 of the Regulations – Market definition

Regulation 3 of the Regulations provides a definition of the relevant markets, namely: Mobile termination and Fixed termination markets.

The markets were categorised in accordance with the type of service provided, and were defined as follows:

- (a) Mobile termination markets: The market for wholesale voice call termination services on the network of each licensee that offers termination to a mobile location within the Republic of South Africa.
- (b) Fixed termination markets: The market for wholesale voice call termination services on the network of each licensee that offers termination to a fixed location within the Republic of South Africa.
- (c) The market definitions contained in this regulation do not include internationally originated voice traffic terminating on a mobile and /or fixed location within the Republic of South Africa.

The Authority outlined the rationale for the aforementioned definitions in detail in the Reasons Document for the Call Termination Regulations of 2014.⁶ Additionally, the Authority outlined the factors that it may consider when defining a market in clause 3.2 of the Guideline for Conducting Market Reviews published on 8 March 2010. Stakeholders are encouraged to review not just the analysis in this document, but also the analysis and conclusions outlined in the aforementioned documents.

⁶ GG 38609 of 25 March 2015

2.1.1. Product market definition

In reviewing the definitions of the markets, the Authority considered the extent to which the provision of voice call termination and the setting of termination charges by I-ECS and I-ECNS licensees might be constrained via demand-side and supply-side substitution possibilities at the retail and wholesale levels. The Authority applied a Hypothetical Monopolist test ("HM test") to review the definition of Mobile termination markets and Fixed termination markets. In terms of the HM test, a product or service is regarded as part of the different market if the hypothetical monopolist provider of wholesale voice call termination service can profitably impose a small but significant and non-transitory increase in price ("SSNIP") of between 5–10%. However, if the price increase is not profitable, then the market definition should be expanded to include the substitute products or services.

(i) Retail demand-side substitution for mobile off-net voice calls

The Authority considered the following potential retail demand-side substitutes for an off-net mobile voice call. Consideration of retail services is necessary, given that the demand for wholesale voice termination service is derived from and depends on the demand for retail services. Understanding the link between retail services and wholesale voice call termination services is important in order for the Authority to understand the extent of the indirect price constraint posed by retail services on wholesale voice call termination services.

(a) Mobile-to-fixed voice calls

The Authority's preliminary view is that the potential demand-side substitute of mobile-to-fixed voice call for mobile-to-mobile off-net voice calls remains ineffective in constraining the price of wholesale mobile termination, as was detailed in the 2007 Findings Document.⁷ Mobile-to-fixed line voice calls do not pose a strong constraint on mobile termination rates, given that fixed line is fixed. It may be difficult for the calling party to reach the receiving party if the latter is not at home or in the office, especially in case of emergency or if urgent contact is required.

⁷ GG 30449, section 3.5.6

(b) On-net mobile-to-mobile voice call

The Authority's preliminary view is that on-net mobile-to-mobile voice calls do not act as a constraint to wholesale voice call termination charges, as was detailed in clause 3.5.6.7 of the 2007 Findings Document. The main reason why the on-net voice calls do not pose a strong constraint is because the calling party does not typically know the underlying cost of a voice call, and is largely unaware of the termination charges. Therefore, the mobile termination rate is highly unlikely to affect the choice of the originating network.

(c) Short Message Service (SMS)

The Authority considers that SMS does not act as a constraint to wholesale voice call termination, and that there are still a sufficiently different number of functionalities between sending an SMS and making a mobile voice call. The former does not have the two-way responsiveness of the latter. Therefore, SMSs and voice calls are complementary, rather than substitutes.

(d) Over-The-Top services (OTT) and Voice over Internet Protocol (VoIP);

In the 2017 Findings Document, the Authority found that OTT services "exercise limited competitive constraints" to traditional voice services, mainly due to the following:

- Barriers to the use of OTT services owing to, among others: low smartphone penetration of approximately 33%; lack of compatibility between OTT applications (e.g. the WhatsApp application is not compatible with Apple iMessage); both users needing to be connected to the Internet;
- Poor quality of service compared to traditional voice service;
- VoIP apps provide only a minimal price advantage compared to traditional voice calls;
- Average mobile voice minutes per user is still growing;

The Authority received responses from Vodacom, MTN, Cell C, Telkom and Switchtel in relation to the question on the competitive constraints posed by OTT services, which are outlined below.

Vodacom

Vodacom disagreed with the Authority's 2017 finding that OTT services do not constrain wholesale voice call termination service. Vodacom was of the view that the analysis conducted by the Authority was limited and outdated. Vodacom indicated that OTT services are a demand-side substitute due to the following:

- The growing popularity and take-up of OTT services;
- Rapidly decreasing barriers for using OTT services as an alternative to traditional mobile services, owing to the increase in smartphone penetration, widespread 3G/4G coverage, reduction in effective data prices and improved OTT voice quality;
- Advantages of OTT services over traditional mobile voice calls, such as the ability to add video and to have group calls.

Vodacom contends that market power in mobile termination markets could potentially be reduced by the strong indirect constraint of OTT services at the retail level and the significantly strong constraint on international voice calls due to high switching costs.

In addition to the above, Vodacom indicates that OTT services are perfect substitutes for SMS, and that regulation of SMS termination was not necessary.

Cell C

Cell C is of the view that OTT services are substitutes to traditional voice or SMS services due to similarities in functionality. Cell C, however, indicated OTT services were not regarded as direct substitutes to traditional voice services in many jurisdictions.

Telkom

Telkom indicates that OTT services exercise a significant competitive constraint on traditional voice services, and they represent both direct and indirect constraints. Telkom indicates that this is due to the following factors:

- The availability and increased penetration of OTT services across South Africa;
- OTT services attract no charge or a low charge;
- Improved quality of OTT services due to significant investments by licensees.

Telkom indicates that the increased usage of OTT services has resulted in the significant loss of call termination revenue, and may disincentivise licensees from investing in the underlying network infrastructure that supports both OTT and traditional telecommunications services - to the disadvantage of end-users and the economy.

The Authority's preliminary view with regard to OTT services

The Authority does not consider OTT Instant Messaging as a potential demand-side substitute, given its similar characteristics with SMS service (i.e. lack of immediacy and two-way communication in comparison to voice call service). Therefore, the Authority only considered VoIP calls using OTT applications (such as WhatsApp, Skype, FaceTime, Instagram Call, etc.) as the most likely potential retail demand substitute for voice calls.

With regard to OTT voice calling, the Authority was not able to determine growth in OTT services in South Africa, due to lack of historical data on OTTs. Also, licensees submitted limited information in response to the Authority's questionnaire on OTTs.

However, research reports cited by some licensees in their submissions⁸, and data also provided by some licensees, seem to suggest that the adoption of OTT services in SA is increasing. Given the limited amount of relevant data available to it, the Authority has had to place more reliance on economic theory, and to consider decisions made by regulators⁹ in other jurisdictions.

The Authority acknowledges that some of the barriers highlighted in 2017 - e.g. smartphone penetration (currently around 63%¹⁰) and household Internet access levels (at 63.3%)¹¹ - are weakening. The relative importance of voice¹² to data is also declining, as reflected in the significant increase in data usage and revenue.

⁸ Page 9-10 of Vodacom's confidential submission.
Page 5-6 of Telkom's confidential submission.

⁹ The Authority considered recent decisions of, among others, the EU (<https://digital-strategy.ec.europa.eu/en/news/commission-updated-recommendation-relevant-markets>); the UK (https://www.ofcom.org.uk/_data/assets/pdf_file/0029/216794/statement-2021-26-wholesale-voice-markets-review.pdf); Australia (<https://www.accc.gov.au/regulated-infrastructure/communications/mobile-services/mobile-terminating-access-service-access-determination-inquiry-2019/final-report>) and New Zealand (https://comcom.govt.nz/_data/assets/pdf_file/0018/224127/Final-decision-on-Mobile-Termination-Access-Services-MTAS-2-September-2020.pdf)

¹⁰ State of the ICT sector Report in South Africa 2021.

¹¹ <http://www.statssa.gov.za/publications/P0318/P03182019.pdf>

¹² It should be noted that voice traffic and revenue is growing, albeit at a slow rate.

Despite the above, the Authority is not convinced that OTT voice calling services are an indirect competitive constraint on wholesale voice call termination services, and that they could mitigate SMP that each licensee has in the markets under review.¹³

For OTT voice calling services to exercise a constraint on termination rates, the switch to OTT voice calling services by voice subscribers in response to the increase in retail voice tariffs should be significant, and render the increase in termination rates above efficient levels unprofitable. Therefore, the Authority considers that the use of OTT voice calling services is not likely to be a perfect substitute for voice calls during the period under review due to the following reasons:

- Voice subscribers, especially post-paid and top-up subscribers who receive an allocation of bundles of voice, SMS and data, might not be able to act on the retail voice price increase due to limited information on the unit price of voice calls. The Authority is of the view that the price differential¹⁴ between OTT voice calling services and traditional voice services is not strong enough to result in the substitution of voice for OTT voice calling services. In addition, even if subscribers are aware of the price of traditional voice services, they might not be able to switch immediately due to, among other reasons, high switching costs and customer stickiness.
- OTT voice calling services are in many cases used as a complement to traditional voice calling services.¹⁵ This is because the end-user's preference or choice for traditional voice calls over OTT voice calling is also driven by non-price factors, such as service quality, lack of compatibility between OTT applications, access, etc.
- OTT voice calling requires simultaneous connection to strong and stable data connection by both the calling party and the receiving party. This might not necessarily be possible at all times, making it difficult for the calling party to reach the receiving party in case of emergency or if the urgent contact is required. Also, OTT voice calling service alters the pricing model from Calling Party Pays ("CPP") to a hybrid of CPP and Receiving Party Pays ("RPP"), which might be undesirable to a certain segment of end-users.

¹³ This is also consistent with international best practice, particularly in the EU and the UK.

¹⁴ It is assumed that the maximum impact of 5-10% increase in fixed and mobile termination rates on voice tariffs is R0.01.

¹⁵ Arnold, R., Schneider, A. and Hildebrandt, C., 2016. All communications services are not created equal—Substitution of OTT communications services for ECS from a consumer perspective. Available at https://papers.ssrn.com/sol3/papers.cfm?abstract_id=2756395.

- Significant numbers of subscribers should switch to OTT voice calling services in order to make an increase of 5-10% in termination rates unprofitable.

(ii) **Retail demand-side substitution for fixed off-net voice calls**

The Authority considered the following potential retail demand-side substitutes for fixed services:

(a) On-net fixed voice calls as a substitute for mobile to fixed ("M2F") voice calls

The Authority still maintains its view, in that it is highly unlikely that on-net ("fixed to fixed") F2F voice calls are an effective substitute for M2F voice calls - as discussed in detail in the 2007 Findings Document.¹⁶

(b) M2M voice calls as a substitute for M2F and off-net F2F voice calls

The Authority's preliminary view is that the potential switch to M2M will be ineffective as a demand-side substitute for M2F and off-net F2F, and will therefore not constrain wholesale voice call termination - as discussed in detail in the 2007 Findings Document.¹⁷

(c) Fixed-to-Mobile voice calls as for off-net fixed-to-fixed voice calls

An increase in fixed termination by 5-10% will be unprofitable if, in response to the increase, a significant number of end-users switch to F2M voice calls instead of off-net F2F voice calls. The switch will be to avoid the higher retail price of off-net F2F voice calls. The switch will not happen, given that the majority of, if not all, end-users are not ordinarily aware of the cost of voice calls per minute, due to the fact that they typically receive an allocation of a bundle of F2M and F2F voice minutes. Therefore, the Authority is of the preliminary view that F2M voice calling is not likely to pose an effective competitive constraint on fixed termination rates.

(d) OTT and VoIP

Similar to mobile termination markets, the Authority is of the view that usage of OTT voice calling services does not pose a sufficiently strong constraint on the setting of fixed termination

¹⁶ GG 30449, section 3.5.6.7

¹⁷ Ibid, section 3.5.6

rates. The Authority is also of the view that OTT calling services will not mitigate and or potentially eliminate SMP concerns that the Authority has identified during the period under review¹⁸.

(iii) Retail supply-side substitution for mobile and fixed calls

An I-ECNS and I-ECS licensee wishing to allow its subscribers or users to call subscribers or users of any other licensee has no alternative but to purchase voice call termination from the licensee to which the called party is subscribed. This means that there is no potential retail supply-side substitute.

(iv) Wholesale demand-side substitution

The Authority is not aware of any new viable and effective wholesale substitutes for call termination that exist, or are likely to emerge over the period of this review. This means that there is still no potential for demand-side substitution at the wholesale level. The Authority's preliminary view is that there are no technical or commercial substitutes for wholesale voice call termination on the terminating licensees' network.

(v) Wholesale supply-side substitution

The Authority did not receive new evidence where other firms (either new or existing), are able to switch production relatively quickly in order to provide wholesale voice call termination services to a specific subscriber of another operator in response to an increase in wholesale termination charges. The Authority is therefore of the view that there is still no potential for a new or existing firm to offer termination services to a customer who is a subscriber of a particular network. Even if this were to exist, it must happen immediately in order to prevent the 5-10% increase in call termination rates from being profitable for the wholesale call termination service provider. The Authority is not aware of any licensee or provider that can readily substitute the supply of wholesale voice call termination services on a mobile and fixed network. The Authority's preliminary view is that this is unlikely to change during the period under review.

¹⁸ Please refer to OTT and VoIP section under mobile voice calling section for detailed information.

(vi) Common pricing constraints

The Authority's preliminary view is that there is no common pricing constraint linking the wholesale voice call termination rates set by different licensees.

Question 1

Do you agree with the Authority's preliminary conclusion on the product market definition? Please explain the reasons for your answer and provide the relevant factual or other evidence supporting your views.

2.1.2. Geographic market definition

Stakeholders are urged to refer to the detailed discussion and conclusions on Geographic market for wholesale call termination outlined in clause 3.8 of the 2007 Findings Document, as the Authority does not intend to repeat the discussion here. However, given that each licensee is issued a national license and offer geographically homogeneous termination services throughout SA, the Authority's preliminary view is that geographic market for the provision of wholesale termination services is national in scope.

In 2017, the Authority amended Regulation 3 of the Regulations (Government Gazette 41167) to exclude internationally originated voice traffic terminating on a mobile and /or fixed location within the Republic of South Africa from the market definitions. Prior to the 2017 amendment, international termination rates were regulated. South African licensees were therefore not allowed to charge above regulated termination rates or match high termination rates charged by licensees in some jurisdictions. This resulted in a negative balance of payments or outflow of funds from SA in respect of certain international routes and or destinations. The amendment was therefore meant to empower SA operators to charge reciprocal and commercial termination rates and to reduce or eradicate the net outpayments for international termination rates.

The Authority received responses from Vodacom, Switchtel, Cell C and Telkom in relation to the question on the impact of the 2017 amendment to the geographic market definition, which are outlined below.

Vodacom

Vodacom indicated whilst the Authority may have authority over international termination rates, however it does not have the authority over international termination rates charged by operators in other jurisdictions. Vodacom contend that its subscribers might still be subsidising subscribers of other countries due to the waterbed effect.

Vodacom argued that regulation of international termination rates for calls originating outside of South Africa will exacerbate its net outpayment position to the disadvantage of subscribers due to high international voice call tariffs. Vodacom also argued that regulation of international termination rate will not be in line with object 2(n) of the ECA, which enjoins the Authority to promote the interests of consumers.

Switchtel

Switchtel is of the view that the 2017 amendment of the market definitions to exclude calls originating outside of SA, was anti-competitive and harmful to consumers. Switchtel argued that this intervention reversed some of the gains made since the Authority's regulation of the wholesale voice call termination markets in 2010.

Switchtel indicated that the 2017 amendment had resulted in a significant increase in international termination rates of around 2600% of the regulated termination rates. Switchtel argued that the increase was unfair and unreasonable, and also that licensees didn't discriminate against international termination rates before the regulation of wholesale voice call termination markets in 2010.

Switchtel argued that large operators in South Africa have the ability and incentive to set excessively high international termination rates, with adverse effects on competition. According to Switchtel, this is an indication of market failure and also grounds for regulatory intervention in the international termination market.

Furthermore, Switchtel argued that the significant increase in international termination rates which are significantly higher than the national retail voice tariffs created market for bypass fraud by non-licensees who use SIM-boxes (including hacking of subscriber systems) to re-route international voice traffic as local traffic in SA. Switchtel attribute the increase in bypass fraud to

the 2017 amendment, as bypass fraud was less prevalent before 2017. Switchtel contend that unless the differential between international termination rates and national retail voice tariffs is addressed, the illicit grey market will persist. Switchtel is therefore, of the view that the Authority should regulate international termination rates in order to address, among others, bypass fraud.

Switchtel indicated that deregulation of the international termination rates not only harm effective competition but also SA customers due to poor quality of service and the reduction in international voice calls to SA.

Switchtel raised a concern with regard to the increase in the number of inter-licensee disputes relating to manipulation of call line identity of internationally originated voice calls, which the terminating licensees always attribute to bypass fraud, resulting in suspension or disruption of interconnection services to the detriment of SA subscribers.

Switchtel proposed that the Authority intervene in the international termination market as follows:

- National Rates: Specify the maximum rates in respect of nationally originated calls.
- Reciprocity: In respect of calls originating from countries that reciprocate with termination rates lower than or equal to the rates set out in 1 above, licensees must charge rates no greater than those in 1 above.
- Recognition: In respect of calls originating from any country that the Authority has an agreement with the country's regulator with respect to the application of non-discriminatory rates, licensees must charge rates no greater than those in 1 above. The Authority should publish, from time-to-time, an amended list of such countries and should, in particular, engage with regulators with which it already has MoU's and/or through regional regulators in the mutual interests of reducing the cost-to-communicate for citizens of both countries. In particular, they would strongly encourage the Authority to engage CRASA members in this regard for the interest of the SADC region.
- International rates: Specify maximum rates in respect of internationally originated calls that do not meet the criteria set out in 2 and 3 above. In order to mitigate against an illicit grey market, these rates should not exceed retail call originated rates and should not exceed double the rates set out in 1 above.

Cell C

Cell C agreed with the Authority's 2017 amendment due to different market conditions between the national and international termination markets. Cell C indicated that regulation of the former market will benefit SA consumers while regulation of the latter market will benefit consumers from other countries.

Telkom

Telkom indicated that whilst the 2017 amendment has bolstered the negotiating powers of the SA licensees, it was of the view that the Authority must address the resultant increase in bypass fraud and the impact thereof on SA consumers. Telkom also indicated that the Authority should conduct a regulatory impact assessment of the 2017 amendment.

The Authority's preliminary view with regard the 2017 amendment

As indicated above, before the 2017 amendment of the Mobile termination markets and Fixed termination markets to exclude voice calls originating outside of SA, the Regulations did not differentiate between traffic originating within and outside SA, and also the termination rate was the same irrespective of country of origin. Therefore, SA licensees were charging international termination rates in line with the regulated national cost of wholesale voice call termination since the Authority's intervention in the wholesale voice call termination markets in 2010. The national termination rate dropped significantly from R1.25 per minute in 2009 to R0.13 per minute in 2017 (before the amendment of the geographic market definition). The implication of this was that SA licensees endured asymmetrically high international termination rates for outbound international traffic in comparison to what they charged for foreign inbound traffic.

The Authority's preliminary view is that deregulating the international termination market is in the best interest of the country as SA licensees are given pricing freedom to charge reciprocal rates in order to minimise or mitigate exploitation of SMP by licensees in other jurisdictions. The Authority is also of the view that this approach is the best option for SA given that the Authority does not have legislative powers to directly control the international termination rates charged by terminating licensees for voice calls that originate in SA. While the Authority is mindful that reciprocity might not necessarily deliver the preferred low international termination rates, the Authority's view is that the impact of high international termination rates on licensees' revenue

and traffic volumes as well as the prevalence of OTT services in the international calling market¹⁹ should disincentivise licensees from charging high international termination rates.

Question 2

Do you agree with the Authority's preliminary conclusion on the geographic market definition? Please explain the reasons for your answer and provide the relevant factual or other evidence supporting your views.

2.1.3. Fixed and Mobile Convergence

The Authority received submissions from Cell C, Switchtel, Vodacom and Telkom in response to the question on convergence of fixed and mobile technologies, which are outlined below.

Cell C

Cell C stated that it is becoming increasingly common for the same core network equipment to be used to carry fixed and mobile voice services. Therefore, an operator offering both fixed and mobile services on a significant scale can use a common core network.

Switch Telecom

Switchtel stated that, at a technological level, there is not much difference between fixed and mobile voice networks, with both networks largely migrated to VoIP technology at the core. Switchtel further submitted that the difference between fixed and mobile voice services is becoming increasingly minimal.

At the service level, Switchtel contends that the differentiator between mobile and fixed services is not technological, but based on pricing structure. Switchtel indicates that mobile services are merely services in which billing for the data bearer has been bundled into the call charges, while

¹⁹ This is based on the assumption that the switch to OTT services by consumers in response to the increase in retail international voice call rates would be high due to high international voice calling rates.

fixed services are merely services in which the billing for the data bearer has been bundled into the base monthly subscription fee. Switchtel argues that the above pricing structure has been largely dictated by the termination rates applicable. However, as mobile data bearer costs continue trending downward, the differentiation is increasingly arbitrary.

Furthermore, Switchtel indicates that the decline in traditional copper fixed-line demonstrates that the market for fixed services no longer exists.

Telkom

Telkom submits that there are high levels of convergence between mobile and fixed in terms of services, technology and numbering, which means there is no need for differentiation between fixed and mobile termination rate. Telkom contends that the current call termination rate acts as a constraint on convergence at the expense of fixed line operators due to the asymmetry between fixed and mobile termination rates.

Telkom indicates that the current asymmetry between MTRs and FTRs in favour of MTRs is unjustified and is distorting competition to the detriment of consumers. Telkom is of the view that parity would reflect and support technological and service convergence between mobile and fixed services in SA, and is in line with technological neutrality. Telkom also cites Brazil, Nigeria, Namibia, Kenya and Botswana where symmetric termination rates are imposed.

Vodacom

Vodacom states that there is international precedence for setting different mobile and fixed termination rates. This is because the cost of providing the respective services is different, and, moreover, fixed and mobile termination services do not fall into the same product market. The respective services are not substitutes at the wholesale level and any indirect constraint due to switching at the retail level is likely to be weak.

Vodacom submits that the level of convergence in South Africa is limited. The limited availability of converged services suggests that mobile and fixed services are complementary services.

Vodacom indicates that the Authority should use a consistent methodology in determining mobile and fixed termination rates. The rate should be set based on the relevant LRAIC+ of the respective networks. Vodacom contends that setting the same fixed and mobile termination rate may result in economic inefficiencies because the cost structures of mobile and fixed operators differ. Vodacom states that the cost related to incremental traffic is more on a mobile network than on a fixed-wired network.

Vodacom further submits that it does not view fixed wireless access as an appropriate choice for the Modern Equivalent Asset when determining the costs for fixed termination services.

The Authority's preliminary view

Whilst the Authority acknowledges some convergence between fixed and mobile services in terms of services, technology and numbering, the Authority's preliminary view is that mobile voice services and fixed services are not provided in the same market.

In order for the two services to be in the same market, mobile voice services and fixed voice services must be effective substitutes for each other. As highlighted above, mobile services and fixed services are complements rather than substitutes. Also, the major difference between mobile and fixed is in terms of the cost of terminating a voice call, with the cost on a mobile network being slightly higher than the cost of terminating a voice call on fixed network. However, the Authority expects this cost difference to diminish over time due to lower incremental cost of terminating a voice call on a mobile network under 5G technology.

Question 3

Do you agree with the Authority's preliminary conclusion on fixed and mobile convergence? Please explain the reasons for your answer and provide the relevant factual or other evidence supporting your views.

2.2. Regulation 4 - Methodology

Regulation 4 of the Call Termination Regulations specified the methodology used to determine the effectiveness of competition in the defined market. The Authority stated that it had applied the following methodology:

- (a) *the identification of relevant markets and their definition according to the principles of the Hypothetical Monopolist Test, taking into account the non-transitory (structural, legal, or regulatory), entry barriers to the relevant markets and the dynamic character and functioning of the relevant markets;*
- (b) *the assessment of licensees' market shares in the relevant markets; and*
- (c) *the assessment on a forward-looking basis of the level of competition and market power in the relevant markets.*

The Authority has reviewed the abovementioned methodology, and finds no need to amend the specified approach in the evaluation of effectiveness of competition in the defined markets as per clause 67(4A) of the ECA.

