ANNEXURE A

Request for Council Resolution in terms of Section 31 of the Municipality's SPLUMA By-Law, to adopt the categorisation of applications to be considered by the Authorised Officer (AO) and applications to be referred to the Municipal Planning Tribunal

Background

In terms of Section 31(1) of the Municipality's SPLUMA By-law, Council must, subject to subsection 4, by resolution, categorise the type of applications referred to in section 57 of the By-law in terms of the following:

- Applications to be administered and processed by the Land Development Officer and determined (approved or declined) by the Authorised Official; and
- Applications to be referred to the Municipal Planning Tribunal.

In this categorising of applications, Council is required to take cognisance of the aspects referred to in regulation 15(2) of the Regulations, which reads as follows:

15 (2) If a municipality authorises an official to consider and determine certain land development and land use applications as contemplated in section 35(2) of the Act, it must consider the following aspects in its categorisation of land development and land use applications:

(a) type of land development or land use application;

(b) scale and nature of the land development or land use application;

(c) the potential impact of the right granted if the land development or land use application is approved;

(d) the level of public participation required;

(e) whether or not the land development or land use application is in line with the municipality's spatial development framework and other relevant policies;

(f) any other aspect that the municipality considers appropriate; or

(g) any combination of the aspects referred to in paragraph (a) to (f).

It is also important to note that, if the municipality is a member of a joint or district Municipal Planning Tribunal by virtue of an agreement concluded in terms of section 34 of the Act, and the agreement does not contain categorisation as contemplated in section 35(3) of the Act, the Council must, by resolution, categorise applications to be considered by the Authorised Official (AO) and applications to be referred to the Municipal Planning Tribunal.

Categorisation and division of functions between Municipal Planning Tribunal and the Authorised Official (AO):

The categories of land development and land use applications for the Municipality, as contemplated in section 35(3) of the Act, are as follows –

- (1) If a single application consists of a combination of applications from both Category 1 and Category 2 applications, that application is deemed to be a Category 1 application.
