The above application was advertised on 15 November 2002. In response to the Department of Environmental Affairs and Development Planning (DEA & DP) Record of Decision of dated 29 November 2005 and the objections received, the applicant has significantly amended the proposed development of the property. This amended application replaces the previous development framework proposal in its entirety. In order to avoid any confusion and to assist in the administrative management of the application it would be appreciated if objectors could indicate:

- Whether your letter of objection/comment replaces your previous objection/comment.
- Whether your letter of objection/comment is in addition to your previous objection/comment. In which case, both letters of objection/comment will be taken into account in the assessment of the application.

Please note that all previous letters of objection/comment will be taken into account unless the objector specifically indicates (i) above. The re-advertising of the application does not preclude objections/comments being submitted from any person who previously did not object.