Question 4

**Do you agree with the Authority's preliminary conclusion on the methodology used?
Please explain the reasons for your answer.**

2.3. Regulation 5 – Effectiveness of Competition

In 2014 the Authority determined that the following market failures continued to exist:

- (a) *A lack of provision of access.*
- (b) *The potential for discrimination between licensees offering similar services.*
- (c) *A lack of transparency.*
- (d) *Inefficient pricing.*

The Authority's preliminary view is that the above market failures will continue to exist, resulting in ineffective competition, due to licensees having SMP in respect of the calls terminating on their networks. This is based on the strong presumption of monopoly power, given that each licensee has a 100% share of minutes terminating on its network. Therefore, if the provision of wholesale

voice termination service is not regulated, each licensee has the ability and incentive to engage in the following:

- Unduly delay requests for access to its network, and / or the use of specific network elements or associated facilities by other licensees or withdraw (or suspend) access already granted to the detriment of consumers.
- Engage in price discrimination or foreclosure by charging itself (in terms of vertically integrated licensees), or its subsidiary or affiliate(s), a termination rate that is lower than what it charges other licensees.
- Not provide sufficient information (a lack of transparency) to access seekers concerning termination rates, network and technical specifications, etc. and frustrate entry into the wholesale voice call termination market.
- Charge termination rates above cost and competitive levels. Under the CPP pricing regime, the terminating licensee does not face competition in respect of calls terminating on its network. The terminating licensee has the ability and incentive to charge excessive prices because the receiving party (terminating licensee's subscriber) is not affected by the increase in termination rates. Therefore, the terminating licensee has an incentive to charge an excessive termination rate in respect of voice calls originating from other licensees in order to increase termination revenues and subsidise their on-net voice call prices.

2.3.1. Legislative Requirements

The definition of Significant Market Power in terms of section 67(5) of the ECA remains unchanged. Each I-ECNS and I-ECS licensee that offers wholesale voice call termination services is dominant and has SMP in its market for wholesale voice call termination.

2.3.2. Relevant Markets

In 2010 the Authority determined that the relevant downstream markets were:

- *The national retail market for mobile access and calls (mobile retail market)*
- *The national retail market for fixed line access and calls (fixed retail market)²⁰*

²⁰ GG 33121:51

The Authority also stated that it would consider the “impact that relevant downstream retail markets may have on competition²¹.” In 2014, the Authority continued with this approach throughout its review of each determination made on the assessment of competition.

The Authority has maintained this approach in the current review period.

2.3.3. Markets Shares²²

The tables below compare the state of the downstream retail markets between 2017 and 2020.

Figure 1: Retail mobile market shares by total voice subscribers

Source: ICASA analysis

²¹ Ibid

²² Market share calculations are based on limited data submitted by Vodacom, MTN, Cell C, Telkom, FirstNet, Switchtel and ECN in response to the questionnaire. Therefore, market share graphs might not necessarily represent the actual market shares, including all licensees, in South Africa.

Figure 2: Retail mobile market shares by total voice revenues*Source: ICASA analysis**Figure 3: Retail fixed market shares by total voice subscribers**Source: licensee data*

Figure 4: Retail fixed market shares by fixed voice revenues

Source: ICASA analysis.

2.3.4. Actual and potential existence of competitors

(i) Wholesale voice call termination

The Authority's preliminary view is that there is no evidence to justify changing the 2014 determination. It is of the view that, for the current period, there are no competitors in the defined markets.

(ii) Relevant downstream markets

The Authority sees no need to change the 2014 determination, and is of the view that, for the current period, there are no competitors in the defined markets. The Authority, however, acknowledges that downstream retail markets may not be relevant to the assessment of the wholesale voice call termination markets.

(iii) Level, trends and concentration and history of collusion

(a) Wholesale voice call termination

The Authority's preliminary view is that "the possibility of collusion in the wholesale market is irrelevant for the assessment of competition in the wholesale call termination market".

(b) Relevant downstream markets

The Authority, as indicated earlier, is still of the view that these downstream markets remain highly concentrated. The Authority, however, acknowledges that downstream retail markets may not be relevant to the assessment of the wholesale voice call termination markets.

(iv) Overall size of each of the market participants

Figure 5: Share of total minutes terminated on mobile networks

Source: ICASA analysis

Figure 6: share of total minutes terminated on fixed networks*Source: ICASA analysis*

Both fixed and mobile termination markets still remain highly concentrated, despite the slight decrease in the Herfindahl-Hirschman Index (or HHI) in both markets.

Figure 7: Herfindahl-Hirschman Index (HHI) - Terminated minutes*Source: ICASA analysis.*

(v) Control over essential facilities

The Authority is still of the view that “*the network elements that supply wholesale call termination do not constitute an essential service*”, but that wholesale call termination represents a “bottleneck service”, thereby allowing the service provider to “*set the price for call termination above competitive levels.*”

(vi) Impact of technological advantages, or superiority of a given market participant

(a) Wholesale voice call termination

In 2010 and 2014, the Authority determined that the impact of technological advantages or superiority of a given market participant is not relevant, given “*absolute barriers to entry*” and, therefore, that licensees face “*no existing or potential competitors*” in the provision of wholesale voice call termination services.

The Authority is not aware of any technological breakthroughs, nor are these being envisaged within the timeframe of this review, that would allow for an alteration in the dynamics of wholesale voice call termination services. The Authority sees no need to change this determination and is of the view that, for the current period under review, this factor is not relevant for the analysis of the effectiveness of competition.

(b) Relevant downstream markets

In 2010 and 2014, the Authority discussed the relative importance of spectrum assignment and particularly the equitable assignment of spectrum. The Authority determined that spectrum assignment does not have a significant impact on the assessment of competition in the wholesale call termination markets, but “*it may be relevant when considering the appropriate pro-competitive remedies.*”

(vii) Firms access to capital markets and financial resources

(a) Wholesale voice call termination

In 2010 and 2014, the Authority determined that firms' access to capital markets and financial resources is "*not considered relevant in this market.*"

The Authority sees no need to change this determination for the current period under review, and is of the view that, for the current period under review, this factor is not relevant for the analysis of the effectiveness of competition.

(b) Relevant downstream markets

In 2010, the Authority referred to the discussion on access to capital markets to how this may or may not affect countervailing buying power.

In 2014, the Authority determined that access to capital markets plays a role in determining the effectiveness of competition to the extent that different licensees face different weighted average costs of capital. The Authority sees no need to change this determination.

(viii) Dynamic characteristics of the market, including growth, innovation and products and services differentiation

The Authority acknowledges the purported growth in usage of third-party services such as Over the Top services, as well as innovation in terms of different ways to delivering a voice call such as Wi-Fi calling, VoLTE, etc. Nevertheless, the Authority sees no need to change the 2010 and 2014 determination, and considers this factor not relevant for the analysis of the effectiveness of competition.

(ix) Economies of scale and scope

The Authority's preliminary view is that economies of scale and scope are not relevant in the assessment of the effectiveness of competition in the relevant market since each licensee controls

100% of its own termination market. However, the Authority is of the view that economies of scale and scope might be relevant when considering appropriate pro-competitive remedies.

(x) Nature and extent of vertical integration

(a) Wholesale voice call termination

The Authority determined in 2010 and 2014, that

a vertically integrated service provider may have an advantage over its competitors, as access to sales and supply markets might be more easily attainable for the integrated firm. Vertical integration also makes it possible to leverage market power into adjacent markets (both upstream and/or downstream).

The Authority remains of the view that vertical integration is relevant when assessing the effectiveness of competition.

(b) Relevant downstream markets

The Authority's preliminary view is that this factor is still not relevant for wholesale voice call termination.

(xi) Market and regulatory barriers to entry

(a) Wholesale voice call termination

The Authority determined in 2010 and 2014, that

there are absolute barriers to entry into the market – which means that the current dominance of firms providing wholesale call termination is unlikely to be challenged effectively by new competitors over the time of the current review...

The Authority sees no need to change the 2010 and 2014 determination, in light of the review of the definition of the Mobile termination markets and Fixed termination markets, and the state of technological development.

(b) Relevant downstream markets

In 2010 and 2014, the Authority determined that the following barriers to entry existed, amongst others:

- Large sunk costs;
- Economies of scale and scope;
- The regulatory requirement to acquire licences;
- The need to acquire spectrum.

Market entry has potentially become more challenging over the period for the following reasons:

- The increasing challenges related to network deployment (delays in the granting of rights of ways, Environmental Impact Assessment requirements, challenges with property owners, etc.);
- The lack of availability of spectrum.

The Authority's preliminary view is that absolute barriers to entry in the downstream relevant market continue to exist.

(xii) Countervailing bargaining power

The Authority's preliminary view is that neither fixed nor mobile network operators can exert countervailing bargaining power to constrain the setting of high termination rates by a fixed nor mobile operator.

(xiii) Conclusion on the assessment of effectiveness of competition

(a) Assessment of competition

In 2014, the Authority determined that competition in the wholesale voice call termination markets (i.e., Mobile termination markets and Fixed termination markets) remained ineffective.

In light of the above analysis, no new evidence has been submitted to persuade the Authority that the market for the provision of wholesale mobile voice call termination services and wholesale fixed termination services will be effectively competitive in the absence of regulation. The Authority's preliminary view is that the wholesale voice call termination markets should be regulated.

(b) Determination on market failures

Each licensee faces no competition, owing to the fact that other licensees have no option but to purchase termination services from the terminating licensee. In the absence of a potential demand-side and supply-side alternative to the provision of voice call termination over a particular network, licensees with SMP have an incentive and ability to act independently of their competitors in the setting of termination rates.

Also, in the absence of regulations, the Authority is of the view that the following four market failures will exist, either in isolation or jointly:

- A lack of the provision of access;
- The potential for discrimination between licensees offering similar services;
- A lack of transparency;
- Inefficient pricing.

Question 5

Do you agree with the Authority's preliminary conclusion on the assessment of effectiveness of competition? Please explain the reason for your answer and provide the relevant factual evidence supporting your views.

2.4. Regulation 6 – Significant Market Power (SMP)

In 2014, the Authority declared that "...each individual ECNS and individual ECS licensee that offers wholesale voice call termination services is dominant and has SMP in its own market for wholesale voice call termination."

In terms section 67(5) of the ECA,

- a licensee has SMP in a market or market segment if that licensee-*
- (a) *is dominant;*
 - (b) *has control of an essential facility; or*
 - (c) *has a vertical relationship that the Authority determines could harm competition.*

The Authority's preliminary view is that each individual ECNS and individual ECS licensees that offers wholesale voice call termination services has SMP in its own market for wholesale voice call termination.

Question 6

Do you agree with the Authority's preliminary conclusion on SMP in the Mobile termination markets and Fixed termination markets? Please explain the reason for your answer and provide the relevant factual evidence supporting your views.

2.5. Regulation 7 – Pro-competitive terms and conditions

In 2014, the Authority determined that the following market failures will exist in the absence of regulation:

- (a) *A lack of provision of access;*
- (b) *The potential of discrimination between licensees offering similar services;*
- (c) *A lack of transparency;*
- (d) *Inefficient pricing.*

To address the above market failures, the Authority imposed a pro-competitive remedy on all licensees, requiring them to "...charge fair and reasonable prices for wholesale voice call termination..." in terms of Regulation 7(2) of the Call Termination Regulations. Also, the Authority imposed additional pro-competitive remedies on Vodacom, MTN and Telkom.

Based on the evidence supplied in response to Phase 1²³ of this review process, the Authority's preliminary view is that it is not necessary to change materially the pro-competitive terms and conditions imposed on licensees in terms of the Regulations. These pro-competitive terms and conditions and the proposed changes are outlined below.

Obligation to charge cost-based termination rates:

This remedy should be seen in the context of addressing the market failure with regards to the incentive and ability of SMP licensees to charge termination rates above cost (inefficient pricing and potential of price discrimination).

Each licensee is required to charge cost-based termination rates determined by the Authority using the top-down and bottom-up cost models in terms of the Regulations.

However, a licensee in the Mobile termination market or Fixed termination market with a share of less than 20% of Total minutes terminated in the relevant markets as at 31 December 2016 (excluding MTN, Vodacom and Telkom fixed) was allowed to charge a higher termination rate.

The Authority's preliminary view is that price control for termination services should be retained.

However, the Authority is of the view that only new entrants should be allowed to charge temporary high termination rates: for a limited period of up to three years upon entry, in order to account for cost differences, if any, between new entrants and the incumbents. The transitional period of three years, as opposed to perpetual asymmetry, will encourage new entrants to be efficient and grow their market share.²⁴

Obligation to publication of a Reference Interconnection Officer ("RIO"):

This remedy should be seen in the context of addressing the market failure with regards to a lack of provision of access and lack of transparency.

Vodacom, MTN and Telkom are required to publish on their websites a RIO, after approval by the Authority in terms of the Regulations.

²³ Response to the questionnaire on the review of the Regulations.

