GOVERNMENT GAZETTE

Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

(a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General’s Circular 1 of 1978); and
(b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, “copy” means copy for all matter contained in the Gazette itself and for subsidiary legislation issued as supplements to the Gazette.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader’s marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, et cetera.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

(a) exceed 10 pages of double-spaced typing on size A4 paper; or
(b) contain tabular or other matter which involves complicated setting; it will be classed as “lengthy” copy, and will be required to be submitted not less than 21 days before the date of closing for the Gazette in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days’ notice if—

(a) the work involved is of a straightforward and non-tabular nature; and
(b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

(a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;

(b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, “Insolvency Regulations—Form 3”.

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

(a) the name and address of the advertiser; and
(b) the debtor’s code number, if any; and
(c) the required date or dates of publication.

10. If a typographical error occurs in the Gazette, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

(a) that such error is reported to the editor within three months from the date of publication; and
(b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
(c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

(a) a typographical error is made by a typographer;

(b) a typist’s error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist’s work.

GOVERNMENT GAZETTE

Submission of Copy for Government Gazette Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appears in every issue of the Gazette and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the Gazette in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the Gazette after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a Gazette Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,
Gazette Editor.

(17) An assembler shall not, without the prior approval of the Commissioner, substantially alter the process of assembly approved in terms of subsection (16)(b).

(18) SKD tricycle kits shall not be admitted under suspension unless each consignment of such kits are, upon importation into
Zimbabwe, packed so as to contain the exact quantities to complete the models whose specifications have been furnished to the Commissioner in terms of subsection (16) and which are referred to in the invoice relating to that consignment.

(22) An assembler shall, when effecting entry on importation, or on removal from bond of SKD tricycle kits intended for assembly under this suspension, submit with the relevant bill of entry a declaration signed by him or her to the effect that the said SKD tricycle kits are to be used solely in the assembly of tricycles.

(23) The assembler shall provide on his or her premises secure stores for the safe storage of SKD tricycles kits on which duty has been suspended and shall, at his or her own expense, provide the necessary fastenings so that the stores may be secured with customs locks.

(24) No SKD tricycle kits with duty suspension may be stored elsewhere than in the stores provided for in subsection (23), and no such store shall, without the prior written permission of the Commissioner, be used for any other purpose other than for the storage of SKD tricycles kits.

(25) An assembler shall keep a stock-book in a form approved by the Commissioner, showing full particulars of all
receipts and disposals of SKD tricycle kits entered for the assembly of tricycles in such a manner that the suspended SKD tricycle kits can readily be accounted for to the satisfaction of the Commissioner.

(26) If an assembler fails to keep a stock book in the manner approved in terms of subsection (25), any suspended SKD tricycle kits received by the assembler during the period when the stock-book was not so kept shall be deemed to have been used for a purpose other than that for which the suspension was granted unless the assembler satisfies the Commissioner that the suspended SKD tricycle kits were used for the purpose for which the suspension was granted.

(27) The stock-book and premises of an assembler shall be open for inspection by an officer at any time.

(28) Subject to subsection (29) an assembler shall not, except with the written authority of the Commissioner, and on payment of the duty suspended, dispose of any SKD tricycle kits otherwise than in accordance with these regulations.

(29) The Commissioner may authorise the disposal of suspended SKD tricycle kits on payment of such duty, not exceeding the amount of duty suspended as he or she thinks fit, if, in the opinion of the Commissioner, the SKD tricycle kits cannot be economically used for the purpose for which they were entered under suspension.

(30) An assembler shall, when required by the Commissioner to do so, carry out under the supervision of an officer, at such time as the Commissioner may consider necessary, any assembly operation in which SKD tricycle kits entered under suspension are used.

(31) Duty on suspended SKD tricycle kits which are accidentally destroyed before being used in the assembly of the tricycles may be remitted if the Commissioner is satisfied that every reasonable effort was made and precaution taken to prevent their destruction.
