MEMORANDUM ON THE OBJECTS OF THE ELECTRONIC DEEDS REGISTRATION SYSTEMS AMENDMENT BILL, 2024

1. BACKGROUND

1.1 The Department of Agriculture, Land Reform and Rural Development ("the Department") drafted the Electronic Deeds Registration Systems Amendment Bill, 2024 ("the Bill"), which proposes certain amendments to the Electronic Deeds Registration Systems Act, 2019 (Act 19 of 2019) ('EDRS Act'), to improve the application and implementation of the Act. The EDRS Act generally provides for the development of an electronic deeds registration system.

1.2 Procedures relating to the registration of land and rights in land are currently performed *manually* in terms of the provisions of the Deeds Registries Act, 1937 (Act 47 of 1937), and the Sectional Titles Act, 1986 (Act 95 of 1986). *Electronic* deeds registration will be facilitated by the EDRS Act and it is therefore necessary to amend

the Deeds Registries Act and Sectional Titles Act to provide for processes relating to the preparation, lodgement, registration, and execution of deeds and documents to be conducted either manually or electronically, as provided for in section 6(4) (transitional provisions) of the EDRS Act.

2. OBJECTS OF BILL

The Bill seeks to amend the EDRS Act in order to-

- (a) provide for a client's copy of a registered or executed deed and document to remain a valid copy for purposes of preparation, lodgement, registration, execution and filing of deeds and documents <u>manually</u>, as contemplated in section 6(4) of the Act, until such time a transaction in respect of such property is registered <u>electronically</u>, or until such time the registration, execution and filing procedures in terms of the Deeds Registries Act and the Sectional Titles Act are <u>discontinued</u>, as contemplated by section 6(1) (transitional provisions) of the EDRS Act;
- (b) provide that if a transaction pertaining to a property was registered electronically, all future transactions pertaining to such property must also be registered electronically; and to
- (c) provide for the amendment of the Deeds Registries Act and the Sectional Titles Act to the extent set out in the Schedule, with a view to align relevant provisions with that of the EDRS Act.

3. CLAUSE- BY- CLAUSE ANALYSIS

3.1 Clause 1

3.1.1 Clause 1 of the Bill seeks to amend section 3 of the EDRS Act which deals with the 'Validity of deeds and documents'. Section 3 provides that all deeds and documents generated, registered and executed electronically, and all other already registered or executed deeds or documents scanned or otherwise incorporated into the electronic deeds registration system ('e-DRS'), shall be deemed to be the only original and valid record of such deed or document. The current wording of section 3 has the effect that all registered deeds scanned or otherwise incorporated into the e-

DRS, regardless of same being prepared and registered manually and of which the owner is in possession of, is regarded invalid due to the e-DRS copy being regarded as the only valid record of such copy. Such a situation will compromise the effective continuation of the preparation, lodgement, registration, execution and filing of deeds and documents manually, as prescribed by the Deeds Registries Act and the Sectional Titles Act during the transition period as contemplated by section 6(4) of the EDRS Act.

3.1.2 The insertion of section 3(2), to provide for the client's copy of a registered or executed deed or document to remain a valid copy for purposes of preparation, lodgement, registration, execution and filing of deeds and documents *manually* as contemplated in section 6(4), will clarify the position and will ensure the effective continuation of the manual system in instances where such system may be used.

3.2 Clause 2

Clause 2 of the Bill seeks to amend section 6 of the EDRS Act which deals with '*Transitional provisions*'. Section 6(4) provides during the transitional period for a dual system, in so far as it concerns the preparation, lodgement, registration, execution and filing of deeds and documents manually or electronically, for a period as may be determined by the Chief Registrar of Deeds. The client may choose to either use the manual procedure or the electronic procedure. However, it will be practically impossible to use the manual procedure once a transaction relating to a property was done electronically. To provide clarity and to regulate the matter, it is necessary to insert a proviso to section 6(4) which provides that once a transaction in respect of a property has been registered electronically, no further registration pertaining to such property may be registered manually.

3.3 Clause 3

Clause 3 provides for the amendment of legislation, to the extent set out in the *Schedule* to the Bill. The EDRS Act provides for electronic preparation, lodgement, registration, execution and storing of deeds and documents. However, procedures relating to such are performed manually in terms of the provisions of the Deeds Registries Act and Sectional Titles Act. The electronic preparation, lodgement, registration and execution of deeds and documents will be facilitated by EDRS Act and it is therefore necessary to amend the Deeds Registries Act and Sectional Titles

Act to limit the processes therein relating to the preparation, lodgment, registration, and execution of deeds and documents to be conducted manually.