²⁴ This is in line with the EC's principle for asymmetric termination rates. https://ec.europa.eu/smart-regulation/impact/ia_carried_out/docs/ia_2009/sec_2009_0600_en.pdf

The Authority is of the view that this obligation is still relevant as it would ensure that licensees have sufficient information that they would not have access to if the wholesale voice call termination markets were not regulated.

Question 7

Do you agree with the Authority's preliminary conclusion on pro-competitive terms and conditions? Please explain the reason for your answer and provide the relevant factual evidence supporting your views.

INVITATION FOR COMMENTS ON THE PROPOSED INSPECTION FEES

Product Control for Agriculture (Prokon), hereby invite comments on the proposed inspection fees. Product Control for Agriculture (Prokon) has been designated in terms of section 2(3) of the Agricultural Product Standards Act No. 119 of 1990 to apply sections 3(1)(a) and (b), 3A (1), 4A (1), 7 and 8 of the said Act, to inspect all regulated locally produced fresh fruits and vegetables, excluding potatoes, destined for sale in the Republic of South Africa.

Comments by affected stakeholders in respect of the proposed inspection fees should reach the office Product Control for Agriculture (Prokon) by not later than **30 days from the date of publication of this Notice**.

The inspections will apply to two specified categories of products, i.e. (1) own regulation products inspections and (2) shared regulation products inspections. The two categories and the proposed inspection fees, are set out in the Table.

Table

Shared regulation products	Inspection fee
Asparagus, Baby Marrow (Courgette), Aubergines / Eggplant, Cucumber, Ginger, Mushrooms, Artichokes, Broccoli, Brussel Sprouts, Butternut, Gem Squash, Carrots, Cauliflower, Celery, Chillies, Chinese Cabbage, Endives, Fennel, Green Beans, Green Onions, Green Peas, Horse-Radish, Leeks, Lettuce, Okra, Parsley, Parsnips, Peppers / Capsicums, Pumpkins, Radish, Rhubarb, Scorzonera, Spinach, Sweetcorn, Turnips, Witloof Chicory, Beetroot, Cabbages, Sweet Potatoes and Unspecified vegetables Other Fruits: Published in Government Gazette 43613 dated 14 August 2020 – Black Berries, Blue Berries, Cactus Pear, Dragon fruit, Cranberries, Figs, Gooseberries, Granadilla, Guava, Jack fruit, Kiwi fruit, Mango, Melons, Papayas, Persimmons, Pomegranates, Quinces, Raspberries, Star Fruit, Strawberries, Watermelons.	1c/kg
Own regulation products	Inspection fee
Apples, Apricots, Avocados, Bananas, Citrus Fruit, Garlic, Grapes, Litchis, Peaches and Nectarines, Pears, Pineapples, Plums and Prunes, Onions and Shallots and Tomatoes.	1,5c/kg

The proposed inspection fees exclude value added tax (VAT).

The methodology applied to determine the said inspection fees is published hereunder. The full memorandum pertaining to the proposed inspection fees is available on the Product Control for Agriculture (Prokon) website, i.e. www.prokonsa.co.za or can be obtained by sending a request to admin@prokonsa.co.za

Comments are to be submitted in writing to:

(a) Chief Executive Officer, Mr E J Booyens, Product Control for Agriculture (Prokon), PO Box 24026, Gezina, 0031, cell: 082 388 0514, e-mail: admin@prokonsa.co.za

METHODOLOGY APPLIED TO DETERMINE THE INSPECTION FEES TO BE CHARGED ON REGULATED FRUITS AND VEGETABLES INTENDED FOR SALE IN THE REPUBLIC OF SOUTH AFRICA

1.1 PURPOSE OF METHODOLOGY DOCUMENT

The purpose of the methodology document is to outline the specific actions to be performed in respect of each regulated product, the frequency of such inspections as well as the inspection fees to be charged. This is to ensure that there is proper understanding of Prokon's role, the associated costs and the alignment of its role with the respective client's business processes with due cognisance of the parameters of Prokon's mandate in terms of its appointment as assignee of the Department of Agriculture, Land Reform and Rural Development (DALRRD).

Prokon's infrastructure and footprint, established since 1994, was a decisive factor in the company's appointment as the Ministerial assignee to conduct inspections on locally and imported regulated fresh fruits and vegetables, hence Prokon had an established infrastructure in place which it did not have to be re-establish for the purpose of market inspections and consequently the capital cost for the purpose of inspections is minimal. The aforementioned factor also made it possible for it to propose cost effective inspections fees that are fair and reasonable.

1.2 PROCESSES TO BE IMPLEMENTED TO ENSURE STAKEHOLDER PARTICIPATION

To ensure that the handling of the application is beyond reproach:

- Prokon, as an administrative body, will follow the notice and comment procedure as set out in section 4 of the Promotion of the Administrative Justice Act, Act 3 of 2000 (PAJA) in determining the inspection fees. Prokon will thus take appropriate steps to communicate the administrative action to those likely to be materially and adversely affected by such administrative action and called for comment thereon. The comments will be duly considered and, where possible, be incorporated with due cognisance of the Agricultural Products Standards Act no. 119 of 1990 and the procedures prescribed in the regulations.
- Prokon's board of directors, in cooperation with the company's managerial and technical staff, will determine the inspection fees in a rational and proper manner prior to it, together with a detailed methodology, being published as a draft notice in the government gazette as well as in four newspapers being distributed country wide, taking into account the need for it to be published in different languages.
- Sufficient time will be allowed for comment where after such comments will be duly considered and, if appropriate, be incorporated in the notice and circulated to those stakeholders that submitted comments. Should further comments be received it will be duly considered and, if appropriate, be incorporated in the notice and once again be published, affording stakeholders a final opportunity for inputs in terms of section 10 of the PAJA. Should further inputs be received it will be considered in term of relevance, and if affirmative, be incorporated in the notice.
- The final step will be to submit the draft government notice to the Department of Agriculture, Land Reform and Rural Development for approval and publication in the government gazette.

1.3 INSPECTION PROCESS

In terms of this document, Prokon is to inspect all regulated locally produced fresh fruits and vegetables intended for sale in the Republic of South Africa in accordance with the regulations and the company's SANAS ISO 17020 accreditation with due cognisance of the following aspects:

- Compliance with the mandate given to Prokon by the DALRRD to ensure consumer protection and instil consumer confidence.

- Compliance with Prokon's standard operating procedures (SOP) and quality management system (QMS) in terms of its SANAS accreditation.

Prokon will conduct inspections on all regulated fresh fruits and vegetables at the most appropriate frequency, point and time in order to minimise disruption and possible negative impact on the clients' businesses whilst at the same time ensure compliance with its official assignment.

1.4 THE NECESSITY FOR QUALITY ASSURANCE INSPECTIONS

During a two-year period (June 2019 to May 2021) **4 814 directives** were issued in respect of produce at fresh produce markets, retailers, wholesalers and importers which did not comply with prescribed standards set out in the relevant regulations. The majority of non-conformances were found on fresh produce markets. The aforementioned statistics is clear proof that there is a definite need for quality assurance inspections on fresh fruits and vegetables to protect the relevant value chain as a whole as well as to ensure that the consumer purchases a product that complies with official quality and health regulations.

The following problems / non-conformances, which may differ between products, were found in respect of locally produced produce:

- Consignments are not marked, e.g., no information is provided on the packaging in respect of name / trade name of the supplier / producer and contact details, cultivar / variety, class, weight, date of packing and country of origin. This is especially the case in respect of lower class produce. (Compliance in terms of marking is extremely important in order to ensure that the origin of the product can be traced should quality and health related complaints be lodged.)
- Different sizes are packed in the same container / bag.
- Underweight packaging.
- Consignments do not comply with the official internal and external quality standards.
- Products that were harvested immaturely (ripeness).
- Incorrect sugar levels.

As far as imported produce is concerned the following are examples of the problems / non-conformances found:

- A large consignment avocado was illegally imported from Tanzania. Prokon informed the Inspectorate of the Department of Agriculture, Land Reform and Rural Development who confiscated and destroyed the consignment to the benefit of the local industry and the consumer.
- Indicating the wrong country of origin.

Table 1: Top 20 product non-compliances for the period July 2020 to May 2021

1.5 EXAMPLES OF THE POSSIBLE IMPACT ON PRODUCERS AND CONSUMERS

1.5.1 Producers

The table demonstrates the benefits on offer to producers who deliver a quality product in terms of the stipulations set out in the official regulations.

Table 2: Average price attained after produce were downgraded

SCENARIO	Eleven producers All produce delivered marked as class 1 Prices ranged between R22,00 and R29,00 per container delivered to the market before inspections Four consignments were downgraded due to non-compliance to quality standards for class 1 After Prokon's inspection seven consignments were left which positively influenced the average price for class 1			
Producers	If Prokon does not conduct inspections Selling price R	Prokon does inspection and downgrades	Producers	Scenario average after Prokon inspections Selling price R
A	R26,00		A	R26,00
B	R25,00		B	R25,00
C	R24,00	Downgraded to class 2		
D	R22,00	Downgraded to class 2		
E	R28,00		E	R28,00
F	R29,00		F	R29,00
G	R27,00		G	R27,00
H	R23,00	Downgraded to class 2		
I	R24,00	Downgraded to class 2		
J	R26,00		J	R26,00
K	R28,00		K	R28,00
Average	R25,64		Average	R27,00
3520 X AVE PRICE	R90 240,00		3520 X AVE PRICE	R95 040,00
Financial benefit on 3520 containers being inspected by Prokon			R4 800,00	

1.5.2 Consumers

The scenario below demonstrates the difference in average prices of actual downgrades for the period July 2020 to May 2021 between classes. It must be taken into account that prices differ on a daily basis depending on volumes and quality supplied versus demand. The last column reflects the true price forming mechanism and how it impacts the buying power of buyers and consumers.

Table 3: Product downgrades and the impact thereof on the true price forming mechanism and how it impacts the buying power of buyers and consumers.

Products / Downgrades	Actual downgrades			Difference between class 1 and other classes	Price differences (Total kg x difference between class 1 and other classes)
Onions	Container quantity	Total kg	Ave R/kg		
Class 1			R6,76		
Downgraded to class 2	240162	2 218 563,50	R3,86	R2,90	R6 433 834,15
Downgraded to class 3	64925	596 189,00	R3,74	R3,02	R1 800 490,78

				Total	R16 017 487,64

1.6 PROKON'S APPOINTMENT AS ASSIGNEE

Prokon's Ministerial appointment as assignee of the Department of Agriculture, Land Reform and Rural Development to conduct inspections on produce for sale in the republic of South Africa are in accordance with the Agricultural Products Standards Act, No. 119 of 1990 and can be summarised as follows:

- Prokon's appointment as assignee to conduct inspections on potatoes was originally published in Notice 232 of 1994. On 21 September 2010 Prokon's mandate to conduct inspections on potatoes was revised to incorporate all inspections at wholesale (national fresh produce markets) and retail level (at all different retailers in South Africa).
- Prokon's was appointed on 17 May 2016 as assignee to conduct inspections on all other regulated local produced and imported fresh fruits, vegetables and flowers.

1.7 BROAD BASED EXPERIENCE IN QUALITY ASSURANCE INSPECTIONS

The quality assurance inspections conducted on the other regulated local produced and imported fresh fruits, vegetables by Prokon inspectors during the past three years, afforded the company the ideal platform to gained valuable broad-based experience and product knowledge to refine the inspection process to the benefit of all stakeholder in the fresh produce supply chain. The exposure allowed Prokon the ability to identify the primary participants in the fresh produce flow channel, and thus inspection points,

as fresh produce markets (handling approximately 47% of all fresh produce and accommodate all spectrum of buyers), distribution centres to retail outlets as well as independent packers and pack houses. These points were also identified as the most cost effective for the supply chain as a whole, as well as the fact that it allows for the optimal use of resources.

However, as fresh produce markets and distributions centres handle the bulk of fresh produce in terms of, e.g., variety, quality and classes the higher percentage of inspections are conducted at these points. It follows that the number of downgrades and directives are issued on fresh produce markets closely followed by distribution centres /retails outlets. It is important that the issuing of directives should not be seen as a penalisation of the suppliers, but rather as a way to assist them to identify and address the problem to their benefit (better price). Through analysing our data Prokon has detected a real improvement in the quality and adherence to marking requirements in the market environment.

