INFRASTRUCTURE DEVELOPMENT BANK OF
ZIMBABWE (IDBZ)

Request for Expression of Interest for Environmental and
Social Impact Assessment
(Firms Selection)

Subject: Environmental and Social Impact Assessment.

Brief Description: Engagement of a Consulting Firm to undertake Environmental and Social Impact Assessment (ESIA) at Bindura University of Science Education (BUSE).

Proposal Reference number: IDBZ 44 of 2020.

A. Background

Bindura University of Science Education (BUSE) is about 87 km north-east of Harare. Its main campus is located 5km from Bindura CBD. BUSE was established in 2001 with its origins being the Zimbabwe-Cuba Teacher Training

Programme which began in the mid-1980s. The university offers courses mainly in science, but more recently, courses in commerce and ICT. The student enrolment as at January 2019 stood at 5,021 (2 588 female and 2 433 male) of which only 398 were accommodated on campus hostels leaving an excess demand of 4,623 beds.

BUSE in partnership with the Infrastructure Development Bank of Zimbabwe (IDBZ) seeks to address this student accommodation shortage through construction of affordable students' hostels. The proposed Students Accommodation Complex at BUSE ("the Project") entails the construction of a 1,204 capacity four-storey student hostel block inclusive of ancillary services such as water, sewer, electricity and access roads.

A Special Purpose Vehicle (SPV), Multi BUSE Properties (Private) Limited ("Multi BUSE Properties") was set up to implement the project. Under this arrangement, BUSE will provide the land on which the hostels will be built and IDBZ ("the Bank") shall raise the required resources for the delivery of the project through the SPV. Multi BUSE Properties shall ensure the efficient and effective implementation and operation of the accommodation facilities.

The project is listed as a prescribed activity according to the Environmental Management Act [Chapter 20:27] and as such requires that an Environmental and Social Impact Assessment (ESIA) study be conducted to ensure environmental and socio-economic sustainability. This requirement is also in line with IDBZ's Environmental and Social Sustainability Management System (ESSMS).

The IDBZ now invites eligible Zimbabwe Consulting Firms to indicate their interest by way of an Expression of Interest (EOI) in accordance with requirements stated herein in providing the services as specified in this document. Interested Consultants Firms should provide information demonstrating that they have the required experience, competences, skills, and qualifications relevant for performance of the services whether as individual firms, joint ventures or as consortia. The Consultant shall submit Company profiles, Company registration documents, curriculum vitae of key personnel and professional staff, brochures, description of similar assignments previously undertaken, experience under similar environment or conditions. The Consulting Firm must demonstrate that they have fully established business offices. Prospective Consulting Firms may constitute joint ventures where necessary to enhance their capacity to undertake the assignment.

B. Objectives of the Detailed ESIA Study

The main objective of the Consulting Services is to conduct an Environmental and Social Impact Assessment (ESIA) study, which includes a gender impact assessment, for the proposed Students accommodation facility in order to ensure that the project is implemented in an environmentally sustainable manner, gender-sensitive and socially sustainable manner, and in full compliance with both the Zimbabwe legal and regulatory requirements, IDBZ's ESSMS, IDBZ's Gender policy, as well as international best practice. The specific objectives of the study are:

- (i) To establish the physical, biological, socioeconomic & cultural baseline conditions of the Project area.
- (ii) To identify and document beneficial and adverse environmental, socio-economic and gendered impacts of the Project during project planning, construction and operation phases.
- (iii) To analyse the potential impacts in terms of their magnitude, extent, duration and significance.
- (iv) To suggest appropriate and implementable cost-effective mitigation measures for the adverse impacts and enhancement measures for the positive impacts.
- (v) To undertake a comprehensive gender inclusive stakeholder consultation exercise that involves project interested & affected persons as well as communities.

The study should provide findings and conclusions based on robust and transparent evidence, using available data collected by the Project promoter as well as primary data collected by the Consultant using appropriate data collection methods e.g. key informant interviews, surveys or other tools the Consultant deems appropriate.

GOVERNMENT GAZETTE

Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- (a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- (b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, *et cetera*.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

- (a) exceed 10 pages of double-spaced typing on size A4 paper; or
- (b) contain tabular or other matter which involves complicated setting; it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if—

- (a) the work involved is of a straight forward and non-tabular nature; and
- (b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

- (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
- (b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations—Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

- (a) the name and address of the advertiser; and
- (b) the debtor's code number, if any; and
- (c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

- (a) a typographical error is made by a typographer;
- (b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

GOVERNMENT GAZETTE

Submission of Copy for Government *Gazette* Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the “Conditions for Acceptance of Copy”, which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,
Gazette Editor.