3.4 Clause 4

Clause 4 of the Bill provides for the short title and commencement of the Act.

4. FINANCIAL IMPLICATIONS FOR STATE

None.

5. DEPARTMENTS/BODIES CONSULTED

Registrars of Deeds, senior managers in the Department of Agriculture, Land Reform and Rural Development were consulted and support the amendments to the Act.

6. COMMUNICATION IMPLICATIONS

To be undertaken by the Department.

7. PARLIAMENTARY PROCEDURE

7.1 The Constitution prescribes procedure for the classification of Bills, therefore a Bill must be correctly classified so that it does not become inconsistent with the Constitution.

7.2 State Law Advisors have considered the Bill against the provisions of the Constitution relating to the tagging of Bills and against the functional areas listed in Schedule 4 (functional areas of concurrent national and provincial legislative competence) and Schedule 5 (functional areas of exclusive provincial legislative competence) to the Constitution.

7.3 The established test for classification of a Bill is that any Bill whose provisions in substantial measure fall within a functional area listed in Schedule 4 to the Constitution must be classified in terms of that Schedule i.e. *Tongoane and Others v Minister for Agriculture and Land Affairs and Others Case CCT 100/09 [2010] ZACC 10.* The process is concerned with the question of how the Bill should be considered by the provinces and in the National Council of Provinces. Furthermore, how a Bill must be considered by the provincial legislatures depends on whether it affects the provinces. The more the Bill affects the interests, concerns and capacities of the provinces, the more say the provinces should have on the contents of the Bill.

7.4 Therefore issue to be determined is whether the proposed amendments to the Act, as contained in the Bill, in substantial measure, fall within a functional area listed in Schedule 4 to the Constitution.

7.5 The proposed amendments reflected have been carefully examined to establish whether, in substantial measure, they fall within any of the functional areas listed in Schedule 4 to the Constitution.

7.6 It is the view of the State Law Advisers that the subject matter of the proposed amendments does not fall within any of the functional areas listed in Schedule 4 to the Constitution and it does not affect provinces whereby the procedure set out in section 76 of the Constitution would be applicable.

7.7 The State Law Advisers are therefore of the opinion that since this Bill does not deal with any of the matters listed in Schedule 4 to the Constitution, it must be dealt with in accordance with the procedure set out in section 75 of the Constitution.

7.8 With regard to the referral of the Bill to the House of Traditional Leaders by Parliament, section 39 of the Traditional and Khoi-san Leadership Act, 2019 (Act No. 3 of 2019) which commenced on 1 April 2021 provides as follows:

"(1) (a) Any Parliamentary Bill-

(i)which directly affects traditional or Khoi-San communities or pertaining to customary law or customs of traditional or Khoi-San communities; or

(ii) pertaining to any matter referred to in section 154 (2) of the Constitution, must, in the case of a Bill contemplated in subparagraph (i) and may, in the case of a Bill contemplated in subparagraph (ii), before it is passed by the house of Parliament where it was introduced, be referred by the Secretary to Parliament to the National House for its comments.

(b) The National House must, within 60 days from the date of such referral, make any comments it wishes to make and submit such comments to the Secretary to Parliament: Provided that the National House may refer any such Bill to any provincial house for comments: Provided further that if the National House has no comments on any Bill referred to it, the National House must inform the Secretary to Parliament accordingly.

(2) A provincial legislature or a municipal council may adopt the same procedure referred to in subsection (1) in respect of the referral of a provincial Bill or a draft by-law to a provincial house or a local house, as the case may be."

7.9. Section 39(1) require Bills pertaining to customary law or customs of traditional communities to be referred to the National House. Section 154(2) of the Constitution provides that draft national or provincial legislation that affects the status, institutions, powers or functions of local government must be published for public comment before it is introduced in Parliament or a provincial legislature, in a manner that allows organised local government, municipalities and other interested persons and opportunity to make representations with regard to the draft legislation. Furthermore, the National House will have 60 days to provide the Secretary to Parliament with its comments on Bills referred to it.

7.10. This Bill is considered to be national legislation and does not specifically provide any provisions that impact or effect traditional or Khoi-San communities or matters pertaining to customary law or customs of traditional or Khoi-San communities. In light of this, it is the view of the State Law Advisors that the Bill does not have to be referred to the House of Traditional Leaders.
