NAMPOST TARIFF ADJUSTMENTS FOR 2008/9

Namibia Post Limited wishes to inform you that its annual tariff adjustments will become effective on 01 October 2008, in line with the commencement of its new financial year.

During the previous years, NamPost committed itself to future increases that are broadly in line with inflationary expectations (CPI) and the cost of doing business, generally, especially on business lines with international component. The latter specifically relates to mail to and from international destinations.

Despite the unprecedented increase in crude oil prices, food prices, and interest rates, NamPost only used inflationary increase as the basis for its tariff adjustments. It is important to note that all charges for NamPost Savings Bank remained unchanged, thus there is 0% increase for 2008/9 financial year.

The following are the main proposed price changes in the products and services offered by NamPost for the 2008/9 financial year:
