## SHIPPING AND NAVIGATION ACT (CAP. 190)

## Navigation of Inland Waters Regulations, 1963

*Commencement : 7th February, 1963*

In exercise of the powers conferred by section 46 of the Shipping and Navigation Act, the Governor-General, acting in accordance with the advice of the Council of Ministers, hereby makes the following regulations—

1. These regulations may be cited as the Navigation of Inland Waters Regulations, 1963, and shall apply throughout the Federation to all inland waters in respect of which the Federal Legislature has power to make laws in connection with shipping and navigation.

Short title  
and extent.

2. For regulation 20 of the Navigation of Inland Waters Regulations, 1959, (as amended by the Navigation of Inland Waters Regulations, 1962) there shall be substituted the following—

Amendment  
of regulation  
20.

“Require-  
ments for  
floating logs  
and casks of  
oil.

20. Logs of timber or casks of oil (hereinafter in this regulation referred to in either case as “a raft”) shall be floated on any inland waters to which these regulations apply in accordance with the following provisions, that is to say—

(1) in the creeks and rivers between Atijere in the West and Gwato Creek in the East—

(a) a raft not towed by mechanical power shall not consist of more than ninety-six logs or one hundred and sixty casks as the case may be or exceed eighteen feet in width ; and

(b) a raft towed by mechanical power shall not exceed twenty-seven feet in width and in a raft consisting of logs, the number of logs shall be related to the power of the towing tug or vessel in the proportion of seventeen logs or thirty-four half logs (a half log being defined as a log not exceeding sixteen feet in length) for every ten brake horsepower of the tug or vessel but no such raft shall contain more than one hundred and ninety-two logs or three hundred and eighty-four half logs or a combination of the two exceeding one hundred and ninety-two logs or three hundred and eighty-four half logs.

(2) in any other inland waters—

(a) a raft not towed by mechanical power shall not consist of more than one hundred and sixty-four logs or three hundred and sixty casks as the case may be, or exceed twenty-seven feet in width ; and

(b) a raft towed by mechanical power shall not exceed thirty-six feet in width and in a raft consisting of logs, the number of logs shall be related to the power of the towing tug or vessel in the proportion laid down in sub-paragraph (b) of paragraph (1) ;

(3) a tug or vessel towing a raft shall possess a valid certificate of survey and the crew or persons in charge of such tug or vessel shall at all times comply with the conditions stipulated in the certificate ;

(4) Crew at the rate of one man for every twenty logs or forty half logs or fractions thereof or for every fifty casks or fraction thereof as the case may be shall be carried on each raft and no raft shall have a crew of less than two men except that in the case of a raft towed by mechanical power, the crew of the towing tug or vessel may be included in the total number of raft crew required by this paragraph ; and

(5) Every raft shall at night exhibit a red light at each end of the raft at a point equidistant from each side of the raft."

Repeal of  
L.N. 161 of  
1962.

3. Navigation of Inland Waters Regulations, 1962, are hereby repealed.

MADE at Lagos this 31st day of January, 1963.

ISA KOTO,  
*Deputy Secretary to  
the Council of Ministers*

EXPLANATORY NOTE

This amendment to the existing regulations is brought in so as to recognise the changed circumstances attending log rafts by the use of powered tugs towing them. The amendment allows an increase in the size of rafts which, because of the tugs, can now be better controlled and the same standards of safety for navigation in the creek areas will be maintained.