1.8 INSPECTION FEES

Prokon, as a non-profit company, operates on a cost recovery basis for the purpose of its Ministerial appointment as assignee on 17 May 2016 in terms of section 2(3)(a) of the Agricultural Products Standards Act, 1990 (Act 119 of 1990) for the application of section 3(1)(a) and (b), 3A(1), 4A(1), 7 and 8 in respect of inspection of fresh vegetables, fruits and flowers. The determination of the new inspection fees has been determined according to the income and expenses specific to the business unit in question, and will thus be fair and reasonable for all stakeholders in the supply chain.

Cognisance must also be taken of the fact that the data used in determining the inspection fees are based on the actual volumes in the past year of a broad spectrum of produce and quality sold on fresh produce markets, as well as the fact that it is publicly available. The statistics on volumes handled by the other stakeholders are confidential and Prokon unfortunately has no access to it.

1.9 CATEGORIES OF PRODUCTS TO BE INSPECTED

Current legislation makes provision for two specified categories of products to be inspected. As the said categories represent an extensive spectrum of fresh produce sold on the fresh produce markets it is, after consultation with role players, recommended that the matter be simplified by dividing the products in two categories, i.e., (1) Own regulation products inspections and (2) Shared regulation products inspections. The two categories, what the inspections entail and the products it will apply to, are set out in Table 1.

The regulated fruits and vegetables subject to inspection, as set out in Table 4, were published under Government Notice 1 of 2017 in Government Gazette 40537 dated 6 January 2017 and in Government Gazette 43613 dated 14 August 2020.

Table 4

Shared regulation products inspections	Products
<ul style="list-style-type: none"> • Confirming marking requirements • External quality • Sizing • Overall appearance 	<p>Published under Government Notice 1 of 2017 in Government Gazette 40537 dated 6 January 2017 – Asparagus, Baby Marrow (Courgette), Aubergines / Eggplant, Cucumber, Ginger, Mushrooms, Artichokes, Broccoli, Brussel Sprouts, Butternut, Gem Squash, Carrots, Cauliflower, Celery, Chillies, Chinese Cabbage, Endives, Fennel, Green Beans, Green Onions, Green Peas, Horse-Radish, Leeks, Lettuce, Okra, Parsley, Parsnips, Peppers / Capsicums, Pumpkins, Radish, Rhubarb, Scorzoner, Spinach, Sweetcorn, Turnips, Witloof Chicory, Beetroot, Cabbages, Sweet Potatoes and Unspecified vegetables</p> <p>Other Fruits: Published in Government Gazette 43613 dated 14 August 2020 – Black Berries, Blue Berries,</p>

Own regulation products inspections	Products
<ul style="list-style-type: none"> • Confirming marking requirements. • External and internal quality • Sizing • Overall appearance • Sugar content • Ripeness and maturity testing on avocado • Dry matter testing on avocados, if necessary • Determining whether product is seeded or seedless • Deep cutting to determine if split stone is present on stone fruits • Determining sugar / starch ratio • Destructive testing as prescribed in more detailed categories 	Published under Government Notice 1 of 2017 in Government Gazette 40537 dated 6 January 2017 and Government Gazette 43613 dated 14 August 2020 – Apples, Apricots, Avocados, Bananas, Citrus Fruit, Garlic, Grapes, Litchis, Peaches and Nectarines, Pears, Pineapples, Plums and Prunes, Onions and Shallots and Tomatoes.

1.10 FREQUENCY OF INSPECTIONS

In 2017 it was the understanding that inspections must be conducted on a daily basis. Based on Prokon's experience during the past 18 months we are confident that by conducting two inspections per product per week would suffice to conduct a proper quality assurance survey per product line as well as allowing for the identification of quality problems and conveyance of such information to producers, producer organisation and other institutions in the fresh produce supply chain in order to rectify the problems and prevent the reoccurrence thereof. In addition, a twice a week inspection of products optimises the cost / inspection ratio, minimises cost and is sufficient to ensure that non-conforming produce do not reach the consumer.

The suggested frequency of twice a week inspection has also been tested and accepted in the retail environment during the past three years.

1.11 HUMAN RESOURCES TO RENDER INSPECTION SERVICES

The personnel are based on the current personnel component required to render the inspection service at the identified inspection points. However, in order to render the said service at the required level it will be necessary to appoint four additional inspectors during the coming year. These inspectors will be based in Johannesburg, Durban, Cape Town and Polokwane.

The salaries and administrative fees can be kept to a minimum due to a business- and infrastructure established over a period of 27 years and existing service contracts with stakeholders. (The explanatory notes as set out in **Annexure B, pp. 12 to 15** have reference to Annexure A.)

The human resources component required to render the inspection service is set out in **Annexure A, p. 10 to 11 (see notes 2 and 3)**.

The personnel cost per office as set out in **Annexure A** is based on the proposal of Blue Horizon (Pty) Ltd (**as part of Annexure A**).

Prokon has been making use of the services of Blue Horizon (Pty) Ltd since 2013 for human resources consultation and benchmarking of remuneration packages.

The remuneration package for the aforementioned personnel component is based on market remuneration benchmark and design conducted by Blue Horizon (Pty) Ltd in 2020. Remuneration data for the agricultural sector was acquired from one of the four remuneration and rewards survey service providers in South Africa, Price Waterhouse Coopers (PWC). The market surveys provide data at the lower, median and upper quartile which is projected to a specific date for implementation within the year the benchmark data becomes available and before the new benchmark is surveyed by PWC. These values are updated annually to provide CPI related remuneration values in order to provide defensible pay structures for that financial year.

The Prokon Board of Directors decided to base the remuneration of inspectors on the lower quartile as set out in **Annexure A** of the **Memorandum in respect of the determination of new inspection fees on regulated fresh fruits and vegetables**.

1.12 EXPENSES

The total of expenses for both the retail environment (blue column) and the fresh produce markets (yellow column) are set out in **Annexure A, p. 10** and are divided into the following categories, i.e., general, administrative and overhead expenses.

The yellow column represents a summary of the market expenses, as indicated in **Annexure A** and was used to determine the inspection fee.

1.13 CATEGORIES AND INSPECTION FEES

The revised categories and inspection fees to be charged by Prokon will be promulgated by the DALRRD in terms of the Agricultural Product Standards Act, No. 119 of 1990 and to be promulgated in the Government Gazette. The revised categories and inspection fees will come into operation on a date to be determined and will then apply until further notice.

With reference to the calculation of the inspection fees different options were considered such as:

- Fee per kilogram.
- Fee per hour.
- Fee per consignment.
- Fee per inspection.

Prokon recommends that the inspection fee per kilogram be introduced. The options set out hereunder were considered but produced unreasonable and irrational results. The methodology suggested by Prokon is the inspection per kilogram which produced fees that were fair, reasonable and equitable. The latter three options were decided against because calculations have proven it to be costly and unfair as explained hereunder.

Fee per hour: If Prokon charges per hour, such method will benefit the producer / owner who delivers a large consignment to the detriment of the producer / owner who delivers a small consignment based on the time spent to conduct the different inspections.

Example: Producer / owner A delivers 200 containers and inspection time is ten minutes. This producer / owner will pay R480 (excluding VAT) per hour or part thereof. Producer / owner B delivers 2 500

containers and the inspection time is 50 minutes. This producer / owner will also pay R480 (excluding VAT) per hour or part thereof.

Fee per consignment: If Prokon charges per consignment (A consignment can be described (1) as a quantity of a specific product of the same class belonging to the same producer / owner which is delivered at any one time under cover of the same consignment note, delivery note or receipt note, or is delivered by the same vehicle, or (2) if such quantity subdivided into different classes, size groups, cultivars, trademark or types of packaging), such method will benefit the producer / owner who delivers two consignments to the detriment of the producer who delivers ten or more consignment, based on the fee per consignment.

Example: Producer / owner A delivers two consignments of 1 000 containers each and the inspection fee is R100 per consignment. This producer / owner will pay R200 (excluding VAT) for 2 000 containers. Producer / owner B delivers ten consignments of 200 containers each and also pays R100 per consignment. This producer / owner will pay R1 000 (excluding VAT) for 2 000 containers.

Fee per inspection: If Prokon charges per inspection such method will benefit the producer / owner who delivers 2 500 containers to the detriment of the producer / owner who delivers 200 containers.

Example: Producer / owner A delivers 2 500 containers and the inspection fee amounts to R600. Producer / owner B delivers 200 containers and the inspection fee also amounts to R600 per consignment.

Explanatory note: Producer / owner A delivers 200 containers of 5 kg each and will pay R15 as an inspection fee if charged per kilogram, whereas producer / owner B who delivers 2 500 containers of 5 kg each will pay R112.50 as an inspection fee.

Table 5: Comparative example between the different inspection fee calculation options

Options	Delivery examples	Inspection fees (R)
Per hour (R480)	200 containers (5 kg) 2 500 containers (5 kg)	480 480
Per consignment (R100)	2 consignments (110 containers x 5 kg) 10 consignments (110 containers x 5 kg)	200 1 000
Per inspection	200 containers (5 kg) 2 500 containers (5 kg)	600 600
Per kilogram	1 000 kg 7 500 kg	15 112.50

The proposed revised categories and inspection fees, excluding VAT, are set out in **Annexure C, pp. 16 to 18.**

The table above represents the proposed fees for two inspection categories as indicated in **Item 1.9: Categories of products to be inspected** above (shared regulation products inspections and own regulation products inspections). The proposed inspections fees for shared regulation products inspections amounts to 1c per kilogram and that for own regulation products inspections 1.5c per kilogram. These fees are calculated on a cost recovery basis as pointed out in the methodology document. (See **Annexure D, p. 19.**)

Source: Blue Horizon (Pty) Ltd – 2020

Prokon has been making use of the services of Blue Horizon (Pty) Ltd since 2013 for human resources consultation and benchmarking of remuneration packages.

The remuneration package for the aforementioned personnel component is based on market remuneration benchmark and design conducted by Blue Horizon (Pty) Ltd in 2020. Remuneration data

for the agricultural sector was acquired from one of the four remuneration and rewards survey service providers in South Africa, Price Waterhouse Coopers (PWC). The market surveys provide data at the lower, median and upper quartile which is projected to a specific date for implementation within the year the benchmark data becomes available and before the new benchmark is surveyed by PWC. These values are updated annually to provide CPI related remuneration values in order to provide defensible pay structures for that financial year.

The Prokon Board of Directors decided to base the remuneration of inspectors on the lower quartile as set out in **Annexure A** of the **Memorandum in respect of the determination of new inspection fees on regulated fresh fruits and vegetables**.

ANNEXURE B

**Explanatory notes in respect of total expenditure
(The explanatory notes have reference to Annexure A)**

The expenditure listed in the explanatory notes hereunder is proportionately divided between the three core business units, i.e. fresh produce markets, retail and imports.

No.	Category	Explanation
1	Remuneration	<p>Total Remuneration</p> <p>Total remuneration amounts to R14 619 915.00. When potatoes and imports are excluded, it amounts to R7 715 907.92 (52.78% of total remuneration) of which R3 081 956.57 (21.08%) apply to the retail trade and R4 633 951.35 (31.7%) to fresh produce markets.</p>
2	Remuneration	<p>Remuneration is based on the personnel component required to render the inspections service set out in the methodology.</p> <p>The specific positions and numbers are indicated in the blue column under the heading Remuneration.</p> <p>The remuneration of management and the administrative personnel (Chief Executive Officer, Operations Manager, Administrative and Financial Manager, five administrative officers and two Database Officers) is based on actual salaries.</p> <p>The remuneration of Inspectors (45) is based on industry norms which was confirmed by a study conducted by Blue Horizon during 2020 (see Annexure A) in order to benchmark the remuneration of all of Prokon's inspectors and some of the administrative personnel.</p> <p>Prokon's Board of Directors took the decision to base the remuneration on the minimum pay scale with due cognisance of what applies in the fresh produce industry in order to retain qualified and competent personnel, especially inspection personnel.</p>
3	Wages	<p>Wages apply to 32 general workers who assist the inspectors, and are actual wages. They are paid the minimum wage prescribed in the official wage determination applicable to general workers.</p>
4	General Expenses	<p>Relief Arrangement</p> <p>Cost to provide relief if a staff member goes on vacation / sick leave.</p>

5	Bank Charges	Normal bank charges payable on current account, based on income generated by each business unit.
6	Printing and Stationery	Printing and stationery (paper, pens, staples, etc.) required to perform the service.
7	Repair and Maintenance	Repair and maintenance of equipment used for inspections, e.g., scales and trollies.
8	Office Rent	Rental payable in respect of 16 offices rented. These offices serve as bases for conducting inspections on fresh produce markets, distribution centres and retail outlets, wholesalers and ports of entry.
9	Equipment Rent	Cost of rental of equipment such as copiers and fax machines.
10	Labels	Additional labels to be affixed to containers when inspections are conducted for traceability purposes.
11	Postage	Primarily to send parcels (e.g., colour plates, documentation, protective ware and inspection equipment) to Prokon offices.
12	Relationship Management	Funding to establish and maintain relations with stakeholders in the fresh produce value chain.
13	Protective and Company Wear	Protective wear worn by inspectors such as dust coats, overalls, freezer jackets and safety shoes.
14	Travel and Accommodation	Operational related travel and accommodation expenses for personnel to conduct their duties and attendance of industry and producer meetings to report on inspection related matters.
15	Conferences, AGMs and Workshops	Expenses to attend (travel, accommodation, registration of fresh produce industry body conferences and AGMs, e.g., Potatoes SA, Produce Marketing Association and African Potato Association, international workshops offered by KCB and the International Quality Standards Harmonization Meeting in Europe).
16	Computer Software	Purchasing of computer software required to conduct inspections.
17	Mobile Phones	For use by management and inspectors in conducting daily tasks (taking inspection photos, scan barcodes, take GPS points), to communicate with one another and submit inspection information.
18	Landlines	Used as a back-up for communication purposes and to send faxes.
19	Internet	Used by all staff to conduct daily business activities, e.g., by inspectors as the inspection program is Internet based.
20	Consumable Stock	For example, knives, side cutters, ink and stamping pads, Iodine to determine starch content, specifically for inspections on regulated fresh fruits and vegetables.
21	Refreshments	For example, tea, coffee and sugar.
22	Fuel and oil	For travelling and upkeep of existing company pool vehicles to perform daily duties.

23	Repair and maintenance Vehicles	Servicing, tyres and general repairs to existing company pool cars.
24	Licences	Annual renewal of licences of existing company pool cars vehicles.
	Administration fees	
25	Management Committee (personnel)	Quarterly meetings – Head office management and regional managers, e.g., to appraise operational performance across all regions and to strategize current and future inspection activities.
26	Board Meetings	2 Board meetings, 2 Risk and Audit Committee meetings, 1 AGM.
27	Data Base – Fresh Mark Systems	Payments to access data such as daily, monthly and yearly market volumes and sales as well as obtaining data on product, classes, cultivars and packaging sizes, when required.
28	E-Click Electronic Software System	Electronic inspection equipment for daily inspections at inspection points (retail, wholesale, fresh produce markets).
29	Contract Expenses (Distribution Centre Visits)	Transport expenses to conduct inspections at distribution centres and other outlets, where necessary. (This expenditure applies to retail inspections only.)
30	Professional Services	Professional services, e.g., SANAS, SEESA and SETA affiliation, legal opinions, design of production aids (colour plate book and tomato quality inspection guide), promotional material and sample testing.
31	Communication (Industry and Consumer)	Direct communication with the industry and the consumer, articles in the agricultural and consumer media and brochures to create awareness about the company's services to the industry and to inform consumers about the role Prokon plays to ensure quality produce reaching their households.
32	Subscriptions	Renewal of industry magazine subscriptions, etc.
33	Training Expenses (Inspectors)	Training expenses incurred to ensure that personnel are at all times geared to render top quality services and are abreast of latest developments.
34	Training Expenses (Emerging Farmers)	Training expenses incurred to train emerging farmers to ensure that their products comply with official quality standards, e.g., packaging, size groups and marking. This will ensure that their consignments are market ready and thus prevent downgrading and furthermore being prohibited from being sold.
35	Auditors' remuneration	Auditors' fees in respect of annual audit.
36	Inspector Transfer Fees	Costs related to personnel being transferred to a different office and/or inspection point.
37	Insurance	Insurance premiums in respect of vehicles, equipment, etc.
38	Business Review	Cost to produce Prokon's Annual Business Review (compilation, lay-out and printing).

	Overhead expenses	
39	Financial Administration	Payment for external financial administration service.
40	Remuneration Administration	Payment for external remuneration administration service.
41	Administrative Services	Payment for external administrative service.
42	Membership fees	Payment of fees for membership fees of industry bodies, e.g., Produce Marketing Association (PMA).
	Depreciation	
43	Depreciation – Equipment	Provision for depreciation of existing equipment, e.g., office furniture that is written-off over three years.
44	Depreciation – Computer Equipment	Provision for depreciation of existing computer equipment, e.g., laptops and cellular phones that are written-off over three years.
45	Depreciation – Vehicles	Provision for the depreciation of seven existing motor pool vehicles which are written-off in terms of the company's motor vehicle policy.

Total	441 791 515,05	R 5 835 738,12
<u>Notes</u>		
% calculated from grand total for each category due to the following:		
* Documentation unavailable or received too late for the inspector to conduct an inspection times of markets (04h00 to 10h00)		
* Due to the limited number of inspectors per market to ensure the cost effectiveness of inspections		
* Each inspector can only inspect a certain number of inspections (volumes / consignments) per hour		
* Non-conformities of products prolong the time spent on inspections and thus reduce the number of inspections that can be conducted as the product has to be physically stamped, electronically re-graded, and the market agent as well as the producer informed

SCHEDULE**ROLL-OUT OF TYPE B; C AND D LIMITED PAY-OUT MACHINE ("LPM") SITE LICENCES AND THE LICENSING OF A THIRD ROUTE OPERATOR IN THE WESTERN CAPE****CONTENT**

1. Introduction and Background
2. Legislative framework
3. Considerations
4. Public Participation prior to award of Site and Route Operator licences

1. Introduction and Background

- 1.1 The Western Cape Gambling and Racing Board ("the Board") is a public body constituted in terms of Section 2 of the Western Cape Gambling and Racing Act, 1996 (hereinafter referred to as "the WCGRA"). The Board is a Provincial Regulator charged with the regulation and control of all gambling and racing and related activities in the Province of the Western Cape. It is authorised to issue the licences couched in Section 27 of the WCGRA and has the powers conferred by Section 12 of the WCGRA and Sections 30 of the National Gambling Act, 2004 (hereinafter referred to as "the NGA").
- 1.2 The conduct of gambling operations is regulated in terms of both the WCGRA and the NGA.
- 1.3 The Board issued two Route Operator licences in the Western Cape during 2004. Currently, each of the Route Operators is licensed to roll out 1500 LPMs throughout the Province of the Western Cape. These LPMs are rolled out in, amongst other, bars, restaurants, bookmaker and totalisator retail shops ("the primary business"), where the Route Operator partners with owners of the aforementioned businesses and the revenue from the LPMs are proportioned 60/40% between the Route Operator and the Site Owner, respectively. The LPMs offer an additional form of entertainment to the patrons of the primary business. A Type A LPM site can house between two (2) and five (5) LPMs. Generally, in terms of the Businesses Act, 1991, five machines are permitted if the premises holds a business licence.
- 1.4 The Board applies restrictive advertising and strict compliance measures for access to LPMs and these may not be visible from outside the premises.
- 1.5 The Route Operator owns the LPMs and bears the responsibility to assist Site Owners, pay the prescribed taxes over to the Board and ensure compliance by Site Operators. A Route Operator licence is defined in Section 46 and a Site licence in Section 47 of the WCGRA.
- 1.6 An Independent Site Operator means a Site Operator who is not linked to a Route Operator and is licensed to own and operate LPMs on a single site and is responsible for maintaining the machines, effecting the collection of money and paying the provincial taxes and levies due to the provincial licensing authorities.
- 1.7 The National Regulations on LPMs (hereinafter referred to as "National Regulations") outline various regulatory prescripts governing the roll-out and licensing of LPMs in the country as a whole. In terms of the National Regulations, the monetary amount that can be staked on these LPM machines is capped at R50.00 and the maximum payout is capped at R500.00.
- 1.8 Due to the growth of the gambling industry, the business proposals by Operators to expand their business operations, the broader economic opportunities for new market entrants and the broader benefits that flow to the inhabitants of the Province, the Board resolved to engage those affected and impacted by any regulatory decision to licence and roll-out Type B; C and D LPMs in the Province.
- 1.9 A Type B Site licence will authorise the licence holder to expose a minimum of six (6) and a maximum of 20 LPMs, whereas a Type C Site licence authorises the licence holder to expose a minimum of twenty-one (21)

and a maximum of forty (40) LPMs in an approved LPM Site/ premises, for play by the public. A Type D Site holds an Independent Site Operator licence, which authorises the licence holder to expose a minimum of twenty-one (21) and a maximum of forty (40) LPMs for play, which licence is not linked to a Route Operator.

- 1.10 The Site licences espoused in this Notice do not constitute or authorise the operation of a casino.
- 1.11 The Province of the Western Cape is authorised to roll out 9 000 LPMs per the National Regulations. In terms of Regulation 13 of the National Gambling Regulations, Provincial Gambling Boards may roll-out their allocated LPMs in three (3) phases with the first phase being up to 50% of the provincial allocation.
- 1.12 Subsequent phases would require the Provincial Gambling Board to conduct research into the socio-economic impact of LPMs, prior to any further roll-out beyond the 50% allocation.
- 1.13 The Board may therefore roll-out up to 4 500 LPMs in the Province, prior to meeting the requirements as set out in the legislation.
- 1.14 The Board conducted three studies to date into the roll-out of LPMs and specifically the socio-economic impact thereof. The conduct of the said impact studies far exceeds the intervals and requirements prescribed by law.

2. Legislative framework

2.1 **WESTERN CAPE GAMBLING AND RACING ACT, 4 OF 1996**

Powers and functions of Board

12. The powers and functions of the Board shall be-

- (1) to invite applications for licences in terms of this Act or, with the exception of licences referred to in section 27(a), (b), (d) and (i), accept such applications without such invitation;
- (2) to consider and dispose of applications for licences in such manner and at such time and place as it may from time to time determine;

Applicants

31. Any person qualified in terms of this Act may apply for a licence under this Act; provided that, in the case of a licence referred to in section 27(a), (b) (d) or (i), a person may only on an invitation by the Board apply for such licence...

Route operator licence

46. (1) A route operator licence shall only be issued to a company registered in terms of the Companies Act, 1973.

(2) A route operator licence is required by every company which permits or engages in the business of operating limited payout machines in or on one or more premises licensed in terms of section 47.

(2A) A route operator licence shall attach to the operator specified in the licence.

(3) A route operator licence shall authorise, subject to any conditions which the Board may impose, the operation of approved limited payout machines in or on premises or such parts of such premises as are licensed in terms of section 47.

Site licence

47. (1) A site licence is required for any premises in the Province in or on which limited payout machines are placed by the holder of a route operator licence.

[Subsection (1) amended by a 22(b) of Act 4 of 2006 w e f 1 December 2006]

(2) A site licence shall authorise, subject to any conditions which the Board may impose, the keeping and exposing for play in or on the licensed premises or such part of such premises as is specified in the licence of any limited payout machines operated in terms of section 46.

(3) A site licence shall attach to the premises specified in the licence.

(4) The Board shall not grant an application for a site licence unless it is satisfied that -

(a) the person who or which will be responsible for the operation of the gambling business on the site, and
 (b) subject to the proviso to section 30(2), all persons holding a financial interest of five percent or more in the person contemplated in paragraph (a) comply with the provisions of sections 28 or 29, as the case may be, and 30.

2.2 **NATIONAL GAMBLING ACT 7 OF 2004**

30 Jurisdiction of provincial licensing authorities

(1) Each provincial licensing authority has exclusive jurisdiction within its province, to the extent provided in provincial law, to-

(a) investigate and consider applications for, and issue-

(i) provincial licences in respect of casinos, racing, gambling or wagering, other than for an activity or purpose for which a national licence is required in terms of this Act; and

(ii) subject to Part B of this Chapter, national licences for any activity or purpose for which a national licence is required or optional in terms of this Act; ...

2.3 Section 4 of the Promotion of Administrative Justice Act 3 of 2000 ("PAJA") prescribes the procedure to be followed by organs of state where administrative action materially and adversely affects the rights or legitimate expectations of the public.

2.4 The Board resolved to follow the notice and comment procedure to afford all stakeholders and interested parties the opportunity to comment on the viability and desirability of licensing Type B; C and D LPM sites and inviting applications for the award of a third Route Operator licence.

2.5 The Board will then consider the comments received and pronounce its final decision following any further public discourse that may be necessary. All comments and submissions pursuant to this public participation process will be considered in the Board's deliberations.

3. Considerations

3.1 The Board is inviting public comments on the viability and desirability of rolling out three new categories of LPM Site licences, viz. Type B; Type C and Type D licences and the award of a third Route Operator licence, in the Province of the Western Cape.

