REZONING OF ERF 740, OLOF PALME STREET, EROSPARK

Du Toit Town Planning Consultants, are applying on behalf of the owners of Erf 740, 160B Olof Palme Street, Erosark, in terms of the stipulations of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the Windhoek City Council and the Urban and Regional Planning Board for:

- **Rezoning of Erf 740, No. 160B Olof Palme Street, Erosark from 'residential' with a density of 1 dwelling per 900m² to 'general residential' with a density of 1 dwelling per 700m²; and**
- **Consent to use the erf in accordance with the new zoning and density while the rezoning is formally being completed as the increase in density is only one category higher which is in line with Council's Policy.**

Erf 740, measures 1627m² and is zoned "residential" with a density of 1 dwelling per 900m². It is located along the eastern side of Olof Palme Street, on the eastern boundary of Erosark suburb. The erf is used for residential purposes. Erf 740, Erosark was created from the consolidation of Erven 690 and Erf 739, Erosark. The main residence is located on the eastern half of the erf meaning that a large portion of the western half of the erf, on which the old substation is located, is vacant and underutilized. This area is large enough for further development of an additional dwelling unit. The owner of the erf intends to utilize the vacant portion for the construction of an additional residential dwelling. To be able to construct two dwellings on Erf 740, Erosark, it must be rezoned from 'residential' with a density of 1 dwelling per 900m² to 'general residential' with a density of 1:700m². The density of 1:700m² is one density category higher than the current zoning which is in line with Council's rezoning policy. Sufficient parking will be provided on site in line with the requirements of City of Windhoek.

The locality plan of the site lies for inspection on the Town Planning Notice Board in the Customer Care Centre, Municipal Offices, Rev. Michael Scott Street, Windhoek and at the offices of Du Toit Town Planning, 4 Dr. Kwame Nkrumah Avenue, Klein Windhoek.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (**final date for objections is 15 November 2022**).

REZONING OF THE REMAINDER OF ERF 103
(NO. 14 DR. KENNETH DAVID KAUNDA STREET), KLEIN WINDHOEK

Du Toit Town Planning Consultants, are applying on behalf of the owner of the Remainder of Erf 103, No. 14 Dr Kenneth David Kaunda Street, Klein Windhoek, in terms of the stipulations of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the Windhoek City Council and the Urban and Regional Planning Board for:

- **Rezoning of the Remainder of Erf 103 (No. 14 Dr. Kenneth David Kaunda Street) Klein Windhoek from General Residential with a density of 1:500m² to Office with a bulk of 0.4;**
- **Consent in terms of Table B of the Windhoek Town Planning Scheme to use the erf for a “business building” for medical consulting rooms, a pharmacy and coffee shop;**
- **Consent in terms of Section 23(1) of the Windhoek Town Planning Scheme and Council’s Policy to allow for an additional floor area, which shall be for residential use; and**
- **Consent to use the erf in accordance with the new proposed zoning while the rezoning is formally being completed since the erf is located in an approved policy area.**

Erf Re/103, Klein Windhoek is located on the corner of Chapman and Dr. Kenneth David Kaunda Street within the new approved Klein Windhoek policy area. The Erf is zoned ‘general residential with a density of 1:500m² and is 2,539m² in extent. There are currently a main house and a flat on the property and there was previously consent for a Bed and Breakfast establishment on the erf for 6 leasable rooms. It is a corner erf and access are currently from Dr. Kenneth David Kaunda Street. There is a slight downward slope towards Nelson Mandela. The owner will demolish the current buildings on the property to make way for the new proposed office building, which will consist of a small medical consulting centre (for two doctors, 1 optician and a dentist), a pharmacy and small coffee shop on the property, with a residential component as part of the free residential bulk. Considering the size of the erf, an office building of 1015m² and a residential component of 507m² may be developed provided sufficient parking can be supplied. The intention is to have a basement parking area where about 40 parking bays can be provided. A small number will be provided on the sidewalk. All parking will be as per the City of Windhoek requirements.

