STATE LOTTERIES ACT [CHAPTER 317]

One Hundred and Seventy-three State Lottery

NOTICE is hereby given, for general information, that the one hundred and seventy-three State Lottery will be drawn in public under the direction of the Minister of Finance, Economic Planning and Development, on the 20th December, 1985, at 12.30 p.m., in the State Lottery Hall, Harare. The first prize will be \$100 000.

Conditions for draw

- Tickets with counterfoils will be sold at \$5 each. Based on the face value of all tickets sold up to 25 per cent. of the total subscriptions may be reserved for social service, public welfare or relief of distress.
- The prize-fund will be distributed as follows—
 - First—as above; Second—\$20 000; Third—\$10 000.
 - The remainder will be distributed in smaller ordinary prizes and consolation prizes.
 - There will be no free tickets, no introducers' prizes, no introducers' jackpot prizes and no double and treble prizes.
 - If, in the opinion of the Minister of Finance, Economic Planning and Development, the prize-fund is insufficient for the purpose, the amounts of the first three prizes listed above will be reduced as directed by the Minister.
- The draw
 - The number of all tickets sold will participate in the draw for all prizes.
 - If the Director is satisfied that a fault has occurred in the drawing of a prize-number a "no draw" shall be announced and the prize shall be drawn again. A ball jamming when coming out of a drum will not in itself be considered as a fault. Examples of faults are—
 - one or more balls appearing before control-button is pressed;
 - control-button pressed before all balls are in the drums.
 - Subject to the provisions of the State Lotteries Act [Chapter 317], when a prize-number has been passed and recorded, no subsequent claim that a "no draw" should have been announced will be considered.
 - Only one prize can be won by one ticket number (see section 2 above). If a ticket is drawn, the prize is payable to the party whose name appears on the counterfoil. No trading in tickets will be recognized by the State Lotteries. If the number drawn represents an unsold ticket, a "no draw" will be announced and

the prize will be drawn again. If the number drawn for a bigger prize represents a number of a ticket which has already won a smaller prize, the bigger prize will be payable.

- Only the lucky names and towns of the purchasers of winning tickets will be announced. Names are not announced or published.
- Payment of prizes
 - All cash prizes are free from taxation by the Government and are payable, in full, by cheque.
 - Tickets are official receipts in themselves and prizes will be paid out on production of the winning tickets. The Minister may authorize payment of a prize won by a lottery ticket without production of the ticket.

ZIMBABWE BANKING CORPORATION LIMITED

(registered commercial bank)

Interim Report and Dividend Announcement for the six months ended the 31st March, 1985

INTERIM REPORT

The overall financial environment in the first six months of the current financial year was considerably more favourable than had been anticipated at the commencement of the final quarter of 1984. The 1983/84 drought—the third in succession—while adversely affecting the agricultural sector, did not prove to have had nearly as severe a restraint over output as expected and deliveries of major crops to the marketing authorities were significantly greater than in the 1983/84 intake year. Maize sales, nearly half of them by communal farmers, totalled 936 000 tonnes in 1984/85, over 50% higher than in the previous intake year, considerably reducing the need for imports. Seed cotton deliveries, at 250 000 tonnes, were also nearly 50% higher than in 1983/84 and with an over 20% increase, to a record 120 000 tonnes, in the volume of tobacco marketed, earnings from agricultural exports were higher.

The Bank's results for the first half of the financial year reflect these better than expected national economic developments. Group unaudited net operating income after provision for taxation and after transfers to internal reserves amounted to \$3 196 000, which represents an increase of 38% over the same period last year and 24% over the record profits of March 1983. Earnings per share rose by 37% to 24,42 cents. Creditable as the Bank's performance has undoubtedly been, however, it needs to be set in the context of continuing high rates of inflation. The annual rate of increase in the average of the upper and lower income urban family consumer price indices was in excess of 16%.

These excellent results are attributable partly to the substantially increased demand for trade finance, particularly in the light of the record tobacco crop which will give rise to potential exports of approximately \$350 million. The much better results also reflect the fact that the cost of institutional borrowing declined due to increased liquidity and lower money market interest rates.