3.2 The characteristics of these Site licences are outlined below:

Type A Site	A Site that is licensed to expose a minimum of 2 and a maximum of 5 LPMs for play (all premises are linked to Route Operator). These are currently operational in the Province and no comment is required in respect hereof.
Type B Site	A Site that is licensed to expose a minimum of 6 and a maximum of 20 LPMs for play (linked to Route Operator)
Type C Site	A Site that is licensed to expose a minimum of 21 and a maximum of 40 LPMs for play (linked to Route Operator).
Type D Site	Independent Site Operator licence, where a site is licensed to expose a minimum of 21 and a maximum of 40 LPMs for play (not linked to Route Operator).
Route Operator	Route Operator means a company registered in terms of the Companies Act, 1973 (Act No. 61 of 1973), which is – (a) licensed to own and operate limited payout machines;

	(b) responsible for maintaining limited payout machines; and (c) responsible for effecting the collection of money and paying the provincial taxes and levies in respect of any limited payout machine under its licence.
--	--

3.3 The economic and social benefits to the Province in rolling out the categories of licences specified in this Notice includes:

- (i) The payment of increased Operator fees to the Provincial Fiscus;
- (ii) Taxes on the gambling revenue generated accruing to the Provincial Fiscus;
- (iii) Additional corporate social investment initiative contributions to uplift communities in which they operate and the Province as a whole;
- (iv) Bringing informal small businesses into the formal economy, through partnering with small and medium enterprises to acquire LPM premises licences; and
- (v) Facilitating further transformation imperatives of the industry through the promotion of Broad-Based Black Economic Empowerment("BBBEE") .

4. Public participation prior to award of Site and Route Operator licences

- 4.1 Should a determination be made to roll out Type B; C and D licences, the relevant applications will be advertised for comment in respect of the suitability of the premises and persons holding a financial interest of 5% or more in terms of the prescripts in the WCGRA, the Rules and Regulations. This continues as per the normal advertising and comments of all applications for gambling licences, bar the two exceptions outlined in Section 32(2)(a) of the WCGRA.
- 4.2 Persons in the different communities will therefore still have the opportunity to comment in respect of gambling premises to be situated in close proximity of places of interest to them.
- 4.3 This Notice is not an indication that the Board will roll-out these categories of licences but rather inviting comments in terms of the viability and desirability of these categories of licences being licensed by the Board.
- 4.4 The Board reserves the right to not award any of the categories of licences espoused in this Notice. The Board's final determination will be made upon conclusion of the public participation processes.

RAADSKENNNISGEWING 139 VAN 2021

**Western Cape
Gambling and Racing Board**
Wes-Kaapse Raad op • Ibhodi Yelentshona Kapa
Dobbelary en Wedrenne • Yokungakaza Ngemali Neyemidyarho

KENNISGEWING 1 VAN 2021

**KENNISGEWING INGEVOLGE DIE WET OP BEVORDERING VAN ADMINISTRATIEWE GEREKTIGHEID,
WET 3 VAN 2000: UITNODIGING VIR KOMMENTAAR OP DIE UITROL VAN TIPE B-, C- EN D-
BEPERKTE UITBETAALMASJIEN- ("LPM") PERSEEL- EN ROETE-OPERATEURLISENSIES IN DIE
WES-KAAP**

1. Kennisgewing geskied hiermee aan alle belangstellende partye dat die Raad 'n openbaredeelnameproses uitvoer ten opsigte van die lewensvatbaarheid en wenslikheid om die volgende uit te reik:

- (i) Tipe B- en C-LPM-perseellisensies;
- (ii) Onafhanklike Perseel-Operateurlisensies (Tipe D-LPM-perseellisensies); en
- (iii) 'n Derde Roete-Operateurlisensie

in die Provincie van die Wes-Kaap.

BYLAE**UITROL VAN TIPE B-, C- EN D- BEPERKTE UITBETAALMASJIEN-PERSEELLISENSIES (“LPM”) EN DIE LISENSIËRING VAN ’N DERDE ROETE-OPERATEUR IN DIE WES-KAAP****INHOUD**

1. Inleiding en agtergrond
2. Wetgewende raamwerk
3. Oorwegings
4. Openbare deelname voor die toekenning van Perseel- en Roete-Operateurlisensies

1. Inleiding en agtergrond

- 1.1 Die Wes-Kaapse Raad op Dobbelary en Wedrenne (“die Raad”) is ’n openbare liggaam wat ingevolge Artikel 2 van die Wes-Kaapse Wet op Dobbelary en Wedrenne, 1996 ingestel is (hierna verwys na as “die WKWDW”). Die Raad is ’n Provinciale Reguleerder wat gelas is met die regulering en beheer van alle dobbel- en wedrenne- en verwante aktiwiteite in die Provincie van die Wes-Kaap. Dit is gemagtig om die lisensies uit te reik wat neergelê is in Artikel 27 van die WKWDW en het die bevoegdhede wat toegeken word deur Artikel 12 van die WKWDW en Artikel 30 van die Nasionale Wet op Dobbelary, 2004 (hierna verwys na as “die NWD”).
- 1.2 Die uitvoer van dobbelwerksaamhede word ingevolge die WKWDW en die NWD gereguleer.
- 1.3 Die Raad het gedurende 2004 twee Roete-Operateurlisensies in die Wes-Kaap uitgereik. Elkeen van dié Roete-Operateurs is tans gelisensieer om 1 500 LPM'e regdeur die Provincie van die Wes-Kaap uit te rol. Hierdie LPM'e word onder meer uitgerol in kroeë, restaurante, boekmaker- en totalisator-kleinhandelwinkels (“die primêre besigheid”), waar die Roete-Operateur ’n vennootskap met eienaars van die voorgenoemde besigheid aangaan, en die inkomste word onderskeidelik 60/40% tussen die Roete-Operateur en die Perseeleienaar verdeel. Die LPM'e bied ’n addisionele vorm van vermaak aan die klante van die primêre besigheid. ’n Tipe A-LPM-perseel kan tussen twee (2) en vyf (5) LPM'e huisves. Ingevolge die Wet op Besighede, 1991 word vyf masjiene oor die algemeen toegelaat as die perseel ’n besigheidslisensie het.
- 1.4 Die Raad pas beperkende reklame en streng nakomingsmaatreëls toe vir toegang tot LPM'e en dit mag nie van buite die perseel sigbaar wees nie.
- 1.5 Die Roete-Operateur besit die LPM'e en dra die verantwoordelikheid om Perseeleienaars behulpsaam te wees, om die voorgeskrewe belasting aan die Raad oor te betaal, en om nakoming deur Perseeloperateurs te verseker. ’n Roete-Operateurlisensie word in Artikel 46 en ’n perseelliensie word in Artikel 47 van die WKWDW omskryf.
- 1.6 ’n Onafhanklike Perseeloperateur beteken ’n Perseeloperateur wat nie aan ’n Roete-Operateur gekoppel is nie en wat gelisensieer is om LPM'e op ’n enkele perseel te besit en te bedryf, en wat verantwoordelik is vir die instandhouding van die masjiene, die invordering van geld en die betaling van die provinsiale belasting en heffings wat aan die provinsiale lisensiëeringsowerhede verskuldig is.
- 1.7 Die Nasionale Regulasies oor LPM'e (hierna verwys na as “Nasjonale Regulasies”) gee ’n uiteensetting van verskeie regulerende voorskrifte wat die uitrol en lisensiëring van LPM'e in die land as geheel beheer. Ingevolge die Nasionale Regulasies word die geldbedrag wat op hierdie beperkte uitbetaalmasjiene gewed kan word, tot R5,00 beperk en die maksimum uitbetaling word tot R500,00 beperk.
- 1.8 Gegewe die groei van die dobbelbedryf, Operateurs se sakevoorstelle om hulle sakebedrywighede uit te brei, die breër ekonomiese geleenthede vir nuwe toetreders tot die mark en die uitgebreide voordele wat na die inwoners van die Provincie vloeи, het die Raad besluit om te skakel met diegene wat geraak of

beïnvloed word deur enige regulatoriese besluit om Tipe B-, C- en D-LPM'e in die Provincie te lisensieer en uit te rol.

- 1.9 'n Tipe B-perseellisensie sal die lisensiehouer magtig om 'n minimum van ses (6) en 'n maksimum van 20 LPM'e te huisves, terwyl 'n Tipe C-perseellisensie die lisensiehouer magtig om 'n minimum van een-en-twintig (21) en 'n maksimum van veertig (40) LPM'e in 'n goedgekeurde LPM-perseel vir speeldoelindes deur die publiek te huisves. 'n Tipe D-perseel het 'n Onafhanklike Perseel-Operateurlisensie, wat die lisensiehouer magtig om 'n minimum van een-en-twintig (21) en 'n maksimum van veertig (40) LPM'e vir speeldoelindes te huisves, welke lisensie nie aan 'n Roete-Operator gekoppel is nie.
- 1.10 Die perseellisensies wat in hierdie kennisgewing aangedui word, behels nie en magtig nie die bedryf van 'n casino nie.
- 1.11 Die Provincie van die Wes-Kaap is kragtens die Nasionale Regulasies gemagtig om 9 000 LPM'e uit te rol. Ingevolge Regulasie 13 van die Nasionale Dobbelregulasies, kan Provinciale Dobbelrade hulle toegewese LPM'e in drie (3) fases uitrol, met die eerste fase wat tot 50% van die provinsiale toekenning is.
- 1.12 Die daaropvolgende fases vereis dat die Provinciale Dobbelraad navorsing moet doen oor die sosio-ekonomiese impak van LPM'e voordat enige verdere uitrol bô die toekenning van 50% plaasvind.
- 1.13 Die Raad kan dus tot 4 500 LPM'e in die Provincie uitrol voordat daar voldoen moet word aan die vereistes wat in die wetgewing uiteengesit is.
- 1.14 Die Raad het tot hede drie studies oor die uitrol van LPM'e uitgevoer, en spesifiek die sosio-ekonomiese impak daarvan. Die uitvoering van die genoemde impakstudies oorskry ver die intervalle en vereistes wat deur die wet bepaal word.

2. Wetgewende raamwerk

2.1 **WES-KAAPSE WET OP DOBBELARY EN WEDRENNE, 4 VAN 1996**

Bevoegdhede en funksies van die Raad

12. Die bevoegdhede en funksies van die Raad is –

- (1) om 'n uitnodiging vir aansoeke om lisensies kragtens hierdie Wet te rig of, met die uitsondering van lisensies waarna in artikel 27(a), (b), (d) en (i) verwys word, sodanige aansoeke sonder sodanige uitnodiging te aanvaar;
- (2) om aansoeke om lisensies op sodanige wyse en op sodanige tyd en plek te oorweeg en af te handel soos wat dit van tyd tot tyd bepaal.

Aansoekers

31. Enige persoon wat kragtens hierdie Wet kwalifiseer, kan om 'n lisensie onder hierdie Wet aansoek doen; met dien verstande dat, in die geval van 'n lisensie bedoel in artikel 27(a), (b) (d) of (i), 'n persoon slegs op uitnodiging van die Raad om sodanige lisensie kan aansoek doen ...

Roete-operateurlisensie

46. (1) 'n Roete-operateurlisensie word slegs uitgereik aan 'n maatskappy wat ingevolge die Maatskappywet, 1973 geregistreer is.

(2) 'n Roete-operateurlisensie is 'n vereiste vir elke maatskappy wat die besigheid van die bedryf van beperkte uitbetaalmasjiene in of op een of meer persele, gelisensieer ingevolge artikel 47, toelaat of daarby betrokke is.

(2A) 'n Roete-operateurlisensie is gekoppel aan die operator in die lisensie gespesifiseer.

(3) 'n Roete-operateurlisensie magtig, onderworpe aan enige voorwaardes wat die Raad oplê, die gebruik van goedgekeurde beperkte uitbetaalmasjiene in of op persele of die dele van sodanige persele wat ingevolge artikel 47 gelisensieer is.

Terreinlisensie (i.e. Perseellisensie)

47. (1) 'n Terreinlisensie is 'n vereiste vir enige perseel in die provinsie waarin of waarop beperkte uitbetaalmasjiene aangebring word deur die houer van 'n roete-operateurlisensie.

(2) 'n Terreinlisensie magtig, onderworpe aan enige voorwaardes wat die Raad oplê, die aanhou en vertoon, vir speeldoelindes, van enige beperkte uitbetaalmasjiene in of op die gelisensieerde perseel of die deel van sodanige perseel in die lisensie gespesifieer, wat ingevolge artikel 46 bedryf word.

(3) 'n Terreinlisensie is gekoppel aan die perseel in die lisensie gespesifieer.