The locality plan of the site lies for inspection on the Town Planning Notice Board in the Customer Care Centre, Municipal Offices, Rev. Michael Scott Street, Windhoek and at the offices of Du Toit Town Planning, 4 Dr. Kwame Nkrumah Avenue, Klein Windhoek.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (**final date for objections is 15 November 2022**).

REZONING AND CONSENT OF ERF 8275,
NO. 29 ANTON LUBOWSKI STREET, WINDHOEK

Du Toit Town Planning Consultants, are applying on behalf of the owner of Erf 8275, Anton Lubowski Street, Windhoek, in terms of the stipulations of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the Windhoek City Council and the Urban and Regional Planning Board for:

- **Rezoning of Erf 8275, No. 29 Anton Lubowski Street, Windhoek from ‘residential’ with a density of 1 dwelling per Erf to ‘general residential’ with a density of 1 dwelling per 500m²; and**
- **Consent for a three storey building on a residential zoned erf.**

Erf 8275, situated at No. 29, Anton Lubowski Street, in ‘Luxury Hill’ neighbourhood measures 2687m² and is zoned “residential” with a density of 1 dwelling per Erf which means that only one residential dwelling is allowed on the erf. The current dwelling is old and in dire need for upgrading and or replacement. The erf, due to its size of 2687m², is underutilized with large areas of vacant space.

The land is situated above street level with an upward slope to the back. The property takes access from Anton Lubowski Street.

It is thus the intention of the owner to demolish the existing dwelling and to replace it with 5 modern dwelling units contained in one structure of 3 storeys. As the erf is sloping towards the street it is the intention to excavate the erf to provide for a basement with parking garages and storerooms as well as 3 additional floors for residential units above the basement level. The first and second floor will accommodate 2 residential units each with one residential unit on the third floor. The units will be luxury apartments ideal for people that prefer lock-up-and-go living units or have continental lifestyles and are only in residence in Namibia for some months.

To achieve this, Erf 8275 needs to be rezoned to ‘general residential’ with a density of 1 dwelling per 500m² and consent requested for a three storey building on a residential zoned erf. It is not expected that the rezoning of the Erf as proposed will impact negatively on the residential character of this neighbourhood as the proposed development will be of an upmarket nature, similar in standard to the surrounding dwellings and designed to fit in with residential character and natural

ambiance of the area. The steep topography allows for the intended design and low impact the new residential units will have on the neighbourhood.

The locality plan of the site lies for inspection on the Town Planning Notice Board in the Customer Care Centre, Municipal Offices, Rev. Michael Scott Street, Windhoek and at the offices of Du Toit Town Planning, 4 Dr. Kwame Nkrumah Avenue, Klein Windhoek.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (**final date for objections is 15 November 2022**).

REZONING OF ERF 1186, OSHAKATI EXTENSION 3

Notice is hereby given in terms of Section 10(1) of the Regulations relating to the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), that Hilaria Kevanhu under the supervision of Geraldine van Rooi in line with Section 16(4), with Namibia Town and Regional Planners Act, 1996 (Act No. 9 of 1996), intends to apply on behalf of the registered owner of Erf 1186, Oshakati Extension 3 for the:

- **Rezoning of Erf 1186, Oshakati Extension 3 from “Single Residential” with a density of 1/900 to “Accommodation”; and**
- **Consent to operate holiday accommodation establishment and to commence with the proposed development whilst rezoning is ongoing.**

The rezoning of Erf 1186, Oshakati Extension 3 as well as the consent use sought would increase the development potential of the erf by ensuring the erf is more efficiently utilized and that mono-functionality of the surrounding neighbourhood is countered.

A similar notice of the intent to rezone, have been posted on site, the newspapers as well as on the Notice Board of the Oshakati Town Council. The consultation with neighbouring erf owners duly has been put in motion too.

Any person objecting to the proposed rezoning as set out above may lodge such objection together with the grounds thereof with the Chief Executive Officer, Oshakati Town Council, Private Bag 5530, Oshakati and/or the applicant in writing within 14 working days of the publication of this notice. The last date for comments/ objections is thus **25 November 2022**.