While it would probably be unwise to count upon the perpetuation of such favourable conditions for the second six months, there are nevertheless good grounds for anticipating that by the end of the current financial year the Bank will have continued to show highly commendable results.

DIVIDEND ANNOUNCEMENT

In view of the increased earnings, the directors are pleased to announce the declaration of an interim dividend in respect of the six months ended 31st March 1985 of 11 cents (1984—8,5 cents) per share payable to shareholders registered in the books of the company at the close of business on Wednesday, 8th May 1985.

The transfer books and the register of members will be closed between 9th May 1985 and 12th May 1985, both dates inclusive. Dividend cheques will be posted to shareholders on or about 20th May 1985. Shareholders' tax will be deducted at the rate of 20% where applicable.

GOVERNMENT GAZETTE

Conditions for Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- the Manual of Style for the Drafting and Preparation of Copy, published by the Department of Printing and Stationery;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangement, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and half spacing between the lines.

(2) Any corrections or alterations made by the originator must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance, 7, 7a, 7b, 8, et cetera.

4. Photographic copy or copy produced on a duplicating-machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

(a) exceed 10 pages of double-spaced typing on size A4 paper; or

(b) contain tabular or other matter which involves complicated setting;

it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if—

(a) the work involved is of a straightforward and non-tabular nature; and

(b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

(a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;

(b) may, due to the shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted *exactly* as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations—Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

(a) the name and address of the advertiser; and

(b) the debtor's code-number, if any; and

(c) the required date or dates of publication.

10. (1) If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

(a) that such error is reported to the editor within three months from the date of publication; and

(b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and

(c) that the correction of such error is legally necessary;

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting, and pay for such notice to be published.

(3) For the removal of doubt—

(a) a typographical error is made by a typographer;

(b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

Authorized Scale of Charges, Times of Closing and Subscription Rate

Charges

Notices published in the normal columns: \$2 per centimetre or part thereof single column. Taking the depth of such matter, normally spaced, approximately 25 words occupy one centimetre; but this can only be a rough guide, as a heading may occupy two centimetres, and certain notices unavoidably contain white space, which must be included in the chargeable depth.

Notices which have to appear in tabular form across the full width of the page, such as lost insurance policies, deceased estates, insolvent estates, company liquidations, notices in terms of the Insolvency Act [Chapter 303], changes of companies' names, et cetera: \$5 per entry.

Except in the case of approved accounts, remittances must accompany all copy for advertisements. Failing this, copy will be returned with an assessment of charges.

Times of closing

The *Gazette* closes for the receipt of copy for all notices to be published in the normal columns, and for statutory instruments, at 11 a.m. on the Monday preceding the Friday of publication.

Copy for all notices to be set in tabular form must be received by 11 a.m. on the Friday preceding the Friday of publication.

Any copy which is received after the respective closing-times will automatically be held over for insertion in the *Gazette* of the following week, in which case no responsibility can be accepted if the purport of the notice is thereby nullified.

When public holidays occur, the normal closing-times are varied, and such variations are notified in the *Gazette* in advance.

All copy must be addressed to the Department of Printing and Stationery, and either posted to P.O. Box 8062, Causeway, or delivered direct to the department, in Gordon Avenue (between Sixth Street and Epton Street), Harare. Envelopes should be marked: *Gazette copy—urgent*.

Regular advertisers and subscribers are requested to advise immediately of any change of address.

Subscription rate

The annual subscription rate for the *Gazette* is Z\$14, payable, in advance, to the Controller of Printing and Stationery, and may commence with the first issue of any month.

GOVERNMENT GAZETTE

Submission of Copy for Government Gazette Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where *urgent* copy for subsidiary legislation, which requires the signature of the President or a minister to give

it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of the Department of Printing and Stationery to give certain notices special treatment, I am, however, of the view that a *Gazette Extraordinary* has tended to be a must rather than a matter of priority in respect of unwarranted delays of *urgent* copy.

While every effort will continue to be made to publish *Extras* on the required dates, copy *must* be submitted timeously so that it can be programmed into the printing work-flow as soon as it is available.

L. C. TAKAWIRA,
(Editor).