(4) Die Raad staan nie 'n aansoek om 'n terreinlisensie toe nie, tensy dit tevrede is dat—

(a) die persoon wat verantwoordelik sal wees vir die bedryf van die dobbelarybesigheid op die terrein, en
 (b) behoudens die voorbeholdsbepliging by artikel 30(2), alle persone wat 'n geldelike belang van vyf persent of meer hou in die persoon in paragraaf (a) beoog, voldoen aan die beplings van artikels 28 of 29, na gelang van die geval, en 30.

2.2 NASIONALE WET OP DOBBELARY, WET 7 VAN 2004

30 Jurisdiksie van provinsiale lisensiéringsowerhede

(1) Elke provinsiale lisensiéringsowerheid het eksklusiewe jurisdiksie in sy provinsie, tot die mate wat in provinsiale wetgewing bepaal word, om –

(a) aansoeke te ondersoek en oorweeg om, en die uitreiking te laat geskied van –

(i) provinsiale lisensies ten opsigte van casino's, wedrenne, dobbelary of weddenskappe, buiten vir 'n aktiwiteit of doeleinde waarvoor 'n nasionale lisensie kragtens hierdie Wet vereis word; en
 (ii) onderhewig aan Deel B van hierdie Hoofstuk, nasionale lisensies vir enige aktiwiteit of doeleinde waarvoor 'n nasionale lisensie kragtens hierdie Wet vereis word of opsioneel is;...

2.3 Artikel 4 van die Wet op die Bevordering van Administratiewe Geregtigheid, Wet 3 van 2000 ("PAJA") beskryf die prosedure wat staatsliggame moet volg waar administratiewe optrede die publiek se regte of regmatige verwagtinge wesenlik en nadelig beïnvloed.

2.4 Die Raad het besluit om die kennisgewing- en kommentaarprosedure te volg om aan alle belanghebbendes en belanghebbende partye die geleenthed te bied om kommentaar te lewer oor die lewensvatbaarheid en wenslikheid van lisensiëring van Tipe B-; C- en D- beperkte uitbetaalmasjiene persele en uitnodiging van aansoeke om die toekenning van 'n derde Roete- Operateurlisensie.

2.5 Die Raad sal dan die kommentaar oorweeg wat dit ontvang en 'n finale besluit oor die aangeleentheid neem, na aanleiding van enige verdere openbare besprekings wat nodig mag wees. Alle kommentaar en voorleggings wat uit hierdie openbaredeelnameproses voortspruit, sal tydens die Raad se beraadslaging oorweeg word.

3. Orwegings

3.1 Die Raad nooi openbare kommentaar uit op die lewensvatbaarheid en wenslikheid om drie nuwe kategorieë LPM-perseellisensies uit te rol, naamlik Tipe B-, Tipe C- en Tipe D-lisensies en die toekenning van 'n derde Roete-Operateurlisensie, in the Provincie van die Wes-Kaap.

3.2 Die eienskappe van hierdie perseellisensies word hieronder uiteengesit:

Tipe A-perseel	'n Perseel wat gelisensieer is om 'n minimum van 2 en 'n maksimum van 5 LPM'e vir speeldoelindes te vertoon (alle persele is aan Roete-Operator gekoppel). Dié persele is tans werkzaam in die Provincie en
----------------	---

	geen kommentaar word ten opsigte daarvan vereis nie.
Tipe B-perseel	'n Perseel wat gelisensieer is om 'n minimum van 6 en 'n maksimum van 20 LPM'e vir speeldoelindes te vertoon (aan Roete-Operateur gekoppel).
Tipe C-perseel	'n Perseel wat gelisensieer is om 'n minimum van 21 en 'n maksimum van 40 LPM'e vir speeldoelindes te vertoon (aan Roete-Operateur gekoppel).
Tipe D-perseel	Onafhanklike Perseel-Operateurlisensie waar 'n perseel gelisensieer is om 'n minimum van 21 en 'n maksimum van 40 LPM'e vir speeldoelindes te vertoon (nie aan Roete-Operateur gekoppel nie).
Roete-Operateur	Roete-Operateur beteken 'n maatskappy geregistreer kragtens die Maatskappywet, 1973 (Wet No. 61 van 1973) wat – (a) gelisensieer is om beperkte uitbetaalmasjiene te besit en te bedryf; (b) verantwoordelik is om beperkte uitbetaalmasjiene in stand te hou; en (c) verantwoordelik is om geld in te vorder en die provinsiale belasting en heffings ten opsigte van enige beperkte uitbetaalmasjien onder die lisensie te betaal.

3.3 Die ekonomiese en maatskaplike voordele vir die Provincie met die uitrol van die kategorieë lisensies wat in hierdie kennisgewing gespesifieer is, sluit in:

- (i) Die betaling van vermeerdere operateursgelde aan die provinsiale fiskus;
- (ii) Belasting op die dobbelinomste wat gegeneereer word en aan die provinsiale fiskus betaalbaar is;
- (iii) Addisionele bydraes tot korporatiewe maatskaplike beleggingsinisiatiwe om gemeenskappe waar hulle werkzaam is, en die Provincie as geheel, op te hef;
- (iv) Om informele kleinsake by die formele ekonomie in te sluit deur vennootskappe met klein en medium ondernemings aan te gaan om LPM-perseellisensies te bekom; en
- (v) Fasilitering van verdere vereistes vir transformasie in die bedryf deur die bevordering van breëbasis swart ekonomiese bemagtiging ("B-BSEB").

4. Openbare deelname voor die toekenning van Perseel en Roete-Operateurlisensies

- 4.1 Indien daar besluit word om Tipe B-, C- en D-lisensies uit te rol, sal die betrokke aansoeke vir kommentaar geadverteer word met betrekking tot die gesiktheid van die persele en persone wat 'n finansiële belang van 5% of meer hou kragtens die bepalings in die WKWDW, die Reëls en Regulasies. Dit sal plaasvind deur die gebruiklike advertensies en versoek om kommentaar op alle aansoeke vir dobbellisensies, buiten die twee uitsonderings wat in Artikel 32(2)(a) van die WKWDW uiteengesit is.
- 4.2 Persone in die verskillende gemeenskappe sal dus steeds die geleentheid hê om kommentaar te lewer op dobbelpersele wat geleë sal wees in die nabijheid van plekke wat vir hulle van belang is.
- 4.3 Hierdie kennisgewing is nie 'n aanduiding dat die Raad hierdie kategorieë lisensies sal uitrol nie, maar is eerder 'n uitnodiging vir kommentaar ten opsigte van die lewensvatbaarheid en wenslikheid van hierdie kategorieë lisensies wat deur die Raad gelisensieer word.
- 4.4 Die Raad behou die reg voor om nie enige van die kategorieë lisensies wat in hierdie kennisgewing vervat is, toe te ken nie. Die Raad se finale besluit sal ná die voltooiing van die openbaredeelnameprosesse geneem word.

BOARD NOTICE 140 OF 2021**NOTICE OF APPLICATION FOR THE DEFINING OF A PRODUCTION AREA
KWEEKVALLEI (WARD)**

(In terms of Section 6 of the Wine of Origin Scheme published by Government Notice No. R.1434 of 29 June 1990)

Please take note that Dream World Investment 401 (Pty) Ltd applied to the Wine and Spirit Board to define Kweekvallei (Ward) as a production area to produce Wine of Origin.

The proposed Kweekvallei Ward falls within a 10 km radius around the town of Prince Albert. The geology is predominantly sedimentary deposits to the northern side, derived from Ekka and Dwyka shale, with Witteberg sandstone ridges and mountains on the southern side.

The proposed boundaries can be viewed at www.sawis.co.za – "Certification – News and Information" or contact Jackie Cupido at 021-807 5704.

Anyone having any objection against this application is hereby notified to lodge their objections, with motivations, in writing with Olivia Poonah (olivia@wsb.org.za), The Secretary, Wine and Spirit Board, P O Box 2176, Dennesig, Stellenbosch, 7599 within 30 (thirty) days of publication of this notice.

RAADSKENNNISGEWING 140 VAN 2021

KENNISGEWING VAN AANSOEK VIR DIE OMSKRYWING VAN PRODUKSIEGEBIED

KWEEKVALLEI (WYK)

(Ingevolge Artikel 6 van die Wyn van Oorsprong-skema gepubliseer by Goewermentskennisgewing No. R.1434 van 29 Junie 1990)

Neem kennis dat Dream World Investments 401 (Pty) Ltd by die Wyn- en Spiritusraad aansoek gedoen het vir die afbakening van die produksiegebied Kweekvallei (Wyk) om Wyn van Oorsprong te produseer.

Die voorgestelde Kweekvallei-wyk val binne 'n 10 km radius rondom Prins Albert-dorp. Die geologie is oorwegend sedimentêre afsettings na die noordekant, afkomstig van Ekka- en Dwyka-skalie, met Witteberg-sandsteenrante en -berge aan die suidekant.

Die voorgestelde grense is ter insae by www.sawis.co.za "Sertifisering – Nuus en inligting" of kontak Jackie Cupido by 021 807 5704.

Enigeen wie beswaar het teen die aansoek, moet sy/haar beswaar, met opgaaf van redes, skriftelik indien by Olivia Poonah (olivia@wsb.org.za), Die Sekretaris, Wyn- en Spiritusraad, Posbus 2176, Dennesig, Stellenbosch, 7599, binne 30 dae van publikasie van hierdie kennisgewing.

BOARD NOTICE 141 OF 2021
NOTICE OF APPLICATION FOR THE DEFINING OF A PRODUCTION AREA
PRINCE ALBERT (DISTRICT)

(In terms of Section 6 of the Wine of Origin Scheme published by Government Notice No. R.1434 of 29 June 1990)

Please take note that Dream World Investment 401 (Pty) Ltd applied to the Wine and Spirit Board to define Prince Albert (District) as a production area to produce Wine of Origin.

The proposed district falls within a 88 km radius around the town of Prince Albert. Within the newly proposed district, there are three wards namely the existing Prince Albert Valley, Swartberg, and the newly proposed Kweekvallei.

The proposed boundaries can be viewed at www.sawis.co.za – "Certification – News and Information" or contact Jackie Cupido at 021-807 5704.

Anyone having any objection against this application is hereby notified to lodge their objections, with motivations, in writing with Olivia Poonah (olivia@wsb.org.za), The Secretary, Wine and Spirit Board, P O Box 2176, Dennesig, Stellenbosch, 7599 within 30 (thirty) days of publication of this notice.

RAADSKENNNISGEWING 141 VAN 2021**KENNISGEWING VAN AANSOEK VIR DIE OMSKRYWING VAN PRODUKSIEGEBIED****PRINS ALBERT (DISTRIK)**

(Ingevolge Artikel 6 van die Wyn van Oorsprong-skema gepubliseer by Goewermentskennisgewing No. R.1434 van 29 Junie 1990)

Neem kennis dat Dream World Investments 401 (Pty) Ltd by die Wyn- en Spiritusraad aansoek gedoen het vir die afbakening van die produksiegebied Prins Albert (Distrik) om Wyn van Oorsprong te produseer.

Die voorgestelde distrik val binne 'n 88 km-radius rondom Prins Albert-dorp. Binne die nuut-voorgestelde distrik is daar drie wyke naamlik die bestaande Prins Albert-Vallei, Swartberg en die nuwe voorgestelde Kweekvallei.

Die voorgestelde grense is ter insae by www.sawis.co.za "Sertifisering – Nuus en inligting" of kontak Jackie Cupido by 021 807 5704.

Enigeen wie beswaar het teen die aansoek, moet sy/haar beswaar, met opgaaf van redes, skriftelik indien by Olivia Poonah (olivia@wsb.org.za), Die Sekretaris, Wyn- en Spiritusraad, Posbus 2176, Dennesig, Stellenbosch, 7599, binne 30 dae van publikasie van hierdie kennisgewing.

BOARD NOTICE 142 OF 2021**FINANCIAL SECTOR CONDUCT AUTHORITY****FINANCIAL MARKETS ACT, 2012****APPROVED AMENDMENTS TO THE LISTING REQUIREMENTS OF
A2X - DEFINITION OF HOST EXCHANGE**

The Financial Sector Authority ("FSCA") hereby gives notice under section 11(6)(d)(ii) of the Financial Markets Act, 2012 (Act No. 19 of 2012) that the amendments to the A2X (Pty) Limited Listings Requirements have been approved. Please be advised that the requirements have been published on the official website of the FSCA (www.fsca.co.za) and the website of A2X (www.a2x.co.za).

The amendments come into operation on date of publication.

Ms Astrid Ludin
Deputy Commissioner
Financial Sector Conduct Authority
